PROXY STATEMENT

The Board of Directors of Dolby Laboratories, Inc., a Delaware corporation (we, us, Dolby or the Company), is soliciting proxies in the accompanying form to be used at the Annual Meeting of Stockholders of the Company to be held at the Company s executive offices located at 100 Potrero Avenue, San Francisco, CA 94103-4813, on Tuesday, February 14, 2006, at 10:30 a.m., Pacific Standard Time, and any postponement, adjournment or continuation thereof (the Annual Meeting).

This Proxy Statement and the accompanying notice and form of proxy are first being mailed to stockholders on or about January 17, 2006.

**QUESTIONS AND ANSWERS ABOUT
THE PROXY MATERIALS AND THE ANNUAL MEETING**

What proposals will be voted on at the Annual Meeting?

Three proposals will be voted on at the Annual Meeting:

The election of directors;

The amendment and restatement of the Company s 2005 Stock Plan; and

The ratification of the appointment of KPMG LLP as the Company s independent registered public accounting firm for our fiscal year ending September 29, 2006.

What are the Board s recommendations?

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

Our Board unanimously recommends that you vote:

FOR election of each of the nominated directors;

FOR amendment and restatement of the Company's 2005 Stock Plan; and

FOR ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for our fiscal year ending September 29, 2006.

Will there be any other items of business on the agenda?

We do not expect any other items of business because the deadline for stockholder proposals and nominations has already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy with respect to any other matters that might be brought before the Annual Meeting. Those persons intend to vote that proxy in accordance with their best judgment.

What constitutes a quorum?

As of the close of business on January 9, 2006 (the Record Date), there were 34,510,769 shares of our Class A Common Stock outstanding and 70,323,492 shares of our Class B Common Stock outstanding. Each share of Class A Common Stock is entitled to one vote, and each share of Class B Common Stock is entitled to

ten votes, on all matters being considered at the Annual Meeting. We refer to our Class A Common Stock and Class B Common Stock collectively as our Common Stock. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the voting power of the Common Stock outstanding on the Record Date will constitute a quorum. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

Who is entitled to vote?

Stockholders of record at the close of business on the Record Date may vote at the Annual Meeting. Each holder of our Class A Common Stock is entitled to one vote for each share of Class A Common Stock held as of the Record Date, and each holder of our Class B Common Stock is entitled to ten votes for each share of Class B Common Stock held as of the Record Date. The Class A Common Stock and Class B Common Stock are voting as a single class on all matters described in these proxy materials for which your vote is being solicited.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholder of Record. If your shares are registered directly in your name with Dolby's transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the stockholder of record. Dolby sent directly to stockholders of record the Proxy Statement, Annual Report and proxy card.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name. Your broker, bank or nominee, who is considered with respect to those shares the stockholder of record, forwarded the Proxy Statement and Annual Report, together with a voting instruction form, to you. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares by completing the voting instruction form. Under the rules of the New York Stock Exchange (NYSE), brokers are prohibited from giving proxies to vote on equity compensation plans unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to Proposal 2 if you want your broker to vote your shares on the matter.

How do I vote?

You may vote using any of the following methods:

By Mail Stockholders of record of Dolby Common Stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. If you return your signed proxy but do not indicate your voting preferences, your shares will be voted on your behalf FOR the election of the nominated directors, FOR the amendment and restatement of the Company's 2005 Stock Plan and FOR the ratification of KPMG LLP as the Company's independent registered public accounting firm for fiscal 2006. Dolby stockholders who hold shares beneficially in street name may provide voting instructions by mail by completing, signing and dating the voting instruction forms provided by their brokers, banks or nominees and mailing them in the accompanying pre-addressed envelopes.

By Internet Stockholders of record of Dolby Common Stock with internet access may submit proxies by following the Vote by Internet instructions on their proxy cards. Most Dolby stockholders who hold shares beneficially in street name may provide voting instructions by accessing the web site specified on the voting instruction forms provided by their brokers, banks or nominees. Please

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

check the voting instruction form for internet voting availability. Please be aware that if you submit voting instructions over the internet, you may incur costs such as telephone and internet access charges for which you will be responsible.

By Telephone Stockholders of record of Dolby Common Stock who live in the United States or Canada may submit proxies by following the Vote by Phone instructions on their proxy cards. Most

Dolby stockholders who hold shares beneficially in street name and live in the United States or Canada may provide voting instructions by phone by calling the number specified on the voting instruction forms provided by their brokers, banks or nominees. Please check the voting instruction form for telephone voting availability.

In person at the Annual Meeting Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, bank or nominee that holds your shares giving you the right to vote the shares. *Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions by mail, or by telephone, or the internet so that your vote will be counted if you later decide not to attend the Annual Meeting.*

Can I change my vote or revoke my proxy?

If you are a stockholder of record, you may revoke your proxy at any time prior to the vote at the Annual Meeting. If you submitted your proxy by mail, you must file with the Secretary of the Company a written notice of revocation or deliver, prior to the vote at the Annual Meeting, a valid, later-dated proxy. If you submitted your proxy by telephone or the internet, you may revoke your proxy with a later telephone or internet proxy, as the case may be. Attendance at the Annual Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the Annual Meeting. If you are a beneficial owner, you may vote by submitting new voting instructions to your broker, bank or nominee, or, if you have obtained a legal proxy from your broker, bank or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

How are votes counted?

In the election of directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. For the other items of business, you may vote FOR, vote AGAINST or ABSTAIN. If you ABSTAIN, the abstention has the same effect as a vote AGAINST. If you provide specific instructions, your shares will be voted as you instruct. If you sign your proxy card with no further instructions, your shares will be voted in accordance with the recommendations of the Board (FOR all of the nominees to the Board, FOR the amendment of the Company's 2005 Stock Plan, FOR ratification of KPMG LLP as the Company's independent registered public accounting firm, and in the discretion of the proxy holders on any other matters that properly come before the Annual Meeting).

What vote is required to approve each item?

In the election of directors, the five persons receiving the highest number of FOR votes at the Annual Meeting will be elected. All other proposals require the affirmative FOR vote of a majority of the voting power of the shares present and voting at the Annual Meeting in person or by proxy. If you hold your shares beneficially in street name and do not provide your broker or nominee with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the Annual Meeting, assuming that a quorum is obtained. Abstentions have the same effect as votes against the matter. Under the rules of the NYSE, brokers are prohibited from giving proxies to vote on equity compensation plans unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to Proposal 2 if you want your broker to vote your shares on that matter.

Is cumulative voting permitted for the election of directors?

No. You may not cumulate your votes for the election of directors.

How are proxies solicited?

Employees, officers and directors of the Company may solicit proxies. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to the beneficial owners of Common Stock.

Our fiscal 2005 ended on September 30, 2005 and our fiscal 2004 ended on September 24, 2004.

Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics, which is applicable to our directors and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller and persons performing similar functions. The Code of Business Conduct and Ethics is available on the Company's website at <http://www.dolby.com> Investor Relations Corporate Governance or in print by contacting Investor Relations at our principal executive offices. The Company will post on the Investor Relations section of our website any amendments or waivers to the Code of Business Conduct and Ethics that are required to be disclosed by the rules of the SEC or NYSE.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines that address the role and composition of, and policies applicable to, the Board of Directors. The Nominating and Governance Committee will periodically review the guidelines and report any recommendations to the Board. The Corporate Governance Guidelines are available on the Company's website at <http://www.dolby.com> Investor Relations Corporate Governance.

Board Independence

The Board of Directors has determined that, other than Messrs. Dolby and Jasper, each of the directors of the Company has no material relationship with the Company and is independent within the meaning of the standards established by the NYSE and the director independence standards of the SEC as currently in effect. In making that determination, the Board of Directors considered all relevant facts and circumstances, including the director's commercial, accounting, legal, banking, consulting, charitable and familial relationships. The Board of Directors also applied the following standards, which provide that a director will not be considered independent if he:

Is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

Has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

Is, or has an immediate family member who is, a current partner of a firm that is the Company's internal or external auditor; is a current employee of such firm, or has an immediate family member who is a current employee of such firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or, has, or has an immediate family member who has, been within

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time;

During the past three years, has, or has an immediate family member who has, been employed as an executive officer of another company where any of the Company's present executives at the same time, serve, or served, on the other company's compensation committee; or

Has been employed as an employee, or has an immediate family member who has been employed as an executive officer of, another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of (a) \$1 million or (b) 2% of such other company's consolidated gross revenues.

Policy for Director Recommendations and Nominations

It is the policy of the Nominating and Governance Committee to consider recommendations for candidates to the Board of Directors from stockholders holding at least 250,000 shares of the Company's Common Stock continuously for at least twelve months prior to the date of the submission of the recommendation.

A stockholder that wants to recommend a candidate for election to the Board of Directors should send the recommendation by letter to Dolby Laboratories, Inc., 100 Potrero Avenue, San Francisco, CA 94103-4813, Attn: General Counsel. The recommendation must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve, information regarding any relationships between the candidate and the Company and evidence of the recommending stockholder's ownership of Company stock. Such recommendations must also include a statement from the recommending stockholder in support of the candidate, particularly within the context of the criteria for Board membership, addressing issues of character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments and the like and personal references.

The committee will use the following procedures to identify and evaluate any individual recommended or offered for nomination to the Board of Directors:

The committee will consider candidates recommended by stockholders in the same manner as candidates recommended to the committee from other sources;

In its evaluation of director candidates, including the members of the Board of Directors eligible for re-election, the committee will consider the following:

The current size and composition of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board;

Such factors as character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments and the like. The committee evaluates these factors, among others, and does not assign any particular weighting or priority to any of these factors; and

Other factors that the committee may consider appropriate.

