Independent Directors

Under the enhanced corporate governance standards of the New York Stock Exchange, a majority of Highwoods directors and all of the members of the audit committee and the governance and compensation committee must meet the test of independence as defined by the NYSE. The new NYSE standards provide that to qualify as an independent director, in addition to satisfying certain bright-line criteria, the Board of Directors must affirmatively determine that a director has no material relationship with Highwoods (either directly or as a partner, shareholder or officer of an

organization that has a relationship with the company). The Board of Directors has determined that each of Messrs. Adler, Graham, Kaplan, Orr,

Sloan, Smith and Vandiver and Ms. Callison satisfies the bright-line criteria and that none has a relationship with Highwoods that would interfere with such person's ability to exercise independent judgment as a member of the Board. Therefore, Highwoods believes that each of such directors, or two-thirds of the Board, is independent under the NYSE rules.

Committees of the Board of Directors

Audit Committee. The Board of Directors has established an audit committee consisting of Messrs. Kaplan, Smith and Vandiver and Ms. Callison. Mr. Kaplan serves as chairman of the audit committee. The audit committee approves the engagement of independent public accountants, reviews with the independent public accountants the plans and results of the audit engagement, approves professional services provided by the independent public accountants, reviews the independence of the independent public accountants, approves audit and non-audit fees and reviews the adequacy of Highwoods' internal accounting controls.

The Board of Directors has made the following determinations about the composition of the audit committee:

Messrs. Kaplan, Smith and Vandiver and Ms. Callison are each independent under the current rules and regulations of the New York Stock Exchange.

Each member is financially literate.

At least one member, Mr. Kaplan, who is a certified public accountant and a retired partner from Ernst & Young LLP, is a financial expert.

No member has accepted any consulting, advisory or other compensatory fee from Highwoods other than as set forth below under Compensation of Directors.

During 2003, the audit committee held four in-person meetings and six conference calls.

The audit committee has adopted a process for stockholders to send communications to the audit committee with concerns or complaints concerning the Company's regulatory compliance, accounting, audit or internal controls issues. Written communications may be addressed to the Chairman of the Audit Committee, Highwoods Properties, Inc., 3100 Smoketree Court, Suite 600, Raleigh, North Carolina 27604. To view an online version of the audit committee's charter, please visit the Investor Relations/Corporate Governance section of our website at www.highwoods.com.

Governance and Compensation Committee. Beginning in 2004, the Board of Directors has combined the nominating and governance committee and the executive compensation committee into a single committee, the governance and compensation committee, which currently consists of Messrs. Graham, Orr and Sloan. Mr. Orr serves as chairman of the governance and compensation committee. The governance and compensation committee determines compensation for Highwoods executive officers and implements Highwoods Amended and Restated 1994 Stock Option Plan (the Stock Option Plan) and 1999 Shareholder Value Plan. The committee also makes recommendations concerning board member qualification standards, director nominees, board responsibilities and compensation,

board access to management and independent advisors and management succession. The Board of Directors has determined that each of the members of the governance and compensation committee is independent under the current rules and regulations of the New York Stock Exchange.

On an annual basis, the governance and compensation committee assesses the appropriate skills and characteristics of existing and new board members. This assessment includes consideration as to the members' independence, diversity, age, skills and experience in the context of the needs of the Board. The same criteria are used by the governance and compensation committee in evaluating nominees for directorship.

In making any nominee recommendations to the Board, the governance and compensation committee will consider persons recommended by stockholders so long as the recommendation is submitted to the committee prior to the date which is 120 days before the anniversary of the mailing of the prior year's proxy statement. Any such nominations, together with appropriate biographical information, should be submitted to the Chairman of the Governance and Compensation Committee, Highwoods Properties, Inc., 3100 Smoketree Court, Suite 600, Raleigh, North Carolina 27604. However, the governance and compensation committee may, in its sole discretion, reject any such recommendation for any reason. For additional information regarding Highwoods' corporate governance guidelines, please visit the Investor Relations/Corporate Governance section of our website. In addition, the governance and compensation committee's charter will be available on our website by the time of the annual meeting.

