PAID, INC. AND SUBSIDIARY  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
JUNE 30, 2005 and 2004

Note 1. Organization and Summary of Significant Accounting Policies

Line of business

## Edgar Filing: PAID INC - Form 10QSB

During the fourth quarter of 2004 Paid Inc. and subsidiary ("the "Company") acquired the operating assets of K Sports & Entertainment LLC ("K Sports"), a company that operated as a sports agency business. In addition, Paid's celebrity services operations host a number of celebrity websites and has begun the electronic management of performing artists' fan clubs and related services.

The Company also provides other services for celebrities and sports personalities including autograph signings, appearances, marketing opportunities and event ticketing. The Company continues to sell sports collectibles and merchandise through a variety of outlets, including online auctions and wholesale and distribution outlets.

### General

The financial statements included in this report have been prepared by the Company pursuant to the rules and regulations of the United States Securities and Exchange Commission for interim financial reporting and include all adjustments (consisting only of normal recurring adjustments which are, in the opinion of management, necessary for a fair presentation). These financial statements have not been audited.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations for interim reporting. The Company believes that the disclosures contained herein are adequate to make the information presented not misleading. However, these financial statements should be read in conjunction with the financial statements and notes thereto included in the Company's annual report for the year ended December 31, 2004, which are included in the Company's Form 10-KSB.

### Principles of consolidation

The accompanying consolidated financial statements include the accounts of Paid, Inc. and its wholly-owned subsidiary, Rotman Collectibles, Inc.

### Inventories

Inventories consist of collectible merchandise for sale and are stated at the lower of average cost or market on a first-in, first-out (FIFO) method. When a purchase contains multiple copies of the same item, they are stated at average cost.

On a periodic basis management reviews inventories on hand to ascertain if any is slow moving or obsolete. In connection with this review, at June 30, 2005 and December 31, 2004 the Company has provided for reserves totaling \$175,000 and \$300,000, respectively.

7

### Investment in call options

The Company accounts for investment in call options in accordance with EITF 96-18, "Accounting for Equity Instruments That Are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services". Accordingly, call options are recorded at fair value on the date they are received and adjusted to fair value at the balance sheet date. Any realized or unrealized gains or losses are recorded in other income (expense).

### Revenue Recognition

## Edgar Filing: PAID INC - Form 10QSB

The Company generates revenue from sales of its purchased inventories, from fees and commissions on sales of merchandise under consignment type arrangements, from web hosting services, from fan club membership fees, from appraisal services and from advertising and promotional services.

For sales of merchandise owned and warehoused by the Company, the Company is responsible for conducting the auction, billing the customer, shipping the merchandise to the customer, processing customer returns and collecting accounts receivable. The Company recognizes revenue upon verification of the credit card transaction and shipment of the merchandise, discharging all obligations of the Company with respect to the transaction.

For sales of merchandise under consignment-type arrangements, the Company takes physical possession of the merchandise, but is not obligated to, and does not take title or ownership of merchandise. When an auction is completed, consigned merchandise that has been sold is shipped upon receipt of payment. The Company recognizes the net commission and service revenues relating to the consigned merchandise upon receipt of the gross sales proceeds and shipment of the merchandise. The Company then releases the net sales proceeds to the Consignor, discharging all obligations of the Company with respect to the transaction.

The Company provides web hosting services under two types of arrangements. Revenue is recognized on a monthly basis as the services are provided for those where payment is to be received in cash. Professional athletes' web sites are hosted under arrangements that are settled by the athlete providing a certain number of autographs on merchandise to be sold by the Company. Revenue related to player websites is recognized upon sale of the autographed merchandise.

Appraisal revenues are recognized when the appraisal is delivered to the customer.

Advertising revenues are recognized at the time the advertisement is initially displayed on the Company's web site. Sponsorship revenues are recognized at the time that the related event is conducted.

Fan club membership fees are recognized when the member joins and all direct costs associated with the membership have been incurred.

### Advertising Costs

Advertising costs totaling approximately \$68,000 in 2005 and \$48,000 in 2004 are charged to expense when incurred.

