## AMREP CORPORATION AND SUBSIDIARIES

Notes to Consolidated Financial Statements (Unaudited)

Six Months Ended October 31, 2016 and 2015

### **(1) BASIS OF PRESENTATION**

The accompanying unaudited consolidated financial statements have been prepared by AMREP Corporation (the “Company”) pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”) for interim financial information, and do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. The Company, through its subsidiaries, is primarily engaged in two business segments: the real estate business operated by AMREP Southwest Inc. (“AMREP Southwest”) and its subsidiaries and the Fulfillment Services business operated by Palm Coast Data LLC (“Palm Coast”) and its affiliates. The Company’s foreign sales are insignificant. All significant intercompany accounts and transactions have been eliminated in consolidation.

In the opinion of management, these unaudited consolidated financial statements include all adjustments, which are of a normal recurring nature, considered necessary to reflect a fair presentation of the results for the interim periods presented. The results of operations for such interim periods are not necessarily indicative of what may occur in future periods. Unless otherwise qualified, all references to 2017 and 2016 are to the fiscal years ending April 30, 2017 and 2016 and all references to the second quarter and first six months of 2017 and 2016 mean the fiscal three and six month periods ended October 31, 2016 and 2015.

The unaudited consolidated financial statements herein should be read in conjunction with the Company’s annual report on Form 10-K for the year ended April 30, 2016, which was filed with the SEC on July 29, 2016 (the “2016 Form 10-K”).

### **Recently Issued Accounting Pronouncements**

In March 2016, the Financial Accounting Standards Board (the “FASB”) issued Accounting Standards Update (“ASU”) No. 2016-09, *Compensation - Stock Compensation: Improvements to Employee Share-Based Payment Accounting*. The update simplifies several aspects of accounting for employee share-based payment transactions, including the accounting for income taxes, forfeitures, and statutory tax withholding requirements, as well as classification in the statement of cash flows. ASU 2016-09 is effective for annual reporting periods beginning after December 15, 2016, including interim periods within those annual reporting periods. The adoption of ASU 2016-09 by the Company is not

expected to have a material effect on its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, *Leases*. ASU 2016-02 requires that a lessee recognize the assets and liabilities that arise from operating leases. A lessee should recognize in its balance sheet a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. For leases with a term of twelve months or less, a lessee is permitted to make an accounting policy election by class of underlying asset not to recognize lease assets and lease liabilities. In transition, lessees and lessors are required to recognize and measure leases at the beginning of the earliest period presented using a modified retrospective approach. ASU 2016-02 will be effective for the Company for fiscal year 2020 beginning on May 1, 2019. The Company has not determined the transition approach that will be utilized or estimated the impact of adopting ASU 2016-02.

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers*. This guidance defines how companies report revenues from contracts with customers and also requires enhanced disclosures. In July 2015, the FASB voted to defer the effective date by one year, with early adoption on the original effective date permitted. The Company will be required to adopt ASU 2014-09 as of May 1, 2018 and early adoption is permitted as of May 1, 2017. The Company has not determined when it will adopt ASU 2014-09 and the transition approach that will be utilized or estimated the impact of adopting ASU 2014-09.

**Real Estate Related Party Loan**

AMREP Southwest has a loan from a company owned by Nicholas G. Karabots, a significant shareholder of the Company and in which another director of the Company has a 20% participation. The loan had an outstanding principal amount of \$3,655,000 at October 31, 2016, is scheduled to mature on December 1, 2017, bears interest payable monthly at 8.5% per annum and is secured by a mortgage on all real property of AMREP Southwest in Rio Rancho, New Mexico and by a pledge of the stock of its subsidiary, Outer Rim Investments, Inc. The total book value of the real property collateralizing the loan was approximately \$55,430,000 as of October 31, 2016. The loan may be prepaid at any time without premium or penalty except if the prepayment is in connection with the disposition of AMREP Southwest or substantially all of its assets. No payments of principal are required until maturity, except that the following amounts are required to be applied to the payment of the loan: (a) 25% of the net cash proceeds from any sales of real property by AMREP Southwest and (b) 25% of any royalty payments received by AMREP Southwest under the oil and gas lease described in Note 8.

**Other Notes Payable**

A subsidiary of AMREP Southwest had a loan agreement with U.S. Bank National Association for the construction of a 2,200 square foot, single tenant retail building in Rio Rancho, New Mexico. The loan was scheduled to mature on October 31, 2016, bore interest payable monthly on the outstanding principal amount at 0.5% plus the prime rate, was secured by a mortgage on the real property of approximately one acre where construction of the building had occurred, contained customary events of default, representations, warranties and covenants for a loan of this nature and was guaranteed by AMREP Southwest. As of April 30, 2016, the outstanding principal balance of the loan was \$555,000. In the first quarter of 2017, this property was sold and the outstanding loan balance was satisfied with proceeds from the sale.

