CONTINUING CONNECTED TRANSACTIONS AND

DISCLOSEABLE TRANSACTION

Reference is made to the announcement of the Company dated 30 August 2013 and the circular of the Company dated 25 September 2013 in relation to, amongst others, the Existing Continuing Connected Transactions in respect of agreements for the provision of goods and/or services between certain members of the CEA Holding Group and the Group.

In order to better manage the Existing Continuing Connected Transactions and to regulate the continuing business relationships between the Group and the CEA Holding Group, the Company entered into the respective renewed agreements relating to the Existing Continuing Connected Transactions.

In respect of the provision of deposit services under the Financial Services Renewal Agreement, the relevant percentage ratios applicable to such transactions for the purpose of Chapter 14A of the Listing Rules is expected to exceed 5% on an annual basis in the on-going performance of the agreement. Such transactions together with the

Annual Caps therefore are subject to the reporting, announcement, annual review and Independent Shareholders' approval requirements under the Listing Rules. Furthermore, as the relevant applicable percentage ratios set out in the Listing Rules in respect of such transactions are expected to exceed 5% but be less than 25%, they also constitute discloseable transactions pursuant to the Listing Rules and are accordingly subject to the notification and announcement requirements under Chapter 14 of the Listing Rules.

- 1 -

In respect of the provision of loan and financing services under the Financial Services Renewal Agreement, since the services are being provided by the Eastern Air Finance Entities to the Group at interest rates not higher than the relevant rates set by the People's Bank of China and negotiated on arm's length basis and determined by market principles and by reference to the interest rates set by independent third-party financial institutions, the transaction involves provision of financial assistance by the Eastern Air Finance Entities for the benefit of the Group on normal commercial terms (or better to the Group) where no security over the assets of the Group is granted in respect of the financial assistance. This part of the transaction is therefore exempt from the reporting, announcement, annual review and Independent Shareholders' approval requirements, by virtue of Rule 14A.90 of the Listing Rules.

In respect of the provision of the "other financial services" under the Financial Services Renewal Agreement, the relevant services provided by the Eastern Air Finance Entities and the CES Finance Entities for each of the two financial years ended 31 December 2014 and 2015 are minimal and any future transactions that may take place between the Group (on the one hand) and the Eastern Air Finance Entities or the CES Finance Entities (on the other hand) in respect of such services is expected to be minimal. Accordingly, pursuant to Rule 14A.76, such transactions are exempt from all reporting, announcement, annual review and Independent Shareholders' approval requirements. Should the actual transaction amount exceeds the de minimis threshold in future, the Company will comply with the applicable connected transaction regulatory requirements under Chapter 14A of the Listing Rules.

Apart from the transactions relating to the provision of deposit services under the Financial Services Renewal Agreement, as the relevant applicable percentage ratios set out in the Listing Rules in respect of the transactions under each Renewed Continuing Transaction are expected to be more than 0.1% but less than 5% on an annual basis, such transactions fall within Rule 14A.76 of the Listing Rules and are subject to the reporting, announcement and annual review requirements only and are exempt from Independent Shareholders' approval under the Listing Rules.

With respect to: (i) the transactions relating to the provision of loan and financing services under the Financial Services Renewal Agreement; and (ii) the transactions under the Catering Services Renewal Agreement, pursuant to the relevant provisions of the Shanghai Listing Rules, such transactions will be subject to Independent Shareholders' approval at the EGM.

A notice of EGM will be despatched on or around 9 September 2016. A circular containing further information in relation to (i) the transactions relating to the provision of deposit services under the Financial Services Renewal Agreement and the associated Annual Caps, (ii) the letter of recommendation from the Independent Board Committee to the Independent Shareholders; and (iii) a letter of advice by Octal Capital Limited to the Independent Board Committee and the Independent Shareholders, will be issued by the Company and despatched to its shareholders no later than 21 September 2016, because additional time is required to prepare the information to be inserted in the circular.

