**PROXY STATEMENT**

---

**FOR ANNUAL MEETING OF STOCKHOLDERS**

**AUGUST 19, 2003**

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Infonet Services Corporation, a Delaware corporation, of proxies from the holders of our issued and outstanding Class B common shares of stock, \$.01 par value per share (the "Class B common shares") and our issued and outstanding Class A common shares of stock, \$.01 par value per share (the "Class A common shares"), and together with our Class B common shares, the "Common Shares"), to be exercised at the Annual Meeting of Stockholders, referred to as the Annual Meeting, to be held on August 19, 2003 at the Manhattan Beach Marriott located at 1400 Parkview Avenue, Manhattan Beach, California 90266 at 10:00 a.m., local time, and at any adjournment or postponement of the meeting for the purposes set forth in the accompanying Notice of Annual Meeting. The terms "Infonet", "us", "we" and "our" as used in this statement refer to Infonet Services Corporation.

This Proxy Statement and the enclosed form of proxy are first being mailed to our stockholders on or about July 11, 2003.

At the Annual Meeting, our stockholders will be asked to consider and vote upon the following proposals:

1. To elect eleven directors to serve until the Annual Meeting of stockholders in the year 2004 and until their successors are duly elected and qualified;
2. To approve an amendment and restatement of the Infonet Services Corporation 2000 Employee Stock Purchase Plan to, among other things, increase the number of Class B common shares reserved for issuance under that plan from 2,000,000 to 4,000,000;
3. To approve the adoption of the Infonet Services Corporation 2003 Incentive Award Plan;
4. To ratify the appointment of Deloitte & Touche LLP as our independent auditor for the fiscal year ending April 2, 2004; and
5. To transact such other business as may properly come before the meeting or any adjournment(s) or postponement(s) of the Annual Meeting.

Only the holders of record of our Common Shares at the close of business on June 27, 2003, referred to as the Record Date, are entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof. Each Class B common share is entitled to one vote on all matters, while each Class A common share is entitled to ten votes on all matters, except that the Class B common shares, voting separately as a class, shall have the right to elect two of our directors and the Class A common shares will not vote with respect to these directors. The nominees to be elected as directors by the Class B common shares are referred to in this Proxy Statement as the Class B common shares nominees. As of the Record Date, 463,760,742 of our Common Shares representing 1,916,390,964 votes were outstanding, which consists of 161,403,358 of our Class A common shares outstanding representing 1,614,033,580 votes and 302,357,384 of our Class B common shares outstanding representing 302,357,384 votes. A majority of the Common Share votes outstanding at the Record Date must be represented at the Annual Meeting in person or by proxy to constitute a quorum for the transaction of business at the Annual Meeting, except that a majority of the Class B common shares outstanding at the Record Date must be represented at the Annual Meeting in person or by proxy to constitute a quorum for the election of the Class B

common shares nominees. Abstentions and broker non-votes (*i.e.*, shares held by a broker or nominee which are represented at the meeting, but with respect to which such broker or nominee is not instructed or authorized to vote on a particular proposal) will count toward the presence of a quorum.

The Common Shares represented by all properly executed proxies returned to us will be voted at the Annual Meeting as instructed or, if no instruction is given, they will be voted **FOR** the eleven director nominees, **FOR** the amendment and restatement of the 2000 Employee Stock Purchase Plan, **FOR** the adoption of 2003 Incentive Award Plan and **FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent auditor for the fiscal year ending April 2, 2004. As to any other business that properly comes before the Annual Meeting, all properly executed proxies will be voted by the persons named therein in accordance with their discretion. We do not presently know of any other business that may properly come before the Annual Meeting. Any person giving a proxy has the right to revoke it at any time before it is exercised at the Annual Meeting: (a) by filing with our Secretary a duly signed revocation or a proxy bearing a later date or (b) by electing to vote in person at the Annual Meeting. Mere attendance at the Annual Meeting will not revoke a proxy.

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Annual Meeting all proxies will be voted in the same manner as those proxies would have been voted at the original convening of the Annual Meeting (except for any proxies that were effectively revoked or withdrawn prior to the reconvened Annual Meeting).

We will bear the cost of soliciting proxies from our stockholders. In addition to solicitation by mail, our directors, officers and employees may solicit proxies by telephone, electronic mail or otherwise. Those directors, officers and employees of Infonet will not be additionally compensated for any solicitation, but may be reimbursed for out-of-pocket expenses incurred in connection with the solicitation. Brokerage firms, fiduciaries and other custodians who forward soliciting material to the beneficial owners of Common Shares held of record by them will be reimbursed for their reasonable expenses incurred in forwarding the material.

Our Class B common shares are traded on the New York Stock Exchange, or NYSE, under the ticker symbol IN. On June 27, 2003, the closing price for our Class B common shares on the NYSE was \$1.57 per share. In the fiscal year ended March 31, 2003 we filed an application with the Frankfurt Stock Exchange, or FSE, to voluntarily delist our securities from trading on the FSE. The FSE granted our application and the delisting was effective as of April 14, 2003.

Only one copy of this Proxy Statement is being delivered to multiple holders of our Common Shares who share an address, unless we have received contrary instructions from one or more of such holders. We will deliver promptly, upon written or oral request, a separate copy of this Proxy Statement to a holder of Common Shares at a shared address to which a single copy of this Proxy Statement was delivered. Security holders that wish to make such a request, or wish to receive a separate proxy statement in the future, should write to us at 2160 East Grand Avenue, El Segundo, California 90245, Attn: Investor Relations or call (310) 335-2181. If you share an address with another holder of Common Shares and are receiving multiple copies of this Proxy Statement you may also contact us to request that we deliver a single copy of future proxy statements and annual reports.

NO PERSON IS AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATIONS OTHER THAN THOSE CONTAINED IN THIS PROXY STATEMENT. IF ANY REPRESENTATION OR INFORMATION IS GIVEN OR MADE, YOU MUST NOT RELY ON THAT INFORMATION AS HAVING BEEN AUTHORIZED BY US AND THE DELIVERY OF THIS PROXY STATEMENT UNDER NO CIRCUMSTANCES SHALL CREATE ANY IMPLICATION THAT THERE HAS BEEN NO CHANGE IN THE AFFAIRS OF INFONET SINCE THE DATE HEREOF.

The date of this proxy statement is July 7, 2003.

**PROPOSAL NO. 1**

**ELECTION OF DIRECTORS**

Our restated certificate of incorporation provides that the authorized number of directors will be between seven and twelve, with the exact number to be determined by a majority of our Board of Directors, or Board. Our Board has determined to increase the authorized number of directors on our Board from nine to eleven, effective as of the date of the Annual Meeting.

Under our stockholders agreement with holders of our Class A common shares, referred to as our stockholders agreement, each of the six holders of our Class A common shares is currently entitled to designate one director to be nominated to serve on our Board. These holders have also agreed to vote their Common Shares in favor of the directors designated by the other holders of Class A common shares and for our president, José A. Collazo, as a director. Accordingly, each holder of our Class A common shares is committed to vote all of its Common Shares in favor of the election of seven of our eleven directors. See Certain Relationships and Related Transactions Stockholders Agreement for more information regarding our stockholders agreement. Pursuant to the stockholders agreement, our current directors, John Allerton, Eric M. de Jong, Per-Eric Fylking, Yuzo Mori, Hanspeter Quadri and Jose Manuel Santero have been designated by Telstra Corporation Limited, KPN Telecom B.V., Telia AB, KDDI Corporation, Swisscom AG and Telefónica International Holding B.V., respectively. John Allerton has served as a director since May 7, 2003, when Douglas Campbell resigned and the Board appointed Mr. Allerton to serve as his successor. Mr. Campbell was the prior designee of Telstra Corporation Limited.

Our Board has nominated each of our nine current directors for re-election to the Board. In addition, upon the recommendation of the Nominating and Corporate Governance Committee of our Board, Bruce Beda and Peter Hanelt have been nominated to fill the vacancies created by the recent increase in the number of authorized directors upon their election to the Board at the Annual Meeting. Our restated certificate of incorporation reserves two independent directors for election by the Class B common shares voting alone. Timothy P. Hartman and Matthew J. O'Rourke have been nominated as such independent directors, and are referred to as the Class B common shares nominees. The remaining director nominees are elected by the Class A common shares and Class B common shares voting together, and are referred to as the Common Shares nominees. At each annual meeting of stockholders, nominees are elected to serve until the next annual meeting of stockholders. Our directors may be removed, with or without cause, by the affirmative vote of the holders of two-thirds of the voting power of the then outstanding Class A common shares and Class B common shares, voting together as a single class.

**Except where otherwise instructed, proxies solicited by this Proxy Statement will be voted FOR the election of each of the Board's nominees listed below.**

Each nominee has consented to be named in this Proxy Statement and to serve as a director if elected. The following information relating to the nominees for election as director has been furnished to us by the respective individuals. **Vote Required and Board Recommendation**

**Common Shares nominees.** The nine Common Shares nominees will be elected by a favorable vote of a plurality of all Common Share votes cast at a meeting at which a quorum is present. For purposes of the election of the Common Shares nominees, abstentions will count toward calculation of a quorum but will not be counted as votes cast and will have no effect on the results of the vote. Because the election of directors is a matter on which a broker or other nominee has discretionary voting authority, no broker non-votes will result from this proposal.

Unless instructed to the contrary, the shares represented by all properly executed proxies will be voted **FOR** the election of all of the Common Share nominees named above.

**Class B common shares nominees.** The two Class B common shares nominees will be elected by a favorable vote of a plurality of all Class B common share votes cast at a meeting at which a quorum is present. For purposes of the election of the Class B common shares nominees, abstentions will count toward calculation of a quorum but will not be counted as votes cast and will have no effect on the results of the vote. Because the election of directors is a matter on which a broker or other nominee has discretionary voting authority, no broker non-votes will result from this proposal.

Unless instructed to the contrary, the Class B common shares represented by all properly executed proxies will be voted **FOR** the election of all of the Class B common shares nominees named above.

**The Board unanimously recommends a vote FOR the election of each of the director nominees to serve until the annual meeting of stockholders to be held in the year 2004 and until their successors are duly elected and qualified.**

**PROPOSAL NO. 2**

**APPROVAL OF THE AMENDMENT AND**

**RESTATEMENT OF THE INFONET SERVICES CORPORATION**

**2000 EMPLOYEE STOCK PURCHASE PLAN**

Our Board believes that it is in our best interests to encourage stock ownership by our employees. Accordingly, on May 6, 2003, the Board adopted, subject to stockholder approval, an amended and restated Infonet Services Corporation 2000 Employee Stock Purchase Plan (originally the ESPP, and as amended and restated, the Amended ESPP) to be effective January 1, 2004. The Amended ESPP is subject to the approval of our stockholders.

The principal features of the Amended ESPP are summarized below, but the summary is qualified in its entirety by reference to the Amended ESPP itself, which is contained in *Appendix A* to this proxy statement.

**Purpose of the Amended ESPP**

The purpose of the Amended ESPP is to assist our eligible employees and those of our designated subsidiary corporations in acquiring stock ownership pursuant to a plan which is intended to qualify as an employee stock purchase plan, within the meaning of Section 423(b) of the Internal Revenue Code of 1986, as amended (the Code). Under the Amended ESPP, an eligible employee will be granted options to purchase our Class B common shares through payroll deductions, at a discount from the then current market price, without payment of commissions or other charges. Offering employees the opportunity to become owners of Class B common shares is intended to help to further align the employees interests with those of our stockholders generally. The Amended ESPP is also intended to help employees provide for their future security and to encourage them to remain in our employment or the employment of our subsidiary corporations. The proceeds received by us from the sale of Class B common shares pursuant to the Amended ESPP will be used for general corporate purposes.

The Amended ESPP will become effective, assuming stockholder approval is obtained, on January 1, 2004, and will terminate as to future option grants on May 6, 2013. The Amended ESPP is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, and is not a qualified plan under Section 401(a) of the Code.

**Securities Subject to the Amended ESPP**

The total number of Class B common shares that may be sold under the Amended ESPP will not exceed 4,000,000. The closing share price on the New York Stock Exchange for our Class B common shares on the Record Date was \$1.57. The Amended ESPP provides for appropriate adjustment in the number and kind of shares of stock for which options may be granted, and the number and kind of shares of stock which may be sold pursuant to the Amended ESPP, in the event of a stock split, stock dividend, reorganization or other specified changes in our capitalization.

**Eligible Persons**

## Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

Our employees and those of our designated subsidiaries, currently constituting approximately 1,100 individuals, generally will be eligible to participate in the Amended ESPP and will receive options to purchase Class B common shares under the Amended ESPP.

An employee will not be eligible to participate in the Amended ESPP if such employee:

immediately after an option is granted under the Amended ESPP, owns (or is treated as owning) Class B common shares or other stock possessing 5% or more of the total voting power or value of all classes of our stock (and any parent corporation and subsidiary corporation of us);

is customarily employed for 20 hours or less per week; or

is customarily employed for five months or less in any calendar year.

