VOTING AND RELATED MATTERS

Voting Procedures

As a stockholder of PAID, you have a right to vote on certain business matters affecting us. The proposals that will be presented at the Special Meeting and upon which you are being asked to vote are discussed below. Each share of our common stock you owned as of the record date entitles you to one vote on each proposal presented at the Special Meeting.

Electronic Delivery of Proxy Materials

Under rules adopted by the Securities and Exchange Commission (“SEC”), we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On or about August 29, 2014, we sent our stockholders (other than those who previously requested electronic or paper delivery) a Notice of Internet Availability containing instructions on how to access our proxy materials on the Internet. The Notice of Internet Availability also instructs stockholders on how they can vote over the Internet or by

telephone.

If you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise.

Methods of Voting

You may vote over the Internet, by telephone, by mail or in person at the Special Meeting.

Voting over the Internet. You can vote via the Internet. The website address for Internet voting and the instructions for voting are provided on your Notice or proxy card. You will need to use the control number appearing on your Notice or proxy card to vote via the Internet. If you vote via the Internet you do not need to vote by telephone or return a proxy card.

Voting by Telephone. You can vote by telephone by calling the toll-free telephone number provided on your proxy card. You will need to use the control number appearing on your Notice or proxy card to vote by telephone. If you vote by telephone you do not need to vote over the Internet or return a proxy card.

Voting by Mail. If you received a printed proxy card, you can vote by marking, dating and signing it, and returning it in the postage-paid envelope provided. You may also download the form of proxy card off the Internet and mail it to us. Please promptly mail your proxy card to ensure that it is received prior to the closing of the polls at the Special Meeting.

Voting in Person at the Meeting. If you attend the Special Meeting and plan to vote in person, we will provide you with a ballot at the Special Meeting. If your shares are registered directly in your name, you are considered the stockholder of record, and you have the right to vote in person at the Special Meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in street name. As a beneficial owner, if you wish to vote at the Special Meeting, you will need to bring to the Special Meeting a legal proxy from your broker or other nominee authorizing you to vote those shares.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the Special Meeting. To do this, you must:

- enter a new vote over the Internet or by telephone, or by signing and returning a replacement proxy card; provide written notice of the revocation to our Corporate Secretary at our principal executive offices, which are located at 200 Friberg Parkway, Suite 4004, Westborough, MA 01581; or
- attend the Special Meeting and vote in person.

Quorum and Voting Requirements To Approve Each Proposal

Stockholders of record at the close of business on August 11, 2014 are entitled to receive notice and vote at the meeting. On the record date, there were 328,874,050 issued and outstanding shares of our common stock. Each holder of our common stock voting at the meeting, either in person or by proxy, may cast one vote per share of common stock held on all matters to be voted on at the meeting. Holders of our preferred stock do not have voting rights at the meeting.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote constitutes a quorum for the transaction of business at the meeting. Assuming that a quorum is present, the following table summarizes the voting requirements to approve each proposal:

<u>Proposal</u>	<u>Vote Required</u>	<u>Broker Discretionary Voting Allowed</u>
Proposal 1 - To approve an amendment to the Company's Certificate of Incorporation to increase the Company's authorized shares of common stock from 350,000,000 to 550,000,000.	A majority of the outstanding shares of common stock.	Yes
Proposal 2 - To approve an amendment to the Company's Certificate of Incorporation to authorize the issuance of up to 50,000,000 shares of blank check preferred stock.	A majority of the outstanding shares of common stock.	No
Proposal 3 - To approve an amendment to the Company's Certificate of Incorporation to make effective a reverse stock split at a range of 1 for 10 through 1 for 50 and to reduce the number of authorized shares of the Company's common stock, subject to the Board of Director's discretion.	A majority of the outstanding shares of common stock.	Yes
Proposal 4 - To ratify the selection of KMJ Corbin & Company LLP as our independent registered public accounting firm for the current fiscal year ending December 31, 2014.	The affirmative vote of a majority of the votes cast at the Special Meeting.	Yes
Proposal 5 - To approve a proposal to adjourn the Special Meeting to a later date or dates, if necessary or appropriate, to solicit additional proxies with respect to Proposals 1, 2 and 3.	The affirmative vote of a majority of the votes cast at the Special Meeting.	Yes

Votes cast by proxy or in person at the meeting will be tabulated by the election inspectors appointed for the meeting. Such inspectors will also determine whether a quorum is present. The election inspectors will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote. Accordingly, abstentions will have the same effect as a vote "AGAINST" Proposal 1, Proposal 2 and Proposal 3. Abstentions will have no effect on whether Proposal 4 or Proposal 5 is approved at the Special Meeting.

