**Item 2.02. Results of Operations and Financial Condition**

This information shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

On April 14, 2005, Sun Microsystems, Inc. ( Sun ) issued a press release regarding Sun's financial results for the fiscal quarter ended March 27, 2005. The full text of Sun's press release, together with the related Condensed Consolidated Statements of Operations, Condensed Consolidated Balance Sheets and Condensed Consolidated Statements of Cash Flows, Non-GAAP Calculation of Net Loss Excluding Special Items, and Operations Analysis Consolidated (Unaudited), are attached hereto as Exhibit 99.1.

The Non-GAAP Calculation of Net Loss Excluding Special Items and the Operations Analysis contain non-GAAP presentations of net income (loss) and EPS (basic and diluted), which exclude certain items below the presentation of the GAAP presentations of net income (loss) and EPS (basic and diluted). The excluded items include restructuring charges; purchased in-process research and development; loss (gain) on equity investments, net; impairment of goodwill and other intangible assets; settlement income; settlement of litigation; valuation allowance on deferred tax assets; and related tax effects. Purchased in-process research and development and impairment of goodwill and other intangible assets are primarily related to the effect of Sun's acquisition activity. Loss (gain) on equity investments, net, shows the effect of our investment portfolio management. Settlement income is a result of our settlement with Microsoft. Settlement of litigation is a result of our settlement with Kodak. Sun may include or exclude items from its non-GAAP presentations of net income (loss) and EPS (basic and diluted) that are different from the items included or excluded from other companies' non-GAAP presentations of net income (loss) and EPS (basic and diluted). Non-GAAP financial measures should not be considered as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. These measures and the other special items presented are not necessarily representative of Sun's core operations and Sun management believes that presentation of those non-GAAP financial measures provides useful information to investors by illustrating the impact of the special items on Sun's net income (loss) and EPS (basic and diluted).