Our directors, or the directors of any parent corporation or subsidiary corporation of Infonet, who are not employees will not be eligible to participate in the Amended ESPP.

### **Grant of Options**

We will grant options under the Amended ESPP to all participants on the first trading day of each offering period. The offering periods will be:

The period commencing on January 1 and terminating on the last trading date immediately preceding the second anniversary of the commencement of this period.

The period commencing on July 1 and terminating on the last trading day immediately preceding the second anniversary of the commencement of this period; and

The first offering period will begin on January 1, 2004. We will grant options under the Amended ESPP until the number of Class B common shares available under the Amended ESPP have been sold, or the Amended ESPP terminates.

As required under Section 423(b)(8) of the Code, no participant may be granted an option under the Amended ESPP that permits his or her rights to purchase Class B common shares or other stock under the Amended ESPP, and under any of our, our subsidiaries or any future parent company's employee stock purchase plans, to accrue at a rate which exceeds \$25,000 of the fair market value of such Class B common shares or other stock for any calendar year.

### **Election to Participate; Payroll Deductions**

Each participant will participate in the Amended ESPP by means of payroll deductions. A participant will be required to deliver a completed and executed subscription agreement authorizing payroll deductions to us before the commencement of an offering period. The subscription agreement will be the participant's election to participate in the offering period and subsequent offering periods.

The subscription agreement will designate the percentage of the participant's compensation to be deducted for purposes of the Amended ESPP. The payroll deductions will occur on each payday during the offering period and may be in any whole percentage of compensation not exceeding 10%. Compensation will include salary, wages, commissions, overtime pay, shift premiums, bonuses and other incentive compensation payments, plus any pre-tax contributions made by the participant to any nonqualified deferred compensation plan.

A participant may decrease, but not increase, his or her payroll deduction authorization during an offering period to any whole percentage of compensation not exceeding 10%. A participant may also withdraw from participation in the Amended ESPP during an offering period. See [Withdrawal from the Amended ESPP](#).

A participant's subscription agreement will remain in effect for subsequent offering periods, unless the participant:

submits a new subscription agreement;

withdraws from participation under the Amended ESPP; or

otherwise ceases to be eligible to participate in the Amended ESPP.

**Exercise of Options**

Unless a participant withdraws from the Amended ESPP or otherwise becomes ineligible to participate in the Amended ESPP, his or her option to purchase shares will be exercised automatically on the last day of each purchase period during the offering period for which the option was granted. Each offering period consists of four consecutive six month purchase periods. A participant's option will be exercised to the extent that the

participant's cumulative payroll deductions for the offering period are sufficient to purchase, at the applicable option price, whole Class B common shares. No fractional Class B common shares will be sold under the Amended ESPP. A participant may not purchase more than 200,000 Class B common shares upon the exercise of the option with respect to any offering period or more than 50,000 Class B common shares upon the exercise of an option with respect to any purchase period. Any payroll deductions not applied to the purchase of whole Class B common shares will be credited to the account of the employee and subsequently paid to the participant in cash as soon as reasonably practicable after the purchase period.

#### **Option Price; Discount to Fair Market Value**

The purchase price for a Class B common share purchased pursuant to an option granted under the Amended ESPP will be 85% of the fair market value of a Class B common share on (i) the date of option exercise (i.e., the last day of the purchase period with respect to which the option was granted), or (ii) the date of option grant (i.e., the first day of the offering period), whichever is lower.

The fair market value of a Class B common share as of a given date will be:

the closing price of a Class B common share on the New York Stock Exchange or another established stock exchange or national market system on which the Class B common shares are listed or traded, as reported in the Wall Street Journal, on the last trading day prior to the given date; or

if the foregoing valuation method is not practicable, such other valuation method as the plan administrator shall select, in its discretion.

#### **Withdrawal from the Amended ESPP**

A participant may withdraw from participation under the Amended ESPP during an offering period at any time prior to the last day of a purchase period by providing us with written notice of such withdrawal. Upon withdrawal, the participant's cumulative payroll deductions will be refunded to the participant without interest. A participant who withdraws from the Amended ESPP and is eligible for a subsequent offering period may participate in such offering period by delivering to us a subscription agreement not later than ten days before the commencement of such subsequent offering period.

#### **Expiration of Options**

Each option granted for an offering period will expire on the last day of the offering period, immediately after the automatic exercise of the option pursuant to the terms of the Amended ESPP. If a participant ceases to be eligible to participate in the Amended ESPP for any reason, including in the case of his or her death, he or she will be deemed to have withdrawn from the plan and the payroll deductions credited to the participant's account during the respective offering period will be paid to the participant or his or her designated beneficiary as soon as reasonably practicable.

#### **Non-Transferability of Options**

Neither the payroll deductions credited to a participant's account nor any rights with regard to the exercise of options received under the Amended ESPP may be assigned, transferred or pledged by the participant, other than by will or the laws of descent and distribution, and any options received under the Amended ESPP will be exercisable during a participant's lifetime only by the participant.

**Rights as Stockholders**

A participant will not be deemed to be one of our stockholders with respect to shares of stock subject to an option granted under the Amended ESPP and will not have any of the rights or privileges of a stockholder with respect to shares of stock subject to an option granted under the Amended ESPP, until the shares have been issued to the participant following the exercise of the option.

## Administration

The Amended ESPP will be administered by our Board or a committee appointed by our Board and consisting of no fewer than three members of the Board. The administrator of the plan has the power to interpret the Amended ESPP and the terms of the options and to adopt rules for the administration, interpretation and application of the Amended ESPP that are consistent with the Amended ESPP. The committee, if any, may also delegate any of its administrative powers to a subcommittee thereof. Notwithstanding the appointment of a committee to administer the Amended ESPP, the Board, in its absolute discretion, may at any time exercise any and all rights and duties of the administrator of the Amended ESPP.

## Amendment and Termination of the Amended ESPP

Our Board, or any committee appointed by the Board and consisting of at least two members that are non-employee directors, may at any time and for any reason amend or terminate the Amended ESPP; provided, however, that no termination may affect options previously granted, except that an offering period may be terminated if the Board determines that the termination is in the best interests of the company. Notwithstanding the foregoing, no amendment may make any change in an option already granted that adversely affects the rights of any participant without that participant's consent. To the extent necessary to ensure the Amended ESPP's continued qualification as an employee stock purchase plan under Code Section 423 the approval of the outstanding shares of our capital stock entitled to vote will be required to amend the Amended ESPP.

The administrator may, without stockholder consent and without regard to whether a participant is adversely affected:

change the offering periods;

limit the frequency and/or number of changes in the amount withheld in an offering period;

establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars;

permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in our processing of properly completed withholding elections;

establish waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Class B common shares for each participant properly correspond with amounts withheld from the participant's compensation; and

establish such other limitations or procedures as the administrator determines in its sole discretion advisable and which are consistent with the Amended ESPP.

Furthermore, if our Board determines that the ongoing operation of the Amended ESPP may result in unfavorable accounting consequences, the Board may, in its discretion, modify or amend the Amended ESPP to reduce or eliminate the unfavorable accounting consequences, including without limitation:

## Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

altering the purchase price for any offering period, including an offering period underway at the time of the change in purchase price;

shortening any offering period so that the offering period ends on a new exercise date, including any offering period underway at the time of the action; and

allocating shares.

### **Federal Income Tax Consequences**

The following summarizes the Federal income tax consequences of a participant's participation in the Amended ESPP and is not intended to be a complete description of the tax consequences. This summary does not address Federal employment taxes, state and local income taxes and other taxes that may be applicable.

*Grant of Option; Exercise of Option*

A participant will not recognize taxable income on the date the participant is granted an option under the Amended ESPP or on the date the option is exercised.

*Sale of Common Stock after the Holding Period*

If a participant does not sell or otherwise dispose of the Class B common shares purchased upon exercise of his or her option under the Amended ESPP within two years after the date on which the option is granted or within one year after the date on which the Class B common shares are purchased (the Holding Period), or if the participant dies while owning the Class B common shares, the participant will be taxed in the year in which he or she sells or disposes of the Class B common shares, or the year closing with his or her death, whichever applies, as follows:

The participant will recognize ordinary income in an amount equal to the lesser of:

the excess, if any, of the fair market value of the Class B common shares on the date on which such shares are sold or otherwise disposed, or the date on which the participant died, over the amount paid for the Class B common shares, or

the excess of the fair market value of the Class B common shares on the date the option was granted, over the option price (determined assuming that the option was exercised on the date granted) for such Class B common shares; and

The participant will recognize as capital gain any further gain realized (after increasing the tax basis in the Class B common shares by the amount of ordinary income recognized as described above).

*Sale of Common Stock during the Holding Period*

If the participant sells or otherwise disposes of the Class B common shares purchased upon exercise of his or her option under the Amended ESPP before the Holding Period expires, and the amount realized is greater than or equal to the fair market value of the shares of Common Stock on the date of exercise, the participant will be taxed in the year in which he or she sells or disposes of the Class B common shares as follows:

The participant will recognize ordinary income to the extent of the excess of the fair market value of the Class B common shares on the date on which the option was exercised, over the option price for such Class B common shares; and

The participant will recognize as capital gain any further gain realized (after increasing the tax basis in the Class B common shares by the amount of ordinary income recognized as described above).

If the participant sells or otherwise disposes of the Class B common shares before the Holding Period expires, and the amount realized is less than the fair market value of the Class B common shares on the date of exercise, the participant will be taxed in the year in which he or she sells or disposes of the Class B common shares as follows:

## Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

The participant will recognize ordinary income to the extent of the excess of the fair market value of the Class B common shares on the date on which the option was exercised, over the option price for such Class B common shares; and

The participant will recognize capital loss to the extent the fair market value of the Class B common shares on the exercise date exceeds the amount realized on the sale or other disposition.

### *Our Deduction*

We, or any subsidiary of ours that employs the participant, are entitled to a tax deduction only to the extent that the participant recognizes ordinary income because the participant sells or otherwise disposes of the Class B common shares before the Holding Period expires.

**Vote Required and Board Recommendation**

Under Delaware law and our restated certificate of incorporation and bylaws, the affirmative vote of a majority of the votes represented by the Common Shares present in person or by proxy and entitled to vote on this proposal at the Annual Meeting is required for approval of the proposed Amended ESPP. For purposes of the vote on the proposed Amended ESPP, abstentions will have the same effect as votes against the proposed Amended ESPP and broker non-votes will not be counted as shares entitled to vote on the matter and will have no effect on the result of the vote.

For the Amended ESPP to be approved under the rules of the New York Stock Exchange: (i) more than 50% in interest of all securities entitled to vote on the proposal must cast a vote on this proposal, and (ii) a majority of the votes cast must vote for the proposal. Votes for, against and abstain count as votes cast, while broker non-votes do not count as votes cast. All outstanding shares, excluding shares represented by broker non-votes, are counted as shares entitled to vote. Therefore, abstentions will have the same effect as votes against the proposed Amended ESPP and broker non-votes will have no effect on the result of the vote.

Unless instructed to the contrary, the shares represented by the proxies will be voted **FOR** the approval of the Amended ESPP.

**The Board unanimously recommends a vote FOR approval of the Infonet Services Corporation 2000 Employee Stock Purchase Plan (Amended and Restated effective January 1, 2004).**

**PROPOSAL NO. 3**

**APPROVAL OF THE INFONET SERVICES CORPORATION**

**2003 INCENTIVE AWARD PLAN**

Our stockholders are being asked to approve the 2003 Incentive Award Plan of Infonet Services Corporation (the 2003 Plan ). On May 6, 2003, our Board approved and adopted the 2003 Plan, subject to approval by our stockholders. The 2003 Plan serves as a successor to our 1998 Stock Option Plan, 1999 Stock Option Plan and 2000 Omnibus Stock Plan (the Prior Plans ). As of June 27, 2003, 2,404,857 Class B common shares remain available for grant under the Prior Plans.

The summary of the provisions of the 2003 Plan that follows is not intended to be complete, and reference is made to the 2003 Plan for complete statements of the terms and provisions. The principal features of the 2003 Plan are summarized below, but the summary is qualified in its entirety by reference to the 2003 Plan itself which is contained in *Appendix B* to this proxy statement.

**Purpose of the 2003 Plan**

The purpose of the 2003 Plan is to provide additional incentive for directors, key employees and consultants to further the growth, development and financial success of the company by personally benefiting through the ownership of our Class B common shares or other rights which recognize such growth, development and financial success. Our Board also believes that the 2003 Plan will enable us to obtain and retain the services of directors, key employees and consultants that are considered essential to our long range success by offering them an opportunity to own stock and other rights that reflect our financial success.

The 2003 Plan will become effective immediately upon stockholder approval.