If your shares are held in street name and you do not instruct your broker on how to vote your shares, your brokerage firm, in its discretion, is permitted to either leave your shares unvoted or vote your shares on matters that are considered routine. Proposal 1, Proposal 3, Proposal 4 and Proposal 5 are considered routine matters. Proposal 2 is considered a non-routine matter. Consequently, without your voting instructions, your brokerage firm (i) will not be able to vote your shares on Proposal 2, but (ii) will be able to vote your shares on Proposal 1, Proposal 3, Proposal 4 and Proposal 5. These unvoted shares, called "broker non-votes," refer to shares held by brokers who have not received voting instructions from their clients and who do not have discretionary authority to vote on non-routine matters. Broker non-votes will not be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Assuming that a quorum is present, broker non-votes (i) will have the same effect as a vote “AGAINST” Proposal 1, Proposal 2 and Proposal 3; and (ii) will have no effect on whether Proposal 4 or Proposal 5 is approved at the Special Meeting.

Voting of Proxies

When a proxy is properly executed and returned, the shares it represents will be voted at the Special Meeting as directed. If no specification is indicated, the shares will be voted:

- (1) “FOR” Proposal 1 to approve an Amendment to the Company’s Certificate of Incorporation to increase the Company’s authorized shares of common stock from 350,000,000 to 550,000,000;
- (2) “FOR” Proposal 2 to approve an amendment to the Company’s Certificate of Incorporation to authorize the issuance of up to 50,000,000 shares of blank check preferred stock;
- (3) “FOR” Proposal 3 to approve an amendment to the Company’s Certificate of Incorporation to make effective a reverse stock split at a range of 1 for 10 through 1 for 50 and to reduce the number of authorized shares of the Company’s common stock, subject to the Board’s discretion;
- (4) “FOR” Proposal 4 to ratify the selection of KMJ Corbin & Company LLP as our independent registered public accounting firm for the current fiscal year ending December 31, 2014; and
- (5) “FOR” Proposal 5 to approve a proposal to adjourn the Special Meeting to a later date or dates, if necessary or appropriate, to solicit additional proxies with respect to Proposals 1, 2 and 3.

If your shares are held in street name and you do not instruct your broker on how to vote your shares, your brokerage firm, in its discretion, may either leave your shares unvoted or vote your shares on matters which are considered routine. Proposal 1, Proposal 3, Proposal 4 and Proposal 5 are routine matters; Proposal 2 is not a routine matter. Consequently, without your voting instructions, your brokerage firm (i) will be able to vote your shares at the Special Meeting on Proposal 1, Proposal 3, Proposal 4 and Proposal 5 but (ii) will not be able to vote your shares at the Special Meeting on Proposal 2.

Voting Confidentiality

Proxies, ballots and voting tabulations are handled on a confidential basis to protect your voting privacy. This information will not be disclosed, except as required by law.

Voting Results

Voting results will be announced at the Special Meeting and published in a Form 8-K to be filed within four business days after the Special Meeting.

Householding of Proxy Materials

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and related materials. This means that only one copy of our proxy statement and related materials may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of these proxy materials to any stockholder upon written or oral request to our Corporate Secretary by mail at 200 Friberg Parkway, Suite 4004, Westborough, MA 01581 or by phone at (617) 861-6050.

Any stockholder who wants to receive separate copies of proxy materials in the future, or any stockholder who is receiving multiple copies and would like to receive only one copy per household, should contact that stockholder's bank, broker, or other nominee record holder, or that stockholder may contact us at the above address and phone number.

Proxy Solicitation

We will bear the cost of this solicitation. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for reasonable expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies also may be solicited by our directors, officers or employees, personally, or by mail, facsimile, telephone, messenger or via the Internet, without additional compensation.

PROPOSAL 1

APPROVAL OF AMENDMENT TO CERTIFICATE OF INCORPORATION TO INCREASE AUTHORIZED SHARES OF COMMON STOCK FROM 350,000,000 TO 550,000,000

Our Board of Directors has approved, subject to stockholder approval, an amendment to our Certificate of Incorporation (the "Common Shares Increase Amendment") to increase the number of authorized shares of the Company's common stock from 350,000,000 to 550,000,000.

If the Common Shares Increase Amendment is approved by our stockholders at the Special Meeting, we intend to file the Common Shares Increase Amendment with the Secretary of State of Delaware, substantially in the form of Appendix A hereto (provided that, if both the Common Shares Increase Amendment and the Blank Check Preferred Amendment (see Proposal 2 below) are approved by stockholders at the Special Meeting, we may file a single amendment for both actions) with the Secretary of State of Delaware as soon as practicable following the Special Meeting. The increase in authorized shares of common stock under the Common Shares Increase Amendment will be effective upon filing with the Secretary of State of Delaware.

Outstanding Shares and Purpose of the Proposal

Our Certificate of Incorporation currently authorizes us to issue a maximum of 350,000,000 shares of common stock, par value \$0.001 per share. Our issued and outstanding securities, as of August 11, 2014, on a fully diluted basis, are as follows:

328,874,050 shares of common stock; and

· Stock options convertible into 19,250,000 shares of common stock at an average exercise price of \$0.095 per share. The Board believes that the increase in authorized shares of common stock will provide the Company greater flexibility with respect to the Company's capital structure for purposes including additional equity financings and stock based acquisitions.

