PART I

Certain statements in this Annual Report on Form 10-K ("Form 10-K") under "Item 1. Business", "Item 3. Legal Proceedings" and "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations," constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 (the "Reform Act"). Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause our actual results, condition (financial or otherwise), performance or achievements to be materially different from any future results, performance, condition or achievements expressed or implied by such forward-looking statements.

Words such as "projects," "believe," "anticipates," "estimate," "plans," "expect," "intends," and similar words and expressions are intended to identify forward-looking statements and are based on our current expectations, assumptions, and estimates about us and our industry. In addition, any statements that refer to expectations, projections or other characterizations of future events or circumstances are forward-looking statements. Although we believe that such forward-looking statements are reasonable, we cannot assure you that such expectations will prove to be correct.

Our actual results could differ materially from those anticipated in such forward-looking statements as a result of several factors, risks and uncertainties. These factors, risks and uncertainties include, without limitation, the results of the audit and review processes performed by our independent auditors with respect to our Form 10-K for the year ended December 31, 2004; the possibility of delisting, or halt in trading of, the Company's common stock from the American Stock Exchange and the repercussions from any such delisting, or halt in trading; the continuing risks associated with our failure to be in compliance with our periodic reporting requirements with the Securities and Exchange Commission (specifically our delinquent Form 10-Q reports for the quarters ended March 31, 2005 and June 30, 2005); our ability to satisfactorily address any material weaknesses in our financial controls; general economic and business conditions; competition; the relative success of our operating initiatives; our development and operating costs; our advertising and promotional efforts; brand awareness for our product offerings; the existence or absence of adverse publicity; acceptance of any new product offerings; changing trends in customer tastes; the success of any multi-branding efforts; changes in our business strategy or development plans; the quality of our management team; costs and expenses incurred by us in pursuing strategic alternatives; the availability, terms and deployment of capital; the business abilities and judgment of our personnel; the availability of qualified

Edgar Filing: STEPHAN CO - Form 10-K

personnel; our labor and employee benefit costs; the availability and cost of raw materials and supplies; changes in or newly-adopted accounting principles; changes in, or our failure to comply with, applicable laws and regulations; changes in our product mix and associated gross profit margins; as well as management's response to these factors, and other factors that may be more fully described in the Company's literature, press releases and publicly-filed documents with the Securities and Exchange Commission. You are urged to carefully review and consider these disclosures, which describe certain factors that affect our business.

4

We do not undertake, subject to applicable law, any obligation to publicly release the results of any revisions, which may be made to any forward-looking statements to reflect events or circumstances occurring after the date of such statements or to reflect the occurrence of anticipated or unanticipated events. Therefore, we caution each reader of this report to carefully consider the specific factors and qualifications discussed herein with respect to such forward-looking statements, as such factors and qualifications could affect our ability to achieve our objectives and may cause actual results to differ materially from those projected, anticipated or implied herein.

Item 1. Business

GENERAL

The Company, founded in 1897 and incorporated in the State of Florida in 1952, is engaged in the manufacture, sale and distribution of hair care and personal care products at both the wholesale and retail level. The Company is comprised of The Stephan Co. ("Stephan") and its eight wholly-owned subsidiaries, Foxy Products, Inc., Old 97 Company, Williamsport Barber and Beauty Corp., Stephan & Co., Scientific Research Products, Inc. of Delaware, Trevor Sorbie of America, Inc., Stephan Distributing, Inc. and Morris Flamingo-Stephan, Inc.

The Company has identified three reportable operating segments, which are Professional Hair Care Products and Distribution ("Professional"), Retail Personal Care Products ("Retail") and Manufacturing. The Professional segment generally consists of a customer base of distributors, which purchase the Company's hair care products and beauty and barber supplies for sale to salons and barbershops. In this segment, a distinction is made between "wet goods", which include shampoos, conditioners, gels and similar hair treatments, and "hard goods", which include scissors, clippers, combs, dryers and other products used in styling hair. The customer base for our Retail segment is comprised of mass merchandisers, chain drug stores and supermarkets that sell hair care and other personal care products directly to the end user. The Manufacturing segment manufactures products for subsidiaries of the Company, and manufactures private label brands for certain customers.

THE STEPHAN CO.

Headquartered in Fort Lauderdale, Florida, we are principally engaged in the manufacture of hair care products for sale by two of our subsidiaries, Scientific Research Products, Inc. and Trevor Sorbie of America, Inc., and the manufacture of products marketed under the STEPHAN brand name. We also manufacture, market and distribute hair and skin care products under various trade names through our subsidiaries. Retail product lines include brands such as Cashmere Bouquet talc, Quinsana Medicated talc, Balm Barr and Stretch Mark creams and lotions, Protein 29 liquid and gel grooming aids and Wildroot hair care products for men. These brands, included in the Retail segment of our

Edgar Filing: STEPHAN CO - Form 10-K

business, are manufactured at our Tampa, Florida facility, as are the "Modern" brand of Stiff Stuff products. The sales of these products are also included in the Company's Retail segment. In addition, The Frances Denney division (included

5

in the Retail segment) markets a full line of cosmetics through retail and mail order channels. Under the terms of an exclusive Trademark License and Supply Agreement with Color Me Beautiful, Inc., we market the brand names HOPE, INTERLUDE and FADE-AWAY through several retail chains, including J.C. Penney, in the United States and Canada.

We also manufacture and sell products under the brand name "STEPHAN'S". Such products consist of different types of shampoos, hair treatments, after-shave lotion, dandruff lotion, hair conditioners and hair spray which are distributed throughout the United States to approximately 350 beauty and barber distributors and are included in our Professional segment. Our trademark, "STEPHAN'S," and the design utilized thereby have been registered with the United States Patent and Trademark Office, which registration is due for renewal in November 2006. Retail brand sales of Stephan, including the Frances Denney product line, accounted for approximately \$3,348,000 of the Company's 2004 net sales.

Under certain trademark licenses, we have been granted the exclusive use of certain trademarks in connection with the manufacture and distribution of the Cashmere Bouquet product line of the Colgate-Palmolive Company in the United States and Canada. Any product sold under these license agreements is included in our net sales.

Pursuant to an additional license and supply agreement, we have granted Color Me Beautiful, Inc. ("CMB") a license to distribute certain products of our Frances Denney line and to supply the requirements of CMB for such products. The agreement provides for royalty payments by CMB based upon net sales, with guaranteed minimum annual royalty payments throughout the term of the agreement that are credited against accrued royalties. As a result of a decline in the net sales of Frances Denney products by CMB, we have agreed to a reduction in the amount of minimum royalty that CMB is required to pay.

The Company's Fort Lauderdale location serves as our corporate headquarters. General management services are provided to our subsidiaries from this location.

No single customer accounted for more than 10% of our consolidated revenues in 2004. Private label production, which is the manufacturing of products marketed and sold under the brand names of customers of the Company, was not significant in 2004.

OLD 97 COMPANY.

Old 97 Company ("Old 97"), a wholly-owned subsidiary of the Company, located in Tampa, Florida, markets products under brand names such as OLD 97, KNIGHTS, and TAMMY. In addition to selling more than 100 different products, including hair and skin care products, fragrances, personal grooming aids and household items, Old 97 serves as an additional manufacturing facility for our products. Its Tampa facility manufactures most of the products sold under the Frances Denney line, all the talc manufactured for the Cashmere Bouquet and Quinsana brands, as well as all the other retail hair and skin care brands sold by Stephan and Stephan Distributing, Inc. The operations of Old 97 are included in the Manufacturing segment of our business.

