PROXY STATEMENT

ANNUAL MEETING INFORMATION

This proxy statement contains information related to the Annual Meeting of Shareholders of UGI Corporation to be held on Wednesday, February 23, 2005, beginning at 10:00 a.m., at The Desmond Hotel and Conference Center, One Liberty Boulevard, Malvern, Pennsylvania, and at any postponements or adjournments thereof. Please refer to the map showing the meeting location that appears at the back of this booklet. This proxy statement was prepared under the direction of the Company's Board of Directors to solicit your proxy for use at the Annual Meeting. It will be mailed to Shareholders on or about December 30, 2004.

Who is entitled to vote?

Shareholders of record of our Common Stock at the close of business on December 10, 2004 are entitled to vote at the Annual Meeting, or any postponement or adjournment of the meeting scheduled in accordance with Pennsylvania law. Each Shareholder has one vote per Share on all matters to be voted on. On December 10, 2004, there were 51,267,786 Shares of Common Stock outstanding.

What am I voting on?

You will be asked to elect nominees to serve on the Company's Board of Directors and to ratify the appointment of our independent public accountants for Fiscal 2005. The Board of Directors is not aware of any other matters to be presented for action at the meeting.

How does the Board of Directors recommend I vote on the proposals?

The Board of Directors recommends a vote **FOR** the election of each of the nominees for Director, and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent public accountants for Fiscal 2005.

What does it mean if I get more than one proxy card?

Edgar Filing: UGI CORP /PA/ - Form DEF 14A

If your Shares are registered differently and are in more than one account, you will receive more than one card. Please follow the directions for voting on each of the proxy cards you receive to ensure that all of your Shares are voted.

Table of Contents

How do I vote?

You may vote in one of three ways:

Vote Over the Internet

If your Shares are held in the name of a broker, bank or other nominee: Vote your Shares over the Internet by following the voting instructions provided on the voting instruction form that you receive from such broker, bank or other nominee.

If your Shares are registered in your name: Vote your Shares over the Internet by accessing the Mellon Investor Services LLC Proxy Vote Online website at:

<http://www.eproxy.com/ugi>

and following the on-screen instructions. You will need the control number that appears on your proxy card when you access the web page.

Vote By Telephone (Touch-Tone Phone Only)

If your Shares are held in the name of a broker, bank or other nominee: Vote your Shares over the telephone by following the telephone voting instructions, if any, provided on the proxy card you receive from such broker, bank or other nominee.

If your Shares are registered in your name: Vote your Shares over the telephone by accessing the telephone voting system toll-free at 1-800-435-6710 and following the telephone voting instructions. The telephone instructions will lead you through the voting process. You will need the control number that appears on your proxy card when you call.

Internet and telephone voting will provide proxy holders the same authority to vote your Shares as if you returned your proxy card by mail. In addition, Internet and telephone voting will reduce the Company's proxy-related first-class postage expenses.

Vote by Returning Your Proxy Card

You may vote by signing and returning your proxy card. The proxy holders will vote your Shares according to your directions. If you sign and return your proxy card without specifying choices, your Shares will be voted as recommended by the Board of Directors.

Table of Contents

If You Change Your Mind After Voting

You can revoke your proxy at any time before it is voted. Proxies are voted at the Annual Meeting. If you are a Shareholder of record, you can write to the Company's Corporate Secretary at our principal offices, 460 North Gulph Road, King of Prussia, Pennsylvania 19406, stating that you wish to revoke your proxy and that you need another proxy card. If you hold your Shares through a broker, bank or other nominee, you can revoke your proxy by contacting the broker, bank or other nominee and asking for a new proxy card. Alternatively, you can vote again, either over the Internet or by telephone. If you attend the meeting, you may vote by ballot, which will cancel your previous proxy vote. Your last vote is the vote that will be counted.

What is a quorum?

A quorum of the holders of the outstanding Shares must be present for the Annual Meeting to be held. A quorum is the presence at the meeting, in person or represented by proxy, of the holders of a majority of the outstanding Shares entitled to vote.

How are votes, abstentions and broker non-votes counted?

Abstentions are counted for purposes of determining the presence or absence of a quorum, but are not considered a vote cast under Pennsylvania law.

A broker non-vote may occur when a broker, bank or other nominee holding Shares on your behalf does not receive voting instructions from you. If that happens, the broker, bank or other nominee may vote those Shares only on matters deemed routine by the New York Stock Exchange, such as the election of directors and the ratification of the appointment of the independent accountants. A broker non-vote occurs when a broker has not received voting instructions and either declines to exercise its discretionary authority to vote on routine matters or is barred from doing so because the matter is non-routine. Broker non-votes are counted to determine if a quorum is present, but are not considered a vote cast under Pennsylvania law.

