You should also read carefully the consolidated financial statements and notes thereto and the other information about us that is incorporated by reference into this prospectus, including our annual report on Form 20-F for the fiscal year ended December 31, 2012, filed with the SEC on April 22, 2013, referred to as “our Form 20-F,” and the financial data included in our current report on Form 6-K, filed with the SEC on April 24, 2013, each of which has been incorporated by reference into this prospectus.

Our Company

RADCOM Ltd. was incorporated in 1985 under the laws of the State of Israel, and we commenced operations in 1991. The principal legislation under which we operate is the Israeli Companies Law 1999, or the “Israeli Companies Law.” Our principal executive offices are located at 24 Raoul Wallenberg Street, Tel-Aviv 69719, Israel, and our telephone and fax numbers are +972-3-645-5055 and +972-3-647-4681, respectively.

We provide innovative service assurance and customer experience monitoring solutions for communications service providers and equipment vendors. We specialize in solutions for next-generation networks, both wireless and wireline. Our comprehensive, carrier strength solutions are used to prevent service provider revenue leakage and enable management of customer quality of experience. Our products facilitate network and service performance analysis, troubleshooting calls and sessions and pre-mediation with an OSS/BSS.

For more information relating to our company, see our Annual Report on Form 20-F for the year ended December 31, 2012, filed with the SEC on April 22, 2013, which is incorporated by reference herein.

The Transaction

Share and Warrant Purchase Agreement

On April 23, 2013, we entered into an agreement, or the “Purchase Agreement,” with the selling shareholders (described under the section in this prospectus entitled “Selling Shareholders”) pursuant to which we agreed to issue to the selling shareholders an aggregate of 1,239,639 ordinary shares, or the “Shares”, and warrants, or the “Warrants,” exercisable into an aggregate of 413,213 ordinary shares, or the “Warrant Shares.”

The Warrants are exercisable at an exercise price of \$3.49 per share and are exercisable during a three-year period ending on the third anniversary of the date of Closing, as defined in the Purchase Agreement. The Warrants are subject to customary adjustment for share dividends, share splits, reclassification, reorganization and other similar events.

We agreed with the recipients of the Shares and Warrants to register for public resale the Shares and the Warrant Shares. This prospectus has been prepared, and the Registration Statement of which this prospectus is a part has been filed with the SEC, to satisfy our obligations to the recipients of our Shares and Warrants.

Accordingly, this prospectus covers the resale by selling shareholders of the Shares and the Warrant Shares issued pursuant to the Purchase Agreement. Mr. Zohar Zisapel, our chairman, entered into the Purchase Agreement through two Israeli entities wholly owned by him, Klil & Michael Holdings (93) Ltd. and Lomsha Ltd. (the “Zisapel Selling Shareholders”), to purchase 406,610 ordinary shares and Warrants exercisable for 135,537 Warrant Shares. In order for Mr. Zisapel to participate in the transaction through the entities controlled by him, we must receive shareholder approval, or “Shareholder Approval,” as further set out below. Absent receipt of the Shareholder Approval, the Zisapel Selling Shareholders will not participate in the transaction and this prospectus will only cover 833,029 Ordinary

Shares and 277,676 Warrant Shares.

3

Nasdaq Marketplace Rule 5635(d)(2)

Our Ordinary Shares are currently listed on The NASDAQ Capital Market (“NASDAQ”). NASDAQ rules governing issuers with shares listed on NASDAQ require shareholder approval prior to certain issuances of securities. NASDAQ Listing Rule 5635(d)(2) (“Rule 5635(d)(2)”) requires shareholder approval prior to the issuance of ordinary shares (or securities convertible into, or exercisable for, ordinary shares) equal to 20% or more of the ordinary shares or 20% or more of the voting power outstanding before the issuance, for less than the greater of book or market value of the issuer’s ordinary shares.