Edgar Filing: STEPHAN CO - Form 10-K

6

WILLIAMSPORT BARBER AND BEAUTY CORP.

Williamsport Barber and Beauty Corp. ("Williamsport"), a wholly-owned subsidiary of the Company, is located in Williamsport, Pennsylvania. Williamsport, a mail order beauty and barber supply company, with net sales of approximately \$4,475,000 in 2004, accounted for approximately 18.7% of our consolidated revenues for the year and are included in the Professional business segment.

STEPHAN & CO.

Stephan & Co., a wholly-owned subsidiary, had focused on the distribution of personal care amenity products for cruise ships. For the year ended December 31, 2004, Stephan & Co. was successful in introducing its amenity program to resorts and spas and had net sales of approximately \$366,000 in 2004.

SCIENTIFIC RESEARCH PRODUCTS, INC. OF DELAWARE.

Scientific Research Products, Inc. of Delaware ("Scientific") is a wholly-owned subsidiary, which accounted for 10.6% of our consolidated revenues in 2004, with net sales of approximately \$2,541,000. The majority of the sales of Scientific are included in the Retail business segment.

TREVOR SORBIE OF AMERICA, INC.

Prior to its acquisition, Sorbie Acquisition Co. ("Sorbie") was one of our major customers and a distributor of a professional line of hair care products sold to salons in the United States and Canada through a network of distributors. Net sales of Sorbie hair care products in 2004 were approximately \$698,000, representing 2.9% of our consolidated revenues, and are included in the Professional business segment of the Company's business.

STEPHAN DISTRIBUTING, INC.

In 1997 the Company's wholly-owned subsidiary, Stephan Distributing, Inc., acquired several product lines from New Image Laboratories, Inc. ("New Image"). The primary brands acquired were a professional hair care line of products marketed under the brand name "Image," and a retail hair care line known as "Modern" and marketed under the brand name "Stiff Stuff." A portion of the purchase price included a contingent payment of 125,000 shares of the Company's common stock payable upon the achievement of certain earnings levels.

New Image commenced litigation against the Company seeking, among other things, a declaratory decree that the 125,000 shares of the Company's common stock held in escrow for the contingent payment of certain purchase price adjustments be released from escrow and turned over to New Image. In the action commenced by New Image against the Company in the United States District Court for the Central District of California, the parties reached a settlement

7

pursuant to a stipulation of settlement and amendments thereto which provided, among other things, as follows: (i) New Image relinquished title to 65,000 of the 125,000 shares of the Company's common stock held in escrow and received 60,000 shares, (subsequently, New Image elected to sell the Company its 60,000 shares for \$285,000), (ii) Stephan was awarded \$44,000 in damages from New

Edgar Filing: STEPHAN CO - Form 10-K

Image, (iii) dividends, and interest accrued thereon, held in the escrow account (approximately \$72,000) will be distributed with Stephan receiving 52% of such funds and New Image receiving 48% of such funds, which was used to satisfy, in part, the award under (ii) above. As a result of this settlement, the Company recorded an expense of approximately \$285,000 for the quarter ended June 30, 2004 and the amount is reflected as a reduction of royalty and other income on the consolidated statement of operations. In the third quarter of 2004, the amount of the contingently returnable shares recorded in the financial statements of the Company was offset against additional paid in capital when the shares were retired. New Image's claim for diminution of the value of the shares held in escrow was heard before a special master in late October 2004 and on March 30, 2005, the special master recommended that judgment be entered in favor of the Company. The federal court then entered an order confirming the findings of the Special Master and entered judgment denying New Image's diminution claim. New Image has not appealed the judgment.

Sales of professional brands acquired from New Image amounted to approximately 5.4% of consolidated revenues for the year ended December 31, 2004. Sales of New Image products are included in the Company's Professional business segment while sales of the Modern line are included in the Company's Retail business segment.

MORRIS FLAMINGO-STEPHAN, INC.

Morris-Flamingo, Inc. ("Morris Flamingo") is a beauty and barber distributor, which markets its products utilizing catalogs published under the Morris Flamingo brand name as well as the Major Advance brand name. Sales for the year ended December 31, 2004 were approximately \$10,928,000, accounting for approximately 45.6% of our consolidated revenues, and are included in the Professional segment of the Company's business.

SEGMENT INFORMATION

"Operating Segments and Related Information," which provides information on net sales, income before income taxes and cumulative effect of change in accounting principle, interest income and expense and depreciation and amortization for the last three years and identifiable assets for the last two years, for each of our three business segments, is set forth in Note 9 of the consolidated financial statements included elsewhere in this Form 10-K.

RAW MATERIALS, PACKAGING and COMPONENTS INVENTORY

The materials utilized by the Company and our subsidiaries in the manufacture of its products consist primarily of common chemicals, alcohol, perfumes, labels, plastic bottles, caps and cartons. All materials are readily available at competitive prices from numerous sources and have in the past been

8

purchased from domestic suppliers. Neither the Company nor any of our subsidiaries has ever experienced any significant shortage in supplies nor do we anticipate any such shortages in the reasonably foreseeable future. Due to market conditions in the petroleum industry, the Company continues to experience price increases in both raw material and component prices; however, it is not anticipated that these price increases will have a material adverse effect on our operations and we believe that such increases can be passed on to our customers.

The Company and its subsidiaries seek to maintain a level of finished goods inventory sufficient for a period of at least three months. The Company does not anticipate any change in such practice during the reasonably

Edgar Filing: STEPHAN CO - Form 10-K

foreseeable future.

BACKLOG

As of December 31, 2004 the Company did not have any significant amount of backlog orders.

RESEARCH AND DEVELOPMENT

During each of the three prior fiscal years ending December 31, 2004, expenditures on Company sponsored research relating to the development of new products, services or techniques or the improvement of existing products, services or techniques were not material and were expensed as incurred.

COMPETITION

The hair care and personal grooming business is highly competitive. We believe that the principal competitive factors are price and product quality. Products manufactured and sold by the Company and its subsidiaries compete with numerous varieties of other such products, many of which bear well known, respected and heavily advertised brand names and are produced and sold by companies having substantially greater financial, technical, personnel and other resources than the Company. Our products account for a relatively insignificant portion of the total hair care and personal grooming products manufactured and sold annually in the United States.

GOVERNMENT AND INDUSTRY REGULATION, ENVIRONMENTAL MATTERS

Certain of our products are subject to regulation by the Food and Drug Administration, in addition to other federal, state and local regulatory agencies. The Company believes that its products are in substantial compliance with all applicable regulations. The Company does not believe that compliance with existing or presently proposed environmental standards, practices or procedures will have a material adverse effect on operations, capital expenditures or the competitive position of the Company.

9

EMPLOYEES

As of December 31, 2004, in addition to its four executive officers, the Company and its subsidiaries employed approximately 110 people engaged in the production, warehousing and distribution of its products. Although we do not anticipate the need to hire a material number of additional employees, the Company believes that any such employees, if needed, would be readily available. No significant number of employees are covered by collective bargaining agreements and the Company believes its employee relationships are satisfactory.

