PROXY STATEMENT

The Board of Directors of Fifth Third Bancorp (the Company) is soliciting proxies, the form of which is enclosed, for the Annual Meeting of Shareholders to be held at The Aronoff Center for the Arts, Jarson-Kaplan Theater, 650 Walnut Street, Cincinnati, Ohio on Tuesday, March 22, 2005 at 11:30 a.m. (the Annual Meeting). Each of the 553,283,714 shares of Common Stock outstanding on January 31, 2005 is entitled to one vote on all matters acted upon at the Annual Meeting, and only shareholders of record on the books of the Company at the close of business on January 31, 2005 will be entitled to vote at the Annual Meeting, either in person or by proxy. The shares represented by all properly executed proxies which are sent to the Company will be voted as designated and each not designated will be voted and counted as described in this proxy statement. Each person giving a proxy may revoke it by giving notice to the Company in writing or in open meeting at any time before it is voted.

The laws of Ohio under which the Company is incorporated provide that if notice in writing is given by any shareholder to the President, a Vice President, or the Secretary of the Company not less than forty-eight (48) hours before the time fixed for holding a meeting of shareholders for the purpose of electing Directors that such shareholder desires that the voting at such election shall be cumulative, and if an announcement of the giving of such notice is made upon the convening of the meeting by the Chairman or Secretary or by or on behalf of the shareholder giving such notice, each shareholder shall have the right to cumulate such voting power as he or she possesses in voting for Directors.

The expense of soliciting proxies will be borne by the Company. Proxies will be solicited principally by mail, but may also be solicited by the Directors, officers, and other regular employees of the Company, who will receive no compensation therefor in addition to their regular compensation. Brokers and others who hold stock on behalf of others will be asked to send proxy material to the beneficial owners of the stock, and the Company will reimburse them for their expenses.

The Company has retained D.F. King & Co., Inc., a proxy solicitation firm, to assist the Company in soliciting proxies. The Company anticipates that the costs of D.F. King's services will be approximately \$9,000.

The Annual Report of the Company for the year 2004, including financial statements, has been delivered to all shareholders. Such report and financial statements are not a part of this Proxy Statement. This Proxy Statement and the form of proxy are first being sent to shareholders on or about February 23, 2005.

CERTAIN BENEFICIAL OWNERS

Under Section 13(d) of the Securities Exchange Act of 1934, a beneficial owner of a security is any person who directly or indirectly has or shares voting power or investment power over such security. Such beneficial owner under this definition need not enjoy the economic benefit of such securities. The following are the only shareholders known to the Company to be deemed to be beneficial owners of 5% or more of the Common Stock of the Company as of December 31, 2004:

<u>Title of Class</u>	<u>Name and Address of Beneficial Owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percent of Class</u>
Common Stock	Cincinnati Financial Corporation 6200 South Gilmore Fairfield, Ohio 45014	72,780,560 ⁽¹⁾	13.05%
Common Stock	Fifth Third Bancorp Subsidiary Banks 38 Fountain Square Plaza Cincinnati, Ohio 45263	31,034,046 ⁽²⁾	5.57%

- (1) Cincinnati Financial Corporation owns 27,183,604 shares of the Common Stock of the Company. Cincinnati Insurance Company, Cincinnati Casualty Company, Cincinnati Life Insurance Company and CINFIN Capital, subsidiaries of Cincinnati Financial Corporation, own 43,136,352 shares, 1,419,979 shares, 1,036,125 shares and 4,500 shares, respectively.
- (2) Two wholly-owned bank subsidiaries of the Company are the beneficial owners of 11,767,944 shares. The banks hold these shares in a fiduciary capacity under numerous trust relationships, none of which relates to more than 5% of the shares, and have sole or shared voting power, and sole or shared investment power over these shares. The banks also hold shares in a non-discretionary capacity, and disclaim any beneficial interest in all shares held in these capacities.

