PROXY STATEMENT

In this proxy statement, First Financial Corporation is referred to as “we,” “us,” “our,” “the corporation” or “First Financial.”

QUESTIONS AND ANSWERS ABOUT THE MEETING

Q: Why did I receive this Proxy Statement?

You received this proxy statement because our board of directors is soliciting your proxy to vote at the annual meeting of shareholders. The annual meeting will be held on Wednesday, April 17, 2013, at 11:00 a.m., local time, at One First Financial Plaza, Terre Haute, Indiana.

This Proxy Statement describes the matters on which we would like you to vote and provides information so that you can make an informed decision; however, you do not need to attend the annual meeting to vote your shares. See “How do I vote my shares before the Annual Meeting?” We expect to begin sending this proxy statement, the attached notice of annual meeting and the proxy card(s) on March 18, 2013, to all shareholders entitled to vote.

Q: What am I voting on?

You are being asked to consider and vote on the following:

The election of W. Curtis Brighton, William R. Kriebel, and Ronald K. Rich to the Board of Directors for a three year term;

The ratification of the appointment of Crowe Horwath LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013; and

- The approval of the compensation of our named executive officers (in a non-binding, advisory resolution).

Q: Who is entitled to vote?

Holders of outstanding common stock as of the close of business on March 4, 2013, the record date, are entitled to vote at the annual meeting. As of March 4, 2013, 13,307,498 shares of common stock were issued and outstanding.

Q: What are the Board's recommendations?

The Board of Directors recommends that you vote your shares as follows:

FOR the election of W. Curtis Brighton, William R. Kriebel, and Ronald K. Rich to the Board of Directors for a three year term;

FOR the ratification of the appointment of Crowe Horwath LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013; and

- **FOR** the approval on an advisory basis of the compensation of our named executive officers.

The shares represented by a properly executed and returned proxy card will be voted according to the instructions that you provide. If no instructions are provided on a signed proxy card, the persons named as proxies on your proxy card will vote in accordance with the above recommendations of the Board of Directors.

Q: What if other matters come up during the meeting?

If any matters other than those referred to in the Notice of Annual Meeting of Shareholders properly come before the meeting, the individuals named in the accompanying proxy card will vote the proxies held by them as recommended by the Board of Directors or, if no recommendation is given, in accordance with their best judgment. We are not aware of any business other than the items referred to in the Notice of Annual Meeting of Shareholders that may be considered at the meeting.

If for any reason any of the director nominees becomes unable or is unwilling to serve at the time of the meeting (an event which the Board of Directors does not anticipate), the persons named as proxies in the accompanying proxy card will have discretionary authority to vote for a substitute nominee named by the Governance and Nominating Committee if the Board of Directors decides to fill that nominee's position.

Q: Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting. Admission to the meeting will be on a first-come, first-admitted basis.

Q: What constitutes a quorum?

A majority of the outstanding shares of common stock, represented in person or by proxy, constitutes a quorum for the annual meeting. As of the record date, 13,307,498 shares of common stock were outstanding. Proxies received but marked as abstentions and "broker non-votes" (as described below) will be included in the calculation of the number of shares considered to be present at the meeting for purposes of establishing a quorum.

Q: How do I vote?

If you hold your shares in your own name, you may submit a proxy by telephone or by mail.

Submitting a Proxy by Telephone: You can submit a proxy for your shares by telephone until 11:59 p.m. Eastern Daylight Time on April 16, 2013 by calling the toll-free telephone number on the enclosed proxy card, (800) 690-6903. Telephone proxy submission is available 24 hours a day. Easy-to-follow voice prompts allow you to submit a proxy for your shares and confirm that your instructions have been properly recorded. Our telephone proxy submission procedures are designed to authenticate shareholders by using individual control numbers.

Submitting a Proxy by Mail: If you choose to submit a proxy by mail, simply mark the appropriate proxy card, date and sign it, and return it in the postage paid envelope provided or to the address shown on the proxy card.

By casting your vote in any of the ways listed above, you are authorizing the individuals listed on the proxy to vote your shares in accordance with your instructions. You may also attend the Annual Meeting and vote in person.

If your shares are held in the name of a bank, broker or other nominee, you will receive instructions from the holder of record that you must follow for your shares to be voted. The availability of telephonic or Internet voting will depend on the bank's or broker's voting process. Please check with your bank or broker and follow the voting procedures your bank or broker provides to vote your shares. Also, please note that if the holder of record of your shares is a broker, bank or other nominee and you wish to vote in person at the Annual Meeting, you must request a legal proxy from your bank, broker or other nominee that holds your shares and present that proxy and proof of identification at the Annual Meeting.

If you are a participant in the First Financial Corporation Employee Stock Ownership Plan (the “ESOP”), you will receive a voting instruction card to use to provide voting instructions to First Financial Bank, N.A. (the trustee of the ESOP), for the shares allocated to your account under the ESOP. Your voting instruction to the trustee should be completed, dated, signed and returned in the envelope provided by **April 8, 2013. *Please do not return your voting instructions to the Corporation. Your voting instructions will be kept confidential by the ESOP trustee and will not be disclosed to any of our directors, officers or employees.*** In order to maintain confidentiality, your voting instruction will be received by Broadridge Financial Solutions, Inc., who will tabulate the voting instruction results and provide them to the ESOP trustee on an aggregate basis. Unless the terms of the ESOP or the fiduciary duties of the ESOP trustee require otherwise, the ESOP trustee will vote your ESOP shares in accordance with your instructions. If you do not return your voting instruction card in a timely manner or if you return the voting instruction card unsigned or without indicating how you desire to vote the shares allocated to your ESOP account, the Compensation and Employee Benefits Committee will direct the ESOP trustee to vote the shares allocated to your account in the same proportion and in the same manner as the shares with respect to which timely and proper instructions by participants were received. The Compensation and Employee Benefits Committee consists of Anton H. George, Ronald K. Rich, and William J. Voges. The Compensation and Employee Benefits Committee is appointed by the Board of Directors and may be changed by the Board at any time.

Q: If I am the beneficial owner of shares held in "street name" by my broker, will my broker automatically vote my shares for me?

Stock exchange rules applicable to brokers grant your broker discretionary authority to vote your shares without receiving your instructions on certain matters. Your broker has discretionary voting authority under these rules to vote your shares on the ratification of Crowe Horwath LLP as our independent registered public accounting firm. However, unless you provide voting instructions to your broker, your broker does not have discretionary authority to vote on the election of directors or approval of the compensation of our executive officers. Therefore, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares.

Q: What is an “abstention” or a broker “non-vote” and how do they affect the vote?

An “abstention” occurs when a shareholder sends in a proxy with explicit instructions to decline to vote regarding a particular matter. Abstentions are counted as present for purposes of determining a quorum. An abstention with respect to the election of directors is neither a vote cast “for” a nominee or a vote cast “against” the nominee and, therefore, will have no effect on the outcome of the vote. Abstentions with respect to the ratification of Crowe Horwath LLP as our independent registered public accounting firm or approval of the compensation of or executive officers will also have no effect on the outcome of the vote.

A broker “non-vote” occurs when a broker or other nominee who holds shares for the beneficial owner is unable to vote those shares for the beneficial owner because the broker or other nominee does not have discretionary voting power

for the proposal and has not received voting instructions from the beneficial owner of the shares. Brokers will have discretionary voting power to vote shares for which no voting instructions have been provided by the beneficial owner only with respect to the ratification of Crowe Horwath LLP as our independent registered public accounting firm. Brokers will not have such discretionary voting power to vote shares with respect to the election of directors or approval of the compensation of our executive officers. Shares that are the subject of a broker non-vote are included for quorum purposes, but a broker non-vote with respect to a proposal will not be counted as a vote represented at the meeting and entitled to vote and, consequently, as a general matter, will have no effect on the outcome of the vote.

Q: Can I change my vote after I return my proxy card?

Yes. You may revoke your proxy or change your voting instructions at any time prior to the vote at the annual meeting by:

· providing written notice to the Secretary of the Corporation;

· delivering a valid, later-dated proxy; or

· attending the annual meeting and voting in person.

Please note that your attendance at the annual meeting in person will not cause your previously granted proxy to be revoked unless you specifically so request.

Q: What vote is required to approve each proposal?

Directors will be elected by a plurality of the votes cast at the meeting. Consequently, the director nominees receiving the most votes of the holders of our common stock will be elected as directors. Only votes cast FOR a nominee will be counted. A properly executed proxy marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether a quorum is present.

The proposals for the ratification of the appointment of Crowe Horwath LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013, and approval of the compensation of our named executive officers will be approved if the votes cast for the proposal exceed those cast against the proposal. Abstentions will not be counted as votes cast either for or against these proposals.

Q: Who pays to prepare, mail, and solicit the proxies?

The Corporation pays all costs of preparing, mailing and soliciting proxies. The Corporation asks brokers, banks, voting trustees and other nominees and fiduciaries to forward proxy materials to the beneficial owners and to obtain

authority to execute proxies. The Corporation will reimburse the brokers, banks, voting trustees and other nominees and fiduciaries upon request. In addition, proxies may be solicited by mail, in person or by telephone by certain of the Corporation's officers, directors and employees who will not be separately compensated for such activity.

Q: Whom should I call with other questions?

If you have additional questions about this Proxy Statement or the annual meeting or would like additional copies of this document or our 2012 Annual Report on Form 10-K, please contact: Rodger A. McHargue, Secretary, First Financial Corporation, One First Financial Plaza, P.O. Box 540, Terre Haute, Indiana 47808, (812) 238-6000.

Recommendation of the Board of Directors

Our board of directors unanimously recommends that you vote "FOR" W. Curtis Brighton, William R. Kriebel, and Ronald K. Rich, the persons nominated by the Governance and Nominating Committee to be elected as directors.

The Governance and Nominating Committee believes that well functioning boards consist of a diverse collection of individuals that bring a variety of complementary skills. Although the board of directors does not have a formal policy with regard to the consideration of diversity in identifying directors, diversity is one of the factors that the Governance and Nominating Committee may, pursuant to its charter, take into account in identifying director candidates. The Governance and Nominating Committee generally considers each director eligible for nomination in the broad context of the overall composition of our board of directors with a view toward constituting a board that, as a body, possesses the demonstrated senior leadership and management experience to oversee our business. The Committee has historically sought directors that bring broad and varied skills and knowledge from retail and wholesale businesses, legal, financial and government. The experience, qualifications, attributes, or skills that led the Governance and Nominating Committee to conclude that each of the members of the board of directors nominated by the Governance and Nominating Committee should serve on the board are generally described below:

W. Curtis Brighton

Mr. Brighton's history as a private practice attorney provides the Board with an enhanced legal and regulatory perspective.