Item 2. Properties

Our administrative, manufacturing and warehousing facilities are located in a building of approximately 33,000 square feet, owned by the Company, located at 1850 West McNab Road, Fort Lauderdale, Florida 33309. The Company utilizes approximately two-thirds of the space for the manufacture and warehousing of our products. The remainder of the space is utilized by the Company for its administrative offices. The Company also owns certain machinery and equipment used in the manufacture of our products that are stored in the facility in Fort Lauderdale, Florida. In addition to this facility, the Company leases approximately 43,000 square feet of warehouse space located at 5300 North Powerline Road, Fort Lauderdale, Florida 33309, under a lease extension which

Edgar Filing: STEPHAN CO - Form 10-K

terminates July 31, 2005, at an annual net rental of \$264,000. In August 2005, the Company negotiated a month-to-month lease on reduced space of 15,000 square feet for approximately \$9,000 per month.

Old 97 owns three buildings totaling approximately 42,000 square feet of space, one of which is located at 2306 35th Street, Tampa, Florida 33605. This building is utilized by Old 97 in the manufacture of its various product lines. It also owns two buildings located at 4829 East Broadway Avenue, Tampa, Florida 33605. One building, comprising 10,500 square feet, is being used for office facilities and order fulfillment for the Frances Denney line. The second building, consisting of approximately 30,000 square feet, is used as a warehouse and distribution facility. From time to time, and as inventory levels dictate, Old 97 leases temporary warehouse space, generally on a short-term basis. Old 97 is currently leasing a 44,000 square foot warehouse located in close proximity to the general office and warehouse facility.

The Company leases office and warehouse space of approximately 6,000 square feet in Williamsport, Pennsylvania pursuant to a five-year lease expiring January 31, 2007. Monthly rent in the amount of \$2,100 is payable to the former owner of Williamsport Barber Supply and the Company has the right to terminate the lease upon 30-days notice.

In connection with the Morris Flamingo acquisition, the Company entered into a lease, and subsequent lease extension, expiring in June 2005, for the office, warehouse and manufacturing facility located at 204 Eastgate Drive, Danville, Illinois 61834, at an annual rental payment of approximately \$210,000, subject to annual consumer price index increases, with purchase options ranging from \$1,850,000 to \$2,000,000 over the remaining life of the lease. The Danville facility has 7,500 square feet of office space and 85,500 square feet of warehouse, distribution and manufacturing space. The landlord is Shaheen & Co., Inc, the former owner of Morris-Flamingo. Shouky A. Shaheen, a minority owner of

10

Shaheen & Co., Inc., is currently a member of the Board of Directors and a significant shareholder of the Company. On May 4, 2005, the Company entered into a Second Amendment of Lease Agreement (the "Amendment") extending the term of the lease to June 30, 2015, with a five year renewal option, and increases the annual rental to \$302,780. The base rent is adjustable annually, in accordance with the existing master lease, the terms of which, including a 90-day right of termination by the Company, remain in full force and effect. In addition, the Company has a purchase option, effective during the term of the lease, to purchase the premises at the then fair market value of the building, or to match any bona fide third-party offer to purchase the premises. On July 6, 2005, the landlord notified the Company that their interpretation of the Amendment differs from that of the Company as to the existence of the 90-day right of termination. This matter is currently unresolved and the Company is unable, at this time, to determine the outcome of the disagreement. However, if it is ultimately determined that the early termination provision has been eliminated with the Amendment, the Company's minimum lease obligation would amount to \$151,390 in 2005, \$302,780 in 2006, \$302,780 in 2007, \$302,780 in 2008 \$302,780 in 2009 and \$1,665,289 thereafter.

Item 3. Legal Proceedings

In addition to the matters set forth below, the Company is involved in other litigation arising in the normal course of business. It is the opinion of our management that none of such matters, at December 31, 2004, would likely, if adversely determined, have a material adverse effect on our financial position, results of operations or cash flows.

Edgar Filing: STEPHAN CO - Form 10-K

For a description of certain legal proceedings involving the Company and New Image, see Item 1. Business. For a description of certain legal proceedings involving the Company and a shareholder, see Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations - Recent Events.

In the fourth quarter of 2003, Sorbie Acquisition Co. ("SAC"), a wholly-owned subsidiary of the Company, and Trevor Sorbie International, Plc. ("TSI") commenced arbitration proceedings before the American Arbitration Association in Pittsburgh, Pennsylvania. This arbitration proceeding arose from a lawsuit filed against SAC by TSI alleging causes of action for breach of contract, declaratory judgment and trademark infringement. On October 25, 2004, the arbitration panel returned an award in favor of TSI with respect to certain royalties due, including interest, and in favor of SAC with respect to the infringement of SAC's rights to exclusive publicity in their territory. The panel did not affirm any of the other claims alleged by either of the parties to the proceeding. In Federal Court, SAC appealed the decision on certain grounds, including an improper computation of the interest due on additional royalties. The financial statements for the year ended December 31, 2004 reflect a liability of approximately \$724,000 for payment of the award. Also, SAC may incur additional interest from the date of the award. Due to the complexities of the issues involved, however, the Company is currently unable to predict the outcome of the appeal, including whether or not the appeal will be heard.

11

Item 4. Submission of Matters to a Vote of Security Holders

No matters were submitted to a vote of our security holders, through the solicitation of proxies or otherwise, during the quarter ended December 31, 2004.

12

PART II

Item 5. Market for Registrant's Common Equity and Related Stockholder Matters

(a) Market Information

The Company's Common Stock is listed on the American Stock Exchange (the "Exchange"). The following table sets forth the range of high and low sales prices for the Company's Common Stock during each quarterly period within the two most recent fiscal years:

Quarter Ended -----	High Sales Price -----	Low Sales Price -----
March 31, 2003	\$ 3.61	\$ 3.10
June 30, 2003	3.79	3.00
September 30, 2003	4.25	3.71
December 31, 2003	4.47	4.00

September 30, 2004	6.80	3.30(1)

Edgar Filing: STEPHAN CO - Form 10-K

December 31, 2004 4.25(1) 3.45(1)

(1) Net of \$2.00 per share special dividend paid September 15, 2004

(b) Holders

As of April 15, 2005, the Company's Common Stock was held of record by approximately 320 holders. The Company's Common Stock is believed to be held beneficially by approximately 1,200 shareholders in "street-name".

(c) Dividends

The Company declared and paid cash dividends at the rate of \$.02 per share for each quarter in 1996 through 2004. Future dividends, if any, will be determined by the Company's Board of Directors, in its discretion, based on various factors, including the Company's profitability, cash on hand and anticipated capital needs. As indicated above, the Company paid a special dividend of \$2.00 per share on September 15, 2004, to holders of record on September 8, 2004.

There are no contractual restrictions, including any restrictions on the ability of any of the Company's subsidiaries, to transfer funds to the Company in the form of cash dividends, loans or advances, that currently materially limit the Company's ability to pay cash dividends or that the Company reasonably believes are likely to materially limit the future payment of dividends on its Common Stock.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.

RESULTS OF OPERATIONS

YEAR ENDED DECEMBER 31, 2004 AS COMPARED TO 2003

Net sales for 2004 decreased primarily as a result of declines in the revenues from the Company's Retail business segment. The decline in net sales for the Retail segment was approximately \$1,638,000, largely as a result of the return to a normal level of sales of Quinsana Medicated Talc to the military as a result of the stabilization of troops deployed to the Middle East. The Professional segment showed a small sales decrease, with an increase in hard goods sales offsetting most of the decline in wet goods sales.

