PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

MAY 30, 2013

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors (the “Board”) of American Eagle Outfitters, Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on May 30, 2013, at 11:00 a.m., local time, at the Company’s offices located at 417 Fifth Avenue, 8th Floor, New York, New York and at any adjournment thereof. It is being mailed to the stockholders on or about April 17, 2013. (“We,” “our,” and the “Company” refer to American Eagle Outfitters, Inc.)

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Who is entitled to vote?

Stockholders of record at the close of business on April 5, 2013, the record date for the Annual Meeting, are entitled to vote at the Annual Meeting. As of the record date, there were 192,544,595 shares of Common Stock, par value \$0.01 per share, outstanding and entitled to vote. Each share that you own entitles you to one vote.

What is the purpose of the Annual Meeting?

Stockholders will be asked to vote on the following matters at the Annual Meeting:

1. The election of three Class III directors to serve until the 2016 Annual Meeting of Stockholders, or until their successors are duly elected and qualified, and one Class II director to serve until the 2015 Annual Meeting of Stockholders, or until his successor is duly elected and qualified. The nominees are: Robert L. Hanson (Class III); Thomas R. Ketteler (Class III); Cary D. McMillan (Class III); and David M. Sable (Class II);
2. An advisory vote on the compensation of our named executive officers; and
3. The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending February 1, 2014.

How does the Board recommend I vote on these proposals?

The Board of Directors recommends a vote:

FOR each of the nominees for director listed in this Proxy Statement;

FOR the approval of the compensation of our named executive officers; and

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending February 1, 2014.

Why did I receive a Notice of Internet Availability of Proxy Materials?

In order to both save money and protect the environment, we have elected to provide access to our proxy materials and Fiscal 2012 Annual Report on Form 10-K (“Annual Report”) on the Internet, instead of mailing the full set of printed proxy materials, in accordance with the rules of the U.S. Securities and Exchange Commission (“SEC”) for the electronic distribution of proxy materials. On or about April 17, 2013, we mailed to most of our stockholders a Notice of Internet Availability of Proxy Materials (the “Notice”) containing instructions on how to gain access to our Proxy Statement and Annual Report and how to vote online. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you request it. Instead, the Notice instructs you on how to obtain and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may submit your proxy over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

How do I vote my shares?

If your shares are registered directly in your name (*i.e.*, you are a “registered stockholder”), you received a proxy card along with a printed copy of the proxy materials. You may complete and sign the enclosed proxy card and return it in the pre-paid envelope. Alternatively, you may attend and vote in person at the Annual Meeting.

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent (*i.e.*, your shares are held in “street name”), you should receive either a Notice or a voting instruction form along with a Proxy Statement. You should follow the instructions on the Notice or the voting instruction form in order to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a legal proxy from the broker, bank or agent that holds your shares to present at the meeting.

Can I change or revoke my proxy?

Yes. If you are a registered stockholder, you may revoke your proxy at any time before it is voted by delivering written notice to the Company (Attention: Cornelius Bulman, Jr., Corporate Secretary), by submitting a properly executed proxy bearing a later date or by attending the meeting and voting in person.

If your shares are held in street name, you may revoke your proxy by submitting new voting instructions to your broker or, if you have obtained a legal proxy from your broker, by attending the Annual Meeting and voting in person.

What constitutes a quorum?

A quorum of stockholders is necessary to transact business at the Annual Meeting. A quorum will be present if a majority of the outstanding shares of the Company’s common stock, as of the close of business on the record date, are represented by stockholders present at the meeting or by proxy. At the close of business on the record date, there were 192,544,595 shares of Common Stock outstanding and entitled to vote. Therefore, 96,272,298 shares will be required to be represented by stockholders present at the meeting or by proxy in order to establish a quorum.

Abstentions and broker non-votes will count as present in determining whether there is a quorum. Broker non-votes occur when brokers, who hold their customers’ shares in street name, sign and submit proxies for such shares and vote such shares on some matters but not others. This would occur when brokers have not received any instructions from their customers, in which case the brokers, as the holders of record, are permitted to vote on “routine” matters, which include the ratification of the appointment of an independent registered public accounting firm, but not on “non-routine”

matters, such as the election of directors or the advisory vote on the compensation of our named executive officers. *Therefore, if you do not instruct your broker how to vote on certain proposals, your shares will not be counted for those proposals, and, therefore, we urge you to give voting instructions to your broker on all voting items.*

What vote is required to approve each proposal?

- Item 1. Once a quorum is established, directors in an uncontested election are elected by a majority of the votes cast in respect to that director's election. In the event of a contested election of directors, directors shall be elected by the vote of a plurality of the votes represented by the shares of Common Stock present at the meeting in person or by proxy. Properly executed proxies marked "Abstain" and broker non-votes are not voted with respect to the nominee or nominees indicated, although they are counted for purposes of determining if a quorum is present.
- Item 2. The advisory vote on the compensation of our named executive officers requires the affirmative vote of a majority of the shares of Common Stock present at the meeting, in person or by proxy.
- Item 3. Appointment of Ernst & Young as our independent registered public accounting firm is ratified by the affirmative vote of a majority of the shares of Common Stock present at the meeting, in person or by proxy.

For any other item that is properly submitted to stockholders for approval at the Annual Meeting, an affirmative vote of a majority of the shares of Common Stock voting on the matter is required for approval. For purposes of determining the number of shares of Common Stock voting on a matter, abstentions are counted and will have the effect of a negative vote; broker non-votes are not counted and have no effect on the vote.

Who bears the costs of this solicitation?

We bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of stock. Our representatives may solicit proxies by mail, telephone or personal interview. To solicit proxies, we request the assistance of banks, brokerage houses and other custodians, and, upon request, reimburse such organizations for their reasonable expenses in forwarding soliciting materials to beneficial owners and in obtaining authorization for the execution of proxies.

Can I nominate someone for election to the Board of Directors?

Yes, for election at next year's Annual Meeting. You may do so by delivering to the Corporate Secretary, no earlier than March 3, 2014 and no later than April 1, 2014, a notice stating: (i) the name and address of the stockholder who intends to make the nomination; (ii) the name, age, business address and, if known, residence address of each nominee; (iii) the principal occupation or employment of each nominee; (iv) the number of shares of stock of the Company that are beneficially owned by each nominee and the nominating stockholder; and (v) the other information specified in Article Tenth (b) of our Certificate of Incorporation. Our Certificate of Incorporation is available on our website at <http://www.ae.com> under the links "About AEO Inc., AE Investment Info, Corporate Governance, Other Governance Documents."

Additionally, you may recommend a nominee for consideration by our Nominating and Corporate Governance Committee (the "Nominating Committee"). Recommendations should be submitted to our Nominating Committee in accordance with the procedures described below under the "*Nominating Committee*" section.

May I submit a stockholder proposal for next year's Annual Meeting?

Yes. Stockholder proposals to be included in the proxy statement for the 2014 Annual Meeting of Stockholders must be received by the Company (addressed to the attention of the Corporate Secretary) by December 19, 2013. We may omit from the proxy statement and form of proxy any proposals that are not received by the Corporate Secretary by December 19, 2013. Any stockholder proposal submitted outside the processes of Rule 14a-8 under the Securities Exchange Act of 1934 for presentation at our 2014 Annual Meeting will be considered untimely for purposes of Rule 14a-4 and 14a-5 under the Securities Exchange Act of 1934 if notice thereof is received before March 3, 2014 or

after April 1, 2014. To be submitted at the meeting, any such proposal must be a proper subject for stockholder action under the laws of the State of Delaware, and must otherwise conform to applicable requirements of the proxy rules of the SEC.

