This Proxy Statement contains information relating to the Annual Meeting of Shareholders of Federal Trust Corporation (Federal Trust). These documents provide important information about our business, including audited financial statements, and are first being mailed to shareholders on or about April 19, 2004.

It is important that your shares be represented by proxy or that you be present at the Annual Meeting. VOTING

Who is entitled to vote at our meeting and what constitutes a quorum?

Only holders of record of our common stock at the close of business on April 7, 2004, the shareholder record date, will be entitled to vote at the Annual Meeting. Record holders representing a majority of our outstanding common stock present in person or represented by proxies, constitutes a quorum. The Articles of Incorporation of Federal Trust do not provide for cumulative voting. Shareholders are entitled to one vote for each share owned.

What are the voting rights of our shareholders?

In accordance with Florida law and our Bylaws, directors will be elected at the Annual Meeting by a plurality of the votes cast. Any other matter on which shareholders vote at the Annual Meeting will be determined by the affirmative vote of a majority of the votes cast. The number of shares of our common stock outstanding as of the record date was 6,661,813, held by approximately 381 shareholders in their own name. Each share of common stock entitles its owner to one vote upon each matter to come before the Annual Meeting. A shareholder may abstain or withhold a vote with respect to any item submitted for shareholder approval. Abstentions and withheld votes will be counted as being present for purposes of determining the existence of a quorum, but will be counted as not voting in favor of any proposal brought before the Annual Meeting.

How do I vote?

The manner in which your shares may be voted depends on how your shares are held. If you own shares of record, meaning that your shares of common stock are represented by certificates or book entries in your name so that you appear as a shareholder on the records of our stock transfer agent, a Proxy Card for voting those shares will be included with this Proxy Statement. You may vote those shares by completing, signing and returning the Proxy Card in the enclosed postage pre-paid, pre-addressed envelope.

If you own shares through a brokerage firm (e.g., shares held in street name), you may instead receive a voting instruction form with this Proxy Statement that you may use to instruct how your shares are to be voted. As with a Proxy Card, you may vote your shares by completing, signing and returning the voting instruction form in the envelope provided. Many brokerage firms have arranged for internet or telephonic voting of shares and provide instructions for using those services on the voting instruction form.

If your shares are held by a brokerage firm, under certain circumstances, the brokerage firm may vote your shares. Such entities have authority to vote their customers' shares on certain routine matters, including the election of directors. When a firm votes its customers' shares on routine matters, these shares are also counted for purposes of establishing a quorum to conduct business at the meeting. A brokerage firm cannot vote its customers' shares on non-routine matters. Accordingly, these shares are not counted as votes against a non-routine matter, but rather not counted at all for such a matter. Proposal II, the amendment of our 1998 Key Employee Stock Compensation Program is considered non-routine.

Edgar Filing: FEDERAL TRUST CORP - Form DEF 14A

FEDERAL TRUST CORPORATION PROXY STATEMENT

312 West First Street, Suite 400 Sanford, Florida 32771

Who can attend our Annual Meeting?

If you own common stock of record, you may attend the Annual Meeting and vote in person, regardless of whether you have previously voted by Proxy Card. If you own common stock through a brokerage account, you may attend the Annual Meeting, but in order to vote your shares at the Annual Meeting, you must obtain a legal proxy from the brokerage firm that holds your shares. You should contact your brokerage account representative to learn how to obtain a legal proxy. We encourage you to vote your shares in advance of the Annual Meeting by one of the methods described above, even if you plan on attending the Annual Meeting, so we will be able to determine in advance if a quorum is present. You may change or revoke your proxy at the Annual Meeting in the manner described below even if you have already voted.

Can I change my vote after I return my proxy card?

Any shareholder holding common stock of record may revoke a previously granted proxy at any time before it is voted, by delivering to us a written notice of revocation, or a duly executed Proxy Card bearing a later date, or by attending the Annual Meeting and voting in person. Any shareholder holding common stock through a brokerage firm may change or revoke previously given voting instructions by contacting the brokerage firm, or by obtaining a legal proxy from the brokerage firm and voting in person at the Annual Meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors is presently comprised of five members. Our Articles of Incorporation provide that directors are divided into three classes, which serve for staggered three-year terms. This year, two Class II directors are to be elected.