The committee requires the following minimum qualifications, which are the desired qualifications and characteristics for Board membership, to be satisfied by any nominee for a position on the Board:

The highest personal and professional ethics and integrity;

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

Proven achievement and competence in the nominee's field and the ability to exercise sound business judgment;

Skills that are complementary to those of the existing Board;

The ability to assist and support management and make significant contributions to the Company's success; and

An understanding of the fiduciary responsibilities that is required of a member of the Board and the commitment of time and energy necessary to diligently carry out those responsibilities.

If the committee determines that an additional or replacement director is required, the committee may take such measures that it considers appropriate in connection with its evaluation of a director candidate,

including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the Board or management; and

The committee may propose to the Board a candidate recommended or offered for nomination by a stockholder as a nominee for election to the Board.

Stockholder Communications with the Board of Directors

In cases where stockholders wish to communicate directly with our non-management directors, messages can be sent to our General Counsel, at generalcounsel@dolby.com, or to Dolby Laboratories, Inc., 100 Potrero Avenue, San Francisco, CA 94103-4813, Attn: General Counsel. Our General Counsel monitors these communications and will provide a summary of all received messages to the Board of Directors at each regularly scheduled meeting of the Board of Directors. Where the nature of a communication warrants, our General Counsel may obtain the more immediate attention of the appropriate committee of the Board or non-management director, of independent advisors or of Company management, as our General Counsel considers appropriate. Our General Counsel may decide in the exercise of his or her judgment whether a response to any stockholder communication is necessary.

These procedures do not apply to communications to non-management directors from officers or directors of the Company who are stockholders, or to stockholder proposals submitted pursuant to Rule 14a-8 under the Securities and Exchange Act of 1934, as amended (the Exchange Act).

Attendance at Annual Meeting of Stockholders

We encourage our directors to attend our annual meetings of stockholders. Due to preparations associated with the Company's initial public offering, the directors were in Board of Director and committee meetings on January 27, 2005 and unable to attend the 2005 annual meeting of stockholders.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Asset Contribution; Licensing Agreements with Ray Dolby Regarding Intellectual Property

Ray Dolby founded Dolby Laboratories to develop noise reduction technologies he had invented. Throughout nearly all of our 40 year history, Ray Dolby had retained ownership of the intellectual property rights he created related to our business. These intellectual property rights were held by entities affiliated with him that licensed this technology to us in exchange for royalty payments, including royalty payments related to certain trademark usage. Under these licensing and royalty agreements, we recorded expenses for royalties payable to Ray Dolby for the use of certain patent and trademark rights of \$18.7 million in fiscal 2005.

On February 16, 2005, Ray Dolby contributed to us all rights in intellectual property related to our business that he and his affiliates held. In connection with the asset contribution, our previous licensing arrangements with Ray Dolby terminated, and we have no further obligation to pay royalties to Ray Dolby. We agreed to pay Ray Dolby's expenses incurred in connection with the asset contribution, and fifty percent of his expenses incurred as a selling stockholder in connection with our initial public offering. The expenses were approximately \$800,000 in the aggregate.

In connection with the asset contribution agreement, Ray Dolby entered into an employee proprietary rights agreement substantially in the form that all employees of the Company enter into in connection with their employment. This agreement became effective on February 16, 2005. Under the terms of this agreement, all future inventions created by Ray Dolby related to our business while he remains an employee will be assigned to the Company. Under this agreement, Ray Dolby also agreed to abide by a conflicts of interest policy substantially in the form that all other employees are required to sign. However, the conflict of interest policy that Ray Dolby signed differs from our standard policy in that, among other matters, it permits him to use our equipment, supplies and facilities to conduct research and development on matters unrelated to our business; does not apply to any lease agreement we have entered into or may enter into with him; and permits him to have up to a ten percent interest, instead of up to a two percent interest, in a competitor, customer, licensee or supplier without being in violation of the policy and limits the provision of the policy related to having interests in these entities only to direct interests.

Real Estate Transactions

Lease for 100 Potrero Avenue

Since 1980, we have leased our principal executive offices located at 100 Potrero Avenue, San Francisco, California from Ray Dolby. We also lease additional parking and warehouse space from Ray Dolby in connection with our lease of 100 Potrero Avenue. In December 2005 we renegotiated the leases and extended their terms until December 31, 2013, with two options to extend for an additional five years each. Our rent expense for these facilities was \$3.5 million in fiscal 2005. We are generally responsible for the condition, operation, repair, maintenance, security and management of the properties. We have also agreed to indemnify and hold Ray Dolby, as landlord, harmless from and against certain liabilities, damages, claims, costs, penalties and expenses arising from our conduct related to the properties.

Jointly Owned Real Estate Entities

Ray and Dagmar Dolby, the Ray Dolby Trust or the Dolby Family Trust Instrument dated May 7, 1999 (Dolby Family Trust) owns a majority financial interest in five real estate entities that own and lease commercial real property to us. We own the remaining financial interests in these real estate entities. The following table sets forth, for each of the five real estate entities, the person or entity that owns the majority financial interest in the real estate entity, the percentage interest owned by the majority owner in such real estate entity and the location of the property subject to the applicable lease. The leased property in San Francisco, California includes our principal administrative offices at 999 Brannan Street.

<u>Real Estate Entity</u>	<u>Majority Owner</u>	<u>Majority Ownership</u>	<u>Location of Property</u>
		<u>Interest</u>	<u>Leased to Us</u>
Dolby Properties, LLC	Ray Dolby Trust	62.5%	San Francisco, California
Dolby Properties Burbank, LLC	Dolby Family Trust	51.0%	Burbank, California
Dolby Properties Brisbane, LLC	Dolby Family Trust	51.0%	Brisbane, California
Dolby Properties UK, LLC	Dolby Family Trust	51.0%	Wootton Bassett, England
Dolby Properties, LP	Ray and Dagmar Dolby	90.0%	Wootton Bassett, England

Our expense recorded for rents payable to such entities was \$5.5 million in fiscal 2005.

When we negotiate a lease agreement with Ray Dolby or any of the jointly owned real estate entities, we engage real estate brokers to provide fair market rent and lease terms based on a summary of comparable properties located in the area of the subject property. The brokers are instructed that the transaction is intended to be completed on an arm's-length basis. We believe that all of our leases were entered into on a reasonable fair market basis.

The properties owned by Dolby Properties, LLC in San Francisco, California, Dolby Properties Burbank, LLC in Burbank, California, and Dolby Properties UK, LLC in Wootton Bassett, England were purchased with capital contributions and proceeds from bank loans. We guarantee each of these bank loans. As of September 30, 2005, the aggregate outstanding principal balance on all these bank loans was approximately \$13.5 million.

Other Arrangements with Ray Dolby

Mr. Dolby received a salary of \$389,423 in fiscal 2005 as an employee of the Company. Mr. Dolby agreed to a reduced salary of \$100,000 on an annualized basis effective January 1, 2006. In fiscal 2005, the Company paid Mr. Dolby's life insurance premiums and he was included in our standard health care and retirement plans, for benefits totaling \$33,109.

In the past, we have allowed Ray Dolby and members of his family the use of our office facilities for their personal purposes on a limited basis, and we expect this use to continue in the future. For example, Ray Dolby

currently uses two offices in one of our facilities for non-Company related activities. In addition, members of Ray Dolby's family use our conference and screening rooms for personal purposes approximately ten times per year. We estimate that the aggregate value to Ray Dolby's family of such personal use was less than \$40,000 in fiscal 2005. In addition, through September of 2005 we paid Ray Dolby \$800 per month for the use by our employees of a condominium he owns in Lake Tahoe, California. Commencing in October of 2005, the rent was increased to \$1,200 per month. Our Board of Directors has approved of these arrangements, and has approved the continuation of these arrangements in the future.

Incentive Compensation

Our executive officers are eligible for incentive compensation pursuant to our annual incentive plan. In fiscal 2005, this incentive compensation had two distinct components: a profit sharing component, in which the executive officer receives 5% of his or her base salary if we achieved certain overall profit goals, and a performance reward component, in which the executive officer receive a bonus based on both Company and individual performance objectives. The performance reward bonus was also calculated as a percentage of the executive officer's base salary. Our executive officers' targeted standard bonus amounts for fiscal 2005 were 70% of our Chief Executive Officer's base salary and 45% to 50% of our other executive officers' respective base salaries.

The portion of the performance reward bonuses attributable to either the Company or individual performance objectives was weighted based on the employee's position within the Company. For our executive officers, including our Chief Executive Officer, 75% of the total performance reward bonus was tied to Company performance objectives and 25% to individual performance objectives.

The actual bonus amount payable to each executive officer was based on the percentage by which the performance objectives were met. Bonuses payable could range from 75% to 200% of the targeted amount for the Company performance-based bonus, and up to 100% of the targeted amount for the individual performance-based bonus. In addition, the annual incentive plan provided for discretion in awarding bonuses in excess of the maximum individual performance-based bonus in years that we did not reach our Company performance objectives.

For fiscal 2005, the Compensation Committee recommended and the Board of Directors approved for our executive officers Company performance objectives related to the achievement of a certain level of revenue and pre-tax margin, and individual performance objectives for each executive officer, including management objectives related to business development, research expansion, new product introduction, and internal controls and procedures depending on the particular officer.