As a result, abstentions and broker non-votes are not included in the tabulation of the voting results on issues requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition in such tabulation.

What vote is required to approve each item?

The Director nominees will be elected by a plurality of the votes cast at the Annual Meeting. The other matter to be considered at the meeting requires the affirmative vote of a majority of the votes cast at the meeting on the item to be approved.

Table of Contents

Who will count the vote?

Mellon Investor Services LLC, our Transfer Agent, will tabulate the votes cast by proxy or in person at the Annual Meeting.

What are the deadlines for Shareholders proposals for next year s Annual Meeting?

Shareholders may submit proposals on matters appropriate for Shareholder action at future annual meetings by following the rules of the Securities and Exchange Commission. Proposals intended for inclusion in next year s proxy statement and proxy card must be received by the Company not later than September 1, 2005. With respect to proposals not intended for inclusion in the Company s proxy materials for next year s annual meeting, if the Company does not receive notice of such a proposal by November 15, 2005 and the matter is raised at that meeting, the proxy holders will have discretionary authority to vote on the matter. All proposals and notifications should be addressed to the Corporate Secretary.

How much did this proxy solicitation cost?

The Company has engaged Georgeson Shareholder to solicit proxies for the Company for a fee of \$6,500 plus reasonable expenses for additional services. We also reimburse banks, brokerage firms and other institutions, nominees, custodians and fiduciaries for their reasonable expenses for sending proxy materials to beneficial owners and obtaining their voting instructions. Certain Directors, officers and regular employees of the Company and its subsidiaries may solicit proxies personally or by telephone or facsimile without additional compensation.

Selection and Evaluation of Board Candidates

The Corporate Governance Committee seeks director candidates based upon a number of qualifications, including their independence, knowledge, judgment, character, leadership skills, education, experience, financial literacy, standing in the community, and ability to foster a diversity of backgrounds and views and to complement the Board's existing strengths. As part of the process of selecting Board candidates, the Committee obtains an opinion of the Company's General Counsel that there is no reason to believe that the Board candidate is not independent as defined by the New York Stock Exchange listing standards. The Committee conducts an annual assessment of the composition of the Board and Committees and reviews with the Board the appropriate skills and characteristics required of Board members. The Committee generally relies upon recommendations from a wide variety of its business contacts, including current executive officers, Directors, community leaders, and Shareholders as a source for potential board candidates. The Committee sometimes uses the services of a third-party executive search firm to assist it in identifying and evaluating possible nominees for director.

Directors Compensation Under the 2004 Plan

Purpose. The purpose of the 2004 Plan is to provide an incentive to our Directors, as well as our employees, to contribute to our economic success by aligning their interests with the interests of the Shareholders through grants of equity-based awards.

Administration. With respect to grants made to non-employee Directors, the 2004 Plan is administered by the Board. The Board has the authority to determine the individuals to whom grants will be made, the time when grants will be made, and the type, size, and terms of each grant.

Grants. The Board may make the following types of grants under the 2004 Plan to the non-management Directors, with terms to be established by the Board:

Stock options

Edgar Filing: UGI CORP /PA/ - Form DEF 14A

Stock Units or Performance Units whose value is based on the value of our Common Stock

Stock awards, which are awards of our Common Stock

Dividend Equivalents in connection with grants of options, Stock Units, Performance Units or other stock-based awards

Table of Contents

Other stock-based awards, which are other awards based on, measured by or payable in our Common Stock

Options. All stock options will be non-qualified stock options, which are not intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code. The exercise price of an option may not be less than the fair market value of a Share on the date of grant. The exercise price may be paid in cash, in Shares having a fair market value on the date of exercise equal to the amount of the exercise price, through a broker by having the broker sell Shares simultaneously with the exercise of the option, or by any other method permitted by the Board.

The term of each option will not exceed ten years. Except as otherwise provided by the Board, all options are fully vested on the date of the grant and may only be exercised while the participant is a Director, with exceptions for exercise following retirement, disability or death.

Stock Units. The Board may grant Stock Units to non-employee Directors. Each Stock Unit represents the right of the participant to receive a Share or an amount based on the value of a Share. Unless otherwise provided by the Board, all whole Stock Units credited to a Director earn Dividend Equivalents on each record date for the payment of a dividend by the Company on its Shares. A Dividend Equivalent is an amount determined by multiplying the number of Units credited to a participant's account by the per-Share cash dividend, or the per-Share fair market value of any non-cash dividend, paid by the Company on its Shares on a dividend payment date. Accrued Dividend Equivalents are converted to additional whole Units annually, on the last day of the calendar year.