PROPOSAL ONE: ELECTION OF DIRECTORS

General

The Board of Directors is divided into three classes. Each class of directors is elected for a three-year term. On the recommendation of the Nominating Committee, the Board of Directors fixed the size of the board at nine directors and nominated four candidates, three of whom are currently directors of the Company, to be elected at the Annual Meeting. The Board of Directors nominated three candidates to be elected as Class III directors at the Annual Meeting. Class III directors serve for three-year terms ending at the 2016 annual meeting, or when their successors are duly elected and qualified. Although beyond the age limit in the Company's Corporate Governance Guidelines, Mr. Wedren agreed to stand for re-election last year as a Class II director, with the understanding that he would retire when the Board had selected a new director candidate. The Board of Directors has nominated David M. Sable as a Class II director to serve until the 2015 annual meeting, or when his successor is duly elected and qualified. Mr. Wedren will retire from the Board at the Annual Meeting upon the election of his successor, Mr. Sable. The terms of the remaining Class I and Class II directors expire at the annual meetings to be held in 2014 and 2015, respectively.

Each of the nominees has consented to be named as a nominee. If any nominee should become unavailable to serve, the Board of Directors may decrease the number of directors pursuant to the Bylaws or may designate a substitute

nominee. In that case, the persons named as proxies will vote for the substitute nominee designated by the Board of Directors. The Board has no reason to believe that any nominee will be unavailable or, if elected, unable to serve.

Certain information regarding each nominee and incumbent director is set forth below as of April 1, 2013, including age, principal occupation, and a brief description of business experience and directorships held with other public corporations during at least the last five years.

Leadership Structure

Since 2002, the positions of Chairman of the Board and Chief Executive Officer have been held by two different persons. During Fiscal 2012, Mr. Hanson was the Company's Chief Executive Officer while the Board was led by our Chairman, Mr. Schottenstein. Mr. Schottenstein is the former Chief Executive Officer of the Company and has significant experience in our industry and with the Company, which experience provides our Board with significant leadership advantages. The Company has also established a Lead Independent Director position. The Lead Independent Director is appointed by the independent directors annually. Mr. Jesselson was appointed as the Company's Lead Independent Director for Fiscal 2012. The Lead Independent Director is responsible for:

Presiding over the meetings of independent directors;

Serving as a liaison between the Chairperson and independent directors;

Having input on information sent to the Board;

Having input on meeting agendas for the Board; and

Approving meeting schedules to assure that there is sufficient time for discussion of all agenda items.

The Lead Independent Director also has the authority to call meetings of the independent directors, and if requested by major stockholders, is available, if appropriate, for consultation and direct communication. We believe that this leadership structure provides our Board with the greatest depth of leadership and experience, while also providing balance for the direction of the Company.

Meetings of Independent Directors

The Board's policy is to have the independent directors meet separately in executive session in connection with each regularly scheduled board meeting (at least four times annually). During each meeting of the independent directors, the Lead Independent Director will lead the discussion.

Director Independence

For Fiscal 2012, the Board determined that the following directors were independent as defined in the applicable rules of the New York Stock Exchange:

Michael G. Jesselson Cary D. McMillan Noel J. Spiegel
Thomas R. Ketteler Janice E. Page Gerald E. Wedren*

*Mr. Wedren will retire from the Board of Directors upon the election of his successor at the Annual Meeting.

In particular, the Board determined that none of these directors had relationships that would cause them not to be independent under the specific criteria of Section 303A.02 of the NYSE Listed Company Manual.

In making these determinations, the Board took into account all factors and circumstances that it considered relevant, including the following:

Whether the director is currently, or at any time during the last three years was, an employee of the Company or any subsidiary of the Company;

Whether any immediate family member of the director is currently, or at any time during the last three years was, an executive officer of the Company or any subsidiary of the Company;

Whether the director is an employee or any immediate family member of the director is an executive officer of a company that has made payments to, or received payments from, the Company or any subsidiary of the Company for property or services in an amount which is in excess of the greater of \$1 million, or 2% of such other company's consolidated fiscal gross revenues in the current year or any of the past three fiscal years;

Whether the director is an executive officer of a charitable organization which received contributions from the Company or any subsidiary of the Company in the past three years in an amount which exceeds the greater of \$1 million, or 2% of the charitable organization's consolidated gross revenues;

Whether the director or any of the director's immediate family members is, or has been in the past three years, employed by a company that has or had, during the same period, an executive officer of the Company on its compensation committee;

Whether the director or any of the director's immediate family members is, or has been in the past three years, a partner or employee of the Company's independent registered public accounting firm; and

Whether the director or any of the director's immediate family members accepted any payment from the Company or any of its subsidiaries in excess of \$120,000 during the current fiscal year or any of the past three fiscal years, other

than compensation for board or board committee service and pension or other forms of deferred compensation for prior service.

Director Nomination Process

The Nominating Committee periodically reviews the appropriate size of the Board, whether any vacancies are expected due to retirement or otherwise, and the need for particular expertise on the Board. In evaluating and determining whether to recommend a candidate to the Board, the Nominating Committee reviews the appropriate skills and characteristics required of Board members in the context of the background of existing members and in light of the perceived needs for the future development of the Company's business, including issues of diversity and experience in different substantive areas such as retail operations, marketing, technology, distribution, real estate and finance. The Board seeks the best director candidates based on the skills and characteristics required without regard to race, color, national origin, religion, disability, marital status, age, sexual orientation, gender, gender identity and expression, or any other basis protected by federal, state or local law.

Candidates may come to the attention of the Nominating Committee from a variety of sources, including current Board members, stockholders and management. All candidates are reviewed in the same manner regardless of the source of the recommendation. In the past, the Nominating Committee has retained the services of a search firm to assist in identifying and evaluating qualified director candidates, including Mr. Sable. Mr. Sable was referred to the search firm by a current director.

The Nominating Committee will consider the recommendations of stockholders regarding potential director candidates. In order for stockholder recommendations regarding possible candidates for director to be considered by the Nominating Committee:

Such recommendations must be submitted to the Nominating Committee in care of: Corporate Secretary, American Eagle Outfitters, Inc., 77 Hot Metal Street, Pittsburgh, PA 15203, in writing at least 120 days prior to the date of the next scheduled Annual Meeting;

The nominating stockholder must meet the eligibility requirements to submit a valid stockholder proposal under Rule 14a-8 of the Securities Exchange Act of 1934; and

The stockholder must describe the qualifications, attributes, skills or other qualities of the recommended director candidate.

Board Oversight of Risk Management

The Board has allocated responsibilities for overseeing risk associated with the Company's business among the Board as a whole and the Committees of the Board. In performing its risk oversight function, the Board:

Oversees management's development and execution of appropriate business strategies to mitigate the risk that such strategies will fail to generate long-term value for the Company and its stockholders or that such strategies will motivate management to take excessive risks; and

Oversees the development and implementation of processes and procedures to mitigate the risk of failing to assure the orderly succession of the Chief Executive Officer and the senior executives of the Company.

The Board also regularly reviews information regarding the Company's financial, operational and strategic risks. The full Board receives quarterly updates from management's Risk Management Committee which is responsible for identifying, quantifying and assisting leaders across the Company in mitigating risks. Each of the Board's Committees also oversees the management of Company risks that fall within the Committee's areas of responsibility. In performing this function, each Committee has full access to management, as well as the ability to engage advisors. As set forth in its charter, the Audit Committee is responsible for discussing with management the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures. The Audit Committee gives updates to the Board at its regular meetings, including updates on financial and information technology risks. The Audit Committee also meets privately with the Company's independent auditor, the internal auditor and the Chief Executive Officer/Chief Financial Officer quarterly. As set forth in its charter, the Compensation Committee oversees the Company's risk management related to employee compensation plans and arrangements. The Nominating Committee manages risks associated with the independence of the Board of Directors and the Company's corporate social responsibility program. While each committee is responsible for overseeing the management of those risk areas, the entire Board of Directors is also regularly informed through committee reports.

PROPOSAL TWO:

ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), we are providing stockholders with an advisory or non-binding vote on the overall compensation of our named executive officers. Accordingly, the following resolution will be submitted for a stockholder vote at the 2013 Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, as set forth in the Proxy Statement for the Annual Meeting."