See *Proposal 2* for proposed changes to the incentive compensation plan.

Senior Executive Supplemental Retirement Plan and U.K. Funded Unapproved Retirement Benefits Scheme

Senior Executive Supplemental Retirement Plan. We maintain a nonqualified senior executive supplemental retirement plan, which provides supplemental retirement benefits for a select group of executive employees based on contributions we made to the plan and the gains and losses on the investment of those contributions. Distributions from the senior executive supplemental retirement plan are made in a single lump sum, or, at a participant's election, in up to ten installments. Prior to fiscal 2005 we made annual contributions on behalf of each participant in an amount necessary to fund a hypothetical joint and 50% survivor annuity benefit payable to each participant commencing at age 65. The hypothetical monthly benefit is determined on the basis of an 8% interest rate and a standard mortality table by multiplying (i) 2% of a participant's projected average annual compensation by (ii) a participant's total expected years of service with us up to 30 years. A participant's projected average annual compensation is determined by averaging the participant's estimated annual compensation over the three consecutive years of service occurring in the participant's final three plan years preceding attainment of age 65. Each participant is 100% vested in his or her interest in the senior executive supplemental retirement plan at all times. Upon a participant's termination of service with us for any reason other than death, a participant is entitled to his or her account balance determined as of the valuation date immediately preceding his or her termination date, which amount will be paid in a single lump sum or in up to ten installments. Upon a participant's death, the participant's beneficiary will receive all amounts credited to the participant's account as of the date of death and will be paid in a single lump sum. Amounts contributed by us under the senior executive supplemental retirement plan are held in a rabbi trust and a participant's account will be credited with investment gains and losses based on investments selected by the participant. However, if a participant fails to make an investment election, the trustee of the senior executive supplemental retirement plan may direct such investments. In fiscal 2005, the Board of Directors amended and restated the plan to comply with Section 409A of the Internal Revenue Code (the "Code") and Internal Revenue Service regulations under Section 409A and terminated the plan. As a result of the termination of the plan, no additional amounts will be contributed to participants under the plan, but amounts already credited to participants under the plan will remain subject to the terms and conditions of the plan and will continue to be credited with gains and losses based on the gains and losses of investment funds designated by the Company and selected by the participant. Distributions under the plan will be made in the manner and at the time described above without regard to the termination of the plan.

U.K. Funded Unapproved Retirement Benefits Scheme. In addition, certain executives in the United Kingdom may participate in the Dolby Laboratories Funded Unapproved Retirement Benefits Scheme ("FURBS"). The FURBS is similar to the senior executive supplemental retirement plan. Under the FURBS we make annual contributions on behalf of each participant in an amount necessary to fund, taking into account any contributions to the senior executive supplemental retirement plan, a hypothetical joint and 50% survivor annuity benefit payable to each participant commencing at age 65 and, under certain circumstances, before then. The hypothetical monthly benefit is determined based on the same assumptions as those used for the senior executive supplemental retirement plan. In addition, participants are also allowed to make voluntarily contributions to the

FURBS. Distributions from the FURBS may be made in a single lump sum, by a life policy or an annuity paid at retirement. Each participant is 100% vested in his or her interest in the FURBS at all times. Upon a participant's death, the participant's beneficiary will receive all benefits credited to the participant's account. Amounts contributed by us under the FURBS are held in a trust and a participant's account will be credited with investment gains and losses based on investments selected by the trustee. Our board of directors may at any time amend (with the agreement of the participant) or terminate the FURBS.

For subsequent offering periods, the purchase price will be 95 percent of the closing price on the NYSE on the last day of the purchase period. With the exception of the first offering period, offering periods generally start on the first day on or after May 15th and November 15th of each year. A total of 1,000,000 shares of our Class A Common Stock are authorized for sale under the ESPP.

**REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

This report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 (the "Securities Act") or under the Exchange Act, except to the extent the Company specifically incorporates this report by reference, and shall not otherwise be deemed filed under such Acts.

Compensation Philosophy and Objectives

The Company's compensation program is vital to its success. The Compensation Committee believes that compensation of the Company's executive officers should:

Provide a competitive total compensation package that enables the Company to attract, motivate and retain, on a long-term basis, high caliber personnel;

Encourage creation of stockholder value and achievement of strategic corporate objectives;

Recognize individual initiative, effort and accomplishment;

Provide a total compensation program, which includes elements of both annual and long-term compensation, to focus management on the Company's annual and long-term corporate objectives and strategy; and

Align the interests of management and stockholders and enhance stockholder value by providing management with longer-term incentives through equity ownership by management.

We base compensation on the level of job responsibility, individual performance, and Company performance. As employees progress to higher levels in the organization, an increasing proportion of their pay is linked to Company performance.

Key Elements of Executive Compensation

For fiscal 2005, the primary components of the executive officers' compensation were base salary, bonus and stock options. To ensure that the primary components of the Company's compensation structure reflected the Compensation Committee's philosophy, the Compensation Committee consulted with an independent outside consultant, Watson Wyatt & Company, to review the Company's salary, bonus and equity programs and to recommend to the Compensation Committees any appropriate changes to the overall compensation program.

Compensation levels for executive officers were largely determined through a competitive analysis of 14 public companies as a primary external reference peer group, as well as review of published surveys. The peer group was chosen based on industry and business focus and was

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

comprised of the following companies: Harman International, Scientific-Atlanta, Inc., Avid Technology, Inc., Polycom, Inc., Macromedia, Inc., Pinnacle Systems, Inc., RealNetworks, Inc., DSP Group, Inc., Macrovision Corporation, IMAX Corporation, InterDigital Communications Corporation, Digimarc Corporation, InterVideo, Inc. and DTS, Inc.

To the extent possible, comparisons with the peer group were made on an executive officer level position-by-position basis. Elements of compensation compared included: base salary, annual bonus as a percentage of base salary, total cash compensation, long-term incentives, total equity holdings and total direct compensation (total cash compensation plus expected value of long-term incentives). The Compensation Committee also considered the recommendations of the Company's Chief Executive Officer with respect to the compensation of other executive officers.

Base Salary

Base salary and total cash compensation (salary plus bonus) for the Company's executive officers is generally targeted at the 60th to 75th percentile range of the peer group. Base salaries are paid on a calendar year basis. In establishing base salaries for calendar 2005 the Compensation Committee considered, among other things, the Company's achievement of financial objectives, achievements in marketing, development of digital cinema products, building an infrastructure to support being a public company, and preparing for lead free manufacturing in fiscal 2004, as well as the individual contributions and achievements of each executive officer in fiscal 2004. Actual compensation is based on an evaluation of job responsibilities for the position, comparisons of compensation levels, Company achievements and individual performance. Individual performance is evaluated by reviewing organizational and management development progress against individual contributions and achievements. Compensation levels for the executive officers are competitive within a range that the Compensation Committee considers to be reasonable and necessary to attract and retain quality executives.

Bonus

At the beginning of fiscal 2005 and prior to our initial public offering, the Compensation Committee recommended and the Board approved for our executive officers Company performance objectives for fiscal 2005 related to the achievement of a certain level of revenue and pre-tax margin, and individual performance objectives for each executive officer, including management objectives related to business development, research expansion, new product introduction, and internal controls and procedures depending on the particular officer. For fiscal 2005, the independent members of the Board of Directors awarded a cash bonus to our Chief Executive Officer, and the full Board of Directors awarded cash bonuses to the other executive officers, both at the recommendation of the Compensation Committee. The bonuses were based on the extent to which Company objectives and individual objectives were achieved.

In fiscal 2005, this incentive compensation had two distinct components: a profit sharing component, in which the executive officer received 5% of his or her base salary if we achieved 100% of overall profit goals, and a performance reward component, in which the executive officer received a bonus based on both Company and individual performance objectives. The performance reward bonus was also calculated as a percentage of the executive officer's base salary. Our executive officers' bonus target amounts for fiscal 2005 were 70% of base salary for our Chief Executive Officer and 45% to 50% of base salary for our other executive officers. For our executive officers, including our Chief Executive Officer, 75% of the total performance reward bonus was tied to achievement of Company performance objectives and 25% to achievement of individual performance objectives.

The actual bonus amount paid to each executive officer was based on the extent to which the performance objectives were met. Bonuses payable could range from 75% to 200% of the targeted amount for the Company performance-based bonus, and up to 100% of the targeted amount for the individual performance-based bonus. Although the annual incentive plan provided for discretion for fiscal 2005 in awarding bonuses in excess of the maximum individual performance-based bonus if we did not reach our Company performance objectives, this discretion was not exercised for executive officer bonuses.

Pursuant to a delegation of authority by the Company's Board of Directors, the Compensation Committee, which is currently comprised of all of the independent members of the Company's Board of Directors, has approved the Company performance objectives and individual performance objectives for our executive officers for fiscal 2006 and, going forward, will have the authority to approve the Company performance objectives and individual performance objectives for our executive officers.

Stock Options

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

Long-term incentive compensation for the Company's executive officers is generally targeted at the 25th percentile of the peer group.

The Company's 2005 Stock Plan and 2000 Stock Incentive Plan are administered by the Compensation Committee. However, the Board of Directors has delegated to both the Chief Executive Officer and the Stock Plan Committee the authority to grant equity-based awards to employees and consultants who are not executive officers or directors of the Company within guidelines for the size of grants to particular levels of employees or consultants established by the Company and approved by the Board of Directors. The Compensation Committee believes that by providing those persons who have substantial responsibility for the management and growth of the Company with an opportunity to increase their ownership of Company stock, the best interests of stockholders and executives will be closely aligned. Therefore, executive officers, as well as employees and consultants, are eligible to receive stock options under the 2005 Stock Plan from time to time, giving them the right to purchase shares of Common Stock of the Company at a specified price. Prior to the Company's initial public offering, the Board of Directors decided not to grant any additional options under our 2000 Stock Incentive Plan.