15

Gross profit decreased \$1,514,000, to \$9,664,000 in 2004 when compared to 2003 levels. This decrease was due to an overall decline in net sales, increased write-downs of long-term inventory and a continuing change in the overall mix of business. The gross margin in 2004 was 40.4%, compared to 44.1% in 2003. The decrease, as indicated above, was due to an unfavorable sales mix. The Morris Flamingo-Stephan and Williamsport subsidiaries (Professional business segment) accounted for approximately 64.3% of consolidated net sales, an increase of 4.7% over 2003 levels. These two subsidiaries have traditionally had lower gross margins than other entities comprising the professional group. The Company continues to devote efforts to improving the gross profit margins of these two divisions, even though they have declined when compared to 2003. In 2004, as a result of lower than anticipated sales and slow inventory movement during the year, the Company recorded a charge reflected in cost of goods sold for \$337,000 to reduce the carrying value of inventory. This contributed to the decline in gross profit as well as contributing to the overall decrease in the gross margin.

The Retail Personal Care Products operating segment experienced a significant decrease in net sales as a result of the decrease in military sales as explained above, in addition to a decline in net sales of the LeKair product line. Net retail sales in 2004 were \$5,734,000, as compared to \$7,373,000 in 2003. The Company continues to utilize discounting in an attempt to maintain market share, a practice which has an adverse effect on the overall gross profit of the Company.

Net sales of the Manufacturing segment declined as a result of the decline in wet goods sales, in addition to a decline in private label manufacturing; however, management's efforts to "re-launch" the amenities business showed favorable results, with net sales of \$366,000 in 2004.

Selling, general and administrative expenses (SG&A) increased overall by approximately \$2,352,000, from \$9,752,000 in 2003 to \$12,104,000 in 2004. Approximately \$2,752,000 of SG&A expenses in 2004 were comprised of "non-cash" expenses, including an impairment loss on goodwill and trademarks in the amount of \$2,145,000, \$415,000 of additional payroll costs associated with certain officers of the Company exercising stock options utilizing the "cashless method" of exercise and \$192,000 of additional royalty expense to reflect the results of the Sorbie arbitration (see Item 3. Legal Proceedings, above). Other increases in SG&A were the result of the reimbursement of an additional \$158,000 for expenses previously incurred by Eastchester Enterprises, in accordance with the

Edgar Filing: STEPHAN CO - Form 10-K

terms of the Merger Agreement (Eastchester Enterprises was the entity created by the four Board members who were attempting to privatize the Company), \$111,000 in additional legal expenses in connection with litigation and "going-private" matters and additional rent expense of \$72,000. In 2003, SG&A included officers bonuses of \$755,000; however no bonus was due or payable for the year ended December 31, 2004.

Interest expense declined by approximately \$312,000, from \$403,000 in 2003 to \$91,000 in 2004, a result of the payoff of an obligation to Colgate-Palmolive in April 2004; interest income also declined \$63,000 due to low interest rates and significantly lower cash investments due to the payment of a special \$2.00 per share dividend in September 2004. Interest income for the year ended December 31, 2004, was \$164,000, compared to \$227,000 earned in 2003.

16

As indicated in previously filed reports, on April 7, 2004, the Company and Colgate-Palmolive mutually agreed to settle all outstanding claims and issues between them. The net result of this settlement was a reduction of the Company's outstanding obligation by approximately \$418,000. This amount is reflected in other income. In addition to the Colgate-Palmolive settlement, other income was impacted by the settlement of two lawsuits. In one case, the Company received payment of \$150,000 in connection with a customer's failure to perform on a purchase order issued by them to the Company, and in July 2004, the Company also settled a portion of the New Image litigation by agreeing to pay New Image \$285,000 (see Item 3. Legal Proceedings, above). Other income also includes royalty payments from Color Me Beautiful in the amount of \$50,000 in connection with the marketing of Frances Denney products.

The loss before income taxes for the year ended December 31, 2004 was \$2,034,000, compared to income of \$1,487,000 achieved for the corresponding period in 2003, due to a decline in net sales and gross profit as well as the increase in SG&A indicated above. The provision for income taxes of \$142,000 includes a current benefit of \$213,000 and a deferred tax expense of \$355,000. The net loss for the year ended December 31, 2004 was \$2,176,000, a decline of \$2,936,000 from the corresponding period for 2003, however as mentioned above, approximately \$2,752,000 of SG&A expenses were "non-cash" in nature.

Basic and diluted loss per share for the year ended December 31, 2004 was \$.50, compared to earnings of \$.18 for the year ended December 31, 2003, based upon an average number of shares outstanding of 4,348,908 in 2004 and 4,312,711 in 2003.

YEAR ENDED DECEMBER 31, 2003 AS COMPARED TO 2002

Net sales increased slightly for the year ended December 31, 2003, and were favorably impacted by a higher than normal volume of sales of Quinsana Medicated Talc to the military, as a result of the deployment of troops to the Middle East. This factor was instrumental in increasing net sales for the Retail segment by almost \$650,000. It also helped increase the overall gross profit margin of the Company because of the favorable impact these sales had on the sales mix. Earnings per share, before the cumulative effect of a change in accounting principle, for the year ended December 31, 2003 was \$.18, compared to the \$.12 per share achieved for the comparable period in 2002.

Net sales of Professional "wet goods" for the year ended December 31, 2003 declined approximately \$545,000, however, the net sales of "hard goods" increased approximately \$228,000 for that same period, leaving the overall Professional segment down approximately \$315,000 from the comparable period in

Edgar Filing: STEPHAN CO - Form 10-K

2002.

As a result of the decline in the net sales of wet goods, as described above, net sales of the Manufacturing segment also declined. A small portion of this decline can be attributed to a decline in private label manufacturing.

17

Gross profit for the year ended December 31, 2003, increased to \$11,178,000 from the \$9,861,000 achieved in the comparable period of 2002. The gross margin in 2003 was 44.1%, compared to 39.3% in 2002. These increases, as indicated above, were due to the more favorable sales mix realized by the Company as a result of higher sales of retail products.

Selling, general and administrative expenses for the year ended December 31, 2003 increased substantially over the comparable period in 2002, largely as a result of management bonuses due officers in accordance with their employment contracts. Insurance costs increased over \$100,000, a significant portion of which is as a result of the increased cost of the Directors and Officers insurance.

Management bonuses were computed based upon the comparison of current year earnings per share to a base year, in accordance with terms of the officers employment contracts, and amounted to \$755,000 for the year ended December 31, 2003, and was included in administrative expenses. No bonuses were payable for the year ended December 31, 2002.

Interest income and interest expense both declined during the year ended December 31, 2003, as a result of continued low interest rates. Included in other income was the \$50,000 royalty payment from Color Me Beautiful, as well as a \$187,000 settlement in connection with the Department of Transportation lawsuit.

The provision for income taxes of \$727,000 provided for in the statement of operations includes state income taxes of approximately \$120,000 payable to certain states outside of Florida where the Company is deemed to have a business nexus. In addition, both federal and state income taxes were adversely affected by the non-deductibility of certain expenses incurred in connection with the "going-private" transaction and are considered permanent differences.

LIQUIDITY AND CAPITAL RESOURCES

Working capital decreased \$7,315,000 from December 31, 2003, and was approximately \$11,738,000 at December 31, 2004. Cash and cash equivalents decreased to \$4,402,000 as compared to \$13,302,000 as of December 31, 2003. The decline in working capital and cash is significantly due to the payment of a \$2.00 per share special dividend (approximately \$8,780,000) in September, 2004. Total cash, including restricted cash, decreased from \$18,945,000 at December 31, 2003 to \$8,943,000 at December 31, 2004. The Company has continued to secure its outstanding long-term debt with Wachovia Bank with restricted cash. The long-term portion of restricted cash is classified as non-current and not included in working capital or cash and cash equivalents.