As described below in the section entitled "*Compensation Discussion and Analysis-Response to 2012 Say on Pay Vote*", the Company's Board of Directors and Compensation Committee considers the outcome of the advisory or non-binding vote when considering future executive compensation arrangements. Although disappointed in the 2012 Say on Pay advisory vote outcome, the Compensation Committee took the vote results into account during an evaluation of the current program. Our compensation program design provides the framework for alignment between executive compensation opportunities and the long-term strategic plan of the Company. For Fiscal 2012, changes were implemented to support the Company's long-standing policy of employing a program with a balanced mix of cash and equity compensation focused on annual and long-term performance measurement and metrics that are key drivers of sustainable stockholder value creation over time. The overall program is intended to ensure that management is held accountable for long-term results and does not pursue inappropriately risky business strategies in order to maximize short-term compensation payouts.

The Board of Directors recommends that the stockholders vote "FOR" the approval of the compensation of our named executive officers as set forth in the Proxy Statement for the Annual Meeting.

Executive Summary

Leadership & Business Model Transformation

Fiscal 2012 marked the beginning of a period of transformation for the Company, ushered in by the key leadership transition at the CEO level. Changes in leadership coupled with the dynamic nature of the specialty retail industry offered the opportunity for the Company to redefine its vision and strategies ensuring a business model which drives future growth and success.

Specifically, the Company is focused on delivering results through the following five near-term priorities: (1) driving a competitive top line; (2) generating margin flow-through from improved inventory management; (3) rebalancing the store fleet; (4) accelerating the online business; and (5) gaining leverage on its infrastructure.

The Company's strategic plan is built around the following pillars:

fortify its brands, processes and capabilities;

grow North America through under-penetrated U.S. markets, factory stores, Mexico and e-commerce;

transform the Company into an omni-channel retailer with both domestic and international presence; one that seamlessly integrates the customer experience across all points of interaction; and

return value to our stockholders through profitable growth.

Specifically, the Company's planned near-term financial targets are to deliver a total net revenue compounded annual growth rate ("CAGR") of 7% to 9%, an earnings before interest and taxes ("EBIT") CAGR of 12% to 15% and a Return on Invested Capital ("ROIC") in the range of 14% to 17%, annually.

The strategic plan referenced above provides the lens through which all Company strategies, initiatives and priorities are viewed to focus investments, time and creative energy on key business drivers.

Our compensation program design and communication (as described herein) provides the framework for alignment between executive compensation opportunities and the long-term strategic plan of the Company.

Chief Executive Officer Compensation

At the start of Fiscal 2012, Mr. Hanson became our Chief Executive Officer and a member of our Board of Directors. The Committee recognized that it was important to formulate a compensation package to attract a high caliber CEO capable of developing and implementing long-term business strategies which drive growth, profitability and deliver stockholder returns. The Committee worked with its independent compensation consultant, Cook & Co. Inc., to negotiate an appropriate compensation arrangement with Mr. Hanson. The compensation package included sign-on cash and equity awards that were intended to attract Mr. Hanson to accept the position and to replace incentives and equity that Mr. Hanson forfeited upon resignation from his prior employer.

Mr. Hanson received his sign-on equity awards in the form of Restricted Stock and Stock Options grants that were awarded at the start of his employment in Fiscal 2012 and are included in the “*Summary Compensation Table*”. The entirety of the sign-on equity awards are subject to multi-year vesting requirements. Approximately 50% of the equity award is in the form of stock options, which result in realized value only if the price of the Company’s stock increases after the date of grant.

Fiscal 2012 Sign-On Equity Awards

Restricted Stock Unit (grant date value)	\$	2,500,006
Stock Options (grant date value)	\$	2,498,113
Total	\$	4,998,119

Also in connection with the negotiation of his employment agreement, Mr. Hanson received one-time benefits in Fiscal 2012 which included: reimbursement of relocation expenses; a one-time contribution to his deferred compensation plan account in the amount of \$300,000; and legal costs associated with his employment agreement. The value of these one-time benefits is included in the “*Summary Compensation Table*”. As disclosed in last year’s Proxy Statement, Mr. Hanson’s sign-on compensation included a cash signing bonus of \$3,339,000 which was paid in Fiscal 2011 prior to commencing employment.

The Committee also believed that the new CEO’s ongoing annual compensation package should be aligned with a competitive market positioning. For Fiscal 2012, Mr. Hanson’s target compensation was \$5,588,822, which was targeted at the market median based on our 16-company peer frame, as follows:

Fiscal 2012 Compensation

Base Salary	\$ 1,049,808*
Target Bonus (130% of base salary)	\$ 1,339,000
Annual Restricted Stock Grant	\$ 1,440,007
Annual Performance Shares Grant (target)	\$ 1,760,007
Total	\$ 5,588,822

*Fiscal 2012 was a fifty-three week period resulting in a slightly higher base salary. For a fifty-two week period, Mr. Hanson’s base salary would have been \$1,030,000.

2012 Say on Pay Advisory Vote

At our 2012 annual meeting of stockholders, the holders of a majority of shares voted in an advisory vote against the Company’s executive compensation. Further discussion of the Company’s stockholder outreach efforts and changes to the Company’s executive compensation program is provided in “*Response to 2012 Say on Pay Vote.*”

Management’s Assessment of Fiscal 2012 Performance

During Fiscal 2012, despite a challenging and highly competitive consumer environment, the company delivered strong financial results and significant stockholder returns. The company achieved record sales, which outperformed direct peers and resulted in margin expansion and earnings growth throughout the year. The Company navigated an unpredictable period by executing solid merchandising and a positive brand positioning driven by a product assortment that strongly resonated with the customer, margin flow through, diligent expense control, productive inventory management and an improved product development process. Fiscal 2012 performance highlights include:

consolidated Comparable Sales increased by 9% over Fiscal 2011;
adjusted Operating Margin expanded by 320 basis points to 12.6%;
adjusted Net Income increased by 46%;
adjusted Earnings per Share (“EPS”) increased by 43%;
an increase in Market Capitalization of 43%; and
a one-year Total Shareholder Return of over 50%.

2012 Compensation Considerations

When reviewing the results for the year, the Compensation Committee considered the economy’s impact on the financial and operational performance of the Company, as well as, executive leadership’s efforts to develop and drive the Company’s long-term strategic plan. Review of year-end results and associated pay decisions incorporated current-year, past and expected future Company performance on both a top line revenue and bottom line profitability basis for all brands and lines of business. For Fiscal 2012, performance was driven by both external and internal factors and actual results exceeded stretch level performance.

For Fiscal 2012, NEO compensation was driven by the Company’s financial results, as measured by Adjusted Net Income, Comparable Sales, and “EPS” as described in more detail in “*Fiscal 2012 Performance Metrics and Results*”.

Metric	Definition
Adjusted Net Income	<i>Adjusted Net Income</i> excludes (1) extraordinary charge(s); and/or (2) any accruals for restructuring programs, merger integration costs, or merger transaction costs; and/or (3) other unusual or infrequent items (whether gains or losses); and/or (4) asset impairment charges; and/or (5) discontinued operations.
Comparable Sales	Measure of sales growth for our e-commerce business as well as stores that have been open for more than one year.
Adjusted Earnings Per Share	<i>Adjusted EPS</i> is Income (loss) per diluted common share excluding (i) extraordinary charge(s); and/or (ii) any accruals for restructuring programs, merger integration costs, or merger transaction costs; and/or (iii) other unusual or infrequent items (whether gains or losses) and/or (iv) asset impairment charges and/or (v) discontinued operations.
EBIT	Earnings Before Interest and Taxes.

In addition to financial and operational performance, the Compensation Committee and management also consider alignment to Company principles (“*Compensation Program Objectives*”) and corporate governance best practices when making compensation decisions. Our overall program aligns with recognized corporate governance best practices as described in “*Compensation Governance Highlights*”.

