QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS

AND THE ANNUAL MEETING

PROXY MATERIALS

1. Why am I receiving these materials?

Our Board is providing these proxy materials to you on the internet or, upon your request, has delivered printed proxy materials to you, in connection with our Annual Meeting of Stockholders, which will take place on June 11, 2018 at 9:30 a.m. EDT at 20271 Goldenrod Lane, Suite 2059, Germantown, MD 20876. As a stockholder, you are invited to attend the meeting and vote on the items of business described in this proxy statement. This proxy statement includes information that we are required to provide to you under SEC rules and is designed to assist you in voting your shares.

2. What is included in the proxy materials?

The proxy materials include:

- Our proxy statement for the 2018 Annual Meeting of Stockholders;
- Our 2017 Annual Report on Form 10-K for the fiscal year ended December 31, 2017; and
- The proxy card or a voting instruction form for the Annual Meeting.

3. What information is contained in these materials?

The information in this proxy statement relates to the proposals to be voted on at the Annual Meeting, the voting process, the compensation of our directors and most highly paid executive officers, corporate governance, and certain other required information.

4. Why did I receive a notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the SEC, we may furnish proxy materials, including this proxy statement and our 2017 Annual Report to our stockholders by providing notice and access to these documents on the internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless they specifically request them. Instead, the Notice which is mailed to stockholders will instruct you as to how you may access and review all of the proxy materials on the internet. The Notice also instructs you as to how you may vote on the internet or telephonically. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

5. I share an address with another stockholder and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure called “householding,” which the SEC has approved. Under this procedure, we deliver a single copy of the Notice and, if applicable, the proxy materials to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces our printing costs, mailing costs, and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written request, we will deliver promptly a separate copy of the Notice and, if applicable, the proxy materials to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the Notice and, if applicable, the proxy materials, stockholders may contact our transfer agent at:

American Stock Transfer & Trust Company, LLC

Customer Service

6201 15th Avenue

Brooklyn, NY 11219

800-937-5449

Stockholders who hold shares in street name (as described below) may contact their brokerage firm, bank, broker-dealer, or other similar organization to request information about householding.

6. How can I access the proxy materials over the internet?

The Notice will contain instructions on how to view our proxy materials for the Annual Meeting on the internet and vote your shares. Our proxy materials are also available on our website at www.neuralstem.com under “SEC Filings.” Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you, and will reduce the impact of printing and mailing these materials on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

VOTING INFORMATION

7. What items of business will be voted on at the Annual Meeting?

The items of business scheduled to be voted on at the Annual Meeting are:

The election of two (2) Class I directors to our Board, to hold office until the annual meeting of stockholders in 2021, or until their respective successors are qualified and elected.

The ratification of Dixon Hughes Goodman LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

To transact such other business as may properly come before the Annual Meeting and any postponement(s) or adjournment(s) thereof (See Question 23 below).

8. How does the Board recommend that I vote on each of the matters?

Our Board recommends that you vote your shares:

· **“FOR”** each of the director nominees;

· **“FOR”** the ratification of the appointment of Dixon Hughes Goodman LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018;

9. What shares can I vote?

Each share of our common stock issued and outstanding as of the close of business on the Record Date is entitled to be voted on all items being voted on at the Annual Meeting. You may vote all shares owned by you as of the Record Date, including (i) shares held directly in your name as the stockholder of record, and (ii) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee. On the Record Date, we had 15,160,014 shares of common stock issued and outstanding. We also had 1,000,000 shares of Series A 4.5% Convertible Preferred Stock, with a stated value of \$12.7895 per share, that are outstanding but that have no voting rights with respect to the matters contained herein.

10. How many votes am I entitled to per share?

Each holder of shares of common stock is entitled to one vote for each share of common stock held as of the Record Date. The holders of the Company’s outstanding Series A 4.5% Convertible Preferred Stock have no voting rights with respect to the matters contained herein.

11. What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most of our stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. There are some important distinctions between shares held of record and those beneficially owned.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, American Stock Transfer and Trust Company, you are considered, with respect to those shares, the *stockholder of record*, and the Notice was sent directly to you by Neuralstem. As the *stockholder of record*, you have the right to grant your voting proxy directly to Neuralstem or to vote in person at the Annual Meeting. If you have requested printed proxy materials, enclosed in such materials will be a proxy card for you to use. You may also vote on the internet or by telephone, as below under the heading “How can I vote my shares without attending the Annual Meeting?”

Beneficial Owner

If your shares are held in an account at a brokerage firm, bank, broker-dealer, trust, or other similar organization, like the vast majority of our stockholders, you are considered the *beneficial owner* of shares held *in street name*, and the Notice was forwarded to you by that organization. As the beneficial owner, you have the right to direct your broker, bank, trustee, or nominee how to vote your shares, and you are also invited to attend the Annual Meeting.