Effects of the Increase in Authorized Common Stock

The additional shares of common stock will have the same rights as the presently authorized shares, including the right to cast one vote per share of common stock. Although the authorization of additional shares will not, in itself, have any effect on the rights of any holder of our common stock, the future issuance of additional shares of common stock (other than by way of a stock split or dividend) would have the effect of diluting the voting rights and could have the effect of diluting earnings per share and book value per share of existing stockholders.

At present, the Board of Directors has no immediate plans to issue the additional shares of common stock to be authorized by the Common Shares Increase Amendment. However, it is possible that some of these additional shares could be used in the future for various other purposes without further stockholder approval, except as such approval may be required in particular cases by our charter documents, applicable law or the rules of any stock exchange or other market on which our securities may then be listed. These purposes may include: raising capital, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies, and expanding the Company's business or product lines through the acquisition of other businesses or products.

We could also use the additional shares of common stock that will become available pursuant to the Common Shares Increase Amendment to oppose a hostile takeover attempt or to delay or prevent changes in control or management of the Company. Although the proposal to increase the authorized common stock has not been prompted by the threat of any hostile takeover attempt (nor is the Board currently aware of any such attempts directed at the Company), nevertheless, stockholders should be aware that the Common Shares Increase Amendment could facilitate future efforts by us to deter or prevent changes in control of the Company, including transactions in which stockholders of the Company might otherwise receive a premium for their shares over then current market prices. However, the Board of Directors has a fiduciary duty to act in the best interests of the Company's stockholders at all times.

Required Vote

Approval of the Common Shares Increase Amendment requires the receipt of the affirmative vote of a majority of the shares of the Company's common stock issued and outstanding as of the record date.

RECOMMENDATION OF THE BOARD FOR PROPOSAL 1:

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE TO APPROVE THE AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF THE COMPANY'S COMMON STOCK FROM 350,000,000 TO 550,000,000

PROPOSAL 2

APPROVAL OF AMENDMENT TO CERTIFICATE OF INCORPORATION TO AUTHORIZE THE ISSUANCE OF UP TO 50,000,000 SHARES OF BLANK CHECK PREFERRED STOCK

Our Board of Directors has approved, subject to stockholder approval, an amendment to our Certificate of Incorporation (the "Blank Check Preferred Amendment") to authorize the issuance of up to 50,000,000 shares of blank check preferred stock.

If the Blank Check Preferred Amendment is approved by our stockholders at the Special Meeting, we intend to file the Blank Check Preferred Amendment with the Secretary of State of Delaware, substantially in the form of Appendix B hereto (provided that, if both the Common Shares Increase Amendment and the Blank Check Preferred Amendment are approved by stockholders at the Special Meeting, we may file a single amendment for both actions) with the Secretary of State of Delaware as soon as practicable following the Special Meeting.

Outstanding Shares and Purpose of the Proposal

Our Certificate of Incorporation currently authorizes us to issue a maximum of 350,000,000 shares of common stock, par value \$0.001 per share. Our issued and outstanding securities, as of August 11, 2014, on a fully diluted basis, are as follows:

328,874,050 shares of common stock; and

· Stock options convertible into 19,250,000 shares of common stock at an average exercise price of \$0.095 per share. Upon filing with the Delaware Secretary of State, the Blank Check Preferred Amendment will authorize the issuance of up to 50,000,000 shares of preferred stock, \$0.001 par value. The Board of Directors will be authorized to fix the designations, rights, preferences, powers and limitations of each series of the preferred stock.

The term "blank check" preferred stock refers to stock which gives the board of directors of a corporation the flexibility to create one or more series of preferred stock, from time to time, and to determine the relative rights, preferences, powers and limitations of each series, including, without limitation: (i) the number of shares in each series, (ii) whether a series will bear dividends and whether dividends will be cumulative, (iii) the dividend rate and the dates of dividend payments, (iv) liquidation preferences and prices, (v) terms of redemption, including timing, rates and prices, (vi) conversion rights, (vii) any sinking fund requirements, (viii) any restrictions on the issuance of additional shares of any class or series, (ix) any voting rights and (x) any other relative, participating, optional or other special rights, preferences, powers, qualifications, limitations or restrictions. Any issuances of preferred stock by the Company will need to be approved the board of directors.

The Board of Directors believes that the authorization of shares of preferred stock is desirable because it will provide the Company with increased flexibility of action to meet future working capital and capital expenditure requirements through equity financings without the delay and expense ordinarily attendant on obtaining further stockholder approvals. The Board of Directors believes that the authorization of blank check preferred stock will improve the Company's ability to attract needed investment capital, as various series of the preferred stock may be customized to meet the needs of any particular transaction or market conditions.

Effects of Blank Check Preferred Amendment on Current Stockholders

The shares of preferred stock to be authorized pursuant to the Blank Check Preferred Amendment could be issued, at the discretion of the Board, for any proper corporate purpose, without further action by the stockholders other than as may be required by applicable law. The Company does not currently have any plan or proposal to issue any shares of preferred stock. Existing stockholders do not have preemptive rights with respect to future issuance of preferred stock by the Company and their interest in the Company could be diluted by such issuance with respect to any of the following: earnings per share, voting, liquidation rights and book and market value.