### Earnings Per Common Share

Basic earnings per share represents income available to common stockholders divided by the weighted-average number of common shares outstanding during the period. Diluted earnings per share reflects additional common shares that would have been outstanding if dilutive potential common shares had

been issued, as well as any adjustment to income that would result from the assumed issuance. Potential common shares that may be issued by the Company relate to convertible debt and outstanding stock options and warrants. The number of common shares that would be issued upon conversion of the convertible debt would have been 13,414,634 as of June 30, 2005 and 10,660,188 as of June 30, 2004. The number of common shares that would be included in the calculation of outstanding options is determined using the treasury stock method. The

## Edgar Filing: PAID INC - Form 10QSB

assumed conversion of outstanding dilutive stock options and warrants would increase the shares outstanding but would not require an adjustment of income as a result of the conversion. Stock options and warrants applicable to 27,365,054 shares and 25,466,000 shares at June 30, 2005 and 2004, respectively, have been excluded from the computation of diluted earnings per share, as have the common shares that would be issued upon conversion of the convertible debt, because they were antidilutive. Diluted earnings per share have not been presented as a result of the Company's net loss for each period.

### Website and Software Development Costs

The Company accounts for website development costs in accordance with the provisions of EITF 00-2, "Accounting for Web Site Development Costs" ("EITF 00-2"), which requires that costs incurred in planning, maintaining, and operating stages that do not add functionality to the site be charged to operations as incurred. External costs incurred in the site application and infrastructure development stage and graphic development are capitalized. Such capitalized costs are included in "Property and equipment." During the six months ended June 30, 2005 the Company capitalized approximately \$119,000 of website development costs. There was no such capitalization during the six months ended June 30, 2004.

### Note 2. Notes and Loan Payable

At June 30, 2005 and December 31, 2004 the Company was obligated on short-term demand notes payable to a related party totaling \$130,000 bearing interest at 8%. Interest expense charged to operations in connection with these related party notes totaled approximately \$5,200 for each of the six months ended June 30, 2005 and 2004.

In addition, at June 30, 2005 the Company was obligated on a demand loan from Augustine Fund, L.P. in the amount of \$100,000, bearing interest at 8%.

At December 31, 2004 the Company was also obligated on a \$160,000 short-term note payable, bearing interest at 18%, and due on March 1, 2005. In addition, the Company issued 125,000 unregistered shares of stock valued at \$17,500 as an origination fee which was amortized over the life of the note. This note and all related accrued interest was repaid through the issuance of 800,000 shares of common stock on March 1, 2005.

### Note 4. Common Stock

#### Call Option Agreements

In connection with a settlement agreement with CSEI, the Company was granted call options for 2,283,565 unregistered common shares held by CSEI at an exercise price of \$.001 per share. All remaining call options were assigned during January 2005.

On May 9, 2005, the Company entered into a Settlement Agreement and Mutual Release with Leslie Rotman ("Seller") to settle all outstanding disputes regarding the value paid and the value received in the 2001 transaction in which Seller, Rotman Collectibles, Inc., and the Company entered into an Agreement and Plan of Merger (the "Merger Agreement"), pursuant to which Rotman Collectibles, Inc., a Massachusetts corporation, was merged into the Company's Delaware subsidiary, now named Rotman Collectibles, Inc. Seller is the mother of Gregory Rotman, President of the Company, and Richard Rotman, CFO/Vice President/Secretary of the Company. To settle any possible differences or disputes between the value paid and the value received, Seller delivered 2,000,000 shares of the Company's common stock into escrow, with a fair market value of \$600,000 based on the closing bid price of \$0.30 on May 6, 2005 (as set forth in the Settlement Agreement and Mutual Release) and granted the Company an option to purchase the shares for \$.001 per share. The option is assignable by the Company and expires one year from the date of grant. The related \$600,000 settlement has been apportioned between other income in the amount \$340,500, representing the amount attributable to goods sold in prior years and \$259,500 as reductions of inventory cost at January 1, 2005. Also included in other income is the effect of reducing the \$130,000 reserve related to the movie poster inventory at January 1, 2005.

During the six months ended June 30, 2005 and 2004 the Company assigned options to purchase 394,565 and 525,000 shares of stock from CSEI to certain individuals in exchange for \$99,611 and \$247,000, respectively, which was added to the paid in capital of the Company. In addition, during the six months ended June 30, 2005 the Company assigned options to purchase 100,000 shares of stock from Leslie Rotman to certain individuals in exchange for \$27,000.