Prior to entering into the Purchase Agreement, we had 6,464,719 ordinary shares outstanding. The issuance of 833,029 ordinary shares and the grant of Warrants exercisable for 277,676 ordinary shares at the first closing, which took place on May 6, 2013 (the “First Closing”), constitutes approximately 17.18% of the ordinary shares outstanding prior to the First Closing. However, the additional issuance of 406,610 ordinary shares, and the grant of a Warrant exercisable for 135,537 Ordinary Shares, to the Zisapel Selling Shareholders, together with the securities sold at the First Closing, would constitute approximately 25.57% of the Ordinary Shares outstanding prior to the execution of the Purchase Agreement. Pursuant to Rule 5635(d)(2), since the price per share paid by the Selling Shareholders under the Purchase Agreement is less than the market value at the date of issuance, the portion of the securities issued to the Zisapel Selling Shareholders that would exceed the 20% threshold of Rule 5635(d)(2), requires the affirmative vote of the holders of a majority of the ordinary shares present, in person or by proxy, and voting on the matter.

Israeli Companies Law

The Zisapel Selling Shareholders are parties to the Purchase Agreement. Since Mr. Zisapel holds more than 25% of our voting power, he may be deemed a “controlling shareholder” (as such term is defined in the Israeli Companies Law) of Radcom. Therefore, by virtue of Mr. Zisapel's personal interest in the Purchase Agreement, the participation of the Zisapel Selling Shareholders in the transaction requires the approval of our Audit Committee, Board of Directors and shareholders, in that order. On April 23, 2012, our Audit Committee and Board of Directors approved the participation of the Zisapel Selling Shareholders in the transaction. We intend to seek the approval of our shareholders at our annual meeting of shareholders to be held on June 30, 2013.

Since Mr. Zisapel may be deemed a controlling shareholder of us, the approval of the Zisapel Selling Shareholders’ purchase of ordinary shares and Warrants under the Purchase Agreement and the registration for resale by the Zisapel Selling Shareholders of ordinary shares and Warrant Shares requires the affirmative vote of a majority of the ordinary shares present, in person or by proxy, and voting on the matter, and that either (i) such majority includes at least a majority of the votes of shareholders voting on the matter who do not have a personal interest in the resolution or (ii) the total number of votes against the proposed resolution by shareholders voting on the matter who do not have a personal interest in the resolution does not exceed two percent of the outstanding voting power in our company.

Investing in our ordinary shares involves risks. You should carefully consider the information under “Risk Factors” beginning on page 5 and the other information included or incorporated by reference in this prospectus before investing in our ordinary shares.

RISK FACTORS

Any investment in our ordinary shares involves a high degree of risk. You should carefully consider the risk factors set forth under the heading “Risk Factors” in our Form 20-F incorporated herein by reference, and in other documents we file from time to time with the SEC, before making an investment in our ordinary shares.

The risks and uncertainties described in the documents we have incorporated by reference into this prospectus are not the only ones we face. Additional risks and uncertainties that we are not aware of or that we currently believe are immaterial may also adversely affect our business, financial condition, results of operations, and our liquidity. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. The trading price of our ordinary shares could decline due to any of these risks, and you may lose all or part of your investment.

SPECIAL NOTE REGARDING FORWARD-LOOKING INFORMATION

This prospectus (including documents incorporated by reference herein) may contain forward-looking statements regarding future events and our future results that are subject to the safe harbors created under the Securities Act of 1933, as amended, or the “Securities Act,” and the Securities Exchange Act of 1934, as amended, or the “Exchange Act.” These statements are based on current expectations, estimates, forecasts and projections about the industries in which we operate and the beliefs and assumptions of our management. Words such as “expects,” “anticipates,” “targets,” “goals,” “projects,” “intends,” “plans,” “believes,” “seeks,” “estimates,” “continues,” “may,” variations of such words, and similar expressions are intended to identify such forward-looking statements. In addition, any statements that refer to projections of our future financial performance, our anticipated growth and trends in our businesses, and other characterizations of future events or circumstances are forward-looking statements.

Any or all of our forward-looking statements in this prospectus may turn out to be wrong. They can be affected by inaccurate assumptions we might make or by known or unknown risks and uncertainties. Consequently, no forward-looking statement can be guaranteed. Actual results may differ materially from the results currently expected. Factors that could cause such differences include, but are not limited to:

- our ability to successfully penetrate into new markets in which have limited history and gain market acceptance for our new tools and services;
 - our ability to accurately predict and respond to market developments or demands;
- the impact of failures to accurately estimate the costs of fixed-price projects, which may result in lower margins or losses;
 - fluctuations in inflation and currency rates;
 - changes in general economic and business conditions;
 - decline in the demand for the Company’s products;
- inability to timely develop and introduce new technologies, products and applications;
 - loss of market share;
 - pressure on prices resulting from competition; and
- the risks discussed in the Risk Factor section of this prospectus and in “Item 3.D—Key Information — Risk Factors” and “Item 5. Operating and Financial Review and Prospects” of our Form 20-F, which are incorporated herein by reference.