During 2003, the nominating and governance committee and the executive compensation committee, each predecessors of the governance and compensation committee, held four in-person meetings and one conference call and held four in-person meetings, respectively.

Investment Committee. The Board of Directors has established an investment committee consisting of Messrs. Adler, Anderson, Fritsch, Gibson, Sloan and Turner. The investment committee oversees the acquisition, new development and asset disposition process. The investment committee generally meets on call to review new opportunities and to make formal recommendations to the Board of Directors concerning such opportunities.

Executive Committee. The Board of Directors has established an executive committee consisting of Messrs. Adler, Orr, Sloan and Vandiver. In addition, Highwoods' Chief Executive Officer serves as an ex-officio member of the committee. The executive committee meets on call by the chairman of the Board of Directors and may exercise all of the powers of the Board of Directors, subject to the limitations imposed by applicable law, the bylaws or the Board of Directors. Highwoods' corporate governance guidelines require each of the members of the executive committee (other than the Chief Executive Officer) to be independent under the current rules and regulations of the New York Stock Exchange. During 2003, the executive committee held five in-person meetings and one conference call.

Meetings of the Board of Directors; Non-Management Director Executive Sessions

The Board of Directors held four in-person meetings and two conference calls in 2003. Commencing with the meeting of the Board of Directors held on January 28, 2003, the non-management directors of Highwoods meet in executive session at each in-person meeting of the Board of Directors.

The Board of Directors has established a process for interested parties, including stockholders, to communicate directly with the independent directors. Written communications may be addressed to the Chairman of the Board of Directors, Highwoods Properties, Inc., 3100 Smoketree Court, Suite 600, Raleigh, North Carolina 27604. This information is also available by visiting the Investor Relations/Corporate Governance section of our website at www.highwoods.com.

The Board of Directors encourages its members to attend each annual meeting of stockholders. In 2003, four members of the Board of Directors attended the annual meeting.

Compensation of Directors

Highwoods pays directors who are not employees of Highwoods fees for their services as directors. During 2003, non-employee directors received annual compensation of \$23,000 plus a fee of \$1,250 (plus out-of-pocket expenses) for attendance in person at each meeting of the Board of Directors, \$500 for each committee meeting attended, \$250 for each telephone meeting of the Board of Directors and between \$250 and \$400 for each telephone meeting of a committee. In addition, non-employee directors on the investment committee each received an additional annual retainer of \$12,000 and between \$500 and \$1,000 per day for property visits in 2003 and the chairman of the audit committee received an additional annual retainer of \$10,000 and \$1,000 per day for non-scheduled audit committee activities.

In addition, each person serving as a non-employee director on January 28, 2003 received 500 shares of restricted stock under the Stock Option Plan. Mr. Sloan, who serves as chairman of the Board of Directors, received an additional 750 shares of restricted stock. The restricted stock awards vest 25% on each anniversary of the date of grant. Dividends are paid on all restricted stock awards at the same rate and on the same date as on shares of Highwoods common stock.

Upon becoming a director of Highwoods, each non-employee director received options to purchase 10,000 shares of common stock at an exercise price equal to the fair market value on the date of grant. Non-employee directors may elect to defer a portion of their retainer and meeting fees for investment in stock options or units of phantom stock under the Stock Option Plan. At the end of each calendar quarter, any director that elects to defer fees in such a manner is credited with stock options or units of phantom stock at a 15% discount.

Officers of Highwoods who are directors are not paid any director fees.

Change-In-Control Contracts

Highwoods has entered into a change in control contract with each of Messrs. Anderson, Fritsch, Gibson, Harris, Liuzzo and Pridgen. The contracts generally provide that, if within 24 months from the date of a change in control (as defined below), the employment of the executive officer is terminated without cause, including a voluntary termination because their responsibilities are changed, their salaries are reduced or their responsibilities are diminished or because of a voluntary termination for any reason in months 13, 14 or 15 following the change of control, such executive officer will be entitled to receive 2.99 times a base amount. An executive's base amount for these purposes is equal to 12 times the highest monthly salary paid to the executive during the twelve-month period ending prior to the change of control plus the greater of (1) the average annual bonus for the preceding three years or (2) the last annual bonus paid or payable to the executive. Additionally, the Stock Option Plan, the phantom stock plan, the 1997 Performance Award Program and the 1999 Shareholder Value Plan provide for the immediate vesting of all options and benefits upon a change of control. The executive would also receive a lump sum cash payment equal to a stated multiple of the value of all of the executive's unexercised stock options. The multiple is three times for Mr. Gibson and for Mr. Fritsch, two times for Mr. Harris, and one time for Messrs. Liuzzo, Anderson and Pridgen. The contracts for each of the Named Executive Officers have varying expiration dates, but are automatically extended for one additional year on each of their respective anniversary dates.

