At the close of business on March 17, 2006, the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were outstanding and entitled to vote an aggregate of 59,794,608 shares of Common Stock of the Company, constituting all of the outstanding voting stock of the Company. Holders of Common Stock are entitled to one vote per share.

Shares of Common Stock represented in person or by proxy (including shares that abstain or otherwise do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

Votes Required

The affirmative vote of the holders of a plurality of all the votes cast by the holders of Common Stock is required for the election of directors.

Shares that abstain from voting as to a particular matter, and shares held in "street name" by a broker or nominee that indicates on a proxy that it does not have discretionary authority to vote as to a particular matter, will not be voted in favor of such matter, and also will not be counted as shares voting on such matter. Accordingly, abstentions and "broker non-votes" will have no effect on the voting on a matter that requires the affirmative vote of a certain percentage of the votes cast or the shares voting on that matter.

7

Board and Committee Meetings

The Company's Board of Directors held seven meetings during 2005, and acted on six occasions by unanimous written consent. Each of the directors attended all of the (i) meetings of the Board of Directors and (ii) meetings held by all committees of the Board on which he or she served, in each case during the period that he or she served. The Board has an informal policy that all directors are expected to attend the annual meeting of stockholders. All directors attended the 2005 annual meeting of stockholders.

In November 2004, the Company applied to have its Common Stock listed on the American Stock Exchange; the application was approved in early 2005, and the Company's Common Stock began trading on the American Stock Exchange on June 2, 2005. Under American Stock Exchange rules, a director of the Company will only qualify as "independent" if the Company's Board of Directors affirmatively determines that the director does not have a material relationship with the listed company that would interfere with the exercise of independent judgment. The Company's Board of Directors has determined that none of Messrs. Burke, McGillicuddy, or Silverstein or Ms. Murray has a material relationship with the Company and that each of these directors is "independent" as determined under Section 121 of the American Stock Exchange Company Guide.

The Company has a standing Audit Committee of the Board of Directors. The Audit Committee is responsible for, among other things, reviewing financial reports, accounting procedures and the scope and results of the annual audit of the Company's financial statements and overseeing the qualifications and independence of the Company's independent auditors. The current members of the Audit Committee are Mr. Burke, who serves as Chairman, Mr. McGillicuddy, Mr. Silverstein and Ms. Murray.

The Board of Directors has determined that all of the members of the Audit Committee are "independent" under the listing standards of the American Stock Exchange and as contemplated by Rule 10A-3 under the Securities Exchange Act. The Board of Directors has determined that each member of the Audit Committee is

able to read and understand fundamental financial statements, including a company's balance sheet, income statement, and cash flow statements, and that Mr. Burke, the Chairman of the committee, is qualified as an "audit committee financial expert" as the term is defined in Item 401(h) of Regulation S-K, promulgated by the Securities and Exchange Commission. The members of the Audit Committee met five times in 2005.

The Company has a standing Compensation Committee of the Board of Directors. The Compensation Committee is responsible for reviewing compensation issues and making decisions concerning the compensation of the Company's executive officers. The current members of the Compensation Committee are Mr. McGillicuddy, who serves as Chairman, Messrs. Silverstein and Burke and Ms. Murray. The members of the Compensation Committee met twice in 2005, and acted on two occasions by unanimous written consent.

8

The Company does not have a standing nominating committee. The Board of Directors has determined that it is appropriate for the Company not to have a nominating committee because all of the matters which a nominating committee would be responsible for are presently considered by all the members of the Board of Directors. Each member of the Board of Directors participates in the consideration of director nominees.

Director Candidates

The process followed by the Board of Directors to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Board.