**(8) OTHER REVENUES**

During the first quarter of 2017, a subsidiary of AMREP Southwest sold a single tenant retail commercial building in Rio Rancho, New Mexico, which resulted in a pre-tax gain of \$1,496,000.

In addition, refer to Note 11 to the consolidated financial statements contained in the 2016 Form 10-K for detail about the Oil and Gas Lease and the Addendum thereto with Thrust Energy, Inc. and Cebolla Roja, LLC. No royalties under the Lease were received during the first six months of 2017. Revenue from this transaction is being recorded over the lease term and approximately \$57,000 and \$114,000 were recognized during the second quarter and first six months of 2017 and 2016. At October 31, 2016, there was \$417,000 of deferred revenue remaining to be recognized in future periods.

**(9) FAIR VALUE MEASUREMENTS**

The Financial Instruments Topic of the Financial Accounting Standards Board Accounting Standards Codification requires disclosure of fair value information about financial instruments, whether or not recognized in the balance sheet, for which it is practicable to estimate that value. The Topic excludes all nonfinancial instruments from its disclosure requirements. Accordingly, the aggregate fair value amounts presented do not represent the underlying value of the Company. The following methods and assumptions are used in estimating fair value disclosure for financial instruments: the carrying amounts of cash and cash equivalents, trade receivables and trade payables approximate fair value because of the short maturity of these financial instruments.

The Company did not have any long-term, fixed-rate notes receivable at October 31, 2016 or April 30, 2016. The estimated fair value of the Company's long-term, fixed-rate note payable was \$3,340,000 and \$11,102,000 compared with carrying amounts of \$3,655,000 and \$12,384,000 at October 31, 2016 and April 30, 2016.

**(10) BENEFIT PLANS**

Retirement plan

The Company has a defined benefit retirement plan for which accumulated benefits were frozen and future service credits were curtailed as of March 1, 2004. The Company has secured \$5,019,000 of accrued pension-related obligations with first lien mortgages on certain real property in favor of the Pension Benefit Guaranty Corporation (the "PBGC"). On an annual basis, the Company is required to provide updated appraisals on each mortgaged property and, if the appraised value of the mortgaged properties is less than two times the amount of the accrued pension-related obligations secured by the mortgages, the Company is required to make a payment to its pension plan in an amount equal to one-half of the amount of the shortfall. During the first six months of 2017, there was no change in the appraised value of the mortgaged property that required the Company to make any additional payments to its pension plan.

Equity compensation plan

The Company issued 19,500 shares of restricted common stock under the AMREP Corporation 2006 Equity Compensation Plan (the "2006 Equity Plan") during the first six months of 2017. During the first six months of 2017, 11,000 shares of common stock previously issued under the 2006 Equity Plan vested. In addition, 1,000 shares of restricted stock issued under the 2006 Equity Plan prior to 2017 were returned to the Company and will not vest due to the retirement of an employee, leaving 26,500 shares issued under the 2006 Equity Plan that were not vested as of

October 31, 2016. For the second quarter and first six months of 2017, the Company recognized \$20,000 and \$35,000 of compensation expense related to the restricted shares of common stock issued, and \$16,000 and \$37,000 for the same periods of 2016. As of October 31, 2016, there was \$92,000 of total unrecognized compensation expense related to shares of common stock issued under the 2006 Equity Plan which had not vested as of that date, which is expected to be recognized over the remaining vesting term not to exceed three years.

During the second quarter of 2017, the shareholders of the Company, at the Company's 2016 Annual Meeting of Shareholders, approved the AMREP Corporation 2016 Equity Compensation Plan (the "2016 Equity Plan"). The 2016 Equity Plan became effective on September 20, 2016 and authorizes the issuance of up to 500,000 shares of the Company's common stock. The 2016 Equity Plan terminates on, and no award will be granted under the 2016 Equity Plan on or after, September 19, 2026; provided, however, that the Company's Board of Directors may, at any time prior to that date, terminate the 2016 Equity Plan. No awards were issued under the 2016 Equity Plan during the second quarter of 2017.