#### Stock Options and Warrants

On February 1, 2001 the Company adopted the 2001 Non-Qualified Stock Option Plan (the "2001 Plan") and has filed Registration Statements on Form S-8 to register 70,000,000 shares of its common stock. Under the 2001 Plan, employees and consultants may elect to receive their gross compensation in the

10

form of options, exercisable at \$.001 per share, to acquire the number of shares of the Company's common stock equal to their gross compensation divided by the fair value of the stock on the date of grant. During the six months ended June 30, 2005 the Company granted options for 4,754,455 shares at various dates aggregating \$967,618 under this plan. During the six months ended June 30, 2004 the Company granted options for 1,916,715 shares at various dates aggregating \$544,376 under this plan. All options granted during these periods were exercised.

During the six months ended June 30, 2005 the Company entered into an Agreement and sold a warrant to purchase common stock ("Warrant") to an investor. The investor paid the Company \$50,000 as a deposit ("Deposit") for the right to acquire up to 2,000,000 shares of unregistered common stock at any time within one year of the Agreement at \$.15 per share. If exercised, the \$50,000 will be

Edgar Filing: PAID INC - Form 10QSB

applied as partial payment of the exercise price. If the Warrants are not exercised within one year the Deposit will be forfeited. The Deposit has been recorded as an addition to Paid in Capital.

The Company applies Accounting Principles Board Opinion No. 25 and related interpretations in accounting for its stock option plans. Accordingly, compensation cost has been recognized only to the extent described above. Had compensation cost for the Company's stock option plan been determined based on the fair value at the grant dates for awards under the plan consistent with the method prescribed by FASB Statement No. 123, the Company's net income and earnings per share would have been adjusted to the pro forma amounts indicated below:

## Note 5. Income Taxes

There was no provision for income taxes for the six months ended June 30, 2005 and 2004 due to the Company's net operating loss and its valuation reserve against deferred income taxes.

The difference between the provision for income taxes from amounts computed by applying the statutory federal income tax rate of 34% and the Company's effective tax rate is due primarily to the net operating loss incurred by the Company and the valuation reserve against the Company's deferred tax asset.

At June 30, 2005, the Company has federal and state net operating loss carry forwards of approximately \$20,000,000 available to offset future taxable income. The state carry-forwards will expire intermittently through 2010, while the federal carry forwards will expire intermittently through 2025.

## Note 6. Convertible Debt Financing

As of June 30, 2005 the Company has outstanding \$2,200,000 of convertible debt, which is presented net of unamortized beneficial conversion discounts of \$43,414.

On March 23, 2000, the Company entered into a Securities Purchase Agreement (the "Agreement"), whereby the Company sold an 8% convertible note in the amount of \$3,000,000 (the "Series A Note"), due in shares of common stock on March 31, 2002 to Augustine Fund, L.P. (the "Buyer"). The Series A Note, as most recently modified on May 21, 2002, provided for the extensions of the maturity date until March 31, 2005. As of June 30, 2005 this note has been paid in full through a series of conversions to common stock. During the six months ended June 30, 2005 the Company received conversion requests for the remaining \$251,892 balance into 1,412,942 common shares at prices ranging from \$.149 to \$.213 per share. During 2004, 2003, and 2002 \$2,748,108 had been converted into 25,314,096 shares of the Company's common stock at conversion prices ranging from \$.028 to \$.375 per share.

The Company entered into a second Loan Agreement, most recently modified on October 31, 2003, whereby it issued an 8% convertible note in the amount of \$2,250,000, due November 7, 2005 (the "Series B Note") to Buyer. The Series B Note is convertible into common stock at a conversion price equal to the lesser of: (1) \$.25 per share, or (2) seventy-three percent (73%) of the average of the closing bid price for the common stock for the five (5) trading days immediately preceding the conversion date. Based upon advances through June 30, 2005 totaling \$2,250,000, had the Buyer converted the series B Note at issuance, Buyer would have received \$3,082,193 in aggregate value of the company's common stock upon conversion of the convertible note. As a result, in accordance with EITF 00-27, the intrinsic value of the beneficial conversion feature of \$832,193 is being charged to interest expense over the term of the related note. The beneficial conversion feature that was charged to interest expense totaled \$30,395 and \$60,457 during the three and six months ended June 30, 2005, respectively. The beneficial conversion feature that was charged to interest expense totaled \$79,428 and \$159,559 during the three and six months ended June 30, 2004, respectively. The total beneficial conversion discount related to this note has been recorded as an increase in additional paid in capital and the unamortized portion as a reduction in the related note. In addition, the Company entered into a Registration Rights Agreement whereby the Company agreed to file a Registration Statement with the Securities and Exchange Commission (SEC)