In fiscal 2005, the Compensation Committee awarded a total of 355,000 options to our Chief Executive Officer and the other executive officers. The total amount of options granted to our executive officers in fiscal 2005 represented 15.8% of the total amount of options granted to all employees in fiscal 2005. In determining the amount of stock options granted to an individual executive, the Compensation Committee considered such factors as awards previously granted, outstanding awards, the vesting schedule of outstanding awards, the aggregate total of all outstanding awards and the relative quantity of awards offered by companies within the peer group to executives in comparable positions.

Other Elements of Compensation

Other elements of the Company's executive officer compensation program include an Employee Stock Purchase Plan and profit-sharing and matching 401(k) plan contributions under the Company's retirement plan. Although the Company maintains a senior executive supplemental retirement plan, the Company ceased making contributions to the plan in fiscal 2004.

Fiscal 2005 CEO Compensation

In establishing Mr. Jasper's compensation for fiscal 2005, we applied the principles outlined above in the same manner as they were applied to the other executives. As part of this process, the Compensation Committee considered the recommendations of its independent outside consultant as well as the historical compensation levels paid to chief executive officers by those companies selected for peer group comparison. Mr. Jasper's salary for calendar 2005 was \$600,000, which was unchanged from his salary for calendar 2004. Due to an extra pay period in fiscal 2005 (53 weeks in fiscal 2005 versus 52 weeks in fiscal 2004), Mr. Jasper's salary for fiscal 2005 was \$611,539.

In determining Mr. Jasper's annual bonus for fiscal 2005, the Compensation Committee evaluated his performance for fiscal 2005 and made a recommendation to the independent members of the Board of Directors. In this regard, the Compensation Committee considered the Company's achievement of a certain level of revenue and pre-tax margin in fiscal 2005 and Mr. Jasper's accomplishment of objectives that had been established at the beginning of the fiscal year relating to enhancing our leadership in broadcast applications, enhancing the Dolby brand, taking our digital cinema product line to market, and progress towards adoption of Dolby technologies in China.

Based on the formulas for Mr. Jasper's profit sharing and performance reward components described above and the Compensation Committee's recommendation, the independent members of the Board of Directors granted Mr. Jasper a bonus of \$383,078 for his efforts in fiscal 2005. This placed Mr. Jasper's salary and bonus compensation within the 60th to 75th percentile target range of historical salaries and bonus compensation paid by those companies selected for peer group comparison.

In recognition of the Company's achievement of financial objectives, achievements in marketing, development of digital cinema products, building an infrastructure to support being a public company, and preparing for lead free manufacturing in fiscal 2004, in fiscal 2005, the Compensation Committee awarded 80,000 options to our Chief Executive Officer. In addition, the Compensation Committee considered the factors discussed under Stock Options above. The total amount of options granted to our Chief Executive Officer in fiscal 2005 represented 3.6% of the total amount of options granted to all employees in fiscal 2005.

The Compensation Committee believes that Mr. Jasper's performance in fiscal 2005 met its expectations. Under Mr. Jasper's leadership, the Company achieved record revenue in fiscal 2005, a 13% increase over fiscal 2004 revenue as well as strong pre-tax margin in fiscal 2005. In addition, during fiscal 2005 the Company successfully completed its initial public offering raising over \$263 million. The Compensation Committee considers Mr. Jasper's overall compensation level for fiscal 2005 to be competitive, reasonable and necessary.

Mr. Jasper is a member of the Board of Directors, but he did not participate in Board or Compensation Committee deliberations regarding the setting of his compensation for fiscal 2005.

Miscellaneous

The Company's policy generally is to attempt to qualify compensation, including stock options and annual incentive bonuses, awarded or paid to executive officers for deductibility under Section 162(m) of the Code. However, interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the Compensation Committee's control also can affect deductibility of compensation. For these and other reasons, the Compensation Committee has determined that it may not necessarily seek to limit executive compensation to that deductible under Section 162(m) of the Code.

The Audit Committee acts pursuant to a written charter that was originally adopted by the Board of Directors on November 3, 2004 and is included with this Proxy Statement as *Appendix A*.

In performing its functions, the Audit Committee acts in an oversight capacity and relies on the work and assurances of (i) the Company's management, which has the primary responsibility for financial statements and reports and the Company's internal controls, and (ii) the independent registered public accounting firm, which, in its report, expresses an opinion on the conformity of the Company's annual financial statements with accounting principles generally accepted in the United States. It is not the duty of the Audit Committee to plan or conduct audits, to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or to assess the Company's internal control over financial reporting.

Within this framework, the Audit Committee has reviewed and discussed with management the Company's audited financial statements as of and for the fiscal year ended September 30, 2005 and the Company's internal control over financial reporting. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. In addition, the Audit Committee has received the written disclosures from the independent registered public accounting firm required by Independence Standards Board Standard No. 1, has discussed with the independent registered public accounting firm, KPMG LLP, the independence of that firm and has considered whether the provision of non-audit services was compatible with maintaining the independence of that firm.

Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2005.

PROPOSAL 2

AMENDMENT AND RESTATEMENT OF THE 2005 STOCK PLAN

The Dolby Laboratories, Inc. 2005 Stock Plan (the "Plan") was adopted by our Board of Directors in November 2004, approved by our stockholders in January 2005 and became effective on February 16, 2005, the day prior to the completion of our initial public offering.

On December 22, 2005, our Compensation Committee approved the amendment and restatement of the Plan, subject to stockholder approval, to permit certain future awards under the Plan to qualify as performance-based compensation under Section 162(m) of the Code and to permit the granting of performance cash bonus awards under the Plan.

The number of shares of the Company's Class A Common Stock issuable under the Plan is not being increased.

Our executive officers and directors have an interest in the amendment and restatement of the Plan because they are eligible for awards under the Plan.

Summary of the Proposed Amendments

Section 162(m) of the Code ("Section 162(m)") limits the federal income tax deductibility of compensation paid to the Company's Chief Executive Officer and to each of its four other most highly compensated executive officers to \$1 million in any one year. However, the Company may deduct compensation in excess of that amount if it qualifies as performance-based compensation, as defined in Section 162(m). As amended and restated, the Plan is designed to qualify certain awards under Section 162(m) as performance-based compensation, so that the Company may receive a federal income tax deduction for performance-based awards to its executive officers even if an executive's compensation exceeds \$1 million in that year. In order for future awards under the Plan to qualify as performance-based compensation, the Company's stockholders must approve the changes to the Plan that specify the types of performance criteria that may be used as goals under the Plan and limit the number of securities and/or the dollar amount of performance bonus awards that may be granted to any individual in any fiscal year.

The Plan, as amended and restated, also authorizes the granting of cash bonus awards designed to be performance-based compensation under Section 162(m). Consequently, by approving the amended and restated Plan, Company stockholders will be approving the performance measures upon which specific performance goals applicable to certain awards may be based, limits on the numbers of shares or compensation that would be subject to certain awards, the ability for the Company to grant cash-based performance awards under the Plan and the other material terms of the awards described below.

The proposed changes to the Plan are described in further detail below.

Description of the Amended and Restated 2005 Stock Plan

The following description of the principal features of the amended and restated Plan is qualified in its entirety by reference to the text of the amended and restated Plan, which is attached as *Appendix B* to this Proxy Statement.

Purpose

The purpose of the Plan is to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to employees, directors and consultants, and to promote the success of the Company's business.

Eligibility

Plan-eligible participants include employees, consultants and directors of the Company and its subsidiaries. As of December 13, 2005, approximately 834 employees (including two employee directors), three non-employee directors and three consultants were eligible to participate in the Plan.

Administration of Plan

The Compensation Committee administers the Plan. The administrator has the power to determine the terms of the awards, including the individuals to whom awards will be made, the type of awards, the amount of the awards, the exercisability of the awards, the form of consideration, if any, payable upon exercise. Additionally, the administrator makes all other determinations necessary or advisable for the administration of the Plan, including interpreting the Plan and any award agreements under the Plan. In addition, both the Stock Plan Committee and our CEO may act as Plan administrator in limited circumstances, as they have the authority to grant equity-based awards to employees and consultants who are not executive officers or directors of the Company within guidelines for the size of grants to particular levels of employees or consultants established by the Company and approved by the Board of Directors. In the case of awards intended to qualify as performance-based compensation within the meaning of Section 162(m), the Compensation Committee, which consists of two or more outside directors within the meaning of Section 162(m), approves such grants and the performance goals for any performance period. In the case of awards granted to certain executive officers that require the achievement of specified performance goals, following the completion of the performance period, the Compensation Committee will certify, to the extent required by Section 162(m), in writing whether, and to what extent, the performance goals for the performance period have been achieved.

Share Reserve

A total of 6,000,000 shares of our Class A Common Stock are authorized for issuance under the Plan. Any shares subject to an award with a per share price less than the fair market value of our Class A Common Stock on the date of grant are counted against the authorized share reserve as two shares for every one share subject to the award, and if returned to the Plan such shares are counted as two shares for every one share returned. Shares subject to awards that expire or are cancelled or forfeited will again become available for issuance under the Plan. Awards settled in cash or by shares withheld to satisfy the purchase price of an award or tax withholding obligations will not count against the authorized share reserve.

