PROXY STATEMENT

This Proxy Statement is furnished to the holders of ordinary shares, nominal (par) value New Israeli Shekel (“NIS”) 0.0001 each (“Ordinary Shares”) and of founders' shares, nominal (par) value NIS 0.00001 (“Founders' Shares”), of Taro Pharmaceutical Industries Ltd. (the “Company” or “Taro”) in connection with the solicitation by the board of directors of the Company (the “Board of Directors” or “Board”) of proxies for use at the annual general meeting of shareholders (the “Annual General Meeting” or the “Meeting”), or any postponement or adjournment thereof, pursuant to the accompanying Notice of Annual General Meeting of Shareholders. The Meeting will be held on December 24, 2015, at 10:00 a.m. (Israel time) at the offices of Meitar Liguornik Geva Leshem Tal, located at 16 Abba Hillel Road, Gallery Floor, Ramat Gan, Israel.

It is proposed that, at the Meeting, the following matters be considered:

1. To approve the Company’s investment in the construction of and the acquisition of a wind-powered electric energy project jointly with affiliates of the Company’s controlling shareholder, Sun Pharmaceutical Industries, Ltd. (“Sun Pharma”), which project will have entered into wind turbine supply and warranty, service and maintenance agreements with a company in which our Chairman, Mr. Dilip Shanghvi and Mr. Sudhir Valia, a member of our Board of Directors, have a non-controlling interest
2. To re-elect to the Company’s Board of Directors (the “Board of Directors”) each of Dilip Shanghvi, Subramanian Kalyanasundaram (nown in industry circles as Kal Sundaram), Sudhir Valia, James Kedrowski and Dov Pekelman (who constitute together all directors of the Company who are not External Directors (as defined in the Israeli Companies Law, 5759-1999 (the “Companies Law”))), to serve for a one year term, until the close of the next annual general meeting of shareholders.
3. To re-appoint Ziv Haft Certified Public Accountants (Israel), a BDO member firm, as the Company’s independent auditors for the fiscal year ending March 31, 2016 and for the additional period until the close of the next annual general meeting of shareholders of the Company, and to authorize their remuneration to be fixed, in accordance with the volume and nature of their services, by the Audit Committee and/or the Board of Directors.

In addition to the foregoing agenda items, members of our management will be available to review and discuss our auditor’s report and consolidated financial statements for our fiscal year ended March 31, 2015.

We are not aware of any other matters that will come before the Meeting. If any other matters are presented properly at the Meeting, the persons designated as proxies intend to vote upon such matters in accordance with their best judgment and the recommendation of the Board.

Board Recommendation

Our Board unanimously recommends that you vote “FOR” each of the above proposals.

Who Can Vote

You are entitled to vote at the Meeting if you are a shareholder of record at the close of business on Monday, November 23, 2015. You are also entitled to notice of the Meeting and to vote at the Meeting if you held Ordinary Shares through a bank, broker or other nominee that is one of our shareholders of record at the close of business on November 23, 2015, or which appear in the participant listing of a securities depository on that date.

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC of Brooklyn, New York, you are considered, with respect to those shares, the shareholder of record. In such case, these proxy materials are being sent directly to you.

Quorum

As of November 10, 2015, we had 42,833,273 Ordinary Shares issued and outstanding. Each Ordinary Share outstanding as of the close of business on that date is entitled to one vote upon each of the proposals to be presented at the Meeting. Under our Articles of Association, the Meeting will be properly convened if at least three shareholders attend the Meeting in person or sign and return proxies, provided that they hold shares representing at least one-third (1/3) of our voting power. If a quorum is not present within half an hour from the time scheduled for the Meeting, the Meeting will be adjourned for one week (to the same day, time and place), or to a day, time and place determined by the Chairman of the Meeting (which may be earlier or later than said time). At such adjourned meeting the presence of any two shareholders in person or by proxy (regardless of the voting power represented by their shares) will constitute a quorum.

Abstentions and “broker non-votes” are counted as present and entitled to vote for purposes of determining a quorum. A “broker non-vote” occurs when a bank, broker or other holder of record holding shares for a beneficial owner attends the Meeting, but does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. It is important for a shareholder that holds Ordinary Shares through a bank or broker to instruct its bank or broker how to vote its shares, if the shareholder wants its shares to count towards the vote on a particular proposal.

