**Item 1.01 Entry into a Material Definitive Agreement.**

On September 17, 2012, Wright Express Corporation (the "Company") purchased put option contracts and sold call option contracts, designed to be a costless collar, on the retail price of diesel fuel and the wholesale price of gasoline with Merrill Lynch Commodities, Inc. (collectively, the "Contracts"). The Contracts have an aggregate notional amount of 6,728,619 gallons of gasoline and diesel fuel and will expire on a monthly basis during the last two quarters of 2013 and the first quarter of 2014. The settlement of the Contracts is based upon the New York Mercantile Exchange's New York Harbor Reformulated Gasoline Blendstock for Oxygen Blending and the U.S. Department of Energy's weekly retail on-highway diesel fuel price for the month. The Contracts lock in a weighted average retail floor price of approximately \$3.41 per gallon and a weighted average retail ceiling price of approximately \$3.47 per gallon.

On September 21, 2012, the Company issued a press release announcing these transactions.
