IVEDA CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2010 AND 2009
(Amounts expressed in US Dollars)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

These statements should be read in conjunction with our consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2009. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States ("GAAP") have been condensed or omitted. The operating results and cash flows for the nine-month period ended September 30, 2010, are not necessarily indicative of the results that will be achieved for the full fiscal year ending December 31, 2010 or for future periods.

The accompanying condensed consolidated financial statements have been prepared without audit and reflect all adjustments, consisting of normal recurring adjustments, which are, in the opinion of management, necessary for a fair statement of financial position and the results of operations for the interim periods. Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Estimates are used for, but not limited to, the accounting for the allowance for doubtful accounts, impairment costs, depreciation and amortization, sales returns and discounts, warranty costs, uncertain tax positions and the recoverability of deferred tax assets, stock compensation, contingencies and the fair value of assets and liabilities disclosed. Actual results and outcomes may differ from management's estimates and assumptions. The statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") and pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures, normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America, have been condensed or omitted pursuant to such SEC rules and regulations.

The balance sheet at December 31, 2009 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements.

Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company has generated an accumulated deficit from operations of approximately \$6.2 million at September 30, 2010 and has used approximately \$1.6 million in cash from operations through the current nine months ended September 30, 2010. As a result, a risk exists about our ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might result from this uncertainty.

A multi-step plan was adopted by management to enable the company to continue to operate and begin to report operating profits. The highlights of that plan are:

- The Company plans to seek additional equity and/or debt financing.
- Establish distributor networks with existing companies to create a reseller network to increase the scope of the Company's marketing activities with low cost to the Company.
 - Launch public relations and marketing campaigns.
 - The Company may evaluate and consider merger and/or acquisition activities.

Principles of Consolidation

The consolidated financial statements include the financial statements of the Company and its wholly-owned subsidiary. All significant inter-company balances and transactions have been eliminated in consolidation.

Concentrations

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of cash and cash equivalents and trade accounts receivable.

Substantially all cash is deposited in one financial institution. At times, amounts on deposit may be in excess of the FDIC insurance limit.

Accounts receivable are unsecured and the Company is at risk to the extent such amount becomes uncollectible. The Company performs periodic credit evaluations of its customers' financial condition and generally does not require collateral. Revenue from three customers represented approximately 55% (34%, 11%, and 10%) of total revenues for the nine months ended September 30, 2010 and approximately 29% of total accounts receivable at September 30, 2010. No other customers represented greater than 10% of total revenues or receivables in the nine months ended September 30, 2010.

Fair Value of Financial Instruments

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of December 31, 2009. The respective carrying value of certain on-balance-sheet financial instruments, approximate their fair values. These financial instruments include cash, accounts receivable, accounts payable, accrued expenses, convertible notes and amounts due to related parties. Fair values were assumed to approximate carrying values for these financial instruments because they are short term in nature and their carrying amounts approximate fair values or they are receivable or payable on demand.

Reclassification

Certain amounts in 2009 have been reclassified to conform to the 2010 presentation.

NOTE 2

CONVERTIBLE DEBT

The Company issued \$50,000 of unsecured convertible debt in December 2009 that matured February 28, 2010 bearing an annual interest rate of 8%. The note and accrued interest were converted into 67,155 shares of Company common stock ("Common Stock") in January 2010.

NOTE 3

EQUITY

Preferred Stock

The Company has 100,000,000 shares of \$0.00001 par value preferred stock authorized to issue. No shares have been issued and the rights and privileges of this class of stock have not been defined.

Common Stock

In July 2010, the Company paid the last installment payment of \$50,000 to Mr. Quinn and Mr. Liggins, the majority shareholders of Charmed Homes, for the purchase of 2.5 million shares of Common Stock as part of the reverse merger consummated on October 15, 2009. The payment marked the cancellation of 2.5 million shares from the Company's total shares outstanding.

During the nine month period ended September 30, 2010 the Company issued 2,580,155 shares of Common Stock. 2,445,000 shares were related to the private placement memorandum, 67,155 shares were from convertible debentures, 67,000 shares were from the exercise of warrants issued during the period and 1,000 shares were from the exercise of employee stock options.

During the nine month period ended September 30, 2010 the Company issued and had outstanding additional warrants to purchase 250,000 shares of Common Stock at \$1.00 and 255,500 shares of Common Stock at \$1.10. These warrants were issued as a cost of capital.