As previously disclosed, on the last trading day of calendar year 2016, each non-employee member of the Company's Board of Directors will be issued the number of deferred common share units of the Company under the 2016 Equity Plan equal to \$15,000 divided by the closing price per share of common stock reported on the New York Stock Exchange on such date. On the last trading day of each calendar year after calendar year 2016, each non-employee member of the Company's Board of Directors will be issued the number of deferred common share units of the Company under the 2016 Equity Plan equal to \$20,000 divided by the closing price per share of Common Stock reported on the New York Stock Exchange on such date.

(b) Interest expense (income), net includes inter-segment interest expense (income) that is eliminated in consolidation.

The Company uses EBITDA (which the Company defines as income before net interest expense, income taxes, (c) depreciation and amortization, and non-cash impairment charges) in addition to net income (loss) as a key measure of profit or loss for segment performance and evaluation purposes.

## **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

### **INTRODUCTION**

AMREP Corporation (the "Company"), through its subsidiaries, is primarily engaged in two business segments: the real estate business operated by AMREP Southwest Inc. ("AMREP Southwest") and its subsidiaries and the Fulfillment Services business operated by Palm Coast Data LLC ("Palm Coast") and its affiliates. Information concerning industry segments is set forth in Note 11 of the notes to the consolidated financial statements included in this report on Form 10-Q. All significant intercompany accounts and transactions have been eliminated in consolidation. The Company's

foreign sales and activities are not significant.

The following provides information that management believes is relevant to an assessment and understanding of the Company's consolidated results of operations and financial condition. The information contained in this section should be read in conjunction with the unaudited consolidated financial statements and related notes thereto appearing elsewhere in this quarterly report on Form 10-Q and with the 2016 Form 10-K. Many of the amounts and percentages presented in this section have been rounded for convenience of presentation. Unless otherwise qualified, all references to 2017 and 2016 are to the fiscal years ending April 30, 2017 and 2016 and all references to the second quarter and first six months of 2017 and 2016 mean the fiscal three and six month periods ended October 31, 2016 and 2015.

## **CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

Management's discussion and analysis of financial condition and results of operations is based on the accounting policies used and disclosed in the 2016 consolidated financial statements and accompanying notes that were prepared in accordance with accounting principles generally accepted in the United States of America and included as part of the 2016 Form 10-K. The preparation of those consolidated financial statements required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual amounts or results could differ from those estimates.

The critical accounting policies, assumptions and estimates are described in Item 7 of Part II of the 2016 Form 10-K. There have been no changes in these accounting policies.

The significant accounting policies of the Company are described in Note 1 to the consolidated financial statements contained in the 2016 Form 10-K. Information concerning the Company's implementation and the impact of recent accounting standards issued by the Financial Accounting Standards Board is included in the notes to the consolidated financial statements contained in the 2016 Form 10-K and the unaudited consolidated financial statements and related notes thereto appearing elsewhere in this quarterly report on Form 10-Q. The Company did not adopt any accounting policy in the first six months of 2017 that had a material impact on its consolidated financial statements.

## **RESULTS OF OPERATIONS**

For the second quarter of 2017, the Company recorded net income of \$112,000, or \$0.01 per share, compared to a net loss of \$676,000 or \$0.08 per share, for the second quarter of 2016. For the first six months of 2017, the Company recorded net income of \$742,000, or \$0.09 per share, compared to a net loss of \$1,855,000, or \$0.23 per share, for the same period of 2016. Revenues were \$11,465,000 and \$23,673,000 for the second quarter and first six months of 2017 compared to \$11,221,000 and \$20,796,000 for the same periods of the prior year.

Revenues from the Company's real estate land sales were \$3,529,000 and \$6,249,000 for the second quarter and first six months of 2017 compared to \$2,180,000 and \$2,290,000 for the same periods of 2016. For the second quarter and first six months of 2017 and 2016, the Company's land sales in New Mexico were as follows:

	Ended October 31, 2016			Ended October 31, 2015

The average gross profit percentage on land sales was 16.6% and 11.6% for the second quarter and first six months of 2017 compared to 13.7% and 16.2% for the same periods of 2016. As a result of many factors, including the nature and timing of specific transactions and the type and location of land being sold, revenues, average selling prices and related average gross profits from land sales can vary significantly from period to period and prior results are not necessarily a good indication of what may occur in future periods.