The Company is currently considering construction of additional warehouse facilities on the Tampa, Florida manufacturing property, estimated to cost approximately \$1,000,000. The Company is reviewing construction designs and site plans, as well as initiating procedures for obtaining the necessary permits. Other than the above, the Company does not anticipate any significant capital

expenditures in the near term and management believes that there is sufficient cash on hand and working capital to satisfy upcoming requirements.

The Company had secured a \$5,000,000 line of credit with Merrill Lynch Business Financial Services, Inc. which expired in August 2004. Subsequent to year-end, the Company renewed the line at a reduced amount of \$1,500,000, through August 2005. The line of credit, when used, bears interest at the rate of LIBOR plus 2.25%.

The Company does not have any off-balance sheet financing or similar arrangements.

Inventory levels declined as management sustained efforts to reduce the overall amount of inventory on hand, both through the use of effective inventory control techniques, as well as a continuing write-down of old, obsolete or slow moving items.

The Company has not experienced any material adverse impact from the effects of inflation in the last several years. Management maintains some flexibility to increase prices and does not have any binding contract pricing with either customers or vendors. Many of the Company's products, as well as the components used, are petroleum-based products, and as a result, the prices for raw materials are and will continue to be subject to oil prices which, in turn, are subject to various political or economic pressures. The Company does not presently foresee any material increase in the costs of raw materials or component costs, and our management believes it has the flexibility of calling upon multiple vendors and the ability to increase prices to offset any price changes, however, if this trend continues, it may adversely impact the Company's gross profit margin.

The following table sets forth certain information regarding future contractual obligations of the Company as of December 31, 2004:

Contractual obligation	Total	Payments due by period	
		(in thousands)	
		Less than 1 year	1-3 years
Bank debt payable	\$ 4,348	\$ 1,110	\$3,238
Employment contract	4,042	725	3,317
TOTAL OBLIGATIONS	\$ 8,390	\$ 1,835	\$6,555

NEW FINANCIAL ACCOUNTING STANDARDS

In January 2003, the Financial Accounting Standards Board (the "FASB") issued FASB Interpretation No. 46, "Consolidation of Variable Interest Entities" ("FIN 46"), an interpretation of ARB 51. FIN 46, as revised in December 2003, provides guidance on identifying entities for which control is achieved through means other than through voting rights, variable interest entities ("VIE"), and

how to determine when and which business enterprises should consolidate the VIE. In addition, FIN 46 requires both the primary beneficiary and all other

Edgar Filing: STEPHAN CO - Form 10-K

enterprises with a significant variable interest in a VIE to make additional disclosures. The consolidation provisions of FIN 46 are effective immediately for variable interests in VIE's created after January 31, 2003. For variable interests in VIE's created before February 1, 2003, the provisions of FIN 46 are effective for the first interim or annual period ending after December 15, 2003. The adoption of FIN 46 did not require a change in accounting treatment of any VIE's. The Company did not become a party to any VIE's during 2004 and 2003.

In May 2003, the FASB issued Statement of Financial Accounting Standards ("SFAS") No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". This statement establishes standards for the classification and measurement of financial instruments that possess characteristics similar to both liability and equity instruments. SFAS No. 150 also addresses the classification of certain financial instruments that include an obligation to issue equity shares. On October 29, 2003, the FASB voted to defer, for an indefinite period, the application of certain provisions of the guidance in SFAS No. 150. The FASB decided to defer the application of certain aspects of SFAS No. 150 until it could consider some of the resulting implementation issues. The Company has adopted certain provisions of SFAS No. 150 which did not have a material impact on the Company's financial condition or results of operations. The Company does not believe the effect of the provisions of SFAS No. 150 that have been deferred to future periods will have a material impact on the Company's financial statements.

In December 2004, the FASB issued a revised SFAS No. 123 impacting the accounting treatment for share-based payments. The revised statement requires companies to reflect in the income statement compensation expense related to the grant-date fair value of stock options and other equity-based compensation issued to employees over the period that such amounts are earned. The statement is effective for the Company's 2006 fiscal year.

RECENT EVENTS

On April 30, 2003, the Board of Directors approved a definitive merger agreement (the "Merger Agreement") pursuant to which the Company would be acquired, in a "going-private" transaction, by Gunhill Enterprises, Inc., a wholly-owned subsidiary of Eastchester Enterprises, Inc. Eastchester Enterprises, Inc. is owned by Frank F. Ferola, Thomas M. D'Ambrosio, John DePinto and Shouky A. Shaheen (all of whom, at the time, were current Board members) together with their affiliates (the "Acquisition Group"). The Company entered into the Merger Agreement following approval by its Board of Directors based in part upon the unanimous recommendation of the Special Committee comprised of two non-management and disinterested directors of the Company's Board of Directors. The Special Committee had received an opinion from SunTrust Robinson Humphrey that the consideration to be paid pursuant to the Merger Agreement was fair from a financial point of view to the stockholders other than the Acquisition Group.

On November 4, 2003, in connection with the "going-private" transaction, the Company filed a Preliminary Proxy with the Securities and Exchange Commission ("SEC"). On August 25, 2004, the Merger Agreement was terminated and the Acquisition Group withdrew its offer to acquire the shares of Stephan common stock not owned by it and informed Stephan that it has decided not to pursue such an acquisition at this time. As a result of the above, the Company incurred termination expenses in the amount of \$158,000 in accordance with the terms of the Merger Agreement, payable to the Acquisition Group and the amount is included in selling, general and administrative expenses in the statement of

Edgar Filing: STEPHAN CO - Form 10-K

operations.

As previously reported, the Company has not submitted any matters to a vote of its security holders since the Company's September 1, 2000 Annual Meeting. In accordance with the rules and regulations of the American Stock Exchange ("AMEX"), the Company was required to promptly notify its stockholders and AMEX, in writing, indicating the reasons for the failure to have a meeting and to use good faith efforts to ensure that an annual meeting is held as soon as reasonably practicable. The Company included annual meeting materials in its revised proxy statement, filed with the SEC on April 13, 2004. In a press release issued by the Company on October 29, 2004, the Company indicated that the next annual meeting of shareholders, previously set for November 10, 2004, had been delayed, and the Company expected to formally notify all shareholders of the definitive date and location of such meeting in the near future. The Company was required by AMEX to file a Corporate Governance Certification by October 31, 2004, but has been unable to do so because the composition of the Board of Directors and the Audit Committee does not meet the enhanced independent requirements of AMEX. On November 19, 2004, the Company received a warning letter from AMEX indicating that the Company was deficient with respect to the above, in addition to not being in compliance with nominating committee requirements and a web-site posting (or other public notice) of a code of conduct and ethics for all directors, officers and employees. By January 11, 2005, the Company became compliant by appointing another independent Board member and filing the appropriate Corporate Governance Certification.