NOTE 4

STOCK OPTION PLAN

The Company has also granted non-qualified stock options to employees and contractors. All non-qualified options are generally issued with an exercise price that may be less than 100 percent of the fair value of the Common Stock on the date of the grant as determined by the Company's Board of Directors. Options may be exercised up to ten years following the date of the grant, with vesting schedules determined by the Company upon grant. Vesting periods range from 100% fully vested upon grant to a range of four to five years. Vested options may be exercised up to three months following date of termination of the relationship. The fair values of options are determined using the Black-Scholes option-pricing model. The estimated fair value of options is recognized as expense on the straight-line basis over the options' vesting periods.

Stock option transactions during nine months ended September 30, 2010 were as follows:

	Nine months ended September 30, 2010	
	Shares	Weighted - Average Exercise Price
Outstanding at Beginning of Year	1,182,729	\$ 0.37
Granted	686,500	1.12
Exercised	(1,000)	-
Forfeited or Canceled	(7,250)	1.10
Outstanding at End of Period	1,860,979	0.64
Options Exercisable at Period-End	1,583,749	0.53

Weighted-Average Fair Value of Options Granted During the Period	\$	0.39
---	----	------

Information with respect to stock options outstanding and exercisable at September 30, 2010 is as follows:

Range of Exercise Prices	Number Outstanding at September 30, 2010	Options Outstanding		Options Exercisable	
		Weighted - Average Remaining Contractual Life	Weighted - Average Exercise Price	Number Exercisable At September 30, 2010	Weighted - Average Exercise Price
\$0.10 - \$1.30	1,860,979	8 Years	\$ 0.64	1,583,749	\$ 0.53

The fair value of each option granted is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions used for options granted.

	2010
Expected Life	5 yr
Dividend Yield	0%
Expected Volatility	39.33%
Risk-Free Interest Rate	2.50%

Expected volatility was estimated by using the average volatility of three public companies offering services similar to the Company. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the grant date. The expected life of options is based on the average of three public companies offering services similar to the Company.

NOTE 5

RELATED PARTY TRANSACTIONS

In 2009, the Company borrowed \$134,000 from certain shareholders for use in operations. The balance at December 31, 2009 was \$134,000. The advances bore no interest and were repaid in January 2010.

The Company has provided surveillance services since 2005 to entities owned by Ross Farnsworth, either through a family partnership or through his majority-owned LLC, and subsequently Ross Farnsworth became a shareholder of the Company in 2006. Mr. Farnsworth's holdings are less than 5% of the Company, but the revenue for the period ending September 30, 2010 was \$52,406 and no trade accounts receivable balance at September 30, 2010.

On September 15, 2010, the Company, as borrower, issued a Line of Credit Promissory Note (the “Note”) to Gregory Omi, a director of the Company, as lender, in the principal sum of up to Three Hundred Fifty Thousand Dollars (\$350,000). The line of credit will be used for the sole purpose of purchasing equipment, software, and other infrastructure-related items to fulfill commitments to SAT Mexico. The unpaid principal of the line of credit shall bear simple interest at the rate of 1.5% per month or 18% per annum. The principal balance of the Note shall be due and payable no later than six months after each disbursement. The Note will be secured by receivables from SAT Mexico. As of October 31, 2010, the balance of the Note is \$0.

NOTE 6

EARNINGS (LOSS) PER SHARE

The following table provides a reconciliation of the numerators and denominators reflected in the basic and diluted earnings per share computations, as required by SFAS No. 128, “Earnings Per Share” (“EPS”).

Basic EPS is computed by dividing reported earnings available to stockholders by the weighted average shares outstanding. The Company had net losses for the three months and nine months ended September 30, 2010 and 2009 and the effect of including dilutive securities in the earnings per common share would have been anti-dilutive. Accordingly, all options to purchase common shares were excluded from the calculation of diluted earnings per share for the three months and nine months ended September 30, 2010 and 2009.