Revenues from the Company's Fulfillment Services operations decreased from \$8,726,000 and \$17,907,000 for the second quarter and first six months of 2016 to \$7,858,000 and \$15,686,000 for the same periods in 2017. The lower revenues were attributable to reduced business volumes from existing customers, certain price concessions on renewed contracts and lost business. Magazine publishers are one of the principal customers of the Company's Fulfillment Services operations, and these customers have continued to be negatively impacted by increased competition from new media sources, alternative technologies for the distribution, storage and consumption of media content, weakness in advertising revenues and increases in paper costs, printing costs and postal rates. The result has been reduced subscription sales, which has caused publishers to close some magazine titles, change subscription fulfillment providers and seek more favorable terms from Palm Coast and its competitors when contracts are up for bid or renewal. One customer of the Fulfillment Services business whose revenues were 10.5% of the total Company revenues for the first six months of 2017 has given notice, as previously disclosed by the Company, that a significant portion of its business will be transferred to another provider during 2017. Operating expenses for Fulfillment Services decreased from \$7,867,000 and \$16,647,000 for the second quarter and first six months of 2016 to \$6,707,000 and \$13,380,000 for the same periods in 2017, primarily reflecting lower payroll and benefits as well as lower supplies expense, in each case primarily resulting from reduced business volumes, and reduced consulting costs.

Other revenues were \$78,000 and \$1,738,000 for the second quarter and first six months of 2017 compared to \$315,000 and \$599,000 for the same periods of 2016. The decrease in other revenues for the second quarter was attributable to the sale of a warehouse in February 2016 that was leased to a third party and therefore there was no rental income in 2017. The increase in other revenues for the first six months was primarily due to the sale of a retail commercial property previously held for investment by a subsidiary of AMREP Southwest, which resulted in a pre-tax gain of \$1,496,000.

Other operating expenses were \$390,000 and \$760,000 for the second quarter and first six months of 2017 compared to \$333,000 and \$680,000 for the same periods of 2016. The increases in the second quarter and first six months were primarily due to increased land maintenance costs and professional fees at AMREP Southwest and its subsidiaries.

General and administrative expenses of Fulfillment Services operations declined to \$327,000 and \$680,000 for the second quarter and first six months of 2017 from \$880,000 and \$1,745,000 for the same periods of 2016, primarily due to (i) reduced facilities costs of \$117,000 and \$180,000 for the second quarter and first six months and (ii) reduced amortization of \$355,000 and \$701,000 for the second quarter and first six months that was related to certain intangible assets, which were determined to be impaired at April 30, 2016. The carrying value of these intangible assets was written down at April 30, 2016, significantly reducing the amortization of these assets from 2016 to 2017.

Real estate operations and corporate general and administrative expenses declined to \$878,000 and \$1,880,000 for the second quarter and first six months of 2017 from \$946,000 and \$1,965,000 for the same periods of 2016, primarily due to lower payroll and benefit costs and directors fees, partially offset by increased pension costs.

Interest expense was \$82,000 and \$306,000 for the second quarter and first six months of 2017 compared to \$364,000 and \$743,000 for the same periods of 2016, primarily due to a reduction of the principal loan balance at AMREP Southwest. Capitalized interest related to various land development activities for the second quarter and first six months of 2017 was \$20,000 and \$38,000 compared to none for the same periods of the prior year.

The Company's effective tax rate was 6.7% and 31.7% for the second quarter and first six months of 2017 compared to 38.9% and 38.4% for the same periods of 2016. The difference between the federal statutory tax rate and the effective rate of the tax provision in 2017 and the tax benefit in 2016 was primarily due to state income taxes, particularly in the second quarter of 2017 when the Company received a state tax refund of \$17,000. The total tax effect of gross unrecognized tax benefits in the accompanying financial statements at both October 31, 2016 and April 30, 2016 was \$58,000, which, if recognized, would have an impact on the effective tax rate. The Company believes it is reasonably possible that the liability for unrecognized tax benefits will not change in the next twelve months.

## **LIQUIDITY AND CAPITAL RESOURCES**

The Company's primary sources of funding for working capital requirements are cash flow from operations and existing cash balances. The Company's liquidity is affected by many factors, including some that are based on normal operations and some that are related to the industries in which the Company operates and the economy generally. Except as described below, there have been no material changes to the Company's liquidity and capital resources as reflected in the Liquidity and Capital Resources section of Management's Discussion and Analysis of Financial

Condition and Results of Operations in the 2016 Form 10-K.

Operating Activities

Receivables, net decreased from \$7,271,000 at April 30, 2016 to \$6,950,000 at October 31, 2016, primarily due to accounts receivable collections in the Company's real estate business. Accounts payable and accrued expenses decreased from \$8,453,000 at April 30, 2016 to \$7,578,000 at October 31, 2016, primarily due to lower business volumes and the timing of payments to vendors.