In addition, you should note that our past financial and operational performance is not necessarily indicative of future financial and operational performance. We undertake no obligation to update any forward-looking statements, whether as a result of new information, future events, or otherwise.

SELLING SHAREHOLDERS

This prospectus covers the resale, from time to time, by the selling shareholders of up to 1,652,852 ordinary shares, of which:

- 1,239,639 ordinary shares were purchased by the selling shareholders under the Purchase Agreement between us and the selling shareholders; and
- 413,213 ordinary shares are issuable upon exercise of the Warrants granted to the selling shareholders under the Purchase Agreement

For additional information regarding the offering, see “Prospectus Summary—The Transaction” above. We are registering the ordinary shares in order to permit the selling shareholders to offer the shares for resale from time to time. To our knowledge, except as indicated in the table below, none of the selling shareholders have held any position or office, or had any material relationship with us, our predecessors, or affiliates, within the past three years, or are a registered broker-dealer or an affiliate of a registered broker-dealer which may be deemed to be an “underwriter” within the meaning of the Securities Act in connection with these sales.

In order for Mr. Zisapel to participate in the transaction through the Zisapel Selling Shareholders, we must receive Shareholder Approval pursuant to Nasdaq Marketplace Rule 5635(d)(2) and under the Israeli Companies Law. Absent the Shareholder Approval, Mr. Zisapel will not participate in the transaction and then this prospectus will only cover 833,029 Ordinary Shares and 277,676 Warrant Shares. The below chart assumes the receipt of Shareholder Approval.

In accordance with the Purchase Agreement, we agreed to use our commercially reasonable efforts to prepare and file with the SEC a registration statement covering the resale of the Shares and the Warrant Shares on or prior to the 30th day following the Closing, as defined in the Purchase Agreement, and to cause the registration statement, among other things, to remain continuously effective under the Securities Act until the date which is three years after the date that such registration statement is declared effective by the SEC or such earlier date when all the Shares and the Warrant Shares have been sold or all such shares may be sold without volume or other restrictions pursuant to Rule 144 promulgated under the Securities Act, as determined by our counsel pursuant to a written opinion letter to such effect, addressed and acceptable to our transfer agent and the affected purchasers.

The following table presents information provided by the selling shareholders with respect to beneficial ownership of our ordinary shares as of June 3, 2013, and as adjusted to reflect the sale of the shares offered by the selling shareholders under this prospectus, assuming that all ordinary shares being offered under this prospectus are ultimately sold in the offering. The table includes all shares issuable within 60 days of June 3, 2013 upon the exercise of warrants or options beneficially owned by the indicated shareholders on that date. The applicable percentage of ownership of the Company’s outstanding shares for each selling shareholder is based on 7,717,964 ordinary shares outstanding as of June 3, 2013, and such number of ordinary shares issuable upon exercise of the warrants or options held by that selling shareholder. Beneficial ownership as set forth below includes the power to direct the voting or the disposition of the securities or to receive the economic benefit of ownership of the securities. To our knowledge, the persons named in the table have sole voting power, sole investment control, and the sole right to receive the economic benefit with respect to all shares listed, except as set forth in the table below.

PLAN OF DISTRIBUTION

The selling shareholders and any of their pledgees, donees, transferees or other successors-in-interest may, from time to time, sell any or all of their ordinary shares being offered under this prospectus, on the NASDAQ Capital Market or any other stock exchange, market or trading facility on which the ordinary shares are traded or in private transactions. These sales may be at fixed or negotiated prices. The selling shareholders may use any one or more of the following methods when selling shares:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
 - purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
 - an exchange distribution in accordance with the rules of the applicable exchange;
 - privately negotiated transactions;
 - short sales;
- broker-dealers may agree with the selling shareholders to sell a specified number of such shares at a stipulated price per share;
 - a combination of any such methods of sale; and
 - any other method permitted pursuant to applicable law.

