**Report of Independent Registered Public Accounting Firm**

To the Participants and Administrator of the  
Ingersoll-Rand Company Employee Savings Plan

In our opinion, the accompanying statement of financial condition and the related statement of income and changes in plan equity present fairly, in all material respects, the financial condition of Ingersoll-Rand Company Employee Savings Plan (the "Plan") at December 31, 2003 and the income and changes in plan equity for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Assets Held at End of Year - December 31, 2003 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## INGERSOLL-RAND COMPANY EMPLOYEE SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

December 31, 2003

#### 1. PLAN DESCRIPTION

The following brief description of the Ingersoll-Rand Company Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**History** - Ingersoll-Rand Company (the "Company") established the Ingersoll-Rand Company Employee Savings Plan (the "Plan") effective January 1, 2003 as part of the implementation of the Retirement Income Program approved by the Board of Directors of the Company. The Plan was established in order to facilitate systematic savings by eligible employees and to provide those employees with an opportunity to fund their retirement and other specified needs.

The Plan was adopted effective January 1, 2003, reflecting a spin-off of certain account balances and the merger of all or a portion of the account balances of the following plans into the Plan:

- Ingersoll-Rand Company Savings and Stock Investment Plan, except with respect to the account balances of employees whose employment with the Company terminated as a result of the sale of The Torrington Company, a subsidiary of the Company, to The Timken Company.
- Ingersoll-Rand/Thermo King Savings and Stock Investment Plan, except with respect to the account balances of employees whose eligibility to participate is subject to collective bargaining.
- Kryptonite Corporation Profit Sharing Plan.
- Blaw Knox Construction Equipment Corporation Retirement Plan for Salaried Employees.
- National Refrigeration Services, Inc. 401(k) Retirement Savings Plan.
- Hussmann International, Inc. Retirement Savings Plan for Hourly Employees, except with respect to the account balances of employees whose eligibility to participate is the subject to collective bargaining.
- Hussmann International, Inc. Retirement Savings Plan for Salaried Employees.
- Taylor Industries, Inc. 401(k) Profit Sharing Plan.
- Perimeter Bobcat P.S. 401(k) Plan.
- WHS Refrigeration Systems, Inc. 401(k) Savings Plan.

Effective December 31, 2003, the account balances of participants in the Ingersoll-Rand Company Savings and Stock Investment Plan (the "SSIP"), the Electronic Technology Corporation ("ETC") 401(k) Plan (the "ETC Plan") and the Integrated Access Systems, Inc. Employee Salary Reduction Plan (the "Integrated Access Plan") were merged into the Plan. The custody of the assets of the ETC Plan and the Integrated Access Plan were transferred to the Trustee of the Plan in February 2004.

**General** - For those employees that are eligible to participate in the Plan, there is automatic enrollment whereby a new employee is automatically enrolled in the Plan upon date of hire with a 2% pre-tax contribution that is invested in the Money Market Portfolio. The employee then has a period of approximately 30 days to elect to not contribute to the Plan or to change his or her contribution percentage and investment options within the Plan. Payroll deductions, consequently, do not begin until such period has expired.

Fidelity Investments ("Fidelity") is the trustee and recordkeeper of the Plan and the Plan's assets are part of the Ingersoll-Rand Company Savings Plan Master Trust ("Savings Plan Master Trust") maintained by Fidelity. Certain Plan assets are not part of the Savings Plan Master Trust as described under assets of merged plans.

The Ingersoll-Rand Company Limited Board of Directors has delegated the authority to the Chief Executive Officer to appoint the benefits committee (the "Committee"), which administers the Plan. The Finance Committee of the Ingersoll-Rand Company Limited Board of Directors approves the Plan's investment options. Participants direct investments among the primary investment options.

The Company intends to continue the Plan indefinitely. However, the Company retains the right to terminate or amend the Plan.

**Assets of Merged Plans** - Certain Plan investments are assets received as a result of the mergers of the ETC Plan and the Integrated Access Plan into the Plan effective December 31, 2003. These assets are owned by the Plan but were not part of the Savings Plan Master Trust as of December 31, 2003. In February of 2004, these assets were transferred to the Savings Plan Master Trust and invested among its investment options.

**Contributions** - Participants may contribute as basic contributions of up to 6% (in whole percentages) of their compensation through payroll deductions. Participants contributing 6% of compensation may contribute up to an additional 44% of compensation as supplemental contributions. Participants may use before or after-tax dollars for part or all of their contributions. Contributions are subject to varying limitations to ensure compliance with Internal Revenue Code ("IRC") requirements. Participants may change their contribution amounts in accordance with the administrative procedures established by the Committee.

The Company contributes to the Plan via a matching contribution. The Plan requires Company matching contributions of 100% of participants' basic contributions. The Company matching contribution is contributed ½ in cash and ½ in Ingersoll-Rand Company Limited Class A common shares and is immediately eligible to be invested in any investment option under the Plan. The Plan also has a profit sharing contribution available for certain participants working for an affiliate of the Company. This profit sharing contribution, if any, is determined annually by the sector leadership of the affiliate.

Participant contributions are always 100% vested. Participants are also always fully vested in Company matching and profit sharing contributions.

**Investment Options** - With the exception of assets of merged plans described earlier, the Plan's assets are held in the Savings Plan Master Trust, together with assets from other participating plans.

Participants may invest their contributions, in multiples of 1%, in one or more of the following investment options.