Real estate inventory decreased from \$61,663,000 at April 30, 2016 to \$57,743,000 at October 31, 2016, due to real estate land sales. Investment assets decreased from \$10,326,000 at April 30, 2016 to \$9,716,000 at October 31, 2016, primarily due to the sale of a commercial retail property by a subsidiary of AMREP Southwest. Property, plant and equipment decreased from \$11,997,000 at April 30, 2016 to \$11,337,000 at October 31, 2016, primarily due to normal depreciation of fixed assets.

### Investing Activities

Capital expenditures totaled \$49,000 for the first six months of 2017 and \$271,000 for the same period of 2016, all for the Fulfillment Services business.

### Financing Activities

AMREP Southwest has a loan from a company owned by Nicholas G. Karabots, a significant shareholder of the Company and in which another director of the Company has a 20% participation. The loan had an outstanding principal amount of \$3,655,000 at October 31, 2016, is scheduled to mature on December 1, 2017, bears interest payable monthly at 8.5% per annum, and is secured by a mortgage on all real property of AMREP Southwest in Rio Rancho and by a pledge of the stock of its subsidiary, Outer Rim Investments, Inc. The total book value of the real property collateralizing the loan was approximately \$55,430,000 as of October 31, 2016. The loan may be prepaid at any time without premium or penalty except if the prepayment is in connection with the disposition of AMREP Southwest or substantially all of its assets. No payments of principal are required until maturity, except that the following amounts are required to be applied to the payment of the loan: (a) 25% of the net cash proceeds from any sales of real property by AMREP Southwest and (b) 25% of any royalty payments received by AMREP Southwest under the oil and gas lease described in Note 8 in the notes to the consolidated financial statements included in this report on Form 10-Q. At October 31, 2016, AMREP Southwest was in compliance with the covenants of the loan.

A subsidiary of AMREP Southwest had a loan agreement with U.S. Bank National Association for the construction of a 2,200 square foot, single tenant retail building in Rio Rancho, New Mexico. The loan was scheduled to mature on October 31, 2016, bore interest payable monthly on the outstanding principal amount at 0.5% plus the prime rate, was secured by a mortgage on the real property of approximately one acre where construction of the building had occurred, contained customary events of default, representations, warranties and covenants for a loan of this nature and was guaranteed by AMREP Southwest. As of April 30, 2016, the outstanding principal balance of the loan was \$555,000. In the first quarter of 2017, this property was sold and the outstanding loan balance was satisfied with proceeds from the sale.

**Statement of Forward-Looking Information**

The Private Securities Litigation Reform Act of 1995 (the “Act”) provides a safe harbor for forward-looking statements made by or on behalf of the Company. The Company and its representatives may from time to time make written or oral statements that are “forward-looking”, including statements contained in this report and other filings with the Securities and Exchange Commission, reports to the Company’s shareholders and news releases. All statements that express expectations, estimates, forecasts or projections are forward-looking statements within the meaning of the Act. In addition, other written or oral statements, which constitute forward-looking statements, may be made by or on behalf of the Company. Words such as “expects”, “anticipates”, “intends”, “plans”, “believes”, “seeks”, “estimates”, “projects”, “forecasts”, “may”, “should”, variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and contingencies that are difficult to predict. All forward-looking statements speak only as of the date of this report or, in the case of any document incorporated by reference, the date of that document. All subsequent written and oral forward-looking statements attributable to the Company or any person acting on behalf of the Company are qualified by the cautionary statements in this section. Many of the factors that will determine the Company’s future results are beyond the ability of management to control or predict. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in or suggested by such forward-looking statements.

The forward-looking statements contained in this report include, but are not limited to, the loss of any material customer contract and the material adverse effect of any such loss, the effect of recent accounting pronouncements on the Company, the timing of recognizing unrecognized compensation expense related to shares of common stock issued under the 2006 Equity Plan, the timing of development of the Company's land held for long-term investment, the liability for unrecognized tax benefits not changing in the next twelve months and the future business conditions that may be experienced by the Company. #### **Item 4. Controls and Procedures**

##### **Evaluation of Disclosure Controls and Procedures**

The Company's management, with the participation of the Company's chief financial officer and the other person whose certification accompanies this quarterly report, has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) as of the end of the period covered by this report. As a result of such evaluation, the chief financial officer and such other person have concluded that such disclosure controls and procedures are effective to provide reasonable assurance that the information required to be disclosed in the reports the Company files or submits under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and (ii) accumulated and communicated to the Company's management, including its chief financial officer and such other person, as appropriate to allow timely decisions regarding disclosure. The Company believes that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

##### **Changes in Internal Control over Financial Reporting**

No change in the Company's system of internal control over financial reporting occurred during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.