The Plan, prior to its amendment and restatement, did not limit the number of shares of the Company's Class A Common Stock that could be issued to any one individual pursuant to options, SARs, restricted stock or performance grants. As amended and restated, the Plan contains annual grant limits intended to satisfy Section 162(m). Specifically, the maximum number of shares which could be issued to any one individual in any fiscal year pursuant to options, SARs, restricted stock, or performance shares is limited to 2,000,000, and the maximum which could be issued to any one individual in any fiscal year pursuant to the grant of performance units or performance bonus awards is \$5,000,000. In addition, an individual may be granted options or SARs to purchase up to an additional 2,000,000 shares of Class A Common Stock in connection with his or her initial hiring by the Company.

The Compensation Committee will adjust the maximum number and type of securities that may be granted pursuant to the Plan, the limitations on annual grants to individuals or in connection with an individual's initial hiring, as well as the number and type of securities subject to outstanding awards, the option price, grant price or other price of shares subject to outstanding awards, any performance conditions relating to shares and any other conditions of outstanding awards, in the event of a merger, reorganization, consolidation, recapitalization, liquidation, stock dividend, spin-off, stock split, reverse stock split, share combination, share exchange, extraordinary dividend, or any change in the corporate structure affecting our Class A Common Stock.

Awards

The Plan provides for the grant of incentive stock options, nonstatutory stock options, restricted stock, SARs, deferred stock units, performance units, performance shares and performance cash bonus awards. Set forth below is a general description of the types of awards that may be granted under the Plan. On December 15, 2005, the closing price of our Class A Common Stock on the NYSE was \$18.43 per share.

Stock Options

The administrator determines the exercise price of options granted under the Plan, but with respect to nonstatutory stock options intended to qualify as performance-based compensation within the meaning of Section 162(m) and all incentive stock options, the exercise price must at least be equal to the fair market value of our Class A Common Stock on the date of grant. The term of an incentive stock option may not exceed ten years, except that with respect to any participant who owns 10% of the voting power of all classes of our outstanding stock, the term must not exceed five years and the exercise price must equal at least 110% of the fair market value on the grant date. The administrator determines the term of all other options.

Upon termination of a participant's service with us or with a subsidiary of us, he or she may exercise his or her option for the period of time stated in the option agreement. Generally, if termination is due to death or disability, the option will remain exercisable for 12 months. In all other cases, the option will generally remain exercisable for three months. However, an option may never be exercised later than the expiration of its term.

Stock Appreciation Rights

SARs may be granted under the Plan. SARs allow the recipient to receive the appreciation in the fair market value of our Class A Common Stock between the exercise date and the date of grant. The administrator determines the terms of SARs, including when such rights become exercisable and whether to pay the increased appreciation in cash or with shares of our Class A Common Stock, or a combination thereof.

Restricted Stock

Restricted stock may be granted under the Plan. Restricted stock awards are shares of our Class A Common Stock that vest in accordance with terms and conditions established by the administrator. The administrator will determine the number of shares of restricted stock granted to any employee. The administrator may impose whatever conditions to vesting it determines to be appropriate. For example, the administrator may set restrictions based on the achievement of specific performance goals. Shares of restricted stock that do not vest are subject to our right of repurchase or forfeiture.

Deferred Stock Units

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

The Plan permits the grant of deferred stock units, which may consist of restricted stock, performance shares or performance unit awards that are paid out in installments or on a deferred basis, as determined in the administrator's sole discretion and in accordance with rules and procedures established by the administrator. Deferred stock units may be settled in cash, shares of our Class A Common Stock or a combination of cash and our Class A Common Stock.

Performance-Based Compensation

Performance units, performance shares and performance cash bonuses may be granted under the Plan. Performance units, performance shares and performance cash bonuses are awards that will result in a payment to a participant only if performance goals established by the administrator are achieved or the awards otherwise vest. As described below, the administrator will establish organizational or individual performance goals in its discretion within the parameters of the Plan, which, depending on the extent to which they are met, will determine the degree of granting, vesting and/or payout value of performance units, performance shares

and performance cash bonuses to be paid out to participants. Performance units will have an initial dollar value established by the administrator on or before the grant date. Performance shares will have an initial value equal to the fair market value of our Class A Common Stock on the grant date.

As originally adopted, the Plan did not provide for performance cash bonus awards, although the Company has historically granted performance cash bonus awards separately pursuant to our annual incentive plan. The addition of performance cash bonus awards to the Plan is intended to allow the Company to structure future cash bonus awards as performance-based compensation under Section 162(m). The Plan also did not provide specific measures for performance goals, but allowed the administrator to determine the performance goals applicable to an award using certain Company or individual performance measures. As amended and restated, the Plan provides specific measures from which the administrator may base performance goals. Specifically, performance goals to be used for awards shall be chosen from one or more of the following measures: (i) revenue, (ii) gross margin, (iii) operating margin, (iv) operating income, (v) pre-tax profit, (vi) earnings before interest, taxes and depreciation, (vii) net income, (viii) cash flow, (ix) expenses, (x) the market price of a share of our Class A Common Stock, (xi) earnings, (xii) return on stockholder equity, (xiii) return on capital, (xiv) product quality, (xv) economic value added, (xvi) number of customers, (xvii) market share, (xviii) return on investments, (xix) profit after taxes, (xx) customer satisfaction, (xxi) business divestitures and acquisitions, (xxii) supplier awards from significant customers, (xxiii) new product development, (xxiv) working capital, (xxv) individual objectives, (xxvi) time to market, (xxvii) return on net assets, and (xxviii) sales.

Prior to the beginning of any applicable performance period or such later date as permitted under Section 162(m), the Compensation Committee will establish one or more performance goals applicable to the awards of the executive officers covered by Section 162(m). The target levels with respect to these performance measures may be expressed on an absolute basis or relative to a standard specified by the Compensation Committee. The degree of attainment of these performance measures will, according to criteria established by the Compensation Committee, be computed before the effect of changes in accounting standards, restructuring charges and similar extraordinary items occurring after the establishment of the performance goals applicable to a performance award.

Following completion of the applicable performance period, the Compensation Committee will certify in writing, as to the executive officers covered by Section 162(m), the extent to which the applicable performance goals have been attained and the resulting value to be paid to each such executive officer. The Compensation Committee retains the discretion to eliminate or reduce, but not increase, the amount that would otherwise be payable to such executive officer on the basis of the performance goals attained. However, no such reduction may increase the amount paid to any other executive officer. Performance award payments may be made in lump sum or in installments. If any payment is to be made on a deferred basis, the Compensation Committee may provide for the payment of dividend equivalents or interest during the deferral period.

No performance award may be sold or transferred other than by will or the laws of descent and distribution prior to the end of the applicable performance period. The Company reserves the right to grant awards that do not qualify for the Section 162(m) performance-based exception.

Outside Director Awards

The Plan also provides for the automatic grant of nonstatutory stock options to our non-employee directors. Each non-employee director appointed to the Board, except for those inside directors who cease to be inside directors but remain non-employee directors, receive an initial option to purchase 20,000 shares. This initial option vests over three years at a rate of one-third upon each anniversary of the grant date, provided that the director continues to serve on the Board. In addition, on July 15, 2005 our non-employee directors received, and following each annual meeting of our stockholders beginning in 2006, those non-employee directors who have been directors for at least six months will receive, a subsequent option to purchase 10,000 shares. These subsequent options will vest over three years at a rate of one-third upon each anniversary of the grant date, provided that the director continues to serve on the Board. All options granted under the automatic grant provisions have a term of ten years and an exercise price equal to the fair market value of our Class A Common

Stock on the date of grant. The administrator may change the number of shares subject to the initial and subsequent options and the terms of such options, and may grant a different mix of equity awards of an equivalent value to such options as determined by our Board of Directors on the date of grant.

Effect of a Change in Control

The Plan provides that in the event of a change in control of the Company the successor corporation will assume, substitute an equivalent award, or replace with a cash incentive program each outstanding award under the Plan. With respect to awards made to a non-employee director, such awards will become fully vested and exercisable immediately prior to the change in control. With respect to awards made to our employees and consultants, such awards will be subject to an accelerated vesting schedule equal to one year of additional vesting for each year of service the employee or consultant provided to us on the date, following a change in control, if such employee or consultant is terminated by us or a successor to us without cause or if such employee or consultant resigns for good reason, provided that the termination or resignation occurs within the 12 months following a change in control. If there is no assumption, substitution or replacement with a cash incentive program of outstanding awards, such awards will become fully vested and exercisable immediately prior to the change in control unless otherwise determined by the administrator, and the administrator will provide notice to the recipient that he or she has the right to exercise such outstanding awards for a period of 15 days from the date of the notice. The awards will terminate upon the expiration of the 15-day period.

Transferability

Unless otherwise permitted by the administrator, the Plan generally does not allow for the transfer of awards, and, consequently, only the recipient of an award generally may exercise an award during his or her lifetime. The Company has granted non-statutory stock options under the Plan to its executive officers and directors that permit transfers for estate planning purposes.

Termination and Amendment

The Plan will automatically terminate in November 2014, unless we terminate it sooner. In addition, the Compensation Committee has the authority to amend, suspend or terminate the Plan provided such action does not impair the rights of any participant. However, the Company intends to obtain stockholder approval with respect to any further amendments to the Plan to the extent required for awards under the Plan to continue to satisfy the requirements for performance-based compensation under Section 162(m), or as otherwise required by applicable law.