2012 Results and Compensation Implications

Fiscal 2012 financial and operational measures represent aggregate results from American Eagle Outfitters, AEO Direct, and aerie, excluding the effects of the operations and sale of 77kids. As designed, the goals were intended to drive significant and balanced growth in all brands. As described herein, our Adjusted Net Income, Comparable Sales, and Adjusted EPS exceeded stretch levels for Fiscal 2012. This resulted in a stretch payout of the annual incentive bonus, acceleration of vesting for the restricted stock unit awards, a stretch vesting of 2010 performance shares, as well as a lock in of 20% of the 2011 and 2012 performance share awards, based upon the achievement of the 2012 single-year target. All performance awards were based on pre-established goals and discretion was not exercised by either the CEO or the Compensation Committee in determining related NEO payouts.

Highlights of 2012 Compensation Decision Making

Compensation program design provides the framework for alignment between executive compensation opportunities and the long-term strategic plan of the Company.

The objectives and framework of our executive compensation program in Fiscal 2012 remained relatively consistent with those of prior fiscal years. The overall philosophy of our executive compensation program is to attract highly skilled, performance-oriented executives and to incent them to achieve outstanding results for all stakeholders within the framework of a principles-based compensation program. Our executive compensation program is guided by four core principles: Performance; Competitiveness; Affordability; and Simplicity. Executive compensation is delivered to our NEOs primarily through three elements:

Annual Base Salary	Provides a baseline compensation level that delivers cash income to the each NEO and reflects his or her job responsibilities, experience, and contribution to the Company.
Annual Incentive Bonus	Provides an opportunity for additional cash income to NEOs if threshold performance goals are attained and therefore focuses them on key annual objectives. Bonus is earned between threshold and stretch level based on achievement of pre-established annual performance goals.
Equity Awards	Aligns NEO compensation with Company longer term performance objectives and changes in stockholder value over time.
Performance Shares	Performance Shares vest between threshold and stretch level only to the extent that the pre-established, three year performance goal is met. If performance falls below the threshold, the award is forfeited in full. Achievement of a single year performance goal locks in 20% vesting for the given year.
Restricted Stock Units	Restricted Stock Units (“RSUs”) vest proportionately over three years from grant based on continued service with the Company but may accelerate to fully vest after the first year if specific pre-established stretch performance goals are attained.
Non-Qualified Stock Options	Non-Qualified Stock Options (“NSOs”) provide compensation only to the extent that vesting requirements are satisfied and our share price appreciates.

The combination of these elements enables the Company to offer a competitive total annual compensation opportunity in which realized pay and costs reflect the degree to which key operational performance objectives are attained. The compensation for our NEOs is balanced to provide a mix of cash and equity-based awards and focused on both annual and long-term performance to ensure that executives are held accountable for, and rewarded for, achievement of both annual and long-term financial and strategic objectives.

The Annual Incentive Bonus was entirely “at risk” based on the Company’s performance during Fiscal 2012 and therefore subject to forfeiture if the Company did not achieve threshold performance goals. Performance Shares are also entirely “at risk” and subject to forfeiture if the Company does not achieve established performance goals during the performance period, as described below. For Fiscal 2012, Mr. Hanson had approximately 56% of his total compensation at risk and the remaining NEOs had approximately 51% of their total compensation at risk. Company performance below threshold levels results in forfeiture of all elements of direct compensation other than base salary, RSUs and NSOs that vest proportionally over three years based on continued service. Refer to “*Fiscal 2012 Performance Metrics and Results*”.

Response to 2012 Say on Pay Vote

The Compensation Committee monitors the results of the annual advisory say-on-pay proposal as well as institutional advisor and stockholder feedback. The Compensation Committee considers this feedback, as one of many aspects, in connection with their review of annual executive compensation, when making executive hiring decisions and when evaluating plan design.

Although disappointed in the 2012 Say on Pay advisory vote outcome, the Compensation Committee took the voting results into account during an evaluation of the current program. In an effort to develop a fuller understanding of the key stockholder concerns that influenced the advisory vote results, members of the Compensation Committee and management engaged in stockholder outreach. Additionally, management engaged with proxy advisory firms to ensure a common understanding of primary areas of concern. We recognize the need to continue to build strong annual stockholder approval of our executive compensation practices while at the same time ensuring competitive executive total compensation to attract and retain high caliber executives. The following table identifies key issues following the 2012 Say on Pay advisory vote, and our responses.

Pay vs Performance Disconnect, Excessive Severance Payment and Internal Pay Inequity	This issue has been addressed with the CEO leadership change effective for Fiscal 2012, which was guided by the tenets of preserving Company assets and ensuring a successful transition.
--	---

The Company has made a commitment to manage severance and retirement as unique events, ensuring that no separating NEO receives both payments per the terms of their separation agreement, bearing in mind the best interest of the business and stockholders.

2012 performance was strong, delivering impressive returns for stockholders.

New CEO compensation expense reduced for 2012 by 42% at target versus prior year.

New CEO compensation approximates the median of the Fiscal 2012 peer group.

Reduction in the multiple of CEO total compensation at target to average other NEO total compensation at target.

2012: 2.23x of other NEO's average

2011: 3.08x of other NEO's average (former CEO)

Single Trigger Change In Control
("CIC") for Equity Vesting

The Company changed its provision for CIC equity vesting to double trigger as part of the 2005 Amended Plan. All other CIC benefits are double trigger. This is clarified in "*Severance and Change of Control Payments*".

Compensation Peer Group &
Benchmarking

The Company evaluated peer group composition and made appropriate changes for Fiscal 2013 incorporating a peer frame that includes companies with a greater global presence and e-commerce focus for increased alignment with the strategic plan.

Compensation Program Changes

Changes are implemented to support the Company's long-standing policy of employing a program with a balanced mix of cash and equity compensation focused on annual and long-term performance measurement and metrics that are key drivers of sustainable stockholder value creation over time. The overall program is intended to ensure that management is held accountable for long-term results and does not pursue inappropriately risky business strategies in order to maximize short-term compensation payouts.

Adjustments were made for Fiscal 2012 to further align the interests of NEOs with the long-term interests of our stockholders as well as to focus our NEOs on operational strategies and objectives:

a one-year suspension of base salary merit increases for Vice Presidents and above;

accelerated vesting of Restricted Stock Unit awards only at stretch level performance (rather than at target level performance);

Annual Incentive Bonus performance metric weighting at 60% on Adjusted Net Income and 40% on Comparable Sales; the increase of the weighting of Adjusted Net Income versus 2011 was made in an effort to reinforce the importance of operational efficiencies which drive bottom line results;

incorporation of a third performance metric, EBIT, into the overall compensation program; and

an overall reduction of CEO compensation package expense by 42% at target level performance as a result of the CEO succession by Mr. Hanson effective for Fiscal 2012.

The following changes have been adopted for Fiscal 2013 and are a result of the Company's continuing efforts to adhere to corporate governance best practices, limit fixed compensation expense and in consideration of the results of the say-on-pay advisory vote:

Further aligned performance-based incentive programs with short-and long-term strategic plans, enhancing operational efficiencies and fortifying our business model:

Annual Incentive Bonus measured as achievement against EBIT (60%), Revenue Growth (30%), and Inventory Turn (10%);

RSUs continued to be measured as achievement against Adjusted Net Income with accelerated vesting occurring only at stretch level performance; and

PS measured as achievement against EBIT (50%) and ROIC (50%).

Updated the peer group composition with increased alignment to the Company's strategic plan, incorporating a more global and e-commerce focus.

Compensation Program Objectives

We focus on the following core principles in structuring an effective compensation program that meets our stated philosophy:

Performance – We strive to align executive compensation with the achievement of measureable operational and financial results and increases in stockholder value. Our compensation program includes significant performance based remuneration and is designed for our executives to have a similar or larger portion of their total compensation “at risk” based on Company performance than our peer companies. We believe this feature creates a meaningful incentive to achieve challenging, yet realistic, performance objectives. In addition, our program features a substantial equity component in order to align executive interests with the interests of our stockholders and retain executive talent through a multi-year vesting schedule. These features ensure that actual compensation varies above or below the targeted compensation opportunity based on the degree to which performance goals are attained and changes in stockholder value over time.

