Officers, directors and greater than ten percent stockholders are required by Commission regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, none of the officers, directors or stockholders of the Company was delinquent in any necessary filings under Section 16(a).

CORPORATE GOVERNANCE

Director Independence

We do not have any independent directors. Because our common stock is not currently listed on a national securities exchange, we have used the definition of “independence” of The NASDAQ Stock Market to make this determination. NASDAQ Listing Rule 5605(a)(2) provides that an “independent director” is a person other than an officer or employee of the company or any other individual having a relationship which, in the opinion of the company’s Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The NASDAQ listing rules provide that a director cannot be considered independent if:

- the director is, or at any time during the past three years was, an employee of the company;
- the director or a family member of the director accepted any compensation from the company in excess of \$120,000 during any period of 12 consecutive months within the three years preceding the independence determination (subject to certain exclusions, including, among other things, compensation for board or board committee service);
- a family member of the director is, or at any time during the past three years was, an executive officer of the company;
- the director or a family member of the director is a partner in, controlling stockholder of, or an executive officer of an entity to which the company made, or from which the company received, payments in the current or any of the past three fiscal years that exceed 5% of the recipient’s consolidated gross revenue for that year or \$200,000, whichever is greater (subject to certain exclusions);
- the director or a family member of the director is employed as an executive officer of an entity where, at any time during the past three years, any of the executive officers of the company served on the compensation committee of such other entity; or
- the director or a family member of the director is a current partner of the company’s outside auditor, or at any time during the past three years was a partner or employee of the company’s outside auditor, and who worked on the company’s audit.

Mr. Cervantes is not considered to independent because he is an executive officer of the Company.

Board Meetings and Annual Meeting

During fiscal year ended May 31, 2011, our Board of Directors did not meet. We did not hold an annual meeting in 2010.

Board Committees

We do not currently have a separately designated audit, nominating or compensation committee. The functions of the Audit Committee are currently carried out by our Board of Directors. We do not have an audit committee financial expert on our Board of Directors. The Board of Directors has determined that the cost of hiring a financial expert to act as a director and to be a member of the Audit Committee or otherwise perform Audit Committee functions outweighs the benefits of having a financial expert on the Audit Committee.

Board Leadership Structure and Role in Risk Oversight

Our Board of Directors is responsible for overseeing the overall risk management process at the Company. Risk management is considered a strategic activity within the Company and responsibility for managing risk rests with executive management while the Board of Directors participates in the oversight of the process. The oversight responsibility of our Board of Directors is enabled by management reporting processes that are designed to provide visibility to the Board of Directors about the identification, assessment, and management of critical risks. These areas of focus include strategic, operational, financial and reporting, succession and compensation, compliance, and other risks.

Stockholder Communications

Our Board of Directors does not currently provide a process for stockholders to send communications to our Board of Directors because our management believes that until this point it has been premature to develop such processes given the limited liquidity of our Common Stock.

EXECUTIVE COMPENSATION

The following table sets forth the compensation since inception on December 22, 2009 through May 31, 2011, to our sole officer and director. This information includes the dollar value of base salaries, bonus awards and number of stock options granted, and certain other compensation, if any.

Indemnification

Under our Articles of Incorporation and Bylaws, we may indemnify an officer or director who is made a party to any proceeding, including a lawsuit, because of their position, if they acted in good faith and in a manner reasonably believed to be in the Company's best interest. We may advance expenses incurred in defending a proceeding. To the extent that the officer or director is successful on the merits in a proceeding as to which they are to be indemnified, we must indemnify them against all expenses incurred, including attorney's fees. With respect to a derivative action, indemnity may be made only for expenses actually and reasonably incurred in defending the proceeding, and if the officer or director is judged liable, only by a court order. The indemnification is intended to be to the fullest extent permitted by the laws of the State of Nevada.

Regarding indemnification for liabilities arising under the Securities Act of 1933, which may be permitted to directors or officers under Nevada law, we are informed that, in the opinion of the Securities and Exchange Commission, indemnification is against public policy, as expressed in the Securities Act of 1933 and is, therefore, unenforceable.