Since a beneficial owner is not the *stockholder of record*, you may not vote your shares in person at the Annual Meeting unless you obtain a “legal proxy” from the broker, bank, trustee, or nominee that holds your shares giving you the right to vote the shares at the meeting. If you do not wish to vote in person or you will not be attending the Annual Meeting, you may vote by proxy. You may vote by proxy over the internet or by telephone, as described below under the heading “How can I vote my shares without attending the Annual Meeting?”

12. If I am a Shareholder of Record, how do I vote?

If you are a shareholder of record, there are four ways to vote:

- *In person.* You may vote in person at the Annual Meeting by requesting a ballot from an usher when you arrive. You must bring valid picture identification such as a driver’s license or passport and may be requested to provide proof of stock ownership as of the Record Date. Additionally, due to the limited seating and for security purposes if you wish to attend the Annual Meeting in person, you will need to RSVP 48 hours prior to the Annual Meeting (or by 9:30 a.m. EDT on June 9, 2018) to RSVP@neuralstem.com with your name in the subject line.
- *Via the Internet.* You may vote by proxy via the Internet by following the instructions provided in the Notice.
- *By Telephone.* If you request printed copies of the proxy materials by mail, you may vote by proxy by calling the toll free number found on the proxy card.
- *By Mail.* If you request printed copies of the proxy materials by mail, you will receive a proxy card and you may vote by proxy by filling out the proxy card and returning it in the envelope provided.

13. If I am a beneficial owner of shares held in street name, how do I vote?

If you are a beneficial owner of shares held in street name, there are four ways to vote:

- *In person.* If you are a beneficial owner of shares held in street name and wish to vote in person at the Annual Meeting, you must obtain a “legal proxy” from the organization that holds your shares. A legal proxy is a written document that will authorize you to vote your shares held in street name at the Annual Meeting. Please contact the organization that holds your shares for instructions regarding obtaining a legal proxy. Additionally, due to the limited seating and for security purposes if you wish to attend the Annual Meeting in person, you will need to RSVP at least 48 hours prior to the Annual Meeting (or by 9:30 a.m. EDT on June 9, 2018) to RSVP@neuralstem.com with your name in the subject line.

You must bring a copy of the legal proxy to the Annual Meeting and ask for a ballot from an usher when you arrive. You must also bring valid picture identification such as a driver’s license or passport. In order for your vote to be counted, you must hand both the copy of the legal proxy and your completed ballot to an usher to be provided to the

inspector of election.

Via the Internet. You may vote by proxy via the Internet by following the instructions found in your Notice. The availability of Internet voting may depend on the voting process of the organization that holds your shares.

By Telephone. If you request printed copies of the proxy materials by mail, you may vote by proxy by calling the toll free number found on the voting instruction form. The availability of telephone voting may depend on the voting process of the organization that holds your shares.

By Mail. If you request printed copies of the proxy materials by mail, you will receive a voting instruction form and you may vote by proxy by filling out the voting instruction form and returning it in the envelope provided.

14. How are proxies voted?

All shares represented by valid proxies received prior to the taking of the vote at the Annual Meeting will be voted and, where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the shareholder's instructions.

15. What happens if I do not give specific voting instructions?

Shareholders of Record. If you are a shareholder of record and you:

- Indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board; or

Sign and return a proxy card without giving specific voting instructions, then the persons named as proxy holder, Richard Daly, will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions then, under applicable rules, the organization that holds your shares may generally vote on "routine" matters but cannot vote on "non-routine" matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, that organization will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote."

16. Can I change my vote or revoke my proxy?

You can change your vote or revoke your proxy at any time before the final vote at the meeting. You can do this by casting a later proxy through any of the available methods described in the questions and answers. If you are a stockholder of record, you can also revoke your proxy by delivering a written notice of your revocation to our Corporate Secretary at our principal executive office at 20271 Goldenrod Lane, 2nd floor, Germantown, Maryland 20876. If you are a beneficial owner, you can change your vote by submitting new voting instructions to your broker, bank, trustee, or nominee following the instructions they provided, or if you have obtained a legal proxy from your broker, bank, trustee, or nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

17. How many shares must be present or represented to conduct business at the Annual Meeting?

The quorum requirement for holding the Annual Meeting and transacting business is that holders of a majority of the voting power of our common stock as of the Record Date must be present in person or represented by proxy. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum.

18. How are votes counted?

In the election of directors (Proposal Number 1), you may vote “FOR” the nominee or your vote may be “WITHHELD” with respect to the nominees.

For the other items of business, you may vote “FOR,” “AGAINST,” or “ABSTAIN,” if you elect to “ABSTAIN,” the abstention has the same effect as a vote “AGAINST.”

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If no instructions are indicated, the shares will be voted as recommended by the Board.

19. What is the voting requirement to approve each of the proposals?

In the election of the director (Proposal Number 1), the person receiving the highest number of affirmative “FOR” votes at the Annual Meeting will be elected.

In the case of the ratification of the appointment of Dixon Hughes Goodman LLP as our independent registered public accounting firm for the year ending December 31, 2018 (Proposal Number 2) the affirmative “FOR” vote of the holders of a majority of the voting power of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon is required for approval.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker non-votes.” Broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. These matters are referred to as “non-routine” matters. All of the matters scheduled to be voted on at the Annual Meeting are “non-routine,” except for the proposal to ratify the appointment of Dixon Hughes Goodman LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018 (Proposal Number 2).