Competitiveness – We structure executive compensation to be competitive relative to a group of specialty retail peers and target total compensation opportunity within our peer group, relative to company size and in recognition of our emphasis on performance based compensation. Target total compensation for individual NEOs deviates based on a variety of factors, including the executive’s skill set and experience relative to the market peers, historic performance, and the criticality of each position to the Company.

Affordability – We design our compensation program to limit fixed compensation expense and tie realized compensation costs to the degree to which budgeted financial objectives are attained. In addition, we structure our incentive plans to maximize financial efficiency by establishing programs that are intended to be tax deductible (whenever it is reasonably possible to do so while meeting our compensation objectives), accounting efficient and by making performance based payments only to the extent that underlying performance supports the expense.

Simplicity – We have worked to create a simple, straight-forward compensation program that our associates and stockholders can easily understand. This simplicity allows our NEOs to focus on the objectives which both drive our business results and influence the payouts of the performance-based incentives.

Compensation Program Elements

Our executive compensation program is designed to place a considerable amount of pay at risk for all executives. This philosophy is intended to cultivate a pay-for-performance environment. Our executive compensation plan design has three key elements:

Base Salary
Annual Incentive Bonus
Equity Awards

The portion of total pay attributable to long-term incentive compensation and equity compensation increases at successively higher levels of management. This philosophy ensures that executive compensation closely aligns with changes in stockholder value and achievement of performance objectives while also ensuring that executives are held accountable for results relative to position level.

Base Salary

Base salary provides a baseline compensation level that delivers current cash income to each NEO and reflects his or her job responsibilities, experience and value to the company. We review base salaries in the last quarter of the fiscal year and increases, where applicable, are typically effective for the beginning of the new fiscal year. During Fiscal 2012 there was a one-year suspension of base salary merit increases for Vice Presidents and above. Individual salaries vary based on a variety of factors, including position level, executive experience relative to industry peers, individual performance, future potential, leadership qualities and unique skill sets.

Annual Incentive Bonus

The Annual Incentive Bonus focuses the executive team on key annual objectives and business drivers that support growth of the Company's financial position, improvement in overall operations, and increases in stockholder value. We establish an executive's annual incentive bonus as a percentage of base salary, with increases in target percentages directly related to position level and individual performance. This approach places a proportionately larger percentage of total annual pay "at risk" for our executives relative to position level and ensures that accountability is directly

proportionate to each executive's role and responsibility.

During Fiscal 2012, the target award opportunity for our CEO was equal to 130% of his base salary and the target award opportunities for our other NEOs ranged from 40% to 100% of their respective base salaries. Annual Incentive Bonus payouts fluctuate based upon Adjusted Net Income and Comparable Sales results, with actual payments ranging from 0% of the targeted percentage amount for below threshold performance, to 30% of the targeted percentage amount at threshold performance, to 100% of the targeted percentage amount at target performance, to 200% of the targeted percentage amount if the Company achieves goals that are substantially above our business plan for the fiscal year (the "Compensation Goals").

Equity Awards

The Company utilizes a combination of time- and performance-based equity to focus management on long-term corporate performance and sustainable earnings growth. The overall plan design has a heavy emphasis on restricted stock units to support our retention and performance objectives and provide a better balance of the risk/reward ratio for our executives while maintaining our commitment to increasing long-term stockholder value. Total equity grant values are pre-determined based upon the framework of the executive compensation plan design.

RSUs: We determine the number of RSUs based on the overall dollar grant value of the award divided by the closing price of our common stock on the grant date. Dividend equivalents on RSUs are reinvested in additional RSUs and paid to the extent the RSUs vest.

RSU awards represent approximately 45% of the value of a NEO's overall equity awards (0% for the Vice Chairman, Executive Creative Director). Annual RSU grants vest proportionately over three years from the grant date assuming continued employment but may accelerate to fully vest after the first year (on the Compensation Committee certification date) based on achievement of a pre-established stretch annual Adjusted Net Income goal which is described below, in the "Fiscal 2012 Performance Metrics and Results" section. The performance acceleration feature of the RSU award is intended to focus participants on achievement of the annual goals and is a distinctive feature of the Company's compensation plan to enhance recruitment and engagement. If the annual goal is not achieved, the RSUs serve as a retention tool. An RSU award recipient cannot earn more than 100% of the award; above-target performance does not result in vesting or receipt of RSUs.

PS: PS, issued as RSUs, represent approximately 55% of the value of a NEO's overall long-term incentive/equity (79% for the Vice Chairman, Executive Creative Director). We determine the number of target PS based on the overall dollar grant value of the award divided by the closing price of our common stock on the grant date. Dividend equivalents on the PS are reinvested in additional RSUs and paid out to the extent the PS vest.

Annual PS grants feature cliff vesting at the end of a three year performance period. Fiscal 2012 PS vest upon achievement of pre-established three-year cumulative EBIT goals as further described below (Fiscal 2010 & 2011 PS are measured against Adjusted "EPS" goals). However, achievement of a single year EBIT target "locks" in 20% vesting for the given year. The single year "lock-in" feature serves as a retention tool, focuses participants on the annual goals and facilitates achievement of the long-term objectives. In all cases, vesting will be conclusively determined at the end of the applicable three-year performance period.

If threshold performance is not met, PS do not vest and all shares are forfeited, except in the event that single year targets are achieved, resulting in partial vesting at the end of the performance period. Vesting based on the cumulative three-year goal ranges from 0% of the target amount for below threshold performance, to 50% of the target amount at threshold performance, to 100% of the target amount at target performance, to 150% of the target amount if the Company achieves goals that are substantially above our business plan for the performance period. In the event of termination of employment, executives who signed a RSU Confidentiality, Non-Solicitation, Non-Competition and Intellectual Property agreement may be eligible to receive a pro-rata portion of their PS if the performance goals are achieved. The pro-rata amount is based on the number of days of service in the performance period as of their separation date and cannot exceed target levels.

The table below describes key features of our Restricted Stock Units & Performance Shares award programs:

	Timing	Grant Date / Grant Price	Approval
New Hires & Promotions	Awarded to all eligible newly hired or promoted executives on the first business day of employment in executive role.	The hire date or promotion date is the grant date and the closing price of our common stock on the grant date is the grant price.	New hire / promotion award amounts are determined by our CEO based on delegation of authority from the Compensation Committee. If the grant date fair value of a new hire or promotion award exceeds \$250,000, the Compensation Committee must approve the award.
Annual Award	Awarded to all eligible active executives in the first quarter of each fiscal year.	The first regularly scheduled Compensation Committee meeting date is used as the grant date and the closing price of our common stock on the grant date is the grant price, unless otherwise specified in an employment agreement.	We present final annual award amounts for all NEOs to the Compensation Committee for approval at the first regularly scheduled Compensation Committee meeting of the new fiscal year.

NSOs: In an effort to increasingly align the compensation program with governance best practices related to equity at risk, beginning in Fiscal 2011, NSOs were eliminated as a standard component of the executive compensation program except as appropriate in new hire sign-on compensation or NEO compensation packages.

For Fiscal 2012, Mr. Hanson received a time-based NSO as part of his sign-on compensation which was structured to buy-out existing incentives and equity that he forfeited upon resignation from his former employer. The award vests proportionally over three years from the grant date.

Additionally, Mr. Markfield was awarded performance-based NSOs that would vest based on achievement of pre-established financial performance goals, with a seven year term. The performance-based nature of the grant was established to focus our Vice Chairman, Executive Creative Director on Company goals established by the Compensation Committee. Fiscal 2012 vesting was measured against Adjusted Net Income and Comparable Sales. Performance and vesting was determined on the date that Fiscal 2012 results were certified.