The Board of Directors will have the power to issue the shares of preferred stock in one or more classes or series with such preferences and voting rights as the Board of Directors may fix in the resolution providing for the issuance of such shares. The issuance of shares of preferred stock could affect the relative rights of the Company's shares of common stock. Depending upon the exact terms, limitations and relative rights and preferences, if any, of the shares of preferred stock as determined by the Board of Directors at the time of issuance, the holders of shares of preferred stock may be entitled to a higher dividend rate than that paid on the common stock, a prior claim on funds available for the payment of dividends, a fixed preferential payment in the event of liquidation and dissolution of the Company, redemption rights, rights to convert their shares of preferred stock into shares of common stock, and voting rights which would tend to dilute the voting control of the Company by the holders of shares of common stock. Depending on the particular terms of any series of the preferred stock, holders thereof may have significant voting rights and the right to representation on the Company's Board of Directors. In addition, the approval of the holders of shares of preferred stock, voting as a class or as a series, may be required for the taking of certain corporate actions, such as

mergers.

The issuance of shares of preferred stock may have the effect of discouraging or thwarting persons seeking to take control of the Company through a tender offer, proxy fight or otherwise or seeking to bring about removal of incumbent management or a corporate transaction such as a merger. For example, the issuance of shares of preferred stock in a public or private sale, merger or in a similar transaction may, depending on the terms of the series of preferred stock dilute the interest of a party seeking to take over the Company. Further, the authorized preferred stock could be used by the Board of Directors for adoption of a stockholder rights plan or "poison pill."

The Blank Check Preferred Amendment was not proposed in response to, or for the purpose of deterring, any current effort to obtain control of the Company or as an anti-takeover measure. It should be noted that any action taken by the Company to discourage an attempt to acquire control of the Company might result in stockholders not being able to participate in any possible premiums which might be obtained in the absence of anti-takeover provisions. Any transaction which may be so discouraged or avoided could be a transaction that the Company's stockholders might consider to be in their best interests. However, the Board of Directors has a fiduciary duty to act in the best interests of the Company's stockholders at all times.

Required Vote

Approval of the Blank Check Preferred Amendment requires the receipt of the affirmative vote of a majority of the shares of the Company's common stock issued and outstanding as of the record date.

RECOMMENDATION OF THE BOARD FOR PROPOSAL 2:

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE TO APPROVE THE AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO AUTHORIZE THE ISSUANCE OF UP TO 50,000,000 SHARES OF BLANK CHECK PREFERRED STOCK

PROPOSAL 3

APPROVAL TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION

TO EFFECT A REVERSE STOCK SPLIT AT A RANGE OF 1 FOR 10 THROUGH 1 FOR 50 AND TO REDUCE THE NUMBER OF

AUTHORIZED SHARES OF THE COMPANY'S COMMON STOCK, SUBJECT TO

THE BOARD'S DISCRETION

The Board has approved, and is hereby soliciting stockholder approval of, an amendment to the Company's Certificate of Incorporation to make effective a reverse stock split of the Company's common stock at a ratio of not less than one-for-ten and not more than one-for-fifty, subject to the Board's discretion to determine, without any further action by stockholders, not to proceed with a reverse stock split if it determines that a reverse stock split is no longer in the best interest of the Company and its stockholders. The language of the new Article Fourth of the Certificate of Incorporation which would be contained in an amendment is set forth in Appendix C to this Proxy Statement (the

“Reverse Stock Split Amendment”). A vote for this Proposal 3 will constitute approval of the Reverse Stock Split Amendment providing for the combination of any whole number of shares of common stock between and including ten and fifty into one share of common stock and will grant the Board the authority to select which of the approved exchange ratios within that range will be implemented. If stockholders approve this proposal, the Board will have the authority, but not the obligation, in its sole discretion and without further action on the part of the stockholders, to select one of the approved reverse stock split ratios and effect the approved reverse stock split by filing the Reverse Stock Split Amendment with the Secretary of State of the State of Delaware at any time after the approval of the Reverse Stock Split Amendment. If the Reverse Stock Split Amendment is approved by stockholders and has not been filed with the Secretary of State of the State of Delaware by the close of business on the first anniversary of the date on which the stockholders approved it, the Board will abandon the Reverse Stock Split Amendment. If the reverse stock split is implemented, the Reverse Stock Split Amendment also would reduce the number of authorized shares of our common stock as set forth below but would not change the par value of a share of our common stock. Except for any changes as a result of the treatment of fractional shares, each stockholder will hold the same percentage of common stock outstanding immediately following the reverse stock split as such stockholder held immediately prior to the reverse stock split.

The Board believes that stockholder approval of an exchange ratio range (rather than an exact exchange ratio) provides the Board with maximum flexibility to achieve the purposes of the reverse stock split. If the stockholders approve this Proposal 3, the reverse stock split will be made effective, if at all, only upon a determination by the Board that the reverse stock split is in the Company's and its stockholders' best interests at that time. In connection with any determination to make effective the reverse stock split, the Board will set the time for such a split and select a specific ratio within the range. These determinations will be made by the Board with the intention to create the greatest marketability for our common stock based upon prevailing market conditions at that time.