	3 Months Ending September 30, 2010	3 Months Ending September 30, 2009	9 Months Ending September 30, 2010	9 Months Ending September 30, 2009
Basic EPS				
Net Loss	\$ (539,456)	\$ (306,620)	\$ (1,490,919)	\$ (1,175,878)
Weighted Average Shares	14,071,937	12,254,908	14,269,205	12,186,416
Basic and Diluted Loss Per Share	\$ (0.04)	\$ (0.03)	\$ (0.10)	\$ (0.10)

NOTE 7

SUBSEQUENT EVENTS

On October 25, 2010, the Company entered into an Operating Level Agreement (the “Agreement”) with Digital Ally and Tecnologia y Diagnosticos Del Norte S.A. de C.V. (“TDN”) pursuant to which the Company agreed to provide a streaming video converter to Digital Ally’s in-vehicle surveillance system and video hosting and video archiving services to a Federal Government Agency in Mexico. The Company serves as a sub-contractor to TDN pursuant to a separate agreement signed by TDN and the government agency in Mexico. Gross revenues are \$280,000 for upfront fees and \$142,000 for the streaming video converter, plus monthly fees for remote video hosting, storage, and maintenance for the first phase of the project, and an additional \$100,000 for a second shipment of streaming video converters and monthly fees for the second phase of the project for a total of 164 vehicles. A more detailed description of this Agreement was reported on a Current Report on Form 8-K, filed on October 27, 2010.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following discussion should be read in conjunction with Iveda Corporation's unaudited financial statements and associated notes appearing elsewhere in this Form 10-Q.

Note Regarding Forward-Looking Information

This Quarterly Report on Form 10-Q, including the following "Management's Discussion and Analysis of Financial Condition and Results of Operations," contains forward-looking statements, which involve risks and uncertainties, including statements regarding our capital needs, business strategy, and expectations. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may," "should," "will," "expect," "plan," "intend," "anticipate," "estimate," "predict," "potential," "forecast," "project" or "continue," the negative of such terms or other comparable terminology.

You should not rely on forward-looking statements as predictions of future events or results. Any or all of our forward-looking statements may turn out to be wrong. They can be affected by inaccurate assumptions, risks and uncertainties, and other factors, which could cause actual events or results to be materially different from those expressed or implied in the forward-looking statements. These factors may cause our actual results to differ materially from any forward-looking statement. In addition, new factors emerge from time to time and it is not possible for us to predict all factors that may cause actual results to differ materially from those contained in any forward-looking statements. We disclaim any obligation to publicly update any forward-looking statements to reflect events or circumstances after the date of this report, except as required by applicable law.

Except as otherwise indicated by the context, references in this Quarterly Report on Form 10-Q to "we," "our," "us," and "Iveda" refer to the combined business of Iveda Corporation (the "Company") and its wholly-owned operating subsidiary, IntelaSight, Inc. ("IntelaSight"), d/b/a Iveda Solutions ("Iveda Solutions"). References to Iveda Solutions refer to IntelaSight.

Critical Accounting Policies and Estimates

Management's Discussion and Analysis of Financial Conditions and Results of Operations is based upon our financial statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires the Company's management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions. A description of our critical accounting policies and related judgments and estimates that affect the preparation of our financial statements is set forth in Item 7, "Management's Discussion and Analysis of Financial Conditions and Results of Operations," of our Annual Report on Form 10-K for the year ended December 31, 2009. Such policies are unchanged.

Overview

IntelaSight, Inc. a Washington corporation d/b/a Iveda Solutions, began operations on January 24, 2005, and became a wholly-owned operating subsidiary of Iveda Corporation (formerly known as Charmed Homes, Inc.), a Nevada corporation, on October 15, 2009, through a merger. All Company operations are conducted through Iveda Solutions.

The Company installs video surveillance equipment, primarily for security purposes, and provides video hosting, archiving, and real-time remote surveillance services with a proprietary reporting system, DSR™ (Daily Surveillance Report), to a variety of businesses and organizations. By consolidating computer power into a single location at the server level, Iveda Solutions creates efficiencies due to economies of scale leveraging cloud computing, which offers more features and flexibility compared to traditional box systems. The Company has a SAFETY Act Designation by the Department of Homeland Security as an anti-terrorism technology provider. The Company's principal sources of revenue are derived from our video hosting real-time surveillance and equipment sales and installation.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. Since our inception, we have accumulated net losses in the approximate amount of \$6.2 million. As of September 30, 2010, we had shareholder equity of approximately \$451,000, which significantly limits our ability to absorb continuing operating losses in the future. As a result, our ability to continue as a going concern is uncertain.