As indicated above, the Company was not in compliance with Section 704 of the AMEX Company Guide in that it has not held an annual meeting of stockholders since September 1, 2000. On January 25, 2005, the Company received a letter from AMEX requiring the submission of a timetable for compliance with the above Section 704, relating to the holding an annual meeting of stockholders. The AMEX requested that the timetable indicate actions the Company has taken, or will take, in order to bring the Company into compliance with AMEX continued listing standards by no later than May 31, 2005. In spite of its continuing efforts to schedule an annual meeting of stockholders, the Company was unable to comply with the May 31, 2005 deadline. The Company has previously been advised that failure to meet this deadline of May 31, 2005 may cause the Company's common stock to be delisted. In addition, the Company was not in compliance with Sections 134, 1101 and 1003(d) of the AMEX Company guide due to the failure to file a timely Annual Report on Form 10-K for the year ended December 31, 2004 and the Quarterly Report on Form 10-Q for the period ended March 31, 2005. On June 7, 2005, The Company received notification that the AMEX was proceeding with delisting procedures. These procedures allow the Company to appeal the

21

delisting process and as such, a hearing before a Listing Qualifications Panel was held on July 27, 2005. On August 3, 2005, the Company received the Panel's unanimous written decision, which grants the Company an extension of time until September 30, 2005, to regain compliance with Amex listing standards. However, the Panel also unanimously agreed that should the Company not be in complete compliance with AMEX listing standards by September 30, 2005, the Amex could then immediately move to delist the Company's common stock. The Panel based its decision upon the Company's representations at the hearing and its public filings.

The Company believes that if its common stock is delisted from AMEX, such delisting is not expected to have a direct impact on the financial condition or operations of the Company, but it could adversely affect the liquidity and price of the Company's common stock, as well as the Company's ability to raise additional capital.

Edgar Filing: STEPHAN CO - Form 10-K

On August 1, 2005, the Company entered into a Brand License Agreement with The Quantum Beauty Company Limited (the "Licensor") for the exclusive rights to manufacture, market and distribute the "Lee Stafford" brand of hair care products in the Western Hemisphere (the "License Agreement"). The initial term of the License Agreement is 5 years, with a minimum 5 year renewal at the Licensor's option. The Company is subject to certain requirements, including satisfactory compliance with manufacturing and quality standards, reporting timeframes, payment of royalties, minimum marketing, advertising and promotional expenditures as well as targeted sales goals increasing on an annual basis. On the basis of targeted sales goals stipulated in the License Agreement, the Company believes that overall, accounts receivable and inventory levels will increase in the future and anticipates a positive impact on the sales and earnings of the Company over the term of the License Agreement.

DISCUSSION OF CRITICAL ACCOUNTING POLICIES

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("generally accepted accounting principles") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ significantly from those estimates if different assumptions were used or different events ultimately transpire. We believe that the following are the most critical accounting policies that requires management to make difficult, subjective and/or complex judgments, often due to a need to make estimates about matters that are inherently uncertain:

VALUATION OF ACCOUNTS RECEIVABLE: The ultimate amount of collections received against outstanding accounts receivable must take into account returns, allowances and deductions that may be made by our customers. Many retailers to whom we sell products take deductions for various forms of marketing expenses, as well as participating in nationwide reclamation cooperatives for processing damaged goods. Other expenses to which we are subject to, in addition to those

22

experienced in the retail environment (but also with Professional products sold to distributors) include deductions for freight if the invoice is paid within specified terms, co-op advertising allowances, new store/warehouse allowances and, from time to time, limited rebate programs. We attempt to estimate these costs, as well as providing for anticipated bad debts, by recording allowances based upon our experience, economic conditions, normal customer inventory levels and/or competitive conditions. Actual returns, credits or allowances, as well as the condition of any product actually returned, may differ significantly from the estimates used by the Company.

INVENTORIES: Inventories are stated at the lower of cost, determined by the first-in, first-out (FIFO) method, or market. We periodically evaluate inventory levels, giving consideration to factors such as the physical condition of the goods, the sales patterns of finished goods and the useful life of particular packaging, componentry and finished goods and estimate a reasonable write-down amount to be provided for slow moving, obsolete or damaged inventory. These estimates could vary significantly, either favorably or unfavorably, from actual requirements based upon future economic conditions, customer inventory levels or competitive factors that were not foreseen or did not exist when the inventory write-downs were established.

Edgar Filing: STEPHAN CO - Form 10-K

IMPAIRMENT OF LONG-LIVED ASSETS AND GOODWILL: The Company periodically evaluates whether events or circumstances have occurred that would indicate that long-lived assets may not be recoverable or that the remaining useful life may be impaired. When such events or circumstances are present, the Company assesses the recoverability of long-lived assets by determining whether the carrying value will be recovered through the expected future cash flows resulting from the use of the asset. If the results of this testing indicates an impairment of the carrying value of the asset, an impairment loss equal to the excess of the asset's carrying value over its fair value is recorded. The long-term nature of these assets requires the estimation of its cash inflows and outflows several years into the future and only takes into consideration circumstances known at the time of the impairment test.

In accordance with SFAS No. 142, "Goodwill and Other Intangible Assets," goodwill and other indefinite lived intangible assets are to be evaluated for impairment on an annual basis, and between annual tests, whenever events or circumstances indicate that the carrying value of an asset may exceed its fair value. The use of various acceptable and appropriate methods of valuation requires the use of long-term planning forecasts and assumptions regarding industry-specific economic conditions that are outside the control of the Company.

Item 7A. Quantitative and Qualitative Disclosure about Market Risk

The Company does not own or maintain an interest in derivative or other financial instruments for which fair value disclosure would be required under Statement of Financial Accounting Standards No. 107. In addition, the Company does not invest in securities that would require disclosure of market risk, nor does it have floating rate loans or foreign currency exchange rate risks. The Company has no interest rate risk on its fixed rate debt since the interest rate on the note payable to a bank resets annually upon the anniversary of the loan (August) at 50 basis points above the interest rate earned on the restricted cash that collateralizes the loan.

23

Item 8. Financial Statements and Supplementary Data

Reference is made to the consolidated financial statements and supplementary data contained elsewhere in this Form 10-K.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

Not applicable.

Item 9A: Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this annual report, an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures was performed under the supervision and with the participation of our management, including our principal executive officer and principal financial officer. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that a material weakness existed in our internal controls over financial reporting and consequently our disclosure controls and procedures were not effective as of the end of the period covered by this Annual Report in timely alerting them as to material information relating to our Company (including our consolidated subsidiaries)

Edgar Filing: STEPHAN CO - Form 10-K

required to be included in this Annual Report.

The material weakness in our internal controls over financial reporting as of December 31, 2004 related to the fact that as a small public company, we have an insufficient number of personnel with clearly delineated and fully documented responsibilities and with the appropriate level of accounting expertise and we have insufficient documented procedures to identify and prepare a conclusion on matters involving material accounting issues and to independently review conclusions as to the application of generally accepted accounting principles. The lack of a sufficient number of accounting personnel is not considered appropriate for an internal control structure designed for external reporting purposes. The principal factors management considered in determining whether a material weakness existed in this regard was based upon management's evaluation discussed above and advice from our independent registered public accounting firm. As a result, management has determined that a material weakness in the effectiveness of the Company's internal controls over financial reporting existed as of December 31, 2004.

(b) Change in Internal Control over Financial Reporting

No change in the Company's internal control over financial reporting occurred during the Company's fourth fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting. However, management of the Company, as well as the Audit Committee, recognizes that current staffing levels will have to be enhanced and/or institute arrangements with other accounting firms to act in a consulting capacity in an effort to satisfy our reporting obligations and over-all standards of disclosure controls and procedures.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CONTROL PERSONS OF THE COMPANY

Board of Directors

Directors are elected on a staggered basis, with each class generally standing for election for a three-year term. The Company's By-Laws provide that the number of directors shall be set from time to time by resolution of the Board of Directors and must be a minimum of one. The Board of Directors has set the size of the Board at seven members.