Majority Required for Approval of Each of the Proposals

The affirmative vote of the holders of a majority of the voting power represented at the Meeting in person or by proxy and voting thereon (which excludes abstentions) is necessary for the approval of each of the proposals. Apart from for the purpose of determining a quorum, broker non-votes will not be counted as present and are not entitled to vote. Abstentions are not treated as a vote “FOR” or a vote “AGAINST” a proposal.

In addition, the approval of Proposal 1 requires that either of the following two voting requirements be met as part of the approval by an ordinary majority of shares present and voting thereon:

- approval by a majority of the Ordinary Shares held by shareholders who do not have a personal interest in the approval of the proposal that are voted at the Meeting, excluding abstentions; or
- the total number of shares held by disinterested shareholders (as described in the previous bullet-point) who voted against the proposal does not exceed two percent (2%) of the aggregate voting rights in our Company.

For purposes of Proposal 1, a “personal interest” of a shareholder (x) includes an interest of any members of the shareholder’s immediate family (or spouses thereof) or an interest of a company with respect to which the shareholder (or such a family member thereof) serves as a director or the chief executive officer, owns at least 5% of the shares or has the right to appoint a director or the chief executive officer; and (y) excludes an interest arising solely from the ownership of Ordinary Shares of the Company. In determining whether a vote cast by proxy is disinterested, the “personal interest” of the proxy holder is also considered and will cause that vote to be excluded from the disinterested vote, even if the shareholder granting the proxy does not have a personal interest in the matter being voted upon.

A shareholder that has a personal interest is qualified to participate in the vote on Proposal 1; however, the vote of such shareholders may not be counted towards the majority requirement described in the first bullet point above and will not count towards the 2% threshold described in the second bullet point above.

A shareholder must inform our Company before the vote (or if voting by proxy, indicate on the proxy card) whether or not such shareholder has a personal interest, and failure to do so disqualifies the shareholder from participating in the vote on Proposal 1. Since it is highly unlikely that any of our public shareholders has a personal interest in such proposal and in order to avoid confusion in the voting and tabulation process, a public shareholder who signs and returns a proxy card or voting instruction form will be deemed to be confirming that such shareholder, and any related party of such shareholder, has no personal interest with respect to Proposal 1. If you believe that you, or a related party of yours, possesses a personal interest and you wish to participate in the vote on Proposal 1, you should indicate the existence of a personal interest on the enclosed proxy card (if applicable) and should furthermore contact our solicitation agent, Bob Marese, Managing Director of MacKenzie Partners, Inc. at 212-929-5405 or bmarese@mackenziepartners.com, who will advise you as to how to submit your vote for Proposal 1. If you hold your shares in “street name” (through a bank, broker or other nominee) and believe that you possess a personal interest in the approval of Proposal 1, you should instead contact the representative managing your account, who could then contact our solicitation agent on your behalf.

How You Can Vote

Shareholders of Record

If you are a shareholder of record, that is, your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, these proxy materials are being sent directly to you by our transfer agent. You can vote your shares by attending the Meeting, or by any of the following alternative means: completing and signing a proxy card; recording your vote over the Internet (at the website www.voteproxy.com); or submitting your vote over the telephone (by dialing toll-free 1-800-PROXIES (1-800-776-9437) in the United States or 1-718-921-8500 from foreign countries). If you vote via the proxy card that has been mailed to you, please be certain to complete, sign and return it in the envelope that was enclosed with it. If you are a shareholder of record and have lost or misplaced the proxy card mailed to you, you may print a copy of the proxy card from <http://phx.corporate-ir.net>, and may complete and sign that proxy card (indicating the name of the record shareholder holding your Ordinary Shares) and return it to our solicitation agent. The solicitation agent, on our behalf, reserves the right to require further identifying information from you if you submit your proxy card in that manner. You may change your mind and cancel your proxy card by sending our solicitation agent written notice, by signing and returning a proxy card with a later date, or by voting in person or by proxy at the Meeting. We will not be able to count a proxy card unless we receive it at our registered Israeli offices at 14 Hakitor Street, PO Box 10347, Haifa Bay, 2624761, Israel, or our registrar and transfer agent receives it in the enclosed envelope, not later than 03:00 AM EST on December 23, 2015.

