Item 9. Regulation FD Disclosure

Rule 10b5-1(c) of Regulation FD of the Securities Exchange Act of 1934 provides an exemption to the insider trading rules in the form of an affirmative defense. According to the Securities and Exchange Commission, the provision is designed to cover situations in which a person can demonstrate that the material nonpublic information was not a factor in the trading decision and will provide appropriate flexibility to those who would like to plan securities transactions in advance of a time when they are not aware of material nonpublic information, and the carry out those pre-planned transactions at a later time, even if they later become aware of material nonpublic information.

Pursuant to Rule 10b5-1(c), Robert M. Lazarowitz, a member of the Registrant's Board of Directors, has informed the Registrant that he adopted a number of written plan agreements relating to future sales of a portion of Knight Trading Group, Inc. Class A Common Stock beneficially owned by him. Mr. Lazarowitz is entering into the 10b5-1(c) plans in order to diversify his financial holdings in an orderly fashion over an extended period of time.