B. Guille Cox, Jr.

Having served on the Board of the Corporation since 1987, Mr. Cox provides a historical perspective of both the Corporation and the industry for our Board. His legal practice provides the Board with counsel on legal issues as well as issues in our markets.

Thomas Dinkel

As a business owner and an entrepreneur, Mr. Dinkel provides an understanding of small business which makes up much of our lending base. His vast experience as a contractor also provides us with key insight in our expansion efforts.

Anton H. George

Mr. George's experience on various boards of directors provides valuable advice on governance issues. As an established Midwest entrepreneur, Mr. George has significant knowledge of the markets in which we operate.

Gregory L. Gibson

As a businessman and entrepreneur, Mr. Gibson has a variety of business interests. This provides the Board with invaluable knowledge into these segments of our clients and the markets. As a developer, Mr. Gibson provides counsel for market expansion. His service on Boards also provides valuable political and governance perspectives.

William R. Krieble

Mr. Krieble's long service to the State of Indiana provides the Board with valuable political and governmental perspectives.

Norman L. Lowery

As Chief Executive Officer, Mr. Lowery is intimately familiar with First Financial Corporation, its customers and its employees and provides the Board with valuable leadership, particularly through his keen insight into the industry and the markets we serve. His legal background also provides a critical element with respect to governance and regulatory issues affecting the Corporation and the Bank. Mr. Lowery also provides valuable counsel to the Board with respect to our strategic initiatives.

Ronald K. Rich

Mr. Rich's long service in the financial and insurance industries brings specific knowledge of matters affecting the Corporation's insurance subsidiary and its insurance matters. Mr. Rich also possesses valuable insight regarding our

markets and our various client bases.

Virginia L. Smith

Ms. Smith's service as president of a local retail company provides the Board with valuable insight regarding our market area. Also, as a female business leader, she provides important perspectives on women-owned businesses.

William J. Voges

Mr. Voges' past service on the boards of financial institutions provides additional perspectives of the issues facing our Board. His legal background, coupled with his past experience, provides tremendous value on legal, governance and regulatory matters. Mr. Voges also complements the Board with his keen strategic insight.

ADDITIONAL information about the Board of directors

Meetings and Attendance

During the year ended December 31, 2012, the Board of Directors of the Corporation met 19 times. Each director attended more than 75% of the aggregate of (i) all meetings of the Board held while he or she was a director and (ii) all meetings of committees on which he or she served during the period that he or she served on the committee. Although the Corporation has no formal policy on director attendance at annual meetings of shareholders, they are encouraged to attend such meetings. All directors attended the 2012 Annual Meeting of Shareholders.

Committees

The Board of Directors has established a number of committees which facilitate the administration and oversight of the Corporation. Among these committees are the Governance and Nominating, Audit and Compensation and Employee Benefits Committees.

Governance and Nominating Committee. Members consist of B. Guille Cox, Jr., Ronald K. Rich (Chairman) and William J. Voges. The Board of Directors has determined that Messrs. Cox, Rich and Voges are independent under the rules of the NASDAQ Global Select Market. The Governance and Nominating Committee met three times during 2012.

The primary objectives of the Governance and Nominating Committee are to assist the Board of Directors by developing and recommending corporate governance policies and guidelines for the Corporation and by identifying and nominating persons for election to the Board of Directors and appointment to the committees of the Board. A copy of the Governance and Nominating Committee Charter is available on the Corporation's web site at www.first-online.com on the "Investor Relations" page under the link "Governance Documents."

The Governance and Nominating Committee identifies director nominees through a combination of referrals, including referrals from management, existing Board members and shareholders. Other than the director qualifications and independence standards established in our Corporate Governance Guidelines, the Governance and Nominating Committee currently does not maintain any formal criteria for selecting directors and may take into consideration such factors and criteria as it deems appropriate. However, in reviewing qualifications for prospective nominees to the Board, the Governance and Nominating Committee generally will take into consideration, among other matters, a candidate's experiences, skills, expertise, diversity, personal and professional integrity, character, business judgment, time available to serve, dedication, conflicts of interest and ability to oversee the Corporation's business and affairs. The Governance and Nominating Committee does not evaluate nominees proposed by shareholders any differently than other nominees to the Board.

Audit Committee. Members consist of Anton H. George (Chairman), Thomas T. Dinkel and Ronald K. Rich. The Board of Directors has determined that Messrs. George, Dinkel and Rich are independent under SEC Rule 10A-3 and the rules of the NASDAQ Global Select Market. The Audit Committee met 4 times during 2012.

The primary objectives of the Audit Committee are to assist the Board of Directors in its oversight of the following matters:

· The integrity of our financial statements.

· The qualifications and independence of our independent registered public accounting firm.

· The performance of our internal audit function and independent registered public accountants.

· Our compliance with certain applicable legal and regulatory requirements.

· Our system of disclosure controls and system of internal controls regarding finance, accounting and legal compliance.

In addition, among other responsibilities, the Audit Committee reviews the Corporation's accounting functions, the adequacy and effectiveness of the internal controls and internal auditing methods and procedures. A copy of the Audit Committee charter is available on the Corporation's website at www.first-online.com on the "Investor Relations" page under the link "Governance Documents."

The Board of Directors has determined that each member of the Audit Committee is financially sophisticated under the applicable NASDAQ rules. The Board of Directors selected the members of the Audit Committee based on the Board's determination that they are fully qualified to monitor the performance of management, the public disclosures by the Corporation of its financial condition and performance, our internal accounting operations and our independent registered public accountants. In addition, the Audit Committee has the ability on its own to retain independent accountants or other advisors whenever it deems appropriate.

The Board of Directors has determined that the Corporation currently does not have a director who qualifies as a “financial expert” under federal securities laws. To be considered a “financial expert,” an individual’s past experience generally must include experience in the preparation or audit of comparable public company financial statements, or the supervision of someone in the preparation or audit of comparable public company financial statements. While it might be possible to recruit a person who meets these qualifications of a “financial expert,” the Board has determined that in order to fulfill all the functions of our Board and our Audit Committee, each member of our Board and our Audit Committee, including any “financial expert,” should ideally understand community banking and understand the markets in which the Corporation operates, and that it is not in the best interests of our Corporation to nominate as a director someone who does not have all the experience, attributes and qualifications we seek.

Compensation and Employee Benefits Committee. Members consist of Anton H. George (Chairman), Ronald K. Rich and William J. Voges. The Board of Directors has determined that Messrs. George, Rich and Voges are independent under the rules of the NASDAQ Global Select Market. The Compensation and Employee Benefits Committee met 3 times in 2012.

The primary objective of the Compensation and Employee Benefits Committee is to approve the compensation of our named executive officers and senior management. In addition, among other responsibilities, the Compensation and Employee Benefits Committee administers the compensation plans of the Corporation. A copy of the charter of the Compensation and Employee Benefits Committee is available on the Corporation’s website at www.first-online.com on the “Investor Relations” page under the link “Governance Documents.”

Compensation of Directors

The goal of our director compensation package is to attract and retain qualified candidates to serve on the Board of Directors. In setting compensation, the Board considers compensation levels of directors of other financial institutions of similar size. Each director of the Corporation is also a director of First Financial Bank, N.A. (the “Bank”), the lead subsidiary bank of the Corporation. The non-employee directors receive director fees from both the Corporation and the Bank. During 2012, nonemployee directors received a \$40,000.00 retainer from the Corporation and a \$5,000.00 retainer from the Bank. During 2012, each non-employee director of the Corporation and the Bank received a fee of \$750 for each board meeting attended for the Corporation and the Bank, respectively.

Non-employee directors also receive a fee for each meeting attended of the Audit Committee of \$1,000, the Compensation and Employee Benefits Committee of \$1,000, the Governance and Nominating Committee of \$500 and the Loan Committee of the Bank of \$300. No non-employee director served as a director of any other subsidiary of the Corporation.

The table below summarizes the compensation paid by the Corporation to each non-employee director for the fiscal year ended December 31, 2012.

Members of the Board of Directors have the ability to defer a portion of their director fees under the First Financial (1) Corporation 2005 Directors' Deferred Compensation Plan. For a more detailed discussion of this plan, see the narrative immediately following these footnotes.

First Financial Corporation Directors' Deferred Compensation Plan. Directors of the Corporation and the Bank may participate in the First Financial Corporation 2005 Directors' Deferred Compensation Plan. Under this plan, a director may defer up to \$6,000 of his or her director's fees each year over a five-year period provided that the director timely submits a deferral election to the Corporation. The amount of deferred fees is used to purchase an insurance product, of which the Corporation is the beneficiary, that funds benefit payments. An amount equal to the face amount of the policy will be paid to the director in addition to an amount equal to the tax savings the Corporation will receive by obtaining the proceeds from the policy on a tax-free basis. Payment will be made to the director in 120 monthly installments beginning on the first day of the month after the earlier of the director's 65th birthday or death. Each year from the initial date of deferral until payments begin, the Corporation accrues a non-cash expense which will equal, in the aggregate, the amount of the payments to be made to the director over the ten-year period. If a director fails for any reason, other than death, to serve as a director during the entire five-year period, or the director fails to attend at least 12 regular or special meetings of the Board each year, the amount of benefits paid will be prorated appropriately. For 2012, the allocated cost of the deferred directors' fees was \$141,680.76.

Director Stock Ownership Guidelines

The Board of Directors believes that directors more effectively represent the Corporation's shareholders, whose interests they are charged with protecting, if they are shareholders themselves. Therefore, the Board has adopted director stock ownership guidelines applicable to all directors. All directors are required to own a number of shares of the Corporation's common stock equal in value to three times their annual Corporation retainer for services as a director. Directors are expected to comply with the guidelines as soon as practicable and in no event later than five years after the date of their initial election or appointment as a director of the Corporation. In the case of individuals who were directors when the guidelines became effective, compliance is required within five years of the effective date. Additionally, directors may not dispose of shares of Corporation stock until they have satisfied the guidelines.

Anti-Hedging Policy

The directors, officers, and employees are prohibited from engaging in hedging or monetization transactions with respect to the securities of the Corporation.

Compensation Committee Interlocks and Insider Participation

During 2012 and as of the date of this Proxy Statement, none of the members of the Compensation and Employee Benefits Committee was or is an officer or employee of the Corporation, and no executive officer of the Corporation served or serves on the compensation committee (or any other committee or board of directors performing a similar function) of any company that employed or employs any member of the Corporation's Compensation and Employee Benefits Committee or Board of Directors.

