### Item 1.01 Entry into a Material Definitive Agreement

On October 23, 2014, SHCO 54 S.à r.l., a Luxembourg subsidiary of PRA Group, Inc. ("Borrower"), and its Swiss Branch, SHCO 54 S.à r.l Luxemburg, Zug Branch, entered into a \$500 million five-year multicurrency secured revolving credit facility agreement with DNB Bank ASA as the lender, facility agent, security agent and mandated lead arranger (the "Facility Agreement"). The Facility Agreement was guaranteed by certain of the Borrower's material subsidiaries. On October 23, 2014, SHCO 54 S.à r.l. also entered into a secured five year Multicurrency Overdraft Facility Agreement (the "Overdraft Facility") with DNB Bank ASA in the amount of \$40 million. The principal use of the Overdraft Facility will be for general corporate purposes.

The Facility Agreement contains an expansion option which permits additional drawings under the credit facility during its first four years, up to an aggregate principal amount not exceeding \$250 million, subject to certain conditions, including the agreement of financial institutions, in their sole discretion, to provide such additional commitments. The Facility Agreement also contains a \$200 million subordinated bond option, which is subject to compliance with the Facility Agreement and terms acceptable to the lenders. The credit facility will be used primarily for general corporate purposes, financing portfolio acquisitions and refinancing an existing Aktiv Kapital credit facility dated May 4, 2012 for approximately \$232 million, a term loan of approximately \$310 million entered into by Aktiv Kapital AS on March 29, 2011 and a bridge facility of approximately \$54 million entered into by Aktiv Kapital AS on June 24, 2014.

The foregoing description of the Facility Agreement does not purport to be complete, and is only a summary thereof, and is qualified in its entirety by reference to the full text of the Credit Agreement, which is attached to this Current Report on Form 8-K as Exhibit 10.1 and is incorporated by reference into this Item 1.01.