A. RENEWAL OF EXISTING CONTINUING CONNECTED TRANSACTIONS

Background

Reference is made to the announcement of the Company dated 30 August 2013 and the circular of the Company dated 25 September 2013 in relation to, amongst others, the Existing Continuing Connected Transactions in respect of agreements for the provision of goods and/or services between certain members of the CEA Holding Group and the Group.

In order to better manage the Existing Continuing Connected Transactions and to regulate the continuing business relationships between the Group and the CEA Holding Group, the Company entered into the respective renewed agreements relating to the Existing Continuing Connected Transactions. These agreements are set out as follows:

Agreements	Counterparties and connected person relationship
1. Property Leasing Renewal Agreement	CEA Holding, which is directly or indirectly interested in approximately 56.38% of the Company's issued share capital, and is a controlling shareholder of the Company and thus a connected person thereof. (Eastern Air Group Finance Co., Ltd.) (the " Eastern Air Finance Company "), which is directly interested as to approximately 53.75% by, and is thus an associate of, CEA Holding.
2. Financial Services Renewal Agreement	(CES Finance Holding Co., Ltd.) (" CES Finance "), a wholly-owned subsidiary of CEA Holding.
3. Import and Export Services Renewal Agreement (previously known as Import and Export Agency Renewal Agreement)	(Eastern Aviation Import & Export Co., Ltd.) (" Eastern Aviation Import & Export Company "), which is directly interested as to 55% by, and is thus an associate of, CEA Holding.
4. Catering Services Renewal Agreement	(China Eastern Air Catering Investment Co., Ltd.) (" China Eastern Air Catering Company "), which is directly interested as to 55% by, and is thus an associate of, CEA Holding.

Agreements

Counterparties and connected person relationship

5. Complementary Services Renewal Agreement (previously known as Maintenance and Repair Services Renewal Agreement)

(CEA Development Co., Ltd.) (“**CEA Development**”) wholly-owned subsidiary of CEA Holding.

6. Advertising Services Renewal Agreement

ߥ (China Eastern Airlines Media Co., Ltd. **CEA Media**”), which is directly interested as to 55% by, and is thus an associate of, CEA Holding.

Certain charges for the services under the above agreements are determined based on tariffs, if available and applicable, set by the relevant PRC or industry regulatory authorities. Those transactions where the charges are not set by reference to prescribed regulatory tariffs are determined based on commercial negotiations between the parties, in each case on an arm’s length basis. The terms of these transactions are, as currently anticipated, no less favourable than the terms as may be available to the Group from independent third parties and are, in the Directors’ view, fair and reasonable and in the interests of the Company and its shareholders as a whole.

In compliance with the relevant requirements under the Listing Rules, the Company has set maximum annual consideration or values, or annual caps, in respect of each of the Renewed Continuing Connected Transactions. These annual caps are, to the extent appropriate, determined by reference to factors including historical figures and expected future business growth which, in the Directors’ view, are fair and reasonable.

1. Property Leasing Renewal Agreement

CEA Holding is a wholly PRC state-owned enterprise. It is principally engaged in managing all the state-owned assets and equity interest formed and invested by the state in CEA Holding and its invested enterprises.

Please refer to the paragraphs headed “Property Leasing Renewal Agreement” on pages 4 to 7 of the Company’s announcement dated 30 August 2013 for the background and history of the Existing Property Leasing Agreement.