All Stock Units and Dividend Equivalents are fully vested when credited to the participant's account. Account balances become payable in Shares upon retirement or termination of service, unless the Director elected to defer receipt of those benefits.

Transferability of Grants. Grants under the 2004 Plan are not transferable by the participant except by will or the laws of descent and distribution. Grants under the 2004 Plan may not be pledged or otherwise encumbered by a participant or otherwise subject to the claims of a participant's creditors.

Directors' Equity Compensation Plan. The UGI Corporation Directors' Equity Compensation Plan merged into the 2004 Plan as of the effective date of the 2004 Plan. All outstanding awards and Dividend Equivalents under the Directors' Equity Compensation Plan will be paid under the 2004 Plan. In the future, Dividend Equivalents will be credited under the 2004 Plan with respect to awards that were outstanding under the Directors' Equity Compensation Plan as of January 1, 2004.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The role of the Committee is to assist the Board of Directors in its oversight of the quality and integrity of the Company's financial reporting process. The Committee also has the sole authority to appoint, retain, fix the compensation of and oversee the work of the Company's independent auditors.

In this context, the Committee has met and held discussions with management and the independent auditors to review and discuss the audited financial statements for Fiscal 2004. The Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended, and the independent auditors' independence. In addition, the Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independent Discussions with Audit Committees*.

Management has the primary responsibility for the financial reporting process, including the system of internal controls, and for preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The Company's independent auditors are responsible for auditing those financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States of America. The Committee's responsibility is to monitor and review these processes.

The members of the Committee are not professionally engaged in the practice of auditing or accounting. The members of the Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with auditing standards generally accepted in the United States of America, that the financial statements are presented in accordance with accounting principles generally accepted in the United States of America or that our auditors are, in fact, independent.

Based upon the reviews and discussions described in this report, the Committee has recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2004 for filing with the Securities and Exchange Commission.

PricewaterhouseCoopers independence. The Committee concluded that the independent public accountants are independent from the Company and its management.

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the Company's independent accountants. In recognition of this responsibility, the Audit Committee has a policy of pre-approving all audit and permissible non-audit services provided by the independent accountants.

Prior to engagement of the Company's independent accountants for the next year's audit, management submits a list of services and related fees expected to be rendered during that year within each of the four categories of services noted above to the Audit Committee for approval.

REPORT OF THE COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE OF THE BOARD OF DIRECTORS

Role of the Committee

The Committee establishes and oversees the Company's executive compensation policies and programs. The Committee also recommends to the Board of Directors base salaries, target bonus levels, actual bonuses, and long-term incentive awards to be paid to senior management. The Committee, together with the independent members of the Board, determines and approves CEO compensation. In carrying out these functions, we believe it is important to align executive compensation with business objectives and strategies, management initiatives, financial performance and enhanced Shareholder value.

Our Committee is comprised of independent Directors, none of whom is or was an officer or employee of the Company or its subsidiaries. Periodically, we solicit and receive recommendations and advice from independent third-party compensation consultants. Towers Perrin has acted in this capacity since 1986. Compensation for the chief executive officers of each of UGI Utilities, Inc. and AmeriGas Propane, Inc. is determined by the Compensation Committee and Board of Directors of those companies under the same process described in this report.

Executive Compensation Program

The executive compensation program is designed to attract and retain key executives with outstanding abilities and to motivate them to perform to the full extent of their abilities. We believe that executives should have a greater portion of their compensation at risk than other employees, and that executive compensation, as stated above, should be tied to the performance of the business and be aligned with benefits realized by the Company's Shareholders.

Compensation for Company executives consists of both cash and equity-based opportunities. The annual cash compensation consists of (i) base salary and (ii) annual bonus opportunity under the Company's Annual Bonus Plan. Long-term equity-based opportunities for Fiscal 2004 are

Table of Contents

provided under the 2004 Plan and, in prior years, under the Company's 2000 Stock Incentive Plan.

The Committee determines base salary ranges for executive officers based upon competitive pay practices, including those in the energy services industry. The base salary ranges for all executive officers were set at the 50th percentile of the survey companies. For Fiscal 2004, as has been the practice in the past, the Committee reviewed a report from Towers Perrin which compared base salary ranges for executive officers with base salary ranges for similar positions, as reported in published survey results in Towers Perrin's Executive Compensation Database, and Towers Perrin's Energy Services Executive Compensation Database. This comparison was weighted to reflect the Company's approximate business mix at the beginning of Fiscal 2004.

Annually, the Committee recommends to the Board of Directors changes in actual salaries of senior executives based on judgments of past performance, job duties, scope and responsibilities, and expected future contributions. The most recent past performance is the prime determinant.