20. How do Broker Non-Votes and Abstentions Effect the Voting Results

With respect to the election of the directors (Proposal No. 1), under plurality voting, broker non-votes and abstentions would have no effect on determining the nominee elected.

With respect to the ratification of Dixon Hughes Goodman LLP (Proposal No. 2), shares that constitute broker non-votes are not considered votes cast on that proposal nor entitled to vote. Thus, broker non-votes will not affect the outcome of this matter, assuming that a quorum is obtained. Abstentions will have the same effect as a vote against.

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present.

Please note that brokers may not vote your shares on the election of directors or certain corporate governance matters in the absence of your specific instructions. In order to minimize the number of broker non-votes, the Company encourages you to vote or to provide voting instructions with respect to each proposal to the organization that holds your shares by carefully following the instructions provided in the Notice or voting instruction form.

21. Is cumulative voting permitted for the election of directors?

No. You may not cumulate your votes for the election of directors.

22. Who is paying for this proxy solicitation?

The cost of preparing, assembling, printing and mailing this Proxy Statement and the accompanying proxy card, the Notice of Internet Availability, and the cost of soliciting proxies relating to the Annual Meeting, will be borne by the Company. The Company may request banks, brokers and other third parties to solicit their customers who beneficially own Common Stock listed of record in the name of such bank, broker or other third party, and the Company will reimburse such banks, brokers and third parties for their reasonable out-of-pocket expenses for such solicitations. The solicitation of proxies by mail may be supplemented by telephone, facsimile, Internet and personal solicitation by directors, officers and other employees of the Company, but no additional compensation will be paid to such individuals.

23. What happens if additional matters are presented at the Annual Meeting?

Other than the two (2) items of business described in this proxy statement, we are not aware of any other business to be acted upon at the Annual Meeting. If you grant a proxy, the person named as proxy holder, Richard Daly, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any reason, the nominees are not available as candidates for director, the person named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

24. Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Current Report on Form 8-K filed with the SEC within four (4) business days after the Annual Meeting, which will also be available on our website.

ATTENDING THE ANNUAL MEETING

25. How can I attend the Annual Meeting?

You are entitled to attend the Annual Meeting only if you were a Neuralstem stockholder as of the Record Date or you hold a valid proxy for the Annual Meeting. Due to the limited seating and for security purposes if you wish to attend the Annual Meeting in person, you will need to RSVP at least 48 hours prior to the Annual Meeting (or by 9:30 a.m. EDT on June 9, 2018) to RSVP@neuralstem.com. If you are not a stockholder of record but hold shares as a beneficial owner in street name, you must also provide proof of beneficial ownership as of the Record Date, such as your most recent account statements for the periods prior to and after April 24, 2018, a copy of the voting instruction card provided by your broker, bank, trustee, or nominee, or other similar evidence of ownership. If you do not provide photo identification or comply with the other procedures outlined above, you will not be admitted to the Annual Meeting. Also, our transfer agent will separately tabulate all votes **FOR**, **AGAINST**, and **ABSTENTIONS** on each matter, and for the directors nominated to be elected, as well as all abstentions and broker non-votes and votes made through the internet, telephone or by proxy for by shareholders of record and beneficial owners.

STOCKHOLDER PROPOSALS, DIRECTOR NOMINATIONS, RELATED BYLAW PROVISIONS AND MISCELLANEOUS ITEMS

28. What is the deadline to propose actions for consideration at next year's Annual Meeting of Stockholders or to nominate individuals to serve as directors?

Stockholder Proposals:

Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to Neuralstem's Corporate Secretary in a timely manner and must contain the information required by our bylaws. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2019 Annual Meeting of Stockholders, the Corporate Secretary of Neuralstem must receive the written proposal at our principal executive offices no later than December 26, 2018; provided, however, that in the event that we hold our 2019 Annual Meeting of Stockholders more than 30 days before or after the one-year anniversary date of the 2018 Annual Meeting, the deadline is a reasonable time before we begin to print and send our 2019 notices for the 2019 Annual Meeting. Such proposals also must comply with any applicable SEC regulations regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Neuralstem, Inc.

Attn: Corporate Secretary

20271 Goldenrod Lane, Suite 2024

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is (1) specified in the notice of a meeting given by or at the direction of the Board, (2) otherwise properly brought before the meeting by or at the direction of the Board, or (3) a proper matter for stockholder action under the Delaware General Corporation Law that has been properly brought before the meeting by a stockholder entitled to vote at the annual meeting who has delivered timely written notice to our Corporate Secretary, which notice must contain the information specified in our bylaws. To be timely for our 2019 Annual Meeting of Stockholders, our Corporate Secretary must receive the written notice at our principal executive offices:

- not earlier than the close of business on February 21, 2019, and
- not later than the close of business on March 22, 2019.