On 30 August 2016, the Company entered into an agreement relating to the renewal of the Existing Property Leasing Agreement with CEA Holding (the “**Property Leasing Renewal Agreement**”). Pursuant to the Property Leasing Renewal Agreement, the Company will lease from CEA Holding and its subsidiaries the following properties, for use by the Group in its daily airlines and other business operations:

altogether 17 land properties owned by CEA Holding in Lanzhou, Gansu, covering an aggregate site area of (a) approximately 234,989 square metres together with a total of 81 building properties, construction, structures and other ancillary facilities occupying an aggregate floor area of approximately 54,290 square metres;

- 4 -

- altogether 3 land properties owned by CEA Holding in Kunming, Yunnan, covering an aggregate site area of
- (b) 44,835 square metres together with a total of 24 building properties, construction, structures and other ancillary facilities occupying an aggregate floor area of approximately 67,992 square metres;
 - (c) 1 building property, construction, structures and other ancillary facilities owned by CEA Holding in Shijiazhuang, occupying an aggregate floor area of approximately 8,853 square metres;
 - (d) a total of 67 building properties, construction, structures and other ancillary facilities owned by CEA Holding in Taiyuan, occupying an aggregate floor area of approximately 45,068 square metres;
 - (e) a total of 7 building properties, construction, structures and other ancillary facilities owned by CEA Holding in Shanghai, occupying an aggregate floor area of approximately 13,195 square metres;
- altogether 16 land properties owned by CEA Northwest, covering an aggregate site area of approximately 393,929
- (f) square metres together with a total of 115 building properties, construction, structures and other ancillary facilities occupying an aggregate floor area of approximately 88,440 square metres;
 - (g) a total of altogether 33 guest rooms in Eastern Hotel owned by CEA Holding, occupying an aggregate floor area of approximately 1,500 square metres located in Shanghai; and
 - (h) other land and property facilities owned by CEA Holding as may be leased to the Company from time to time due to the business and operational needs of the Company.

In addition to and on the terms and conditions to be further agreed, the Company shall lease some of the properties legally owned or leased by the Group to subsidiaries of CEA Holding as needed by the subsidiaries of CEA Holding.

Term

The Property Leasing Renewal Agreement will be effective for a term of 3 years commencing from 1 January 2017 to 31 December 2019.

With effect from 1 January 2017, the Existing Property Leasing Agreement will be terminated.

Pricing

Under the Property Leasing Renewal Agreement, the annual rental payable by the Company to CEA Holding and its subsidiaries shall be based on prevailing market rates available from independent third parties under comparable conditions. Such annual rental shall be determined based on arm's length negotiations after considering factors such as quality of services and the region in which the properties are located, and shall be no less favourable than those offered by CEA Holding and/or its subsidiaries to independent third parties under comparable conditions. Such rental is payable half-yearly in advance. The Company will designate departments or officials to be responsible for checking the price and terms offered by independent third parties for the same type of property leasing services (in general, through emails, fax or telephone consultation with at least two independent third parties providing the relevant services), to ensure that the terms of the Property Leasing Renewal Agreement are fair and reasonable and no less favourable than to those offered by independent third parties.

Reasons for and benefits of the transactions

The Group's civil aviation business comprises businesses previously operated by CEA Northwest and CEA Holding. Accordingly, properties currently held, occupied and/or used by CEA Northwest and CEA Holding associated with their civil aviation businesses shall be leased to the Company, such that the Group will be able to continue to use such properties in its daily airlines and other business operations. The Company therefore entered into the Property Leasing Renewal Agreement which secures the Group its right to use the relevant properties at rentals which are no higher than the prevailing market rates.

Accordingly, the Directors (including the independent non-executive Directors) believe that the transactions under the Property Leasing Renewal Agreement are conducted on normal commercial terms or on terms no less favourable to the Company than those available from independent third parties, and are entered into in the ordinary course of business of the Company, and are fair and reasonable and in the interests of the Company and its shareholders as a whole.

Historical figures

The historical figures for the rentals paid by the Company in respect of the Existing Property Leasing Agreement for each of the two financial years ended 31 December 2014 and 2015 are approximately RMB50,050,000 and RMB52,000,000 respectively.