In considering whether to recommend any particular candidate for inclusion in its slate of recommended director nominees, the Board of Directors applies criteria including the candidate's integrity, business acumen, knowledge of the Company's business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The Board does not assign specific weight to particular criteria and no particular criterion is a prerequisite for each prospective nominee. The Board believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Stockholders may recommend individuals to the Board for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials to the Company at its principal office, Attn: Barbara J. Fournier, Secretary. Assuming that appropriate biographical and background material has been provided on a timely basis, the Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others. If the Board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in the Company's proxy card for the next annual meeting.

Stockholders also have the right under the Company's bylaws to directly nominate director candidates, without any action or recommendation on the part of the Board, by following the procedures set forth below under "Stockholder Proposals." Candidates nominated by stockholders in accordance with the procedures set forth in the bylaws will not be included in the Company's proxy

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

card for the next annual meeting.

Communicating with the Board of Directors

The Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The Secretary of the Company is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he or she considers appropriate.

9

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Secretary considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which the Company tends to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to Board of Directors, Franklin Street Properties Corp., 401 Edgewater Place, Suite 200, Wakefield, Massachusetts 01880, Attn: Barbara J. Fournier, Secretary.

Compensation of Directors

The Company compensates its non-management directors for their services as directors in the annual amount of \$55,000, plus an additional \$10,000 annually for the Chair of the Audit Committee. The Company also reimburses its non-management directors for expenses incurred by them in connection with attendance at Board meetings.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised of Messrs. McGillicuddy, Silverstein and Burke and Ms. Murray. No executive officer of the Company has served as a director or member of the compensation committee (or other committee serving an equivalent function, or in the absence of any such committee, the entire board of directors) of any other entity, that has one of its executive officers serving or having served as a director or member of the Compensation Committee of the Company.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee (the "Committee") is responsible for determining the compensation package of each executive officer and establishes compensation policies for the Company's Chief Executive Officer and the other executive officers of the Company.

The Company's executive compensation program is designed to promote the achievement of the Company's business goals and, thereby, to maximize corporate performance and stockholder returns.

The executive officers of the Company fall into two categories. The first category is comprised of executive officers who make up the corporate management team (i.e., Chief Executive Officer, Chief Operating Officer, Chief Financial

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

Officer, subsidiary president, etc.). The second category is comprised of executive officers who are Investment Executives and are engaged in the sale of equity interests in the Company's Sponsored REITs.

Executive compensation for the corporate management team generally consists of a combination of base salary, cash performance bonuses and the potential for awards of stock through the Company's 2002 Stock Incentive Plan.

Executive compensation for the Company's executive officers who are Investment Executives consists primarily of commissions earned on the sale of interests in the Company's Sponsored REITs. As is standard practice in the investment industry, Investment Executives earn as commission a percentage of payout of the gross sales commission earned on each investment sale. The actual amount of compensation earned as commissions is determined by the level of sales conducted by each individual. An investment executive's ability to earn commissions is limited only by the amount of equity available to be sold and his individual ability to sell it. As such, the Committee does not set the level of compensation for the executive officers who are Investment Executives. The Committee does determine the percentage of payout that is paid to the Investment Executives.

The Committee considers stock incentives to be a critical component of an executive's compensation package in order to help align executive interests with stockholder interests.

14

Compensation Philosophy

The objectives of the executive compensation program are to align compensation with business objectives and individual performance and to enable the Company to attract, retain and reward executive officers who are expected to contribute to the long-term success of the Company. The Company's executive compensation philosophy is based on the principles of competitive and fair compensation and sustained performance.

Competitive and Fair Compensation

The Committee is committed to providing an executive compensation program that helps attract and retain highly qualified executives. To ensure that total cash compensation (salary plus cash bonus) is competitive, the Committee compares its compensation practices with those of other companies in the industry and sets its compensation guidelines based on this review. The Committee believes total cash compensation for its executive officers is within the range of total cash compensation paid to executives with comparable qualifications, experience and responsibilities in the same or similar business and of comparable size and success. The Company also strives to achieve equitable relationships both among the compensation of individual officers and between the compensation of officers and other employees throughout the organization.