The Board reserves its right to elect to abandon the reverse stock split if it determines, in its sole discretion, that this proposal is no longer in the best interest of the Company and its stockholders.

Purpose of the Reverse Stock Split Amendment

The purpose of the reverse stock split is to increase the per share trading value of the common stock. The Board intends to make effective the proposed reverse stock split only if it believes that a decrease in the number of shares outstanding is likely to improve the trading price for the common stock, and only if the implementation of a reverse stock split is determined by the Board to be in the best interests of the Company and its stockholders. The Board may exercise its discretion not to implement a reverse stock split.

A reverse stock split would allow a broader range of institutions to invest in the common stock (namely, funds that are prohibited from buying stocks with a price below a certain threshold), potentially increasing the trading volume and liquidity of the common stock. A reverse stock split would also help increase analyst and broker interest in the common stock, as their policies can discourage them from following or recommending companies with lower stock prices. Because of the trading volatility often associated with lower-priced stock, many brokerage houses and institutional investors have adopted internal policies and practices that either prohibit or discourage them from investing in such stocks or recommending them to their customers. Some of those policies and practices may also function to make the processing of trades in lower-priced stocks economically unattractive to brokers.

Impact of the Reverse Stock Split Amendment if Implemented

If approved and effected, the reverse stock split will be realized simultaneously and in the same ratio for all of the common stock. The reverse stock split will affect all holders of the common stock uniformly and will not affect any stockholder's percentage ownership interest, or voting power, in the Company (subject to the treatment of fractional shares). As described below, holders of common stock otherwise entitled to a fractional share as a result of the reverse stock split will receive a cash payment in lieu of such fractional share. These cash payments will reduce the number of post-reverse stock split holders of the common stock to the extent there are at the time the reverse stock split is made effective, stockholders who would otherwise receive less than one share of common stock after the reverse stock split. In addition, the reverse stock split will not affect any stockholder's proportionate voting power (subject to the treatment of fractional shares).

The principal effects of the Reverse Stock Split Amendment will be that:

- depending on the ratio for the reverse stock split selected by the Board, each ten or fifty shares of common stock owned by a stockholder, or any whole number of shares of common stock between ten and fifty, as determined by the Board, will be combined into one new share of common stock;

- the number of shares of common stock issued and outstanding will be reduced from approximately 330,000,000 to a range of approximately 33,000,000 to 165,000,000, depending upon the reverse stock split ratio selected by the Board;

- the number of authorized shares of common stock will be reduced from 350,000,000 (or 550,000,000 if the Company's stockholders approve Proposal 2 described in this Proxy Statement) to a range of approximately 7,000,000 (or 11,000,000 if Proposal 1 is approved) to 35,000,000 (or 55,000,000 if Proposal 1 is approved) depending upon the reverse stock split ratio between ten and fifty chosen by the Board;

- based upon the reverse stock split ratio selected by the Board, proportionate adjustments will be made to the per share exercise price and/or the number of shares issuable upon the exercise or conversion of all outstanding options, warrants, and other convertible or exchangeable securities entitling the holders thereof to purchase, exchange for, or convert into, shares of common stock, which will result in approximately the same aggregate price being required to be paid for such options and restricted stock awards and units upon exercise immediately preceding the reverse stock split; and

- the number of shares reserved for issuance or pursuant to the securities or plans described in the immediately preceding bullet will be reduced proportionately based upon the reverse stock split ratio selected by the Board.

If Proposal 1 is Not Approved.

The table below illustrates the effect, as of the Record Date of August 11, 2014 and assuming that Proposal 1 is not approved so that the number of authorized shares of common stock remains at 350,000,000, of a reverse stock split at certain ratios on (i) the shares of common stock outstanding; (ii) the shares of common stock reserved for issuance, (iii) the reduced number of total authorized shares of common stock under our Certificate of Incorporation, and (iv) the resulting number of shares of common stock available for issuance:

Certain Risks Associated with the Reverse Stock Split

If the reverse stock split is made effective and the market price of the common stock declines, the percentage decline may be greater than would occur in the absence of a reverse stock split. The market price of the common stock will, however, also be based on performance and other factors, which are unrelated to the number of shares outstanding.

There can be no assurance that the reverse stock split will result in any particular price for the common stock. As a result, the trading liquidity of the common stock may not necessarily improve.

There can be no assurance that the market price per share of the common stock after a reverse stock split will increase in proportion to the reduction in the number of shares of the common stock outstanding before the reverse stock split. For example, based on the closing price of the common stock on the Record Date of August 11, 2014 of \$.07 per share, if the reverse stock split were implemented and approved for a reverse stock split ratio of one-for-fifty, there can be no assurance that the post-split market price of the common stock would be \$3.50 or greater. Accordingly, the total market capitalization of the common stock after the reverse stock split may be lower than the total market capitalization before the reverse stock split. Moreover, in the future, the market price of the common stock following the reverse stock split may not exceed or remain higher than the market price prior to the reverse stock split.

Because the number of issued and outstanding shares of common stock would decrease as result of the reverse stock split, the number of authorized but unissued shares of common stock may increase on a relative basis. If the Company issues additional shares of common stock, then the ownership interest of the Company's current stockholders would be diluted, possibly substantially.