**Securities Subject to the 2003 Plan**

The aggregate number of Class B common shares subject to options, stock purchase rights, stock appreciation rights, or SARs, and other awards will be equal to 20,000,000, plus the number of Class B common shares that remain available for grants of options or other awards under the Prior Plans, together with any additional Class B common shares that may become available for issuance under the Prior Plans as a result of the reserved share replenishment provisions of those plans or as a result of stock options under those plans expiring or otherwise becoming unexercisable. As of the Record Date, a maximum of 22,404,857 Class B common shares will be issued under the 2003 Plan. The closing share price for our Class B common shares on the New York Stock Exchange on the Record Date was \$1.57. The Board or a committee of the Board appointed to administer the 2003 Plan shall have the authority in its discretion to appropriately adjust:

the aggregate number of Class B common shares subject to the 2003 Plan;

the number and kind of shares of common stock subject to outstanding awards under the 2003 Plan; and

## Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

the price per share of outstanding options, stock purchase rights, SARs and other awards;

if there is any stock dividend, stock split, recapitalization, or other subdivision, combination or reclassification of shares of Common Stock.

Shares subject to expired or canceled options or surrendered or repurchased shares of restricted stock will be available for future grant or sale under the 2003 Plan. In addition, shares which are delivered to us by an optionee or withheld by us upon the exercise of an award in payment of the exercise price or in satisfaction of tax withholding obligations may again be optioned, granted or awarded under the 2003 Plan. No shares may be optioned, granted or awarded under the 2003 Plan, however, if such action would cause an incentive stock option to fail to qualify as an incentive stock option under Section 422 of the Code.

### Awards Under the 2003 Plan

The 2003 Plan provides that the administrator may grant or issue stock options, SARs, restricted stock, deferred stock, dividend equivalents, performance awards and stock payments, or any combination thereof. Each award will be set forth in a separate agreement with the person receiving the award and will indicate the type, terms and conditions of the award.

Nonqualified Stock Options, or NQSOs, will provide for the right to purchase Class B common shares at a specified price which, except with respect to NQSOs intended to qualify as performance-based compensation under Section 162(m) of the Code, may be less than fair market value on the date of grant (but not less than par value on the date of grant), and usually will become exercisable (in the discretion of the administrator) in one or more installments after the grant date, subject to the satisfaction of individual or company performance criteria established by the administrator. NQSOs may be granted for any term specified by the administrator.

Incentive Stock Options, or ISOs, will be designed to comply with the applicable provisions of the Code and will be subject to certain restrictions contained in the Code. Among such restrictions, ISOs must have an exercise price not less than the fair market value of a Class B common share on the date of grant, may only be granted to employees, must expire within a specified period of time following the optionee's termination of employment, and must be exercised within ten years after the date of grant; but may be subsequently modified to disqualify them from treatment as ISOs. The total fair market value of shares with respect to which an ISO is first exercisable by an optionee during any calendar year cannot exceed \$100,000. To the extent this limit is exceeded, the options granted are NQSOs. In the case of an ISO granted to an individual who owns (or is deemed to own) at least 10% of the total combined voting power of all of our classes of stock (a 10% Owner), the 2003 Plan provides that the exercise price must be at least 110% of the fair market value of a Class B common share on the date of grant and the ISO must expire no later than the fifth anniversary of the date of its grant.

Restricted stock may be sold to participants at various prices or granted with no purchase price, and may be made subject to such restrictions as may be determined by the administrator. Restricted stock, typically, may be repurchased by us at the original purchase price if the conditions or restrictions are not met. In general, restricted stock may not be sold, or otherwise hypothecated or transferred except to certain permitted transferees as set forth in the 2003 Plan, until restrictions are removed or expire. Purchasers of restricted stock, unlike recipients of options, will have voting rights and will receive dividends prior to the time when the restrictions lapse.

Deferred stock may be awarded to participants, typically without payment of consideration, but subject to vesting conditions based on performance criteria established by the administrator. Like restricted stock, deferred stock may not be sold, or otherwise hypothecated or transferred except to certain permitted transferees as set forth in the 2003 Plan, until vesting conditions are removed or expire. Unlike restricted stock, deferred stock will not be issued until the deferred stock award has vested, and recipients of deferred stock generally will have no voting or dividend rights prior to the time when vesting conditions are satisfied.

Stock Appreciation Rights may be granted in connection with stock options or other awards, or separately. SARs granted by the administrator in connection with stock options or other awards typically will provide for payments to the holder based upon increases in the price of our Class B common shares over the exercise price of the related option or other awards. Except as required by Section 162(m) of the Code with respect to a SAR intended to qualify as performance-based compensation as described in Section 162(m) of the Code, there are no restrictions specified in the 2003 Plan on the exercise of SARs or the amount of gain realizable therefrom, although restrictions may be imposed by the administrator in the SAR agreements. The administrator may elect to pay SARs in cash or in Class B common shares or in a combination of both.

Dividend Equivalents represent the value of the dividends per share paid by us, calculated with reference to the number of shares covered by the stock options, SARs or other awards held by the participant.

Performance Awards may be granted by the administrator to employees or consultants based upon, among other things, the contributions, responsibilities and other compensation of the particular employee or consultant.

Generally, these awards will be based upon specific performance criteria and may be paid in cash or in Class B common shares or in a combination of both. Performance Awards may include phantom stock awards that provide for payments based upon increases in the price of our Common Stock over a predetermined period. Performance Awards to consultants and employees may also include bonuses granted by the administrator, which may be payable in cash or in Class B common shares or in a combination of both.

Stock Payments may be authorized by the administrator in the form of Class B common shares or an option or other right to purchase Class B common shares and may, without limitation, be issued as part of a deferred compensation arrangement in lieu of all or any part of compensation, including bonuses, that would otherwise be payable in cash to the employee or consultant.

The administrator may designate employees as Section 162(m) Participants, whose compensation for a given fiscal year may be subject to the limit on deductible compensation imposed by Section 162(m) of the Code. The administrator may grant to Section 162(m) Participants restricted stock, deferred stock, SARs, dividend equivalents, performance awards, cash bonuses and stock payments that are paid, vest or become exercisable upon the attainment of company performance criteria which are related to one or more of the following performance goals:

revenue growth

net income;

pre-tax income;

operating income;

cash flow;

earnings per share;

earnings before any one or more of interest, taxes, depreciation or amortization;

return on equity;

return on invested capital or assets;

funds from operations;

cost reductions or savings; and

appreciation in the market price of our Class B common shares.

## Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

The maximum number of shares which may be subject to options, stock purchase rights, SARs and other awards granted under the 2003 Plan to any individual in any calendar year may not exceed 10,000,000 Class B common shares. In addition, the maximum amount of cash that may be paid as a performance award to any individual in any calendar year is \$10,000,000.

### **Grant and Terms of Options**

#### *Key Employees and Consultants*

The administrator shall have the authority under the 2003 Plan to determine:

which employees are key employees and select from the key employees and consultants those that should be granted options;

the number of shares to be subject to option grants to selected key employees and consultants;

whether the option grants are ISOs or NQSOs and whether the options qualify as performance-based compensation; and

the terms and conditions of the option grants.

The administrator may not grant an ISO under the 2003 Plan to any 10% Owner unless the stock option conforms to the applicable provisions of Section 422 of the Code. Only our employees may be granted ISOs under the 2003 Plan. Employees, consultants, and directors may receive NQSOs and restricted stock under the 2003 Plan. Each option will be evidenced by a written option agreement.

#### *Independent Directors*

The 2003 Plan provides for a grant of options to any director at the time of his or her election to the Board if at that time the director is a non-employee director. The 2003 Plan also provides for a grant of options to each non-employee director on the date of each annual meeting of stockholders. In each case, the number of Class B common shares subject to the option shall be determined by the administrator. In addition, the administrator, from time to time in its discretion, may grant additional options to select non-employee directors, the terms and conditions of which are to be determined by the administrator consistent with the 2003 Plan.

#### *Pricing*

The exercise price for the Class B common shares subject to each option will be specified in each option agreement. For any options granted to key employees or consultants, the administrator shall set the exercise price at the time the option is granted. In certain instances, the exercise price is also subject to additional rules as follows:

In the case of options intended to qualify as performance-based compensation, or as ISOs, the exercise price may not be less than the fair market value for a Class B common share subject to such option on the date the option is granted.

In the case of ISOs granted to a 10% Owner, the exercise price may not be less than 110% of the fair market value of a Class B common share subject to such option on the date the option is granted.

In the case of NQSOs granted to a non-employee director, the exercise price shall be equal to the fair market value for the shares of Common Stock subject to such option on the date the option is granted.

For purposes of the 2003 Plan, the fair market value of a Class B common share as of a given date shall be the closing price of a Class B common share on the New York Stock Exchange on the trading day previous to such date, or if shares were not traded on the trading day previous to such date, then on the next preceding date on which a trade occurred.

#### *Term of Options*

For options granted to our employees and consultants, the term of an option shall be set by the administrator. In the case of an ISO, the term of the option may not be longer than 10 years from the date the ISO is granted, or if granted to a 10% Owner, five years from the date of the grant. Generally, an option granted to an employee or consultant may only be exercised while such person remains our employee or consultant, as applicable. However, the administrator may, in the written option agreement related to an option granted to an employee or consultant, provide that such outstanding option may be exercised subsequent to the termination of employment or the consulting relationship, except as limited by the requirements of Section 422 of the Code.

## Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

Options granted to our non-employee directors shall expire on the earlier of ten years from the date on which the option is granted or twelve months after the termination of the non-employee director's directorship.

### *Vesting of Options*

For options granted to our employees and consultants, each option agreement will contain the period during which the right to exercise the option in whole or in part vests in the optionee. At any time after the grant of an option, the administrator may accelerate the period during which such option vests. No portion of an option

which is unexercisable at an optionee's termination of employment or termination of consulting relationship will subsequently become exercisable, except as may be otherwise provided by the administrator either in the agreement relating to the stock option or by action following the grant of the option.

Options granted to our non-employee directors as a result of their election to the Board or in connection with an annual meeting of stockholders will vest in full and be exercisable on the date the option is granted. Any other options granted to our non-employee directors will become vested as determined by the administrator.

#### *Exercise of Options*

An option may be exercised for any vested portion of the shares subject to the option until the option expires. Only whole Class B common shares may be purchased. An option may be exercised by delivering to our Secretary a written or electronic notice of exercise on a form provided by us, together with full cash payment for the shares in the form of cash or a check payable to us in the amount of the aggregate option exercise price. However, the administrator may in its discretion and subject to applicable laws:

allow a delay in payment up to 30 days from the date an option is exercised;

allow payment through the delivery of Class B common shares which have been owned by the optionee for at least six months;

allow payment through the surrender of Class B common shares which would otherwise be issuable upon exercise of the option;

allow payment through the delivery of property of any kind which constitutes good and valuable consideration;

allow payment by delivery of a full recourse promissory note to us in a form and with terms prescribed by the administrator;

place a market sell order with a broker with respect to Class B common shares then issuable on exercise of the option, directing the broker to pay a sufficient portion of the net proceeds of the sale to us in satisfaction of the option exercise price; or

allow payment through any combination of the foregoing.

However, no option may be exercised by delivery of a promissory note or by a loan from us if such loan or extension of credit is prohibited by law.

#### **Eligibility**

Our employees, consultants and non-employee directors are eligible to receive awards under the 2003 Plan. As of June 27, 2003, we had approximately 1,100 employees and consultants and eight non-employee directors. Following the 2003 Annual Meeting we will have 10 non-employee directors. The administrator determines which of our employees, consultants and non-employee directors will be granted awards.

## Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

No employee or consultant is entitled to participate in the 2003 Plan as a matter of right. Only those employees and consultants who are selected to receive grants by the administrator may participate in the 2003 Plan.

### **Administration of the 2003 Plan**

The compensation committee of our Board will be the administrator of the 2003 Plan unless the Board assumes authority for administration. The compensation committee must consist solely of two or more non-employee directors. The administrator has the power to:

construe and interpret the terms of the 2003 Plan and awards granted pursuant to the 2003 Plan;

adopt rules for the administration, interpretation and application of the 2003 Plan that are consistent with the 2003 Plan; and

interpret, amend or revoke any of the newly adopted rules of the 2003 Plan.

### **Transferability of Awards**

Awards may generally not be sold, pledged, transferred, or disposed of in any manner other than pursuant to certain court orders with the administrator's consent and by will or by the laws of descent and distribution and may be exercised, during the lifetime of the holder, only by the holder or such transferees to whom they have been transferred pursuant to court order with the administrator's consent.

However, with the consent of the administrator of the 2003 Plan, our employees, consultants and directors who have been granted options under the 2003 Plan may transfer such options to certain permitted transferees, provided that a permitted transferee may not sell, pledge, transfer or dispose of the transferred option in any manner other than pursuant to certain court orders with the administrator's consent and by will or by the laws of descent and distribution and in compliance with certain procedural and administrative requirements.