Certain Relationships and Related Transactions

Certain family relationships exist among the directors and executive officers of the Corporation. Donald E. Smith (the Chairman of the Board and President of the Corporation) is the father of Virginia L. Smith (a director of the Corporation), and is the father-in-law of Norman L. Lowery (the Vice Chairman and Chief Executive Officer of the Corporation and the President and Chief Executive Officer of First Financial Bank) and the grandfather of Norman D. Lowery (the Chief Operating Officer of First Financial Bank N.A.). Norman D. Lowery is also the son of Norman L. Lowery. There are no arrangements or understandings between any of the directors and executive officers pursuant to which any of them have been selected for their respective positions.

The Audit Committee is responsible for approving any transactions between the Corporation or its subsidiaries and any related party, including loans or extensions of credit and any sale of assets or other financial transactions. Directors and executive officers of the Corporation and their associates were customers of, and have had transactions with, the Corporation and its subsidiaries in the ordinary course of business during 2012. Comparable transactions may be expected to take place in the future. During 2012, various directors and executive officers of the Corporation and their respective associates were indebted to the subsidiary banks from time to time. These loans were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for similar transactions with other persons not related to the Corporation and did not involve more than the normal risk of collectability or present other unfavorable features. Loans made to directors and executive officers are in compliance with federal banking regulations and thereby are exempt from the insider loan prohibitions included in the Sarbanes-Oxley Act of 2002.

Related party transactions are evaluated on a case-by-case basis in accordance with the applicable provisions of the Articles of Incorporation and the Code of Business Conduct and Ethics of the Corporation.

The provisions of the Articles of Incorporation apply to contracts or transactions between the Corporation and (i) any director; or (ii) any corporation, unincorporated association, business trust, estate, partnership, trust, joint venture, individual or other legal entity in which any director has a material financial interest. The provisions of the Code of

Business Conduct and Ethics apply to the directors, officers and employees of the Corporation.

The Articles of Incorporation provide that contracts or transactions between the Corporation and any of the persons described above are valid for all purposes, if the material facts of the contract or transactions and the director's interest were disclosed or known to the Board of Directors, a committee of the Board of Directors with authority to act thereon, or the shareholders entitled to vote thereon, and the Board of Directors, such committee or such shareholders authorized, approved or ratified the contract or transaction.

The Code of Business Conduct and Ethics provides that directors, officers and employees of the Corporation must make business decisions for the Corporation free of conflicting influences. Such persons are expected to avoid situations that may lead to real or apparent material conflicts between such person's self interest and their duties or responsibilities as a director, officer or employee of the Corporation.

The Senior Compliance Officer is responsible for annually reaffirming compliance with the Code of Business Conduct and Ethics by the directors, officers and employees of the Corporation.

During 2012, Platolene 500, Inc., an indirect subsidiary of Deep Vein Coal Company, Inc., received payments for providing fuel and services to First Financial Bank N.A. in the amount of approximately \$196,005.06. Donald E. Smith (the Chairman of the Board and President of the Corporation) is a Director and Chairman of Platolene 500. Virginia L. Smith (the daughter of Mr. Smith and a director of the Corporation), and Sarah J. Lowery, the daughter of Mr. Smith and wife of Norman L. Lowery (the Vice Chairman and Chief Executive Officer of the Corporation), each own a 27% equity interest in Deep Vein Coal Company, Inc. and serve as President and Chief Operating Officer and Vice President, respectively, of Platolene 500, Inc.

CORPORATE GOVERNANCE

General

The Corporation aspires to the highest ethical standards for its employees, officers and directors and remains committed to the interests of its shareholders. The Corporation believes it can achieve these objectives with a plan for corporate governance that clearly defines responsibilities, sets high standards of conduct and promotes compliance with the law. The Board of Directors has adopted policies and procedures designed to foster the appropriate level of corporate governance. Certain of these procedures are discussed below.

Consideration of Director Candidates

The Board of Directors seeks directors who represent a variety of backgrounds and experiences which will enhance the quality of the Board's deliberations and decisions. When searching for new candidates, the Governance and Nominating Committee considers the evolving needs of the Board and searches for candidates who will fill any current or anticipated gaps. The Governance and Nominating Committee generally considers, among other matters, a candidate's experiences, skills, expertise, diversity, personal and professional integrity, character, business judgment, time available to serve, dedication, conflicts of interest and ability to oversee the Corporation's business and affairs. The Governance and Nominating Committee does not have a formal diversity policy; however, both the Board and the Governance and Nominating Committee believe it essential that Board members represent diverse experiences and viewpoints. The Governance and Nominating Committee considers the entirety of each candidate's credentials. With respect to directors who are nominated for re-election, the Governance and Nominating Committee also considers such director's previous contributions to the Board.

Board Leadership Structure and Lead Independent Director

Our Board of Directors regularly reviews and assesses the effectiveness of our leadership structure and will implement any changes as it deems appropriate. In February 2013, the Board of Directors established the size of the Board at 10, effective as of the 2013 annual meeting of shareholders.

Our Chairman of the Board also serves as our President, and our Chief Executive Officer is also a director. The Board has separated the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the strategic direction for the Corporation and the day-to-day leadership and performance of the Corporation, while the Chairman provides guidance to the Chief Executive Officer and sets the agenda for Board meetings and presides over meetings of the full Board.

Eight of our Directors are considered independent under the requirements of the NASDAQ Global Select Market. The Board of Directors has appointed the Chairman of our Governance and Nominating Committee, Ronald K. Rich, to serve as our lead independent director to preside at all meetings of the independent directors. As lead independent director, Mr. Rich acts as a liaison between the Board and the Chief Executive Officer. He also develops the agendas for the executive sessions. The independent directors met four times during 2012.

We believe that the separate responsibilities of, and coordination between, our Chairman, Chief Executive Officer and our lead independent director enhances our Board of Directors' oversight of communications with our shareholders and is an effective leadership structure for our circumstances. Our Board of Directors also believes that the separately defined roles of the Chairman, Chief Executive Officer and lead independent director provide for effective corporate governance and enable the Chief Executive Officer to focus his time and energy on operating and managing the Corporation while leveraging the experiences and perspectives of the Chairman and Lead Independent Director.

We recognize that no single leadership model is right for all companies and at all times. Our Board recognizes that, depending on the circumstances, other leadership models might be appropriate at some point and our Board of Directors periodically reviews its leadership structure in this regard.

Risk Oversight

Our Board of Directors has an active role, as a whole and also at the committee level, in overseeing management of the Corporation's risks. The Board regularly reviews information regarding the Corporation's financial results, operations and liquidity, as well as the risks associated with each. The Audit Committee oversees management of the Corporation's financial risks, including the oversight of our internal audit function and potential conflicts of interest. The Compensation and Employee Benefits Committee is responsible for overseeing the management of risks relating to the Corporation's executive compensation plans and arrangements. The Governance and Nominating Committee manages risks associated with the independence of the Board of Directors. The Enterprise Risk Management Committee advises and assists the Board in its oversight and management of enterprise risk. The Enterprise Risk Management Committee is comprised of Board members W. Curtis Brighton, William R. Kriebel and Ronald K. Rich, the Chief Executive Officer, the Chief Operating Officer, the Chief Financial Officer, the Chief Credit Officer, Chief Risk Officer, the heads of Legal, Operations, Human Resources, Loan Review, Auditing, Information Technology and representatives from The Morris Plan Company of Terre Haute and Forrest Sherer Insurance. The Enterprise Risk Management Committee is responsible for, among other matters, coordinating risk management issues with other Board and management level committees as well as establishing and maintaining effective policies, procedures and practices for identifying, measuring and mitigating enterprise risk. The Enterprise Risk Management Committee receives regular reports from management and meets no less than quarterly to discuss matters relating to the management of the various components of enterprise risk, including credit, interest rate, liquidity, compliance, technology, transaction, reputation and strategic risks. While each committee is responsible for evaluating certain risks and overseeing the management of these risks, the entire Board of Directors is regularly informed about such risks through committee reports.

Director Independence

The Board of Directors has determined that a majority of the members of the Board, including Messrs. Cox, Kriebel, Rich, George, Dinkel, Voges, Brighton and Gibson, are independent, as independence is defined under revised listing standards of the NASDAQ Global Select Market applicable to the Corporation.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines containing general principles regarding the functions of the Board of Directors and its committees. The Governance and Nominating Committee periodically reviews the Corporate Governance Guidelines and will recommend changes to the Board as it deems appropriate. A copy of the Corporate Governance Guidelines is available on the Corporation's web site at www.first-online.com on the "Investor Relations" page under the link "Governance Documents".

Code of Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics (the "Code of Ethics") that applies to all of the Corporation's directors, officers and employees, including its principal executive officer, principal financial officer, principal accounting officer and controller. The Corporation intends to disclose any amendments to the Code of Ethics by posting such amendments on its website. In addition, any waivers of the Code of Ethics for directors or executive officers of the Corporation will be disclosed in a report on Form 8-K filed with the Securities and Exchange Commission. A copy of the Code of Ethics is available on the Corporation's web site at www.first-online.com on the "investor Relations" page under the link "Governance Documents".

REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter adopted by the Board of Directors, the Audit Committee of the Board assisted the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Corporation. All of the members of the Audit Committee are independent, as defined in the Corporation’s listing requirements. During 2012, the Audit Committee met 4 times, and the Audit Committee chair, as representative of the Audit Committee, discussed the interim financial information contained in each quarterly earnings announcement with management and the independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Corporation that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee also discussed with management, the internal auditors and the independent auditors the quality and adequacy of the Corporation's internal controls and the internal audit function's organization, responsibilities, budget and staffing. The Audit Committee reviewed both with the independent and internal auditors their audit plans, audit scope and identification of audit risks.

The Audit Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees," and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements. The Audit Committee also discussed the results of the internal audit examinations.

The Audit Committee reviewed and discussed the audited financial statements of the Corporation as of and for the year ended December 31, 2012, with management and the independent auditors. Management has the responsibility for the preparation of the Corporation's financial statements and the independent auditors have the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the Audit Committee recommended to the Board that the Corporation's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2012, for filing with the Securities and Exchange Commission.

First Financial Bank N.A.'s 2012 net income was \$29.9 million.

The Bank's Return on Assets and Return on Equity were 1.07% and 8.88% respectively.

The Corporation's three-year average earnings per share growth rate was 14.41%.

Under the 2011 Short-Term Incentive Plan, Named Executive Officers achieved a performance level just below target.

Under the 2011 Omnibus Equity Incentive Plan, Named Executive Officers achieved a performance level of maximum.