within sixty (60) days of a request from the Buyer (Filing Date), covering the common stock to be issued upon conversion of the Series B Note. If this Registration Statement is not declared effective by the SEC within sixty (60) days of the filing date the conversion percentage shall decrease by two percent (2%) for each month that the Registration Statement is not declared effective. The modified Series B Note requires that principal and interest be payable in shares of common stock, or cash, at the discretion of the Company, and provides that any fees or expenses related to any registration of the common stock will be borne equally by the Company and the Buyer.

### Critical Accounting Policies

Our significant accounting policies are more fully described in Note 1 to our financial statements. However, certain of our accounting policies are particularly important to the portrayal of our financial position and results of operations and require the application of significant judgment by our management; as a result, they are subject to an inherent degree of uncertainty. In applying these policies, our management makes estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosures. Those estimates and judgments are based upon our historical experience, the terms of existing contracts, our observance of trends in the industry, information that we obtain from our customers and outside sources, and on various other assumptions that we believe to be reasonable and appropriate under the circumstances, the results of which form the basis for making

## Edgar Filing: PAID INC - Form 10QSB

judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. Our critical accounting policies include:

**Inventories:** Inventories are stated at the lower of average cost or market on a first-in, first-out method. On a periodic basis we review inventories on hand to ascertain if any is slow moving or obsolete. In connection with this review, we establish reserves based upon management's experience and assessment of current product demand.

**Property and Equipment and Intangible Assets:** Property and equipment and intangible assets are stated at cost. Depreciation and amortization are computed over estimated useful lives that are reviewed periodically. In connection with this review we consider changes in the economic environment, technological advances, and management's assessment of future revenue potential and a review of the estimated useful lives of the various assets.

### Results of Operations

Three Months ended June 30, 2005 and 2004

The following discussion compares the Company's results of operations for the three months ended June 30, 2005 with those for the three months ended June 30, 2004. The Company's financial statements and notes thereto included elsewhere in this quarterly report contain detailed information that should be referred to in conjunction with the following discussion.

**Revenues.** For the three months ended June 30, 2005, revenues were \$633,400, 57% of which is attributable to sales of the Company's own product, including products obtained through live autograph signings, and fees from buyers and sellers through the Rotman Auction operations. Gross sales of the Company's own product were \$366,000. Fan club membership and related merchandise sales revenues were \$137,800, 21% of gross revenues, sports marketing revenues were \$108,800, 17% of gross revenues, and advertising and web hosting fees were \$8,100 or less than 1% of gross revenues during the three months ended June 30, 2005.

The Company's 2005 revenues represent an increase of \$270,100, or 74%, from the three months ended June 30, 2004, in which revenues were \$363,300. For the three months ended June 30, 2004, sales of Company owned product through the Rotman Auction operations were \$352,100, or 94% of gross sales, and advertising and web hosting fees were \$5,800, or 2% of gross revenues.

The reason for the increase in revenues was higher sales of Company owned product of approximately \$13,800 from the same period in 2004 and \$246,600 of revenues from our recently established sports marketing and fan club membership services. Gross profit from Company owned product sales for the three months ended June 30, 2005 was approximately \$226,700, \$38,100 more than in 2004. Since gross margin percentages on Company owned product increased from 53% to 62%, and sales of Company owned product were \$13,800 higher in the three months ended June 30, 2005, the Company produced \$38,100 more gross margin dollars in 2005. The increase in sales is attributable to listing higher priced goods in 2005 than in 2004. The increase in gross profit margin is attributable to the effect on cost of sales of the settlement with Leslie Rotman with respect to the movie poster inventory offset by a continuing decline in traffic on eBay, resulting in less competitive bidding. In addition, during the fourth quarter of 2004 the Company acquired the operating assets of K Sports & Entertainment LLC ("K

## Edgar Filing: PAID INC - Form 10QSB

Sports"), a sports marketing business and entered into a contract to host and manage the fan club website for a major performing artist. Revenues from these two sources accounted for \$246,600 of revenues in 2005.

