Vincent F. Simmon, Ph.D. joined the Company as President and Chief Executive Officer in May 1996 and resigned from his positions at the Company in August 2002. His employment agreement, as amended, called for a base salary of \$270,000 per year with an annual bonus, at the discretion of the Board of Directors of the Company, in cash and/or equity equal to between 15% and 50% of his base salary, subject to annual review by the Compensation Committee. In connection with his employment, Dr. Simmon was granted options to purchase 180,000 shares of Common Stock at an exercise price of \$5.625 per share, representing 100% of the fair market value as of the date of grant. The options vested monthly over a three-year period commencing one month from the date of grant and had a ten-year term. In December 1998, the exercise price of these options was restated to \$0.375 per share. The restated options vested in three equal installments over a two-year period, with the first installment vested on the date of grant. In connection with his resignation on August 13, 2002, the Company agreed to make severance payments to Dr. Simmon in the aggregate amount of \$357,000, with \$63,000 paid immediately following the resignation and the balance paid in equal monthly installments commencing August 31, 2002 and continuing through August 15, 2003. In addition, the Company agreed to extend the exercisability of his outstanding vested options for a period expiring one year from his resignation date.

Roger G. Stoll, Ph.D. has served as a director of the Company since April 2002 and became Chairman, President and Chief Executive Officer of the Company in August 2002. His employment agreement, as amended to date, includes a three-year term and calls for a base salary of not less than \$240,000 per year, subject to increase based on an annual review by the Board of Directors. In lieu of reimbursement for significant relocation expenses, for the initial twelve-month period of his employment, Dr. Stoll was paid a monthly expense allowance of up to \$6,000, which expense allowance period has been extended through August 2004. In connection with his employment, Dr. Stoll was granted options to purchase 600,000 shares of Common Stock at an exercise price of \$0.78 per share, representing 100% of the fair market value as of the date of grant. Of the 600,000 options granted, 200,000 options vested immediately. Another 200,000 options vested upon securing the amendment to the Company's agreement with its collaborative partner, Servier, in October 2002. The remaining 200,000 options shall vest in monthly equal increments over a four-year period commencing August 13, 2003, subject to accelerated vesting based upon the achievement of pre-determined milestones. Under the terms of his employment agreement, in the event of termination of his employment, under certain circumstances Dr. Stoll is entitled to compensation equal to the lesser of (a) his then current salary for the balance of the agreement's term or (b) twelve-months of his then current salary. In addition, in the event of his termination of employment, in certain circumstances, any unvested options granted to Dr. Stoll in connection with his employment, as detailed above, may be subject to accelerated vesting and extended exercisability for a ten-year term.

Maria S. Messinger joined the Company as Controller in September 1994 and was named as Vice President, Chief Financial Officer and Corporate Secretary in December 1999. Under the terms of her severance agreement, in the event of termination of her employment, under certain circumstances Ms. Messinger is entitled to receive compensation equal to her annual base salary, which is \$150,000.

James H. Coleman joined the Company as Senior Vice President, Business Development in May 2000. His employment agreement calls for a base salary of at least \$180,000 per year with an annual bonus, at the discretion of the Board of Directors of the Company, equal to between 15% and 50% of his base salary. Currently, his annual salary is \$190,000. In connection with his employment, Mr. Coleman was granted options to purchase 125,000 shares of Common Stock at an exercise price of \$3.02 per share, representing 100% of the fair market value as of the date of grant. The options vest in equal annual installments over a three-year period and have a ten-year term. In the event of termination of his employment, Mr. Coleman is entitled, under certain circumstances, to receive compensation of twelve months of his then current salary. In February 2003, Mr. Coleman agreed to accept stock options in lieu of the cash bonus provided in his employment agreement. Mr. Coleman was granted options to purchase 50,000 shares of the Company's Common Stock at an exercise price per share of \$0.80, representing the fair market value of the Company's Common Stock as of the date of grant. The options were fully vested on the date of grant and have a ten-year term.