Executive Compensation Philosophy

The Committee's executive compensation policies are designed to attract and retain highly qualified persons as named executive officers, to provide competitive levels of compensation to the named executive officers and to reward the named executive officers for achieving individual performance and for achieving performance of the Corporation as a whole. Additionally, the policies seek to provide a vehicle for the Committee to evaluate and measure the performance of the Corporation and the executives in accordance with the results of those evaluations. The individual goals established in the strategic plan and budget for the Corporation and the Bank are also utilized in setting compensation levels of the named executive officers. The Committee seeks to compensate the named executive officers through a blend of both short and long-term compensation.

The Compensation Committee's Process for Setting Compensation

The Compensation and Employee Benefits Committee (the “Committee”) is responsible for evaluating and establishing compensation levels and compensation programs for our named executive officers. The Committee has established a range of plans and programs which are intended to encourage current year performance and create long-term shareholder value, without exposing the Corporation to excessive amounts of risk associated with the financial services industry. The Committee considers material “operational” risks of the Corporation, including: credit risk, interest rate risk, liquidity risk, reputation risk, compliance risk, transaction risk and the added potential for loss that could result from any of the compensation plans or programs provided to all employees. The Committee also charges the Corporation’s General Auditor with performing a risk assessment of the incentive compensation program. Upon review of these risks and the report of the General Auditor, the Committee determines on an annual basis that the Corporation’s compensation arrangements and policies do not encourage excessive risk-taking.

The compensation programs for our named executive officers are reviewed on an annual basis to ensure that total compensation levels and benefits are competitive. With respect to the named executive officers other than the Chairman of the Board and the Chief Executive Officer, the Committee reviews and compares individual performance with respect to individual goals, department goals and Corporation goals. Because the Chairman of the Board and Chief Executive Officer have greater responsibility for the overall operations of the Corporation, the Committee reviews and compares the following with respect to their compensation:

- the performance of the Corporation and the Bank compared to previous years and to the budget;
- past compensation levels for these officers;
- competitive compensation levels; and
- total shareholder return.

The Committee considers information from a variety of sources, including its compensation consultant, regarding the appropriate mix and levels of the major components of compensation discussed below. The major components of our compensation programs are comprised of the following elements, which are described in more detail below:

base salary;
short-term cash incentive awards;
performance-based equity awards; and
employment and post-employment benefits.

Our Chief Executive Officer, Norman L. Lowery, is invited to attend Committee meetings at which compensation actions involving our executive officers other than the Chairman and the CEO are discussed. Mr. Lowery assists the Committee by making recommendations for compensation of our named executive officers other than himself and the Chairman. Mr. Lowery excuses himself and does not participate in any meetings of the Committee at which either his or the Chairman's compensation is discussed. Our other executive officers do not participate in any meetings of the Committee or in establishing the compensation of executive officers.

The Committee has authority to retain its own advisors, including compensation consultants. In April 2010, the Committee retained Grant Thornton LLP as its independent compensation consultant to assist the Committee. Grant Thornton did not perform any services for management and interacted with members of management only under the Committee's oversight and with the knowledge and permission of the Committee chair. Grant Thornton's duties included the review and design of a short-term incentive plan, the design of a long-term incentive plan for key executive officers, a review of director compensation and the confirmation of the competitiveness of total compensation for certain executive officers based on a market study of 31 financial institutions with asset ranges between \$2 billion and \$4.5 billion. In connection with Grant Thornton's recommendations, the Board adopted the 2011 Short Term Incentive Compensation Plan and the 2011 Omnibus Equity Incentive Plan which was approved by our shareholders at our 2011 annual meeting and is described below under the heading "2011 Omnibus Equity Incentive Plan."

In 2012 the Committee again retained Grant Thornton to consult with the Committee regarding current compensation practices. Grant Thornton provided a banking industry update, a regulatory update on compensation and corporate governance topics and other topics related to First Financial Corporation and its compensation plans.

In connection with its retention of Grant Thornton, the Committee determined that no conflict of interest exists that would impair the ability of Grant Thornton to serve as a compensation consultant for the Committee.

Components of Executive Compensation

The Committee uses several tools to compensate and motivate executive officers to achieve the Corporation's goals.

Base Salary. Base salary is a fixed component of total cash compensation and is intended to reward executive officers for their past performance and to facilitate the attraction and retention of a skilled and experienced management team. The Committee considers several factors in establishing base salaries:

Salary Pool. The Committee establishes, and the Board of Directors approves, a total "pool" for salaries for each fiscal year, typically expressed as a percentage increase over the prior year's total aggregate base salaries. Individual base salary increases for all employees, including the named executive officers, are awarded as allocations from the salary pool. In establishing the amount of the pool, the Committee and the Board of Directors considers general economic conditions (such as inflation and recessionary factors), the performance of the Corporation and the Bank and other sources of information such as third-party compensation surveys, including the Crowe Horwath Financial Institutions Compensation Survey (consisting of a survey for Indiana, Illinois, and the Midwest), the Delves Group Bank Cash Compensation Survey, the Compensation Data Surveys for Banking and Finance, the American Bankers Association Compensation and Benefits Survey, and surveys provided by AON-Hewitt, The Hay Group, The Conference Board, Mercer and Towers Watson.

Consultant Input. In 2012, the Committee retained Grant Thornton to confirm that total compensation for select positions was competitive. As discussed above, Grant Thornton provided the Committee with market trend information, data and recommendations regarding the alignment of pay and performance. Grant Thornton also recommended that the base pay element of total compensation be used as the platform for the determination of total compensation.

Third Party Data Sources. The Committee does not use any third-party data sources, including information provided by Grant Thornton, for benchmarking the size of the salary pool, the size of base salaries or any other element of compensation for the named executive officers. Rather, such sources are reviewed and considered by the Committee in order to stay abreast of current compensation practices, levels and structures and thereby better inform its compensation decisions. The Committee considers all sources of information together and utilizes its members' experience and judgment in determining the amount of the pool for base salary increases.

Rewarding Performance Rather than Longevity. With respect to individual executive officers, annual increases to base salaries are awarded based on the idea that an increase should reward performance and not longevity. Executive officers whose performance may justify an increase could receive a greater allocation from the pool as a base salary increase than do executive officers who have not performed as well during the prior year. Executive officers who have exceeded job expectations may, in the discretion of the Committee, be awarded a base salary increase which is greater than the amount which would be otherwise dictated by the size of the pool. Conversely, executive officers who did not meet job expectations may, in the discretion of the Committee, receive little or no percentage increase in base salary.

Analysis of Individual Performance. More specifically, base salary for a named executive officer is determined after the officer's performance is reviewed by the Committee. This review includes an analysis of the performance of the Corporation and the Bank and an analysis of the individual's performance during the past fiscal year, with a focus on the officer's goal attainment; supervisory skills; dependability; initiative; overall skill level; and overall value to the Corporation. The Committee has not attempted to rank or otherwise assign relative weights to the factors that it considers. The Committee considers all of the factors as a whole and collectively makes its decision with respect to base salaries in light of the factors that each of the members considers important.

Determinations for the Chairman and the CEO. With respect to the determination of the base salary increase for the Chairman of the Board and President and for the Chief Executive Officer, the Committee reviews and considers the factors and third-party data sources discussed above. In determining the base salary increase for the Chief Executive Officer, the Committee also considers the terms of Mr. Lowery's employment agreement, which requires a minimum annual base salary of \$620,297. Under the terms of the employment agreement, prior to a Change in Control (as discussed below in "Potential Payment Upon Termination or Change in Control of the Corporation"), the Committee only may decrease the base salary awarded to Mr. Lowery if the operating results of the Bank are significantly less favorable than those for the fiscal year ending December 31, 2010 and the Bank makes similar decreases in the base salary it pays to other executive officers of the Bank. Additional information concerning Mr. Lowery's employment agreement is provided below under "Employment Agreement with Norman L. Lowery."

The Committee has not established a policy or a specific formula for determining the amount or relative percentage of total compensation which should be derived by the named executive officers from their base salary. Rather, the Committee considers all of the information available to it and utilizes its members' experience and judgment in determining the amount of the base salaries of the named executive officers.

Incentive Compensation. The Corporation's cash incentive programs are intended to align employees' goals with the Corporation's revenue and earnings growth objectives. The programs consist of the following:

2011 Short-Term Incentive Compensation Plan. The Corporation sponsors the First Financial Corporation 2011 Short-Term Incentive Compensation Plan (the "2011 STIP"). Awards under the 2011 STIP are based upon the specific "award amount" for each individual specified. Under the 2011 STIP, threshold performance incentives must be met in order for an award to be earned. Payouts for each of the named executive officers equal 80% of the respective target award for performance at threshold, 100% of the respective target award for performance at target, and 125% or 120% for tiers 1 and 2 respectively, of the respective target award for maximum performance. The Committee spends a significant amount of time analyzing financial measures and determining the level of performance required to receive threshold, target and maximum annual incentive payouts. The Committee established the performance incentives in amounts which it believes to be achievable given a sustained effort on the part of the named executive officers and which require increasingly greater effort to achieve the target and superior objectives. The annual incentive opportunities for each of the named executive officers are based upon weighted performance measures which are determined by the Committee based upon its assessment of what is important to the Corporation's and the Bank's overall performance and within the scope of control of the respective named executive officers. The award calculation interpolates the interval between target and threshold or target and maximum. The aggregate result is used to determine the amount earned for each. Payment of any earned awards under the 2011 STIP will be made within 75 days after the end of the calendar year provided the employee is still employed on that date.

2011 Omnibus Equity Incentive Plan. We believe that equity-based compensation is a means of creating a long-term link between the compensation provided to executive officers and other key management personnel with gains realized by the shareholders. We believe it is essential to our future to have this flexibility in order to attract, retain and motivate our executive officers and other key employees who make significant contributions to our success and allow them to share in that success. At the 2011 annual meeting the Corporation's shareholders approved the First Financial Corporation 2011 Equity Incentive Plan (the "2011 EIP") which provides for awards of incentive and nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units and long-term cash incentives.

Employment and Post-Employment Benefits. The Committee believes that retirement and other post-employment benefits can be a powerful motivational tool for executives. The programs of this type used by the Committee include the following:

401(k) Savings Plan. The First Financial Corporation Employees' 401(k) Savings Plan (the "Savings Plan") is a qualified salary reduction plan within the meaning of Code Section 401(k) available to substantially all of the employees of the Corporation and its subsidiaries. Under the Savings Plan all eligible employees may elect to have a portion of their compensation deferred and contributed to their individual accounts under the Savings Plan. Participants direct the investment of their Savings Plan account.