Results of Operations

Revenue. We recorded revenue of \$182,416 for the three months ended September 30, 2010, compared to \$156,448 for the three months ended September 30, 2009, an increase of \$25,968 or 17%. In the third fiscal quarter of 2010, our recurring revenue was \$138,061 or 76% of revenue and our equipment sales and installation revenue was \$44,355 or 24% of revenue, compared to recurring service revenue of \$97,981 or 63% of revenue, and equipment sales and installation revenue of \$58,466 or 37% of revenue for the same period in 2009. The increase in revenue was due to an increase in recurring revenue derived from video hosting and real-time surveillance services over the past year.

We recorded revenue of \$488,600 for the nine months ended September 30, 2010, compared to \$489,436 for the nine months ended September 30, 2009, a decrease of \$836 or 0.17%. In the first nine months of 2010, our recurring service revenue was \$348,652 or 71% of revenue and our equipment sales and installation revenue was \$139,948 or 29% of revenue, compared to recurring service revenue of \$279,411 or 57% of revenue, and equipment sales and installation revenue of \$210,025 or 43% of revenue for the same fiscal period in 2009. The change in revenue was due to an increase in recurring revenue derived from video hosting and real-time surveillance services over the past year and a decrease in equipment sales in the first nine months of 2010 compared to the first nine months of 2009.

Cost of Revenue. Total cost of revenue was \$115,817 (63% of revenues; gross margin of 37%) for the three months ended September 30, 2010, compared to \$123,565 (79% of revenues; gross margin of 21%) for the three months ended September 30, 2009, a decrease of \$7,748 or 6%. The increase in gross margin for the third fiscal quarter of 2010 to 37% from 21% in the third fiscal quarter of 2009 was primarily due to the increase in recurring revenue with higher gross margin. In addition, the increase of revenue resulted in better utilization of our infrastructure fixed costs.

Total cost of revenue was \$337,425 (69% of revenues; gross margin of 31%) for the nine months ended September 30, 2010, compared to \$386,554 (79% of revenues; gross margin of 21%) for the nine months ended September 30, 2009, a decrease of \$49,129 or 13%. The increase in gross margin for the nine months ended September 30, 2010, to 31% from 21% for the nine months ended September 30, 2009, was primarily due to the increase in recurring revenue with higher gross margin in the third fiscal quarter of 2010. In addition, the increase of revenue resulted in better utilization of our infrastructure fixed costs.

Operating Expenses. Operating expenses were \$604,597 for the three months ended September 30, 2010, compared to \$335,830 for the three months ended September 30, 2009, an increase of \$268,767 or 80%. The increase in operating expenses was primarily related to an increase in stock compensation expense of approximately \$110,000 over 2009 and increased marketing, travel, and personnel costs incurred to promote our services internationally.

Operating expenses were \$1,630,024 for the nine months ended September 30, 2010, compared to \$1,258,983 for the nine months ended September 30, 2009, an increase of \$371,041 or 29%. The increase in operating expenses was primarily related to an increase in stock compensation expense of approximately \$187,000 over 2009 and increased marketing, travel, and personnel costs incurred to promote our services internationally.

Loss from Operations. Notwithstanding the increases in revenues and related gross profit, there was a greater increase in operating expenses. As a result, the loss from operations increased to \$537,998 for the three months ended September 30, 2010, compared to \$302,947 for the three months ended September 30, 2009, an increase in loss of \$235,051 or 78%.

As a result of the increased operating expenses, loss from operations increased to \$1,478,849 for the nine months ended September 30, 2010, compared to \$1,156,101 for the nine months ended September 30, 2009, an increase in loss of \$322,748 or 28%.

Other Expense-Net. Other expense-net was \$1,458 for the three months ended September 30, 2010, compared to \$3,673 for the three months ended September 30, 2009, a decrease of \$2,215 or 60%. This was due to the capital raise in January and July 2010, which allowed us to reduce our debt and, accordingly, reduce our interest expense and increase our interest income.

Other expense-net was \$12,070 for the nine months ended September 30, 2010, compared to \$19,777 for the nine months ended September 30, 2009, a decrease of \$7,707 or 39%. This was due to the capital raise in January and July 2010, which allowed us to reduce our debt and, accordingly, reduce our interest expense and increase our interest income.