Summary of U.S. Federal Income Tax Consequences

The following summary is intended only as a general guide to the U.S. federal income tax consequences of participation in the Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

Incentive Stock Options. An optionee recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code. Optionees who neither dispose of their shares within two years following the date the option was granted nor within one year following the exercise of the option will normally recognize a capital gain or loss equal to the difference, if any, between the sale price and the purchase price of the shares. If an optionee satisfies such holding periods upon a sale of the shares, the Company will not be entitled to any deduction for federal income tax purposes. If an optionee disposes of shares within two years

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

after the date of grant or within one year after the date of exercise (a disqualifying disposition), the difference between the fair market value of the shares on the determination date (see discussion under Nonstatutory Stock Options below) and the option exercise price (not to exceed the gain realized on the sale if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) will be taxed as ordinary income at the time of disposition. Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a

capital loss. Any ordinary income recognized by the optionee upon the disqualifying disposition of the shares generally should be deductible by the Company for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code.

The difference between the option exercise price and the fair market value of the shares on the determination date of an incentive stock option (see discussion under *Nonstatutory Stock Options* below) is treated as an adjustment in computing the optionee's alternative minimum taxable income and may be subject to an alternative minimum tax which is paid if such tax exceeds the regular tax for the year. Special rules may apply with respect to certain subsequent sales of the shares in a disqualifying disposition, certain basis adjustments for purposes of computing the alternative minimum taxable income on a subsequent sale of the shares and certain tax credits which may arise with respect to optionees subject to the alternative minimum tax.

Nonstatutory Stock Options. Options not designated or qualifying as incentive stock options will be nonstatutory stock options having no special tax status. An optionee generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the optionee normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares on the determination date (as defined below). If the optionee is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The *determination date* is the date on which the option is exercised unless the shares are subject to a substantial risk of forfeiture (as in the case where an optionee is permitted to exercise an unvested option and receive unvested shares which, until they vest, are subject to the Company's right to repurchase them at the original exercise price upon the optionee's termination of service) and are not transferable, in which case the determination date is the earlier of (i) the date on which the shares become transferable or (ii) the date on which the shares are no longer subject to a substantial risk of forfeiture. If the determination date is after the exercise date, the optionee may elect, pursuant to Section 83(b) of the Code, to have the exercise date be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the option is exercised. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. No tax deduction is available to the Company with respect to the grant of a nonstatutory stock option or the sale of the stock acquired pursuant to such grant. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the optionee as a result of the exercise of a nonstatutory stock option, except to the extent such deduction is limited by applicable provisions of the Code.

Stock Appreciation Rights. No taxable income is reportable when a SAR is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares of our Class A Common Stock received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock Awards. A participant acquiring restricted stock generally will recognize ordinary income equal to the fair market value of the shares on the *determination date* (as defined above under *Nonstatutory Stock Options*). If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the determination date is after the date on which the participant acquires the shares, the participant may elect, pursuant to Section 83(b) of the Code, to have the date of acquisition be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the shares are acquired. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Performance Bonus, Performance Shares and Performance Unit Awards. A participant generally will recognize no income upon the grant of a performance share, performance bonus or performance unit award. Upon the settlement and/or payment of such awards, participants normally will recognize ordinary income in the

year of receipt in an amount equal to the cash received and the fair market value of any nonrestricted shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the participant receives shares of restricted stock, the participant generally will be taxed in the same manner as described above (see discussion under Restricted Stock). Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the determination date (as defined above under Nonstatutory Stock Options), will be taxed as capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Deferred Stock Unit Awards. A participant generally will recognize no income upon the grant of a Deferred Stock Unit Award. Upon the settlement of such an award, the participant normally will recognize ordinary income in the year of settlement in an amount equal to the fair market value of any unrestricted shares of our Class A Common Stock received. Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

New Plan Benefits

The benefits and amounts that will be received by each of the Named Executive Officers, the executive officers as a group and all other employees under the Plan cannot be determined at this time because the administrator has full discretion to determine the number, type and value of awards under the Plan and the actual amounts will depend on who participates in the Plan, actual performance measured against the attainment of pre-established performance goals and the Compensation Committee's discretion to reduce such amounts. See Compensation of Directors for a description of director compensation under the Plan.

The following table sets forth the following persons or groups who received (i) options to purchase the following numbers of shares of our Class A Common Stock under the Plan in fiscal 2005 and (ii) bonuses under the Dolby annual incentive plan earned in fiscal 2005.

Marty Jaffe	60,000	\$ 173,218

All current directors who are not officers as a group	30,000	
All employees and consultants of the Company (excluding executive officers) as a group	1,914,170	Not yet determined.

* Bonuses paid pursuant to the Dolby annual incentive plan, not pursuant to the Plan.

** Effective October 24, 2005, Ms. Daly resigned as Chief Financial Officer and transitioned to a non-executive position.

We did not grant any options under the Plan in fiscal 2005 to any associates of our current directors, executive officers or nominees for director. No single person received five percent of the options granted under the Plan in fiscal 2005.

The Compensation Committee has also established a fiscal year 2006 cash-based performance bonus program under the Plan which is intended to comply with Section 162(m). The Compensation Committee has established, to the extent required by Section 162(m) of the Code, the specific performance measurements and bonus parameters applicable to certain executive officers under the Plan for fiscal 2006 and has made the award of such cash performance bonuses subject to stockholder approval of this amended and restated Plan.

Proposal 2 requires the affirmative **FOR** vote of a majority of the voting power of the shares present and voting at the Annual Meeting in person or by proxy. Under the rules of the NYSE, brokers are prohibited from giving proxies to vote on equity compensation plans unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to Proposal 2 if you want your broker to vote your shares on the matter.

The Board of Directors recommends a vote FOR the amendment and restatement of the Company's 2005 Stock Plan to permit certain future awards under the Plan to qualify as performance-based compensation under Section 162(m) and to permit the granting of performance cash bonus awards under the Plan.

PROPOSAL 3**RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed the firm of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending September 29, 2006. Representatives of KPMG LLP are expected to be present at the Company's Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

The following table sets forth the aggregate fees billed or expected to be billed by KPMG LLP for audit and other services rendered.

	Fiscal Years Ended	
	2005	2004
Audit Fees ⁽¹⁾	\$ 875,355	\$ 862,000
Audit-Related Fees ⁽²⁾	990,179	293,000
Tax Fees ⁽³⁾		
All Other Fees ⁽⁴⁾	13,658	
	\$ 1,879,192	\$ 1,155,000

- (1) Audit fees consist of fees incurred for professional services rendered for the audit of our annual consolidated financial statements, review of our quarterly consolidated financial statements and foreign statutory audits and services that are normally provided by KPMG LLP in connection with statutory and regulatory filings or engagements.
- (2) Audit-related fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under Audit Fees. In fiscal 2004, this consisted principally of documentation assistance procedures to meet the requirements of the Sarbanes-Oxley Act of 2002. In fiscal 2005, this consisted primarily of accounting advice and consultations related to our initial public offering, as well as documentation assistance procedures to meet the requirements of the Sarbanes-Oxley Act of 2002.
- (3) The Company generally does not engage KPMG LLP for tax services.
- (4) All other fees consist of fees billed in connection with audits of our licensees. In addition, the Company has prepaid \$76,342 for similar services, but KPMG LLP had not yet rendered such services in fiscal 2005.

The Audit Committee considered whether the provision of services other than audit services is compatible with maintaining KPMG LLP's independence.

Pre-Approval Policies and Procedures

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

The Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the Company's independent registered public accounting firm.

All services and fees provided to the Company by KPMG LLP in fiscal 2005 were pre-approved by the Audit Committee.

Required Vote

Ratification requires the affirmative vote of a majority of the voting power of the shares present and voting at the Annual Meeting in person or by proxy. Stockholder ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of KPMG LLP to the stockholders for ratification as a

matter of corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

The Board of Directors recommends a vote FOR ratification of KPMG LLP as the Company's independent registered public accounting firm.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's executive officers and directors and persons who beneficially own more than 10% of the Company's Class A Common Stock (collectively, "Reporting Persons") to file reports of beneficial ownership and changes in beneficial ownership with the SEC and the NYSE. Reporting Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on our review of such reports received or written representations from certain Reporting Persons, the Company believes that during the fiscal year ended September 30, 2005 all Reporting Persons complied with all applicable reporting requirements, except that Janet Daly was one business day late in reporting an option grant.

STOCKHOLDER PROPOSALS FOR THE 2007 ANNUAL MEETING

The deadline for submitting a stockholder proposal for inclusion in the Company's proxy statement and form of proxy for the Company's 2007 Annual Meeting of Stockholders pursuant to Rule 14a-8 of the Exchange Act is September 19, 2006.

Our Bylaws contain additional advance notice requirements, including requirements with respect to advance notice of stockholder proposals. Under our Bylaws, a stockholder proposal will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to the Secretary of the Company at the principal executive offices of the Company and otherwise complies with the provisions of the Company's Bylaws. To be timely, the Company's Bylaws provide that such stockholder's notice must be delivered to or mailed and received by the secretary of the Company at the principal executive offices of the Company not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to the anniversary date of the immediately preceding annual meeting; provided, however, that in the event that no annual meeting was held in the previous year or the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the stockholder to be timely must be so received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first.