There are certain agreements, plans and proposals that may have material anti-takeover consequences. The proportion of unissued authorized shares to issued shares could, under certain circumstances, have an anti-takeover effect. For example, the issuance of a large block of common stock could dilute the stock ownership of a person seeking to make effective a change in the composition of the Board or contemplating a tender offer or other transaction for the combination of the Company with another company.

The reverse stock split may result in some stockholders owning "odd lots" of less than 100 shares of common stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in "round lots" of even multiples of 100 shares.

The Board intends to make effective the reverse stock split only if it believes that a decrease in the number of shares is likely to improve the trading price of the common stock and if the implementation of the reverse stock split is determined by the Board to be in the best interests of the Company and its stockholders. The reverse stock split and the reduction in shares is not a "going private" transaction and is not the first step of a "going private" transaction.

Effective Time

The proposed reverse stock split would become effective as of 11:59 p.m., Eastern Time (the "Effective Time"), on the date of filing the Reverse Stock Split Amendment with the office of the Secretary of State of the State of Delaware. Except as explained below with respect to fractional shares, at the Effective Time, all shares of the common stock issued and outstanding immediately prior thereto will be combined, automatically and without any action on the part of stockholders, into a lesser number of shares of the common stock calculated in accordance with the reverse stock split ratio determined by the Board.

Edgar Filing: PAID INC - Form DEF 14A

After the Effective Time, the common stock will have a new committee on uniform securities identification procedures (“CUSIP”) number, which is a number used to identify the Company’s equity securities, and stock certificates with the older CUSIP number will need to be exchanged for stock certificates with the new CUSIP number by following the procedures described below.

After the Effective Time, the Company will continue to be subject to periodic reporting and other requirements of the Securities Exchange Act of 1934. We expect that the Company's common stock will continue to be listed on the Over-the-Counter Bulletin Board under the symbol "PAYD", although OTCBB will add the letter "D" to the end of the trading symbol for a period of 20 trading days after the Effective Date to indicate that the reverse stock split has occurred.

Board Discretion to Implement the Reverse Stock Split Amendment

If the reverse stock split is approved by the Company's stockholders, it will be effected, if at all, only upon a determination by the Board that a reverse stock split (at a ratio determined by the Board as described above) is in the best interests of the Company and the stockholders. The Board's determination as to whether the reverse stock split will be effected and, if so, at what ratio, will be based upon certain factors, including existing and expected marketability and liquidity of the common stock, prevailing market conditions and the likely effect on the market price of the common stock. If the Board determines to make effective the reverse stock split, the Board will consider various factors in selecting the ratio including the overall market conditions at the time and the recent trading history of the common stock.

Fractional Shares

Stockholders will not receive fractional post-reverse stock split shares in connection with the reverse stock split. Instead, the Company's transfer agent for the registered stockholders will aggregate all fractional shares of common stock and arrange for them to be sold as soon as practicable after the Effective Time at the then prevailing prices on the open market on behalf of those stockholders who would otherwise be entitled to receive a fractional share. The Company expects that the transfer agent will cause the sale to be conducted in an orderly fashion at a reasonable pace and that it may take several days to sell all of the aggregated fractional shares of common stock. After completing the sale, stockholders will receive a cash payment from the transfer agent in an amount equal to the stockholder's pro rata share of the total net proceeds of these sales. No transaction costs will be assessed on the sale. However, the proceeds will be subject to certain taxes as discussed below. In addition, stockholders will not be entitled to receive interest for the period of time between the Effective Time and the date a stockholder receives payment for the cashed-out shares. The payment amount will be paid to the stockholder in the form of a check in accordance with the procedures outlined below.

After the reverse stock split, stockholders will have no further interests in the Company with respect to their cashed-out fractional shares. A person otherwise entitled to a fractional interest will not have any voting, dividend or other rights except to receive payment as described above.

Effect on Beneficial Holders of common stock (i.e. stockholders who hold in “street name”)

Upon the reverse stock split, we intend to treat shares held by stockholders in “street name,” through a bank, broker or other nominee, in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers or other nominees will be instructed to make effective the reverse stock split for their beneficial holders holding the common stock in “street name”. However, these banks, brokers or other nominees may have different procedures than registered stockholders for processing the reverse stock split and making payment for fractional shares. If a stockholder holds shares of the common stock with a bank, broker or other nominee and has any questions in this regard, stockholders are encouraged to contact their bank, broker or other nominee.

Effect on Registered “Book-Entry” Holders of Common Stock (i.e. stockholders that are registered on the transfer agent’s books and records but do not hold stock certificates)

Certain of the Company’s registered holders of common stock may hold some or all of their shares electronically in book-entry form with the transfer agent. These stockholders do not have stock certificates evidencing their ownership of the common stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.

If a stockholder holds registered shares in book-entry form with the transfer agent, no action needs to be taken to receive post-reverse stock split shares or cash payment in lieu of any fractional share interest, if applicable. If a stockholder is entitled to post-reverse stock split shares, a transaction statement will automatically be sent to the stockholder’s address of record indicating the number of shares of common stock held following the reverse stock split.