The Committee also oversees the Company's Annual Bonus Plan for senior executives. We establish challenging objectives based on business targets. For Messrs. Greenberg, Mendicino, and Knauss, the sole objective in 2004 was achieving the financial performance goal for the Company. Mr. Bissell is covered under the AmeriGas Propane, Inc. Annual Bonus Plan. For Mr. Bissell the objective is achieving the financial performance goal for AmeriGas Propane, and this result may be leveraged by 0 to 200% based on the accomplishment of strategic business goals. Mr. Chaney was covered under the UGI Utilities, Inc. Annual Bonus Plan. For Mr. Chaney, the sole objective was achieving the financial performance goal for UGI Utilities, Inc.

Each year, after completion of the audit of the Company's financial statements, the Committee reviews business results and determines and recommends to the Board cash bonus payments under the terms of the Annual Bonus Plan. The financial objective for Fiscal 2004 for UGI Corporation senior executives was achievement of targeted earnings per share. For executives whose sole objective is achieving a financial performance goal, bonus payments are subject to a maximum 15% adjustment of the calculated bonus based on the individual's contribution having a significant impact on corporate performance. During Fiscal 2004, the financial objective for UGI Utilities, Inc. was net earnings after preferred stock dividends. For AmeriGas Propane, Inc. the financial objective was earnings per AmeriGas Partners' Common Unit and the strategic business goal was achievement of targeted customer growth.

Periodically, the Committee reviews the overall competitiveness of the Annual Bonus Plan with its compensation consultant. For 2004, using the published survey sources and methodology previously identified, the Annual Bonus Plan target bonus opportunity for each executive remained at the 75th percentile of the survey companies. The 75th percentile level was determined to be appropriate in light of the Committee's view that the annual bonus opportunities should have a high reward potential to recognize the difficulty of achieving the annual goals and the significant corporate impact of doing so.

The Committee believes that the Company competes for key executives from a broad pool of companies in general industry and the energy industry. This pool of companies is much larger

Table of Contents

than the group of companies comprising the S&P Utilities Index, against which total Shareholder return is compared in the Corporate Performance section of this Proxy Statement. Therefore, the survey companies used to determine competitive pay practices and to establish base salary ranges, Annual Bonus Plan target opportunities and long-term equity-based awards, are not the same as the companies comprising the S&P Utilities Index.

The 2004 Plan permits grants of stock options, Stock Units, Performance Units, Stock, Dividend Equivalents and other stock-based awards. A Performance Unit represents the right to receive a Share, or the value of a Share, if objective, performance-based goals and other conditions are met. The Committee has established a practice of granting long-term equity-based awards annually. During Fiscal 2004, awards of stock options, Performance Units and Dividend Equivalents were made to the executive officers. Award levels were set by the Committee based on competitive practices as reported by Towers Perrin. For awards of Performance Units and Dividend Equivalents, the Committee selected total Shareholder return for the Company over a three-year period, compared to that of the companies comprising the S&P Utilities Index, as the objective performance criteria. Performance Units and Dividend Equivalents granted January 1, 2004 will be earned and vested on December 31, 2006 in amounts ranging from 0% to 200% of the original award, based on the Company's performance over that three-year performance period, relative to that of the companies in the S&P Utilities index.

In the case of Mr. Bissell, a separate AmeriGas program provides annual awards having three-year performance measurement periods. These awards consist of phantom performance-contingent restricted AmeriGas Partners' Common Units and a similar performance-contingent cash award based on Partnership distributions paid during the restriction period. The objective performance-based goal for Mr. Bissell's award is total unitholder return for AmeriGas Partners relative to a peer group of publicly traded limited partnerships.

Fiscal 2004 CEO Compensation

The compensation for Mr. Greenberg recommended by the Committee to the Board of Directors was based upon the procedure for determining base salary ranges, actual salaries within ranges, Annual Bonus Plan targets and long-term incentive awards described earlier in this report and the factors and criteria described below.

Base Salary. For Fiscal 2004, the Committee determined that Mr. Greenberg's base salary be increased by 5.94% over the level set for Fiscal 2003. In making this determination, the Committee considered (i) Mr. Greenberg's position in salary range, (ii) individual performance, and (iii) the strong overall financial, strategic and operational performance of the Company. The Committee did not assign specific weight to these factors.

Annual Bonus. For Fiscal 2004, Mr. Greenberg earned the annual bonus shown on page 24. The amount of this bonus is based on the Company's Fiscal 2004 earnings per share (excluding the dilutive effects of the Antargaz transaction), which increased 12.2% over Fiscal 2003 earnings. The Antargaz transaction is described in the Company's 2004 Annual Report.