ELECTION OF DIRECTORS

In accordance with the Company's Code of Regulations, the Board of Directors is classified into three classes. Each class is to be elected to separate three (3) year terms with each term expiring in different years. At each Annual Meeting the Directors or nominees constituting one class are elected for a three (3) year term. The term of those Directors listed below as Class I expires at the Annual Meeting on March 22, 2005 and this Class contains the nominees to be elected to serve until the Annual Meeting of Shareholders in 2008. In June 2004, Richard T. Farmer, a Class II Director, retired as a Director. At its June 15, 2004 meeting the Board of Directors voted to decrease the size of the Board such that no vacancies resulted from Mr. Farmer's retirement. Mr. Farmer has generously given valuable years of service to the Company. Any vacancies that occur after the Directors are elected may be filled by the Board of Directors in accordance with law for the remainder of the full term of the vacant directorship.

Director candidates are nominated by the Company's Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee's Charter directs the Committee to investigate and assess the background and skills of potential candidates and to maintain an active file of suitable candidates for directors. The Nominating and Corporate Governance Committee is empowered to engage a third party search firm to assist, but the Committee currently believes that the existing directors and executive management of the Company and its subsidiaries have significant networks of business contacts that likely will form the pipeline from which candidates will be identified. Upon

Edgar Filing: FIFTH THIRD BANCORP - Form DEF 14A

identifying a candidate for serious consideration, one or more members of the Nominating and Corporate Governance Committee would initially interview such candidate. If a candidate merited further consideration, the candidate would subsequently interview with all other Committee members (individually or as a group), meet the Company's Chief Executive Officer and other executive officers

and ultimately meet many of the other Directors. The Nominating and Corporate Governance Committee would elicit feedback from all persons who met the candidate and then determine whether or not to nominate the candidate.

The Company's Corporate Governance Guidelines set forth the following criteria for Directors: independence; highest personal and professional ethics and integrity; willing to devote sufficient time to fulfilling duties as a Director; impact on the diversity of the Board's overall experience in business, government, education, technology and other areas relevant to the Company's business; impact on the diversity of the Board's composition in terms of age, skills, ethnicity and other factors relevant to the Company's business; and number of other public company boards on which the candidate may serve (generally, should not be more than three public company boards in addition to the Company). The Company's Corporate Governance Guidelines provide that shareholders may propose nominees by submitting the names and qualifications of such persons to the Nominating and Corporate Governance Committee no later than December 31 of each year. Submissions are to be addressed to the Nominating and Corporate Governance Committee at the Company's executive offices, which submissions will then be forwarded to the Committee. The Nominating and Corporate Governance Committee would then evaluate the possible nominee using the criteria outlined above and would consider such person in comparison to all other candidates. The Nominating and Corporate Governance Committee is not obligated to nominate any such individual for election. No such shareholder nominations have been received by the Company for this Annual Meeting. Accordingly, no rejections or refusals of such candidates have been made by the Company.

The Nominating and Corporate Governance Committee did not hire any director search firm in 2004 or 2005 and, accordingly, paid no fees to any such company. As indicated above, however, the Nominating and Corporate Governance Committee may do so in the future if necessary.

The Nominating and Corporate Governance Committee of the Board of Directors has nominated for election as Class I Directors the following five (5) persons, all of whom are presently serving as Class I Directors of the Company: James P. Hackett, Joan R. Herschede, Robert L. Koch II, Kenneth W. Lowe and Thomas W. Traylor. Unless instructed otherwise, it is the intention of the persons named in the Proxy to vote for the election of all nominees named. If any nominee(s) shall be unable to serve, which is not now contemplated, the proxies will be voted for such substitute nominee(s) as the Nominating and Corporate Governance Committee of the Board of Directors recommends. Proxies in the form solicited hereby which are returned to the Company will be voted in favor of the five (5) nominees specified above unless otherwise instructed by the shareholder. Shares not voted by brokers and other entities holding shares on behalf of beneficial owners will not be counted and will have no effect on the outcome of the election. Nominees receiving the five (5) highest totals of votes cast in the election will be elected as directors.

Neither the Board nor the Nominating and Corporate Governance Committee has implemented a formal policy regarding director attendance at the Annual Meeting. Typically, the Board holds its annual organizational meeting directly following the Annual Meeting, which results in most directors being able to attend the Annual Meeting. In 2004, 14 Directors attended the Annual Meeting.