To the best of our knowledge, the director nominees being proposed for election are not subject to any agreement with any other person. The nominees have indicated that they are willing to stand for election and to serve as directors, if elected. Should the nominees become unable or unwilling to serve, proxies will be voted for the election of such other persons as the Board of Directors may choose to nominate.

The affirmative vote of a plurality of the votes cast at the Annual Meeting is needed to elect a director. Abstentions and withheld votes will have the same effect as votes against the director nominees.

Information relating to the business experience, age, and beneficial ownership of our common stock of the director nominees and the continuing directors is described below.

BOARD OF DIRECTORS AND STANDING COMMITTEES

The Securities and Exchange Commission and the American Stock Exchange (AMEX) have recently implemented new regulations and listing requirements that govern the corporate practices of AMEX listed companies such as Federal Trust. Our Board of Directors determined that a majority of our directors are independent in accordance with the director requirements of the Securities and Exchange Commission and the AMEX.

In determining whether a director is independent under applicable independence requirements, our Board of Directors considered any transactions and relationships between each director and any member of his immediate family or affiliates and Federal Trust and its subsidiary and affiliates. Our Board of Directors also examined any transactions and relationships between directors and their affiliates and members of our senior management and any member of their immediate family or affiliates. Since banking is a significant portion of our business, our Board of Directors determined that a director's independence is not affected where there is a loan relationship between Federal Trust Bank and the director that is performing in accordance with its contractual terms and that has not been adversely classified or specially mentioned by the federal bank examiners.

The Board of Directors of Federal Trust conducts its business through meetings of the full Board. During 2003, the Board of Directors held nine meetings. All of Federal Trust's directors attended at least 75% of the total meetings of the Board of Directors and the committees of which they are a member.

Edgar Filing: FEDERAL TRUST CORP - Form DEF 14A

The Board has four standing committees - the *Executive Committee*, the *Nominating Committee*, the *Compensation Committee* and the *Audit Committee*.

FEDERAL TRUST CORPORATION PROXY STATEMENT

312 West First Street, Suite 400 Sanford, Florida 32771

The Executive Committee has the authority of the Board of Directors when the Board is not in session. The Executive Committee may exercise all powers of the Board of Directors in the management of the business and affairs of Federal Trust under Florida law. A copy of the Executive Committee Charter is included as *Appendix A* to this Proxy Statement. The Executive Committee did not meet in 2003. The Executive Committee consists of *Dr. Samuel Certo (Chairman)*, *A. George Iglar* and *James V. Suskiewich*.

The Nominating Committee considers nominees to our Board of Directors and the election of directors of our subsidiaries. The Committee consists of *George W. Foster (Chairman)*, *Dr. Samuel C. Certo* and *Kenneth W. Hill*, each of whom is independent under AMEX rules. The Nominating Committee has adopted a charter, which charges the Committee with evaluating shareholder nominees. A copy of the Nominating Committee Charter is included as *Appendix B* to this Proxy Statement. The Nominating Committee met four times during 2003.

The Compensation Committee serves with regard to compensation and personnel policies, programs and plans, including management development and succession, and to approve employee compensation and benefit programs. The Compensation Committee consists of *A. George Iglar (Chairman)*, *Dr. Samuel C. Certo*, *George W. Foster* and *Kenneth W. Hill*. The Compensation Committee met three times during 2003. The Compensation Committee has adopted a charter, a copy of which is included as *Appendix C* to this Proxy Statement.

The Audit Committee has adopted a formal charter, pursuant to which the committee reviews Federal Trust's auditing, accounting, financial reporting and internal control functions, recommends our independent auditors and review their services. The Audit Committee met five times during 2003. A copy of the Audit Committee Charter is included as *Appendix D* to this Proxy Statement. The Board of Directors believes that the members of the Audit Committee are all independent under AMEX listing standards.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee consists of *Kenneth W. Hill (Chairman)*, *Dr. Samuel Certo* and *George W. Foster*. The Audit Committee oversees Federal Trust's financial reporting process on behalf of the Board of Directors. The audit functions of the Audit Committee are focused on three areas:

The adequacy of Federal Trust's internal controls and financial reporting process and the reliability of Federal Trust's financial statements.

