PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held on December 3, 2003

This Proxy Statement is furnished to the holders of Common Stock, par value \$.001 per share (the Common Stock), of Prolong International Corporation (the Company) in connection with the solicitation by the Board of Directors of the Company of the enclosed proxy for use at the Annual Meeting of Stockholders to be held on Wednesday, December 3, 2003 (the Annual Meeting), or at any adjournment thereof. The purposes of the Annual Meeting and the matters to be acted upon are set forth in the accompanying Notice of Annual Meeting of Stockholders. As of the date of this Proxy Statement, the Board of Directors is not aware of any other matters, which will come before the Annual Meeting. However, if any other matters properly come before the Annual Meeting, the persons named as proxies will vote on them in accordance with their best judgment.

Proxies for use at the Annual Meeting are being solicited by the Board of Directors of the Company. Proxies will be mailed to stockholders on or about October 20, 2003 and will be solicited chiefly by mail. The Company will make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to the beneficial owners of Common Stock and will reimburse them for their reasonable expenses in so doing. Should it appear desirable to do so in order to ensure adequate representation of shares at the Annual Meeting, officers, agents and employees of the Company may communicate with stockholders, banks, brokerage houses and others by telephone, facsimile or in person to request that proxies be furnished. All expenses incurred in connection with this solicitation will be borne by the Company. The Company has no present plans to hire special employees or paid solicitors to assist in obtaining proxies, but reserves the option of doing so if it should appear that a quorum at the Annual Meeting otherwise might not be obtained.

Revocability and Voting of Proxy

A proxy for use at the Annual Meeting and a return envelope for the proxy are enclosed. Any stockholder who gives a proxy may revoke it at any time before it is voted by delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date. Attendance and voting at the Annual Meeting in and of itself will not constitute a valid revocation of a proxy. All proxies properly executed and returned will be voted in accordance with the instructions specified thereon. If no instructions are given, proxies will be voted FOR approval of Proposal Nos. 1 and 2 as set forth in the accompanying Notice of Annual Meeting of Stockholders.

Option Grants in Last Fiscal Year

The following table sets forth information concerning stock options granted to the Named Executive Officers during 2002. The grant date present values of stock options granted in 2002 are calculated under a modified Black-Scholes model, a mathematical formula used to value options. The actual amount, if any, realized upon exercise of stock options will depend upon the amount by which the market price of the Common Stock on the date of exercise exceeds the exercise price. The named executive officers will not be able to realize a gain from the stock options granted unless, during the exercise period, the market price of the Common Stock is above the exercise price of the options. The option holder would also benefit from an increase in the market price of Common Stock.

Name	Number of Securities Underlying Options	% of Total Options Granted To Employees in Fiscal Year	Exercise or	Expiration Date	Grant Date
			Base Price (\$/sh)		Present Value \$(1)
Elton Alderman	500,000	34.1%	\$ 0.11	4/01/07	\$ 50,000
Thomas C. Billstein	200,000	13.6%	\$ 0.10	4/01/12	\$ 20,000
Nicholas M. Rosier	150,000	10.2%	\$ 0.10	4/01/12	\$ 15,000

- (1) The modified Black-Scholes model used to calculate the hypothetical values at date of grant considers a number of factors to estimate the option's present value, including the stock's historic volatility calculated using the closing price of Common Stock, the estimated average holding period of the option, interest rates and the stock's expected dividend yield. The assumptions used in the valuation of the options were: stock price volatility range of 71.5% - 355.7%, average holding period of 120 months and 60 months respectively, interest rate of 5.0% and no dividend yield.

There is no assurance that the hypothetical present values of stock options presented in the table above represent the actual values of the options, and the hypothetical values shown should not be construed as predictions of the future value of Common Stock.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table sets forth certain information regarding option exercises during the fiscal year ended December 31, 2002 by each of the Named Executive Officers:

Name	Shares Acquired on Exercise #	Value Realized (\$)	Number of		Value of Unexercised	
			Securities Underlying Unexercised Options at Fiscal Year-End (#)		In-The-Money Options at Fiscal Year End (\$)(1)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Elton Alderman			30,000	530,000		
Thomas C. Billstein			22,500	222,500		
Nicholas M. Rosier			48,750	181,250		

Edgar Filing: PROLONG INTERNATIONAL CORP - Form DEF 14A

- (1) Value is based on the closing sales price for the Common Stock as reported on the American Stock Exchange on December 31, 2002 (the Fair Market Value) minus the exercise price or base price of in-the-money options. The Fair Market Value of the Common Stock as of December 31, 2002 was \$0.09 per share.