Operating Expenses. Total operating expenses for the three months ended June 30, 2005 were \$1,083,300, compared to \$934,600 for the corresponding period in 2004, an increase of \$148,700. Sales, general and administrative ("SG&A") expenses for the three months ended June 30, 2005 were \$907,400, compared to \$705,900 for the three months ended June 30, 2004. The increase of \$201,500 in SG&A costs includes increases in payroll of \$118,800, professional fees of \$63,000, and other costs of \$25,700 offset by a decrease in depreciation and amortization of \$18,000 as older assets become fully depreciated and amortized. The additional SG&A costs are attributable to additional personnel, professional fees, travel, and shipping and postage related to the integration and development of K Sports and fan club services. Costs associated with planning, maintaining and operating our web sites for the three months ended June, 30, 2005 decreased \$53,000 from 2004. This decrease is due primarily to lower depreciation as certain website development costs became fully depreciated in 2005.

Other Income. For the three months ended June 30, 2005 other income increased by \$325,000 from the comparable 2004 period. This increase is attributable to a portion of the settlement with Leslie Rotman offset by realized and unrealized losses on the fair value of the investment in call options.

16

Interest Expense. For the three months ended June 30, 2005, the Company incurred interest charges of approximately \$78,500 principally associated with one convertible note, compared to interest charges of \$127,600 for the corresponding period in 2004. The decrease of \$49,000 is attributable to lower amortization of beneficial conversion features in 2005 offset by interest on short term debt.

Net Loss. The Company realized a net loss for the three months ended June 30, 2005 of \$462,100, or less than \$.01 per share, as compared to a loss of \$864,700, or \$.01 per share for the three months ended June 30, 2004.

Inflation. The Company believes that inflation has not had a material effect on its results of operations.

Six Months ended June 30, 2005 and 2004

The following discussion compares the Company's results of operations for the six months ended June 30, 2005 with those for the six months ended June 30, 2004. The Company's financial statements and notes thereto included elsewhere in this quarterly report contain detailed information that should be referred to in conjunction with the following discussion.

Revenues. For the six months ended June 30, 2005, revenues were \$1,493,000, 56% of which is attributable to sales of the Company's own product, including products obtained through live autograph signings, and fees from buyers and sellers through the Rotman Auction operations. Gross sales of the Company's own product were \$833,000. Fan club membership and related merchandise sales revenues were \$405,700, 27% of gross revenues, sports marketing revenues were \$229,900, 15% of gross revenues, and advertising and web hosting fees were \$11,000 or less than 1% of gross revenues during the six months ended June 30, 2005.

The Company's 2005 revenues represent an increase of \$743,700, or 99%, from the six months ended June 30, 2004, in which revenues were \$749,300. For the six months ended June 30, 2004, sales of Company owned product through the Rotman

## Edgar Filing: PAID INC - Form 10QSB

Auction operations were \$730,600, or 96% of gross sales, and advertising and web hosting fees were \$8,800, or 1% of gross revenues.

The reason for the increase in revenues was higher sales of Company owned product of approximately \$102,400 from the same period in 2004 and \$635,700 of revenues from our recently established sports marketing and fan club membership services. Gross profit from Company owned product sales for the six months ended June 30, 2005 was approximately \$317,400, \$48,900 less than in 2004. Since gross margin percentages on Company owned product dropped from 50% to 38%, and sales of Company owned product were \$102,400 higher in the six months ended June 30, 2005, the Company produced \$48,900 fewer gross margin dollars in 2005. The increase in sales is attributable to listing higher priced goods in 2005 than in 2004. The drop in gross profit margin is attributable to a continuing decline in traffic on eBay, resulting in less competitive bidding, offset by the effect on cost of sales of the settlement with Leslie Rotman with respect to the movie poster inventory. In addition, during the fourth quarter of 2004 the Company acquired the operating assets of K Sports & Entertainment LLC ("K Sports"), a sports marketing business and entered into a contract to host and manage the fan club website for a major performing artist. Revenues from these two sources accounted for \$635,700 of revenues in 2005.