The performance of the internal auditors, as well as their independence.

Federal Trust's compliance with legal and regulatory requirements.

Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with Hacker, Johnson & Smith, P.A., Federal Trust's independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of Federal Trust's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards.

FEDERAL TRUST CORPORATION PROXY STATEMENT

312 West First Street, Suite 400 Sanford, Florida 32771

The Audit Committee has discussed with Hacker, Johnson & Smith, P.A., their independence from management and Federal Trust, including the matters in the required written disclosures. The Audit Committee has considered whether the provision of non-audit services by Hacker, Johnson & Smith, P.A., is compatible with maintaining their independence.

The Audit Committee discussed with Federal Trust's internal auditors and Hacker, Johnson & Smith, P.A., the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and Hacker, Johnson & Smith, P.A., with and without management present, to discuss the results of their examinations, their evaluations of Federal Trust's internal controls, and the overall quality of Federal Trust's financial reporting. During 2003, the Chairman of the Audit Committee met on different occasions with management and internal and external auditors to review various audit related matters.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-KSB for the year ended December 31, 2003, for filing with the SEC.

The foregoing report is submitted by the Audit Committee: *Kenneth W. Hill, Audit Committee Chairman, Dr. Samuel Certo and George W. Foster.*

DIRECTOR COMPENSATION

In 2003, we paid each Federal Trust director a quarterly retainer of \$2,500. Directors do not receive per meeting or committee fees. We also paid each Bank director a \$1,250 per quarter retainer and \$500 per Board meeting and \$250 per committee meeting attended.

Our 1998 Directors' Stock Option Plan (Directors' Plan) was approved by shareholders at the 1998 Annual Meeting. Additional shares were reserved for issuance at the 2002 Annual Meeting. The Directors' Plan authorizes the granting of only compensatory options. Under the terms of the Directors Plan, 140,000 shares of common stock have been reserved for issuance upon the exercise of options.

Under the terms of the Directors' Plan, the per share exercise price of any option must be equal to the fair market value of a share of common stock as of the date of grant. For the purposes of Directors' Plan, the fair market value of a share of common stock is the closing sales price of a share of common stock on the date the option granted (or, if such day is not a trading day, on the last trading day before the grant), as reported by the markets or exchanges where our shares are traded. If no such closing prices are reported, the fair market value is the average of the closing high bid and low ask prices of a share of common stock. An option may be exercised any time after six months from the date of grant up until ten years after the date of grant. Unless terminated, the Directors' Plan shall remain in effect until the tenth anniversary of its effective date.

COMPENSATION COMMITTEE REPORT

General

Compensation for our executive officers is determined by the Compensation Committee, none of whom is also an executive officer or employee of Federal Trust or Federal Trust Bank. Cash compensation consists of an annual salary and a discretionary year-end bonus. The annual salary for 2003 was established in the fourth quarter of 2002. The year-end bonuses were determined in the fourth quarter of 2003, and were paid at the beginning of 2004. In determining the cash compensation for the senior officers, the Chief Executive Officer/ President initially determines the salary range recommendations. The Chief Executive Officer/President then presents his recommendations to the Compensation Committee, which reviews and analyzes the information. The Compensation Committee then determines the compensation for the executive officers, including the compensation of the Chief Executive Officer/President.

Compensation Principles

Executive compensation for 2003 was determined in accordance with four fundamental principles:

Federal Trust's final performance, i.e., both in terms of the attainment of short-term and long-term goals;

the competitiveness of Federal Trust's executive officer salaries to that of similarly qualified officers in the Florida market;

the individual performance of each executive officer; and

the recommendations of the Chief Executive Officer/President regarding all executive officers other than himself.

No disproportionate weight was given to any specific principle.

In determining the base salary and any incentive bonus plan for the executive officers, the Compensation Committee looks to industry standards as determined from annual surveys published by the Florida Bankers Association and private companies specializing in executive compensation analysis for financial institutions. Such surveys provide compensation information based on institution size and

FEDERAL TRUST CORPORATION PROXY STATEMENT

geographic location and serve as a benchmark for determining executive salaries. The Compensation Committee reviewed the compensation paid to executive officers in the Southeast Region of the United States in setting the cash compensation paid to executive officers for 2003. There were 57 financial institutions that made up the peer group of financial institutions surveyed, with total assets between \$400 million and \$1 billion. The salaries of Federal Trust's executive officers ranged just above the median range of the peer group surveyed.