Sustained Performance

Executive officers who are part of the corporate management team are rewarded based upon corporate performance and individual performance. Corporate performance is evaluated by reviewing the extent to which strategic and business plan goals are met, including such factors as levels of property acquisitions, performance of properties in the Company's portfolio, gains or losses on property dispositions, levels of equity sales and the achievement of earnings, adjusted funds from operations, or AFFO, and dividend goals. Individual

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

performance is evaluated by reviewing the attainment of specified individual objectives and the degree to which teamwork and Company values are fostered.

In evaluating each management executive's performance, the Company generally conforms to the following process:

- o Company and individual goals and objectives generally are set at the beginning of the performance cycle (which is a calendar year).
- o At the end of the performance cycle, the accomplishment of the executive's goals and objectives and his/her contributions to the Company are evaluated, and the results are communicated to the executive.
- o The comparative results, compared with comparative compensation practices of other companies in the industry, are then used to determine cash bonus and stock compensation levels, if any.

15

Any increases in annual salaries and payment of bonus awards are based on actual corporate and individual performance against targeted performance and various subjective performance criteria. Targeted performance criteria vary for each executive based on his/her area of responsibility, and may include achievement of specific acquisition goals, achievement of specific property performance goals, continued innovation in development of the Company's infrastructure, achievement of the operating budget for the Company as a whole or of a business group of the Company, and achievement of specific earnings, AFFO and dividends goals. Subjective performance criteria include an executive's ability to motivate others, develop the skills necessary to grow as the Company matures, recognize and pursue new business opportunities and initiate programs to enhance the Company's growth and success. The Committee does not use a specific formula based on these targeted performance and subjective criteria, but instead makes an evaluation of each executive officer's contribution in light of all such criteria.

Compensation at the management executive level has also included the award of stock in the Company. The stock award program is designed to promote the identity of long-term interests between the Company's employees and its stockholders. The size of the stock award is generally intended to reflect the executive's position with the Company and his/her contribution to the Company, including his/her success in achieving the individual performance criteria described above.

In recommending that the Board approve the Retention Agreement and the Plan, the Committee recognized that the Company is committed to the long-term growth of its business and increasing the value of its stock for shareholders. The Committee also recognized that since the Company's June 2, 2005 listing on the American Stock Exchange, merger and consolidation activity within the real estate/real estate investment trust industry has been significant. The Committee was concerned about the Company's competitive ability to attract and retain quality employees which, in turn, could interfere with the Company's achievement of its core objectives. The Committee believes that the Retention Agreement is comparable to other employee retention plans offered by competitors within the larger real estate/real estate investment trust industry.

Mr. Carter's 2005 Compensation

Mr. Carter is the CEO of the Company. Mr. Carter participates in the same executive compensation plans available to the other executive officers of the Company, other than the Retention Plan, in which Mr. Carter has chosen not to participate. Mr. Carter's base salary for 2005 was \$225,000. The Committee

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

evaluated Mr. Carter's and the Company's performance during 2005. The Committee believes 2005 was a significant "transition" year for the Company. The Company transitioned to a publicly-traded company on the American Stock Exchange, and made more meaningful use of its Real Estate/Balance Sheet Assets to drive growth. The Committee believes that Mr. Carter's ability to anticipate and respond to changes in larger capital/real estate market dynamics has positioned the Company to be financially secure and competitive, in a variety of potential economic and capital market conditions. Also, the Company achieved strong financial results during 2005. The Committee determined that Mr. Carter performed very well during this transitional year. His continued adherence to

16

established investment discipline allowed the Company to remain competitive in an otherwise challenging commercial office/real estate environment. Mr. Carter's overall performance was considered excellent by the Committee. The Committee made a recommendation to the Board that the amount of \$500,000 be paid to Mr. Carter as cash bonus for 2005 performance. The Committee further recommended to the Board that Mr. Carter's annual salary be increased to \$375,000. The full Board (with Mr. Carter abstaining) unanimously approved the Committee's recommendations. Mr. Carter agreed to take \$300,000 as cash bonus for 2005 performance and declined the salary increase. Mr. Carter was not awarded any stock as compensation for his 2005 performance.