Shareholders Holding in “Street Name”

If your Ordinary Shares are held in a brokerage account or by a trustee or nominee, you are considered to be the beneficial owner of shares held in “street name,” and these proxy materials are being forwarded to you together with a voting instruction form by the broker, trustee or nominee or an agent hired by the broker, trustee or nominee. Please follow the enclosed instructions to direct your broker, trustee or nominee how to vote your shares, including providing voting instructions through the Internet (at the website www.voteproxy.com); or submitting your vote over the telephone (by dialing toll-free 1-800-PROXIES (1-800-776-9437) in the United States or 1-718-921-8500 from foreign countries). All votes should be submitted by 03:00 AM EST on December 23, 2015 (or such earlier deadline as may be indicated on the voting instruction form) in order to be counted towards the tally of Ordinary Shares voted at the Meeting. Alternatively, if you wish to attend the Meeting and vote in person, you must obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the Meeting.

If you provide specific instructions (by marking a box) with regard to the proposals, your shares will be voted as you instruct. If you sign and return your proxy card without giving specific instructions with respect to a particular proposal, your shares will be voted in favor of the proposal, in accordance with the recommendation of the Board. However, if you are a beneficial owner of shares and do not specify how you want to vote on your voting instruction form, your broker will not be permitted to instruct the record shareholder of your shares to cast a vote with respect to that proposal (commonly referred to as a “broker non-vote”). Brokers that hold shares in “street name” for clients typically have authority to vote on “routine” proposals even when they have not received instructions from beneficial owners. The only item on the Meeting agenda that may be considered routine is Proposal 3 relating to the reappointment of the Company’s independent registered public accounting firm for the fiscal year ending March 31, 2016; however, we cannot be certain whether this will be treated as a routine matter since our Proxy Statement is prepared in compliance with the Companies Law, rather than the rules applicable to domestic U.S. reporting companies. Absent specific instructions from the beneficial owner of the shares, brokers are not allowed to exercise their voting discretion, among other things, with respect to the election of directors. In that circumstance, the shares held by you will be included in determining the presence of a quorum at the Meeting, but are not considered “present” for the purpose of voting on the relevant proposal. Such shares have no impact on the outcome of the voting on such proposal. If your shares are held of record by a bank, broker, or other nominee, we urge you to give instructions to your bank, broker, or other nominee as to how your shares should be voted so that you thereby participate in the voting on these important matters. In all cases, you must remember to indicate in writing and/or contact the Company if you have a personal interest in the approval of Proposal 1. If you sign and return your proxy card or voting instruction form, the persons named as proxies will vote in their discretion on any other matters that properly come before the Meeting.

Revocation of a Proxy

Shareholders may revoke the authority granted by their execution of proxies at any time before the effective exercise thereof by filing with us a written notice of revocation or duly executed proxy bearing a later date, or by voting in person at the Meeting. Unless otherwise indicated on the enclosed proxy form, shares represented by the proxy will be voted in favour of the proposal and any other matters that may be presented to the Meeting, if the proxy is properly executed and received by the Company by 03:00 AM EST on December 23, 2015.

Solicitation of Proxies

Proxies are being distributed to shareholders on or about November 27, 2015. Certain officers, directors and employees, of the Company, none of whom will receive additional compensation therefor, may solicit proxies by telephone, email, or other personal contact. We will bear the cost for the solicitation of the proxies, including postage, printing, and handling, and will reimburse the reasonable expenses of brokerage firms and others for forwarding material to beneficial owners of shares. We may also retain a proxy solicitor in order to solicit proxies, for which we

may pay a customary fee.

Voting Results

We will tally the final voting results based on the information provided by our transfer agent, proxy solicitor or otherwise, and the overall results of the Meeting will be published following the Meeting in a Report of Foreign Private Issuer on Form 6-K that will be furnished to the U.S. Securities and Exchange Commission (the “SEC”).