Table of Contents

Long-Term Incentive. During Fiscal 2004, after consultation with Towers Perrin regarding industry practices, the Board made a grant to Mr. Greenberg under the 2004 Plan of 180,000 stock options, as well as a grant of 35,000 Performance Units. These grants were effective January 1, 2004 (following approval of the 2004 Plan by Shareholders in February 2004). The performance period for the Performance Units will end December 31, 2006.

Policy on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1,000,000 for compensation paid to the Chief Executive Officer and the other Named Executive Officers unless certain requirements are met. One of the requirements is that compensation over \$1,000,000 must be based upon attainment of performance goals approved by Shareholders.

To the extent possible, the Committee intends to preserve deductibility of long-term compensation, but it may choose to provide long-term compensation that is not deductible in order to maximize Shareholder return and to retain and reward high-performing executives.

(1) Bonuses earned under the Annual Bonus Plans of the Company and its subsidiaries are for the year reported, regardless of the year paid. The Annual Bonus Plans are based on the achievement of business and/or financial performance objectives, which support business plans and goals. Bonus opportunities vary by position and for Fiscal 2004 ranged from 0% to 196% of base salary for Mr. Greenberg, 0% to 150% for Mr. Mendicino, 0% to 150% for Mr. Bissell, 0% to 86% for Mr. Chaney, and 0% to 104% for Mr. Knauss.

(2) Amounts represent tax payment reimbursements for certain benefits.

(3) Effective January 1, 2004, the Board of Directors of the Company and, with respect to Mr. Chaney, the Board of Directors of UGI Utilities, Inc., approved performance units (Performance Units) to the Named Executives, other than Mr. Bissell, under the 2004 Plan. Each Performance Unit represents the right of the recipient to receive a share of Stock or an amount based on the value of a share of Stock, if specified performance goals and other conditions are met. Dividend Equivalents will accumulate on the Performance Units awarded. A Dividend Equivalent is an amount determined by multiplying the number of Units credited to a recipient's account by the per-Share cash dividend, or the per-Share fair market value of any non-cash dividend, paid by the Company on its Shares on a dividend payment date. These Dividend Equivalents will also be leveraged based on the Company's total shareholder return (TSR) performance as described below and distributed when the performance period on the Performance Units ends on December 31, 2006. If the recipient ceases to be employed by the Company before the end of the performance period, other than by reason of retirement, disability or death, awards of Performance Units and Dividend Equivalents will be forfeited. The performance requirement is that the Company's TSR during the relevant performance period equals the median of a peer group. The peer group is the group of companies that comprise the S&P Utilities Index. The actual amount of the award may be higher or lower than the original grant, or even zero, based on the Company's TSR percentile rank relative to the companies in the S&P Utilities Index. The maximum payout potential is 200% of the original award. The maximum number of Shares to be issued in respect of awards of Performance Units will be the target number of Shares originally awarded. All leverage on awards of Performance Units will be paid in cash, as will Dividend Equivalents.

Effective January 1, 2004, the Board of Directors of AmeriGas Propane, Inc. approved a phantom performance-contingent restricted Common Unit award (Restricted Units) to Mr. Bissell, under the 2000 AmeriGas Propane, Inc. Long-Term Incentive Plan. Each Restricted Unit represents the right of the recipient to receive a Common Unit or an amount based on the value of a Common Unit, if specified performance goals and other conditions are met. Distribution Equivalents will accumulate on the Restricted Units awarded. These Distribution Equivalents may be leveraged based on performance described below. The performance period for the award will end on December 31, 2006. If the recipient ceases to be employed by the General Partner before December 31, 2006, other than by reason of retirement, disability or death, all awards of Restricted Units and Distribution Equivalents will be forfeited. The performance requirement is that the Partnership's total unitholder return (TR) during the relevant measurement period equals the median TR of a peer group of publicly traded limited partnerships. The actual amount of the award may be higher or lower than the original grant, or even zero, based on the Partnership's TR percentile rank relative to that of the partnerships in the peer group. The maximum payout potential is 200% of the original award.

Each Restricted Share represents the right of the recipient to receive a share of Stock or an amount based on the value of a share of Stock, if specified performance goals and other conditions are met. Dividend Equivalents will accumulate on the Restricted Shares awarded. These Dividend Equivalents will also be leveraged based on the Company's total Shareholder return (TSR) performance as described below and distributed when the performance period on the Restricted Shares ends on December 31, 2005. If the recipient ceases to be employed by the Company before the end of the performance period, other than by reason of retirement, disability or death, awards of Restricted Shares and Dividend Equivalents will be forfeited. The performance requirement is that the Company's TSR during the relevant performance period equals the median of a peer group. The peer group is the group of companies that comprise the S&P Utilities Index. The actual amount of the award may be higher or lower than the original grant, or even zero, based on the Company's TSR percentile rank relative to the companies in the S&P Utilities Index. The maximum payout potential is 200% of the original award. The maximum number of Shares to be issued in respect of awards of Restricted Shares will be the target number of Shares originally awarded. All leverage on awards of Restricted Shares will be paid in cash, as will Dividend Equivalents.