Cash Bonuses

Each officer is given the opportunity to earn an annual bonus, generally in the range of 10-40% of his or her base salary. In fiscal year 2003, bonuses were paid to executive officers for: (i) our overall performance; (ii) the progress made in implementing our corporate strategy; and (iii) our achieving our twenty-fourth through twenty-seventh consecutive profitable quarters. At the beginning of 2004, cash bonuses were paid to the executive officers as follows: \$33,256 to Chief Executive Officer/President James V. Suskiewich for fourth quarter 2003 earnings performance; \$20,000 year-end bonus to Executive Vice President/Chief Operating Officer Stephen C. Green; \$10,000 year-end bonus to Executive Vice President/Chief Financial Officer Gregory E. Smith; and \$10,000 year-end bonus to Senior Vice President/Operations Jennifer B. Brodnax.

Employee Stock Option Awards

On October 25, 2003, the Compensation Committee granted additional stock options to several officers of Federal Trust and Federal Trust Bank. The per share price of stock options was the fair market value of the common stock at the close of business on the date of grant. The stock option grants were as follows: 50,000 shares to Chief Executive Officer/President James V. Suskiewich; 10,000 shares to Executive Vice President/Chief Operating Officer Stephen C. Green; 15,000 shares to Executive Vice President/Chief Financial Officer Gregory E. Smith; 23,645 shares to Senior Vice President/Operations Jennifer B. Brodnax; 8,791 shares to Senior Vice President/Chief Credit Officer Daniel C. Roberts; and 8,000 shares to other officers.

Compensation of the Chief Executive Officer

In 2003, Chief Executive Officer/President, James V. Suskiewich, did not receive compensation from Federal Trust, but was compensated in his position as Chief Executive Officer and President of Federal Trust Bank. In 2004, the salary of the Chief Executive Officer/President and the Chief Financial Officer will be apportioned between Federal Trust and Federal Trust Bank based upon the time spent at the respective companies. The Compensation Committee evaluated the salary of the Chief Executive Officer/President on the basis of the same criteria used to evaluate salaries of other executive officers. The Compensation Committee's determination of an appropriate level of compensation for the Chief Executive Officer/President was thus based on a comparison of Federal Trust's results with the performance of the peer group, the Chief Executive Officer/President's responsibilities for implementation of predetermined goals and objectives for Federal Trust and Federal Trust Bank during 2003, and the compensation paid to chief executive officers within the peer group.

FEDERAL TRUST CORPORATION PROXY STATEMENT

312 West First Street, Suite 400 Sanford, Florida 32771

Conclusion

Based upon its review of Federal Trust's executive compensation program, the Compensation Committee believes that the program's structure and the awards granted in 2003 were appropriate, competitive and effective in Federal Trust's retention of key employees.

The foregoing report was submitted by the Compensation Committee: *A. George Iglar (Chairman); Dr. Samuel Certo; George W. Foster; Kenneth W. Hill*. The Compensation Committee awarded equal weight to the performance criteria in assessing the performance of Federal Trust and in making the comparisons with the peer group.

Employment Contracts

Federal Trust and Federal Trust Bank have entered into a joint employment agreement with our Chief Executive Officer/President James V. Suskiewich. Federal Trust Bank has also entered into severance agreements with Executive Vice President/Chief Operating Officer Stephen C. Green; Executive Vice President/Chief Financial Officer Gregory E. Smith; Senior Vice President/Chief Credit Officer Daniel C. Roberts; and Senior Vice President/Operation Jennifer B. Brodnax. The following is a summary of these agreements.

Under James V. Suskiewich's employment agreement, he receives a base salary, plus reimbursement of reasonable business expenses. In addition, for any quarter in which Federal Trust Bank's after-tax earnings are at least 0.50% of its average quarterly assets on an annualized basis, Mr. Suskiewich receives a bonus equal to 3% of Federal Trust Bank's quarterly net, pre-tax income. Mr. Suskiewich is also entitled to discretionary performance bonuses to be paid annually for the duration of the agreement. For the year ended December 31, 2003, Mr. Suskiewich received bonuses of \$121,325.