Availability of Proxy Materials

Copies of the proxy card, the notice of the Meeting and this Proxy Statement are available at the “Investor Relations” portion of our Company’s website, at <http://phx.corporate-ir.net>. The contents of that website are not a part of this Proxy Statement.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information with respect to the beneficial ownership of our Ordinary Shares as of November 10, 2015 by:

each person or entity known by us to own beneficially 5% or more of our outstanding shares;

The percentage of shares beneficially owned shown below is based on 42,833,273 Ordinary Shares outstanding as of November 10, 2015.

Except where otherwise indicated, we believe, based on information furnished to us by such owners, that the beneficial owners of the Ordinary Shares listed below have sole investment and voting power with respect to such shares.

PROPOSAL 1
JOINT INVESTMENT IN WIND ENERGY PROJECT WITH AFFILIATES OF SUN PHARMA

Background

We are currently contemplating an investment in a wind-powered electric energy project (the “Project”) as a means of accessing certain tax benefits associated with the Project to reduce our tax liability in the United States. Because companies that are affiliated with our controlling shareholder, Sun Pharmaceutical Industries Ltd. (“Sun Pharma”), will also be investing in the Project, and because our Chairman and another member of our Board of Directors (the “Board”) have an interest in the Project, we are required under the Companies Law to obtain shareholder approval in order to proceed with our investment.

Tax Incentives for Investment

The United States federal, state and local governments have established various incentives to support the development of renewable energy. These incentives include accelerated tax depreciation, federal production tax credits (“PTCs”), investment tax credits, cash grants and renewable portfolio standards programs. The PTC is a U.S. federal incentive that provides a U.S. federal income tax credit on a per kilowatt hour basis for all energy produced by a U.S. wind project during the first ten years after it commences commercial operations.

Under the current regulatory framework, wind energy projects that commenced construction on or before December 31, 2014 and are placed into commercial operation prior to January 1, 2017 (the “PTC Deadline”) are eligible to receive the PTCs. The Project is currently being developed by an experienced development company (the “Developer”) in the renewable energy industry and, subject to due diligence, is expected to qualify for PTCs to the extent the Project is completed by the PTC Deadline. We, along with two companies affiliated with Sun Pharma, intend to make an initial investment to partially fund the construction of the Project, as described below, and, subject to certain conditions, an additional investment to partially fund the purchase of 100% of the Project from the Developer at the commercial operation date (“COD”) (the “Proposed Transaction”).

Summary of Transaction

In October 2015, an affiliate of Sun Pharma formed a single-purpose limited liability company for purposes of investing in the Project (the “Project LLC”). The Project LLC entered into a non-binding term sheet for the Proposed Transaction, which provides the Project LLC with exclusive rights to negotiate the Proposed Transaction until the earlier to occur of January 15, 2016 or the date upon which definitive documentation has been signed. Such documentation is expected to include, but is not limited to, a purchase and sale agreement, wind turbine supply agreement, warranty, service and maintenance agreement, energy hedge agreement (in an effort to mitigate merchant energy price risks), construction financing, and various other agreements customary for transactions like the Proposed Transaction. We, subject to shareholder approval, and another affiliate of Sun Pharma, will become additional members of the Project LLC and, together with the existing member of the Project LLC, will each contribute approximately one-third of the total equity investment in the Proposed Transaction.

Construction of the Project is expected to cost approximately \$225 million, and will be financed by the Developer through a construction loan of approximately 85% of the total construction cost. The remaining 15% of construction costs will be funded by equity contributions from the Developer and the Project LLC. Our initial investment will be approximately one-third of the Project LLC’s overall contribution to fund construction of the Project, or approximately \$8 million. The Project LLC’s equity contribution amount will be subordinated to the Project lenders’ construction loan and the energy hedge provider’s rights to repayment.