The following tables set forth information with respect to each Class I Director and with respect to the continuing incumbent Directors in Classes II and III of the Board of Directors. The Board of Directors has determined that all Directors have met the independence standards of Rule 4200(a)(15) of the National Association of Securities Dealers listing standards with the exceptions of Messrs. Schaefer and Schiff.

The Company has implemented stock ownership guidelines for its senior officers, including its executive officers. These guidelines are available in the Corporate Governance Section of the Company's website at www.53.com. The guideline for the Company's Chief Executive Officer represents shares having a value of approximately nine to ten times his base salary and the guidelines for the Company's other executive officers represent shares having a value of approximately three to four times base salary. Executive officers will be required to retain 50% of the shares delivered under the Company's equity compensation plans (net of taxes) until the ownership guidelines are met. In addition, executive officers will be required to retain 100% of net after-tax shares delivered under the Company's equity compensation plans for a minimum of one year following exercise or vesting, as the case may be.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and Directors, and persons who own more than ten percent of a registered class of the Company's stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission (SEC). Executive officers, Directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Annual Statement of Changes In Beneficial Ownership of Securities on Form 5 were required for those persons, the Company believes that, for the period January 1, 2004 through December 31, 2004, its executive officers and Directors complied with all filing requirements applicable to them except for Greg D. Carmichael, Executive Vice President and Chief Information Officer and two of our Directors- Messrs. Koch and Meijer. Mr. Carmichael failed to timely report on Form 4 the disposition of stock to satisfy taxes on vesting of restricted stock, Mr. Koch failed to timely report on Form 4 the acquisition of stock by his wife in a pro rata distribution from a limited partnership, and Mr. Meijer failed to timely report on Form 4 a sale of shares of stock on his behalf. Each of these transactions were subsequently reported by such persons on Form 4s.

- (1) Benefits shown are computed on the basis of a straight life annuity. Other available forms of benefits payment under the Retirement Plan, which are the actuarial equivalent of the straight life annuity, are the joint and surviving spouse annuity, the contingent annuitant option, the life 10-year-certain option, and

the single lump-sum option. The method of payment from the Supplemental Plan is either a single lump sum or an installment.

- (2) Under the current law, the maximum annual pension benefit payable under the Internal Revenue Code, applicable to the Retirement Plan, is \$165,000 for 2004. Any annual pension benefit accrued over \$165,000 is payable under the Supplemental Plan.
- (3) The Retirement Plan and Supplemental Plan were frozen as of November 15, 1998 except for employees who were at least age 50 and had 15 years of credited service as of December 31, 1998. For the purpose of computing a benefit under these Plans on December, 31, 2004, Mr. Schaefer had 33 years of credited service and Mr. Arnold, 14 years. Mr. Schaefer continues to accrue benefits under these Plans. Mr. Arnold is not accruing benefits under these Plans but does continue to accrue service for eligibility of an immediate early retirement benefit. Mr. Kabat has a frozen benefit related to his service with Old Kent Financial Corporation. His annual benefit at age 65 would be approximately \$65,400. Mr. Carmichael and Mr. Sullivan joined the Company after these plans were frozen and therefore are not eligible to participate.
- (4) The amounts shown are the gross benefit amounts provided by both the Retirement Plan and the Supplemental Plan. Plan benefits are determined as 30.5% of final average pay minus 11.1% of the participant's social security final average compensation (up to his social security covered compensation) with a reduction of 1/30th for each year of credited service less than 30. Benefits are also reduced for termination of service prior to age 60, for a commencement of benefit payments prior to age 60, and eliminated under the vesting schedule if the participant has less than five (5) vesting years.
- (5) Compensation for retirement benefit calculations under the Retirement Plan is defined as the base rate of pay plus variable compensation and is based on the final average pay for the highest five consecutive years out of the ten years preceding retirement. The 2004 base pay plus variable compensation are substantially the same as the amounts shown under the Salary and Bonus columns of the Summary Compensation Table. No more than an inflation adjusted \$200,000 limit is taken into consideration under the Retirement Plan. Compensation in excess of an inflation adjusted \$200,000 limit is taken into account under the Supplemental Plan.

