No. 1	RNS Announcement, re: EGM: BRUCE POWER dated 10 February, 2003

Exhibit No. 1

## Edgar Filing: BRITISH ENERGY PLC - Form 6-K

EXTRAORDINARY GENERAL MEETING: DISPOSAL OF INTERESTS IN BRUCE POWER

British Energy shareholders today, 10 February 2003, approved the disposal of the Company's interests in the Bruce Group at an EGM held solely for this purpose.

The disposal remains subject to a number of conditions but, assuming these conditions are satisfied, closing is expected to occur on or before 14 February 2003 as required by the sale agreements, the HMG credit facility and the restructuring principles accepted by HMG.

The Company is also continuing to work hard to reach formal standstill agreements and agreement in principle on the terms of the proposed restructuring with significant creditors by 14 February 2003 in accordance with the restructuring principles accepted by HMG and the terms of the HMG credit facility.

If the disposal is not completed, or if agreement is not reached with significant creditors, the Company may have to seek insolvency proceedings, in which case the distributions to unsecured creditors may represent only a small fraction of their unsecured liabilities and it is highly unlikely there would be any return to shareholders. Even if the disposal is completed and agreement reached with the significant creditors, the proposed restructuring would remain subject to a large number of significant uncertainties and the return if any to shareholders would represent a very significant dilution of their existing interests.

A further announcement will be made in due course.