General Compensation Policy

The Company's compensation policy is designed to attract and retain qualified key executives critical to the Company's success and to provide such executives with performance-based incentives tied to the achievement of Company milestones. One of the primary objectives is to have a substantial portion of each executive officer's

total compensation contingent upon the Company's performance as well as upon the individual's contribution to the Company's success as measured by his personal performance. Accordingly, each executive officer's compensation package is comprised primarily of three elements: (i) base salary which reflects individual performance and expertise and is designed to be competitive with salary levels in the industry; (ii) variable performance awards payable in cash and tied to the Company's achievement of certain goals; and (iii) long-term stock-based incentive awards which strengthen the mutuality of interests between the executive officers and the Company's stockholders.

Factors

The principal factors which the Compensation Committee and the Board of Directors considered in establishing the components of each executive officer's compensation package for the 2002 fiscal year are summarized below. However, the Compensation Committee may in its discretion apply different factors, particularly different measures of financial performance, in setting executive compensation in future fiscal years.

Base Salary

The base salary levels for the executive officers were recommended by the Compensation Committee and established by the Board of Directors for the 2002 fiscal year on the basis of the following factors: personal performance, the estimated salary levels in effect for similar positions at a select group of companies with which the Company competes for executive talent, and internal comparability considerations. Although the Compensation Committee reviewed various compensation surveys, the Compensation Committee did not rely upon any specific survey for comparative compensation purposes. Instead, the Compensation Committee made its decisions as to the appropriate market level of base salary for each executive officer on the basis of its understanding of the salary levels in effect for similar positions at those companies with which the Company competes for executive talent. On January 21, 2000, the Committee approved employment agreements for the Chief Executive Officer and Vice President whereby the 2000 base salaries were \$180,000 and \$143,000, respectively. The agreements are for five year and four-year terms, respectively. The Compensation Committee is required to review the base salary on or before February 15 of each year to determine the increase in base salary for the ensuing year. In any event, the agreements provide that the increase shall be no less than 10% or 5%, respectively. Notwithstanding the provisions of the agreements, these base salaries were not changed for 2002 and 2003. On June 1, 2000, the Committee approved an employment agreement for the Chief Financial Officer whereby the 2000 base salary was \$100,000. The Compensation Committee is required to review the base salary on or before June 1, of each year to determine the increase in base salary for the ensuing year. The base salary was changed effective June 1, 2002 to \$110,000.

Annual Incentive Compensation

Executive officers have an opportunity to earn annual incentives based upon performance targets. The Compensation Committee may also award bonuses in cases where such performance targets are not met if it determines that the circumstances warrant such action. For fiscal year 2002, the performance targets for the executive officers included revenues, pre-tax profits and earnings per share. The weight given to each factor varied from individual to individual. Additionally, each executive officer has a discretionary portion of the annual incentive linked to achievement of non-financial goals, which differ depending upon the responsibilities of the executive officer in question. No bonuses were awarded in 2002.

Long-Term Incentive Compensation

Edgar Filing: PROLONG INTERNATIONAL CORP - Form DEF 14A

The 1997 Stock Incentive Plan also provides the Compensation Committee with the ability to align the interests of the executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. The number of shares subject to each option grant is based upon the executive officer's tenure, level of responsibility

and relative position in the Company. Stock options totaling 1,482,500 shares were granted to employees and consultants, of which 850,000 shares were granted to the executive officers during 2002. The exercise price for the stock options is no less than the fair market value of the stock on the date of the grant. Options generally vest at a rate of 25% per year starting on the anniversary date of the option grant and are contingent upon the officer's continued employment with the Company. Accordingly, the option will provide a return to the executive officer only if he or she remains in the Company's employ and the market price of the Company's Common Stock appreciates over the option term.