Annual caps

Taking into account the rise in property rentals in the property leasing market in recent years, the expected continuous rise in the future and the Company's operational needs, it is expected that the annual rental payable by the Company under the Property Leasing Renewal Agreement will not exceed RMB80,000,000, RMB85,000,000 and RMB90,000,000 for each of the three financial years ending 31 December 2017, 2018 and 2019 respectively.

Listing Rules implications

As the relevant applicable percentage ratios set out in the Listing Rules in respect of transactions regarding leasing of properties by CEA Holding and its subsidiaries to the Company under the Property Leasing Renewal Agreement are expected to be more than 0.1% but less than 5% on an annual basis, such transactions are subject to the reporting, announcement and annual review requirements only and are exempt from Independent Shareholders' approval under the Listing Rules.

As the transactions regarding leasing of properties by the Company to the subsidiaries of CEA Holding under the Property Leasing Renewal Agreement are expected to be minimal, such transactions are exempt from all reporting, announcement, annual review and Independent Shareholders' approval requirements pursuant to Rule 14A.76 of the Listing Rules. Should the actual transaction amount exceeds the de minimis threshold in future, the Company will comply with the applicable connected transaction regulatory requirements under Chapter 14A of the Listing Rules.

Term

The Financial Services Renewal Agreement will be effective for a term of 3 years commencing from 1 January 2017 to 31 December 2019.

With effect from 1 January 2017, the Existing Financial Services Agreement will be terminated.

The fees and charges payable shall be negotiated on arm's length basis and determined by market principles and by reference to the fees and charges set by independent third-party financial institutions. The fees and charges, together with other details in respect of each specific transaction for the particular services, will

In respect of deposit services and loan and financing services, the interests on deposits and the expenses on loans are payable on a quarterly basis. In respect of other financial services, the service fees and charges are payable based on the actual amount incurred of each transaction as specified in the implementation agreement(s) between the relevant member(s) of the Group and the respective Eastern Air Finance Entity and CES Finance Entity. The payment terms are in line with market practice.

With regard to the deposit services, Eastern Air Finance Entity will inform the Company's finance department the relevant rates set by the People's Bank of China for similar services and provide the Company with the cap value of the interest rate stipulated by the government when the Group's deposits are being placed in the Eastern Air Finance Entities, which rates shall be independently verified by the Company. In addition, the Company will consider the quality of services provided by the Eastern Air Finance Entities and other third-party banks or financial institutions in making its choice of service provider. With regard to the deposit services and loan and financing services, the Company's finance department will check the relevant rates set by the People's Bank of China for similar services and compare with the rates provided by at least two other independent third-party commercial banks or financial institutions when deposit services and loans and financing services are needed by the Group.

To further safeguard the Group's fund security, the Company's finance department shall obtain and review the latest audited annual report of Eastern Air Finance Company to assess the risk before the deposits are actually made by the Company. During the period the deposits are placed with the Eastern Air Finance Entity, the Company's finance department shall have access to and review the financial reports of Eastern Air Finance Company regularly to assess the risk of the Group's deposits in the Eastern Air Finance Entities. In addition, Eastern Air Finance Company will inform the Company's finance department the balance of the Group's deposits in the Eastern Air Finance Entities and the balance of loans provided by the Eastern Air Finance Entities to the Group on a monthly basis. The finance department of the Company will designate a person who is specifically responsible to monitor the relevant rates set by the People's Bank of China for similar deposits and loan and financing services and the policy promulgated by the People's Bank of China to ensure that each transaction is conducted in accordance with the pricing policy above under the Financial Services Renewal Agreement.

In respect of other financial services, the Company's finance department will check the standard fees and charges as specified by PRC regulatory authorities and, if necessary, the fees and charges provided by independent third-party commercial banks or broker companies in the PRC and compare with the fees and charges provided by Eastern Air Finance Entity and CES Finance Entity in accordance with the implementation agreement(s) between the relevant member(s) of the Group and the respective Eastern Air Finance Entity and CES Finance Entity to ensure the service fees and charges will be no less favourable to the Company than terms available from other commercial banks and broker companies. Moving forward, the Company expects to obtain at least two or more offers before deciding to choose the Eastern Air Finance Entity, the CES Finance Entity or other commercial bank or financial institution as service provider.