Gary A. Rogers, Ph.D. joined the Company as Vice President, Pharmaceutical Discovery in June 1995 and was named Senior Vice President in July 2000. Under the terms of his employment agreement, Dr. Rogers is eligible to receive a bonus of between 10% and 30% of his annual base salary, depending upon achievement of pre-determined

milestones. Currently, Dr. Rogers' annual base salary is \$190,000. Additionally, in the event that the Company commercializes a compound developed by or under the supervision of Dr. Rogers, he may be eligible to receive royalties based on net sales, as defined and subject to adjustment, of products containing that compound. In the event that Dr. Rogers' employment is terminated, under certain circumstances he is entitled to compensation equal to eighteen months of his then current salary.

Drs. Carl W. Cotman and Gary S. Lynch (both of whom are co-founders and Scientific Directors of the Company) have each entered into a consulting agreement with the Company. Dr. Lynch receives a consulting fee of \$30,000 per year and Dr. Cotman receives a consulting fee of \$23,000 per year. The term of each consulting agreement commenced in November 1987 and will continue until terminated by the respective parties thereto. The consulting agreements obligate the respective consultants to make themselves available to the Company for consulting and advisory services for an average of three days per month.

Beginning in February 2003, each of Dr. Stoll, Ms. Messinger, Mr. Coleman and Dr. Rogers agreed to accept stock options in lieu of 20% of his or her current base salary. At the end of each month during which his or her salary was reduced, such officer was granted options with an aggregate exercise price equal to his or her salary reduction for that month, and at an exercise price per share equal to the closing price of the Company's Common Stock on the last trading day of the applicable month. These options were fully vested on the date of grant and have a ten-year term. Dr. Stoll's, Ms. Messinger's, Mr. Coleman's, and Dr. Rogers' salaries were restored to \$240,000, \$150,000, \$190,000 and \$190,000 per year, respectively, effective September 1, 2003.

Director Compensation

During the fiscal year ended June 30, 2003, each non-employee director was entitled to receive \$2,500 at each Board of Directors meeting attended, and an additional \$750 annual retainer for each committee on which he served. The Chairman of the Board was entitled to receive \$3,000 at each Board of Directors meeting attended and an additional \$750 annual retainer for each committee on which he served.

The Board of Directors elected to forego all cash payments of director compensation for Board of Directors meetings held from August 2002 through December 2002. Instead, on August 13, 2002, each non-employee director received additional nonqualified options to purchase an aggregate of 15,000 shares of Common Stock upon substantially the same terms and conditions of the formula nonqualified option grants described below, with the exception that the option grants issued on August 13, 2002 vested immediately upon the date of grant.

The Board of Directors also elected to forego all cash payments of director compensation for Board meetings held in calendar year 2003. In lieu of those payments, on the date of the 2002 Annual Meeting of Stockholders, non-employee directors received nonqualified options to purchase an aggregate of 30,000 shares of Common Stock. These options have the same terms and conditions of the formula nonqualified option grants described below, with the exception that the options will vest in increments of 5,000 shares at each of the six Board meetings for calendar year 2003, with any unvested options outstanding on December 31, 2003 to fully-vest as of such date.

Under the Company's 1996 Stock Incentive Plan, during the fiscal year ended June 30, 2003 each non-employee director was automatically granted options to purchase 30,000 shares of Common Stock upon commencement of service as a director and additional options to purchase 25,000 shares of Common Stock on the date of each Annual Meeting of Stockholders. These nonqualified options have an exercise price equal to 100% of the fair market value of the Common Stock on the date of grant, have a ten-year term and vest in equal increments of 33% on each anniversary date of the dates of grant, and are otherwise subject to the terms and provisions of the 1996 Stock Incentive Plan.

Edgar Filing: CORTEX PHARMACEUTICALS INC/DE/ - Form 10-K/A

The above cash compensation and nonqualified option grant provisions do not apply to non-employee directors who serve on the Board of Directors to oversee an investment in the Company. Compensation for such non-employee directors, if appropriate, will be determined separately.

In addition, each director will continue to be subject to liability for breach of the director's duty of loyalty to the Company, for acts or omissions not in good faith or involving intentional misconduct, for knowing violations of law, for actions leading to improper personal benefit to the director and for payment of dividends or approval of stock repurchases or redemptions that are unlawful under Delaware Law.