Effective January 1, 2003, the Board of Directors of AmeriGas Propane, Inc. approved three awards of Restricted Units to Mr. Bissell and Mr. Knauss, under the 2000 AmeriGas Propane, Inc. Long-Term Incentive Plan. The performance requirement for the first performance measurement period was not met, and therefore, that award was forfeited. Distribution Equivalents will accumulate on the Restricted Units awarded. These Distribution Equivalents may be leveraged based on performance described below. Each award has a separate performance measurement period as follows: January 1, 2003 through December 31, 2003; January 1, 2003 through December 31, 2004; and January 1, 2003 through December 31, 2005. The performance period for all three awards will end on December 31, 2005. The two remaining awards are shown above. If the recipient ceases to be employed by the General Partner before December 31, 2005, other than by reason of retirement, disability or death, all awards of Restricted Units and Distribution Equivalents will be forfeited. The performance requirement is that the Partnership's total unitholder return (TR) during the relevant measurement period equals the median TR of a peer group of publicly traded limited partnerships. The actual amount of the award may be higher or lower than the original grant, or even zero, based on the Partnership's TR percentile rank relative to that of the partnerships in the peer group. The maximum payout potential is 200% of the original award.

Effective January 1, 2002, the Board of Directors of the Company and, with respect to Mr. Chaney, the Board of Directors of UGI Utilities, Inc., approved three awards of Restricted Shares to the Named Executives, other than Messrs. Bissell and Knauss, under the UGI Corporation 2000 Stock Incentive Plan. Dividend Equivalents will accumulate on the Restricted Shares awarded. These Dividend Equivalents will also be leveraged based on the Company's TSR performance as described below and distributed when the performance period on the Restricted Shares ends on December 31, 2004. Each award has a separate performance measurement period as follows: January 1, 2002 through December 31, 2002; January 1, 2002 through December 31, 2003; and January 1, 2002 through December 31, 2004. The performance period for all three awards will end on December 31, 2004. If the recipient ceases to be employed by the Company before the end of the performance period, other than by reason of retirement, disability or death, awards of Restricted Shares and Dividend Equivalents will be forfeited. The performance requirement is that the Company's TSR during the relevant performance measurement period equals the median of a peer group. The peer group is the group of companies that comprise the S&P Utilities Index. The actual amount of the award may be higher or lower than the original grant, or even zero, based on the Company's TSR percentile rank relative to the companies in the S&P Utilities Index. The maximum payout potential is 200% of the original award. The maximum number of shares to be issued in respect of awards of Restricted Shares will be the target number of shares originally awarded. All leverage on Restricted Share awards will be paid in cash, as will Dividend Equivalents.

Effective January 1, 2002, the Board of Directors of AmeriGas Propane, Inc. approved an award of Restricted Units to Mr. Bissell and Mr. Knauss under the 2000 AmeriGas Propane, Inc. Long-Term Incentive Plan. Distribution Equivalents will accumulate on the Restricted Units awarded. These distributions will be paid out when the performance period on the Restricted Units ends on December 31, 2004. The performance requirement was AmeriGas' meaningful progress toward the achievement of its strategic objectives during 2002 including the Partnership's acquisition integration, productivity improvement, internal growth, and cash generation goals. The Restricted Units reported for Fiscal 2002 reflect actual performance equal to 85% of the original award.

Table of Contents

The dollar values shown in the Restricted Stock Awards column of the table above for all years, represent the aggregate value of each award on the date of grant, determined by multiplying the number of Performance Units and Restricted Shares (collectively, Restricted Shares) awarded by the closing price of UGI Common Stock or, for Mr. Bissell and Mr. Knauss, the number of Restricted Units by the closing price of a Common Unit, on the New York Stock Exchange on the effective dates of the respective grants. Mr. Knauss' Fiscal 2004 award was in Performance Units, and his Fiscal 2003 and 2002 awards were in Restricted Units. The total number of Restricted Shares reflected in the table above, and the total market value of those Shares as of September 30, 2004 is as follows: Mr. Greenberg, 191,000 Restricted Shares - market value \$7,116,660; Mr. Mendicino, 48,000 Restricted Shares - market value \$1,788,480; Mr. Chaney, 28,500 Restricted Shares - market value \$1,061,910; and Mr. Knauss, 3,000 Restricted Shares - market value \$111,780. Robert H. Knauss	19,000	2.65%	\$ 33.97	12/31/2013	\$ 80,370	

- (1) A total of 717,500 options were granted to employees and executive officers of the Company during Fiscal 2004 under the 2004 Plan. Under this Plan, the option exercise price is not less than 100% of the fair market value of UGI's Common Stock on the effective date of the grant. The options shown above become exercisable in three equal annual installments beginning on the first anniversary of the grant date. All options are nontransferable and generally exercisable only while the optionee is employed by the Company or an affiliate, with exceptions for exercise following retirement, disability and death. Options are subject to adjustment in the

Table of Contents

event of recapitalizations, stock splits, mergers, and other similar corporate transactions affecting UGI's Common Stock.