Net Loss. The increase of \$232,836 or 76% in the net loss to \$539,456 for the three months ended September 30, 2010, from \$306,620 for the three months ended September 30, 2009, was primarily due to an increase in operating expenses related to selling and marketing and a non-cash charge of approximately \$122,000 for stock compensation for the three months ended September 30, 2010, compared to \$10,000 for the three months ended September 30, 2009.

The increase of \$315,041 or 27% in the net loss to \$1,490,919 for the nine months ended September 30, 2010 from \$1,175,878 for the nine months ended September 30, 2009, was primarily due to an increase in operating expenses related to selling and marketing as well as non-cash increase in stock compensation of approximately \$217,000 for the nine months ended September 30, 2010 compared to \$30,000 for the nine months ended September 30, 2009.

Liquidity and Capital Resources

We had cash and cash equivalents of \$384,285 on September 30, 2010. The improvement in cash on hand from \$17,672 as of December 31, 2009 resulted from cash raised through stock sales made during January and July 2010.

Net cash used in operating activities during the nine months ended September 30, 2010 and for the nine months ended September 30, 2009 was \$1,566,932 and \$965,535, respectively. Cash used in operating activities for those periods consisted primarily of funding operations and reducing accounts payable and accrued expenses.

Net cash used by investing activities for the nine months ended September 30, 2010, and the nine months ended September 30, 2009 was \$91,583 and \$9,558, respectively, for the purchase of property and equipment. There was \$40,000 of net cash provided by investing activities for the nine months ended September 30, 2009, related to an escrow deposit reduction.

Net cash provided by financing activities for the nine months ended September 30, 2010, was \$2,025,128, related primarily to the sale of common stock. Net cash provided by financing activities for the nine months ended September 30, 2009, was \$601,838, related primarily to the sale of common stock and proceeds from the issuance of convertible notes.

At December 31, 2009, we had approximately \$4.4 million in net operating loss carry forwards available for federal and state income tax purposes. We did not recognize any benefit from these operating loss carry forwards for the year ended 2009 or through the third fiscal quarter of 2010. Our operating loss carry forwards expire starting in 2010 and continuing through 2026.

We have experienced significant operating losses since our inception. We entered into a new lease agreement in 2008 and increased our occupancy costs as we increased our lease commitment from 1,411 square feet to 3,667 square feet. Our capital expenditures and working capital requirements could increase depending on our operating results and other adjustments to our operating plan as may be needed to respond to competition or unexpected events.

We believe that our cash on hand as of September 30, 2010 is insufficient to meet our anticipated cash needs for working capital and capital expenditures for the short term. We continually evaluate our working capital needs, and we are seeking to obtain additional working capital through debt and equity offerings. There can be no assurance that additional funds will be available on acceptable terms. In the event that additional funds are not available on acceptable terms, we may be required to reduce the scope of, or cease, operations.

The economic crisis of 2009 resulted in a downturn of spending and a shortage of credit, which severely curtailed our ability to obtain financing in 2009. As a result, we raised \$1.5 million in equity financing in January 2010.

If we are unable to quickly increase our sales, we will need to raise additional capital during the year and may be required to reduce labor expenses to maintain our existing operations.

On September 15, 2010, the Company, as borrower, issued a Line of Credit Promissory Note (the "Note") to Gregory Omi, a director of the Company, as lender, in the principal sum of up to Three Hundred Fifty Thousand Dollars (\$350,000). The line of credit will be used for the sole purpose of purchasing equipment, software, and other infrastructure-related items to fulfill commitments to SAT Mexico. The unpaid principal of the line of credit shall bear simple interest at the rate of 1.5% per month or 18% per annum. The principal balance of the Note shall be due and payable no later than six months after each disbursement. The Note will be secured by receivables from SAT Mexico. As of October 31, 2010, the balance of the Note is \$0.

Three customers each represented greater than 10% of total revenue for the three months ended September 30, 2010. These customers were: Insurance Auto Auctions (34% of total revenue), Glendale California Police Department (11% of total revenue), and Farnsworth (10% of total revenue). Insurance Auto Auctions and Farnsworth have been customers since 2005 and are no longer under long-term service contracts. As a result, Insurance Auto Auctions and Farnsworth could terminate their service with the Company without penalty. No other customers represented greater than 10% of total revenues in the nine months ended September 30, 2010.

Substantially all cash is deposited in one financial institution. At times, amounts on deposit may be in excess of the FDIC insurance limit.