Compensation of Directors

Non-employee Directors of the Company receive a single annual retainer of \$50,000 (payable \$25,000 in cash and approximately \$25,000 in restricted stock granted under the Company's Incentive Compensation Plan and vesting at the end of the year) and a fee of \$1,500 per meeting attended. Non-employee Directors (other than committee chairs) receive a fee of \$1,500 per committee meeting attended. Committee chairs receive an additional annual retainer of \$7,500 and receive \$2,500 per committee meeting. Pursuant to a Deferred Compensation Plan, Directors may annually defer from one-half to all of their compensation as Directors until age 65 or until they cease to serve on the Board, whichever occurs last. The deferred funds bear interest until paid at an annually adjusted rate equal to 1% over the U.S. treasury bill rate or Directors may elect to receive a return on deferred funds at a rate equal to the rate of return on the Company's stock. Directors who are also employees receive no additional compensation for service on the Board.

The Company's Incentive Compensation Plan provides that the Compensation Committee has full authority to provide stock-based or other incentive awards to non-employee Directors. Except as described above, in 2004 there were no stock-based or other incentive awards granted under the Incentive Compensation Plan to the non-employee Directors.

REPORT OF THE COMPENSATION COMMITTEE

The following Report of the Compensation Committee and the performance graph included elsewhere in this Proxy Statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report or the performance graphs by reference therein.

Policy

The Company's cash compensation package for its executive officers consists of two components: (1) base salary; and (2) annual performance-based bonuses. The Company also provides stock based equity incentive grants to its executive officers as a means to drive long-term performance and promote ownership in the Company.

The Compensation Committee (the Committee) is composed of independent Directors. This Committee is responsible for the approval and administration of the base salary level and annual bonus compensation programs as well as the stock based equity incentive program for executive officers. In determining compensation levels the Committee considers salary and bonus levels which will attract and retain qualified executives when combined with the other components of the Company's compensation programs including long term stock based equity grants. The Committee also considers programs that will incorporate specific annual performance criteria and will reward continuous improvement in their respective areas as well as the Company as a whole, which contribute to long-term shareholder value.

The Company's philosophy for granting stock based equity incentive awards is based on the principles of encouraging key employees to remain with the Company and to encourage ownership. Stock based equity grants reinforce a long-term interest in the Company's overall performance and incent those executive officers to manage with a view toward maximizing long-term shareholder value.

The Company uses the services of Towers Perrin, an executive compensation-consulting firm, to perform competitive peer analysis on an annual basis. In conjunction with the Company, Towers Perrin identified a group of peer companies based on market capitalization, geographic location, performance and similarity in lines of business.

Base Salary

Executive officers' salaries are determined by evaluating both the most recent comparative peer data and their role and responsibilities. Individual salaries are reviewed annually and salary increases are based on the Company's overall performance and the executive's attainment of individual objectives during the preceding year.

Annual Bonuses

Edgar Filing: FIFTH THIRD BANCORP - Form DEF 14A

Officers eligible to receive bonuses are placed in bonus pools that designate their bonus opportunity based on their position and job level. Executive Officers are defined as the President and Chief Executive Officer and those individuals who are Executive Vice Presidents of the Company. Executive Officers are specifically designated by the Committee as participants in the bonus pool by virtue of the Incentive Compensation Plan (the Plan) which was approved and adopted by the Company's shareholders in 2004. The Plan allows the Company to issue Annual Incentive Awards comprised of cash or equity awards. The Committee met in early 2004 and established Performance Goals (as defined in the Plan) in the form of a bonus matrix comprised of incrementally increasing amounts of earnings per share, which, if attained, make an incentive bonus pool available for payments. In 2004, the Company's target goal was to increase earnings per share by 10.8%, on a comparable basis over 2003. The matrix was established by the Committee to reflect a bonus pool, which increased if incrementally higher net income resulted in 2004 as compared to 2003. Bonus payments would be earned if the increase in earnings per share was in a range between 7.3% and 16.7%, where maximum payout would be

earned. The Committee also has discretion under the Plan, as in past years, to consider unusual items that impacted earnings per share of the Company, both those items that contribute to an increase in earnings per share of the Company and those that contribute to a decrease in earnings per share. At a meeting held on February 3, 2005 the Committee determined that earnings for 2004 were sufficient to award bonuses to the officers (other than Executive Officers) at the target amount. The Committee determined that the bonuses paid to these officers should be adjusted based on individual goals of these officers including quantitative and qualitative goals as established by their managers.