After the construction phase is completed, the Project LLC will purchase the ownership interests in the company that owns the Project from the Developer at the time the Project reaches commercial operation, subject to conditions precedent. The purchase price for the Proposed Transaction is based on a financial model (agreed with the Developer) that forecasts that our investment will yield, for the Project LLC, an after-tax, unlevered investment rate of return (“IRR”) over the course of 25 years (the expected economic life of the Project). The purchase price in the executed term sheet was based on an IRR that yielded a purchase price of approximately \$250 million, which amount would include repayment of the total amount of the construction financing. The estimated IRR used is based on assumptions related to the PTCs that would be generated as well as revenues derived from energy and renewable energy credit sales. We would receive our pro rata share of any PTCs, depreciation and revenues generated, based upon our approximate one-third interest in the Project LLC.

To the extent the Project LLC purchases the Project without debt financing, our estimated investment at purchase closing would be approximately \$84 million, however, it is currently contemplated that the Project LLC would borrow up to 60% of the purchase amount, or up to \$150 million, which would reduce our investment amount at closing to approximately \$33 million. The Project LLC would realize an increased rate of return to the extent debt financing is utilized to purchase the Project.

Due to the requirement that the Project reach commercial operation before January 1, 2017 to qualify for the PTCs, the draft purchase agreement contemplates that the Project LLC will consummate the purchase of the Project at a reduced price, even if not all of the wind turbines are completed on time, as long as the expected IRR is achieved based on changes in the model related to the smaller project. The Project purchase and sale agreement will however specify certain minimum Project completion requirements below which we will not be required to complete the purchase of the Project.

If the conditions precedent to purchase are not satisfied, the Project LLC would risk losing its initial equity investment of approximately \$25 million (of which we will have contributed approximately one-third). As noted above, the Project LLC’s equity investment will be subordinate to the project lender’s construction loan and the energy hedge provider’s right of repayment.

Following the closing of the Proposed Transaction, the Developer will manage and administer the Project under a long-term fixed-price contract. The wind turbine generators themselves will be covered by a ten-year warranty from the vendor and will be maintained by such vendor under a fixed-price contract. After the expiration of the warranty, the Project LLC will bear the costs of operating, maintaining and repairing the turbines.

We cannot guarantee that the Project LLC will yield any specific IRR because any such IRR is based in part on assumptions and forecasts, including, but not limited to, the wind resource, energy yields, net capacity factors, merchant energy prices, transmission congestion, PTC eligibility and timely completion of the Project. The model that we have relied upon for estimating IRR uses assumptions for these factors based on reports produced by industry consultants.

Consultants and industry experts, independent to Sun Pharma and Suzlon (as defined below) have been engaged to advise on all aspects of the Proposed Transaction (including project selection, due diligence, forecasting and analysis of the wind resources at the Project site, construction schedule, analysis of forecasted merchant energy prices, and selection of the turbine wind generators to be purchased and installed by the Project). A request for quotes (“RFQ”) bidding process was conducted by an independent consultant to solicit quotes from leading manufacturers of wind turbine generators. Each quote received was analysed for overall energy output and price, warranty coverage and commitment to meet the supply deadlines for each respective turbine model bid. The RFQ energy production analysis was conducted by an independent expert with 30 years of experience forecasting energy yields for wind projects. Based upon the expert’s recommendation and report, the Project is expected (subject to due diligence) to use wind

turbine generators to be supplied by Suzlon Energy Ltd. (“Suzlon”) pursuant to turbine supply and warranty, service and maintenance agreements to be entered into by the Project. Our Chairman, Dilip Shanghvi, who, along with entities controlled by him and members of his family, control 54.7% of Sun Pharma and 68.9% of our Company, and Mr. Sudhir Valia, who is a member of our Board, and the brother-in-law of Mr. Shanghvi, together with entities controlled by them, hold a non-controlling interest in Suzlon, in the amount of approximately 23%. None of the consultants or experts utilized in connection with this transaction has or will be paid a success-based fee or other such success-based compensation for the recommendations they have provided regarding the Suzlon turbines or any other matter. All independent consultants and experts have and will be paid hourly rates commensurate with their experience.