For purposes of the contracts described in the preceding paragraph, change in control generally means any of the following events:

the acquisition by a third party of 20% or more of the then-outstanding common stock of Highwoods;

individuals who currently constitute the Board of Directors (or individuals who subsequently become a director whose election or nomination was approved by at least a majority of the directors currently constituting the Board of Directors) cease for any reason to constitute a majority of the Board of Directors;

approval by Highwoods stockholders of a reorganization, merger or consolidation in which Highwoods is not the surviving entity; or

approval by Highwoods stockholders of a complete liquidation or dissolution of Highwoods or the sale or other disposition of all or substantially all of the assets of Highwoods.

Executive Compensation Committee Interlocks and Insider Participation

Before the combination of the executive compensation and nominating and governance committees, which became effective at the February 3, 2004 meeting of the Board, the executive compensation committee consisted of Messrs. Adler, Graham, Orr and Sloan. None of the members of the executive compensation committee is a current or past employee of Highwoods and each was and is independent under the rules and regulations of the New York Stock Exchange. Mr. Sloan is a former officer of the predecessor of Highwoods.

Executive Compensation Committee Report

During 2003, the executive compensation committee determined compensation and benefit policies and practices and incentive arrangements for executive officers and key managerial employees of Highwoods. Beginning in 2004, the Board of Directors has combined the nominating and governance and the executive compensation committees into the governance and compensation committee.

The committee directs the administration of the Stock Option Plan and other management incentive compensation plans of Highwoods. The committee's compensation policies are designed to (a) attract and retain key individuals critical to the success of Highwoods, (b) motivate and reward such individuals based on corporate, business unit and individual performance and (c) align executives' and stockholders' interests through equity-based incentives. During 2003, the executive compensation committee met four times and set compensation levels in compliance with the executive compensation program adopted in 1999, which was based upon extensive input from and the recommendation of William M. Mercer, Incorporated, an independent compensation consulting firm.

Compensation for executives is based generally on the following principles:

variable compensation should comprise a significant part of an executive's compensation with the percentage at-risk increasing at increased levels of responsibility;

employee stock ownership aligns the interests of employees and stockholders;

compensation must be competitive with that offered by companies that compete with Highwoods for executive talent; and

differences in executive compensation within Highwoods should reflect differing levels of responsibility and performance.

A key determinant of overall levels of compensation remains the pay practices of public equity REITs that have revenues comparable to Highwoods. This peer group was chosen by Highwoods' independent compensation and benefit consultants. Overall compensation is intended to be at, above or below competitive levels depending upon the performance of Highwoods relative to its targeted performance and the performance of its peer group.

There are three components to Highwoods' executive compensation program: base salary; annual incentive compensation; and long-term incentive compensation. The more senior the position, the greater the portion of compensation that varies with performance.

Annual Compensation. Executive salaries other than that of the Chief Executive Officer are recommended to the committee by the Chief Executive Officer and are designed to be competitive with the peer group companies described above. Changes in base salaries are based on the peer group's practices, Highwoods' performance, the individual's performance, experience and responsibility and increases in cost of living indices. Base salaries are reviewed for adjustment annually and adjustments, if any, are effective in April. The Chief Executive Officer's base salary is determined by the committee.

Highwoods' executive officers participate in an annual cash incentive bonus program whereby they are eligible for cash bonuses based on a percentage of their annual base salary as of the prior December. In addition to considering the pay practices of Highwoods' peer group in determining each executive's bonus percentage, the committee also considers the executive's ability to influence overall performance of Highwoods. Assuming targeted levels of Highwoods' performance, an executive's bonus percentage ranges from 40% to 85% of base salary depending on position in Highwoods. The eligible bonus percentage for each executive is determined by a weighted average (which varies from executive to executive depending upon the particular relevance of each measure) of Highwoods' performance versus its annual plan.