Mr. Suskiewich's employment agreement has a continuing three-year term. The employment agreement automatically renews one additional day for each day during the term of the agreement. Therefore, at all times, Mr. Suskiewich's agreement has a three-year term. The respective Boards of Directors review the agreement annually to determine whether the agreement should continue to be extended. Any party to the agreement may cease the automatic renewals by notifying the other parties of its intent to not renew. In addition, any party may terminate the agreement by delivering to the other parties a notice of termination. The date of termination is either 60 or 90 days after delivery of the notice (depending on the reason for termination).

Mr. Suskiewich's employment agreement provides for termination by the Company for reasons other than for cause and by Mr. Suskiewich for good reason, as those terms are defined in the agreement. In the event the employment agreement is terminated by the Company for reasons other than for cause or by Mr. Suskiewich for good reason, he shall be entitled to a severance payment. The severance payment would be paid in a lump sum equal to the total annual compensation due for the remainder of the term of the employment agreement, the performance bonus due for the quarter of termination, an annualized portion of any long term incentives to later come due, and the amount of annual club dues for the year of termination, all multiplied by the number of years remaining on the term of his employment agreement.

In the event of a change in control of Federal Trust or Federal Trust Bank, Mr. Suskiewich will be entitled to a special incentive bonus equal to three times his annual compensation multiplied by the price-to-book-value ratio at which Federal Trust or Federal Trust Bank is acquired. The employment agreement also includes a gross up payment clause, should the severance payments received be subject to federal excise taxes. Under this provision, Federal Trust or Federal Trust Bank would increase Mr. Suskiewich's severance payment so that the net proceeds from such payments would equal the amount of severance payments due under the terms of the employment agreement.

FEDERAL TRUST CORPORATION PROXY STATEMENT

312 West First Street, Suite 400 Sanford, Florida 32771

The employment agreement also permits Mr. Suskiewich to terminate his employment voluntarily. In the event of voluntary termination, except as previously described, all rights and benefits under the contract shall immediately terminate upon the effective date of such termination.

Federal Trust Bank has also entered into Employee Severance Agreements with Executive Vice President/Chief Operating Officer Stephen C. Green, Executive Vice President/Chief Financial Officer Gregory E. Smith, Senior Vice President/Chief Credit Officer Daniel C. Roberts, and Senior Vice President/Operations Jennifer B. Brodnax. The terms of these agreements are identical and provide that the employees are to receive termination payments equal to two years of their highest annual salary if their employment is terminated following a change in control (as defined in the agreements). Each agreement has a one-year term, except Mr. Green's and Mr. Smith's which have two-year terms.

Employee Stock Ownership Plan

All of our full-time salaried employees are participants in the Employee Stock Ownership Plan (ESOP) once they have completed 1,000 hours of employment and have been employed since January 1st, the beginning of the plan year. Executive officers are eligible to participate in the ESOP, but directors are not eligible unless they are also full-time salaried employees. A participant's interest in the ESOP becomes vested after they have completed five years of employment with a minimum of 1,000 hours per year. As of December 31, 2003, 29 employees (including 15 former employees) had vested interests in the ESOP.

ESOP contributions are determined annually by Federal Trust's Board of Directors, taking into consideration prevailing financial conditions, the company's fiscal requirements and other factors deemed relevant by the Board. In general, contributions of up to 15% of total compensation paid to employees during the year can be made to the ESOP. The contribution made on behalf of each participant equals the proportion that each participant's compensation for the year bears to the total compensation of all participants for the year. In 2003 and 2002, cash contributions of \$97,837 and \$238,500, respectively, were made to the ESOP. The ESOP currently holds 299,661 shares of Federal Trust common stock (including 131,139 unallocated shares), or 4.5% of the outstanding shares.

