Item 1.01 Entry Into A Material Definitive Agreement.

(a) On May 6, 2005, Lithium Technology Corporation (the Company) entered into an agreement extending the June 1, 2004 services agreement between the Company and Bridgehead Partners, LLC (Bridgehead Partners). Mr. McGovern, the Company's Chief Financial Officer, is the Chairman and Managing Director of Bridgehead Partners, a professional management and financial advisory services firm. Bridgehead Partners has been providing services to the Company in connection with financial reporting and related matters since June 2004. Mr. McGovern has been the Chief Financial Officer of the Company since June 25, 2004.

Pursuant to the extension of the Bridgehead Partners services agreement the Company will pay a \$15,000 per month retainer and \$35,000 of the performance bonus payable under the original services agreement, and will issue five year fully vested warrants for 200,000 shares of Company common stock with an exercise price of \$0.064. As of May 6, 2005 Bridgehead also vested in the second tranche (50,000 shares) of warrants from the original services agreement.

Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review

(a) On May 4, 2005, the Board of Directors of the Company, in consultation with BDO Seidman, LLP (BDO), the Company's independent registered public accounting firm, concluded that the Company's historical financial statements for each of the fiscal quarters in 2004 should be restated to correct certain errors relating to the accounting for certain of the Company's financing transactions in 2004 and that such financial statements should no longer be relied upon. The Company has conducted a review of its accounting treatment of these financing transactions and correcting its method of accounting for such transactions. The restatement relates to the accounting for the variable conversion feature on the Company's 10% Convertible Debentures and its Series A Convertible Preferred Stock. The conversion feature on the 10% Convertible Debentures and the Series A Convertible Preferred Stock has been determined to be an imbedded derivative under SFAS 133, which is required to be reflected as a liability at fair value. The 10% Convertible Debentures were previously reflected as containing a beneficial conversion feature under EITF 98-5. The correction relates solely to the accounting treatment of these financing transactions and does not affect the Company's historical cash flow.

The Company's quarterly financial statements for the first three quarters in the fiscal year ended December 31, 2004 will be restated. Accordingly, the previously issued financial statements for such periods should no longer be relied upon. The Company will file the restated consolidated financial statements as amendments to periodic reports with the Securities and Exchange Commission on the appropriate forms as soon as practicable. The Board of Directors has discussed the matters disclosed in this Current Report on Form 8-K, with management and BDO.