At the Committee's February 9, 2005 meeting, the Committee considered bonus payments to Executive Officers and considered the performance of the Company as compared to the Performance Goals for the 2004 plan year. Based on the Company's performance, the Committee determined that, based solely on publicly reported earnings per share, the Performance Goals were not met for 2004. The Committee however, utilizing its discretion under the Plan and applying its best business judgment, analyzed additional factors. Those additional factors included: comparison of the Company's net income performance to its peer group; total cash compensation necessary to meet the objectives of hiring and retaining top executive talent; substantial progress in addressing regulatory matters; investment in a significant increase in the size of the Company's sales force including the expense of hiring additional sales employees during 2004; accomplishment of executive management leadership objectives; expense associated with charitable and community contributions and involvement; expense associated with the acquisition and preparation for the integration of First National Bankshares incurred in 2004 and economic conditions that impacted all financial institutions during 2004. The Committee's focus in that review was to weigh the actions of management initiated for investment in the long-term growth of the Company against decisions that could have been made for short-term results. The Committee determined that based on these quantitative and qualitative factors some level of Annual Incentive Awards should be made to the Executive Officers at a level below the targets established for the Company. In making its determination the Committee applied its business judgment to those unusual items discussed above which were not contemplated when the matrix was established in 2004 but that impacted earnings per share in 2004. The Committee determined that but for these items and, after subtracting items that contributed to an increase in earnings per share, the Company's performance would have been sufficient to award payments pursuant to the Plan. The Committee also took the performance evaluations of the Executive Officers into consideration. The members of the Committee determined that although some bonus payments should be made to Executive Officers, bonus payments should be less than the Annual Incentive Awards paid to those Executive Officers in prior years.

Stock Based Equity Compensation Grants

Awards based on the Company's Common Stock are granted annually to Executive Officers. Grants of Stock Appreciation Rights (SARs), Restricted Stock and Performance Units to Executive Officers in 2004 were made under the Incentive Compensation Plan. Grants of SARs are made to Executive Officers at an exercise price of 100% of the market value on the date of grant. Grants of Restricted Stock were made to a limited number of Executive Officers and generally have a four-year period of restriction. Performance Units were granted to the remaining Executive Officers with a three-year performance period.

The Performance Units were granted with goals set in terms of relative total shareholder return in relation to a peer group. The grants established a threshold payout of 50% of the target number of shares granted for achieving a 40th percentile relative total shareholder return, a target payout of 100% of the target number of shares granted for achieving a 50th percentile relative total shareholder return, and a maximum payout of 200% of the target number of shares granted for achieving a 90th percentile relative total shareholder return. The Performance Units are payable half in cash and half in common stock.

The Company's philosophy in granting stock based equity compensation is to increase Executive Officer ownership in the Company. The Company therefore believes that executive officers will have an incentive to manage with a view toward maximizing long-term shareholder value. In determining the total amount to be granted annually to all recipients, including the Executive Officers, the Committee considers the amount of stock based equity compensation grants already held by the Executive Officer, dilution, number of shares of Common

Stock outstanding and the performance of the Company during the immediately preceding year. The grants in 2004 to all employees totaled 4,498,996 shares, or .81% of shares outstanding. The Committee sets guidelines for the number of shares available for the granting of stock based equity compensation to each Executive Officer based on the total amount available, an evaluation of competitive data for similar grants and the Executive Officer salary and position. These grants provide incentive for the creation of shareholder value since the full benefit of the grant to each Executive Officer can only be realized with an appreciation in the price of the Company's common shares or in relative performance in terms of total shareholder return, depending on the type of award.

Chief Executive Officer's Compensation

The Committee considered the following factors in determining the base salary for 2004 for George A. Schaefer, Jr., President and Chief Executive Officer of the Company: the Company's success in attaining its profit plan for 2003 as discussed below and the level of compensation paid to the highest paid executive at the companies selected for peer comparison. Based on these factors, the Committee established Mr. Schaefer's 2004 base salary effective November 5, 2003 at \$990,000, which is unchanged from his 2003 salary level. This placed Mr. Schaefer's compensation slightly above the median of base salaries paid by those companies selected for peer comparison.