(2) Based on the Black-Scholes options pricing model. The assumptions used in calculating the grant date present value are as follows:

Three years of closing monthly stock price and dividend observations were used to calculate the stock volatility and dividend yield assumptions.	
Stock volatility	18.36%
Stock's dividend yield	4.96%
Length of option term	10 years
Annualized risk-free interest rate	4.58%
Discount of risk of forfeiture	3% per year

All options were granted at fair market value. The actual value, if any, the executive may realize will depend on the excess of the stock price on the date the option is exercised over the exercise price. There is no assurance that the value realized by the executive will be at or near the value estimated by the Black-Scholes model.

(1) Value realized is calculated on the difference between the option exercise price and the fair market value of the Company's Common Stock on the date of exercise multiplied by the number of Shares to which the exercise relates.

(2) The closing price of the Company's Common Stock as reported on the New York Stock Exchange Composite tape on September 30, 2004 was \$37.26 and is used in calculating the value of unexercised options.

Table of Contents**Retirement Benefits**

The following Pension Plan Benefits Table shows the annual benefits payable upon retirement to the Named Executives other than Mr. Bissell under the Company's Retirement Plan and its Supplemental Executive Retirement Plan. Greenberg, Mendicino, Chaney and Knauss had, respectively, 24 years, 12 years, 40 years and 18 years of credited service under these Plans at September 30, 2004. Mr. Bissell has a vested annual retirement benefit of approximately \$3,300 based on prior credited service with UGI and its subsidiaries. He does not currently participate in the Company's Retirement Plan.

⁽²⁾ Annual benefits are computed on the basis of straight life annuity amounts. These amounts include pension benefits, if any, to which a participant may be entitled as a result of participation in a pension plan of a subsidiary during previous periods of employment. The amounts shown do not take into account exclusion of up to 35% of the estimated primary Social Security benefit. The Retirement Plan provides a minimum benefit equal to 25% of a participant's final 12-months' earnings, reduced proportionately for less than 15 years of credited service at retirement. The minimum Retirement Plan benefit is not subject to Social Security offset.

⁽³⁾ The maximum benefit under the Retirement Plan and the UGI Supplemental Executive Retirement Plan is equal to 60% of a participant's highest consecutive 12 months' earnings during the last 120 months.

Severance Pay Plan for Senior Executive Employees

The UGI Corporation Severance Pay Plan for Senior Executive Employees and the AmeriGas Propane, Inc. Executive Employee Severance Pay Plan assist certain senior level employees of the Company and AmeriGas Propane, Inc. in the event their employment is terminated without fault on their part. Benefits are payable to a senior executive covered by either Severance Plan if the senior executive's employment is involuntarily terminated for any reason other than for cause or as a result of the senior executive's death or disability.

Each Severance Plan provides for cash payments equal to a participant's compensation for a period of time ranging from 3 months to 15 months (30 months in the case of Mr. Greenberg and 18 months in the case of Mr. Bissell), depending on length of service. In addition, a participant receives the cash equivalent of his target bonus under the Annual Bonus Plan, pro-rated for the number of months served in the fiscal year. However, if the termination occurs in the last two months of the fiscal year, the Chief Executive Officer has the discretion to determine whether the participant will receive a pro-rated target bonus, or the actual annual bonus which would have been paid after the end of the fiscal year, had the participant's entire bonus been contingent on meeting the Company's financial performance goal. Certain employee benefits are continued under the Plan for a period up to 15 months (30 months in the case of Mr. Greenberg and 18 months in the case of Mr. Bissell). The Company has the option to pay a participant the cash equivalent of those employee benefits. All payments under the Severance Plans can be reduced by an amount equal to the fair market value of certain equity-based awards, other than stock options, payable to the participant after the termination of employment.

In order to receive benefits under the applicable Severance Plan, a senior executive is required to execute a release which discharges the Company and its subsidiaries from liability for any claims the senior executive may have against any of them, other than claims for amounts or benefits due the executive under any plan, program or contract binding on UGI or its subsidiaries. The senior executive is also required to ratify post-employment activities agreements and to cooperate in attending to matters pending at the time of his termination.