If a stockholder is entitled to a payment in lieu of any fractional share interest, a check will be mailed to the stockholder’s registered address as soon as practicable after the Effective Time. By signing and cashing the check, stockholders will warrant that they owned the shares of common stock for which they received a cash payment. The cash payment is subject to applicable federal and state income tax and state abandoned property laws. In addition, stockholders will not be entitled to receive interest for the period of time between the Effective Time of the reverse stock split and the date payment is received.

Effect on Certificated Shares

Stockholders holding shares of common stock in certificate form will be sent a transmittal letter by the transfer agent after the Effective Time. The letter of transmittal will contain instructions on how a stockholder should surrender his or her certificate(s) representing shares of the common stock (“Old Certificates”), to the transfer agent in exchange for certificates representing the appropriate number of whole shares of post-reverse stock split common stock (“New Certificates”). No New Certificate will be issued to a stockholder until such stockholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the transfer agent. No stockholder will be required to pay a transfer or other fee to exchange his, her or its Old Certificates.

Stockholders will then receive a New Certificate(s) representing the number of whole shares of common stock to which they are entitled as a result of the reverse stock split. Until surrendered, the Company will deem outstanding Old Certificates held by stockholders to be cancelled and only to represent the number of whole shares of post-reverse stock split common stock, as applicable, to which these stockholders are entitled.

Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, will automatically be exchanged for new certificates. If an Old Certificate has a restrictive legend, the New Certificate will be issued with the same restrictive legends that are on the Old Certificate.

If a stockholder is entitled to a payment in lieu of any fractional share interest, such payment will be made as described above under "Fractional Shares".

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY STOCK CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Accounting Matters

The reverse stock split will not affect the par value of a share of the common stock. As a result, as of the Effective Time of the reverse stock split, the stated capital attributable to common stock on the Company's balance sheet will be reduced proportionately based on the reverse stock split ratio (including a retroactive adjustment of prior periods), and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. Reported per share net income or loss will be higher because there will be fewer shares of common stock outstanding.

No Appraisal Rights

Under the Delaware General Corporation Law, stockholders are not entitled to appraisal rights with respect to the reverse stock split, and the Company will not independently provide stockholders with any such right.

Certain United States Federal Income Tax Considerations

The following is a summary of certain U.S. federal income tax consequences of the reverse stock split to holders of the common stock. This discussion is based upon the Internal Revenue Code of 1986, as amended (the "Code"), Treasury regulations promulgated thereunder, judicial authorities, published positions of the Internal Revenue Service (the "IRS") and other applicable authorities, all as currently in effect and all of which are subject to change or differing interpretations (possibly with retroactive effect). This discussion is limited to U.S. holders (as defined below) that hold their shares of common stock as capital assets for U.S. federal income tax purposes (generally, assets held for investment). This discussion does not address all of the tax consequences that may be relevant to a particular stockholder or to stockholders that are subject to special treatment under U.S. federal income tax laws, such as:

- stockholders that are not U.S. holders;
- financial institutions;
- insurance companies;
- tax-exempt organizations;
- dealers in securities or foreign currencies;
- persons whose functional currency is not the U.S. dollar;
- traders in securities that elect to use a mark to market method of accounting;
- persons who own more than 5% of the Company's outstanding stock;
-

persons that hold the common stock as part of a straddle, hedge, constructive sale, conversion or other integrated transaction; and

• U.S. holders who acquired their shares of common stock through the exercise of an employee stock option or otherwise as compensation.

If a partnership or other entity taxed as a partnership holds common stock, the tax treatment of a partner in the partnership generally will depend upon the status of the partners and the activities of the partnership. Partnerships and partners in such a partnership should consult their tax advisors about the tax consequences of the reverse stock split to them.

This discussion does not address the tax consequences of the reverse stock split under state, local or foreign tax laws. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax consequences set forth below.

Holders of the Common Stock are urged to consult with their own tax advisors as to the tax consequences of the reverse stock split in their particular circumstances, including the applicability and effect of the alternative minimum tax and any state, local or foreign and other tax laws and of changes in those laws.

For purposes of this section, the term “U.S. holder” means a beneficial owner of the common stock that for U.S. federal income tax purposes is:

- an individual that is a citizen or resident of the United States;
- a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States or any State or the District of Columbia;
- an estate that is subject to U.S. federal income tax on its income regardless of its source; or
- a trust, the substantial decisions of which are controlled by one or more U.S. persons and which is subject to the primary supervision of a U.S. court, or a trust that validly has elected under applicable Treasury regulations to be treated as a U.S. person for U.S. federal income tax purposes.

Tax Consequences of the Reverse Stock Split Generally

Except as provided below with respect to cash received in lieu of fractional shares, a U.S. holder will not recognize any gain or loss as a result of the reverse stock split.