ANNUAL REPORT

The Company will furnish without charge, upon written request of any person who was a stockholder or beneficial owner of Common Stock at the close of business on January 9, 2006, a copy of the Company's Annual Report on Form 10-K, including the financial statements and the financial statement schedules. The written request should be sent to: Investor Relations Department, Dolby Laboratories, Inc., 100 Potrero Avenue, San Francisco, CA 94103-4813.

(ii) In connection with his or her initial service, a Service Provider may be granted Options or SARs to purchase up to an additional 2,000,000 Shares, which shall not count against the limit set forth in subsection (i) above.

(iii) The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 17(a).

(iv) If an Award is cancelled in the same fiscal year of the Company in which it was granted (other than in connection with a transaction described in Section 17(c)), the cancelled Award will be counted against the limits set forth in subsections (i) and (ii) above.

7. Stock Options.

(a) *Term of Option.* The term of each Option will be stated in the Award Agreement. In the case of an Incentive Stock Option, the term will be ten (10) years from the date of grant or such shorter term as may be provided in the Award Agreement. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or a Related Entity, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

(b) *Option Exercise Price.* The per Share exercise price for the Shares to be issued pursuant to exercise of an Option will be determined by the Administrator; provided, however that in the case of an Incentive Stock Option and a Nonstatutory Stock Option intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the per Share exercise price will be no less than 100% of the Fair Market Value per Share on the date of grant. Notwithstanding the foregoing, in the case of an Incentive Stock Option granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or a Related Entity, the per Share exercise price will be no less than 110% of the Fair Market Value per Share on the date of grant.

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

(c) *Waiting Period and Exercise Dates.* At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(d) *Form of Consideration.* The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator will determine the acceptable form of consideration at the time of grant. Such consideration to the extent permitted by Applicable Laws may consist entirely of:

(i) cash;

B-7

(ii) check;

(iii) promissory note;

(iv) other Shares which meet the conditions established by the Administrator to avoid adverse accounting consequences (as determined by the Administrator);

(v) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

(vi) a reduction in the amount of any Company liability to the Participant;

(vii) any combination of the foregoing methods of payment; or

(viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

(e) *Exercise of Option.*

(i) *Procedure for Exercise; Rights as a Stockholder.* Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (x) written or electronic notice of exercise (in accordance with the Award Agreement) from the person entitled to exercise the Option, and (y) full payment for the Shares with respect to which the Option is exercised (together with any applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Awarded Stock, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 17 of the Plan or the applicable Award Agreement.

Exercising an Option in any manner will decrease the number of Shares thereafter available for sale under the Option, by the number of Shares as to which the Option is exercised.

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

(ii) *Termination of Relationship as a Service Provider.* If a Participant ceases to be a Service Provider, other than upon the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) *Disability of Participant.* If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve

(12) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv) *Death of Participant.* If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

8. Restricted Stock.

(a) *Grant of Restricted Stock.* Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine.

(b) *Restricted Stock Agreement.* Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine. Unless the Administrator determines otherwise, Shares of Restricted Stock will be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

(c) *Transferability.* Except as provided in this Section 8, Shares of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction.

(d) *Other Restrictions.* The Administrator, in its sole discretion, may impose such other restrictions on Shares of Restricted Stock as it may deem advisable or appropriate, including granting such an Award of Restricted Stock subject to the requirements of Section 12.

(e) *Removal of Restrictions.* Except as otherwise provided in this Section 8, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

(f) *Voting Rights.* During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise.

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

(g) *Dividends and Other Distributions.* During the Period of Restriction, Service Providers holding Shares of Restricted Stock will be entitled to receive all dividends and other distributions paid with respect to such Shares unless otherwise provided in the Award Agreement. If any such dividends or distributions are paid in Shares, the Shares will be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid.

B-9

(h) *Return of Restricted Stock to Company.* On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

9. Stock Appreciation Rights.

(a) *Grant of SARs.* Subject to the terms and conditions of the Plan, a SAR may be granted to Service Providers at any time and from time to time as will be determined by the Administrator, in its sole discretion.

(b) *Number of Shares.* The Administrator will have complete discretion to determine the number of SARs granted to any Service Provider.

(c) *Exercise Price and Other Terms.* The Administrator, subject to the provisions of the Plan, will have complete discretion to determine the terms and conditions of SARs granted under the Plan.

(d) *Exercise of SARs.* SARs will be exercisable on such terms and conditions as the Administrator, in its sole discretion, will determine.

(e) *SAR Agreement.* Each SAR grant will be evidenced by an Award Agreement that will specify the exercise price, the term of the SAR, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

(f) *Expiration of SARs.* An SAR granted under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement. Notwithstanding the foregoing, the rules of Sections 7(e)(ii), 7(e)(iii) and 7(e)(iv) also will apply to SARs.

(g) *Payment of SAR Amount.* Upon exercise of an SAR, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

(i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times

(ii) The number of Shares with respect to which the SAR is exercised.

At the discretion of the Administrator, the payment upon SAR exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

10. Performance Units and Performance Shares.

(a) *Grant of Performance Units/Shares.* Subject to the terms and conditions of the Plan, Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the number of Performance Units and Performance Shares granted to each Participant.

(b) *Value of Performance Units/Shares.* Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

(c) *Performance Objectives and Other Terms.* The Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as a Service Provider) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Service Providers. The time period during which the performance objectives must be met will be called the Performance Period. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine. The Administrator may set Performance Goals based upon the achievement of Company-wide, divisional, or individual goals,

applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

(d) *Earning of Performance Units/Shares.* After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives for such Performance Unit/Share.

(e) *Form and Timing of Payment of Performance Units/Shares.* Payment of earned Performance Units/Shares will be made as soon after the expiration of the applicable Performance Period at the time determined by the Administrator. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

(f) *Cancellation of Performance Units/Shares.* On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

11. Performance Bonus Awards. Any Service Provider selected by the Committee may be granted one or more Performance-Based Awards in the form of a cash bonus payable upon the attainment of Performance Goals that are established by the Committee, in each case on a specified date or dates or over any period or periods determined by the Committee. Any such Performance Bonus Award paid to a Service Provider who would be considered a covered employee within the meaning of Section 162(m) of the Code (hereinafter a Covered Employee) will be based upon objectively determinable bonus formulas established in accordance with Section 12.

12. Terms and Conditions of Any Performance-Based Award.

(a) *Purpose.* The purpose of this Section 12 is to provide the Committee the ability to qualify Awards (other than Options and SARs) that are granted pursuant to the Plan as qualified performance-based compensation under Section 162(m) of the Code. If the Committee, in its discretion, decides to grant a Performance-Based Award subject to Performance Goals to a Covered Employee, the provisions of this Section 12 will control over any contrary provision in the Plan; provided, however, that the Committee may in its discretion grant Awards to such Covered Employees that are based on Performance Goals or other specific criteria or goals but that do not satisfy the requirements of this Section 12.

(b) *Applicability.* This Section 12 will apply to those Covered Employees which are selected by the Committee to receive any Award subject to Performance Goals. The designation of a Covered Employee as being subject to Section 162(m) of the Code will not in any manner entitle the Covered Employee to receive an Award under the Plan. Moreover, designation of a Covered Employee subject to Section 162(m) of the Code for a particular Performance Period will not require designation of such Covered Employee in any subsequent Performance Period and designation of one Covered Employee will not require designation of any other Covered Employee in such period or in any other period.

(c) *Procedures with Respect to Performance Based Awards.* To the extent necessary to comply with the performance-based compensation requirements of Section 162(m) of the Code, with respect to any Award granted subject to Performance Goals, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated fiscal period or period of service (or such other time as may be required or permitted by Section 162(m)), the Committee will, in writing, (a) designate one or more Participants who are Covered Employees, (b) select the Performance Goals applicable to the Performance Period, (c) establish the Performance Goals, and amounts or methods of computation of such Awards, as applicable, which may be earned for such Performance Period, and (d) specify the relationship between Performance Goals and the amounts or methods of computation of such Awards, as applicable, to be earned

B-11

by each Covered Employee for such Performance Period. Following the completion of each Performance Period, the Committee will certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amounts earned by a Covered Employee, the Committee will have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Period.

(d) *Payment of Performance Based Awards.* Unless otherwise provided in the applicable Award Agreement, a Covered Employee must be employed by the Company or a Related Entity on the day a Performance-Based Award for such Performance Period is paid to the Covered Employee. Furthermore, a Covered Employee will be eligible to receive payment pursuant to a Performance-Based Award for a Performance Period only if the Performance Goals for such period are achieved.

(e) *Additional Limitations.* Notwithstanding any other provision of the Plan, any Award which is granted to a Covered Employee and is intended to constitute qualified performance based compensation under Section 162(m) of the Code will be subject to any additional limitations set forth in the Code (including any amendment to Section 162(m)) or any regulations and ruling issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m) of the Code, and the Plan will be deemed amended to the extent necessary to conform to such requirements.

13. *Deferred Stock Units.* Deferred Stock Units shall consist of a Restricted Stock, Performance Share or Performance Unit Award that the Administrator, in its sole discretion permits to be paid out in installments or on a deferred basis, in accordance with rules and procedures established by the Administrator. Deferred Stock Units may be settled, in the discretion of the Administrator, in cash, Shares or a combination thereof.

14. *Outside Director Awards.* Except as provided in Section 14(f), grants of Awards to Outside Directors pursuant to this Section 14 will be automatic and will be made in accordance with the following provisions:

(a) *Type of Option.* All Options granted pursuant to this Section 14 will be Nonstatutory Stock Options and, except as otherwise provided herein, will be subject to the other terms and conditions of the Plan.