### **Amendment and Termination of the 2003 Plan**

The Board may not, without stockholder approval given within 12 months of the Board's action, amend the 2003 Plan to increase the number of shares of stock that may be issued under the 2003 Plan.

The Board may terminate the 2003 Plan at any time. The 2003 Plan will be in effect until terminated by the Board. However, in no event may any incentive stock option be granted under the 2003 Plan after May 6, 2013. Except as indicated above, the Board may also modify the 2003 Plan from time to time.

### **Federal Income Tax Consequences Associated with the 2003 Plan**

The following is a general summary under current law of the material federal income tax consequences to participants in the 2003 Plan. This summary deals with the general tax principles that apply and is provided only for general information. Some kinds of taxes, such as state and local income taxes, are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The summary does not discuss all aspects of income taxation that may be relevant in light of a holder's personal investment circumstances. This summarized tax information is not tax advice.

#### *Non-Qualified Stock Options*

For federal income tax purposes, if an optionee is granted NQSOs under the 2003 Plan, the optionee will not have taxable income on the grant of the option, nor will we be entitled to any deduction. Generally, on exercise of NQSOs the optionee will recognize ordinary income, and we will be entitled to a deduction, in an amount equal to the difference between the option exercise price and the fair market value of a Class B common share on the date of exercise. The optionee's basis for the stock for purposes of determining gain or loss on subsequent disposition of such shares generally will be the fair market value of the Class B common shares subject to the option on the date the optionee exercises the option. Any subsequent gain or loss will be generally taxable as capital gains or losses.

*Incentive Stock Options*

There is no taxable income to an optionee when an optionee is granted an ISO or when that option is exercised. However, the amount by which the fair market value of the shares at the time of exercise exceeds the option price will be an item of adjustment for the optionee for purposes of the alternative minimum tax. Gain realized by the optionee on the sale of an ISO is taxable at capital gains rates, and no tax deduction is available to us, unless the optionee disposes of the shares within (1) two years after the date of grant of the option or (2) within one year of the date the shares were transferred to the optionee. If the Class B common shares are sold or otherwise disposed of before the end of the two-year and one-year periods specified above, the difference between the option exercise price and the fair market value of the shares on the date of the option's exercise will be taxed at ordinary income rates, and we will be entitled to a deduction to the extent the optionee must recognize ordinary income. If such a sale or disposition takes place in the year in which the optionee exercise the option, the income the optionee recognizes upon sale or disposition of the shares will not be considered income

for alternative minimum tax purposes. Otherwise, if the optionee sells or otherwise disposes of the shares before the end of the two-year and one-year periods specified above, the maximum amount that will be included as alternative minimum tax income is the gain, if any, the optionee recognizes on the disposition of the shares.

An ISO exercised more than three months after an optionee terminates employment, other than by reason of death or disability, will be taxed as a NQSO, and the optionee will have been deemed to have received income on the exercise taxable at ordinary income rates. We will be entitled to a tax deduction equal to the ordinary income, if any, realized by the optionee.

#### *Stock Appreciation Rights*

No taxable income is generally recognized upon the receipt of a SAR, but upon exercise of the SAR the fair market value of the shares (or cash in lieu of shares) received generally will be taxable as ordinary income to the recipient in the year of such exercise. We generally will be entitled to a compensation deduction for the same amount which the recipient recognizes as ordinary income.

#### *Restricted Stock and Deferred Stock*

An employee to whom restricted or deferred stock is issued generally will not recognize taxable income upon such issuance and we generally will not then be entitled to a deduction unless, with respect to restricted stock, an election is made under Section 83(b) of the Code. However, when restrictions on shares of restricted stock lapse, such that the shares are no longer subject to a substantial risk of forfeiture, the employee generally will recognize ordinary income and we generally will be entitled to a deduction for an amount equal to the excess of the fair market value of the shares at the date such restrictions lapse over the purchase price. If a timely election is made under Section 83(b) with respect to restricted stock, the employee generally will recognize ordinary income on the date of the issuance equal to the excess, if any, of the fair market value of the shares at that date over the purchase price therefore, and we will be entitled to a deduction for the same amount. Similarly, when deferred stock vests and is issued to the employee, the employee generally will recognize ordinary income and we generally will be entitled to a deduction for the amount equal to the fair market value of the shares at the date of issuance. A Section 83(b) election is not permitted with regard to the grant of deferred stock.

#### *Dividend Equivalents*

A recipient of a dividend equivalent award generally will not recognize taxable income at the time of grant, and we will not be entitled to a deduction at that time. When a dividend equivalent is paid, the participant generally will recognize ordinary income, and we will be entitled to a corresponding deduction.

#### *Performance Awards*

A participant who has been granted a performance award generally will not recognize taxable income at the time of grant, and we will not be entitled to a deduction at that time. When an award is paid, whether in cash or Class B common shares, the participant generally will recognize ordinary income, and we will be entitled to a corresponding deduction.

*Stock Payments*

A participant who receives a stock payment in lieu of a cash payment that would otherwise have been made will generally be taxed as if the cash payment has been received, and we generally will be entitled to a deduction for the same amount.

*Deferred Compensation*

Participants who defer compensation generally will recognize no income, gain or loss for federal income tax purposes when NQSOs are granted in lieu of amounts otherwise payable, and we will not be entitled to a deduction at that time. When and to the extent such NQSOs are exercised, the rules regarding NQSOs outlined above will generally apply.

*Section 162(m) of the Code*

In general, under Section 162(m), income tax deductions of publicly-held corporations may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and non-qualified benefits paid) for certain executive officers exceeds \$1 million (less the amount of any excess parachute payments as defined in Section 280G of the Code) in any one year. However, under Section 162(m), the deduction limit does not apply to certain performance-based compensation established by an independent compensation committee which is adequately disclosed to, and approved by, stockholders. In particular, stock options and SARs will satisfy the performance-based compensation exception if the awards are made by a qualifying compensation committee, the 2003 Plan sets the maximum number of shares that can be granted to any person within a specified period and the compensation is based solely on an increase in the stock price after the grant date (i.e. the option exercise price is equal to or greater than the fair market value of the stock subject to the award on the grant date). Performance or incentive awards granted under the 2003 Plan may qualify as qualified performance-based compensation for purposes of Section 162(m) if such awards are granted or vest upon the pre-established objective performance goals described above.

We have attempted to structure the 2003 Plan in such a manner that the Committee can determine the terms and conditions of stock options, SARs and performance and incentive awards granted thereunder such that remuneration attributable to such awards will not be subject to the \$1,000,000 limitation. We have not, however, requested a ruling from the Internal Revenue Service or an opinion of counsel regarding this issue. This discussion will neither bind the Internal Revenue Service nor preclude the Internal Revenue Service from adopting a contrary position.

**New Plan Benefits**

The following table shows, to the extent determinable, the benefits or amounts that will be received by or allocated to the listed individuals for fiscal year 2004 under the 2003 Plan, if the 2003 Plan is approved by holders of our Common Shares.

<u>Name</u>	<u>Dollar Value<sup>(1)</sup></u>	<u>Number of Class B Common Shares Underlying Options Granted</u>
John Allerton <sup>(2)</sup>	n/a	45,000
Bruce Beda	n/a	60,000
Eric M. de Jong	n/a	45,000
Per-Eric Fylking	n/a	45,000
Peter Hanelt	n/a	60,000
Timothy P. Hartman	n/a	45,000
Matthew J. O'Rourke	n/a	45,000
Hanspeter Quadri	n/a	45,000
José Manuel Santero	n/a	45,000

- (1) The dollar value of the options will be measured by the difference between the price of our Class B common shares and the exercise price on the date the options are exercised. The exercise price of such options will be equal to the fair market value of our Class B common shares on the date of grant. The dollar value of the options is not determinable as of the date of this Proxy Statement since the price of our Class B common shares on the grant date and the exercise date is unknown.
- (2) Due to the policies of his employer, Telstra Corporation Limited, Mr. Allerton disclaims any personal pecuniary interest in any options granted to him. Mr. Allerton has informed us that such pecuniary interest is held by Telstra.

**Vote Required and Board Recommendation**

Under Delaware law and our restated certificate of incorporation and bylaws, the affirmative vote of a majority of the votes represented by the Common Shares present in person or by proxy and entitled to vote on this proposal at the Annual Meeting is required for approval of the proposed 2003 Plan. For purposes of the vote on the proposed 2003 Plan, abstentions will have the same effect as votes against the proposed 2003 Plan and broker non-votes will not be counted as shares entitled to vote on the matter and will have no effect on the result of the vote.

For the 2003 Plan to be approved under the rules of the New York Stock Exchange: (i) more than 50% in interest of all securities entitled to vote on the proposal must cast a vote on this proposal, and (ii) a majority of the votes cast must vote for the proposal. Votes for, against and abstain count as votes cast, while broker non-votes do not count as votes cast. All outstanding shares, excluding shares represented by broker non-votes, are counted as shares entitled to vote. Therefore, abstentions will have the same effect as votes against the proposed 2003 Plan and broker non-votes will have no effect on the result of the vote.

Unless instructed to the contrary, the shares represented by the proxies will be voted **FOR** the approval of the 2003 Plan.

**The Board unanimously recommends a vote FOR approval of the 2003 Incentive Award Plan of Infonet Services Corporation.**

**PROPOSAL NO. 4**

**RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR**

Subject to stockholder ratification, the Board, acting upon the recommendation of the Audit Committee, has reappointed the firm of Deloitte & Touche LLP, certified public accountants, as its independent auditor to examine the financial statements of Infonet for the fiscal year ending April 2, 2004. We are asking our stockholders to ratify this selection. The Board has been advised that Deloitte & Touche LLP is independent with regard to Infonet within the meaning of the Securities Act of 1933, as amended, and the applicable published rules and regulations thereunder. Infonet will continue to reserve the right to change its independent auditor if deemed appropriate.

**Vote Required and Board Recommendation**

Deloitte & Touche LLP has been our independent auditor since 1988, and the Audit Committee of our Board desires to continue to engage the services of this firm for the fiscal year ending April 2, 2004. Accordingly, the Board, upon the recommendation of the Audit Committee, has reappointed Deloitte & Touche LLP to audit our and our subsidiaries' financial statements for fiscal year 2004 and to report on these financial statements. Holders of our Common Shares are being asked to vote upon ratification of this selection. If the holders of our Common Shares do not ratify the selection, the Audit Committee will reconsider the selection.

Representatives of Deloitte & Touche LLP are expected to be present at the annual meeting and will have the opportunity to make statements if they so desire and to respond to appropriate questions.

Under Delaware law and our restated certificate of incorporation and bylaws, the affirmative vote of a majority of the votes represented by the Common Shares present in person or by proxy and entitled to vote on this proposal at the Annual Meeting is required for ratification of the appointment of Deloitte & Touche LLP as our independent auditor for the fiscal year ending April 2, 2004. Abstentions will have the same effect as votes against this proposal. However, the ratification of Deloitte & Touche LLP is a matter on which a broker or other nominee has discretionary voting authority. Accordingly, no broker non-votes will result from this proposal.

Unless instructed to the contrary, the shares represented by the proxies will be voted **FOR** ratification of the appointment of Deloitte & Touche LLP as our independent auditor.

**The Board unanimously recommends a vote FOR ratification of the appointment of Deloitte & Touche LLP as our independent auditor for the fiscal year ending April 2, 2004.**

## **BOARD OF DIRECTORS, MEETINGS AND ATTENDANCE**

Our Board held five meetings during our last full fiscal year. All directors, except Mr. Quadri, attended at least 75% of the aggregate of (i) the total number of meetings of the Board while they were on the Board and (ii) the total number of meetings of the Committees of the Board on which those directors served.

### **Committees of the Board of Directors**

The Audit Committee of our Board, formerly known as the Audit and Finance Committee, was established in 1988 and reviews, acts on and reports to our Board with respect to various auditing and accounting matters, including the recommendation of our independent auditor, the scope of the annual audits, fees to be paid to the independent auditor, the performance of our independent auditor and our accounting practices. The Audit Committee is currently comprised of Messrs. O'Rourke (chairman), Mori and Santero, and met ten times during the fiscal year ended March 28, 2003. Mr. Mori replaced Makoto Arai on this committee on May 7, 2002 in connection with Mr. Arai's resignation from the Board. If elected to the Board at the Annual Meeting, we expect that Messrs. Beda and Hanelt will be appointed to serve on the Audit Committee in replacement of Messrs. Mori and Santero.

The Compensation Committee of our Board was established in 1988 and determines the salaries, benefits and stock option grants for our corporate officers and directors and oversees the salaries, benefits and stock option grants for our other employees and consultants. The members of the Compensation Committee are Messrs. Hartman (chairman), Fylking (who was appointed to replace Morgan Ekberg on August 20, 2002 following Mr. Fylking's election to the Board on August 19, 2002 at our 2002 annual meeting of stockholders), and Quadri. The Compensation Committee met three times during the fiscal year ended March 28, 2003.