For 2004, Mr. Schaefer was eligible to earn a cash bonus ranging up to 225% of his base salary based on Performance Goals as designated under his Annual Incentive Award under the Incentive Compensation Plan. As mentioned above, at the Committee's February 9, 2005 meeting, the Committee considered bonus payments to Executive Officers, including Mr. Schaefer, and considered the performance of the Company as compared to the Performance Goals for the 2004 plan year. Based on the Company's performance, the Committee determined that, based solely on publicly reported earnings per share, the Performance Goals were not met for 2004. The Committee however, utilizing its discretion under the Plan and applying its best business judgment, analyzed additional factors. Those additional factors included: comparison of the Company's net income performance to its peer group; total cash compensation necessary to meet the objectives of hiring and retaining top executive talent; substantial progress in addressing regulatory matters; investment in a significant increase in the size of the Company's sales force including the expense of hiring additional sales employees during 2004; accomplishment of executive management leadership objectives; expense associated with charitable and community contributions and involvement; expense associated with the acquisition and preparation for the integration of First National Bankshares incurred in 2004 and economic conditions that impacted all financial institutions during 2004. The Committee's focus in that review was to weigh the actions of management initiated for investment in the long-term growth of the Company against decisions that could have been made for short-term results. The Committee determined that based on these quantitative and qualitative factors some level of Annual Incentive Awards should be made to Mr. Schaefer, at a level below the targets established for the Company. In making its determination the Committee applied its business judgment to those unusual items discussed above which were not contemplated when the matrix was established in 2004 but that impacted earnings per share in 2004. The Committee determined that but for these items and, after subtracting items that contributed to an increase in earnings per share, the Company's performance would have been sufficient to award payments pursuant to the Plan. The Committee also took into consideration the evaluation of Mr. Schaefer's performance conducted by the entire Board of Directors of the Company. The members of the Committee determined that although some bonus payment should be made to Mr. Schaefer, the bonus payment should be less than the Annual Incentive Awards paid to Mr. Schaefer in prior years. For 2004, the Committee determined that based on the Company's performance Mr. Schaefer earned a bonus of \$825,000, which represented 83% of his base salary for fiscal year 2004.

On April 19, 2004, Mr. Schaefer was granted SARs for 200,000 shares of Common Stock. That grant was made in accordance with the guidelines of the Committee referenced above, including specifically the Company's increase in its earnings for the 2003 fiscal year and 2003 comparative data.

On April 19, 2004, Mr. Schaefer was also granted a Performance Unit award with a 17,938 share target, an 8,969 share threshold and a 35,876 share maximum. That grant was made in accordance with the guidelines of the Committee referenced above.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid for any fiscal year to the Company's Chief Executive Officer and four other most highly compensated Executive Officers. While the Company designed the Incentive Compensation Plan and its Performance Goals to meet the criteria for deductibility under Section 162(m), the Committee also retained discretion to consider unusual items that impacted earnings per share of the Company, both those items that contribute to an increase in earnings per share of the Company and those that contribute to a decrease in earnings per share. As discussed above, based on the Company's performance, the Committee determined that based solely on publicly reported earnings per share that the threshold Performance Goals for Annual Incentive Awards under the Incentive Compensation Plan were not met for 2004. The Committee however determined that based on a number of quantitative and qualitative factors discussed above, some level of Annual Incentive Awards should be made to the Executive Officers, including Mr. Schaefer, at a level below the targets established for the Company. The Committee believes that all compensation for 2004 paid to named Executive Officers other than Mr. Schaefer is properly deductible under the Code. The Committee, however, believes that any non-deductible amounts that have been paid to Mr. Schaefer for 2004 are not expected to be significant to the Company.

Review of all Components of Executive Compensation

The Committee has reviewed all components of the Company's Chief Executive Officer and four other most highly compensated Executive Officers' compensation, including salary, bonus, equity and long-term incentive compensation, accumulated realized and unrealized stock option and restricted stock gains, the dollar value to the executive and cost to the Company of all perquisites and other personal benefits, the earnings and accumulated payout obligations under the Company's non-qualified deferred compensation program, the actual projected payout obligations under the Company's supplemental retirement income plan and under several potential severance and change-in-control scenarios. A tally sheet setting forth all the above components was prepared and reviewed by the Committee affixing dollar amounts under various payout scenarios.