Operating Expenses. Total operating expenses for the six months ended June 30, 2005 were \$2,300,600, compared to \$1,842,400 for the corresponding period in 2004, an increase of \$458,200. Sales, general and administrative ("SG&A") expenses for the six months ended June 30, 2005 were \$2,012,800, compared to \$1,466,000 for the six months ended June 30, 2004. The increase of \$546,800 in SG&A costs includes increases in payroll of \$268,800, advertising of \$20,000, professional fees of \$181,800, and other costs of \$116,500 offset by a decrease in depreciation and amortization of \$49,600 as older

17

assets become fully depreciated and amortized. The additional SG&A costs are attributable to additional personnel, professional fees, travel, and shipping and postage related to the integration and development of K Sports and fan club services. Costs associated with planning, maintaining and operating our web sites for the six months ended June, 30, 2005 decreased \$88,600 from 2004. This decrease is due primarily to lower depreciation as certain website development costs became fully depreciated in 2005.

Other income. For the six months ended June 30, 2005 other income increased by \$325,000 from the comparable 2004 period. This increase is attributable to a portion of the settlement with Leslie Rotman offset by realized and unrealized losses on the fair value of the investment in call options.

Interest Expense. For the six months ended June 30, 2005, the Company incurred interest charges of approximately \$172,300 principally associated with one convertible note, compared to interest charges of \$255,800 for the corresponding period in 2004. The decrease of \$83,500 is attributable to lower amortization of beneficial conversion features in 2005 offset by interest on short term debt.

Net Loss. The Company realized a net loss for the six months ended June 30, 2005 of \$1,441,000, or \$.01 per share, as compared to a loss of \$1,715,500, or \$.01 per share for the six months ended June 30, 2004.

Inflation. The Company believes that inflation has not had a material effect on its results of operations.

Assets

## Edgar Filing: PAID INC - Form 10QSB

At June 30, 2005, total assets of the Company were \$1,600,600, compared to \$1,764,900 at December 31, 2004. The decrease was primarily due to depreciation and amortization totaling \$458,300 offset by receipt of call options from Leslie Rotman.

### Operating Cash Flows

A summarized reconciliation of the Company's net losses to cash used in operating activities for the six months ended June 30, 2005 compared to June 30, 2004, is as follows:

	2005	2004

### Working Capital and Liquidity

The Company had cash and cash equivalents of \$32,400 at June 30, 2005, compared to \$43,600 at December 31, 2004. The Company had a \$241,500 deficit in working capital at June 30, 2005, compared to a working capital deficit of \$542,700 at December 31, 2004. At June 30, 2005 current liabilities were \$1,316,800 compared to \$1,446,000 at December 31, 2004.

As discussed in greater detail in Note 6 to the Financial Statements, the Company has outstanding convertible debt held by Augustine Fund, L.P. The Series A Note, in the original principal amount of \$3,000,000, has been completely retired as of June 30, 2005 through the conversion of principal into common stock. The Series B Note has a principal amount outstanding as of June 30, 2005 of \$2,200,000, since \$50,000 was converted to common stock during 2005.

The Company's independent auditors have issued a going concern opinion on the Company's consolidated financial statements for the year ended December 31, 2004. The Company needs an infusion of \$400,000 to \$600,000 of additional capital to fund anticipated operating costs over the next 12 months. Management anticipates growth in revenues and gross profits from its celebrity services products and websites, including memberships, fan experiences, ticketing, appearances, agency commissions, and merchandise sales. In addition, the Company hosts a suite of management tools and enhanced shipping calculator solutions for small e-commerce enterprises. These services, coupled with sales of movie posters, both from inventory and on consignment, and web hosting are expected to increase revenues and result in higher gross profit. Subject to the discussion below, management believes that the Company has sufficient commitments to fund operations during the next 12 months. These commitments include call options for

## Edgar Filing: PAID INC - Form 10QSB

approximately 1,900,000 shares of Company common stock valued at between \$265,000 and \$580,000 (based solely upon the 52 week high and low closing price of the Company's stock). Finally, management believes that it has identified several potential funding sources for additional financing. Management believes that these plans should result in obtaining sufficient operating cash through the next 12 months. However, there can be no assurance that the above mentioned potential financing can be completed on terms reasonably acceptable to the Company.

### Forward Looking Statements

This Quarterly Report on Form 10-QSB contains certain forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934) regarding the Company and its business, financial condition, results of operations and prospects. If the Company is not profitable, it will not be able to continue its business operations.