Risks Related to Our Investment and the Proposed Transaction

There are certain inherent risks related to any wind energy project of this kind, which include, among other possible risks:

- risks related to the PTC qualification of the Project;
- risks associated with completion of the Project within the PTC Deadline;
- the risk that merchant electric energy sale prices are less than forecast, which would adversely impact the Project's revenues;
- the risk that the wind resource is less than what is forecast in the financial models;
- the risk that the Project's electric output will be curtailed due to congestion on the transmission grid;
- the risk that our environmental due diligence does not uncover an environmental risk related to the Project;
- the risk that maintenance costs for the Project exceed our expectations; and

Companies Law Approval Requirement

Under the Companies Law, an extraordinary transaction by a public company with its controlling shareholder or with a third party in which a controlling shareholder has a personal interest requires approval by the company's audit committee, board of directors and shareholders (in that order). The Proposed Transaction contained in this Proposal 1 was approved by our Audit Committee, consisting of three non-interested board members (including two statutorily external directors), and was subsequently approved by the non-interested members of our Board. Messrs. Shanghvi and Valia did not participate in the vote of the Board to approve the Proposed Transaction. The shareholder approval requires a special majority vote (as described below under "Required Majority" in this Proposal 1). An extraordinary transaction is defined under the Companies Law as any of the following:

- a transaction other than in the ordinary course of business;
- a transaction that is not on market terms; or
- a transaction that may have a material impact on a company's profitability, assets or liabilities

The Proposed Transaction would be deemed a non-ordinary course transaction in which our controlling shareholder, Sun Pharma, and its controlling shareholder, Mr. Dilip Shanghvi, have a personal interest, due to both (i) Sun Pharma's indirect two-thirds interest in the Project LLC in which we will hold an approximate one-third interest, and (ii) Mr. Shanghvi's and Mr. Sudhir Valia's non-controlling interests in Suzlon. Due to the non-ordinary course nature of the Proposed Transaction and due to its potential material impact on our profitability, assets or liabilities, these contemplated transactions would be deemed extraordinary transactions under the Companies Law. Consequently, we are approaching our shareholders at the Meeting to obtain the required special majority approval of such transactions under the Companies Law.

Proposed Resolution

The Board of Directors will present the following resolution at the Annual General Meeting:

“RESOLVED, that the Company’s investment to partially fund the construction of the a wind-powered electric energy project and the acquisition of such project jointly with affiliates of the Company’s controlling shareholder, Sun Pharma, which project will have entered into wind turbine supply and warranty, service and maintenance agreements with Suzlon, a company in which the Chairman, Mr. Dilip Shanghvi and Mr. Sudhir Valia, a member of the Board, have a non-controlling interest, and all transactions ancillary to or related to the foregoing, as described in greater detail in the Company’s Proxy Statement for its Annual General Meeting to be held on December 24, 2015, be, and hereby are, approved in all respects.”

Required Majority

As described in “Majority Required for Approval of Each of the Proposals” earlier in this Proxy Statement, in order to approve Proposal 1, the affirmative vote of the holders of a majority of the voting power represented at the Meeting in person or by proxy and voting thereon (which excludes abstentions) is required.

In addition (as further described above), the approval of Proposal 1 requires that either of the following two voting requirements be met as part of the approval by an ordinary majority of shares present and voting thereon:

approval by a majority of the Ordinary Shares held by shareholders who do not have a personal interest in the approval of the proposal that are voted at the Meeting, excluding abstentions; or

the total number of shares held by disinterested shareholders (as described in the previous bullet-point) voted against the proposal does not exceed two percent (2%) of the aggregate voting rights in our Company.

For the definitions of “personal interest”, please see the section entitled “Majority Required for Approval of Each of the Proposals” above in this Proxy Statement.

Any shareholders with a personal interest in the Proposed Transaction should refrain from completing the Proxy Card, with respect to Proposal 1, and should identify themselves and their personal interest to the Company, as described in this Proxy Statement and on the Proxy Card.

Board Recommendation

The Board of Directors unanimously (with Messrs. Shanghvi and Valia not participating) recommends a vote FOR the approval of the Company's investing jointly in a wind-powered electric energy project together with affiliates of the Company's controlling shareholder, Sun Pharma, which project will have entered into wind turbine supply and warranty, service and maintenance agreements with a company in which Messrs. Shanghvi and Valia have a non-controlling interest, pursuant to Proposal 1.