CEO Compensation

The Chief Executive Officer participates in the compensation program discussed above. The Compensation Committee set the base salary for Mr. Elton Alderman, the Company's President and Chief Executive Officer for the 2002 fiscal year, based on his employment agreement and at a level which is designed to provide him with a salary competitive with salaries paid to chief executive officers of similarly-sized companies in the industry and commensurate with Mr. Alderman's experience. The Compensation Committee did not award an incentive payment to Mr. Alderman in 2002.

Compensation Committee Interlocks and Insider Participation

During the year ended December 31, 2002, the Compensation Committee was comprised of two (2) directors who were neither officers nor employees of the Company, Mr. McDermott and Mr. Orlandella.

CERTAIN TRANSACTIONS

Messrs. Alderman, Billstein and Rosier all hold concurrent positions as officers and/or directors of both the Company and its wholly owned operating subsidiary, Prolong Super Lubricants, Inc., a Nevada corporation (PSL).

Mr. Billstein, the Company's Chief Operating Officer and Secretary, has an outstanding balance from the Company as of October 10, 2003 in the amount of \$71,836, for past advances against his annual bonuses. There is no interest charged on these advances. During 2002, the largest amount of advances outstanding was \$85,780. It is intended that such advances will be partially repaid to the Company during 2003 and 2004. Any remaining balance on such advances will be offset against bonuses to be paid in fiscal 2004.

In November 2002, Mr. Solomon along with two other investors, invested an aggregate of \$750,000 in PSL in exchange for subordinated promissory notes from PSL and warrants to purchase an aggregate of 1,875,000 shares of the Company's Common Stock at \$0.09 per share. The subordinated promissory notes bear interest at a rate of 15%, are amortized over a period of thirty-six months and become due and payable in full on June 30, 2004. Pursuant to the terms of the investment, the investors are entitled to select a director nominee for the Board, who is currently Mr. Solomon, until such time as the notes have been fully repaid.

Other than the related transactions disclosed above, the Company is not aware of any significant transactions or proposed transactions to which the Company or PSL was or is to be a party, in which any director, executive officer, nominee for election as a director, security holder or any member of the immediate family of the persons named above had or is to have a direct or indirect material interest.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Based solely upon its review of the copies of Forms 3 and 4 and amendments thereto furnished to the Company, or written representations that no annual Form 5 reports were required, the Company believes that all filing requirements under Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act) applicable to its directors, officers and any persons holding ten percent (10%) or more of the Company's Common Stock were made with respect to the Company's fiscal year ended December 31, 2002, with the following exceptions:

Forms 5 prepared on behalf of Mr. Alderman, Mr. Billstein and Mr. Rosier, respectively to report grants of stock options, were delinquent and filed on April 23, 2002.

STOCK PERFORMANCE GRAPH

Set forth below is a line graph comparing the cumulative stockholder return on the Company's Common Stock with the cumulative total return of the Russell 2000 Index and an industry peer group identified by the Company (the Peer Group Index). The Peer Group Index consists of WD-40 Company and Quaker Chemical Corporation. The Peer Group Index returns consist of the weighted returns of each component issuer according to such issuer's respective stock market capitalization at the beginning of each period for which a return is indicated.

The graph assumes an investment of \$100 in the Company's Common Stock on September 3, 1997, the date on which the Company's Common Stock was first registered under the Exchange Act, and an investment in each of the Russell 2000 Index and the Peer Group Index of \$100 on September 3, 1997. The graph covers the period from September 3, 1997 through the fiscal year ended December 31, 2002.

The calculation of cumulative stockholder return for the Russell 2000 Index and the Peer Group Index includes reinvestment of dividends. The calculation of cumulative stockholder return on the Company's Common Stock does not include reinvestment of dividends because the Company did not pay dividends during the measurement period. The performance shown is not necessarily an indicator of future price performance.

The Audit Committee has determined that the provision of services, in addition to audit services, rendered by Haskell & White LLP and the fees paid therefor in fiscal year 2002 were compatible with maintaining Haskell & White LLP's independence.