ESOP and Pension Plan. The Corporation sponsors the First Financial Corporation Employee Stock Ownership Plan (the "ESOP") and the First Financial Corporation Employees' Pension Plan (the "Pension Plan") for the benefit of substantially all of the employees of the Corporation and its subsidiaries. These plans together constitute a "floor offset" retirement program, so that the Pension Plan provides each participant with a minimum benefit which is offset

by the benefit provided by the ESOP. Under the terms of the ESOP, the Corporation and subsidiaries and affiliates who participate in the ESOP may contribute Corporation stock or cash which will be primarily invested in Corporation stock. The amount of contributions, when they are made, is determined by the Board of Directors of the Corporation. Under the terms of the Pension Plan, the monthly guaranteed minimum benefit under the Pension Plan is reduced by the monthly benefit derived from the vested portion of the participant's ESOP account balance, calculated by the actuary for the Pension Plan as a single life annuity. Unless the participant elects an alternate form of benefit under the Pension Plan, the normal retirement benefit, if any, payable under the Pension Plan, will begin at the later of the participant's retirement or age 65 and be paid monthly for as long as the participant lives. The Pension Plan allows for an early retirement benefit equal to a participant's accrued benefit, determined before the reduction for the monthly ESOP benefit, reduced by 1/180 for each full month for the first five years and 1/360 for each full month for the next five years that the commencement of benefit payments precedes the participant's normal retirement date. Mr. Clary is eligible for early retirement under the Pension Plan.

First Financial Corporation 2001 and 2005 Long-Term Incentive Plans. The Corporation sponsors the First Financial Corporation 2001 Long-Term Incentive Plan (the “2001 Plan”), effective January 1, 2001, and the First Financial Corporation 2005 Long-Term Incentive Plan (the “2005 Plan”), effective January 1, 2005, which are unfunded, nonqualified plans of deferred compensation for directors and certain executive officers. The 2001 Plan was frozen effective December 31, 2004 to exempt all amounts under the 2001 Plan from the application of Section 409A of the Internal Revenue Code of 1986, as amended (the “Code”). The Board adopted the 2005 Plan as a replacement plan, effective January 1, 2005. The terms of the 2005 Plan comply with the requirements of Code Section 409A and related guidance. The 2005 Plan terminated on December 31, 2009 according to the stated term. Payments under the 2001 and 2005 Plans generally do not begin until the earlier of January 1, 2015, or the January 1 immediately following the year in which the participant reaches age 65. Payment may also be made upon death, disability, change in control or termination for other than cause. Mr. Smith began receiving payment of his benefits in January 2010 and Mr. Lowery began receiving payments of his benefits in January 2012. Payments are in cash only and are generally made in 180 equal consecutive monthly installments.

Executive Supplemental Retirement Plan. The First Financial Corporation Executive Supplemental Retirement Plan (the “ESRP”) provides supplemental retirement benefits for a select group of management or highly compensated employees to help recompense the employees for benefits reduced due to the imposition of Code limitations on benefits under the Pension Plan. Amounts payable under the ESRP are offset by amounts payable under the First Financial Executives’ Deferred Compensation Plan. The ESRP was frozen effective December 31, 2004 to exempt all amounts under the ESRP from Code Section 409A. The Board adopted the First Financial Corporation 2005 Executive Supplemental Retirement Plan (the “2005 ESRP”) as a replacement plan, effective January 1, 2005, to comply with Code Section 409A. Amounts payable under the ESRP will be offset by amounts payable under the First Financial Corporation Executives’ Deferred Compensation Plan (the “EDC Plan”) and amounts payable under the 2005 ESRP will be offset by amounts payable under the First Financial Corporation 2005 Executives’ Deferred Compensation Plan (the “2005 EDC Plan”).

Executives’ Deferred Compensation Plan. The EDC Plan permits a select group of management or highly compensated employees to elect to defer compensation from the employers without regard to the limitations imposed by the Code on the amount of compensation which may be deferred. The EDC Plan also provides for a supplemental ESOP benefit which is equal to the amount of the benefit a participant would have been allocated under the ESOP if not for the limitations imposed by the Code on the ESOP. Amounts payable under the supplemental ESOP portion of the EDC Plan will offset amounts payable under the ESRP. The EDC Plan was frozen effective December 31, 2004 to exempt all amounts accrued under the EDC from Code Section 409A. The Board adopted the 2005 EDC Plan as a replacement plan, effective January 1, 2005, to comply with Code Section 409A. Amounts payable under the 2005 EDC Plan will offset amounts payable under the 2005 ESRP.

Perquisites. The Corporation provides very limited perquisites to executive officers; however, it does sponsor a life insurance program for the named executive officers of the Bank other than Messrs. Smith and Clary. Under the life insurance program, the Bank purchased a whole life insurance policy on behalf of, and pays the premiums on behalf of, each executive officer of the Bank. The policy is owned by the individual and is intended to be fully paid at age 65 for those who were 55 or older, and at age 60 for those who were less than 55 years of age at the time the individual joined the Bank.

Executive Compensation for 2012

In 2012, the Committee reviewed individual and company performance as well as expected trends in executive compensation in the banking industry. That review included the following:

Corporate Performance. In 2012 the Corporation delivered solid financial performance with net income of \$32.8 million, the second highest in the history of the Corporation. This increase was in part driven by a 9.78% increase in net interest income to \$108.9 million. The return on assets for 2012 was 1.13%. During 2012 the Corporation integrated its largest acquisition to date completing the purchase and assumption of Freestar Bank N.A. Also during 2012 the Corporation opened four new de novo branches in southern Indiana expanding into three new markets. The Corporation ended the year with \$2.9 billion in assets.

Grant Thornton. As discussed above, in 2012, the Committee retained Grant Thornton to confirm that total compensation for select positions was competitive. As discussed previously, Grant Thornton provided the Committee with market trend information, data and recommendations regarding the alignment of pay and performance. Grant Thornton also recommended that the base pay element of total compensation be used as the platform for the determination of total compensation. After reviewing the third-party data sources and information from Grant Thornton, the Committee established a pool for 2012 of 2.9% over the prior year's total aggregate base salaries.

Based on its review, the Committee determined the following:

Base Salaries Consistent with Pool. For 2012, the Committee did not exercise its discretion to award a named executive officer either (1) a base salary increase of greater than the pool for exceeding performance expectations or (2) no salary increase for failing to meet minimum performance expectations.

2011 Short-Term Incentive Compensation Plan. Awards under the 2011 STIP are based upon the specific "award amount" for each individual specified. Threshold performance incentives must be met in order for an award to be earned. There are four tiers of participants, with a different award amount specified for each tier. The first tier for 2012 consisted of Mr. Smith and Mr. Norman L. Lowery; the second tier consisted of Messrs. McHargue, Clary and Norman D. Lowery; the third and fourth tier consisted of other senior officers. The award amounts were established after discussions with, and receipt of advice from, the Corporation's consultant, Grant Thornton.

The annual incentive opportunities for each of the named executive officers are based upon weighted performance measures which are determined by the Committee. For awards made in 2012 which are payable in 2013 and awards made 2013 which are payable in 2014 to the extent they are earned, the performance measures were/are weighted as follows:

	Net Income		Return on Assets		Return on Equity		Contribution to Income		Total Loan Growth		Asset Quality		Net Charge-offs		Loan Spread	
Donald E. Smith	33.33	%	33.33	%	33.34	%	—		—		—		—		—

Norman D. Lowery	33.33	%	33.33	%	33.34	%	—		—		—		—		—	

These 2012 performance measures are compared to goal and weighted accordingly. The goals for each of these executive officers are shown in the following table. Donald E. Smith's goals are based on the performance of First Financial Corporation. Messrs N.L. Lowery, McHargue, N.D. Lowery, and Clary's goals are based on the performance of First Financial Bank.

2011 Omnibus Equity Incentive Plan (“2011 EIP”). Threshold performance measures must be met before the Committee considers making an award under the 2011 EIP. Potential award amounts for each of the named executive officers equal 80% of the respective target award for performance at threshold, 100% of the respective target award for performance at target, and 150% or 125% for tiers 1 and 2 respectively, of the respective target award for maximum performance. Messrs. Smith and Norman L. Lowery are tier 1 participants; whereas Messrs. McHargue, Clary and Norman D. Lowery are tier 2 participants. The Committee spends a significant amount of time analyzing financial measures and determining the level of performance required to receive threshold, target and maximum annual incentive payouts. The Committee established the performance measures in amounts which it believes to be achievable given a sustained effort on the part of the named executive officers and which require increasingly greater effort to achieve the target and maximum objectives.

For awards made for 2012 performance period, the performance measures were weighted as follows for each of the named executive officers, based on the Committee’s assessment of what is important to the Corporation’s and the Bank’s overall performance and within the scope of control of the respective executive officers:

<u>3 Year Average Return on Assets</u>	<u>3 Year Average Return on Equity</u>	<u>3 Year Average EPS Growth Rate</u>
---	---	--

In February 2013, the Committee determined to make awards of restricted stock based on the Corporation's performance against the 2012 performance measures discussed above. Because these awards of restricted stock were granted in 2013, they are not reflected in the 2012 Summary Compensation or Grants of Plan Based Awards Tables but will be included in the tables in 2013.

The Committee met in February 2013 and determined the above performance measures in aggregate had been met at the maximum level of performance for Messrs. McHargue, N. D. Lowery, and Clary, and at the target level for Messrs. Smith and N. L. Lowery. As a result, restricted stock awards were granted to the following executive officers on February 5, 2013 subject to becoming vested in one-third increments over a three-year period commencing on December 31, 2013, December 31, 2014 and December 31, 2015, respectively. The Committee determined the number of restricted shares subject to an award by dividing the dollar amount of the award calculated based on the achievement of the foregoing performance goals and dividing that amount by the mean between the highest and lowest quoted selling prices of the Corporation's common stock as of the day the award is granted. Below is a table which identifies the calculation of the award of restricted stock to named executive officers. The 2011 EIP does not permit issuance of fractional shares, so, pursuant to the terms of the 2011 EIP, the number of restricted shares awarded was rounded down to the nearest whole number.