Key Employee Stock Bonus Plan

In April 2002, we adopted the Key Employee Stock Bonus Plan (Bonus Plan). Under the Bonus Plan, a trust has been formed to purchase up to 2% of the outstanding shares of our common stock on the open market. The Compensation Committee of our Board of Directors has the right to award such shares of stock to our non-executive officer employees. Any such award may contain conditions which must be met, or a vesting schedule which must be followed, prior to the shares being earned by and distributed pursuant to an employee's award. The termination of employment of any award recipient for reasons other than normal retirement, death, or disability shall constitute revocation of the recipient's unearned award. If the termination of a recipient's employment is caused by retirement, death, or disability, all unearned awards shall be deemed fully earned, unless it is later discovered that the employee engaged in misconduct which warranted revocation of an award. As of the record date, awards for 5,550 shares had been made under the Bonus Plan and there were 4,550 shares available for future issuance.

TRANSACTIONS WITH MANAGEMENT OR OTHER AFFILIATES

Indebtedness of Management

Our loan policies provide for limited types of loans to be made to directors, officers and employees. Loans made by Federal Trust Bank are also subject to the provisions of Section 22(h) of the Federal Reserve Act, which request any credit extended by Federal Trust Bank to our directors, executive officers and principal shareholders, or any of their affiliates must:

be on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions by Federal Trust Bank with non-affiliated parties; and

not involve more than the normal risk of repayment or present other unfavorable features.

In February 2000, Federal Trust loaned five of our directors and officers funds to purchase Federal Trust common stock in the open market. The aggregate amount loaned was \$222,477. The largest single loan was \$50,440. All five loans had three-year terms and were initially at 8% interest and required interest only payments for three years. In January 2003, the loans were modified with a new rate of prime plus one-half percent. Each of these loans is secured by the Federal Trust common stock purchased with the loan's proceeds. As of December 31, 2003, three of the loans were repaid and the two remaining loans had a combined balance of \$68,184, or less than one-tenth of one percent of our total loan portfolio. Both of the remaining loans are current and performing according to their terms.

Other Transactions with Related Persons

When a transaction involves an officer, director, principal shareholder or affiliate of Federal Trust or Federal Trust Bank, it is our policy that the transaction must be on terms no less favorable to us than could be obtained from an unaffiliated party. All such transactions must be approved in advance by a majority of Federal Trust's or Federal Trust Bank's independent and disinterested directors. During 2003, Federal Trust and Federal Trust Bank paid Iglar & Dougherty \$129,000 in fees for legal, compliance review and consulting services. Federal Trust Director A. George Iglar is principal of that law firm. The terms of such services were at least as favorable to us as could be obtained from an unrelated third party.

PROPOSAL 2

AMENDMENT OF THE 1998 KEY EMPLOYEE

STOCK COMPENSATION PROGRAM

The 1998 Key Employee Stock Compensation Program (Employee Program) was approved by our shareholders at the 1998 Annual Meeting and is for the benefit of our officers and other key employees. The Employee Program is comprised of four parts: an Incentive Stock Option Plan, a Compensatory Stock Option Plan, a Stock Appreciation Rights Plan and a Performance Plan.

Edgar Filing: FEDERAL TRUST CORP - Form DEF 14A

The Employee Program provides for the issuance of options to purchase our common stock. Stock appreciation rights, which enable the recipient to elect payment wholly or partially in cash, based upon

FEDERAL TRUST CORPORATION PROXY STATEMENT

312 West First Street, Suite 400 Sanford, Florida 32771

increases in the market value of the stock since the date of the grant, may also be awarded under the 1998 Program, as may outright awards of Federal Trust common stock.

A committee consisting of not less than three directors of Federal Trust (none of whom may be an employee of Federal Trust or Federal Trust Bank) has been given authority to administer the Employee Program and to grant options, stock appreciation rights and share awards. The current Program Administrators are: *George W. Foster*, *Kenneth W. Hill* and *Dr. Samuel C. Certo*. The Program Administrators may make grants under the Employee Program at their discretion to any full-time employees.

Options granted under the Employee Program are exercisable in one or more installments and may be exercisable on a cumulative basis. Options are exercisable for a term no longer than ten years. Options are not transferable and will terminate within a period of time following termination of employment. In the event of a change in control or a threatened change in control, all options granted before such event shall become immediately exercisable; provided, however, that no options shall be exercisable for a period of six months from the date of grant. The term "control" generally means the acquisition of 10% or more of the voting securities of Federal Trust by any person or group. This provision may have the effect of deterring hostile changes in control by increasing the costs of acquiring control.