The selling shareholders may also sell shares under Rule 144 under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the selling shareholders may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling shareholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The selling shareholders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

The selling shareholders may from time to time pledge or grant a security interest in some or all of the ordinary shares owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the ordinary shares from time to time under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling shareholders to include the pledgee, transferee or other successors in interest as selling shareholders under this prospectus.

The selling shareholders also may transfer the ordinary shares in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling shareholders and any broker-dealers or agents that are involved in selling the ordinary shares may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the ordinary shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. The selling

shareholders have informed us that they do not have any agreement or understanding, directly or indirectly, with any person to distribute the ordinary shares.

EXPENSES

We are paying substantially all of the expenses of registering the ordinary shares under the Securities Act and of compliance with blue-sky laws, including registration and filing fees, printing and duplication expenses, administrative expenses, our legal and accounting fees and the legal fees of counsel on behalf of the selling shareholders. We estimate these expenses to be approximately \$23,000, which include the following categories of expenses:

SEC registration fee	\$710.72
Legal fees and expenses	\$15,000
Accounting fees and expenses	\$6,500
Miscellaneous expenses	\$789.28
Total	\$ 23,000

LEGAL MATTERS

The validity of the ordinary shares being offered by this prospectus and other legal matters concerning this offering relating to Israeli law will be passed upon for us by Goldfarb Seligman & Co.

EXPERTS

The consolidated financial statements of Radcom Ltd. and its subsidiaries appearing in Radcom Ltd.'s Annual Report on Form 20-F for the year ended December 31, 2012, have been audited by Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global, independent registered public accounting firm, as set forth in their report included therein, and incorporated herein by reference. Such financial statements have been incorporated herein by reference in reliance upon such report given on the authority of such firm as experts in accounting and auditing.

ENFORCEABILITY OF CIVIL LIABILITIES

We are incorporated under the laws of the State of Israel. Substantially all of our executive officers and directors and our Israeli auditors are nonresidents of the United States, and a substantial portion of our assets and the assets of these persons are located outside the United States. Therefore, it may be difficult to enforce a judgment obtained in the United States against us or any such persons.

Additionally, there is doubt as to the enforceability of civil liabilities under the Securities Act and the Exchange Act in original actions instituted in Israel. In addition, even if an Israeli court agrees to hear a claim, it may determine that Israeli law and not U.S. law is applicable to the claim. There is little binding case law in Israel addressing these matters. If U.S. law is found to be applicable, the content of applicable U.S. law must be proved as a fact, which can be a time-consuming and costly process. Certain matters of procedure will also be governed by Israeli law. Subject to specified time limitations and legal procedures, under the rules of private international law currently prevailing in Israel, Israeli courts may enforce a U.S. judgment in a civil matter, including a judgment based upon the civil liability provisions of the U.S. securities laws, as well as a monetary or compensatory judgment in a non-civil matter, provided that the following key conditions are met:

- o subject to limited exceptions, the judgment is final and non-appealable;
- o the judgment was given by a court competent under the laws of the state of the court and is otherwise enforceable in such state;

- o adequate service of process has been effected and the defendant has had a reasonable opportunity to present his arguments and evidence;
- o the judgment and its enforcement are not contrary to the law, public policy, security or sovereignty of the State of Israel;
- o the judgment was not obtained by fraud and does not conflict with any other valid judgment in the same matter between the same parties; and
- o an action between the same parties in the same matter was not pending in any Israeli court at the time the lawsuit was instituted in the U.S. court.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 8. Indemnification of Directors and Officers.

Under the Israeli Companies Law, an Israeli company may not exculpate an office holder from liability with respect to a breach of his duty of loyalty, but may exculpate in advance an office holder from his liability to the company, in whole or in part, with respect to a breach of his duty of care (except in connection with distributions), provided that the articles of association of the company permit it to do so. Our articles of association allow us, subject to the provisions of the Israeli Companies Law, to prospectively exculpate an office holder from all or some of the office holder's responsibility for damage resulting from the office holder's breach of the office holder's duty of care to the Company. Our articles of association further provide that, subject to the provisions of the Israeli Companies Law, we may enter into a contract for the insurance of the liability of any of our office holders with respect to an act performed by such individual in his or her capacity as an office holder, in respect of each of the following:

- a breach of an office holder's duty of care to us or to another person;
- a breach of an office holder's duty of loyalty to us, provided that the office holder acted in good faith and had reasonable cause to assume that his or her act would not prejudice our interests;
- financial obligation imposed on him+ in favor of another person; or
- reasonable litigation expenses, including attorney fees, incurred by the office holder as a result of an administrative enforcement proceeding instituted against him. Without derogating from the generality of the foregoing, such expenses will include a payment imposed on the office holder in favor of an injured party as set forth in Section 52(54)(a)(1)(a) of the Israeli Securities Law, 5728-1968, as amended (the "Israeli Securities Law") and expenses that the office holder incurred in connection with a proceeding under Chapters H'3, H'4 or I'1 of the Israeli Securities Law, including reasonable legal expenses, which term includes attorney fees.