Recent Developments

On October 25, 2010, the Company entered into an Operating Level Agreement (the "Agreement") with Digital Ally and Tecnologia y Diagnosticos Del Norte S.A. de C.V. ("TDN") pursuant to which the Company agreed to provide a streaming video converter to Digital Ally's in-vehicle surveillance system, and video hosting and video archiving services to a Federal Government Agency in Mexico. The Company serves as a sub-contractor to TDN pursuant to a separate agreement signed by TDN and the government agency in Mexico. Gross revenues are \$280,000 for upfront fees and \$142,000 for the streaming video converter, plus monthly fees for remote video hosting, storage, and maintenance for the first phase of the project, and an additional \$100,000 for a second shipment of streaming video converters and monthly fees for the second phase of the project for a total of 164 vehicles. A more detailed description of this Agreement was reported on a Current Report on Form 8-K, filed on October 27, 2010.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

As a smaller reporting company, the Company is not required to provide Part I, Item 3 disclosures in this Quarterly Report.

ITEM 4. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the design and operation of our disclosure controls and procedures, as such term is defined under Rules 13a-15(e) and 15d-15(e) promulgated under the Exchange Act as of September 30, 2010. Based on that evaluation, our principal executive officer and our principal financial officer concluded that the design and operation of our disclosure controls and procedures were effective in ensuring that information required to be disclosed in our Exchange Act reports is (1) recorded, processed, summarized and reported in a timely manner, and (2) accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

Other than hiring a full-time Chief Financial Officer on July 22, 2010, there have not been any changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(d) and 15d-15(d) under the Exchange Act) during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

The design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote. However, management believes that our system of disclosure controls and procedures is designed to provide a reasonable level of assurance that the objectives of the system will be met.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

None.

ITEM 1A. RISK FACTORS.

As a smaller reporting company, the Company is not required to provide Part II, Item 1A disclosures in this Quarterly Report.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

In addition to issuances of equity securities previously reported in Form 8-K, the Company made the following additional issuances of equity securities during the reporting period:

- On September 14, 2010, the Company issued 50,000 shares of the Company's restricted common stock to Sysan LP for cash consideration of \$50,000. The proceeds of the sale are being used for working capital and general corporate purposes.
- On September 29, 2010, the Company issued 17,000 shares of the Company's common stock to John Boesel III upon the exercise of warrants granted to Mr. Boesel in exchange for placement services.

These issuances were made pursuant to Section 4(2) of the Securities Act of 1933, as amended, Regulation D, and Rule 506 promulgated thereunder.

ITEM 3. DEFAULT ON SENIOR SECURITIES.

None.

ITEM 5.

OTHER INFORMATION.

On September 7, 2010, the Company held its Annual Meeting of Shareholders (the “Annual Meeting”) at the Company’s offices located at 1201 S. Alma School Rd., Suite 4450, Mesa, Arizona 85210, at 1:00 p.m. Mountain Time.

At the Annual Meeting, the shareholders unanimously elected Mr. David Ly, Mr. James D. Staudohar, Mr. Gregory Omi, and Mr. Joseph Farnsworth to serve as directors for terms expiring on the date of the Company’s 2011 Annual Meeting of Shareholders. In addition, the shareholders ratified the appointment of Farber Hass Hurley LLP as the Company’s independent auditors for the fiscal year ending December 31, 2010.

The following tables show the voting results of the Annual Meeting:

Election of Directors:	For	Withhold
Mr. David Ly	7,925,947	0
Mr. James D. Staudohar	7,925,947	0
Mr. Gregory Omi	7,925,947	0
Mr. Joseph Farnsworth	7,925,947	0

Ratification of Farber Hass Hurley LLP as the Company’s independent auditor for the fiscal year ending December 31, 2010:

	For	Against	Abstain	Broker Non-Votes
	7,925,947	0	0	0

On September 15, 2010, the Company, as borrower, issued a Line of Credit Promissory Note (the “Note”) to Gregory Omi, a director of the Company, as lender, in the principal sum of up to Three Hundred Fifty Thousand Dollars (\$350,000). The description of the Note included in Note 5 to the Condensed Consolidated Financial Statements and in the “Liquidity and Capital Resources” section of the Management’s Discussion and Analysis of Financial Condition and Results of Operations of this Quarterly Report on Form 10-Q is incorporated herein by reference.