The Nominating and Corporate Governance Committee of our Board was first established during the fiscal year ended March 28, 2003, and will recommend qualified candidates for election as independent directors of Infonet; consider the performance of incumbent directors; consider and make recommendations to the Board concerning the size and composition of the Board; develop and recommend to the Board guidelines and criteria to determine the qualifications of independent directors; consider and report to the Board concerning its assessment of the Board's performance; consider, from time to time, the current Board committee structure and membership; recommend changes to the amount and type of compensation of Board members as appropriate; and review, evaluate and propose prospective independent Board members to the Board and consider nominees recommended by stockholders in accordance with the procedures described herein under "Other Matters - Stockholder Proposals for 2004 Annual Meeting." The Nominating and Corporate Governance Committee is currently comprised of Messrs. Collazo, Fylking and O'Rourke. The Nominating and Corporate Governance Committee met one time in the fiscal year ended March 28, 2003. Members of the Nominating and Corporate Governance Committee interviewed and evaluated several candidates to fill the two board vacancies. The Nominating and Corporate Governance Committee then recommended Messrs. Beda and Hanelt to the full Board for nomination. As discussed earlier, under our stockholders agreement, six directors are designated for nomination by holders of our Class A common stock and are not recommended for election by the Nominating and Corporate Governance Committee.

The Quality of Service Committee of our Board was established in 1994 and reviews, acts on and reports to our Board with respect to the operation of our systems and the provision of services to our clients. The Quality of Service Committee is currently comprised of Messrs. Collazo, de Jong and Allerton, who replaced Mr. Campbell on the committee on May 7, 2003 following Mr. Campbell's resignation from the Board. The Quality of Service Committee met twice during the fiscal year ended March 28, 2003.

Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

For the fiscal year ended March 28, 2003, our non-employee directors received an annual retainer of \$35,000 and fees of \$1,000 for each Board meeting attended during the first fiscal quarter and \$1,500 for each

Board meeting attended thereafter. Non-employee directors who served as the chairs of our Quality of Service Committee, Compensation Committee and Audit Committee also received annual retainers of \$5,000, \$5,000 and \$10,000, respectively, and all members of Board committees received fees of \$1,000 per committee meeting attended during the first fiscal quarter and \$1,500 for each committee meeting attended thereafter during the fiscal year. All directors are reimbursed for their out-of-pocket expenses incurred in serving on the Board or any committee thereof.

For the fiscal year ending April 2, 2004, our non-employee directors will receive an annual retainer of \$35,000 and a \$2,000 fee per Board meeting attended. Non-employee directors who are members of Board committees will also receive \$2,000 per committee meeting attended. In addition, the chair of each Board committee, if a non-employee, will receive an annual retainer of \$5,000, except for the Chair of our Audit Committee and the Chair of our Compensation Committee, who will receive annual retainers of \$30,000 and \$10,000, respectively.

During the fiscal year ended March 28, 2003, certain of our non-employee directors received stock options for their services as directors, as shown in the table set forth below. Upon his appointment to the Board on May 7, 2003, Mr. Allerton received 60,000 stock options, as indicated in the table below. Except as otherwise indicated, all option grants were made under our 2000 Omnibus Stock Plan, vested immediately and have an exercise price equal to or greater than the fair market value of our Class B common shares on the date of grant. Mr. Mori was eligible to receive 15,000 options but declined the grant of options to him due to the policies of his employer. Mr. Mori has also renounced all future option grants which may be offered to him by us.

<u>Name</u>	<u>Number of Common Shares underlying options granted<sup>(#)</sup></u>	<u>Exercise Price Per Share</u>	<u>Expiration Date</u>
John Allerton	60,000 <sup>(1)</sup>	\$ 1.51	5/6/13

Hanspeter Quadri	15,000	2.27	8/18/12
Jose Manuel Santero	15,000	2.27	8/18/12

- (1) Due to the policies of his employer, Telstra Corporation Limited, Mr. Allerton disclaims any personal pecuniary interest in any options granted to him. Mr. Allerton has informed us that such pecuniary interest is held by Telstra.
- (2) Mr. Fylking subsequently canceled and returned to us (for no consideration) the options subject to this grant. Mr. Fylking has indicated that he will accept future option grants.

Assuming our 2003 Incentive Award Plan is approved at the Annual Meeting, each of our non-employee directors elected to serve at the Annual Meeting, other than Mr. Mori (who does not accept option grants due to the policies of KDDI), will receive options under our 2003 Incentive Award Plan on the date of the Annual Meeting. Messrs. Allerton, de Jong, Fylking, Hartman, O'Rourke, Quadri and Santero will each receive 45,000 options as continuing directors and Messrs. Beda and Hanelt will receive 60,000 options as new directors. These options will vest immediately and will have an exercise price equal to or greater than the fair market value of our Class B common shares at the time of grant. In the event the 2003 Incentive Award Plan is not approved at the Annual Meeting, these non-employee directors will instead receive the same number of options under our 2000 Omnibus Stock Plan.

(2) We do not have any compensation plans under which our Common Shares may be issued upon the exercise of options, warrants and rights that have not been approved by our stockholders.

### Pension Plan

Our pension plan is a contributory defined benefit pension plan in which substantially all of our domestic employees are eligible to participate. The pension benefits received by a retiring employee are calculated by multiplying the employee's total eligible compensation for each year of participation by 2.25%. Eligible compensation consists of base compensation plus non-discretionary bonuses and commissions. Income related to the 1998 Stock Option Plan, 1999 Stock Option Plan, 2000 Omnibus Stock Plan, 2003 Incentive Award Plan, reimbursements, fringe benefits or other forms of special pay are not eligible compensation. Pension benefits are paid monthly according to the form elected. Normal retirement is at age 65; however, participants may retire as early as age 55 with a reduced benefit. Participants are required to contribute 3% of pay, after tax, up to a specified maximum. We pay the cost of benefits not provided by participant contributions.

As of March 28, 2003, the following Named Executive Officers, upon retirement at age 65, would be entitled to annual retirement benefits under the pension plan as follows: José A. Collazo \$61,379, Akbar H. Firdosy \$32,102, Paul A. Galleberg \$12,713, John C. Hoffman \$34,090 and John M. Williams \$23,236. As discussed above, Mr. Williams resigned from Infonet effective June 20, 2003.

**Supplemental Executive Retirement Plan**

Our Supplemental Executive Retirement Plan, or SERP, is a non-qualified deferred compensation plan in which three of our executive officers, including two Named Executive Officers, participated during the fiscal year ended March 28, 2003. The SERP benefits received by a retiring executive are calculated by multiplying the executive's average compensation during his final 36 months of employment under the SERP by a factor of 38%, 43% or 50%, depending on whether the sum of years of service and the age of the participant exceeds 65, 75 or 85 years as of the date of termination of employment. The annual SERP benefit is reduced by the annual pension

plan benefit described above. Eligible compensation consists of base compensation plus non-discretionary bonuses and commissions. Income related to the 1998 Stock Option Plan, 1999 Stock Option Plan, 2000 Omnibus Stock Plan, 2003 Incentive Award Plan, reimbursements, fringe benefits or other forms of special pay are not eligible compensation. In lieu of the benefits described above, the SERP provides beneficiaries of participants who die while employed by us with a death benefit equal to 250% of the participant's average compensation during his final 36 months of employment. The SERP also provides participants and their spouses and dependents with certain post-employment health care coverage.

As of March 28, 2003, Messrs. Collazo and Hoffman, the Named Executive Officers who participate in the SERP, upon retirement at age 65, would be entitled to annual SERP benefits of \$0 and \$224,040, respectively. Mr. Hoffman's rights to receive SERP benefits have vested. The then current actuarial value of Mr. Collazo's SERP benefit was previously transferred from the SERP to the Infonet Deferred Income Plan.

### **Senior Executive Supplemental Benefits Plan**

Effective as of May 7, 2002, we adopted the Senior Executive Supplemental Benefits Plan, or the Supplemental Benefits Plan. The Supplemental Benefits Plan is a non-qualified deferred compensation plan that provides for enhanced retirement benefits for certain key executives designated for participation in the Supplemental Benefits Plan by our Compensation Committee. Under the Supplemental Benefits Plan we provide a matching contribution on behalf of designated executives equal to any amounts deferred by them under the Infonet Deferred Income Plan up to a limit of 3% of the excess of a participant's gross cash compensation, including amounts deferred under the Infonet Deferred Income Plan, our 401(k) plan and Internal Revenue Code Section 125 plan, over the annual compensation limit under Internal Revenue Code Section 401(a)(17), currently \$200,000. Matching contributions under the Supplemental Benefits Plan are made promptly after the end of each calendar year. All of our Named Executive Officers are eligible to participate in this portion of the Supplemental Benefits Plan.

The Supplemental Benefits Plan also provides certain designated executives with an excess pension benefit equal to the amount, if any, by which the designated executive's accrued benefit under the pension plan is, or has previously been, reduced to comply with Internal Revenue Code Section 415 or because the compensation taken into account for purposes of the executive's pension plan accruals exceeded the annual compensation limit under Internal Revenue Code Section 401(a)(17). Of our Named Executive Officers, Messrs. Firdosy, Galleberg and Williams are eligible for these excess pension benefits. Excess pension benefits under the Supplemental Benefits Plan are payable at the same time and in the same manner as a participant's benefits are paid under the pension plan, with corresponding adjustments for early or postponed retirement. As of March 28, 2003, the following Named Executive Officers, upon retirement at age 65, would be entitled to annual retirement benefits under the excess pension benefit provision of the Supplemental Benefits Plan as follows: Akbar H. Firdosy \$31,595, Paul A. Galleberg \$14,873 and John M. Williams \$18,297.

The Supplemental Benefits Plan also provides for an enhanced SERP benefit. Mr. Collazo is eligible for enhanced SERP benefits under the plan. Mr. Collazo's benefit under the SERP upon his termination of employment on or after attaining age 62 is calculated by multiplying his average compensation during his final 36 months of employment by 60%, minus the aggregate of his annual pension benefit described above and any prior SERP benefits that were used to calculate amounts Mr. Collazo previously withdrew from the SERP and transferred to the Infonet Deferred Income Plan. The enhanced SERP benefit is payable pursuant to the terms and conditions of the SERP, which are incorporated into the Supplemental Benefits Plan. As of March 28, 2003, Mr. Collazo, upon retirement at age 65 would be entitled to annual retirement benefits under the enhanced SERP benefit of the Supplemental Benefits Plan of \$78,013.

### **Employment and Other Agreements**

We entered into amended employment agreements with Messrs. Collazo, Firdosy and Galleberg, effective April 24, 2001. Each amended agreement has an initial three-year term that automatically renews for additional

24-month terms unless notice is given not later than 24 months prior to the expiration date of each term. The salary to be received by each of Messrs. Collazo, Firdosy and Galleberg is reviewed annually in accordance with our salary review policies. Each of these executives is eligible to participate in all benefit programs we offer, except that Messrs. Firdosy and Galleberg are not eligible to participate in the SERP and the enhanced SERP benefit under the Supplemental Benefits Plan.

Each of the employment agreements may be terminated by us or the respective executive without further obligation on the part of either party if we terminate the executive's employment for cause or if the executive resigns for other than good reason, as those terms are defined in the agreements.

If any of Messrs. Collazo, Firdosy or Galleberg is terminated without cause or resigns for good reason or in the event of a change in control, as those terms are defined in the agreements, then he would:

be entitled to receive, for a period of two years or until the expiration of the term of his employment agreement, whichever is longer, separation payments equal to his average total cash compensation received during the 12 month period immediately preceding the triggering event;

be entitled to accelerated vesting of outstanding stock options and be entitled to exercise such options for the remainder of the respective option term;

be entitled to continued medical and dental insurance and continued accrual of all other Benefits (as defined in the employment agreement) during the severance period;

be subject to a limited non-compete clause for the term of the severance period; and

be entitled to a gross-up for any excise taxes that may be levied on the separation payments, as well as any income or excise taxes levied on such gross-up payment.

All of our other executive officers are appointed annually and serve at the discretion of the Board.

### **Option Exchange Program**

In January 2002, we implemented an Option Exchange Program to address the substantial loss in value of the outstanding stock options held by our employees and the inability of these options to provide a valuable incentive for employees to remain in our employ. Under the Option Exchange Program, we offered to exchange outstanding stock options to purchase our Class B common shares held by eligible employees with a per share exercise price equal to or greater than \$13.00, for a replacement option covering the same number of shares, to be granted at least six months and one day following the date we cancelled the options accepted for exchange, referred to as the replacement grant date. The replacement grant date was August 20, 2002. The replacement options have an exercise price equal to \$2.26, which was the market value of a Class B common share on the replacement grant date. By making this offer to exchange, we sought to provide eligible employees with the benefit of owning options that may have a greater potential to increase in value over time, thereby creating better performance incentives for our employees.

## Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

On February 14, 2002, eligible employees in the Option Exchange Program tendered, and we cancelled, options to acquire 6,351,250 Class B common shares (representing 99.2% of the options eligible for exchange). Accordingly, our Compensation Committee granted 6,351,250 replacement options on the replacement grant date, August 20, 2002. The participants in the Option Exchange Program received no vesting credit with respect to the cancelled options. Regardless of the vesting schedule of the cancelled options, the replacement options vest as to 20% of the replacement option shares on the six-month anniversary of the replacement grant date, and on each anniversary of the replacement grant date, so that each replacement option will be fully vested on the fourth anniversary of the replacement grant date. All replacement options are non-qualified stock options, irrespective of whether the cancelled options were incentive stock options or non-qualified stock options.

Eligible options granted under our 1999 Stock Option Plan and exchanged for new options were replaced with options granted under our 1999 Stock Option Plan, and eligible options granted under our 2000 Omnibus

Stock Plan and exchanged for new options were replaced with options granted under our 2000 Omnibus Stock Plan. Each replacement option was granted pursuant to a new option agreement between us and the employee. The replacement option has substantially similar terms and conditions as the cancelled option, except for the exercise price, vesting schedule and classification of the options as non-qualified stock options.

Employees eligible to participate in the Option Exchange Program included employees residing in Australia, Belgium, France, Germany, Hong Kong, Italy, Luxembourg, Mexico, the Netherlands, Switzerland, the United Kingdom and the United States. The members of our Board, including Mr. Collazo, were not eligible to participate in the Option Exchange Program.

Except for this Option Exchange Program, we have not implemented any other option repricing or option cancellation/re-grant program. The following table sets forth certain information concerning participation by our Named Executive Officers in the Option Exchange Program.

## COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

### Compensation Philosophy

Infonet's compensation philosophy for executive officers takes into account the following goals:

setting levels of base compensation that are competitive with comparable telecommunications and technology companies, enabling Infonet to attract and retain top quality management;

relating annual incentive compensation to the performance of each executive officer, as measured by the achievement of individual objectives and financial performance objectives of Infonet;

providing long-term incentive compensation that focuses executive efforts on building stockholder value through meeting longer-term financial and strategic goals; and

to the extent consistent with the preceding goals, to maximize the deductibility of compensation for tax purposes.

The Compensation Committee of the Board periodically reviews the components of compensation for Infonet's executive officers on the basis of this philosophy and attempts to strike an appropriate balance among these various elements, each of which is discussed in greater detail below. When the Compensation Committee determines that executive officer compensation adjustments or incentive awards are necessary or appropriate, it makes such modifications as it deems appropriate.

### Executive Compensation Review

The Compensation Committee conducts annually a full review of compensation levels of Infonet's executive officers, including its Chief Executive Officer. Infonet, with the approval of the Compensation Committee, has retained the services of Mercer Human Resource Consulting, a human resources consulting firm, to provide advice and assist in this review. The Compensation Committee has independent access to Mercer Human Resource Consulting.

As part of its review, the Compensation Committee evaluates compensation in light of the compensation practices of peer companies in the telecommunications and technology industries. The Compensation Committee, in consultation with Mercer, selects peer comparison companies based on such factors as size, international sales, employment levels and market capitalization. These companies are used as a reference standard for establishing levels of base salary, incentive awards and stock options for executive officers.

The annual review also includes an assessment of Infonet's performance and the performance of its executive officers, including a consideration of various qualitative indicators of individual performance and qualitative and quantitative indicators of Infonet's performance, both on a short- and long-term basis. Quantitative measures that the Compensation Committee may consider include revenue growth, growth in earnings, as measured before deductions for interest, taxes, depreciation and amortization, or adjusted operating income, growth in operating and net income and other measures of profitability as well as quality of service metrics. The individual qualitative measures that the Compensation Committee may consider include leadership, experience, strategic direction and overall contribution to Infonet.

As part of its services, Mercer reviewed and, as appropriate, provided recommendations with respect to the compensation levels provided to Infonet's executive officers.

### **Executive Compensation Components**

The major components of compensation for executive officers, including Infonet's Chief Executive Officer, are base salary, cash incentive awards and stock option grants. Each component of the total executive officer compensation package emphasizes a different aspect of the Compensation Committee's compensation philosophy.

**Base Salary.** Base salaries for executive officers, including the Chief Executive Officer, are initially set upon hiring based on recruiting requirements, market demand, competitive pay practices, individual experience and breadth of knowledge, internal equity considerations and similar objective and subjective factors. Base salary, as well as bonus, is targeted at between the 50<sup>th</sup> and 75<sup>th</sup> percentile level, consistent with peer companies.

Increases to base salary are determined by the Compensation Committee based on an annual review and evaluation of competitive data, the individual's performance and contribution to Infonet, and Infonet's overall performance. Changes in base salaries between fiscal year 2002 and 2003 primarily reflect the performance of Infonet against its goals, the relative performance of Infonet as compared to its peer group companies and the performance of Infonet's executives during the difficult industry conditions in fiscal year 2002. Consistent with these factors, certain of Infonet's executive officers received increases in base salary of approximately 3% for fiscal year 2003 as compared to fiscal year 2002.

**Incentive Awards.** Infonet relies to a large degree on incentive compensation to attract, retain and reward executives for outstanding abilities and to motivate them to perform to the full extent of their abilities. The Compensation Committee sets target awards for Messrs. Collazo, Firdosy and Galleberg, and Mr. Collazo, Infonet's Chief Executive Officer, approves target awards for Infonet's other executive officers, subject to review by the Compensation Committee. In each case, target awards are determined for each individual on the basis of a variety of factors that include competitive incentive award levels, level of responsibility, ability to influence financial results, strategic performance goals on a corporate or business unit level, stock price increases and, on occasion, other subjective factors. Each executive's target award is expressed as a percentage of the executive's year-end base salary. Bonus targets range from 0% to 84% for our three corporate officers and from 0% to 250% for our other executive officers.

The objective criteria reviewed by the Compensation Committee for fiscal year 2003 were revenue; adjusted operating income; and quality of service. For purposes of determining incentive awards for fiscal year 2003, these criteria were weighted approximately 42.5%, 42.5% and 15%, respectively, for Infonet's Chief Executive Officer and Chief Financial Officer. The incentive award for Infonet's Chief Legal Officer includes revenue, adjusted operating income and performance with respect to board and regulatory/compliance issues, weighted approximately 25%, 25% and 50%, respectively. In calculating the incentive payments for fiscal year 2003 as related to adjusted operating income, the Compensation Committee determined to exclude the approximately \$6 million effect of the bankruptcy of one of Infonet's resellers. The Compensation Committee believed that this determination fairly reflected the difficulties of the telecommunications industry in fiscal year 2003. Other than these adjustments, the objective criteria initially set by the Compensation Committee at the beginning of fiscal year 2003 for the payment of incentive awards were met and incentive awards were paid accordingly.

**Stock Option Grants and Option Exchange Program.** The primary long-term incentive opportunity for executive officers is the grant of options under Infonet's stock plans. Upon the recommendation of the Compensation Committee, on May 6, 2003, the Board approved the adoption of a new stock plan, the 2003 Incentive Award Plan, which stockholders are being asked to approve at the Annual Meeting and is included in this Proxy Statement. The Compensation Committee believes that establishing stock-based awards for grant to Infonet's executive officers provides the Compensation Committee with the flexibility to structure a compensation package that aligns the interests of executives with those of stockholders. These stock-based awards form a critical component of the compensation package provided to key executives of Infonet, including the Chief Executive Officer, and are designed to:

focus attention on building stockholder value through meeting longer-term financial and strategic goals;

link management's financial success to that of the stockholders;

balance long-term with short-term decision making;

encourage and create ownership and retention of Infonet's common stock; and

play a substantial role in Infonet's ability to retain the services of individuals essential to its long-term success.

In contrast to incentive awards that are paid for prior accomplishments, stock option grants represent incentives tied to future stock appreciation. They are intended to provide executive officers with a direct incentive to enhance stockholder value.

Grants of stock options are made to eligible employees from time to time, with additional grants being made to certain employees upon commencement of employment and occasionally, following a significant change in job responsibility, scope or title or a particularly noteworthy achievement. On at least an annual basis, the Compensation Committee considers employees' eligibility for additional option grants. Stock options granted under the various stock option plans generally have a four year vesting schedule and generally expire ten years from the date of grant. The exercise price of options granted under the stock option plans is 100% of the fair market value of the underlying stock on the date of grant. Guidelines for the number of stock options for each participant generally are determined based upon several factors including the salary grade midpoint, the performance of each participant and the approximate market price of the stock at the time of grant and the anticipated contribution that the executive officer will make to Infonet. The size of the grants are targeted to be at competitive levels as a reflection of both the added incentive to continue the favorable competitive performance of Infonet, as well as the risk attached to the future growth of the telecommunications industry.

During fiscal year 2003, the Compensation Committee awarded 800,000 stock options to Mr. Collazo. The Compensation Committee made this grant taking into account the number of options held by Mr. Collazo prior to the grant and the exercise price of those options relative to the price of Infonet's Class B common shares. The Compensation Committee also considered that Mr. Collazo was not eligible to participate in Infonet's stock option exchange program, discussed below.

At the end of fiscal year 2002, due to the substantial decline in Infonet's Class B common share price, a significant number of the outstanding options held by Infonet's executive officers and other key employees had exercise prices significantly above current market prices for a Class B common share. These options were originally issued to promote Infonet's long-term growth and success and the creation of stockholder value by (i) encouraging employees to focus on critical long-range objectives; (ii) encouraging the attraction and retention of employees with exceptional qualifications; and (iii) linking employees' interests directly to those of stockholders through increased stock ownership. Since these options had exercise prices that were significantly higher than the then current market price of a Class B common share, the Compensation Committee believed that these options were unlikely to be exercised in the foreseeable future and therefore did not serve their original purpose.

To address the substantial loss in value of the outstanding stock options held by Infonet's employees and the inability of these options to provide a valuable incentive to remain in Infonet's employ, the Board implemented an Option Exchange Program in January 2002. Under the Option Exchange Program, Infonet offered to exchange outstanding stock options to purchase Class B common shares held by eligible employees with a per share exercise price of \$13.00 or greater, for replacement options covering the same number of shares, to be granted at least six months and one day following the date of cancellation of the options accepted for exchange. On February 12, 2002, eligible employees in the Option Exchange Program tendered, and Infonet cancelled, options to acquire 6,351,250 Class B common shares (representing 99.2% of the options eligible for exchange). The Compensation Committee granted 6,351,250 replacement options on August 20, 2002, the replacement grant date. The exercise price of the replacement options was \$2.26, the fair market value of a Class B common share on the replacement grant date. All of Infonet's Named Executive Officers, excluding Jose A. Collazo, participated in the Option Exchange Program. Mr. Collazo, Infonet's Chairman of the Board, Chief Executive Officer and President, along with the other members of the Board, were not eligible to participate in the Option Exchange Program.

The Compensation Committee believes that this program was necessary because equity incentives in the form of stock option grants form a critical component of the compensation package provided to Infonet's key employees and play a substantial role in Infonet's ability to retain the services of individuals essential to its long-term success. The Compensation Committee felt that Infonet's ability to retain key employees would be significantly impaired unless option value was restored. By making the offer to exchange outstanding options for replacement options with an exercise price equal to the market value of a Class B common share on the replacement grant date, the Compensation Committee intended to provide eligible employees with the benefit of owning options that may have a greater potential to increase in value over time, thereby creating better performance incentives for its employees.

In order to assure that the Option Exchange Program served the primary purposes of assuring the continued service of key employees and helping to create stockholder value, the Compensation Committee imposed several limitations. No employee was eligible to receive a replacement option unless that individual continued to be employed by Infonet through the replacement grant date. To assure that the replacement option would not be treated as a variable award for financial accounting purposes, which could otherwise have a negative impact upon Infonet's earnings, no replacement option or other options were granted within six months and one day after the cancellation of the option submitted for exchange. As a result, in order to receive the replacement option, the employee had to remain employed by Infonet until the replacement grant date. The participants in the Option Exchange Program received no vesting credit with respect to the cancelled options. Regardless of the vesting schedule of the cancelled options, the replacement options vest as to 20% of the replacement option shares on the six-month anniversary of the replacement grant date, and on each one-year anniversary of the replacement grant date, so that the replacement options will be fully vested on August 20, 2006, the fourth anniversary of the replacement grant date. Lastly, irrespective of whether the cancelled options were incentive stock options or non-qualified stock options, all replacement options were non-qualified stock options, which provide certain tax advantages for Infonet. As a result of the foregoing, the Compensation Committee believed that the Option Exchange Program struck an appropriate balance between the interests of Infonet's employees and those of its stockholders.