Name	<u>Dollar Amount of Award</u>	<u>Stock Price on February 5, 2013</u>	<u>Number of Shares of Restricted Stock Awarded</u>
Donald E. Smith	\$151,188.83	\$ 30.55	4,948
Norman L. Lowery	\$459,532.09	\$ 30.55	15,041
Rodger A. McHargue	\$94,913.00	\$ 30.55	3,106
Thomas S. Clary	\$93,745.00	\$ 30.55	3,068
Norman D. Lowery	\$92,815.50	\$ 30.55	3,038

Share Ownership and Retention Guidelines and Prohibition on Hedging

Share ownership and retention guidelines help to foster a focus on long-term growth. The Board of Directors has adopted stock ownership guidelines applicable to our named executive officers. Our named executive officers are required to own a number of shares of the Corporation's common stock equal in value to \$500,000 for Messrs. Smith and Norman L. Lowery, and \$150,000 for all other named executive officers. Except for purposes of exercising statutory diversification rights under the ESOP, covered employees may not dispose of shares until they have satisfied the guidelines. Covered employees are expected to comply with the guidelines as soon as practicable and in no event

later than five years after the date they become a covered employee. In the case of individuals who were covered employees when the guidelines became effective, compliance is required within five years of the effective date. Messrs. Donald E. Smith, Norman L. Lowery, and Norman D. Lowery currently meet these requirements.

The named executive officers are prohibited from engaging in hedging or monetization transactions with respect to the securities of the Corporation.

Tax Deductibility Cap on Executive Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to each of a company's chief executive officer and certain other highly compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. It is the Committee's objective to maximize deductibility under Section 162(m) to the extent consistent with the Committee's assessment of the interests of the Company and its shareholders.

Executive Compensation Recovery Policy

We can recover or "claw back" all or a portion of an incentive compensation payment which was based on erroneous data due to our material noncompliance with any financial reporting requirement under securities laws which resulted in an accounting restatement. The claw back will apply to incentive compensation described above which was paid within three years preceding the date of the accounting restatement. In that instance, the participant is required to repay the excess amount which would not have been paid to the participant but for the accounting restatement.

Results of Say-on-Pay Vote at 2012 Annual Meeting

At the Corporation's 2012 annual meeting of shareholders, the Corporation held a nonbinding advisory vote on our named executive officer compensation (commonly referred to as "Say-on-Pay"). At the meeting, approximately 81% of the represented shares voted to approve the Corporation's executive compensation programs, approximately 5% voted against, less than 1% abstained from voting and approximately 14% constituted broker non-votes.

The Compensation and Employee Benefits Committee has considered the results of the vote and feedback received from shareholders as part of its review of the Corporation's overall executive compensation program, including the appropriateness of the compensation philosophy and objectives, the role of the Committee and executive officers in setting compensation, the elements used to achieve the compensation philosophy and objectives and the levels of compensation provided to the named executive officers. Based upon an analysis of these factors, the Committee determined the Corporation's executive compensation philosophy and the application of this philosophy is appropriate.

Compensation Committee Report

The Compensation and Employee Benefits Committee of the Corporation has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Committee (i) is satisfied that the Compensation Discussion and Analysis represents the philosophy, intent and actions of the Committee with regard to executive compensation, and (ii) recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement on Schedule 14A.

The amounts in this column represent the aggregate grant date fair values of the restricted stock awarded in 2012, for 2011 performance, determined pursuant to FASB Topic 718. These amounts do not reflect whether the (1) recipient will realize a financial benefit from the awards (such as becoming vested over the three-year graded vesting period). The grant date fair values have been determined based on the assumptions and methodologies set forth in the Corporation's 2012 Form 10-K (note 16).

The amounts in this column reflect amounts earned under the 2011 STIP on December 31, 2012 which will be paid within 75 days of the end of the performance period provided the employee is employed on the date the award is (2) paid. The 2011 STIP is discussed in detail in the "Compensation Discussion and Analysis" section of this Proxy Statement.

The amounts in this column reflect the actuarial increase in the present value of the named executive officers' benefits under the Pension Plan determined using interest rate and mortality rate assumptions consistent with those (3) used in the Corporation's financial statements and includes amounts which the named executive officer may not be entitled to receive because such amounts are not vested. Because the ESOP and the Pension Plan constitute a "floor offset" retirement program, this column represents amounts that are required to be paid under the Pension Plan because they are not offset by the named executive officer's ESOP benefit.

Allocations to the named executive officer's respective account in the ESOP for 2012, which are properly included in this column, were not calculable as of the date of this Proxy Statement. Such amounts for 2011 were as follows: (4) \$13,203 for Mr. Smith; \$13,203 for Mr. Norman L. Lowery; \$12,877 for Mr. McHargue; \$13,203 for Mr. Clary; and \$13,197 for Mr. Norman D. Lowery.

Includes \$4,800 for service as a director of Portfolio Management Specialist A (a subsidiary of the Bank), Portfolio (5) Management Specialist B (an indirect subsidiary of the Bank) and Global Portfolio Limited Partnership (an indirect subsidiary of the Bank).

(6) Includes \$200 for service as a manager of First Financial Real Estate LLP (a real estate investment trust of the bank).

Includes (i) the premiums paid by the Corporation pursuant to a life insurance program for named executive officers, (ii) amounts contributed by the Corporation under the 2005 EDC, which were \$73,127 for Norman L. (7) Lowery, \$3,515 for Mr. McHargue, \$2,051 for Mr. Clary, and \$3,876 for Norman D. Lowery, and (iii) dividends on restricted stock.

The following table sets forth the plan-based grants during the fiscal year ended December 31, 2012, consisting of awards made under the 2011 STIP and 2011 EIP, which is discussed in more detail in the "Compensation Discussion and Analysis" section of this Proxy Statement.

(1) The amounts in this column represent the fiscal year 2012 awards under the 2011 STIP. To receive a payout under the 2011 STIP, a participant must remain employed with the Corporation through the date payment is made, which is within 75 days of the end of the performance period (except in the case of death, disability, retirement, termination without cause or a termination for good reason, which terms are defined in the 2011 STIP).

(2) The awards in this column represent performance-based restricted stock awards made in 2013 based on performance during 2012. For the fiscal year 2012, the shares vest in three substantially equal installments on December 31 of 2013, 2014 and 2015. Vesting is contingent upon the executive officers remaining employed during the required service period. Award recipients are entitled to dividends on the restricted shares during the vesting period.

(3) The fair market value of the performance-based restricted stock awards reported in this column is the grant date value of the awards as determined under FASB Topic 718.

The table below shows the present value of accumulated benefits payable to each of the named executive officers, including the number of years of service credited to each such named executive officer, under the Pension Plan, the ESRP and the 2005 ESRP. The benefits were determined using interest rate and mortality rate assumptions consistent with those used in the Corporation's financial statements and are not payable as a lump sum; they are generally paid as a monthly annuity for the life of the retiree.

The calculation of present value of accumulated benefit assumes a discount rate of 4.05% and mortality based on (1) the 2012 IRS Current Liability Tables. Benefits are not payable as a lump sum; they are generally paid as a monthly annuity for the life of the retiree.

(2) Mr. Smith is not entitled to a benefit from the Pension Plan because the value of his ESOP benefit exceeds the value of his Pension Plan benefit pursuant to the floor offset arrangement.

(3) These amounts represent the amount that Messrs. Norman L. Lowery, McHargue, Clary and Norman D. Lowery's Pension Plan benefit exceeds their ESOP benefit pursuant to the floor offset arrangement.

(4) This amount represents the amount Mr. Norman L. Lowery's Executive Supplemental Retirement benefit exceeds his Executive Deferred Compensation benefit.

Because Mr. Clary was over 55 years of age and had more than five years of service as of December 31, 2012, he (5) would have qualified for early retirement benefits equal to approximately 73%, of his full retirement benefit if he had retired at December 31, 2012.

The benefits provided under the Pension Plan are offset by the benefits provided under the ESOP. The offset works in the following manner. If a participant's ESOP benefit exceeds the benefit he has accrued under the Pension Plan, the participant will receive his ESOP benefit in lieu of the Pension Plan benefit. For example, a participant's ESOP benefit is \$120,000 and his Pension Plan benefit is \$100,000. The \$120,000 benefit will be paid from the ESOP and \$0 will be paid from the Pension Plan. However, if a participant's Pension Plan benefit exceeds his ESOP benefit, then the participant will receive his ESOP benefit along with the amount the Pension Plan benefit exceeded the ESOP benefit paid from the Pension Plan. For example, a participant's ESOP benefit is \$100,000 and his Pension benefit is \$120,000. The \$100,000 benefit will be paid from the ESOP and \$20,000 will be paid from the Pension Plan.

The benefits provided under the ESRP and 2005 ESRP are offset by the benefits provided under the EDC and the 2005 EDC respectively. The offset works in the following manner. The offset between the ESRP and the EDC works in the same manner as the ESOP/Pension Plan offset. If a participant's EDC benefit exceeds the benefit he has accrued under the ESRP, the participant will receive his EDC benefit in lieu of the ESRP benefit. For example, a participant's EDC benefit is \$120,000 and his ESRP benefit is \$100,000. The \$120,000 benefit will be paid from the EDC and \$0 will be paid from the ESRP. However, if a participant's ESRP benefit exceeds his EDC benefit, then the participant will receive his EDC benefit along with the amount the ESRP benefit exceeded the EDC benefit paid from the ESRP. For example, a participant's EDC benefit is \$100,000 and his ESRP is \$120,000. The \$100,000 benefit will be paid from the EDC and \$20,000 will be paid from the ESRP.

Nonqualified Deferred Compensation For 2012

Pursuant to the EDC and the 2005 EDC, we permit certain executive officers and highly compensated employees to defer a portion of their compensation and also provide supplemental benefits to certain highly compensated employees to recompense the employees for benefits lost due to the imposition of Code limitations in the ESOP. The amounts shown below represent the accumulated benefit cost to the Corporation for these plans. The table also shows amounts which were earned and deferred under the 2001 LTIP and 2005 LTIP.

Employment Agreement with Norman L. Lowery

Term: The Corporation and the Bank entered into a three-year employment agreement with Mr. Lowery effective December 1, 2012 (the “Employment Agreement”). The Employment Agreement may be extended each year only by affirmative action of the Committee for an additional year.

Restrictive Covenants: Mr. Lowery must satisfy the terms of the Employment Agreement, including the nonsolicitation, noncompetition and nondisclosure provisions discussed below, to receive the severance benefits discussed below in addition to any benefits he is due under the Corporation’s qualified and nonqualified employee benefit plans.

Nonsolicitation. For a one-year period after termination for any reason or the expiration of the term, Mr. Lowery will not: (i) solicit any non-legal business of any party which is a customer of the Corporation at the time of such termination or during the one-year period immediately preceding such termination, (ii) request or advise any customers or suppliers of the Corporation to terminate, reduce, limit or change their business or relationship with the Corporation, or (iii) induce, request or attempt to influence any employee of the Bank to terminate his employment with the Corporation.