Reasons for and benefits of the transaction

Through the long-term cooperation between the Group and Eastern Air Finance Entities in respect of deposit services and loan and financing services, the transactions under the Financial Services Renewal Agreement will satisfy the business needs of the Company, strengthen the centralized management and effectiveness in the utilisation of the Company's funds and ensure effective development of the Company's business. Under the Financial Services Renewal Agreement, (i) the Group will receive interest on its moneys deposited with the respective Eastern Air Finance Entity at rates which are no less favourable than the relevant rates set by the People's Bank of China, resulting in an increase in the Company's capital gain; (ii) the Group will be able to obtain loans and financing from the respective Eastern Air Finance Entity with priority at interest rates not higher than the relevant rates set by the People's Bank of China, the Company can obtain funds promptly and effectively and the financial expenses will be reduced. The loan extension cycle of CES Finance Entities is short, therefore loans can be extended in one day; and (iii) Eastern Air Finance Company, which provides the services of fund clearing platform to the Company, helps to strengthen the centralized management of funds and reduce the transit time of funds.

Further, the Company may withdraw the whole or part of its deposits placed with Eastern Air Finance Company at any time to ascertain the safety and liquidity of such deposits. The ownership of such deposits remains with the Group and does not pass to the Eastern Air Finance Entities. In addition, the rules and regulations promulgated by China Banking Regulatory Commission to regulate the activities of non-bank finance companies, including Eastern Air Finance Company, and the internal policies of the Company further monitor and safeguard the Group's deposits in the Eastern Air Finance Entities. The Company is not restricted under the Financial Services Renewal Agreement to approach, and in fact may choose, any bank or financial institution to satisfy its financial service needs. Its criteria in making the choice could be made on costs and quality of services. Therefore, the Group may, but is not obliged to, continue to use the Eastern Air Finance Entities' services if the service quality provided is competitive. Having such flexibility afforded under the Financial Services Renewal Agreement, the Group is able to better manage its current capital and cash flow position. In addition, it is also expected that the Eastern Air Finance Entities will provide more efficient settlement service to the Group, as compared to independent third-party financial institutions.

Accordingly,

With regard to the transactions relating to the provision of loan and financing services and "other financial services" under the Financial Services Renewal Agreement, the Directors (including the independent non-executive Directors) believe that the relevant transactions are conducted on normal commercial terms or on terms no less favourable to the Company than those available from independent third parties, and are entered into in the ordinary course of business of the Company, and are fair and reasonable and in the interests of the Company and its shareholders as a whole.

With regard to the transactions relating to the provision of deposit services under the Financial Services Renewal Agreement, the Directors (excluding, at present, the independent non-executive Directors) believe that the relevant transactions are conducted on normal commercial terms or on terms no less favourable to the Company than those available from independent third parties, and are entered into in the ordinary course of business of the Company, and are fair and reasonable and in the interests of the Company and its shareholders as a whole. As such transactions will be subject to Independent Shareholders' approval at the EGM, the independent non-executive Directors shall establish the Independent Board Committee to advise the Independent Shareholders in respect of such transactions via the circular to be issued by the Company and despatched to its shareholders no later than 21 September 2016 in accordance with the Listing Rules.

Historical figures

The historical maximum daily outstanding balance of the deposit services provided by the Eastern Air Finance Entities to the Group in respect of the Existing Financial Services Agreement for each of the two financial years ended 31 December 2014 and 2015 are approximately RMB5,151,900,000 and RMB3,869,390,000 respectively. The historical maximum daily outstanding balance of the loan and financing services provided by the Eastern Air Finance Entities to the Group in respect of the Existing Financial Services Agreement for each of the two financial years ended 31 December 2014 and 2015 are approximately RMB700,000,000 and RMB1,000,000,000 respectively. In respect of the provision of the “other financial services” under the Existing Financial Services Agreement, the fees and charges paid for such transactions for each of the two financial years ended 31 December 2014 and 2015 are minimal. Accordingly, pursuant to Rule 14A.76, such transactions are exempt from all reporting, announcement, annual review and Independent Shareholders’ approval requirements.

