FORWARD-LOOKING STATEMENTS

This Report on Form 6-K, including the Exhibits hereto, contains forward-looking statements that involve risks and uncertainties. All statements other than statements of historical facts are forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from those expressed or implied by the forward-looking statements.

You can identify these forward-looking statements by words or phrases such as “may,” “will,” “expect,” “is expected to,” “anticipate,” “aim,” “estimate,” “intend,” “plan,” “believe,” “potential,” “continue,” “is/are likely to” or other similar expressions and the negatives of such expressions. These forward-looking statements include, among others, statements about:

- our anticipated growth strategies;
- our future business development, results of operations and financial condition;
- our expectations with respect to our ability to acquire adequate financing for our future business development;
- our expectations with respect to our ability to acquire adequate suitable land use rights for future development; and
- our belief with respect to market opportunities in, and growth prospects of, our target market cities in China and our targeted areas in the United States.

We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy and financial needs. However, a number of known and unknown risks, uncertainties and other factors could affect the accuracy of these statements. Among the important factors to consider in evaluating our forward-looking statements are:

- our ability to secure adequate financing for our project development;
- our ability to successfully sell or complete our property projects under construction and planning;
- our ability to enter into new geographic markets and expand our operations;

Additional factors which could adversely impact our business and financial performance, including the risks outlined in our Annual Report on Form 20-F for the year ended December 31, 2017 under “Item 3. Key Information - D. Risk Factors.” You should read thoroughly this Report on Form 6-K and the Exhibits hereto with the understanding that our actual future results may be materially different from and/or worse than what we expect. We qualify all of our forward-looking statements by these cautionary statements. Moreover, we operate in an evolving environment. New risk factors emerge from time to time and it is not possible for our management to predict all risk factors, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

You should not rely upon forward-looking statements as predictions of future events. The forward-looking statements made in this Report on Form 6-K relate only to events or information as of the date on which the statements are made in this Report on Form 6-K.