Board of Directors

Our Board consists of seven (7) members. Our business, property and affairs are managed under the direction of the Board. Members of the Board are kept informed of our business through discussions with the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees.

Our Board is responsible for establishing broad corporate policies and for overseeing our overall management. In addition to considering various matters which require its approval, the Board provides advice and counsel to, and ultimately monitors the performance of, our senior management.

Board Meetings

During 2017, the Board held ten (10) meetings and acted through unanimous written consent six (6) times. Each director attended at least 75% of all meetings of the general Board and each respective committee on which such director serves. The Board currently holds regularly scheduled meetings and calls for special meetings or acts through unanimous written consents as necessary. Meetings of the Board may be held telephonically. Directors are expected to attend all board meetings and meetings of the committees of the board on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their duties. Information with regard to committee meetings and written consent is provided for below in the section of this proxy statement entitled "Committees." Although attendance of meetings is encouraged, we do not have a formal policy regarding attendance by directors at board and committee meetings.

Attendance at 2017 Annual Meeting

Though we do not have a formal policy regarding attendance by directors at annual meetings of stockholders, attendance is encouraged. Our 2017 Annual Meeting was attended, in person by the following Company directors at the time: Messrs. Daly, Ogilvie, Oldaker, Smith and Dr. Sohn; and was attended telephonically by director Mr. Westreich.

Classification of Board

Pursuant to our bylaws, we have a classified Board which is divided into three classes with staggered three-year terms. Only one class may be elected each year, while the directors in the other classes continue to hold office for the remainder of their three-year terms. The Board may, on its own, determine the size of the exact number of directors on the Board and may fill vacancies on the Board. Notwithstanding, the holder of our Series A 4.5% Convertible Preferred Stock has the right to appoint one board member. Dr. Xi Chen has been appointed and currently serves as such director as of 9/17/2017. The procedure for electing and removing directors on a classified board of directors generally makes it more difficult for stockholders to change management control by replacing a majority of the board at any one time, and the classified board structure may discourage a third party tender offer or other attempt to gain control of the Company and may maintain the incumbency of directors. In addition, under our bylaws, directors may only be removed from office by a vote of the majority of the shares then outstanding and eligible to vote.

Independent Directors

Our common stock is listed on the NASDAQ Capital Market. As such, we are subject to the NASDAQ Stock Market LLC (“NASDAQ”) director independence standards. In accordance with these standards, in determining independence the Board affirmatively determines whether a director has a “material relationship” with Neuralstem that would compromise his or her independence from management or would cause him or her to fail to meet the NASDAQ’s specific independence criteria. When assessing the “materiality” of a director’s relationship with Neuralstem, the Board considers all relevant facts and circumstances, not merely from the director’s standpoint, but from that of the persons or organizations with which the director has an affiliation, and, where applicable, the frequency and regularity of the services, and whether the services are being carried out at arm’s length in the ordinary course of business. Material relationships can include commercial, consulting, charitable, familial and other relationships. A relationship is not material if, in the Board’s judgment, it is not inconsistent with the NASDAQ’S director independence standards and it does not compromise a director’s independence from management.

Applying the NASDAQ’s standards, the Board has determined that Messrs. Ogilvie, Oldaker, Smith and Westreich, and Drs. Csimma and Chen are each “independent” as that term is defined by the NASDAQ’s standards. Messrs. Ogilvie and Smith are up for reelection at the 2018 Annual Meeting.

Communications with Directors

We have adopted a formal process for shareholder communications with our independent directors. The policy, is available on our website, www.neuralstem.com in the “Governance Documents” section in the “Corporate Governance” section under the “Investors” tab. Individuals wanting to communicate with our directors are invited to communicate with the non-management members of the Board by sending correspondence to the non-management members of the Board of Directors, c/o Corporate Secretary, Neuralstem, Inc., 20271 Goldenrod Lane, Suite 2024, Germantown, MD 20876.

The Corporate Secretary will review all such correspondence and forward to the non-management members of the Board a summary of all such correspondence received during the prior month and copies of all such correspondence that deals with the functions of the Board or committees thereof or that otherwise is determined to require attention of the non-management directors. Non-management directors may at any time review the log of all correspondence received by us that are addressed to the non-management members of the Board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters will immediately be brought to the attention of the Chairman of the Audit Committee.

Corporate Governance Guidelines and Code of Ethics

We have adopted Corporate Governance Guidelines that are intended to ensure that our Board has the necessary authority and practices in place to review and evaluate our business operations and to make decisions that are independent of management. The Corporate Governance Guidelines are intended to align the interests of directors and management with those of our shareholders and establish practices for the Board with regard to its oversight of the Company. Under our guidelines, the Board conducts a self-evaluation to assess adherence to the Corporate Governance Guidelines and identify opportunities to improve Board performance. A copy of our codes can be viewed on our website at www.neuralstem.com under “Governance Documents” in the “Corporate Governance” section under the “Investors” tab.