Options granted under the Employee Program may be "incentive stock options" within the meaning of the Internal Revenue Code, which are designed to result in beneficial tax treatment to the employee, but no tax deduction for Federal Trust. Options may also be "compensatory stock options" which do not give the employee certain benefits of an incentive stock option, but entitle us to a tax deduction when the options are exercised. The exercise price of incentive stock options may not be less than the fair market value of common stock on the date the option is granted. Compensatory stock options may be exercisable at a price equal to or less than the fair market value of a share of common stock at the time of the grant of the option. At December 31, 2003, no compensatory stock options had been granted under the Employee Program.

No consideration is received by Federal Trust in return for the grant of options, although consideration would be received upon exercise of the options. For financial reporting purposes, there is no charge to the income of Federal Trust in connection with the grant or exercise of an option. As of April 3, 2004, the market value of our common stock was \$8.01 per share.

The grant of stock appreciation rights would require charges to the income of Federal Trust based on the estimated costs which would be incurred upon their exercise. In the event of a decline in the market price of our common stock subsequent to such a charge against earnings, a reversal of prior charges is typically made in the amount of such decline. Share awards also require a charge to income equal to the amount of the award at the time it becomes likely that the shares will be awarded, with subsequent increases or decreases based on market price fluctuations prior to the actual awarding of the shares. No stock appreciation rights or share awards have been granted or are presently intended to be granted under the Employee Program.

The terms of the Employee Program may be amended by the Program Administrators except that no such amendment may increase the maximum number of shares included in the Employee Program, change the exercise price of incentive stock options, increase the maximum term established for any option, stock appreciation right or share award, or permit any grant to a person who is not a full-time employee of Federal Trust.

FEDERAL TRUST CORPORATION PROXY STATEMENT

312 West First Street, Suite 400 Sanford, Florida 32771

Under the terms of the Employee Program, 475,000 shares of common stock have been reserved for issuance upon the exercise of options. As of March 29, 2004, incentive stock options to purchase 450,862 shares of common stock had been granted to our officers and key employees. Currently, only 24,138 shares remain available for future option grants. The following table reflects the amount of options that were granted to the four officers named in the Summary Compensation Table in this Proxy Statement.

<u>Name</u>	<u>Number of Shares Subject to Options Granted</u>	<u>Percent of Total Options Granted to Employees in 2003</u>	<u>Exercise Price</u>	<u>Expiration Date</u>
James V. Suskiewich	50,000	39.14	\$ 7.62	2013
Aubrey H. Wright, Jr.				
Stephen C. Green	10,000	7.83	7.62	2013
Daniel C. Roberts, Jr.	8,791	6.88	7.62	2013

With this proposal, we are seeking your approval to amend the Employee Program to increase the number of shares of common stock available for issuance pursuant to the exercise of stock options. Under this amendment, 10% of the number of our issued and outstanding shares, but never more than 1,000,000 shares, would be reserved for issuance under the Employee Program. If adopted, 191,181 new shares would now be reserved, for a total of 666,181. We believe this amendment will serve to increase our flexibility in recruiting and retaining qualified executives and key employees, although we do not have any present intent to grant any new options to our officers or employees.

As the proposed amendment will increase the number of shares of common stock available to be subject to options, shareholder approval of the amendments is required by the Employee Program. The amendment will be approved if the votes cast in favor of the amendment exceed those cast against it.

The Board of Directors recommends that you vote FOR

Amending the 1998 Key Employee Stock Compensation Program.

PROPOSAL 3

RATIFICATION OF THE APPOINTMENT OF AUDITORS

FOR THE FISCAL YEAR ENDING DECEMBER 31, 2004

Following consultation with the Audit Committee, our Board of Directors intends to retain the accounting firm of Hacker, Johnson & Smith, P.A. (Hacker, Johnson), as the independent auditors for Federal Trust for the fiscal year ending December 31, 2004. A representative from the firm is expected to be present at the Annual Meeting to make a statement and to respond to shareholder questions.