Annual caps

The proposed Annual Caps for deposit services pursuant to the Financial Services Renewal Agreement are mainly based on the fact that: (i) the Group’s cash flow and cash needs are expected to continue to increase as a result of the anticipated growth and expansion of the fleet size of the Group; (ii) considering the Group’s increased use of financing instruments, such as super short-term commercial paper, medium-term notes and bonds, it is expected that following the continuous expansion of scale of financing of the Group in the following three years, there will be an increase in cash flow and thus an increase in the demand for deposits in the short-term and (iii) in order to improve capital efficiency, the Group has further strengthened the centralized management of its funds, which results in an increase in cash flow of the Group. With the growing business scale of the Company, continuous enhancement of its capital management capability and further strengthening of its efforts in centralized capital management, the demand for deposits will increase.

The Group intends to centralise capital management through the Eastern Air Finance Entities in order to improve the Group’s capital efficiency.

The PRC economy and the domestic and overseas air transportation market are anticipated to continue to grow in the near future. Accordingly, it is expected that the volume of the Group’s cash flow and cash needs will increase.

Having considered the historical figures and taking account of the circumstances mentioned above, the maximum daily outstanding balance of deposits as contemplated under the Financial Services Renewal Agreement are not expected to exceed RMB10,000,000,000, RMB11,500,000,000 and RMB13,000,000,000 for each of the three

financial years ending 31 December 2017, 2018 and 2019, taking into account the anticipated gradual and organic growth of the Group's business over these years.

The Directors believe that these proposed annual caps will be able to provide the Group with sufficient flexibility for its expected financial arrangements with the Eastern Air Finance Entities in the future.

Listing Rules implications

In respect of the provision of deposit services under the Financial Services Renewal Agreement, the relevant percentage ratios applicable to such transactions for the purpose of Chapter 14A of the Listing Rules is expected to exceed 5% on an annual basis in the on-going performance of the agreement. Such transactions together with the Annual Caps therefore are subject to the reporting, announcement, annual review and Independent Shareholders' approval requirements under the Listing Rules. Furthermore, as the relevant applicable percentage ratios set out in the Listing Rules in respect of such transactions are expected to exceed 5% but be less than

25%, they also constitute discloseable transactions pursuant to the Listing Rules and are accordingly subject to the notification and announcement requirements under Chapter 14 of the Listing Rules.

In respect of the provision of loan and financing services under the Financial Services Renewal Agreement, since the services are being provided by the Eastern Air Finance Entities to the Group at interest rates not higher than the relevant rates set by the People's Bank of China and negotiated on arm's length basis and determined by market principles and by reference to the interest rates set by independent third-party financial institutions, the transaction involves provision of financial assistance by the Eastern Air Finance Entities for the benefit of the Group on normal commercial terms (or better to the Group) where no security over the assets of the Group is granted in respect of the financial assistance. This part of the transaction is therefore exempt from the reporting, announcement, annual review and Independent Shareholders' approval requirements, by virtue of Rule 14A.90 of the Listing Rules.

However, with respect to the provision of loan and financing services, pursuant to the relevant provisions of the Shanghai Listing Rules, such transactions will be subject to Independent Shareholders' approval at the EGM.