Fiscal 2012 Performance Metrics and Results

The Compensation Committee establishes specific performance metrics for each performance-based compensation element at the beginning of the respective fiscal year based on a variety of factors, including but not limited to: internal budget; investor expectations; peer results; the Company's prior year performance; upcoming fiscal year business plan; and strategic initiatives.

The Compensation Committee has chosen Adjusted Net Income, Comparable Sales and EBIT as the key performance metrics because they reflect the Company's success in managing its core operations, growing the business and driving sustained increases in profit. We believe that these metrics reflect all aspects of performance, including top-line revenue, expense control and efficient use of capital while maintaining simplicity in the design and execution of our executive compensation program. Moreover, we believe that these targets encourage management to focus on top-line sales and regaining market share, without having performance-based compensation impacted by extraordinary, unusual, or infrequent items (as described in the definition of Adjusted Net Income above). As part of the plan design, the Compensation Committee had negative discretion (i.e., authority to reduce the amount otherwise payable based on achievement of the performance goals) on any incentive payments based on overall operating results. Overall operating results are considered a reflection of leadership's ability to drive strategy and impact top and bottom-line growth. For Fiscal 2012, Mr. Hanson did not recommend adjustments to Annual Incentive Bonus or target awards for any executives including the NEOs and the Compensation Committee did not exercise negative discretion for any executive awards, including the NEOs.

Annual Incentive Bonus & RSUs

For Fiscal 2012, the Compensation Committee chose two performance metrics for Annual Incentive Bonuses and RSUs to develop goals for awarding the Annual Incentive Bonus and possible accelerated full vesting of the RSUs. The metrics, Adjusted Net Income and Comparable Sales, were weighted 60%/40% respectively to reflect the increased focus on operational and capital efficiency. The Annual Incentive Bonus is contingent upon the achievement of specific Adjusted Net Income and Comparable Sales goals while the accelerated full vesting of the RSUs after the first year (on the Compensation Committee certification date) is contingent upon the achievement of a specific stretch Adjusted Net Income goal.

Performance Shares

For 2012, the long-term, three year performance-based PS goals are measured against EBIT.

The table below sets forth the goals for Fiscal 2012 (excluding 77Kids which discontinued operations during 2012) established by the Compensation Committee, the performance achieved with respect to the goals established by the Compensation Committee and the resulting payouts with respect to each of the Annual Incentive Bonus, RSUs, and PS. These targets are aligned with our business strategy and with our status as a growth company. Except as otherwise noted, the Company measured Adjusted Net Income and Comparable Sales against prior year Adjusted Net Income and Comparable Sales:

Roles and Responsibilities

Role of Our Compensation Committee

The Compensation Committee reviews and approves annual base salaries and other compensation of our NEOs and makes awards and other decisions relating to the Company's 2005 Amended Plan. The Compensation Committee also reviews CEO performance and approves contract terms, including compensation. Furthermore, the Compensation Committee reviews and approves changes to the Company's compensation peer group, as deemed appropriate, taking into consideration suggestions made by Mr. Hanson. The Compensation Committee acts in accordance with its Charter which can be found on the Company's website - <http://www.ae.com> under the links "Company Info, About AEO Inc., AE Investment Info, Corporate Governance, Committee Composition."

Role of Executive Officers in Compensation Decisions

Our CEO annually reviews the performance of each NEO with the Compensation Committee and makes recommendations to the Compensation Committee with respect to each element of executive compensation for the NEOs, excluding himself. The CEO considers brand and individual performance in his recommendations to the Compensation Committee with regard to grants of equity and Annual Incentive Bonus for all executives including the NEOs. However, adjustments suggested by the CEO must not result in an expansion of the overall grant value expense under any circumstances. The Compensation Committee makes the final determination of individual equity awards taking into consideration the CEO's recommendations.

Role of Compensation Consultants

The Compensation Committee has the authority under the Compensation Committee Charter to retain outside consultants or advisors to assist the Compensation Committee. In accordance with this authority, during Fiscal 2012, the Compensation Committee continued to retain the services of Cook & Co., Inc. as its outside independent compensation consultant to advise on all matters related to CEO and other executive compensation. The services provided by Cook & Co., Inc. are subject to a written agreement with the Compensation Committee. The Compensation Committee has sole authority to terminate the relationship. Representatives of Cook & Co., Inc. attended half of the Compensation Committee meetings during Fiscal 2012. The Compensation Committee reviewed the relationship with Cook & Co., Inc. and determined that there are no conflicts of interest. Cook & Co., Inc. does not provide any other services to the Company. The Compensation Committee may engage other consultants as needed in order to provide analysis, recommendations or other market data.

For Fiscal 2012, the Compensation Committee engaged consultants from Cook & Co., Inc. to provide guidance and insights relative to changes to the executive compensation program for Fiscal 2012 and to provide guidance on the compensation structure and components of executive hires.

Under the direction of the Compensation Committee, Cook & Co., Inc. interacts with members of the senior management team to provide insights into market practices and to ensure that management is aware of emerging best practices and market trends. Representatives from Cook & Co. Inc. also advised senior management and the Compensation Committee on Company peer group make-up and proposed changes.

Compensation Governance Highlights

Below are selected Company executive pay and governance actions and practices. These highlights serve to illustrate our commitment to provide a compensation program that supports our financial and strategic goals, aligns executive pay with stockholder value creation, complies with regulatory requirements and discourages unnecessary and excessive risk-taking that threatens the Company's and stockholder's interests.

Use of multiple performance metrics in the incentive plans

Use of a long-term performance-based goal

Stock ownership guidelines. Set at 5 times annual base salary for CEO, 3 times annual base salary for Vice Chairman, Executive Creative Director, 1 times annual base salary for other NEOs (as described in greater detail below)

CIC and retirement benefit provisions. Modest in relation to many of our peers

Limited perquisites. Executive perquisites, which are disclosed below in the "Summary Compensation Table" section, are not a significant component of our executive compensation program

No gross-ups

No repricing

Anti-hedging policy

Annual Award Pool for 162(m) Compliance

We established a performance-based Annual Award Pool (the "Award Pool") for NEOs who are subject to Internal Revenue Code Section 162(m) (which does not include the Chief Financial Officer). At the beginning of each fiscal year, the Compensation Committee establishes annual performance goals for the Award Pool based on the Company's earnings before interest, taxes, depreciation and amortization ("EBITDA"). Achievement of the performance goal determines the maximum amount payable as cash awards and/or grants of time-based RSUs to the NEOs. The following maximum award levels were established during Fiscal 2012 as a percent of EBITDA, in each case subject to the 2005 Amended Plan maximum of \$5 million per person and further subject to the exercise of negative discretion by the Compensation Committee to reduce the maximum award:

Robert Hanson, Chief Executive Officer	1.00% of actual EBITDA
Roger S. Markfield, Vice Chairman, Executive Creative Director	0.75% of actual EBITDA
Fredrick W. Grover, EVP, Global Merchandising – AEO Brand	0.45% of actual EBITDA

Michael Rempell, EVP & Chief Operations Officer

0.45% of actual EBITDA

During Fiscal 2012, the Company granted time-based RSUs to the NEOs pursuant to the Award Pools based on the achievement of the Fiscal 2011 performance goals. To date there have been no awards of cash incentives to NEOs under the Award Pool as the Compensation Committee has not allocated cash awards outside of awards resulting from achieved Company performance.

Compensation Benchmarking

In addition to many other factors that affect compensation determinations, we take into account the compensation practices of comparable companies in formulating the overall design of our compensation program and specific compensation for our NEOs. We consider three key factors in choosing the companies that comprise our peer group:

Talent – Companies with which we compete for executive-level talent.

Size – Companies within the specialty retail industry with comparable revenue.

Comparability – Companies with which we compete for customers and investors.