In addition to our Corporate Governance Guidelines, we have adopted several guidelines intended to promote the honest and ethical conduct of our officers, directors, employees and consultants. They include, our "Code of Ethics" that applies to our officer, directors and employees and our “Finance Code of Professional Conduct” that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and any persons who participate in our financial reporting process. A copy of our codes can be viewed on our website at www.neuralstem.com under “Governance Documents” in the “Corporate Governance” section under the “Investors” tab.

The codes incorporate our guidelines designed to deter wrongdoing and to promote honest and ethical conduct and compliance with applicable laws and regulations. The codes also incorporate our expectations of our officers, directors and employees that enable us to provide accurate and timely disclosure in our filings with the SEC and other public communications. In addition, the codes incorporate guidelines pertaining to topics such as complying with applicable laws, rules, and regulations; reporting violations; and maintaining accountability for adherence to the codes.

We intend to disclose future amendments to certain provisions of our codes, or waivers of such provisions on our web site within four business days following the date of such amendment or waiver.

Share ownership requirements must be met within five years after first becoming subject to the guidelines.

Committees

We have established three (3) corporate governance committees comprised of the: (i) Audit Committee; (ii) Compensation Committee; and (iii) Governance and Nominating Committee. The committee membership and the function of each of the committees are described below. Each committee is governed by written committee charters. We periodically review such charters and may amend or update the process and procedures contained therein. In the event of such amendment or update, we will promptly post our revised charter on our website. In addition to our established committee, we may from time to time establish special committees as the Board deems necessary. A copy of each respective committee's charter can be viewed on our website at www.neuralstem.com under "Corporate Governance" under the "Investors" tab.

The table below identifies the Board's standing committees and committee membership as of March 31, 2018:

Scott Ogilvie	Yes	Member	Member	---

Sandford D. Smith	Yes	Member	---	Chair

Each member of the Audit Committee, the Compensation Committee and the Governing and Nominating Committee is considered independent under NASDAQ listing criteria.

Audit Committee

We have a designated audit committee in accordance with section 3(a)(58)(A) of the Exchange Act. The members of the Audit Committee are Messrs. Ogilvie, Oldaker and Smith. The main function of our Audit Committee is to oversee our accounting and financial reporting processes. The Audit Committee assists the Board in fulfilling its oversight and monitoring responsibility of reviewing the financial information provided to shareholders and others, appoints Neuralstem's independent registered public accounting firm, reviews the services performed by the independent registered public accounting firm and Neuralstem's finance department, evaluates Neuralstem's accounting policies and the system of internal controls established by management and the Board, reviews significant financial transactions, and oversees enterprise risk management.

During 2017, our Audit Committee held four (4) meetings and acted by written consent three (3) times. The Board has determined that Messrs. Ogilvie, Oldaker are each an “audit committee financial expert” within the meaning of SEC rules. An audit committee financial expert is a person who can demonstrate the following attributes: (1) an understanding of generally accepted accounting principles and financial statements; (2) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves; (3) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company’s financial statements, or experience actively supervising one or more persons engaged in such activities; (4) an understanding of internal controls and procedures for financial reporting; and (5) an understanding of audit committee functions.

Governance and Nominating Committee

Our Governance and Nominating Committee’s purpose is to assist our board of directors in identifying individuals qualified to become members of our board of directors consistent with criteria set by our board of directors, to oversee the evaluation of the board of directors and management, and to develop and update our corporate governance principles. The Governance and Nominating Committee has recommended to the full Board the nominee named in this Proxy Statement for election to the Board. Messrs. Westreich, Ogilvie and Dr. Csimma are the members of the Governance and Nominating Committee. During 2017, our Governance and Nominating Committee held two (2) meetings and acted by written consent two (2) time.

Messrs. Smith, Westreich, and Oldaker are members of the Compensation Committee. During 2017, the Compensation Committee held eight (8) meetings and acted by written consent three (3) times.

Leadership Structure

The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board. At present, the positions of Chairman and Chief Executive Officer are held by the same individual. Based on our Chief Executive Officer's knowledge of the Company, its business and its industry, the Board believes this structure is currently in the best interest of the Company and its shareholders.

Risk Oversight

The Company has a risk management program overseen by the Chief Executive Officer. Material risks are identified and prioritized by management, and each prioritized risk is referred to a Board Committee or the full Board for oversight. For example, strategic risks are referred to the full Board while financial risks are referred to the Audit Committees. The Board regularly reviews information regarding the Company's liquidity and operations, as well as the risks associated with each, and annually reviews the Company's risks as a whole. Also, the Compensation Committee periodically reviews the most important risks to the Company to ensure that compensation programs do not encourage excessive risk-taking. Mr. Stanley Westreich serves as the Board's lead independent board member. As the Company's lead independent director, Mr. Westreich has the following responsibilities:

Consideration of Director Nominees

Stockholder Recommendations and Nominees

The policy of our Governance and Nominating Committee is to consider properly submitted recommendations for candidates to the Board from stockholders. In evaluating such recommendations, the Governance and Nominating Committee seeks to achieve a balance of experience, knowledge, integrity, and capability on the Board and to address the membership criteria set forth under "Director Qualifications" below. Any stockholder recommendations for consideration by the Governance and Nominating Committee should include the candidate's (i) the name, age, business address and residence address of the person, (ii) the principal occupation or employment of the person, (iii) the class or series and number of shares of capital stock of the corporation which are owned beneficially or of record by the person, (iv) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nominations are to be made by the stockholder, (v) a written indication of the candidate's willingness to serve on the Board, (vi) any other information required to be provided under securities laws and regulations, and (vii) a written indication to provide such other information as the Governance and Nominating Committee may reasonably request. There are no differences in the manner in which the Governance and Nominating Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder or otherwise. Stockholder recommendations to the Board should be sent to:

Neuralstem, Inc.