*Money Market Portfolio* - A portfolio that invests in short-term investment options which seeks a high level of current income by investing in the Fidelity Institutional Money Market Fund: Money Market Portfolio - Class 1. The underlying investments of the Fidelity Institutional Money Market Fund includes U.S. dollar denominated money market securities of domestic and foreign issuers, U. S. government securities, and repurchase agreements. The portfolio may also enter into reverse repurchase agreements. The Money Market Portfolio is not an SEC registered money market mutual fund and is administered by Fidelity Management Trust Company.

*Mutual Fund* - Participants are able to select from the following mutual funds: PIMCO Total Return Fund (Administrative Class), Davis New York Venture Fund, Inc. (Class A), Fidelity Low-Priced Stock Fund, Fidelity Dividend Growth Fund, Fidelity Magellan Fund, Massachusetts Investors Growth Stock Fund (Class A), U.S. Equity Index Commingled Pool (The U.S. Equity Index Commingled Pool is not a mutual fund and is managed by Fidelity Management Trust Company), Fidelity Mid-Cap Stock Fund, Fidelity Diversified International Fund, Fidelity Freedom Income Fund, Fidelity Freedom 2000 Fund, Fidelity Freedom 2010 Fund, Fidelity Freedom 2020 Fund, Fidelity Freedom 2030 Fund and Fidelity Freedom 2040 Fund. Each fund consists of a portfolio of common stocks or other securities based on the fund's investment objective. Prospectuses for mutual funds are available from the respective fund's management company.

*Self-Directed Brokerage Account* - A Participant may establish a self-directed brokerage account under the Plan through which the Participant may make investments in individual stocks and bonds as well as the full range of mutual fund investments. By opening up such an account, the Participant agrees that all transaction and maintenance fees shall automatically be paid from such Participant's brokerage account.

*Ingersoll-Rand Company Limited Stock Fund* - A fund consisting primarily of Class A common shares of Ingersoll-Rand Company Limited. Participants are permitted to invest up to 100% of their account balance into this fund.

The income derived from the above investment options is reinvested in the respective investment option.

On any business day, participants may change their allocation of future contributions and transfer prior contributions between investment options. Transfers of prior contributions must be made in whole percentages. These options are subject to certain rules and restrictions.

*Distributions and Withdrawals* - Plan distributions may be in the form of a lump sum or in such other manner that the Plan may permit. In addition, Plan participants who terminate employment may elect distributions of at least \$500 on a daily basis up to the balance in the account.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Presentation* - The Plan follows the accrual method of accounting.

*Use of Estimates* - The preparation of financial statements in conformity with generally accepted accounting principles requires the Committee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

**Risks and Uncertainties** - Investments are subject to risk conditions of the individual investment's objectives, stock market performance, interest rates, economic conditions and world affairs. Due to the level of risk associated with the Plan's investments, it is reasonably possible that changes in the values of the Plan's investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial condition.

**Valuation of Investments** - With the exception of assets of merged plans described earlier, Plan assets are part of the Savings Plan Master Trust, which provides unified investment management. Fidelity invests Plan assets in various trust investment options at the direction of Plan participants and as required by the Plan.

Separate participant accounts are maintained by investment option. These accounts record contributions, withdrawals, transfers, earnings and changes in market value.

The financial statements report investments in the Mutual Funds, the Ingersoll-Rand Company Limited Stock Fund, and the investments comprising the assets of merged plans category at current value based on published market quotations. Fidelity's Institutional Money Market Portfolio is valued at current value based on published market quotations of those Fidelity funds in which it participates. Investments in the Self-Directed Brokerage Accounts are at current value based on published market quotations of the individual investments comprising the brokerage accounts.

The Participant Loan Fund represents the net outstanding receivable balance due to the Plan from those participants with outstanding loan balances.

**Security Transactions and Investment Income** - Realized gains or losses on security transactions are recorded on the trade date. Realized gains or losses are the difference between the proceeds received and the security's unit cost. Dividend income is recorded on the ex-dividend date and interest income is recorded when earned.

The statement of income and changes in plan equity includes unrealized appreciation or depreciation in accordance with the policy of stating investments at current value. Appreciation or depreciation of investments reflects both realized gains and losses and the change in unrealized appreciation and depreciation of investments.

**Accounting Policies on Transfers** - Assets acquired through plan merger are recorded at the value on the effective date.

**Contributions** - Participant and Company matching contributions are contributed to the Plan on a weekly or monthly basis, as outlined in the Plan document. Profit sharing contributions are contributed to the Plan annually. Participant contributions for each investment option or portfolio are based on the participants' investment decisions.

**Forfeitures** - Forfeitures apply only to the accounts of participants who participated in the SSIP and who terminated prior to the effective date of the Plan. Forfeitures of \$15,914 at December 31, 2003 were available to reduce future Company contributions. For 2003, forfeitures of \$225,924 were applied against Company contributions.

**Expenses of the Plan** - Certain expenses associated with the administration of the Plan and the Trust are paid for by the Company. Expenses of the funds related to the investment and reinvestment of assets are included in the cost of the related investments. Other expenses such as loan fees, withdrawal fees and fees related to investments in the brokerage accounts are paid for by the participant.

**Benefit Obligations** - Distributions to terminated employees are recorded in the Plan's financial statements when paid. There were no approved and unpaid amounts at December 31, 2003.