In connection with the Mergers, the preferred stock of each Target REIT (the "Target Stock") was converted into shares of Common Stock of the Company.

18

George J. Carter, President, Chief Executive Officer, a director of the Company and a member of the special committee of the Company's board charged with evaluating the Mergers was also the President and a director of each Target REIT. On March 15, 2006, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") to acquire five real estate investment trusts (FSP Willow Bend Office Center Corp., FSP Innsbrook Corp., FSP 380 Interlocken Corp., FSP Blue Lagoon Drive Corp. and FSP Eldridge Green Corp., collectively the "2006 Target REITs") by means of the merger of each 2006 Target REIT with and into a wholly-subsiary of the Company (the "2006 Mergers"). In connection with the 2006 Mergers, the preferred stock of each 2006 Target REIT would be converted into shares of Common Stock of the Company and, in certain circumstances, the holders of preferred stock in each 2006 Target REIT would also receive cash consideration. The Company expects to consummate the 2006 Mergers on or about May 1, 2006. As preferred stockholders in certain of the 2006 Target REITs, Messrs. Silverstein and McGillicuddy will be entitled to approximately \$11,210,219 and \$3,300,000 of merger consideration, respectively. SELECTION OF ACCOUNTANTS

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2006. Ernst & Young has served as the Company's independent registered public

accounting firm since May 2003.

19

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders.

Report of the Audit Committee of the Board of Directors

The Audit Committee of the Company's Board of Directors acts under a written charter first adopted and approved in January 2002. In October 2004, the Audit Committee amended and restated its charter.

The Audit Committee reviewed the Company's audited consolidated financial statements for the year ended December 31, 2005 and discussed these consolidated financial statements with the Company's management and the Company's independent registered public accounting firm. Management is responsible for the preparation of the Company's consolidated financial statements, internal controls, and for the appropriateness of accounting principles used by the Company. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing a report on those consolidated financial statements, performing an independent audit in accordance with the standards of the Public Company Accounting Oversight Board (United States) of Management's assessment over the effectiveness of the Company's internal control over financial reporting and performing an independent audit of the effectiveness of the Company's internal control over financial reporting and issuing a report on the results of their audits, and for reviewing the Company's unaudited interim consolidated financial statements. As appropriate, the Audit Committee reviews and evaluates, and discusses with the Company's management, internal accounting, financial and auditing personnel and the independent registered public accounting firm, the following:

- o the plan for, and the independent registered public accountants' report on, each audit of the Company's financial statements;
- o the Company's financial disclosure documents, including all financial statements and reports filed with the Securities and Exchange Commission or sent to stockholders;
- o management's selection, application and disclosure of critical accounting policies;
- o changes in the Company's accounting practices, principles, controls or methodologies;
- o significant developments or changes in accounting rules applicable to the Company; and
- o the adequacy of the Company's internal controls and accounting, financial and auditing personnel.

The Audit Committee also reviewed and discussed the audited consolidated financial statements and the matters required by Statement on Auditing Standards 61 (Communication with Audit Committees) with Ernst & Young LLP, the Company's independent registered public accounting firm for the year ended December 31, 2005. SAS 61 requires the Company's independent registered public accounting

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

firm to discuss with the Company's Audit Committee, among other things, the following:

20

- o methods to account for significant unusual transactions;
- o the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- o the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and
- o disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The Company's independent registered public accounting firm also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. The Audit Committee discussed with the independent registered public accounting firm the matters disclosed in this letter and their independence from the Company. The Audit Committee also considered whether the independent auditors' provision of the other, non-audit related services which are referred to under the heading "Independent Auditor Fees and Other Matters" is compatible with maintaining such auditor's independence.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the Audit Committee recommended to the Company's Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