The Committee's Conclusion

Based on this review, the Committee finds the Company's Chief Executive Officer's and four other most highly compensated Executive Officers' total compensation (and, in the case of the severance and change-in-control scenarios, the potential payouts) in the aggregate to be reasonable and not excessive. The Committee specifically considered that the Company does not maintain any employment contracts or change of control agreements with such individuals and, as disclosed above, utilized the services of Towers Perrin to perform competitive peer analysis.

It should be noted that when the Committee considers any component of the Company's Chief Executive Officer's and four other most highly compensated Executive Officers' total compensation, the aggregate amounts and mix of all the components, including accumulated (realized and unrealized) option, SAR, performance unit and restricted stock gains are taken into consideration in the Committee's decisions.

Internal Pay Equity

The Committee believes that the relative difference between CEO compensation and the compensation of the Company's other executives is consistent with such differences found in our peer group and our reference labor market.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

In accordance with its written charter attached as Annex 1 as adopted by the Board of Directors, the Audit Committee of the Board (Committee) assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. During 2004, the Committee met thirteen (13) times, and the Committee discussed the interim financial and other information contained in each quarterly earnings announcement and periodic filings to the Securities and Exchange Commission and report with the Chief Executive Officer, Chief Financial Officer, Controller and the independent registered public accounting firm prior to public release.

In discharging its oversight responsibility as to the audit process, the Committee obtained from the independent registered public accounting firm a formal written statement describing all relationships between the firm and the Company that might bear on the firm's independence consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, discussed with the firm any relationships that may impact their objectivity and independence and satisfied itself as to the firm's independence. The Committee also discussed with management, the internal auditors and the independent registered public accounting firm the quality and adequacy of the Company's internal controls and the internal audit function's organization, responsibilities, budget and staffing. The Committee reviewed both with the independent registered public accounting firm and internal auditors their audit plans, audit scope and identification of audit risks.

The Committee discussed and reviewed with the independent registered public accounting firm all communications required by standards of the Public Company Accounting Oversight Board (United States), including those described in Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees, and, with and without management present, discussed and reviewed the results of the independent registered public accounting firm's examination of the financial statements. The Committee also discussed the results of the internal audit examinations.

The Committee reviewed the audited consolidated financial statements of the Company as of and for the year ended December 31, 2004, and management's assertion on the design and effectiveness of the Company's internal control over financial reporting as of December 31, 2004 with management and the independent registered public accounting firm. Management has the responsibility for the preparation of the Company's consolidated financial statements and their assertion on the design and effectiveness of the Company's internal control over financial reporting and the independent registered public accounting firm has the responsibility for the examination of those consolidated statements and assertion.

Based on the above-mentioned review and discussions with management and the independent registered public accounting firm, the Committee recommended to the Board that the Company's audited consolidated financial statements and report on management's assertion on the design and effectiveness of internal control over financial reporting be included in its Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission. The Committee also appointed the independent registered public accounting firm.

The Audit Committee will establish general guidelines for the permissible scope and nature of any permitted non-audit services in connection with its annual review of the audit plan and will review such guidelines with the Board of Directors. PROPOSAL TO AMEND CODE OF REGULATIONS

The Board of Directors recommends approval of the amendment of Article III, Section 2 of the Company's Code of Regulations, as amended, in the manner shown in Annex 2 hereto. The proposed amendment to Article

III, Section 2 would reduce the default number of directors and reduce the minimum number of directors that the Board may set without shareholder approval.

Section 2 of Article III of our Code of Regulations provides that The Board of Directors shall be composed of twenty-six (26) persons unless this number is changed by: (1) the shareholders in accordance with the laws of Ohio or (2) the vote of a majority of the Directors in office. Section 2 states that the Directors may increase the number to not more than thirty (30) persons and may decrease the number to not less than fifteen (15) persons.

The Board of Directors is proposing that Section 2 be amended to provide that the Board be composed of fifteen members and that the directors may not increase the number of directors to more than thirty persons or decrease the number of directors to fewer than ten persons. A copy of Section 2 as proposed to be amended is attached as Annex 2 to this Proxy Statement.