For Fiscal 2012, the Company used a peer group of specialty retailers consisting of the following component companies for CEO compensation benchmarking purposes. (Note: company name followed by stock ticker symbol in parenthetical, where applicable):

Abercrombie & Fitch Co. (ANF)	J. Crew Group, Inc.
Aeropostale, Inc. (ARO)	Limited Brands, Inc. (LTD)
AnnTaylor Stores Corp. (ANN)	New York & Company, Inc. (NWY)
Chico's FAS, Inc. (CHS)	Pacific Sunwear of California Inc. (PSUN)
Dick's Sporting Goods, Inc. (DKS)	Polo Ralph Lauren (RL)
Gap, Inc. (GPS)	Quiksilver, Inc. (ZQK)
Guess ?, Inc (GES)	Talbots, Inc. (TLB)
Hot Topic, Inc. (HOTT)	Urban Outfitters, Inc. (URBN)

In terms of size, our revenue and market capitalization fall between the median and 75th percentile of the peer group companies.

We evaluate our peer group on an annual basis for relevance and propose changes when appropriate. The Compensation Committee reviews and approves the recommended peer group changes as necessary.

Peer group data is also primarily used for benchmarking of other NEO compensation and is supplemented as needed with additional data from various retail and general industry market surveys, adjusted to reflect our revenue scope.

Other Practices and Policies

Timing of Equity Awards

Although the Company does not have a formal policy relating to the timing of equity awards and the release of material non-public information, the Company does utilize a consistent approach to selecting both the grant dates and the terms of equity awards as described above. The Company makes annual equity grants in the first quarter of the fiscal year. For the past seven years, the grant date for RSUs and PS was the Compensation Committee meeting date during which earnings were certified for the prior fiscal year (scheduled approximately one year in advance). The Fiscal 2012 NSOs were also granted on the Compensation Committee meeting date.

Ownership Requirements

The Company has developed share ownership requirements to establish commonality of interest between management and stockholders and to encourage executives to think and act like owners. By encouraging executives to accumulate a specific level of ownership, the Company's compensation program ensures that pay remains at risk not only with regard to outstanding awards but also with regard to realized gains. Effective with stock award grants beginning in Fiscal 2006, the Company instituted a requirement for certain senior executives, including the NEOs, to hold the equivalent value equal to one times their current salary in company stock. Mr. Hanson has an ownership requirement of five times his current salary (\$5.15 million), Mr. Markfield has an ownership requirement of three times his current salary (\$2.85 million), and the other NEOs have an ownership requirement of one times their respective current salaries. Ownership requirements are evaluated and adjusted for increases in annual base salary as necessary. This requirement can be met through various forms of equity: vested stock options; vested restricted stock; Employee Stock Purchase Plan shares; or personal holdings.

Until the ownership requirement is satisfied, the executive must hold half of his or her after-tax gains from any stock awards granted after Fiscal 2006. The CEO considers compliance with the ownership requirements when recommending annual equity awards for the executives, including the NEOs, to the Compensation Committee. If an executive does not hold half of after-tax gains in Company stock, he or she jeopardizes eligibility for future stock grants or awards.

Clawback Policy: Recovery and Adjustments to Award

The Compensation Committee believes that it is appropriate that the Company's cash, equity awards and incentives be subject to financial penalties or clawback in the event of misconduct. Pursuant to the 2005 Amended Plan, equity awards are subject to additional forfeiture conditions. Forfeiture and recovery will be determined by the Compensation Committee and triggered in the event of misconduct related to: restatement of financial statements; conflicts of interest; non-solicitation; confidential or proprietary information; and cooperation on legal matters. Forfeiture events are applicable during active employment and during the one-year period following termination. If any of the above events occur, the unexercised portion (vested or unvested) of an option, and any other award not settled, will immediately cancel and forfeit. Additionally, the NEO will be required to repay the Company the total amount of the award gain realized upon each exercise of an option or award settlement that occurred on or after the date one-year prior to either (a) the forfeiture event or (b) the termination date.

No Hedging Policy

NEOs are prohibited from hedging the Company's stock.

Employment Agreements

Variations for NEOs with Employment Agreements

Mr. Hanson and Mr. Markfield are employed pursuant to individual employment agreements which were separately negotiated with the Compensation Committee. These individual agreements provide an overall compensation package that varies relative to market practice than the target competitive positioning for other NEOs based on individual circumstances and the criticality of retaining these key leaders. However, the general principles and administration of the primary compensation elements are similar to those provided to other NEOs thus aligning our governing philosophy and objectives regarding executive compensation.

Mr. Hanson's contract was executed on November 14, 2011 (effective Fiscal 2012 through Fiscal 2014) and Mr. Markfield's contract was executed on February 24, 2012 (effective Fiscal 2012 and through Fiscal 2013).

Severance and CIC Payments

Our NEOs are entitled to receive severance payments and other benefits in the event of a CIC of the Company and/or upon the termination of the executive's employment with the Company under specified circumstances. These arrangements provide essential protections to both the NEO and the Company. Agreements providing for severance and CIC payments assist the Company in attracting and retaining qualified executives who could have other job alternatives. At the same time, the applicable agreements preserve valuable Company assets by imposing upon the executives non-competition and non-solicitation restrictions, confidentiality obligations, and cooperation covenants. For a description and quantification of these severance and change of control benefits, please refer to the proxy section "*Post-Employment Compensation*".

During Fiscal 2009, the Compensation Committee approved a CIC plan which provides for CIC agreements (the "CIC Agreement") with certain executives, including each of the NEOs. The objectives of the CIC plan are to motivate executives to continue to work for the best interests of the Company and its stockholders in a potential CIC situation. The CIC Agreement contains double-trigger provisions for severance, equity vesting, and other benefits only if the executive's employment terminates under limited circumstances within 18 months following the CIC. Specifically, in the event of a CIC and a subsequent termination by the Company, other than for Cause, Disability, or death, or if the executive terminates their employment for Good Reason (as defined in the applicable CIC Agreement), any and all common shares (i.e., options, restricted shares, performance shares or other forms of securities issued by the Company and beneficially owned by the executive) that are unvested, restricted or subject to any similar restriction shall vest and become exercisable, or such restrictions shall lapse.

Mr. Hanson and Mr. Markfield are each eligible to receive post-employment payments (in addition to other benefits) under the terms of their employment agreements in certain termination scenarios, as negotiated. For a description and quantification of these severance and change in control benefits refer to "*Post-Employment Compensation*".

Tax Matters

Section 162(m) of the Internal Revenue Code generally permits a tax deduction to public corporations for compensation over \$1,000,000 paid in any fiscal year to a corporation's CEO and the three other most highly compensated NEOs employed at the end of the year (other than the Chief Financial Officer) only if the compensation qualifies as being performance-based under Section 162(m). The Company endeavors to structure its compensation policies to qualify as performance-based under Section 162(m) whenever it is reasonably possible to do so while meeting our compensation objectives.

Nonetheless, from time to time certain non-deductible compensation may be paid and the Board of Directors and the Compensation Committee reserve the authority to award non-deductible compensation in appropriate circumstances. In addition, it is possible that some compensation paid pursuant to certain equity awards that have already been granted may be non-deductible as a result of Section 162(m).

Compensation Risks

The Company's Internal Audit department completed an independent risk assessment of the current compensation and incentive plans in place across the Company. Internal Audit reviewed all applicable plan documentation and conducted interviews with key stakeholders to determine the level of risk created by plan design, maintenance, changes and execution, as well as, mitigating controls in place. Based upon their review, the Internal Audit department determined that the compensation programs, as designed and executed, appear to be low risk and not reasonably likely to have a material adverse effect on the Company. Their findings were presented to the Compensation Committee during the March 2013 meeting.

Upon review and analysis of the information provided by management, the Compensation Committee determined that the compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee considers the business and financial risk implications of all plan design recommendations during their review and discussion of overall compensation initiatives, including the annual compensation approval process.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the disclosure set forth above under the heading "Compensation Discussion and Analysis" with management. Based on such review and discussion, the Compensation Committee has recommended to the Board that the "Compensation Discussion and Analysis" be included in this Proxy Statement.