Noncompetition. In the event Mr. Lowery voluntarily terminates his employment with the Corporation or the Bank, he will not during the period of his employment, and for a one-year period following termination: (i) engage in the same trade or business as the Corporation which would conflict with the interests of the Corporation or in a trade or business competitive with that of the Corporation; or (ii) offer or provide employment to any person who then currently is, or who within one year prior to such offer has been, a management-level employee of the Corporation.

Nondisclosure Mr. Lowery will not, directly or indirectly, use any “confidential information” (as defined in the Employment Agreement) for any purpose other than for the benefit of the Corporation or communicate, deliver, exhibit or provide any confidential information except as required in the normal course of his service as a consultant or employee of the Corporation during the term of the Employment Agreement and following termination of the Employment Agreement until either (i) such confidential information becomes obsolete; or (ii) such confidential information becomes generally known in the Corporation’s trade or industry by means other than a breach of this covenant.

Termination For Cause, Death or Disability: If Mr. Lowery is terminated for “cause” (as defined below), death or disability, he is entitled to receive the base salary, bonuses, vested rights, and other benefits due him through his date of termination. Any benefits payable under insurance, health, retirement, bonus, incentive (including, but not limited to, the 2001 LTIP and the 2005 LTIP), performance or other plans as a result of his participation in such plans through such date of termination will be paid when and as due under those plans.

For purposes of the Employment Agreement, “cause” is defined as: (i) an intentional act of fraud, embezzlement, theft, or personal dishonesty; willful misconduct, or breach of fiduciary duty involving personal profit by the Mr. Lowery in the course of his employment or director service; (ii) intentional wrongful damage by Mr. Lowery to the business or property of the Corporation; (iii) breach by Mr. Lowery of any confidentiality or non-disclosure obligation; (iv) gross negligence or insubordination in the performance of his duties; or (v) removal or permanent prohibition of Mr. Lowery from participating in the Bank’s affairs by order under the Federal Deposit Insurance Act.

Termination by Corporation Without Cause or by Employee For Good Reason: If Mr. Lowery is terminated without “cause” or if he terminates his employment for “good reason” (as defined below), and such termination does not occur in connection with, or within 12 months after a “change in control” (as defined below), he will receive an amount equal to the sum of the following benefits as if he had terminated employment on December 31, 2012 provided, in the event of a good reason termination, he gives proper notice of the circumstances giving rise to the termination which are not remedied by the Corporation or the Bank: (i) three times his base salary and bonuses; (ii) the Corporation’s portion of the cost of obtaining health insurance for himself and his spouse and child living in his home for a period of three years; (iii) the cost of obtaining disability insurance for a period of three years; (iv) the cost of obtaining life insurance for a period of three years; (v) the cost of existing professional and club dues for a period of three years, (vi) the cost of continuing legal education for a period of three years; (vii) the cost of automobile benefits for a period of three years; (ix) three times the benefit accrued in 2012 under the 2005 ESRP; (x) three times the benefit accrued in 2012 under the 2005 EDC; (xi) three times the benefit accrued in 2012 under the Employees’ Pension Plan; (xii) three times the benefit accrued in 2012 under the Employee Stock Ownership Plan. The amounts provided in the prior sentence will be provided net of all income and payroll taxes that would not have been payable by Mr. Lowery had he continued participation in the benefit plan or program instead of receiving cash reimbursement.

For purposes of the Employment Agreement, “good reason” means the occurrence of any of the following events, which has not been consented to in advance by Mr. Lowery in writing: (i) the requirement that Mr. Lowery move his personal residence more than 30 miles from his Terre Haute, Indiana office; (ii) a reduction of ten percent or more in

Mr. Lowery's base salary, unless part of an institution-wide reduction and similar to the reduction in the base salary of all other executive officers of the Bank; (iii) the removal of Mr. Lowery from participation in any incentive compensation plan or bonus plans unless the Company terminates participation in the plan with respect to all other executive officers, (iv) the failure by the Bank to continue to provide Mr. Lowery with the base salary, bonuses or benefits provided for in the Employment Agreement, as the same may be increased from time to time, or with benefits substantially similar to those provided to him under those sections or under any benefit plan or program in which he now or hereafter becomes eligible to participate, or the taking of any action by the Bank which would directly or indirectly reduce any such benefits or deprive Mr. Lowery of any such benefit enjoyed by him, unless part of an institution-wide reduction and applied similarly to all other executive officers of the Bank; (v) the assignment to Mr. Lowery of duties and responsibilities materially different from those normally associated with his position; (vi) a failure to elect or re-elect Mr. Lowery to the Board of the Bank or a failure on the part of the Corporation to honor its obligation to nominate him to the Board of the Corporation; (vii) a material diminution or reduction in the Mr. Lowery's responsibilities or authority (including reporting responsibilities) in connection with his employment with the Bank; or (viii) a material reduction in the secretarial or administrative support of Mr. Lowery.

Termination due to Retirement: If Mr. Lowery voluntarily retires, at or after attaining age 65, he will receive full health, life and disability coverage for himself, his spouse and his children living in his home until both he and his spouse are eligible for Medicare. When both Mr. Lowery and his spouse are eligible for Medicare, the Bank agrees to pay for supplemental coverage until both his and his spouse's death. He is also entitled to receive a life insurance policy on his life in the amount of \$350,000 and a life insurance policy on his life in the amount established by the Bank's insurance program for executive officers.

Termination Following Change in Control: If Mr. Lowery is terminated for other than "cause" or is constructively discharged and this occurs in connection with, or within 12 months following a "change in control" (as defined below) of the Bank or Corporation he would be entitled to an amount equal to the greater of the amount he would receive if he was terminated by the Corporation without cause; or, the product of 2.99 times the sum of (i) his base salary in effect as of the date of the change in control; (ii) an amount equal to the bonuses received by or payable to him in or for the calendar year prior to the year in which the change in control occurs; and (iii) cash reimbursements in an amount equal to his cost of obtaining, for a period of three years, beginning on the date of termination, all benefits which he was eligible to participate in or receive as of the date of termination. Mr. Lowery is also entitled to the payment provided for in this paragraph if a change in control occurs that was not approved by a majority of the Board regardless of whether his employment is terminated within 12 months. If, as a result of a change in control, Mr. Lowery becomes entitled to any payments which are determined to be payments subject to the Code Section 280G, then his benefit will be equal to the greater of (i) his benefit under the agreement reduced to the maximum amount payable such that when it is aggregated with payments and benefits under all other plans and arrangements it will not result in an "excess parachute payment" under Code Section 280G, or (ii) his benefit under the agreement after taking into account the amount of the excise tax imposed under Code Section 280G due to the benefit payment. Mr. Lowery is not entitled to any "gross up" payments under the terms of the Employment Agreement.

For purposes of the Employment Agreement, "change in control" means:

(i) *Change in Ownership.* Any person or group of persons acquires ownership of stock of the Bank or the Corporation that, together with stock held by the person or group, constitutes more than 50% of the total fair market value or total voting power of the stock. However, if any person or group is considered to own more than 50% of the total fair market value or total voting power of the stock, the acquisition of additional stock by the same person or group is not considered to cause a change in the ownership of the Bank or the Corporation.

(ii) *Change in the Effective Control.* (a) Any person or group acquires, or has acquired during the twelve-month period ending on the date of the most recent acquisition by such person(s), ownership of stock of the Bank or the Corporation possessing 30% or more of the total voting power; or (b) a majority of members of the Board is replaced during any twelve-month period by Directors whose appointment or election is not endorsed by a majority of the members of the Bank's or the Corporation's Board prior to the date of the appointment or election.

(iii) *Change in the Ownership of a Substantial Portion of the Bank's or First Financial Corporation's Assets.* Any person or group acquires, or has acquired during the 12-month period ending on the date of the most recent acquisition by such person(s), assets from the Bank or the Corporation that have a total gross fair market value equal to or more than 40% of the total gross fair market value of all of the assets immediately prior to such acquisition(s). Gross fair market value means the value of the assets of the Bank or the Corporation, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets. However, there is no change in control when there is a transfer to an entity that is controlled by the shareholders of the Bank or the Corporation immediately after the transfer.

Notwithstanding the foregoing, the acquisition of Bank or the Corporation stock by any retirement plan sponsored by the Bank or an affiliate of the Bank will not constitute a change in control.

If Mr. Lowery qualifies as a "key employee" at the time of his separation from service, the Corporation may not make certain payments earlier than six months following the date of his separation from service (or, if earlier, the date of his death). In this event, payments to which Mr. Lowery would otherwise be entitled during the first six months following the date of his separation from service will be accumulated and paid to Mr. Lowery on the first day of the seventh month following his separation from service. Mr. Lowery is currently considered a "key employee" for this purpose.

Potential Payments Upon Termination or Change in Control of the Corporation

2001 and 2005 Long-Term Incentive Plans

The Corporation entered into award agreements with Messrs. Smith, Norman L. Lowery, McHargue, Clary and Norman D. Lowery under the 2001 and 2005 LTIPs. They are entitled to the following benefits upon a "change in control" (as defined below):

Mr. Smith: In addition to the benefits otherwise payable, if Mr. Smith is terminated within 12 months following a change in control, for reasons other than “cause” (as defined below), disability or death, he will be paid the vested account balance under the 2001 and 2005 LTIPs. Any payments from the Corporation or the Bank which are determined to be payments subject to the “golden parachute” rules of the Code, the amount due will be increased to include payment equal to the amount of excise tax imposed under Code Sections 280G and 4999 (the “Excise Tax Payment”) and the amount necessary to provide the Excise Tax Payment net of all income, payroll and excise taxes. The applicable amount will be paid in one single sum, for the 2001 and 2005 LTIPs, within 180 days following termination of employment.

Mr. Norman L. Lowery: In addition to the benefits otherwise payable, if Mr. Lowery is terminated within 12 months following a change in control, for reasons other than cause, disability or death, he will be paid the vested account balance under the 2001 and 2005 LTIPs. Any payments from the Corporation or the Bank which are determined to be payments subject to the “golden parachute” rules of the Code, the amount due will be increased to include payment equal to the amount of excise tax imposed under Code Sections 280G and 4999 (the “Excise Tax Payment”) and the amount necessary to provide the Excise Tax Payment net of all income, payroll and excise taxes. The applicable amount will be paid in one single sum, for the 2001 and 2005 Plans, within 180 days following termination of employment.

Messrs. McHargue, Norman D. Lowery, and Clary: In addition to the benefits otherwise payable, if Messrs. McHargue, Norman D. Lowery, or Clary is terminated within 12 months following a change in control, for reasons other than cause, disability or death, they will be paid the vested account balance under the 2001 and 2005 LTIPs as of the December 31 of the year preceding the year of termination under both LTIPs.