In respect of the provision of the "other financial services" under the Financial Services Renewal Agreement, the relevant services provided by the Eastern Air Finance Entities and the CES Finance Entities for each of the two financial years ended 31 December 2014 and 2015 are minimal and any future transactions that may take place between the Group (on the one hand) and the Eastern Air Finance Entities or the CES Finance Entities (on the other hand) in respect of such services is expected to be minimal. Accordingly, pursuant to Rule 14A.76, such transactions are exempt from all reporting, announcement, annual review and Independent Shareholders' approval requirements. Should the actual transaction amount exceeds the de minimis threshold in future, the Company will comply with the applicable connected transaction regulatory requirements under Chapter 14A of the Listing Rules.

3. Import and Export Services Renewal Agreement (previously known as Import and Export Agency Renewal Agreement)

Eastern Aviation Import & Export Company is a company approved by the PRC Ministry of Commerce and is licensed to engage in the business of import and export of aircraft and related aviation equipment and materials in the PRC.

Please refer to the paragraphs headed “Import and Export Agency Renewal Agreement” on pages 11 to 14 of the Company’s announcement dated 30 August 2013 for the background and history of the Existing Import and Export Agency Agreement.

Reasons for and benefits of the transaction

Eastern Aviation Import & Export Company is a PRC qualified company, licensed and experienced in providing import and export agency services in respect of aircraft and related aviation equipment and materials in the PRC. Compared with the few other independent third-party service providers in the market, through its cooperation with the Group for many years, the Eastern Aviation Import & Export Entities have secured a better understanding of the Group's operations, as is evident from the proven track record they have attained. Accordingly, the Directors believe that the Eastern Aviation Import & Export Entities will be able to deliver various timely services of export-import trade to accommodate the operating needs of the Group, catering for its day-to-day business and administrative schedule. The Group will be able to benefit from, as is believed, better organised, efficient and cost-effective import and export services, at prescribed rates which are no less favourable than those offered by the respective Eastern Aviation Import & Export Entity to independent third parties.

Accordingly, the Directors (including the independent non-executive Directors) believe that the transactions under the Import and Export Services Renewal Agreement are conducted on normal commercial terms or on terms no less favourable to the Company than those available from independent third parties, and are entered into in the ordinary course of business of the Company, and are fair and reasonable and in the interests of the Company and its shareholders as a whole.

As the relevant applicable percentage ratios set out in the Listing Rules in respect of the transactions under the Catering Services Renewal Agreement are expected to be more than 0.1% but less than 5% on an annual basis, such transactions are subject to the reporting, announcement and annual review requirements only and are exempt from Independent Shareholders' approval under the Listing Rules. Due to a corporate reorganisation within CEA Holding, CEA Property Co., Ltd. (19978;28023; 29289;) ; Eastern Air Tourism Group Co., Ltd. (26053; ()) were merged into CEA Development. Therefore, the scope of transactions between the Company and CEA Development has changed.

Reasons for and benefits of the transaction

The Directors believe that it is in the best interest of the Group to procure the required services and the supply of equipment and materials from the CEA Development Entities considering that the CEA Development Entities have special strengths that independent third-party service or other providers generally do not possess. Such strengths include aviation industry expertise, knowledge and qualification of the CEA Development Entities to meet the demand of certain types of work, its track record of quality and timely service provided to the Group, its familiarity with the needs of the Group and its convenient location (in the vicinity of certain local sites of the Group) enabling it to offer quick services and convenient accommodation services.

Accordingly, the Directors (including the independent non-executive Directors) believe that the transactions under the Complementary Services Renewal Agreement are conducted on normal commercial terms or on terms no less favourable to the Company than those available from independent third parties, and are entered into in the ordinary course of business of the Company, and are fair and reasonable and in the interests of the Company and its shareholders as a whole.

Listing Rules implications

As the relevant applicable percentage ratios set out in the Listing Rules in respect of the transactions under the Complementary Services Renewal Agreement are expected to be more than 0.1% but less than 5% on an annual basis, such transactions are subject to the reporting, announcement and annual review requirements only and are exempt from Independent Shareholders' approval under the Listing Rules.