To the extent this weighted average is less than or exceeds Highwoods' targeted performance level, the bonus percentage paid is proportionally reduced or increased. Depending on Highwoods' performance, annual incentive bonuses could range from zero to 200% of an executive's target level bonus. For 2003, bonuses for the Named Executive Officers ranged from 46% to 60% of each officer's current base salary.

The committee has established an unfunded deferred compensation plan pursuant to which each executive officer can elect to defer a portion of his compensation for deemed investment by the Company either in units of phantom stock under the Stock Option Plan or in various mutual funds. At the end of each calendar quarter, any executive officer that elects to defer compensation into phantom stock is credited with units of phantom stock at a 15% discount. If an officer that has elected to defer compensation under this plan leaves Highwoods' employ voluntarily or for cause within two years after the end of the year in

which such officer has deferred compensation for units of phantom stock, such officer will incur a penalty based on the value of such officer's phantom stock account attributable to the units acquired within such period.

Long-Term Incentives. In addition to the cash bonus and as an incentive to retain executive officers, Highwoods long-term incentive plan for officers provides for annual grants of stock options and restricted stock under the Stock Option Plan and other awards under the 1999 Shareholder Value Plan. The stock options vest ratably over four years and remain outstanding for ten years. The shares of restricted stock vest 50% after three years and 50% after five years.

The 1999 Shareholder Value Plan rewards the executive officers of Highwoods when the total shareholder returns measured by increases in the market value of Highwoods common shares plus the dividends on those shares exceeds a comparable index of Highwoods' peers over a three-year period. A payout for this program, which can be in cash or other consideration, is determined by Highwoods' percent change in shareholder return compared to the composite index of its peer group. If Highwoods' performance is not at least 100% of the peer group index, no payout is made. To the extent performance exceeds the peer group, the payout increases. A new three-year plan cycle begins each year under this program. No payments were earned under this program in 2003.

Section 162(m) of the Internal Revenue Code generally denies a deduction for compensation in excess of \$1 million paid to certain executive officers, unless certain performance, disclosure and stockholder approval requirements are met. Option grants and certain other awards under the Stock Option Plan and the 1999 Shareholder Value Plan are intended to qualify as performance-based compensation not subject to Section 162(m) deduction limitation. The committee believes that a substantial portion of compensation awarded under Highwoods' compensation program would be exempted from the \$1 million deduction limitation. The committee's intention is to qualify, to the extent reasonable, a substantial portion of each executive officer's compensation for deductibility under applicable tax laws.

Chief Executive Officer Compensation. The salary and long-term incentive awards of Highwoods' Chief Executive Officer, Ronald P. Gibson, are determined by the committee substantially in conformity with the policies described above for all other executive officers of Highwoods. Mr. Gibson's base salary increased by \$10,000, or 2.5%, from \$393,500 in 2002 to \$403,500 in 2003. Mr. Gibson earned a cash bonus of \$240,083 in 2003, which was \$33,041, or 16%, higher than his cash bonus of \$207,042 during 2002. Mr. Gibson's cash bonus was equal to 60% of his base salary in 2003 and 53% of his base salary in 2002.

In addition, during 2003, Mr. Gibson was granted long-term incentive compensation consisting of shares of restricted stock valued at \$476,129 on the date of grant, which vest 50% on the third anniversary and 50% on the fifth anniversary of the date of grant. This was an increase of \$11,789, or 2.5%, in restricted stock compensation for 2003 as compared to his restricted stock compensation of \$464,340 for 2002. Finally, Mr. Gibson received 226,621

stock options during 2003 at an exercise price of \$21.01, which was the fair market value of Highwoods common stock on the date of grant. Mr. Gibson is also eligible to participate in the 1999 Shareholder Value Plan; however, no payouts were made to Mr. Gibson under this plan in 2003.

Audit Committee Report

The Board of Directors has adopted a written charter for the audit committee, a copy of which is attached as Appendix A to this proxy statement.