Our articles of association also provide that we may indemnify an office holder in respect of an obligation or expense imposed on the office holder in respect of an act performed in his or her capacity as an office holder, as follows:

- a financial obligation imposed on him in favor of another person by a court judgment, including a compromise judgment or an arbitrator's award approved by court;
- reasonable litigation expenses, including attorneys' fees, expended by the office holder as a result of an investigation or proceeding instituted against him by a competent authority, provided that such investigation or proceeding was concluded without the filing of an indictment against him and either (A) concluded without the imposition of any financial liability in lieu of criminal proceedings or (B) concluded with the imposition of a financial liability in lieu of criminal proceedings but relates to a criminal offense that does not require proof of criminal intent; or in connection with an administrative enforcement proceeding or a financial sanction. Without derogating from the generality of the foregoing, such expenses will include a payment imposed on the office holder in favor of an injured party as set forth in Section 52(54)(a)(1)(a) of the Israeli Securities Law, and expenses that the office holder incurred in connection with a proceeding under Chapters H'3, H'4 or I'1 of the Israeli Securities Law, including

- reasonable legal expenses, which term includes attorney fees; and
- reasonable litigation expenses, including attorneys' fees, expended by an office holder or charged to the office holder by a court, in a proceeding instituted against the office holder by the Company or on its behalf or by another person, or in a criminal charge from which the office holder was acquitted, or in a criminal proceeding in which the office holder was convicted of an offense that does not require proof of criminal intent.

Our articles of association also include provisions allowing us to undertake to indemnify an office holder as aforesaid:

- in advance, provided that in respect of bullet number 1 above, the undertaking is restricted to events which our Board of Directors deems to be foreseeable in light of our actual operations at the time of the undertaking and limited to an amount or criteria determined by our Board of Directors to be reasonable under the circumstances, and further provided that such events and amounts or criteria are set forth in the undertaking to indemnify; and

- retroactively.

The Israeli Companies Law provides that a company may not exempt or indemnify an office holder, or enter into an insurance contract, which would provide coverage for any monetary liability incurred as a result of any of the following:

- a breach by the office holder of his duty of loyalty unless, with respect to insurance coverage or indemnification, the office holder acted in good faith and had a reasonable basis to believe that the act would not prejudice the company;
- a breach by the office holder of his duty of care if the breach was done intentionally or recklessly (other than if solely done in negligence);
- any act or omission done with the intent to derive an illegal personal benefit
- a fine, civil fine or ransom levied on an office holder, or a financial sanction imposed upon an office holder under Israeli Law.

In addition, under the Israeli Companies Law, any exculpation of, indemnification of, or procurement of insurance coverage for, the Company's office holders must be approved by the Company's audit committee and the Company's board of directors and, if the beneficiary is a director, by the Company's shareholders. The Company's audit committee, board of directors and shareholders resolved to indemnify and exculpate the Company's office holders by providing them with indemnification agreements and approving the purchase of a directors and officers liability insurance policy. We currently maintain directors and officers liability insurance policy limited to US\$10 million, at an annual premium of approximately US\$ 52,000.

Item 10. Undertakings.

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement;

(iii) to include any material information with respect to the Plan of Distribution not previously disclosed in the Registration Statement or any other material change to such information in the Registration Statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this Item 10 do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the Registration Statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) To file a post-effective amendment to the Registration Statement to include any financial statements required by Item 8.A of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act need not be furnished, provided that the Registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (a)(4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, with respect to Registration Statements on Form F-3, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act or Rule 3-19 if such financial statements and information are contained in periodic reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the Form F-3.

(5) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) If the registrant is relying on Rule 430B:

A. Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

20

B. Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x), for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(ii) If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(6) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities: The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has

been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