6. Advertising Services Renewal Agreement

CEA Media is a company principally engaged in the businesses of multi-media advertising operations, including advertising design and production, and organising promotional functions and campaigns.

Please refer to the paragraphs headed "Advertising Services Renewal Agreement" on pages 20 to 22 of the Company's announcement dated 30 August 2013 for the background and history of the Existing Advertising Services Agreement.

On 30 August 2016, the Company entered into an agreement relating to the renewal of the Existing Advertising Services Agreement with CEA Media on substantially the same terms, pursuant to which CEA Media and its subsidiaries (each a "**CEA Media Entity**" and collectively the "**CEA Media Entities**") will from time to time provide the Group with multi-media advertising services to promote its business and to organise promotional functions and campaigns to enhance its reputation in the civil aviation industry (the "**Advertising Services Renewal Agreement**").

Term

The Advertising Services Renewal Agreement will be effective for a term of 3 years commencing from 1 January 2017 to 31 December 2019.

With effect from 1 January 2017, the Existing Advertising Services Agreement will be terminated.

– 21 –

Pricing

Under the Advertising Services Renewal Agreement, the service fees payable to the respective CEA Media Entity for its services provided shall be based on prevailing market rates available from independent third-party service providers under comparable conditions. Such service fees shall be determined based on arm's length negotiations after considering factors such as quality of service and specific needs of the Company, and shall be no less favourable than those offered by the respective CEA Media Entity to independent third parties. The Company will designate departments or officials to be responsible for checking the price and terms offered by independent third parties for the same type of advertising services (in general, through emails, fax or telephone consultation with at least two independent third parties providing the relevant services).

At the beginning of each calendar year, the Company will pay the CEA Media Entities a lump sum representing its budgeted advertising expenses for that year, and the CEA Media Entities shall accordingly structure and carry out their advertising functions for the Group, and shall offset their service fees from that sum deposited by the Company on a quarterly basis in arrears.

Reasons for and benefits of the transaction

Advertising businesses are not the core competencies of the Group while the CEA Media Entities are experienced in advertising operations and have a proven track record with an extensive network of advertising sponsors to draw upon. In addition, compared with other independent third-party service providers, CEA Media has, through its cooperation with the Group for many years, secured a better understanding of the Group's culture and operations, and thus the advertising functions procured by the CEA Media Entities for the Group would better fit and cater to its public relations and marketing strategies. Further, the advertising functions of all members within the Group will be centrally organised by the CEA Media Entities, which will, as is believed, be better managed and cost-effective.

Accordingly, the Directors (including the independent non-executive Directors) believe that the transactions under the Advertising Services Renewal Agreement are conducted on normal commercial terms or on terms no less favourable to the Company than those available from independent third parties, and are entered into in the ordinary course of business of the Company, and are fair and reasonable and in the interests of the Company and its shareholders as a whole.

Historical figures

The historical figures of the total service fees paid by the Group in respect of the Existing Advertising Services Agreement for each of the two financial years ended 31 December 2014 and 2015 are approximately RMB4,760,000 and RMB23,750,000 respectively.

Annual caps

Based on such historical figures, and factors such as the expected expansion and development of the Group's business, the Group will increase its investments in advertisements, and the total amounts of service fees payable by the Company to the CEA Media Entities under the Advertising Services Renewal Agreement for the three financial years ending 31 December 2017, 2018 and 2019 are not expected to exceed RMB75,000,000, RMB80,000,000 and RMB85,000,000, respectively, taking into account the anticipated gradual and organic growth of the Group's business over these years.

Listing Rules implications

As the relevant applicable percentage ratios set out in the Listing Rules in respect of the transactions under the Advertising Services Renewal Agreement are expected to be more than 0.1% but less than 5% on an annual basis, such transactions are subject to the reporting, announcement and annual review requirements only and are exempt from Independent Shareholders' approval under the Listing Rules.