(b) *First Option.* Each person who first becomes an Outside Director on or after the Registration Date automatically will be granted an Option to purchase 20,000 Shares (the *First Option*) on the date on which such person first becomes an Outside Director, whether through election by the stockholders of the Company or appointment by the Board to fill a vacancy; provided, however, that an Inside Director who ceases to be an Inside Director but who remains a Director will not receive a First Option.

(c) *Subsequent Option.* Each Outside Director automatically will be granted an Option to purchase 10,000 Shares (a *Subsequent Option*) (i) on July 15, 2005, and (ii) on the date of each annual meeting of the stockholders of the Company beginning as of the first annual meeting of stockholders after the end of the Company's 2005 fiscal year, provided, in each case, he or she is then an Outside Director, and if as of each such date, he or she will have served on the Board for at least the preceding six (6) months.

(d) *Terms.* Except as provided in Section 14(f), the terms of each Option granted pursuant to this Section 14 will be as follows:

Edgar Filing: Dolby Laboratories, Inc. - Form DEF 14A

(i) The term of the Option will be ten (10) years.

(ii) The exercise price per Share will be 100% of the Fair Market Value per Share on the date of grant of the Option. In the event that the date of grant of the Option is not a trading day, the exercise price per Share shall be the Fair Market Value on the next trading day immediately following the date of grant of the Option.

(iii) Subject to Section 17 of the Plan, the First Option will vest and become exercisable as to 1/3 of the Shares subject to the First Option on the first anniversary of its date of grant, and as to 1/3 of the Shares subject to the First Option each full anniversary thereafter, provided that the Participant continues to serve as a Director on such dates;

B-12

(iv) Subject to Section 17 of the Plan, the Subsequent Option will vest and become exercisable as to 1/3 of the Shares subject to the Subsequent Option on the first anniversary of its date of grant, and as to 1/3 of the Shares subject to the Subsequent Option each full anniversary thereafter, provided that the Participant continues to serve as a Director on such dates.

(e) *Exercise of Options.* An Option granted pursuant to this Section 14 will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement. Notwithstanding the foregoing, the rules of Sections 7(e)(ii), 7(e)(iii) and 7(e)(iv) also will apply to such Option. To the extent that the Participant was not entitled to exercise an Option on the date of termination, or if he or she does not exercise such Option (to the extent otherwise so entitled) within the time specified herein, the Option shall terminate.

(f) *Amendment.* Notwithstanding the foregoing, the Administrator in its discretion may change the number of Shares subject to the First Options and Subsequent Options, may change the terms of such Options and may grant substitute Awards having an equivalent value to such Options as determined by the Board on the date of grant.

15. *Leaves of Absence.* Unless the Administrator provides otherwise, vesting of Awards granted hereunder will be suspended during any unpaid leave of absence and will resume on the date the Participant returns to work on a regular schedule as determined by the Company. A Service Provider will not cease to be an Employee in the case of (i) any leave of absence approved by the Company or (ii) transfers between locations of the Company or between the Company and a Related Entity. For purposes of Incentive Stock Options, no such leave may exceed ninety (90) days, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then three months following the 91st day of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

16. *Non-Transferability of Awards.* Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator makes an Award transferable, such Award will contain such additional terms and conditions as the Administrator deems appropriate.

17. *Adjustments; Dissolution or Liquidation; Merger or Change in Control.*

(a) *Adjustments.* In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs such that an adjustment is determined by the Administrator (in its sole discretion) to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Administrator shall, in such manner as it may deem equitable, adjust the number and class of Shares which may be delivered under the Plan, and the number, class, and price of Shares subject to outstanding Awards. Notwithstanding the preceding, the number of Shares subject to any Award always shall be a whole number.

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Administrator will notify each Participant as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for a Participant to have the right to exercise his or her Award, to the extent applicable, until ten (10) days prior to such transaction as to all of the Awarded Stock covered thereby, including Shares as to which the Award would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option or forfeiture rights applicable to any Award shall lapse in full, and that any Award's vesting schedule shall accelerate in

full, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised or vested, an Award will terminate immediately prior to the consummation of such proposed action.

(c) Merger or Change in Control.

(i) Stock Options and SARs. In the event of a merger or Change in Control, an outstanding Option or SAR may be (i) assumed or substituted with an equivalent option or SAR of the successor corporation or a Parent or Subsidiary of the successor corporation, (ii) replaced with a cash incentive program of the successor corporation or a Parent or Subsidiary of the successor corporation, or (iii) terminated. Unless determined otherwise by the Administrator, in the event that the successor corporation does not assume, substitute or replace a Participant's Option or SAR, the Participant shall, immediately prior to the merger or Change in Control, fully vest in and have the right to exercise such Option or SAR that is not assumed, substituted or replaced as to all of the Awarded Stock, including Shares as to which it would not otherwise be vested or exercisable. If an Option or SAR is not assumed, substituted or replaced in the event of a merger or Change in Control, the Administrator shall notify the Participant in writing or electronically that the Option or SAR shall be exercisable, to the extent vested, for a period of up to fifteen (15) days from the date of such notice, and the Option or SAR shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option or SAR shall be considered assumed if, following the merger or Change in Control, the option or stock appreciation right confers the right to purchase or receive, for each Share of Awarded Stock subject to the Option or SAR immediately prior to the merger or Change in Control, the consideration (whether stock, cash, or other securities or property) received in the merger or Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR, for each Share of Awarded Stock subject to the Option or SAR, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

With respect to Options and SARs granted to an Outside Director, the Participant shall, immediately prior to the merger or Change in Control, fully vest in and have the right to exercise such Options and SARs as to all of the Awarded Stock, including Shares as to which it would not otherwise be vested or exercisable. With respect to Options and SARs granted to an Employee, the Employee, upon a termination of the Employee by the Company or a Related Entity without Cause or a resignation of the Employee with Good Reason, shall receive one year of additional vesting for each full year of service performed for the Company or a Related Entity; provided, that such termination or resignation occurs within the twelve (12) month period following a Change in Control.

(ii) Restricted Stock, Performance Shares, Performance Units, Performance Bonus Awards and Deferred Stock Units. In the event of a merger or Change in Control, an outstanding Restricted Stock, Performance Share, Performance Unit, Performance Bonus Award or Deferred Stock Unit award may be (i) assumed or substituted with an equivalent Restricted Stock, Performance Share, Performance Unit, Performance Bonus Award or Deferred Stock Unit award of the successor corporation or a Parent or Subsidiary of the successor corporation, (ii) replaced with a cash incentive program of the successor corporation or a Parent or Subsidiary of the successor corporation, or (iii) terminated. Unless determined otherwise by the Administrator, in the event that the successor corporation refuses to

assume, substitute or replace a Participant's Restricted Stock, Performance Share, Performance Unit, Performance Bonus Award or Deferred Stock Unit award, the Participant shall, immediately prior to the merger or Change in Control, fully vest in such Restricted Stock, Performance Share, Performance Unit, Performance Bonus Award or Deferred Stock Unit including as to Shares which would not otherwise be vested. For the purposes of this paragraph, a Restricted Stock, Performance Share, Performance Unit, Performance Bonus Award and Deferred Stock Unit award shall be considered assumed if, following the merger or Change in Control, the award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the merger or Change in Control, the consideration (whether stock, cash, or other securities or property) received in the merger or Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received, for each Share and each unit/right to acquire a Share subject to the Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

With respect to Awards granted to an Outside Director, the Participant shall, immediately prior to the merger or Change in Control, fully vest in such Awards, including Shares as to which it would not otherwise be vested. With respect to Awards granted to an Employee, the Employee, upon a termination of the Employee by the Company or a Related Entity without Cause or a resignation of the Employee with Good Reason, shall receive one year of additional vesting for each full year of service performed for the Company or a Related Entity; provided, that such termination or resignation occurs within the twelve (12) month period following a Change in Control.

18. Date of Grant. The date of grant of an Award will be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

19. Term of Plan. Subject to Section 24 of the Plan, the Plan will become effective upon its adoption by the Board. It will continue in effect for a term of ten (10) years unless terminated earlier under Section 20 of the Plan.

20. Amendment and Termination of the Plan.

(a) *Amendment and Termination.* The Board may at any time amend, alter, suspend or terminate the Plan.

(b) *Stockholder Approval.* The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws. Other than pursuant to Section 17, the Company also will obtain stockholder approval before implementing a program to reduce the exercise price of outstanding Options and/or SARs through a repricing or Award exchange.

(c) *Effect of Amendment or Termination.* No amendment, alteration, suspension or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and

the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

21. Conditions Upon Issuance of Shares.

(a) *Legal Compliance.* Shares will not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares will comply with Applicable Laws and will be further subject to the approval of counsel for the Company with respect to such compliance.

(b) *Investment Representations.* As a condition to the exercise or receipt of an Award, the Company may require the person exercising or receiving such Award to represent and warrant at the time of any such exercise or receipt that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

22. Severability. Notwithstanding any contrary provision of the Plan or an Award to the contrary, if any one or more of the provisions (or any part thereof) of this Plan or the Awards shall be held invalid, illegal or unenforceable in any respect, such provision shall be modified so as to make it valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions (or any part thereof) of the Plan or Award, as applicable, shall not in any way be affected or impaired thereby.

23. Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, will relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority will not have been obtained.

24. Stockholder Approval. The Plan will be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is adopted. Such stockholder approval will be obtained in the manner and to the degree required under Applicable Laws.