Purpose and Function of the Audit Committee. The audit committee oversees the financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the audit committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements.

The audit committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of Highwoods' accounting principles and such other matters as are required to be discussed with the audit committee under generally accepted auditing standards. As part of these meetings, the audit committee also discussed with the independent accountants the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the audit committee received written disclosures from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the audit committee discussed with the independent accountants that firm's independence from management and Highwoods and considered the compatibility of non-audit services with the auditors' independence.

The audit committee has determined that the rendering of the non-audit services by Ernst & Young LLP is compatible with maintaining the auditor's independence. In 2003, the audit committee adopted a policy requiring the pre-approval of all fees paid to Ernst & Young LLP for non-audit related services. Accordingly, the committee has pre-approved the following services:

Audits of Highwoods' employee benefit plans in an amount not to exceed \$18,000 per year;

Tax review and consulting services in an amount not to exceed \$75,000 per year;

Accounting consulting services in an amount not to exceed \$100,000 per year;

General assistance with implementation requirements of SEC rules, NYSE listing standards and other related reporting requirements in an amount not to exceed \$55,000 per year; and

Financial statement audits of certain of our joint ventures in an amount not to exceed \$30,000 per year.

Any services in excess of the pre-approved amounts, or any services not described above, require the pre-approval of the audit committee chair, with a review by the audit committee at its next scheduled meeting.

The audit committee discussed with Highwoods' internal and independent auditors the overall scope and plans for their respective audits. The audit committee held four in-person meetings and six conference calls during 2003.

Recommendations of the Audit Committee. In reliance on the reviews and discussions referred to above, the audit committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the SEC. The audit committee and the Board have also recommended, subject to stockholder ratification, the selection of Highwoods' independent auditors.

RELATED PARTY TRANSACTIONS

Highwoods has previously reported that it has had a contract to acquire development land in the Bluegrass Valley office development project from GAPI, Inc., a corporation controlled by Mr. Anderson. On January 17, 2003, Highwoods acquired an additional 23.46 acres of this land from GAPI, Inc. for cash and shares of common stock valued at \$2.3 million. In May 2003, 4.0 acres of the remaining acres not yet taken down was taken by the Georgia Department of Transportation to develop a roadway interchange for consideration of \$1.8 million. The Department of Transportation took possession and title of the property in June 2003. As part of the terms of the contract between Highwoods and Bluegrass, Highwoods was entitled to the proceeds from the condemnation of \$1.8 million, less the contracted purchase price between Highwoods and Bluegrass for the condemned property of \$737,348. On September 30, 2003, as a result of the condemnation, Highwoods received the proceeds of \$1.8 million. A related party payable of \$737,348 to Bluegrass related to the condemnation of the development land is included in accounts payable, accrued expenses and other liabilities in Highwoods Consolidated Balance Sheet at December 31, 2003 and a gain of \$1.0 million related to the condemnation of the development land is included in gain on disposition of land in Highwoods Consolidated Statement of Income for the year ended December 31, 2003. Highwoods believes that the purchase price with respect to each transaction did not exceed market value. These transactions were unanimously approved by the executive committee and the full Board of Directors (with Mr. Anderson abstaining from the vote).

Mr. Turner, who served as Highwoods chief investment officer from January 1995 through December 2001, served as an advisor on real estate investment matters to Highwoods chief executive officer. Highwoods paid Mr. Turner \$120,000 during 2003 pursuant to a one-year consulting agreement which expired on December 31, 2003. Mr. Turner's consulting agreement has not been renewed for 2004.

PROPOSAL TWO:

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors, upon the recommendation of the audit committee, has appointed the accounting firm of Ernst & Young LLP to serve as independent auditors of Highwoods for the 2004 fiscal year, subject to ratification of this appointment by the stockholders of Highwoods. Ernst & Young LLP has served as independent auditors of Highwoods since its commencement of operations and is considered by management of Highwoods to be well qualified. Highwoods has been advised by that firm that neither it nor any member thereof has any financial interest, direct or indirect, in Highwoods or any of its subsidiaries in any capacity.