FEDERAL TRUST CORPORATION PROXY STATEMENT

312 West First Street, Suite 400 Sanford, Florida 32771

Audit Fees. The aggregate fees billed for professional services by Hacker, Johnson, in connection with the audit of the annual financial statements and the reviews of the financial statements included in our quarterly filings with the Securities and Exchange Commission for the fiscal years ended December 31, 2003, and December 31, 2002, were \$62,500 and \$60,000, respectively.

Audit-Related Fees. In 2002, Hacker, Johnson also billed Federal Trust \$5,000 for fees reasonably related to the performance of its audit and reviews of financial statements. Such fees included travel and courier related fees. There were no other audit-related fees in 2003.

Tax Fees. In 2003 and 2002, Hacker, Johnson also billed Federal Trust \$7,000 and \$6,500, respectively, for tax compliance and advice, including the preparation of Federal Trust's corporate tax returns.

All Other Fees. In addition to those fees described above, Hacker, Johnson also billed Federal Trust \$2,000 and \$1,500 in 2003 and 2002, respectively. Such fees were for ACH and Federal Home Loan Bank collateral audits.

In all instances, Hacker, Johnson's performance of the above services was pre-approved by our Audit Committee, except for ACH and Federal Home Loan Bank collateral audits.

In order to be adopted, this item must be approved by the holders of a majority of the outstanding shares of Federal Trust's common stock present or represented by proxy and entitled to vote at the Annual Meeting. If the shareholders do not vote in favor of the appointment of Hacker, Johnson, our Board of Directors will consider the selection of other auditors.

**The Board of Directors Recommends that Shareholders Vote FOR
the Ratification of the Selection of Hacker, Johnson & Smith, P.A.,
as our Independent Auditors for the Fiscal Year Ending December 31, 2004.**

PROPOSAL 4

ADJOURNMENT OF ANNUAL MEETING

The Board of Directors seeks your approval to adjourn the Annual Meeting in the event that there are not a sufficient number of votes at the Annual Meeting to approve any of Proposals I, II or III. In order to permit proxies that have been timely received to be voted for an adjournment, we are submitting this proposal as a separate matter for your consideration. If it is necessary to adjourn the Annual Meeting and the adjournment is for a period of less than 30 days, no notice of the time or place of the reconvened meeting will be given to shareholders, other than an announcement made at the Annual Meeting.

**The Board of Directors Recommends that Shareholders Vote FOR
the Approval of the Adjournment of the Annual Meeting.**

SHAREHOLDER PROPOSALS

In order to be eligible for inclusion in our proxy materials for our 2005 Annual Meeting, a shareholder's proposal to take action at such meeting must be received at our main office at 312 West First

Street, Suite 400, Sanford, Florida 32771, on or before December 21, 2004. Proposals must comply with the Securities and Exchange Commission's proxy rules as provided in 17 C.F.R. Section 240.14a-8 in order to be included in our proxy materials.

**COMPLIANCE WITH SECTION 16(a) OF THE
SECURITIES EXCHANGE ACT OF 1934**

Section 16(a) of the Securities Exchange Act of 1934 requires our officers, directors and any person who beneficially owns more than 10% of our common stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, directors and 10% or greater shareholders are required by regulation to furnish us with copies of all Section 16(a) forms which they file. During 2003, on all but one matter, all of our directors and executive officers who own our stock timely filed the required Form 3s, Form 4s or Form 5s with the Securities and Exchange Commission. The information on these filings reflects the current ownership position of all such individuals. On October 25, 2003, directors and executive officers were granted additional stock options. These grants were not disclosed until individual form 5s were filed on February 11, 2004, for each of the individuals that received stock options. (*See* pages 9 and 10 of this Proxy Statement for the specific amounts of each grant.)

SOLICITATION

The cost of soliciting proxies on behalf of the Board of Directors for the Annual Meeting will be borne by Federal Trust. Proxies may be solicited by directors, officers or our regular employees, in person or by telephone, e-mail or mail. We are requesting persons and entities holding shares in their names, or in the names of their nominees, to send proxy materials to, and obtain proxies from, such beneficial owners. Those persons and entities will be reimbursed for their reasonable out-of-pocket expenses. Because of the number of our shares that are held in street name, this year, as in past years, we have retained Regan & Associates, Inc., to aid in the solicitation of shareholders, brokers, banks and other institutional investors for an estimated fee of \$5,000.
