**Other Events**

On September 14, 2007, Universal Technical Institute, Inc. (“the Company”) issued a press release reporting a reduction in force of approximately 225 employees nationwide, effective September 16, 2007. The nationwide headcount of the Company following these terminations is approximately 2,080 employees. Severance and outplacement charges relating to the reduction in force, as well as the previously reported campus sales management restructuring of approximately \$3.6 million and \$0.8 million, respectively, will be included in the results of the fourth quarter ending September 30, 2007. Approximately 75% is associated with Educational Services and Facilities expense, with the remaining 25% related to Sales, General and Administrative expense. These reductions in force are expected to reduce compensation and related expenses by approximately \$10.7 to \$11.4 million in fiscal year 2008. These cost savings are expected to be substantially offset by investments in marketing, student financing alternatives and the outsourcing of certain student financial aid processing.

A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by this reference.