Change of Control Arrangements

Messrs. Greenberg, Mendicino, Bissell and Knauss each have an agreement with the Company, or its subsidiary, AmeriGas Propane, Inc., that provides certain benefits in the event of a change of control of the Company. The agreements operate independently of the Severance Plan, and are automatically renewed annually for one-year terms unless, prior to a change of control, the Company terminates an agreement. In the absence of a change of control or termination by the Company, each agreement will terminate when, for any reason, the executive terminates his employment with the Company or its subsidiaries.

Table of Contents

A change of control is generally deemed to occur in the following instances:

Any person (other than certain persons or entities affiliated with the Company), together with all affiliates and associates of such person, acquires securities representing 20% or more of either (A) the then outstanding Shares of Common Stock, or (B) the combined voting power of the Company's then outstanding voting securities; or

individuals, who at the beginning of any 24-month period constitute the Board of Directors (the Incumbent Board) and any new Director whose election by the Board of Directors, or nomination for election by the Company's Shareholders, was approved by a vote of at least a majority of the Incumbent Board, cease for any reason to constitute a majority; or

the Company is reorganized, merged or consolidated with or into, or sells all or substantially all of its assets to, another corporation in a transaction in which former Shareholders of the Company do not own more than 50% of, respectively, the outstanding Common Stock and the combined voting power of the then outstanding voting securities of the surviving or acquiring corporation; or

the Company is liquidated or dissolved.

The agreement covering Mr. Bissell provides benefits upon a change of control of AmeriGas Propane, Inc. or its subsidiaries, in addition to providing benefits in the event of a change of control of the Company.

The agreements provide for payment of severance benefits if there is a termination of the executive's employment without cause at any time within three years after a change of control. In addition, following a change of control, the executive may elect to terminate his employment without loss of severance benefits in certain situations, including termination of officer status; a significant adverse change in authority, duties, responsibilities or compensation; the failure of the Company to comply with any of the terms of the agreement; or a substantial relocation or excessive travel requirements.

An executive terminated with rights to severance compensation under a change of control agreement will receive an amount equal to 1.0 or 1.5 (2.5 in the case of Mr. Greenberg) times his average annual total cash remuneration for the preceding five calendar years. If the severance compensation payable, either alone or together with other payments to an executive, would constitute excess parachute payments, as defined in Section 280G of the Internal Revenue Code of 1986, as amended, the executive will also receive an amount to satisfy the executive's additional tax burden.

Stock Ownership Policy and Indebtedness of Management

The Board of Directors established a policy effective October 1, 1997 that requires individuals in key management positions in the Company and its subsidiaries to own significant amounts of Common Stock. The required levels of ownership currently range from 3,000 Shares to 150,000 Shares for the Company's Chief Executive Officer. The policy is designed to

Table of Contents

encourage growth in Shareholder value by closely linking executives' risks and rewards with the Company's total Shareholder return. Prior to enactment of the Sarbanes-Oxley Act of 2002, the Company assisted officers and employees in purchasing Stock to comply with the policy by making interest-bearing loans available. Each loan is full recourse to the borrower and is secured by a pledge of the Stock purchased. All loans had 10-year terms. The Company is not currently offering loans under this program.

All of the Company's executive officers obtained loans to finance the purchase of Stock to comply with the policy. As of October 1, 2003, all of the executive officers had repaid their loans in full, except Mr. Hall. The highest amount outstanding under Mr. Hall's loan during Fiscal 2004 was \$76,060. On September 30, 2004, he had an outstanding balance of \$57,440.

Market Price of Shares

The closing price of our stock, as reported on the New York Stock Exchange Composite Tape on December 10, 2004 was \$40.06.

ITEM 2 RATIFICATION OF APPOINTMENT OF

INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee of the Board of Directors appointed PricewaterhouseCoopers as independent public accountants to examine and report on the consolidated financial statements of the Company for Fiscal 2005 and recommends that the Shareholders ratify the appointment. If the Shareholders do not ratify the appointment of PricewaterhouseCoopers, the Audit Committee will consider the appointment of other independent public accountants. One or more representatives of PricewaterhouseCoopers will be present at the Annual Meeting. They will have the opportunity to respond to appropriate questions and to make a statement if they wish to do so.

The Board of Directors of UGI Corporation unanimously recommends a vote FOR this proposal.

ITEM 3 OTHER MATTERS

The Board of Directors is not aware of any other matter to be presented for action at the meeting. If any other matter requiring a vote of the Shareholders should arise, the Proxies (or their substitutes) will vote in accordance with their best judgment.