#### **Policy on Deductibility of Compensation**

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits the tax deductibility by a company of annual compensation in excess of \$1,000,000 paid to its Chief Executive Officer and any of its four other most highly compensated executive officers. However, performance-based compensation that has been approved by stockholders is excluded from the \$1,000,000 limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals and the Board of Directors committee that establishes such goals consists only of outside directors. Additionally, stock options will qualify for the performance-based exception where, among other requirements, the exercise price of the option is not less than the fair market value of the stock on the date of grant, and the plan includes a per-executive limitation on the number of shares for which options may be granted during a specified period.

All members of the Compensation Committee qualify as outside directors. Infonet has in place stock incentive plans pursuant to which stock-based incentives may qualify as performance based compensation in compliance with Section 162(m), and Infonet believes that the 2003 Incentive Award Plan, if approved by the stockholders, will provide for the payment of cash and stock based compensation that qualifies as performance based compensation under Section 162(m). While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the Compensation Committee's overall compensation philosophy. The Compensation Committee will consider ways to maximize the deductibility of executive compensation and administer compensation plans in compliance with the provisions of Section 162(m) where feasible, while retaining the discretion the Compensation Committee deems necessary to compensate officers in a manner commensurate with performance and the competitive environment for executive talent, consistent with Infonet's compensation philosophy as stated above. Currently, Infonet's annual incentive pay does not qualify as performance-based compensation under Section 162(m).

THE COMPENSATION COMMITTEE,

Timothy P. Hartman, *Chairman*

Per-Eric Fylking (since August 20, 2002)

Hanspeter Quadri

Date: July 2, 2003

*The above report of the Compensation Committee will not be deemed to be incorporated by reference into any filing by Infonet under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that Infonet specifically incorporates the same by reference.*

**COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

During the fiscal year ended March 28, 2003, the Compensation Committee was comprised of Messrs. Hartman, Ekberg (until Mr. Fylking was appointed to replace Mr. Ekberg on August 20, 2002, following Mr. Fylking's election to the Board at the 2002 annual meeting of stockholders) and Quadri. None of Messrs. Hartman, Ekberg, Fylking or Quadri have been an officer or employee of Infonet and none serves as a member of the board of directors or the compensation committee of any entity that has one or more executive officers serving as a member of our Board or Compensation Committee. None of the members of the Compensation Committee have any financial relationship with Infonet except as disclosed herein.

**PERFORMANCE GRAPH**

As a part of the rules of the Securities and Exchange Commission, or the Commission, concerning executive compensation disclosure, we are obligated to provide a chart comparing the yearly percentage change in the cumulative total stockholder return on our Class B common shares over a five year period. However, since our Class B common shares have been publicly traded only since December 16, 1999, this information is provided from that date through March 28, 2003.

The following line graph compares the change in our cumulative stockholder return on our Class B common shares to the cumulative total return of the Standard & Poor's 500 Stock Index ( S&P 500 Index ), Standard & Poor's 500 Telecommunication Services Sector Index (the S&P Telecom Index ) and Equant N.V., which we believe is our most comparable peer issuer, from December 16, 1999, the effective date of our initial public offering, to March 28, 2003. The graph assumes the investment of \$100 in each of Infonet, the S&P 500 Index, the S&P Telcom Index and Equant on December 16, 1999 and as required by the Commission, the reinvestment of all distributions. The return shown on the graph is not necessarily indicative of future performance.

### AUDIT COMMITTEE REPORT

The Audit Committee of the Board currently is comprised of three independent directors as required by the listing standards of the New York Stock Exchange: Mr. O'Rourke, who acts as chairman, and Messrs. Mori and Santero. The Audit Committee operates pursuant to a written charter that was amended and restated in May 2003 and which was subsequently adopted by the Board. A copy of the charter is attached to this Proxy Statement as *Appendix C*. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis.

The Audit Committee assists the Board in fulfilling its oversight responsibilities by reviewing the financial information that will be provided to the stockholders and others, the systems of internal controls and disclosure controls and procedures and Infonet's financial reporting process that management and the Board have established, and by endeavoring to maintain free and open lines of communication among the Audit Committee, Infonet's independent auditors, internal auditors and management. It is not the duty of the Audit Committee to plan or conduct audits or to prepare Infonet's financial statements. Management is responsible for preparing Infonet's financial statements, and has the primary responsibility for assuring their accuracy and completeness, and the independent auditors are responsible for auditing those financial statements and expressing their opinion as to whether the financial statements present fairly in accordance with generally accepted accounting principles Infonet's financial condition, results of operations and cash flows. However, the Audit Committee does consult with management and Infonet's independent auditors prior to the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into various aspects of Infonet's financial affairs. In addition, the Audit Committee is currently responsible for considering and approving the appointment of and approving all engagements of, and fee arrangements with, Infonet's independent auditors.

In the absence of their possession of reason to believe that such reliance is unwarranted, the members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by Infonet's management and Infonet's independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and disclosure controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's authority and oversight responsibilities do not independently assure that the audits of Infonet's financial statements have been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that Infonet's outside auditors are in fact independent.

In this context, the Audit Committee has reviewed and discussed the audited financial statements of Infonet as of and for the fiscal year ended March 28, 2003 with management and the independent auditor. The Audit Committee has discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditor required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and it has discussed with the auditors their independence from Infonet. The Audit Committee has also considered whether the independent auditor's provision of non-audit services to Infonet is compatible with maintaining the auditor's independence.

Based on the review and discussions described above, the Audit Committee recommended to the Board that the audited financial statements be included in Infonet's Annual Report on Form 10-K for the fiscal year ended March 28, 2003, for filing with the Securities and Exchange Commission.

Submitted on June 24, 2003 by the members of the Audit Committee of the Board.

THE AUDIT COMMITTEE,  
Matthew J. O'Rourke, *Chairman*  
Yuzo Mori  
Jose Manuel Santero

*The above report of Infonet's Audit Committee will not be deemed to be incorporated by reference in any filing by Infonet under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that Infonet specifically incorporates the same by reference.*

## CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

### Stockholders Agreement

Immediately prior to the consummation of our initial public offering in December 1999, we entered into a revised stockholders agreement with the six holders of our Class A common shares. The revised stockholders agreement provides that each holder of Class A common shares holding at least 14.95 million Class A common shares will have the right to designate one of our directors, and each holder of Class A common shares agrees to vote all of its Common Shares in favor of the six directors designated by the other holders of Class A common shares and for our president as a director. Each holder of Class A common shares has a right of first refusal to acquire any Class A common shares proposed to be sold or otherwise transferred by another holder of Class A common shares. We have agreed in the stockholders agreement to include, at the request of any holder of Class A common shares, Class A common shares in a registered offering of stock by us or another holder of Class A common shares, through provisions commonly referred to as piggyback registration rights. We have also agreed, subject to limitations, to undertake up to two registered offerings of Class B common shares upon demand by each holder of Class A common shares up to a maximum of two per year. Each holder of Class A common shares has agreed to maintain a country representative to support our marketing efforts and our clients in that stockholder's home country.

### Commercial Contracts with Related Parties

*Country Representative Agreements.* We call our direct channel in-country sales and support units our country representatives. Each of our country representatives is involved in sales and marketing, operations and client support. They each maintain a sales force that directly calls on clients, coordinates the contract signing process, manages accounts on a daily basis and serves as the first point of contact for clients, generally providing service in the local language.

Of our country representatives, Telstra Corporation Limited, Infonet Nederland BV, Infonet Svenska AB, KCOM Corporation, Infonet Switzerland Ltd. and Telefónica Data Espana S.A. are owned, directly or indirectly, by each of Telstra Corporation Limited, KPN Telecom B.V., Telia AB, KDDI Corporation, Swisscom AG and Telefónica International Holding B.V., each of which beneficially owns greater than 5% of our outstanding Class A common shares and of our outstanding Class B common shares.

Our agreements with the country representatives owned by holders of our Class A common shares is our standard service agreement. Each service agreement has a term of up to five years, and gives the country representative the right to sell our services and use our trademarks, marketing and operating documentation and our training materials and services. In the agreements, we receive the right to set revenue targets, terminate the agreement if the revenue targets are not met, jointly determine staffing of the country office with the country representative and appoint members of the country representative's advisory review board. The agreements outline the monthly fees that the country representatives pay us for access to our network and the fees that we pay the country representatives for the service and customer support they provide.

*Alternative Sales Channel Agreements.* We have alternate sales channel agreements with affiliates of Telia AB, Telefónica International Holding B.V. and KPN Telecom B.V. Our agreements typically allow these entities to resell our services under their brand names or to package them with other services they provide to their customers. These alternate sales channel agreements generally contain the same terms as alternate sales channel agreements we enter into with other communications providers.

*Acquisition of Transmission Capacity.* From time to time we lease or purchase transmission capacity from holders of our Class A common shares where they are existing local carriers. These leases are short term and at tariff rates in regulated markets and at standard market rates in

unregulated markets.

*AUCS Agreements.* On October 1, 2002, our three-year arrangement with AUCS Communications Services N.V., Unisource, the then owner of AUCS (Unisource has since been liquidated), and the three companies that own AUCS KPN, Swisscom and Telia was terminated by its terms.

During the three-year term of our arrangement with AUCS, we purchased services from AUCS and provided those services to the distributors which served the AUCS end-users. Our services agreement with AUCS provided us gross margins of approximately 20% on the provision of the services to the distributors. We also obtained access to multinational corporate clients served by AUCS and increased the number of multinational corporate clients to which we could offer our services, with the expectation that, over time, this would result in the normal and transparent transition of some of these multinational clients onto the Infonet platform and the use of our services. As a result of the AUCS arrangement, we were successful in transitioning approximately 237 AUCS clients to the Infonet platform. Subsequent to the termination of the AUCS arrangement on October 1, 2002, we no longer receive revenue associated with the provisioning of AUCS services.

The AUCS arrangement also included a three-year management agreement that terminated on October 1, 2002. Under the management agreement, we received a fee equal to 1.5% of the revenues associated with the AUCS services, subject to a defined maximum, and an incentive payment based upon the achievement of defined financial performance criteria. In accordance with the amount claimed, we received an interim payment of Euro 56 million (approximately \$56.7 million) on December 15, 2002. In March 2003, in accordance with the Incentive Payment Agreement, the final incentive fee of Euro 77 million was agreed upon by the parties. In accordance with the Incentive Payment Agreement, of the unpaid incentive fee balance of Euro 21 million, Euro 16 million (approximately \$16.9 million) was paid in April 2003 and Euro 5 million was placed in an escrow account for final disposition pending resolution of certain contingencies as required by the terms of the Incentive Payment Agreement.

In order to memorialize the termination of the AUCS arrangement, we entered into a termination and transition agreement as of September 30, 2002 with the parties to the AUCS agreements. The agreement provided for among other things: (i) the provision of certain services by us to AUCS and by AUCS to us for a limited period of time beginning October 1, 2002 and continuing through April 2003, in order to ensure a smooth transition after the termination of the management agreement and (ii) the terms of payment of certain fees and costs related to the termination and transition arrangements. Separately, we purchased various network equipment located across Europe from the AUCS business for approximately \$1.5 million.

*Revenue and Purchases Under Related Party Contracts.* The following table provides a summary of the revenue received, and purchases made, by us from the listed related parties in the fiscal year ended March 28, 2003. To our knowledge, none of our directors or nominees for director received any direct or indirect personal pecuniary benefit as a result of these transactions:

### **Loans to our Senior Management**

During the fiscal year ended April 2, 1999, several members of our management team borrowed funds to purchase stock pursuant to our 1998 Stock Purchase Plan. Persons borrowing from us entered into loan, pledge and security agreements. Those agreements were amended as of December 31, 2001 to extend the due date from January 1, 2002 to November 30, 2004. Each loan is full recourse to, and secured by certain personal assets of, the borrower, and is at an annual interest rate of five percent. The amounts loaned to each executive officer during the fiscal year ended April 2, 1999 were: José A. Collazo, \$3,325,000; Akbar H. Firdosy, \$450,000; John C. Hoffman, \$750,000; Michael J. During the fiscal year ended March 30, 2001, Mr. Whidden borrowed \$843,000 from us in connection with his replacement of loans previously made to him by third parties. This loan is at an annual interest rate of LIBOR as of December 31, 2001, plus 75 basis points, or 2.63%, is payable on demand and is secured by Class B common shares held by Mr. Whidden. The principal and accrued interest on Mr. Whidden's loan as of June 27, 2003 was \$930,600.

We loaned \$100,000 to John C. Hoffman during the fiscal year ended 1997 in connection with his purchase of a club membership that he uses for business-related facilities and entertainment. The loan is non-interest bearing, is payable on demand and is secured by some of Mr. Hoffman's assets. As of June 27, 2003, the \$100,000 principal was outstanding.