Set forth below is certain information with respect to the members of the Board of Directors:

	Age (as of 4/1/05) -----	Year first elected as a Company Director -----	Principal Occupation(s) During Past Five Years; Other Directorships -----
William M. Gross	81	(1)	Certified Public Accountant and Attorney. For more than the previous five years, he has served as Authorized House Counsel for the Company on a part time basis.
Shouky A. Shaheen (2)	74	1998	For more than the previous five years, President of Shaheen and Co. Mr. Shaheen

Edgar Filing: STEPHAN CO - Form 10-K

Shaheen is also the former Owner of Morris Flamingo, L.P., which was acquired by the Company in March 1998.

Curtis Carlson (3)	51	1996	For more than the previous five years, partner in various law firms. Currently a partner in the Miami-based law firm of Carlson & Lewittes, PA.
Frank F. Ferola	61	1981	For more than the previous five years, Chairman of the Board, President and Chief Executive Officer of the Company.
Richard Barone	63	(1)	Chairman, CEO and Portfolio Manager for Ancora Advisors, an investment advisor based in Cleveland, OH. Additionally, Chairman of Ancora Capital and Ancora Securities, a holding company and broker/dealer based in Cleveland. Prior to founding Ancora Advisors, from 2001-2003, portfolio manager for Fifth Third Bank Invest Advisors. Prior to that, President and CEO for Maxus Investment Group.

(1) Not previously elected; appointed to fill vacancy.

(2) Member of the Compensation Committee.

(3) Member of the Audit Committee.

Committees of the Board

The Board has established three standing committees, consisting of (1) an Audit Committee (2) a Stock Option & Compensation Committee and (3) a Nominating Committee.

25

The Audit Committee reviews the internal and external audit functions of the Company and makes recommendations to the Board of Directors with respect thereto. It also has primary responsibility for the formulation and development of the auditing policies and procedures of the Company, and for selecting the Company's independent auditing firm. The Audit Committee is governed by the Company's Audit Committee Charter. The Board of Directors of the Company has determined that the current composition of the Audit Committee satisfies the American Stock Exchange's requirements regarding the independence, financial literacy and experience. The Chairman and financial expert of the Audit Committee is William Gross; Mr. Gross is not an independent director.

Executive Officers

The four executive officers of the Company consist of Frank F. Ferola, President, Chairman of the Board and Chief Executive Officer; David A. Spiegel, Chief Financial Officer, Vice President and Treasurer; Tyler Kiester, Assistant Secretary; and Curtis Carlson, Vice President and Secretary.

The following sets forth certain information with respect to the executive officers of the Company who are not also directors (based solely on information furnished by such persons):

Mr. David A. Spiegel, 57, was appointed as Chief Financial Officer in January 1994. For more than the five years prior to 1994, Mr. Spiegel was the

Edgar Filing: STEPHAN CO - Form 10-K

independent public accountant for the Company.

Mr. Tyler Kiester, 37, was appointed Assistant Secretary in January 2003. For more than the previous five years, Mr. Kiester has been employed by the Company in various capacities.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers and directors and persons owning more than 10% of the Company's common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission and to furnish copies of all such reports to the Company. The Company believes, based on the Company's stock transfer records and written representations from certain reporting persons, that, except as set forth below, all reports required under section 16(a) were timely filed during 2004.

(1) Reflects Stock Options granted pursuant to employment agreements.

(2) Potential realizable value is based on the assumption that the Common Stock appreciates at the annual rates shown (compounded annually) from the date of grant until the expiration of the option term. These numbers are calculated based on the requirements promulgated by the Commission and do not reflect any estimate or prediction by the Company of future Common Stock trading prices.

Option Exercises and Year-End Option Values

The following table sets forth information with respect to the number of shares acquired upon exercise of stock options and the value realized upon exercise of such stock options by the individuals named in the Summary Compensation Table during 2004. The table also contains information regarding the number of shares covered by both exercisable and unexercisable stock options held by the same individuals as of December 31, 2004. Also reported are the values for "in-the-money" stock options that represent the positive spread between the respective exercise prices of outstanding stock options and the fair

Compensation of Directors

All directors of the Company are compensated for their services by payment of \$300 for each Board meeting attended.

During fiscal year 2004, options to purchase an aggregate of 20,248 shares of Common Stock, at an exercise price of \$4.82 per share, were granted by the Company to the four directors of the Company who were not employees or regularly retained consultants of the Company (each, an "Outside Director") pursuant to the Company's 1990 Outside Directors' Stock Option Plan.

Under the Plan, each Outside Director is automatically granted, upon such person's election or re-election to serve as a director of the Company, an option exercisable over five years, to purchase shares of Common Stock. Upon initial election to the Board of Directors, an Outside Director is granted an option to purchase 5,062 shares of Common Stock at an exercise price equal to the fair market value of the Common Stock on the date of grant. An option to purchase an additional 5,062 shares of Common Stock (at an exercise price equal to the fair market value of the Common Stock on the date of such grant) is granted to each incumbent Outside Director during each fiscal year of the Company thereafter on the earlier of (i) June 30 or (ii) the date on which the stockholders of the Company elect directors at an annual meeting of such stockholders or any adjournment thereof. The aggregate number of shares of Common Stock reserved for grant under the Outside Directors' Stock Option Plan is 202,500, of which options covering 80,992 shares are outstanding.

Employment and Termination Arrangements

Frank F. Ferola

On January 1, 1997, the Company entered into an employment agreement with Mr. Frank F. Ferola. The agreement provides for a three year term, which may be renewed for successive terms of three years if, at least thirty days prior to the end of each term, Mr. Ferola gives notice of his election to renew. Mr. Ferola renewed the agreement at the end of 1999, 2002, and, most recently on March 7, 2005, terminating December 31, 2008.

Under the agreement, Mr. Ferola receives an annual base salary which is increased annually by an amount equal to 10% of the previous years' base salary. For the year ending December 31, 2004, Mr. Ferola's annual base salary was \$828,139. (However, by letter dated July 6, 2005, to the Company, Mr. Ferola

Edgar Filing: STEPHAN CO - Form 10-K

unilaterally reduced his salary to \$540,000 per annum. See discussion under Certain Relationships and Related Transactions.)

In addition, Mr. Ferola is entitled to receive an annual performance bonus based on increases of at least 10% in the Company's earnings per share, calculated by comparison to a base year (currently, 2002) and pursuant to a formula set forth in his employment agreement. For the year ending December 31, 2004, Mr. Ferola was paid a bonus in the amount of \$630,000.

Further, Mr. Ferola's employment agreement provides that he will receive stock options with five year terms, under the 1990 Key Employee Stock Incentive Plan or under a substitute plan directly from the Company, on each anniversary date of the agreement of not less than 50,000 shares based on the closing price of the stock on the last business day before the anniversary date.

Moreover, in the event of a "change in control" (as defined in the employment agreement) of the Company, Mr. Ferola is entitled to receive an amount equal to his base salary for the remaining term of his employment agreement plus an additional 24 months' salary, plus a lump-sum payment in an amount equal to the most recent annual bonus paid multiplied by the sum of the number of years (including any fraction thereof) remaining in the term of his agreement, plus two.

David Spiegel

Likewise, Mr. Spiegel has an arrangement with the Company where the Company pays him a severance payment upon a "change in control" (as defined in a letter agreement dated April 29, 2004, by and between Mr. Spiegel and the Company) in an amount equal to his then-current monthly base salary, multiplied by twelve, plus a lump-sum payment equal to his most recent annual bonus.

Tyler Kiester

Finally, Mr. Kiester has an arrangement whereby the Company pays him a severance payment upon a "change in control" (as defined in a letter agreement dated May 19, 2003, by and between Mr. Kiester and the Company) in an amount equal to his then-current monthly base salary multiplied by twelve.

