Item 1.01. Entry Into a Material Definitive Agreement.

On December 1, 2012, a subsidiary of Equifax Inc. (the “Company”), Equifax Information Services LLC, entered into a definitive asset purchase agreement (the “Purchase Agreement”) with CSC Credit Services, Inc. (“CSC Credit Services”), a subsidiary of Computer Sciences Corporation (“CSC”), to acquire certain credit services business assets and operations of CSC Credit Services for \$1 billion in cash, subject to certain working capital adjustments (the “Transaction”). Completion of the Transaction is subject to the expiration or termination of the applicable Hart-Scott-Rodino waiting period and other customary closing conditions. The closing of the Transaction is not subject to a financing condition. The Transaction is expected to be completed by year-end.

The Company expects to fund the purchase price of the Transaction using debt and available cash. Existing available credit facilities include a \$500 million senior revolving credit facility and a new \$350 million 364-day revolving credit facility which is further described under Item 2.03 of this Current Report on Form 8-K. As of December 3, 2012, \$498.6 million was available for borrowing under the \$500 million senior credit facility and \$350 million was available for borrowing under the 364-day credit facility.

If the Transaction is completed, our existing agreement with CSC and certain of its affiliates (the “Existing Agreement”), under which CSC-owned credit reporting agencies utilize the Company’s computerized credit database services, will be terminated. CSC currently retains ownership of its credit files and the revenues generated by its credit reporting activities. The Company receives a processing fee for maintaining the database and for each report supplied. The Existing Agreement is scheduled to expire on July 31, 2018 and is renewable at the option of CSC for successive ten-year periods. The Existing Agreement provides the Company with an option to purchase CSC’s credit reporting business if there is a change in control of CSC while the Existing Agreement is in effect. Under the Existing Agreement, CSC also has an option (the “Put Option”) to sell its credit reporting business to the Company. The Put Option, scheduled to expire on August 1, 2013, has an exercise price to be determined by a third-party appraisal process and would be due in cash within 180 days after the exercise of the Put Option.

In connection with the Transaction, the Existing Agreement has been amended by an Amendment Extending Time dated December 1, 2012 among CSC, CSC Credit Services, Inc., Equifax Information Services LLC and the Company to provide that the expiration date of the Put Option will be extended to October 1, 2013 if the closing of the Transaction does not occur on or before February 1, 2013 and, as of February 1, 2013, (i) the Purchase Agreement has not therefore been terminated and (ii) the termination date of the Purchase Agreement has been extended to March 31, 2013.

The representations, warranties and covenants contained in the Purchase Agreement have been made only for the purposes of the Purchase Agreement as of specific dates and solely for the benefit of the parties to the Purchase Agreement and may have been qualified by certain confidential disclosures between the parties and are subject to a contractual standard of materiality different from those applicable to investors, among other limitations. The representations and warranties were made for the purposes of allocating contractual risk between the parties to the

Purchase Agreement and should not be relied upon by investors as a disclosure of factual information relating to the Company or to CSC.

The foregoing descriptions of the Purchase Agreement, the Existing Agreement and the Amendment Extending Time are qualified in their entirety by reference to Exhibits 2.1 and 2.2 to this Current Report on Form 8-K, Exhibits 10.18 and 10.21 to the Company's Annual Report on Form 10-K filed March 30, 2000, Exhibit 10.26 to the Company's Annual Report on Form 10-K filed March 31, 1997, Exhibit 10.25 to the Company's Annual Report on Form 10-K filed March 31, 1995, and pages 8 through 16 and Exhibit 4.1 to Amendment No. 1 to the Company's Form S-3 Registration Statement, No. 33-62820, filed June 17, 1993, all of which are incorporated by reference into this Item 1.01.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

On December 1, 2012, the Company entered into a new \$350 million, 364-day revolving credit agreement (the "New Credit Facility") with Bank of America, N.A., as administrative agent and a lender, and JP Morgan Chase Bank, N.A., SunTrust Bank and Wells Fargo Bank N.A., as lenders, that matures on November 28, 2013. The New Credit Facility supplements an existing \$500 million senior revolving credit facility (the "Senior Credit Facility") with Bank of America, N.A. and a group of lenders that matures on February 18, 2015.

Borrowings under both the New Credit Facility and the Senior Credit Facility may be used for general corporate purposes, including working capital, capital expenditures, acquisitions and share repurchase programs.

The New Credit Facility provides that the aggregate commitments of the lenders thereunder will automatically and permanently be reduced on a dollar-for-dollar basis upon either (i) the issuance, borrowing or incurrence of other indebtedness by the Company or its subsidiaries, subject to certain exceptions as provided for therein, or (ii) any increase in the aggregate commitments of the lenders under the Senior Credit Facility above \$500 million. Any such reduction in the aggregate commitments under the New Credit Facility will require a mandatory prepayment of outstanding loans under the New Credit Facility to the extent that the aggregate principal amount of such loans exceeds the aggregate commitments of the lenders after giving effect to any such commitment reduction. Availability of the Senior Credit Facility for borrowings is reduced by the outstanding face amount of any letters of credit issued under the facility and, pursuant to the Company's existing Board of Directors authorization, by the outstanding principal amount of any borrowings under the Company's commercial paper program.

Under both the New Credit Facility and the Senior Credit Facility, the Company must comply with various financial and non-financial covenants. The financial covenants require the Company to maintain a maximum leverage ratio, defined as consolidated funded debt divided by consolidated EBITDA (as set forth in the Senior Credit Facility) for the preceding four quarters, of not more than 3.5 to 1.0. Compliance with this financial covenant is tested quarterly. The non-financial covenants include limitations on liens, cross defaults, subsidiary debt, mergers, liquidations, asset dispositions and acquisitions. Borrowings under both facilities, which have not been guaranteed by any of the Company's subsidiaries, are unsecured and will rank on parity in right of payment with all of the Company's other unsecured and unsubordinated indebtedness from time to time outstanding.

Interest will be payable on borrowings under the New Credit Facility at the base rate or London Interbank Offered Rate, or LIBOR, plus a specified margin. The Company is also required under the New Credit Facility to pay on a quarterly basis a commitment fee, which is calculated based upon the amount of daily usage of the New Credit Facility over the available aggregate lender commitments thereunder during the applicable quarterly period. Both the applicable interest rate and the commitment fee are subject to adjustment based on the Company's debt ratings.

The foregoing description of the New Credit Facility and the Senior Credit Facility are qualified by reference to Exhibit 10.1 to this Current Report on Form 8-K and Exhibit 4.6 to the Company's Annual Report on Form 10-K filed February 23, 2012, each of which is incorporated by reference into this Item 2.03.

Item 7.01 Regulation FD Disclosure.

A copy of the press release is furnished as Exhibit 99.1 hereto and is incorporated by reference into this Item 7.01.