Attn: Corporate Secretary

20271 Goldenrod Lane, Suite 2024

Germantown, Maryland 20876

Fax: 301-560-6634

In addition, our bylaws permit stockholders to nominate directors for consideration at an annual meeting. For a description of the process for nominating directors in accordance with our bylaws, see “Question 28”— What is the deadline to propose actions for consideration at next year’s Annual Meeting of Stockholders or to nominate individuals to serve as directors?” on page 10 of this proxy statement.

Director Qualifications

Our Governance and Nominating Committee will evaluate and recommend candidates for membership on the Board consistent with criteria established by the Board. While the Board has not adopted a formal diversity policy or specific standards with regard to the selection of director nominees, due to the nature of our business, the Board believes it is important to consider diversity of race, ethnicity, gender, age, education, cultural background, and professional experiences in evaluating board candidates.

Although the Board has not formally established any specific, minimum qualifications that must be met by each candidate for the Board or specific qualities or skills that are necessary for one or more of the members of the Board to possess, when considering a potential non-incumbent candidate, the Governance and Nominating Committee will factor into its determination the following qualities of a candidate: educational background, diversity of professional experience, including whether the person is a current or former chief executive officer or chief financial officer of a public company or the head of a division of a large international organization, knowledge of our business, integrity, professional reputation, independence, and ability to represent the best interests of our stockholders.

The Board is composed of a diverse group of individuals who have gained experience over their respective careers in strategic and financial planning, public company financial reporting, compliance, risk management, and leadership development. Most of our directors also have experience serving on boards of directors and board committees of other public and private companies, which provides an understanding of different business processes, challenges, and strategies. Some of our directors also have experience with regard to the protection of intellectual property and litigation strategy as well as with the development of our core technologies.

The Governance and Nominating Committee and the Board believe that the above-mentioned attributes, along with the leadership skills and other experiences of our board members described below, provide us with a diverse range of perspectives and judgment necessary to guide our strategies and monitor their execution.

Identification and Evaluation of Nominees for Directors

Our Governance and Nominating Committee uses a variety of methods for identifying and evaluating nominees for directors. Our Governance and Nominating Committee regularly assesses the appropriate size and composition of the Board, the needs of the Board and the respective committees of the Board, and the qualifications of candidates in light of these needs. Candidates may come to the attention of the Governance and Nominating Committee through stockholders, management, current members of the Board, or search firms. The evaluation of these candidates may be based solely upon information provided to the committee or may also include discussions with persons familiar with the candidate, an interview of the candidate or other actions the committee deems appropriate, including the use of third parties to review candidates.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers, directors, and stockholders owning more than ten percent of our common stock, to file reports of ownership and changes in ownership with the SEC and to furnish us with copies of such reports. Based solely on our review of Form 3, 4 and 5's, the following table provides information regarding any of the reports which were filed late during the fiscal year ended December 31, 2017:

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Procedure

We review all known relationships and transactions in which Neuralstem and our directors, executive officers, and significant stockholders or their immediate family members are participants to determine whether such persons have a direct or indirect interest. Our management, in consultation with our outside legal consultants, determines based on specific fact and circumstances whether Neuralstem or a related party has a direct or indirect interest in these transactions. In addition, our directors and executive officers are required to notify us of any potential related party transactions and provide us with the information regarding such transactions.

If it is determined that a transaction is a related party transaction, the Audit Committee must review the transaction and either approve or disapprove it. In determining whether to approve or ratify a transaction with a related party, the Audit Committee will take into account all of the relevant facts and circumstances available to it, including, among any other factors it deems appropriate:

- the benefits to us of the transaction;
- the nature of the related party's interest in the transaction;
- whether the transaction would impair the judgment of a director or executive officer to act in the best interests of Neuralstem and our stockholders;
- the potential impact of the transaction on a director's independence; and
- whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances.

Any member of the Audit Committee who is a related party with respect to a transaction under review may not participate in the deliberations or vote on the approval of the transaction.

DIRECTOR COMPENSATION

Board Compensation Arrangements

Our non-executive director compensation program is overseen and approved by our Compensation Committee and is designed to enable us to continue to attract and retain highly qualified directors by ensuring that director compensation is in line with peer companies competing for director talent, and is designed to address the time, effort, expertise, and accountability required of active board membership. In general, we believe that annual compensation for non-employee directors should be cash and equity based and designed to compensate members for their service on the Board and its committees, align the interests of directors and stockholders and, by vesting over time, to create an incentive for continued service on the Board. Our Compensation Committee annually reviews and approves compensation programs related to our non-employee members of the Board of Directors.