The option awards column represents a one-time sign-on grant of stock options on January 30, 2012. Additionally, as disclosed in the prior year's Proxy Statement, during Fiscal 2011 \$3,339,000 was paid to Mr. Hanson as a one-time cash sign-on bonus on January 20, 2012, which amount is not included in the Summary Compensation Table above. For Fiscal 2012, Mr. Hanson's total target annual compensation (comprised of base salary, target bonus and grant date value of equity awards) was \$5,588,822 plus perquisites and personal benefits.

(1) 2012 refers to the fifty-three week period ended February 2, 2013. 2011 and 2010 refer to the fifty-two week periods ended January 28, 2012 and January 29, 2011, respectively.

(2) As discussed above in the "Compensation Program Changes" section, the Company initiated a one-year suspension of merit increases for Vice Presidents and above. However, Fiscal 2012 was a fifty-three week period resulting in slightly higher base salaries than Fiscal 2011. During Fiscal 2012, Messrs. Rempell and Hurd had a salary adjustment in connection with a change in their responsibilities.

- (3) For Ms. Boland, amount consists of \$100,000 for a cash sign-on bonus. For Mr. Hurd, amount consists of \$76,161 for a one-time cash bonus for his services as Interim Principal Financial Officer during the year.

- (4) The value of the stock awards included in the Summary Compensation Table reflects the most probable outcome award value, where applicable, and is based on the aggregate grant date fair value computed in accordance with Accounting Standards Codification 718, *Compensation-Stock Compensation* (“ASC 718”). For assumptions used in determining these values, see Note 12 of the Consolidated Financial Statements contained in the Company’s Fiscal 2012 Annual Report on Form 10-K. See “*Grants of Plan-Based Awards*” table for additional information regarding the vesting parameters that are applicable to these awards.

The maximum value of the restricted stock awards at the date of grant was as follows:

Robert L. Hanson	\$6,580,024	\$—	\$—
Roger S. Markfield	\$6,795,000	\$6,977,969	\$4,132,509
Fredrick W. Grover	\$1,275,012	\$1,275,002	\$725,004
Michael R. Rempell	\$1,275,012	\$1,275,002	\$725,004
Mary M. Boland	\$743,745	\$—	\$—
Scott M. Hurd	\$110,007	\$—	\$—
Joan Holstein Hilson	\$1,275,012	\$1,275,002	\$725,004

- (5) The value of the time based NSO awards included in the Summary Compensation Table is based on the aggregate grant date fair value computed in accordance with ASC 718. Additional information regarding this model is available in Note 12 of the Consolidated Financial Statements contained in the Company’s Fiscal 2012 Annual Report on Form 10-K. See “*Grants of Plan-Based Awards*” Table for additional information regarding the vesting parameters that are applicable to these awards.

- (6) For Fiscal 2012, non-equity incentive plan compensation represents the annual incentive bonus for all NEOs. For Fiscal 2011, amount includes \$475,000 for the annual incentive bonus and \$9,179 for long term incentive cash plan (“LTICP”) investment gains for Mr. Markfield. For Fiscal 2010, amount includes \$237,500 for the annual incentive bonus and \$29,941 for LTICP investment gains for Mr. Markfield. Pursuant to the Company’s executive compensation program, the Company eliminated the LTICP for all NEOs during Fiscal 2009 excluding Mr. Markfield due to contract terms which were negotiated prior to the plan changes taking effect. Mr. Markfield’s LTICP balance was paid out on February 17, 2012.

Amount represents the annual incentive cash bonus under the Company's 2005 Amended Plan. The Compensation Committee established individual annual bonus targets under the 2005 Amended Plan as a target percentage of the respective participant's base salary (ranging from 40% to 130%) in accordance with the Compensation Goals described more fully in the "Annual Incentive Bonus" section above. On March 5, 2013, the Compensation Committee certified that the Company had achieved its stretch level of Compensation Goals, resulting in a 200% payout of the target amount of the awards above, except for Mr. Hanson. In accordance with Mr. Hanson's employment agreement dated November 14, 2011 his Fiscal 2012 incentive cash bonus is limited to 130% of his base salary.

In accordance with Mr. Hanson's employment agreement dated November 14, 2011, amount represents a sign-on grant of shares of performance-based RSUs under the Company's 2005 Amended Plan. Vesting of the RSU award will be subject to both continued employment and achievement of pre-determined objective performance goals set forth in writing established by the Compensation Committee. If the performance goals are not met, then the entire RSU award will forfeit. The Committee must verify that the performance goals are met prior to vesting. If the performance goals are met, then the grant will vest in equal annual installments over three years from the grant date based solely on Executive's continued service to the Company over that period. On March 5, 2013, the Compensation Committee certified that the performance goals were met and 65,250 RSUs including the respective dividends vested.

(3) In accordance with Mr. Hanson's employment agreement dated November 14, 2011, amount represents a sign-on grant of stock options under the Company's 2005 Amended Plan which vest in equal annual installments over three years from the grant date. On January 30, 2013, 232,028 NSOs vested.

“Audit Fees” include fees billed for professional services rendered in connection with (1) the audit of our consolidated financial statements, including the audit of our internal control over financial reporting, and the review of our interim consolidated financial statements included in quarterly reports; (2) statutory audits of foreign subsidiaries; and (3) fees for services that generally only the independent registered public accounting firm can reasonably be expected to provide, including comfort letters, consents, assistance with the review of registration statements filed with the SEC and consultation regarding financial accounting and/or reporting standards. “Audit-Related Fees” include fees billed for due diligence related to the Company’s international operations. “Tax Fees” primarily include fees billed related to federal, state and local tax compliance and consulting. “All Other Fees” include fees billed for accounting research software.

The Audit Committee has adopted a policy that requires pre-approval of all auditing services and permitted non-audit services to be performed by the independent registered public accounting firm, subject to the de minimis exceptions for non-audit services as described in SEC Exchange Act Section 10A(i)(1)(B) which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee may form and delegate the authority to grant pre-approvals of audit and permitted non-audit services to subcommittees consisting of one or more members when it deems appropriate, provided that decisions of such subcommittee shall be presented to the full Audit Committee at its next scheduled meeting.

OTHER MATTERS

The only business which the management intends to present at the meeting consists of the matters set forth in this statement. The management knows of no other matters to be brought before the meeting by any other person or group. If any other matter should properly come before the meeting, the proxy enclosed confers upon the persons designated herein authority to vote thereon in their discretion.

HOUSEHOLDING

In order to reduce expenses, we are taking advantage of certain SEC rules, commonly known as “householding,” that permit us to deliver, in certain cases, only one Notice, Annual Report or Proxy Statement, as applicable, to multiple stockholders sharing the same address, unless we have received contrary instructions from one or more of the stockholders. If you received a househanded mailing this year and would like to have additional copies of the Notice, Annual Report, Proxy Statement or other proxy materials sent to you, please submit your request directed to the Corporate Secretary of the Company, at 77 Hot Metal Street, Pittsburgh, Pennsylvania 15203, (412) 432-3300. If you hold your stock in street name, you may revoke your consent to householding at any time by notifying your broker.

If you are currently a stockholder sharing an address with another Company stockholder and wish to have your future proxy statements and annual reports househanded, please contact the Corporate Secretary of the Company at the above address or telephone number.

ADDITIONAL INFORMATION

We will furnish without charge to each person whose proxy is being solicited, upon request of any such person, a copy of the Fiscal 2012 Form 10-K as filed with the SEC, including the financial statements and schedules thereto. In addition, such report is available, free of charge, through the investor relations section of our Internet website at <http://www.ae.com> under the links "About AEO Inc., AE Investment Info, Historical Annual Reports." A request for a copy of such report should be directed to Judy Meehan, Vice President of Investor Relations of the Company, at 77 Hot Metal Street, Pittsburgh, Pennsylvania 15203, (412) 432-3300.
