## **Item 1.01. Entry into a Material Definitive Agreement**

**Stock Purchase Agreement.** On February 16, 2007, China Precision Steel, Inc. (the “Company”) entered into a Stock Purchase Agreement (the “Agreement”) with the investors named therein (the “Investors” and each individually as an “Investor”) pursuant to which the Company agreed to issue and sell in a private placement (the “Private Placement”) up to 7,451,665 new shares (the “Securities”) of common stock (“Common Stock”), at a price of \$3.00 per share (the “Purchase Price”). The Private Placement was made to accredited institutional and other investors in the United States and elsewhere in reliance upon available exemptions from the registration requirements of the Securities Act of 1933, as amended (the “Act”), including Section 4(2) thereof and Regulation D and Regulation S promulgated thereunder. The Securities are “restricted securities” under the Act and may not be transferred or sold except pursuant to an effective registration statement or in reliance upon an available exemption from the registration requirements under the Act. On February 21, 2007, the Company received gross proceeds of \$20,805,000 upon the initial closing of the Private Placement. A further closing is expected on or about February 23, 2007 with respect to the receipt of additional proceeds of \$1,549,995. The Company intends to use the proceeds from the Private Placement for expansion of its production capacity, to repay certain of its outstanding debt and for general working capital purposes.

The U.S. placement agent received 100,000 shares of Common Stock as partial compensation for its services to the Company in connection with the Private Placement. In addition, each of the U.S. and International placement agents received an amount in cash equal to 5% of the gross proceeds and warrants (the “Warrants”) to purchase an amount of Securities equal to 4.25% of the total number of shares of Common Stock sold in the Private Placement. The Warrants are immediately exercisable and the holders may purchase Warrant Shares (as defined in the Form of Warrant) at any time until the third anniversary of the date of issue. If the Warrants are exercised in full at the \$3.00 per share exercise price (the “Exercise Price”), the Company would receive aggregate proceeds of approximately \$1,900,176. The Exercise Price and the number of shares of Common Stock issuable pursuant thereto are subject to customary adjustments. The Warrants do not contain any registration rights. The foregoing summary is qualified in its entirety by reference to the Form of Warrant, which is attached hereto as Exhibit 4.1 and incorporated herein by reference.

### *Terms of the Agreement*

The Agreement, among other things, provides for the purchase and sale of the Common Stock on the foregoing terms. In addition, the Purchase Agreement requires the Company to register the resale of the Securities with the United States Securities and Exchange Commission (“SEC”) on an appropriate registration statement (the “Registration Statement”). The Company is required to file the Registration Statement within ninety (90) days after the closing of the Private Placement and to use commercially reasonable efforts to cause the Registration Statement to become effective no later than the one hundred and fifty (150) days after the closing of the Private Placement. In the event that the Registration Statement is not filed or declared effective within the required time periods, the Company will be required to pay to each Investor liquidated damages equivalent to 1% of the aggregate purchase price paid by such Investor pursuant to the Purchase Agreement for the Securities then held by such Investor for each 30-day period until the Registration Statement is filed or declared effective, as the case may be. Such liquidated damages may not exceed 6% of the aggregate purchase price paid by the Investor pursuant to the Purchase Agreement.

In addition to customary terms and conditions, the Agreement contains a “Make-Good” provision pursuant to which Investors may receive, on a pro-rata basis, up to an additional 2,000,000 shares of Common Stock (the “Make Good Shares”) if the Company does not meet certain net income targets in respect of its year-end financial results in each of fiscal 2007 or 2008. The Company’s financial year ends on June 30. The Company has agreed to reserve Common Stock for the issuance of the Make-Good Shares.

Under the Purchase Agreement, the Company’s officers and directors, as well as the U.S. and International placement agents, entered into lock-up agreements with respect to their shareholdings in the Company.

The foregoing summary is qualified in its entirety by reference to the Agreement which is attached hereto as Exhibit 10.1 to this Current Report and incorporated herein by reference. The form of lock-up agreement executed by the Company's directors and officers and the placement agents is attached hereto as Exhibit 10.2 and incorporated herein by reference.

The Debt Reduction Agreement was filed with the Securities and Exchange Commission on the Company's Current Report dated February 13, 2007, under Item 1.01, Entry into a Material Definitive Agreement, and incorporated herein by reference. The Company is now re-filing such Agreement on this Current Report under Item 5.02 inasmuch as such Agreement may also be viewed as a compensatory arrangement with Mr. Li.

On February 20, 2007, the parties entered into an amendment (the "Amendment") to such Agreement which provides, in the absence of shareholder approval, that the conversion of the outstanding debt may not be effected at a price below the closing bid of the Common Stock on The NASDAQ Capital Market on the business day prior to such conversion.