(e) A participant's completion of a subscription agreement will enroll such participant in the Plan for each successive Purchase Period and each subsequent Offering Period on the terms contained therein until the participant either submits a new subscription agreement, withdraws from participation under the Plan as provided in Section 10 hereof or otherwise becomes ineligible to participate in the Plan.

#### 6. *Payroll Deductions.*

(a) At the time a participant files his or her subscription agreement, he or she shall elect to have payroll deductions made on each pay day during the Offering Period in an amount from one percent (1%) to ten percent (10%) of the Compensation which he or she receives on each pay day during the Offering Period.

(b) All payroll deductions made for a participant shall be credited to his or her account under the Plan and shall be withheld in whole percentages only. A participant may not make any additional payments into such account.

(c) A participant may discontinue his or her participation in the Plan as provided in Section 10 hereof, or may decrease (but not increase) the rate of his or her payroll deductions during the Offering Period by completing or filing with the Company a new subscription agreement authorizing a change in payroll deduction rate. An election to decrease a participant's deferral percentage rate shall only be permitted once during each Purchase Period. The change in rate shall be effective with the first full payroll period following ten (10) business days after the Company's receipt of the new subscription agreement unless the Company elects to process a given change in participation more quickly.

(d) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(c) hereof, a participant's payroll deductions may be decreased to zero percent (0%) at any time during a Purchase Period.

(e) At the time the option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of, the participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Common Stock. At any time, the Company may, but shall not be obligated to, withhold from the participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Common Stock by the Employee.

7. *Grant of Option.* On the Enrollment Date of each Offering Period, each Eligible Employee participating in such Offering Period shall be granted an option to purchase on each Exercise Date during such Offering Period (at the applicable Purchase Price) up to a number of shares of the Company's Common Stock determined by dividing such participant's payroll deductions accumulated prior to such Exercise Date and retained in the participant's account as of the Exercise Date by the applicable Purchase Price; provided, however, that in no event shall a participant be permitted to purchase during each Offering Period more than 200,000

A-4

shares of the Company's Common Stock (subject to any adjustment pursuant to Section 19) and during each Purchase Period more than 50,000 shares of the Company's Common Stock (subject to any adjustment pursuant to Section 19); and provided, further, that such purchase shall be subject to the limitations set forth in Sections 3(c) and 13 hereof. The Administrator may, for future Offering Periods, increase or decrease, in its absolute discretion, the maximum number of shares of the Company's Common Stock a participant may purchase during each Purchase Period and Offering Period. Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof or otherwise becomes ineligible to participate in the Plan. The option shall expire on the last day of the Offering Period.

8. *Exercise of Option.*

(a) Unless a participant withdraws from the Plan as provided in Section 10 hereof or otherwise becomes ineligible to participate in the Plan, his or her option for the purchase of shares shall be exercised automatically on the Exercise Date, and the maximum number of full shares subject to the option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. No fractional shares shall be purchased; any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full share shall be retained in the participant's account for the subsequent Purchase Period or Offering Period. The balance of the amount credited to the account of each participant which has not been applied to the purchase of shares of stock shall be paid to such participant in one lump sum in cash as soon as reasonably practicable after the Exercise Date, without any interest thereon. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

(b) If the Administrator determines that, on a given Exercise Date, the number of shares with respect to which options are to be exercised may exceed (i) the number of shares of Common Stock that were available for sale under the Plan on the Enrollment Date of the applicable Offering Period, or (ii) the number of shares available for sale under the Plan on such Exercise Date, the Administrator shall allocate the available shares of Common Stock among such Participants in such manner as the Administrator determines is fair and equitable. The balance of the amount credited to the account of each participant which has not been applied to the purchase of shares of stock shall be paid to such participant in one lump sum in cash as soon as reasonably practicable after the Exercise Date, without any interest thereon.

9. *Deposit of Shares.* As promptly as practicable after each Exercise Date on which a purchase of shares occurs, the Company may arrange for the deposit, into each participant's account with any broker designated by the Company to administer this Plan, of the number of shares purchased upon exercise of his or her option.

10. *Withdrawal.*

(a) A participant may withdraw all but not less than all of the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time prior to an Exercise Date by giving written notice to the Company in the form of Exhibit B to this Plan. All of the participant's payroll deductions credited to his or her account during the Offering Period shall be paid to such participant as soon as reasonably practicable after receipt of notice of withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering Period. If a participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new subscription agreement.

(b) A participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods.

Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

11. *Termination of Employment.* Upon a participant's ceasing to be an Eligible Employee, for any reason, he or she shall be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such

A-5

participant's account during the Offering Period shall be paid to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15 hereof, as soon as reasonably practicable and such participant's option for the Offering Period shall be automatically terminated. A transfer of participant's employment between or among the Company and any Designated Subsidiary or Designated Subsidiaries shall not be treated as a termination of employment for purposes of the Plan.

12. *Interest.* No interest shall accrue on the payroll deductions or lump sum contributions of a participant in the Plan.

13. *Shares Subject to Plan.*

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 19 hereof, the maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan shall be 4,000,000 shares. If any right granted under the Plan shall for any reason terminate without having been exercised, the Common Stock not purchased under such right may, in the sole discretion of the Administrator, become available for issuance under the Plan. The stock subject to the Plan may be unissued shares or reacquired shares, bought on the market or otherwise.

(b) With respect to shares of stock subject to an option granted under the Plan, a participant shall not be deemed to be a stockholder of the Company, and the participant shall not have any of the rights or privileges of a stockholder, until such shares have been issued to the participant or his or her nominee following exercise of the participant's option. No adjustments shall be made for dividends (ordinary or extraordinary, whether in cash securities, or other property) or distribution or other rights for which the record date occurs prior to the date of such issuance, except as otherwise expressly provided herein.

14. *Administration.*

(a) The Plan shall be administered by the Board unless and until the Board delegates administration to a Committee as set forth below. The Board may delegate administration of the Plan to a Committee comprised of no fewer than three (3) members, and the term "Committee" shall apply to any persons to whom such authority has been delegated. If administration is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board, including the power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise, subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. References in this Plan to the Administrator shall mean the Board unless administration is delegated to a Committee or subcommittee, in which case references in this Plan to the Administrator shall thereafter be to the Committee or subcommittee.

(b) It shall be the duty of the Administrator to conduct the general administration of the Plan in accordance with the provisions of the Plan. The Administrator shall have the power to interpret the Plan and the terms of the options and to adopt such rules for the administration, interpretation, and application of the Plan as are consistent therewith and to interpret, amend or revoke any such rules. The Administrator at its option may utilize the services of an agent to assist in the administration of the Plan including establishing and maintaining an individual securities account under the Plan for each participant. In its absolute discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Administrator under the Plan.

(c) All expenses and liabilities incurred by the Administrator in connection with the administration of the Plan shall be borne by the Company. The Administrator may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers or other persons. The Administrator, the Company and its officers and directors shall be entitled to rely upon the advice, opinions or valuations of any such persons.

Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

All actions taken and all interpretations and determinations made by the Administrator in good faith shall be final and binding upon all participants, the Company and all other interested persons. No

A-6

member of the Board shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or the options, and all members of the Board shall be fully protected by the Company in respect to any such action, determination, or interpretation.

15. *Designation of Beneficiary.*

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice to the Company. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

16. *Transferability.* Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof.

17. *Use of Funds.* All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

18. *Reports.* Individual accounts may be maintained for each participant in the Plan. In such event, statements of account shall be given to participating Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

19. *Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.*

(a) *Changes in Capitalization.* Subject to any required action by the shareholders of the Company, the number of shares of Common Stock which have been authorized for issuance under the Plan but not yet placed under option, the maximum number of shares each participant may purchase each Purchase Period (pursuant to Section 7), as well as the price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of

Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

A-7

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Administrator. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Administrator shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

(c) *Merger or Asset Sale.* In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, any Purchase Periods then in progress shall be shortened by setting a New Exercise Date and any Offering Periods then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Administrator shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

20. *Amendment or Termination.*

(a) The Board or any committee comprised solely of two or more members of the Board, each of whom is both a non-employee director as defined by Rule 16b-3 of the Securities Exchange Act of 1934, as amended and an outside director for purposes of Section 162(m) of the Code, may at any time and for any reason terminate or amend the Plan. Except as provided in Section 19 hereof, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board if the Board determines that the termination of the Offering Period or the Plan is in the best interests of the Company and its shareholders. Except as provided in Section 19 and this Section 20 hereof, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant without the consent of such participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule), the Company shall obtain stockholder approval in such a manner and to such a degree as required.

(b) Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Administrator shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Administrator determines in its sole discretion advisable which are consistent with the Plan.

(c) In the event the Board determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Board may, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:

(i) altering the Purchase Price for any Offering Period including an Offering Period underway at the time of the change in Purchase Price;

(ii) shortening any Offering Period so that the Offering Period ends on a new Exercise Date, including an Offering Period underway at the time of the Administrator action; and

(iii) allocating shares.

Such modifications or amendments shall not require stockholder approval or the consent of any Plan participants.

21. *Notices.* All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

22. *Conditions To Issuance of Shares.* The Company shall not be required to issue or deliver any certificate or certificates for shares of Stock purchased upon the exercise of options prior to fulfillment of all the following conditions:

(a) The admission of such shares to listing on all stock exchanges, if any, on which is then listed; and

(b) The completion of any registration or other qualification of such shares under any state or federal law or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body, which the Administrator shall, in its absolute discretion, deem necessary or advisable; and

(c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Administrator shall, in its absolute discretion, determine to be necessary or advisable; and

(d) The payment to the Company of all amounts which it is required to withhold under federal, state or local law upon exercise of the option; and

(e) The lapse of such reasonable period of time following the exercise of the Option as the Administrator may from time to time establish for reasons of administrative convenience.

23. *Term of Plan.* The Plan shall become effective on the Effective Date. Subject to approval by the stockholders of the Company in accordance with this Section, the Plan shall be in effect for a term of ten (10) years commencing on the date of the initial adoption of the Plan by the Board, unless sooner terminated under Section 20 hereof. The Plan shall be submitted for the approval of the Company's stockholders within twelve (12) months after the date of the initial adoption of the Plan by the Board.

24. *Automatic Transfer to Low Price Offering Period.* If the Fair Market Value of a share of Common Stock on the Enrollment Date of an Offering Period (the *Reset Offering Period*) is less than or equal to the Fair Market Value of a share of Common Stock on the Enrollment Date

## Edgar Filing: INFONET SERVICES CORP - Form DEF 14A

of any prior Offering Period, such prior Offering Period shall terminate immediately following the Exercise Date of the prior Offering Period next preceding the Enrollment Date of the Reset Offering Period. All participants participating in such prior Offering Period shall terminate participation in such prior Offering Period, and all options with respect to such prior Offering Period shall terminate, effective immediately following the purchases of shares of Common Stock by such participants on such Exercise Date. Each such participant who is eligible to participate in the Reset Offering Period shall be automatically enrolled in the Reset Offering Period and shall be granted an option for such Reset Offering Period and shall be treated as electing to make contributions in the amount of the percentage of such participant's Compensation elected with respect to the prior Offering Period and in effect on such Exercise Date. Any contributions credited to such Participant's account after such participant's purchase of shares of Common Stock on the Exercise Date of the prior Offering Period will be paid to him or her as soon as administratively practicable after such termination of participation; provided, however, that, if such remaining contributions are insufficient to purchase a full share of Common Stock, such contributions will be carried over and remain credited to such participant's account.

25. *Equal Rights and Privileges.* All Eligible Employees of the Company (or of any Designated Subsidiary) will have equal rights and privileges under this Plan so that this Plan qualifies as an employee stock

purchase plan within the meaning of Section 423 of the Code or applicable Treasury Regulations thereunder. Any provision of this Plan that is inconsistent with Section 423 or applicable Treasury Regulations will, without further act or amendment by the Company, the Board or the Administrator, be reformed to comply with the equal rights and privileges requirement of Section 423 or applicable Treasury Regulations.

26. *No Employment Rights.* Nothing in the Plan shall be construed to give any person (including any Eligible Employee or participant) the right to remain in the employ of the Company, a Parent or a Subsidiary or to affect the right of the Company, any Parent or any Subsidiary to terminate the employment of any person (including any Eligible Employee or participant) at any time, with or without cause.

(b) the individuals who, immediately prior to the Effective Date, are members of the Board (the Incumbent Board), cease for any reason to constitute at least a majority of the members of the Board; *provided, however*, that if the election, or nomination for election, by the Company's common stockholders, of any new director was approved by a vote of at least a majority of the Incumbent Board, such new director shall, for purposes of the Plan, be considered as a member of the Incumbent Board; *provided further, however*, that no individual shall be considered a member of the Incumbent Board if such individual initially assumed office as a result of either an actual or threatened Election Contest (as described in Rule 14a-11 promulgated under the Exchange Act) or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board (a Proxy Contest) including by reason of any agreement intended to avoid or settle any Election Contest or Proxy Contest; or