Cash Received in Lieu of Fractional Shares

A U.S. holder that receives cash in lieu of a fractional share of common stock in the reverse stock split will generally be treated as having received such fractional share and then as having sold such fractional share for cash, and will recognize capital gain or loss in an amount equal to the difference between the amount of cash received and the portion of the basis of the pre-reverse stock split common stock allocable to such fractional interest. Such gain or loss generally will be long-term capital gain or loss if the U.S. holder’s holding period in the common stock exchanged therefor was greater than one year as of the date of the exchange. Under certain circumstances, the cash might instead be treated as a return of capital or, if the Company has current or accumulated earnings and profits, a dividend.

Tax Basis and Holding Period

A U.S. holder's aggregate tax basis in the common stock received in the reverse stock split will equal such stockholder's aggregate tax basis in the common stock surrendered in the reverse stock split reduced by any amount allocable to a fractional share of post-reverse stock split common stock for which cash is received. The holding period for the shares of the common stock received in the reverse stock split generally will include the holding period for the shares of the common stock exchanged therefor.

The Company does not have any plans, proposals or arrangements to issue for any purpose, including future acquisitions and/or financings, any of the authorized shares of common stock that would become newly available for issuance following the reverse stock split.

This proposal requires approval by a majority of the votes entitled to vote at the Special Meeting.

This Proposal 3 is not conditioned upon the approval by stockholders of Proposal 1 or Proposal 2 in this Proxy Statement. If Proposal 3 is approved by stockholders and Proposal 1 or Proposal 2 is rejected by stockholders, Proposal 3 will take effect, subject to the Board's right to abandon its implementation, as described herein.

RECOMMENDATION OF THE BOARD FOR PROPOSAL 3:

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE TO APPROVE TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT AT A RANGE OF 1 FOR 10 THROUGH 1 FOR 50 AND TO REDUCE THE NUMBER OF SHARES OF THE COMPANY'S AUTHORIZED COMMON STOCK, AT THE BOARD'S DISCRETION.

The holders of the Common Stock shall have voting rights at all meetings of stockholders, each such holder being entitled to one vote for each share thereof held by such holder; provided, however, that, except as otherwise required by law, holders of Common Stock shall not be entitled to vote on any amendment to this Certificate of Incorporation (which, as used herein, shall mean the Certificate of Incorporation of the Corporation, as amended from time to time, including the terms of any certificate of designations of any series of Preferred Stock) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together as a class with the holders of one or more other such series, to vote thereon pursuant to this Certificate of Incorporation. Any shares of Preferred Stock which may be redeemed, purchased or acquired by the Corporation may be reissued except as otherwise provided by law.

Authority is hereby expressly granted to the Board of Directors from time to time to issue the Preferred Stock in one or more series, and in connection with the creation of any such series, by resolution or resolutions providing for the issuance of the shares thereof, to determine and fix the number of shares of such series and such voting powers, full or limited, or no voting powers, and such designations, preferences and relative participating, optional or other special rights, and qualifications, limitations or restrictions thereof, including without limitation thereof, dividend rights, conversion rights, redemption privileges and liquidation preferences, as shall be stated and expressed in such resolutions, all to the full extent now or hereafter permitted by the General Corporation Law of Delaware. Without limiting the generality of the foregoing, the resolutions providing for issuance of any series of Preferred Stock may provide that such series shall be superior or rank equally or be junior to the Preferred Stock of any other series to the extent permitted by law.

RESOLVED, that the Certificate of Incorporation of PAID, Inc. be amended by changing the FOURTH Article thereof so that, as amended said Article shall be and read in its entirety as follows:

“FOURTH: The amount of total authorized capital stock of the corporation shall consist of [400,000,000][600,000,000]* shares, consisting of (i) [350,000,000][550,000,000]* shares of Common Stock, \$.001 par value per share (“Common Stock”), and (ii) 50,000,000 shares of Preferred Stock, \$.001 par value per share (“Preferred Stock”).

The following is a statement of the designations and the powers, privileges and rights, and the qualifications, limitations or restrictions thereof in respect of each class of capital stock of the Corporation.

(c) COMMON STOCK.

(i) General. The voting, dividend and liquidation rights of the holders of the Common Stock are subject to and qualified by the rights of the holders of the Preferred Stock of any series as may be designated by the Board of Directors upon any issuance of the Preferred Stock of any series.

(ii) Voting. The holders of the Common Stock shall have voting rights at all meetings of stockholders, each such holder being entitled to one vote for each share thereof held by such holder; provided, however, that, except as otherwise required by law, holders of Common Stock shall not be entitled to vote on any amendment to this Certificate of Incorporation (which, as used herein, shall mean the Certificate of Incorporation of the Corporation, as amended from time to time, including the terms of any certificate of designations of any series of Preferred Stock) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together as a class with the holders of one or more other such series, to vote thereon

pursuant to this Certificate of Incorporation. There shall be no cumulative voting.

The number of authorized shares of Common Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the stock of the Corporation entitled to vote, irrespective of the provisions of Section 242(b)(2) of the General Corporation Law of Delaware.

(iii) Dividends. Dividends may be declared and paid on the Common Stock from funds lawfully available therefor as and when determined by the Board of Directors and subject to any preferential dividend or other rights of any then outstanding Preferred Stock.

(iv) Liquidation.