Pre-Approval Policy and Procedures

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by the Company's independent registered public accounting firm. This policy generally provides that the Company will not engage its independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to the Company by its independent registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

22

The Audit Committee has also delegated to each individual member of the Audit Committee the authority to approve any audit or non-audit services to be provided to the Company by its independent registered public accounting firm. Any approval of services by a member of the Audit Committee pursuant to this delegated authority is reported on at the next meeting of the Audit Committee.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return on

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

the Company's Common Stock (or, prior to January 1, 2002, units ("FSP Units") of the Partnership) between December 31, 2000 and December 31, 2005 with the cumulative total return of (1) the NAREIT Equity Index, (2) the Standard & Poor's 500 Composite Stock Price Index ("S&P 500") and (3) the Russell 2000 Total Return Index over the same period. This graph assumes the investment of \$100.00 on December 31, 2000 in FSP Units of the Partnership's limited partnership interests and assumes that any distributions are reinvested. Each FSP Unit was converted into one share of Common Stock on January 1, 2002.

Notes to Graph:

- (1) Because there was no market for FSP Units, the price per FSP Unit used in the calculations set forth above for December 31, 2000 is the price ascribed to an FSP Unit in equity-for-equity mergers consummated by the Partnership on January 1, 2000, and October 1, 2000, respectively, and the price set forth above for December 31, 2001 is the price ascribed to an FSP Unit in the Conversion. The price ascribed to the FSP Units for the mergers took into account, among other factors, the lack of a trading market.
- (2) Because there was no market for the Company's Common Stock, the Board of Directors made a good faith determination of the price per share of Common Stock as of December 31, 2002, December 31, 2003 and December 31, 2004 for purposes of the calculations set forth above. In order to make the Common Stock price more comparable to publicly traded indices, the Board of Directors has not applied any discount to reflect the lack of a trading market.

OTHER MATTERS

Matters to be Considered at the Meeting

The Board of Directors does not know of any other matters which may come before the Annual Meeting. However, if any other matters are properly presented to the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

Solicitation of Proxies

All costs of solicitation of proxies will be borne by the Company. In addition to solicitations by mail, the Company's directors, officers and employees, without additional remuneration, may solicit proxies by telephone, telegraph and personal interviews. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

their names, and, as required by law, the Company will reimburse them for their out-of-pocket expenses in this regard.

Stockholder Proposals

Proposals of stockholders intended to be included in the Company's proxy statement for the 2007 Annual Meeting of Stockholders must be received by the Company at its principal office not later than November 22, 2006. If a stockholder who wishes to make a proposal at the 2007 Annual Meeting--other than one that will be included in the Company's proxy materials--does not notify the Company by no earlier than December 4, 2006 and no later than January 3, 2007, the proxies that management solicits for the meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before the meeting.

24

Important Notice Regarding Delivery of Security Holder Documents

The Company participates in the practice of "householding" proxy statements and annual reports, meaning that the Company delivers a single proxy or information statement to a household, even though two or more stockholders live under the same roof or a stockholder has shares registered in multiple accounts, unless the Company has received an instruction to the contrary from one or more of the stockholders. This practice enables the Company to reduce the expense of printing and mailing associated with proxy statements and reduces the amount of duplicative information a stockholder may currently receive.

The Company will promptly deliver a separate copy of either document to a stockholder if a stockholder calls or writes to the Company at the following address or phone number: Franklin Street Properties Corp., 401 Edgewater Place, Suite 200, Wakefield, Massachusetts 01880, (781) 557-1300. If a stockholder wants to receive separate copies of the annual report and proxy statement in the future, or if the stockholder is receiving multiple copies and would like to receive only one copy for his or her household, said stockholder should contact the Company at the above address and phone number.

By Order of the Board of Directors,
