This press release contains forward-looking statements, within the meaning of the U.S. federal securities laws, that represent the Company's expectations or beliefs regarding future events, based on currently available information, including statements concerning its anticipated performance. These statements by their nature involve substantial risks and uncertainties, many of which are beyond the Company's control. The Company's actual results could differ materially from those expressed in the forward-looking statements due to a variety of important factors, including the Company's substantial debt obligations and restrictive covenants; susceptibility to regional economic downturns; the results of cost reduction and restructuring measures; currency fluctuations; large customer order slowdowns and other risks related to its U.S., U.K. and foreign operations; keen competition in its fragmented and consolidating industry; and the other risk factors and more complete descriptions of these factors found under Risk Factors in the Company's Form 20-F, filed with the SEC in December 2002, and in our more recent Form 6-K reports furnished with the SEC.
