**ITEM 5. OTHER EVENTS**

Dr. Gary Patou, Chief Medical Officer of Oscient Pharmaceuticals Corporation (the Company), has informed the Company that he has entered into a written stock trading plan in accordance with Rule 10b5-1 under the Securities Exchange Act of 1934. Under the plan, Dr. Patou may sell up to 400,000 shares of the Company's common stock through the exercise of stock options prior to December 31, 2004. Currently, Dr. Patou reports beneficial ownership of options to acquire 1,140,520 shares of the Company's common stock.

Rule 10b5-1 allows persons who may be considered insiders to establish written pre-arranged stock trading plans when they do not have material, non-public information. The plans establish predetermined trading parameters that do not permit the person adopting the plan to exercise any subsequent influence over how, when or whether to effect trades. Implementation of these plans seeks to avoid concerns about executing stock transactions while in possession of material, non-public information. The plan also permits corporate officers and directors to gradually diversify their investment portfolios and may minimize the market impact of stock trades by spreading them over an extended period of time. Dr. Patou has confirmed to the Company that, as required by securities laws, he will promptly publicly disclose any option exercises or stock sales made under the plan.