The following are the terms of our legacy and current amended Director Compensation Plans pursuant to which non-employee directors are compensated:

Legacy Plan 1 (no longer in effect)

Securities

Each director received a \$200,000 annual board fee, subject to annual review and adjustment. On May 31, 2016, the annual board fee was reduced from \$200,000 to \$100,000. The board fee was payable in restricted stock, restricted stock units, or common stock options at the election of the director. Such grants were made as of July 1 each year and vest quarterly over the grant year. Fees for new directors appointed or elected during the year were pro-rated and made on the fifth (5th) day following such approval and acceptance on the Board.

Each continuing director elected to receive the board fee in either restricted stock, restricted stock units, or common stock options by June 15th of each year. New directors made such election upon a notification of their approval to serve on the board. A failure to make any election resulted in the fee being paid via a stock option grant.

All grants of restricted stock and restricted stock units were valued using the adjusted closing bid price of the Company's common stock on the applicable grant date. All option grants were valued using the Black-Scholes option pricing model and were subject to customary assumptions used in the preparation of the financial statements.

Legacy Plan 2 (no longer in effect)

On April 10, 2017, the director compensation plan was modified such that each non-employee director receives a \$100,000 annual board fee subject to annual review and adjustment. The annual board fee is payable in either (i) cash, (ii) equity grants consisting of common stock purchase options, restricted stock units or restricted stock, or (iii) a combination thereof at the election of each non-employee director. Directors electing to receive their annual fee in cash will receive four equal quarterly payments during the year. Applicable equity grants will be made as of July 1 of each year and will vest quarterly over the grant year. Fees for new directors appointed or elected during the year will be pro-rated and made on the fifth (5th) day following such approval and acceptance on the Board.

Each continuing director will be required to make an election to receive the board fee in either cash, restricted stock, restricted stock units, or common stock options by June 15th of each year. All grants of restricted stock and restricted stock units will be valued using the adjusted closing bid price of the Company's common stock on the applicable grant date. All option grants will be valued using the Black-Scholes option pricing model and are subject to customary assumptions used in the preparation of the financial statements.

Current Plan (currently in effect)

Effective July 1, 2017, the compensation committee of the Company approved an amendment to the non-employee Board compensation policy, whereby each non-employee director will receive a \$100,000 annual board fee subject to annual review and adjustment. The annual board fee is payable as follows: (i) up to \$50,000 in cash and (ii) the balance in equity grants consisting of common stock purchase options, restricted stock units or restricted stock, at the election of each non-employee director. Directors electing to receive a portion of their annual fee in cash will receive four equal quarterly payments during the year. Applicable equity grants will be made as of July 1 of each year and will vest quarterly over the grant year. Fees for new directors appointed or elected during the year will be pro-rated and made on the fifth (5th) day following such approval and acceptance on the Board.

Each non-employee director continuing service will be required to make an election to receive the board fee in either cash, restricted stock, restricted stock units, or common stock options or a combination thereof by June 15th of each year. All grants of restricted stock and restricted stock units will be valued using the adjusted closing bid price of the Company's common stock on the applicable grant date. All option grants will be valued using the Black-Scholes option pricing model and are subject to customary assumptions used in the preparation of the financial statements.

EXECUTIVE COMPENSATION

Compensation Philosophy and Objectives

Our non-executive director and executive compensation programs impact all of our employees by establishing a general framework for compensation and creating a work environment focused on expectations, goals, and rewards. Because the performance of every employee is important to the overall success of the Company, our Board is mindful of the impact that our compensation programs have on all of our employees. In considering our compensation policies and practices, our Board balances the needs to conserve cash and minimize stockholder dilution against the requirements to attract, retain, and motivate our non-executive directors, executives and other employees while fostering an innovative and entrepreneurial corporate culture. Our Board strives to act in the long-term best interests of the Company and its stockholders, as well as ensure that the components of compensation do not, individually or in the aggregate, encourage excessive risk-taking.

Compensation-Setting Process

Role of the Board, Compensation Committee and Management

The Compensation Committee is responsible for overseeing, determining, recommending and approving the compensation of our non-executive directors, CEO and other executives, including the other Named Executive Officers. From time to time during the year, the Compensation Committee will review the compensation of our non-executive directors, CEO and other executives, determine whether to make any adjustments to their respective compensation. With regard to our executive officers, the Compensation Committee reviews base salaries, determine whether an annual incentive award was earned for the last completed fiscal year based on its assessment of the Company and individual performance for that period and, if so, the amount of any such bonuses, and determine whether to make equity awards based on Company and individual performance.