For purposes of the 2001 and 2005 LTIPs, “cause” is defined as: (i) an intentional act of fraud, embezzlement, theft or personal dishonesty, willful misconduct or breach of fiduciary duty involving personal profit by the participant in the course of his employment or director service. No act or failure to act shall be deemed to have been intentional or willful if it was due primarily to an error in judgment or negligence. An act or failure to act shall be considered intentional or willful if it is not in good faith and if it is without a reasonable belief that the action or failure to act is in the best interest of the Corporation or its subsidiaries; (ii) intentional wrongful damage by the participant to the business or property of the Corporation or its subsidiaries, causing material harm to the Corporation or its subsidiaries; (iii) breach by the participant of any confidentiality or non-disclosure and non-solicitation agreement in effect from time to time with the Corporation or its subsidiaries; (iv) gross negligence or insubordination by the participant in the performance of his or her duties; or (v) removal or permanent prohibition of the participant from participating in the conduct of the affairs of the Corporation or any of its subsidiaries, by an order issued under Section 8(e)(4) or 8(g)(1) of the Federal Deposit Insurance Act, 12 USC 1818(e)(4) and (g)(1).

For purposes of the 2001 and 2005 LTIPs, “change in control” is defined as:

(i) *Merger*. The Corporation merges into or consolidates with another corporation or business entity, or merges another corporation or business entity into the Corporation, and as a result less than 50% of the combined voting power of the resulting corporation or business entity immediately after the merger or consolidation is held by persons who were the holders of the Corporation’s voting securities immediately before the merger or consolidation;

(ii) *Acquisition of Significant Share Ownership*. A report on Schedule 13D, or a successor form or schedule is filed or is required to be filed under Sections 13(d) or 14(d) of the Securities Exchange Act of 1934, if the report discloses that the filing person or persons acting in concert has or have become the beneficial owner of 20% or more of a class of the Corporation’s voting securities after the effective date of the 2001 or 2005 LTIP, but this provision shall not apply to beneficial ownership of voting shares of the Corporation held in a fiduciary capacity by a subsidiary of the Corporation or to beneficial ownership of voting shares of the Corporation held by the ESOP;

(iii) *Change in Board Composition*. During any period of two consecutive years, individuals who constitute the Board at the beginning of the two year period cease for any reason to constitute at least a majority thereof. However, each director who, by a vote of at least two-thirds of the directors who were directors at the beginning of the period, is first (a) nominated by the Board for election by shareholders, or (b) elected to fill a vacancy on the Board, shall be deemed to have been a director at the beginning of the two-year period.

(iv) *Sale of Assets*. The Corporation (a) transfers substantially all of its assets to another corporation or business entity which is not a wholly-owned subsidiary of the Corporation, or (b) sells substantially all of the assets of a subsidiary or affiliate which constitutes 20% or more of the assets of the Corporation and is a subsidiary or affiliate as of the

effective date of the 2001 or 2005 LTIP.

2010 Long-Term Incentive Compensation Plan

Messrs. Smith, Norman L. Lowery, McHargue, Clary and Norman D. Lowery received long-term incentive performance cash awards under the 2010 LTIP. In the event of a “change in control” (the same definition used for Mr. Norman L. Lowery’s employment agreement above), they will be 100 percent vested in their award which will be paid within 30 days of the date of the change in control. In the event a participant dies or incurs a termination due to disability, retirement, a termination by the participant for “good reason” or is terminated by the Corporation or the Bank without “cause” (the same definition as provided in the 2001 and 2005 LTIPs), he will become vested in his award and will receive payment within 30 days of the termination for purposes of the 2010 LTIP. “Good reason” means the occurrence of any of the following events which hasn’t been consented to in writing: (i) the requirement that the Participant move his personal residence, (ii) a reduction of ten percent or more of the participant’s salary unless part of an institution-wide reduction and similar to the reduction of all other similarly situated officers, (iii) the removal of the participant from participation in any incentive compensation plans or bonuses unless the company terminates participation in the plan or plans with respect to other similarly-situated officers; (iv) the assignment of duties and responsibilities materially different from those normally associated with his position; or (v) a material diminution or reduction in responsibilities or authority in connection with his employment.

The following table sets forth the severance and change in control benefits for each named executive officer under the specifically described scenarios as if such change in control and termination occurred as of December 31, 2012. The amounts shown in the table do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment including accrued salary and vacation pay, payments under the Savings Plan, the ESOP and Pension Plan

Calculation of the health insurance amounts were based on the assumptions used for financial reporting purposes under generally accepted accounting principles assuming (i) termination occurred on December 31, 2012; (ii) (1) termination was as a result of retirement or change in control; and (iii) a 4.05% discount rate. Calculation of the life insurance amounts were based on the cost of buying a fully paid policy as of December 31, 2012.

(2) This amount consists of (i) \$229,500 for health, life and disability coverage; and (ii) \$124,792 for the \$350,000 life insurance policy.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act of 1934 requires the Corporation's directors and executive officers, and persons who own more than ten percent of a registered class of the Corporation's equity securities, to file with the Securities and Exchange Commission ("SEC") initial reports of ownership and reports of changes in ownership of Corporation common stock and other equity securities of the Corporation. PROPOSAL 2: RATIFICATION OF APPOINTMENT OF CROWE HORWATH LLP AS THE CORPORATION'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

At its March 5, 2013 meeting, the Audit Committee of the Board of Directors recommended and approved the appointment of Crowe Horwath LLP as the Corporation's independent public accounting firm to audit the books, records and accounts of the Corporation for 2013. The Corporation is seeking ratification of such action. Crowe Horwath LLP has been our independent registered public accounting firm since fiscal year 1999. Representatives of Crowe Horwath LLP are expected to be in attendance at the annual meeting and will be provided an opportunity to make a statement should they desire to do so and to respond to appropriate inquiries from the shareholders.

If shareholders do not ratify the selection of Crowe Horwath LLP as our independent public accounting firm, or if prior to the 2013 annual meeting of shareholders Crowe Horwath LLP ceases to act as our independent public accounting firm, then the Audit Committee will reconsider the selection of an independent public accounting firm.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF CROWE HORWATH LLP AS THE CORPORATION'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2013.

PROPOSAL 3: NON-BINDING Advisory Vote TO APPROVE THE Compensation Paid to Named Executive Officers

The core of our compensation philosophy is our attempt to closely align the interests of our named executive officers with the interests of our shareholders. Our executive compensation programs seek to:

- attract and retain talented executives who are critical to our success
- be competitive with the market
- reward for performance
- align the interests of shareholders and executives over both the short and long-term time horizons
- avoid the encouragement of unnecessary or excessive risk-taking.

The compensation committee and the board of directors believe that our executive compensation is a good reflection of our compensation philosophy and is well aligned with our corporate performance. We urge shareholders to read the Compensation Discussion and Analysis section of this proxy statement for a detailed discussion of our executive compensation programs and how they reflect our philosophy and are linked to corporate performance.

We recognize that executive compensation is important to our shareholders, and we value their opinions on our compensation philosophy and programs. We are asking our shareholders to vote on an advisory basis to approve the compensation of our named executive officer as described in this proxy statement. This proposal, commonly known as a “Say-on-Pay” proposal, gives our shareholders the opportunity to express their views on our named executive officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our executive officers and the philosophy, policies and practices described in this proxy statement.

The vote on this proposal is advisory, and therefore not binding on the Corporation, the Compensation Committee or our Board of Directors. To the extent there is any significant vote against the executive officer compensation proposal, however, we will consider our shareholders’ concerns and the compensation committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE **“FOR”** THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

SHAREHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

In addition to the advance notice requirements under our by-laws described below, a shareholder who desires to include a proposal in our proxy soliciting materials relating to our 2014 annual meeting of shareholders must send the proposal in writing to Mr. Rodger A. McHargue, our Secretary, such that we receive it at our principal executive office at One First Financial Plaza, Terre Haute, Indiana 47808 no later than November 19, 2013. Any such proposal must be made in accordance with Rule 14a-8 under the Securities Exchange Act of 1934.

Shareholders desiring to make a director nomination or a proposal for any business or matter to be presented at any annual meeting of shareholders of the Corporation must comply with the advance notice procedures provided in our by-laws. Those procedures are summarized below. A complete copy of our by-laws was included as an exhibit to the

Corporation's Form 8-K filed on August 24, 2012 and is available on the Internet website of the Securities and Exchange Commission at www.sec.gov.

Nominations for the election as directors and proposals for any business or matter to be presented at any annual meeting of shareholders may be made by any of our shareholders of record entitled to vote in the election of directors or on the business or matter to be presented, as the case may be, or by our Board of Directors. In order for a shareholder to make such a nomination or proposal, the Corporation's Secretary must receive notice thereof in writing not less than 120 days prior to the date of the annual meeting; provided, however, that in the event that less than 130 days' notice or prior public disclosure of the date of the annual meeting is given or made to shareholders (which notice or public disclosure shall include the date of the annual meeting specified in our by-laws, if the annual meeting is held on such date), notice by the shareholder to be timely must be received by us no later than the close of the 10th day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made. No notice of any kind under this procedure is required for any nominations for the election as directors or any proposals for any business or matter made by or at the direction of our Board of Directors.

Each notice given by a shareholder with respect to a nomination for election as a director must set forth for each nominee: (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of shares of the Corporation which are beneficially owned by such person, and (iv) any other information relating to such person that is required to be disclosed in solicitations of proxies for the election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including without limitation such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected). The shareholder making the nomination must provide his or her name, record address and the class and number of our stock beneficially owned by the shareholder and must promptly provide any other information relating to his or her nominee as may be reasonably requested by us.

Each notice given by a shareholder with respect to proposals for any business or other matter to be presented at any meeting of shareholders must set forth as to each matter: (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and record address of the shareholders proposing such business, (iii) the class and number of shares of our stock beneficially owned by the shareholder, and (iv) any material interest of the shareholder in such business. The shareholder making a proposal also must promptly provide any other information relating to his or her proposal as may be reasonably requested by us.

If any nomination or proposal is not made in accordance with the requirements of this notice procedure, the chairman of the annual meeting of shareholders at which such nomination or proposal is sought to be presented may determine that the nomination or proposal was not made in accordance with the notice procedure and, in such event, he may declare to the meeting that the defective nomination or proposal is out of order and will be disregarded and not presented for a vote of the shareholders. This notice procedure does not require the Corporation to hold any meeting of shareholders for the purpose of considering any nomination or proposal made by any shareholder.