The Board of Directors currently consists of fifteen Directors. Since the adoption of our Code of Regulations there has been a pronounced movement towards smaller boards of directors. According to the 2004 Spencer Stuart analysis of boards of directors of S&P 500 companies, the average board size is 11 directors. Similarly, the 2001-2002 National Association of Corporate Directors Public Company Governance Survey showed companies classified as large cap had between nine and twelve person boards and a majority of the companies surveyed expressed the view that a board of eight to eleven members was optimal.

Your Board of Directors believes that a smaller Board is in the best interests of the Company because smaller boards of directors are more cohesive and allow more time for each director to express his or her views effectively. Largely for these reasons, the trend towards smaller boards has been supported by commentators on corporate governance.

Finally, with the Board size at fifteen, your Board of Directors believes that lowering the minimum size of the Board from fifteen to ten persons is advisable in order to afford greater flexibility in the event unforeseen vacancies arise.

Vote Required

The resolution attached to this Proxy Statement as Annex 2 will be submitted for adoption at the Annual Meeting. The affirmative vote of the holders of shares of the Common Stock of the Company entitling them to exercise a majority of the voting power of such shares is necessary to adopt the proposed amendment. Proxies will be voted in favor of the resolution unless otherwise instructed by the Shareholder. Abstentions and shares not voted by brokers and other entities holding shares on behalf of the beneficial owners will have the same effect as votes cast against the amendment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ADOPTION OF THE AMENDMENT TO THE COMPANY S CODE OF REGULATIONS TO REDUCE THE DEFAULT NUMBER OF DIRECTORS AND TO REDUCE THE MINIMUM NUMBER OF DIRECTORS THAT THE BOARD MAY SET WITHOUT SHAREHOLDER APPROVAL.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Edgar Filing: FIFTH THIRD BANCORP - Form DEF 14A

The Audit Committee of the Board of Directors proposes and recommends that the shareholders approve the selection by the Committee of the firm of Deloitte & Touche LLP to serve as its independent registered public accounting firm for the Company for the year 2005. The firm has served as independent auditors for the Bank since 1970 and the Company since 1975. Representatives of Deloitte & Touche LLP will be present at the Annual Meeting to make such comments as they desire and to respond to questions from shareholders of the Company. Action by the shareholders is not required by law in the appointment of an independent registered

public accounting firm, but their appointment is submitted by the Audit Committee of the Board of Directors in order to give the shareholders a voice in the designation of auditors. If the resolution approving Deloitte & Touche LLP as the Company's independent registered public accounting firm is rejected by the shareholders then the Committee will reconsider its choice of independent auditors. Even if the resolution is approved, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders. Proxies in the form solicited hereby which are returned to the Company will be voted in favor of the resolution unless otherwise instructed by the shareholder. Pursuant to the Company's Code of Regulations, the affirmative vote of a majority of the votes entitled to be cast by the holders of the Company's Common Stock present or represented at the Annual Meeting and entitled to vote is required to approve the appointment of Deloitte & Touche LLP. Abstentions will have the same effect as a vote cast against the proposal. Shares not voted by brokers and other entities holding shares on behalf of beneficial owners will have no effect on the outcome. **The Audit Committee of the Board of Directors recommends the adoption of the resolution.**

OTHER BUSINESS

However, if any other matters properly come before the Annual Meeting, it is intended that the persons named in the accompanying Proxy will vote thereon according to their best judgment and interest of the Company. No other shareholder has informed the Company of any intention to propose any other matter to be acted upon at the Annual Meeting. Accordingly, the persons named in the accompanying Proxy are allowed to exercise their discretionary authority to vote upon any such proposal without the matter having been discussed in this Proxy Statement.

The Committee's job is one of oversight as set forth in this charter. It is not the duty of the Committee to prepare the Corporation's or the Bank's financial statements, to plan or conduct audits, or to determine that the Corporation's or the Bank's financial statements are complete and accurate and are in accordance with generally accepted accounting principles (GAAP). The Corporation's and the Bank's management are responsible for preparing such financial statements and for maintaining internal controls, and the independent auditors are responsible for auditing the financial statements.