As described below, the Compensation Committee gives considerable weight to our CEO's performance evaluation of the other executives because of his direct knowledge of each executive's performance and contributions. The Compensation Committee conducts an annual review of our executives' compensation and considers adjustments in executive compensation levels to ensure alignment with our compensation strategy and competitive market practices. During this process, the Compensation Committee is also mindful of the results of the shareholder's Advisory Vote on Executive Compensation during the most recent vote and although not binding, is considered in the compensation setting process.

Role of Senior Management

The Compensation Committee typically seeks the input of our CEO when discussing the performance of and compensation for our other executives, including the other Named Executive Officers. In this regard, at the request of the Compensation Committee our CEO reviews the performance of the other executives, including the other Named Executive Officers, annually and presents to the Compensation Committee his conclusions and recommendations as to their compensation, including base salary adjustments, annual incentive awards, and long-term equity incentive awards. The Compensation Committee then uses these recommendations as one factor in its deliberations to determine the compensation of our executives.

Role of Compensation Consultant

The Compensation Committee is authorized to retain the services of one or more executive compensation advisors, as it sees fit, in connection with the oversight of our non-executive director and executive compensation program and related policies and practices. For compensation related to the year end 2017, the Compensation Committee consulted with Radford, an Aon Hewitt Company and national compensation consulting firm with regard to both our non-executive director and executive compensation program. Radford was engaged to provide the Compensation Committee with information, recommendations, and other advice relating to these compensation programs on an ongoing basis. Radford was directly engaged and serves at the discretion of the Compensation Committee and provides no other services to the Company. The company plans to retain Radford again for the year end 2018.

Competitive Positioning

In making compensation decisions, the Compensation Committee reviews independent survey data, such as the Radford Global Life Sciences compensation survey, as well as publicly-available data from companies with which we compete for executive talent. The companies chosen for comparison may differ from one executive to the next depending on the scope and nature of the business for which the particular executive is responsible.

Although the compensation data from comparable companies is useful comparative information, the Compensation Committee does not require that the compensation components of the non-executive directors or individual executives bear any particular relationship to the compensation of non-executive director or executives of similar positions of those comparable companies. In development-focused companies within the biopharmaceutical industry, many traditional measures of corporate performance, such as earnings-per-share or sales growth, may not readily apply in reviewing the performance of executives. Because of the Company's current stage of development, the Compensation Committee evaluates other indications of performance, including progress towards the Company's research and development programs and corporate development activities, as well as the Company's success in securing capital sufficient to enable the Company to continue research and development activities, in its decision-making process.

Say-on-Pay

At our 2017 Annual Meeting of Stockholders held on June 22, 2017, we submitted two proposals to our stockholders regarding our executive compensation practices.

The first was an advisory vote on the 2016 compensation awarded to our named executive officers (commonly known as a "say-on-pay" vote). At our 2017 annual meeting, excluding broker non-votes, approximately 1,769,425 shares cast votes with regard to the say-on-pay proposal. Of those, 1,556,672 or approximately 88%, of the shares approved the compensation of named executive officers. We believe that the outcome of our say-on-pay vote signals our stockholders' support of our compensation approach, specifically our efforts to retain and motivate our named executive officers. In light of this stockholder support, the Compensation Committee determined not to change its approach to compensation. However, even though stockholders demonstrated overwhelming support for our compensation approach in 2017, the Compensation Committee annually reevaluates our compensation practices to determine how they might be improved. The Compensation Committee will continue to consider the outcome of say-on-pay votes when making future compensation decisions for our named executive officers.

The second proposal was a vote on the frequency of future stockholder advisory votes regarding compensation awarded to named executive officers (commonly known as a "say-when-on-pay" vote). The frequency of every year received the highest number of votes cast. Notwithstanding these results, our Board of Directors determined that we would hold our next say-on-pay votes at the 2020 Annual Meeting.

Dixon Hughes Goodman LLP did not provide us with any services, other than those listed above.

Changes of Independent Auditor

During 2016, our prior independent registered public accounting firm, Stegman & Company, announced that effective June 1, 2016 substantially all of its directors and employees would be joining Dixon Hughes Goodman LLP. As a result, effective June 1, 2016 Stegman & Company resigned as our independent registered public accounting firm. The Audit Committee of the Company's Board of Directors approved retaining Dixon Hughes Goodman LLP on June 5, 2016, to serve as our independent registered public accounting firm.

The report for the year ended December 31, 2015 expressed that there was substantial doubt about our ability to continue as a going concern.

During our fiscal years ended December 31, 2015, 2014 and 2013, and the subsequent interim period through the date of their resignation, there were (i) no disagreements (as such term is used in Item 304(a)(1)(iv) of Regulation S-K) between the Company and Stegman & Company on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreement(s), if not resolved to the satisfaction of Stegman & Company, would have caused Stegman & Company to make reference to the subject matter of the disagreement(s) in connection with its report on the Company's financial statements and (ii) no reportable events within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K.

During the Company's fiscal years ended December 31, 2015, 2014 and 2013, and the subsequent interim period through the date that we retained Dixon Hughes Goodman LLP, the Company did not consult with Dixon Hughes Goodman LLP regarding any of the matters set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.
