Item 1.01 Entry into a Material Definitive Agreement.

As previously reported, on August 29, 2011, Mr. G. Thomas Gamble, Chairman of the Board of Directors of Tri-Valley Corporation (the "Company"), made a short-term demand loan to the Company in the principal amount of \$150,000, bearing interest at 10% per annum, for additional working capital purposes. Also as previously reported, on October 13, 2011, Mr. Gamble made a second short-term demand loan to the Company in the principal amount of \$1.0 million, bearing interest at 14% per annum, for additional working capital purposes. On November 10, 2011, Mr. Gamble made, through a related trust, a third short-term demand loan to the Company in the principal amount of \$2.0 million, bearing interest at 14% per annum, on the express conditions that this loan would be (i) combined with his previous \$1,150,000 short term demand loans and collectively secured by a pledge by the Company of its capital stock in Tri-Valley Oil & Gas Co. ("TVOG") and in Select Resources Corporation, Inc. ("Select Resources"), and (ii) repaid and replaced by a long-term secured senior note. A copy of the \$2,000,000 promissory note evidencing the latest loan is attached hereto as Exhibit 4.1 and incorporated herein by reference.

The Company and Mr. Gamble's related trust are currently working on definitive agreements for the related trust to issue a senior secured note to replace the \$3,150,000 in short-term loans, with accompanying warrant coverage in an amount yet to be negotiated. The Company expects to use the net proceeds from this senior secured loan, which will mature on December 31, 2012, and bear interest at 14% per annum, for further development of the first drilling phase at the Claflin property, general corporate purposes, and working capital. The Company expects that the senior secured note will be secured by, among other things, a pledge by the Company of its capital stock in TVOG and in Select Resources, with a general continuing guaranty from TVOG secured by the pledge of a security interest in certain of TVOG's oil and gas leases, including the Claflin property. As an inducement to Mr. Gamble's related trust to provide long term funding, the parties expect that it will receive certain yet-to-be-negotiated royalty override rights in the Claflin property, and potentially other contiguous properties. Consummation of the senior secured note transaction is subject to the negotiation and execution of definitive agreements and the approval of the independent members of the Board of Directors of the Company.

None of the leases relating to the Pleasant Valley Oil Sands Project will be part of the collateral package securing the senior secured note.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information contained in Item 1.01 above is incorporated by reference into this Item 2.03.