Audit Fees. Highwoods paid Ernst & Young LLP \$486,720 in audit fees during 2003 as compared to \$357,050 in audit fees during 2002.

Audit-Related Fees. Highwoods paid Ernst & Young LLP \$154,006 in audit-related services during 2003 as compared to \$116,039 in audit-related fees during 2002. These audit-related services generally included 401(k) and joint venture audits, business acquisitions and dispositions, accounting consultations and SEC filings.

Tax Fees. Highwoods paid Ernst & Young LLP \$26,506 in tax services during 2003 as compared to \$22,511 in tax fees during 2002. These tax services generally included tax compliance, tax planning and tax advice.

All Other Fees. Highwoods paid Ernst & Young LLP an additional \$71,059 for all other fees in 2003 as compared to \$70,895 for all other fees in 2002. In 2003, the \$71,059 fee related to payment of an agreed upon percentage of a refund resulting from an IRS interest netting calculation. In 2002, these services generally included an audit of Highwoods information technology systems and related consulting services.

Representatives of Ernst & Young LLP will be present at the meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR the proposal to ratify the appointment of Ernst & Young LLP as independent auditors of Highwoods for the 2004 fiscal year.

OTHER MATTERS

Highwoods management knows of no other matters that may be presented for consideration at the meeting. However, if any other matters properly come before the meeting, it is the intention of the person named in the proxy to vote such proxy in accordance with his judgment on such matters.

STOCK PRICE PERFORMANCE GRAPH

The following stock price performance graph compares Highwoods performance to the S&P 500, the Russell 2000 and the index of equity REITs prepared by National Association of Real Estate Investment Trusts (NAREIT). The stock price performance graph assumes an investment of \$100 in Highwoods and the two indices on December 31, 1998 and further assumes the reinvestment of all dividends. Equity REITs are defined as those that derive more than 75% of their income from equity investments in real estate assets. The NAREIT equity index includes all tax-qualified REITs listed on the New York Stock Exchange, the American Stock Exchange or the NASDAQ National Market System. Stock price performance is not necessarily indicative of future results.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Each director and executive officer of Highwoods is required to file with the SEC, by a specified date, reports regarding his or her transactions involving Highwoods' common stock. To Highwoods' knowledge, based solely on the information furnished to Highwoods and written representations that no other reports were required, all such filing requirements were complied with during 2003, except that Mr. Anderson reported four phantom stock acquisitions, one phantom stock disposition and one common stock disposition late and Messrs. Fritsch, Gibson, Harris, Liuzzo and Pridgen each reported one phantom stock disposition late.

STOCKHOLDER PROPOSALS FOR 2005 ANNUAL MEETING

Proposals of stockholders to be presented at the 2005 annual meeting of stockholders must be received by the secretary of Highwoods prior to December 1, 2004, which is 120 calendar days prior to the anniversary of the mailing of this proxy statement, to be considered for inclusion in the 2005 proxy material. If a stockholder wishes to present a proposal at the 2005 annual meeting, whether or not the proposal is intended to be included in the 2005 proxy material, the bylaws require that the stockholder give advance written notice to the secretary of Highwoods not less than 60 nor more than 90 days prior to the anniversary of the 2004 annual meeting. If a stockholder is permitted to present a proposal at the 2005 annual meeting but the proposal was not included in the 2005 proxy material, Highwoods believes that its proxy holder would have the discretionary authority granted by the proxy card (and as permitted under SEC rules) to vote on the proposal if the proposal was received after February 14, 2005, which is 45 calendar days prior to the anniversary of the mailing of this proxy statement.

COSTS OF PROXY SOLICITATION

The cost of preparing, assembling and mailing the proxy material will be borne by Highwoods. Highwoods will also request persons, firms and corporations holding shares in their names or in the names of their nominees, which shares are beneficially owned by others, to send the proxy material to, and to obtain proxies from, such beneficial owners and will reimburse such holder for their reasonable expenses in doing so.

Highwoods has retained Automated Data Processing, Inc. and Wachovia Bank, N.A. to assist in the process of identifying and contacting stockholders for the purpose of soliciting proxies. The entire expense of engaging the services of such consultants to assist in proxy solicitation is projected to be \$10,000.
