Pauline van der Meer Mohr is currently president of the Executive Board of Erasmus University Rotterdam, a role which she has held since 2010. Pauline began her career in the legal profession and held several legal and management positions with the Royal Dutch Shell Group from 1989 to 2004, rising to become HR Director, Information Technology. In 2004, she was appointed group human resources director at TNT NV before moving to become senior executive vice president and head of group human resources at ABN AMRO Bank NV in 2006. Pauline began her own human capital consulting firm in 2008 and served as a member of the Dutch Banking Code Monitoring Commission in Holland from 2010 to 2013. Additionally, Pauline is a member of the supervisory boards of Royal DSM NV and ASML Holding NV.

Commenting on the appointments, HSBC Group Chairman Douglas Flint said: "I am delighted to welcome both Irene and Pauline to the HSBC Holdings Board. Irene brings substantial experience gained over many years in financial services. Her contributions to HBAP and Hang Seng since joining those boards have been greatly valued by her colleagues and we look forward to building on this and to her continued contribution to the Group. Pauline has legal and human resources experience across a number of different sectors which, together with her important contributions to the Dutch Banking Code Monitoring Commission which was aimed at restoring trust in the Dutch banking sector, will be of considerable value to HSBC. We are delighted that she has agreed to join the HSBC Holdings Board".

These appointments will be for an initial three-year term which, subject to re-election by shareholders, will expire at the conclusion of the 2019 Annual General Meeting. The Directors have determined that Ms Lee and Ms van der Meer Mohr are independent. In making that determination, the Directors have concluded that, taking into account Ms Lee's existing non-executive roles with the Hong Kong businesses, there are no other relationships or circumstances which are likely to affect her judgement and any relationships or circumstances which could appear to do so were not considered to be material.