Compensation Committee Interlocks and Insider Participation

Shouky Shaheen, John DePinto, and Leonard Genovese served on the Compensation Committee in 2004. In fiscal year 2004 the Company paid \$273,000 in rent to Shaheen & Co., Inc., a corporation in which Shouky A. Shaheen is a majority owner, for a building the Company leases in Danville, Illinois. On May 4, 2005, the Company entered into a Second Amendment of Lease Agreement for the Danville, IL facility which, among other things, increases the annual rental to \$302,780.

Report of the Compensation Committee on Executive Compensation

The following Report on Executive Compensation does not constitute soliciting material and should not be deemed filed or incorporated by reference in any other filing by us under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate this report or the performance graph by reference therein.

The Compensation Committee is composed entirely of independent directors. The Compensation Committee reviews the base salaries of our employees (as well as our executive officers) on an annual basis, considering factors such as

Edgar Filing: STEPHAN CO - Form 10-K

corporate progress toward achieving objectives (without reference to any specific performance-related targets) and individual performance experience and expertise. The Compensation Committee has primary responsibility for the administration of the Company's 1990 Key Employee Stock Incentive Plan (the "Incentive Plan"), including principal responsibility for the granting of options thereunder. The Compensation Committee is also responsible for establishing the overall philosophy of the Company's executive compensation program and overseeing the executive compensation plan developed to execute the Company's compensation strategy.

Compensation Strategy

The Company's executive compensation program has been designed to (i) align executive compensation with stockholder interests, (ii) attract, retain and motivate a highly competent executive team, (iii) link compensation to individual and Company performance and (iv) achieve a balance between incentives for short-term and long-term performance and results. The Company's executive compensation package consists of the payment of base salary, potential annual bonus and stock options awarded through participation in the Incentive Plan. The Compensation Committee reviews annually the compensation to be paid to the Company's executive officers. In making such review, the Compensation Committee evaluates information supplied by management. The Compensation Committee also participates in the negotiation of employment contracts, including provisions for salary and bonuses, with the Company's executive officers. Currently, pursuant to the Company's employment agreements with certain of its executive officers, each such executive officer receives a fixed annual base salary and certain of such executive officers are entitled to receive a bonus amount determined by a formula based on certain increases in the Company's earnings per share for each fiscal year during the term of the agreement.

30

Base Salary

Base salary for executive officers is determined by the terms of written employment agreements between the Company and such officers. The Compensation Committee's policy is to negotiate salaries in relation to industry norms, the principal job duties and responsibilities undertaken by such executives, individual performance and other relevant criteria. A base salary comparison for the Company's Chief Executive Officer was made to a group of public companies that the Compensation Committee believes provides a meaningful comparison to the Company. Several of these companies are included in the custom composite of companies in the Standard & Poor's Midcap Consumer Products Index. The base salary paid to the Company's Chief Executive Officer for fiscal year 2004 was in the middle of the range of base salary paid by such companies.

Annual Bonus

Annual bonuses for the Chief Executive Officer and other executive officers may be determined by specific bonus formulae set forth in written employment agreements between the Company and such officers. Currently, only the Chief Executive Officer is eligible to receive such a bonus (see EXECUTIVE COMPENSATION section of this Proxy Statement). Other executives are paid bonuses at the discretion of the Compensation Committee.

Stock Options

Long-term incentive compensation of executives is granted through participation in the Incentive Plan. The Incentive Plan permits the Company to grant stock options to executive officers at a price not less than 100% of the

Edgar Filing: STEPHAN CO - Form 10-K

fair market value of the Common Stock on the date of the grant. In addition to any obligations pursuant to executive officers' employment agreements, stock options may be granted, in the Compensation Committee's discretion, to executive officers based upon its appraisal of the ability of such executive officers to influence the long-term growth and profitability of the Company. The Compensation Committee believes that providing a portion of the executive's annual incentive compensation in the form of stock options encourages the officers to share with the Company's stockholders the goals of increasing the value of the Company's stock and contributing to the success of the Company.

Compensation Committee's Actions for Fiscal Year 2004

After various informal meetings during 2004, the Compensation Committee did not award any discretionary stock options to any key employees and did not grant any discretionary salary increases or award any bonuses. Options and bonus were granted only pursuant to Mr. Ferola's employment agreement.

The Chief Executive Officer Compensation

As set forth in more detail herein, the Compensation Committee approved an employment agreement on January 1, 1997 for Mr. Frank F. Ferola that was renewed for successive terms until December 31, 2008. Based on the earnings formula described therein, Mr. Ferola received annual bonus(es) and stock options as shown in the EXECUTIVE COMPENSATION section of this Proxy Statement.

31

Section 162(m) Compliance

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally disallows a tax deduction to a public company for compensation over \$1 million annually paid to its chief executive officer and four other most highly compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limitation if certain requirements are met. The Compensation Committee's current policy is to structure the performance-based portion of the compensation of the Company's executive officers (currently consisting of stock option grants and cash bonuses) in a manner that complies with Section 162(m) of the Code whenever practicable and appropriate in the judgment of the Compensation Committee.

COMPENSATION COMMITTEE:

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Equity Compensation Plans

As of December 31, 2004, an aggregate of 462,700 options had been granted to executive officers under the 1990 Key Employee Stock Incentive Plan and an aggregate of 496,330 options had been granted to all employees under the Plan. Included in the above totals are options that have been granted and subsequently cancelled and/or expired.

Non-employee directors of the Company are not granted options under the 1990 Key Employee Stock Incentive Plan, but are granted options under the 1990 Outside Directors' Stock Option Plan, discussed above under "Compensation of

Edgar Filing: STEPHAN CO - Form 10-K

Directors."

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In fiscal year 2004, the Company paid \$152,431 to Payton & Carlson, P.A. and to Carlson & Associates, P.A., law firms of which Curtis Carlson is a partner, for legal services rendered by such firms to the Company. Further, commencing April 8, 2005, the Company began to pay Mr. Carlson \$2,000.00 per month for his services as Vice-President and Secretary.

In fiscal year 2004, the Company paid \$273,000 in rent to Shaheen & Co., Inc., a corporation in which Shouky A. Shaheen is a majority owner, for a building the Company leases in Danville, Illinois. On May 4, 2005, the Company entered into a Second Amendment of Lease Agreement for the Danville, IL facility which, among other things, increases the annual rental to \$302,780.

By way of letter dated July 6, 2005, Frank F. Ferola, President, CEO and Chairman of the Board, unilaterally reduced, on a temporary basis, his salary from \$910,953 per annum to \$540,000 per annum. In the event of a "change of control" in the Company (as defined in the July 6, 2005 letter) Mr. Ferola's salary, as set forth in his employment contract, shall automatically resume.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
The Stephan Co.
Fort Lauderdale, FL

We have audited the accompanying consolidated balance sheets of The Stephan Co. and subsidiaries (the "Company") as of December 31, 2004 and 2003, and the related consolidated statements of operations, changes in stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2004. Our audits also included the financial statement schedule listed in the Index at Item 15. These financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company

Edgar Filing: STEPHAN CO - Form 10-K

Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of The Stephan Co. and subsidiaries as of December 31, 2004 and 2003, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly in all material respects the information set forth therein.

As discussed in Notes 1 and 5 to the consolidated financial statements, the Company changed its method of accounting for goodwill and other intangible assets in 2002 to conform to Statement of Financial Accounting Standards No. 142.
