CALCULATION OF FILING FEE

Transaction Valuation ⁽¹⁾	Amount of Filing Fee ⁽¹⁾⁽²⁾
\$1,078,260,723	\$115,374

(1) Calculated solely for purposes of determining the filing fee in respect of B Shares (as defined below) to be held in the United States in accordance with Section 13(e)(3) of the Securities Exchange Act of 1934 and Rule 0-11(b) thereunder. This calculation assumes that holders of ordinary shares, par value 50 pence each (the "Ordinary Shares") in the United States own directly or indirectly 27.7% of the 1,871,234,589 Ordinary Shares issued and outstanding as of March 30, 2006 (including Ordinary Shares represented by American Depositary Shares) and that one in every three Ordinary Shares are converted into non-cumulative preference shares, par value 50 pence each (the "B Shares"). Transaction Valuation is based upon a value of £3.60 cash per share for the B Shares expected to be held in the United States on the basis described in the preceding sentence and on an exchange rate of \$1.7356 per £1.00, which was the noon buying rate in New York certified by the New York Federal Reserve Bank for customs purposes on March 29, 2006.

(2) The Amount of Filing Fee equals \$107.00 per \$1,000,000 of the Transaction Valuation.

** Check the box if any part of the fee is offset as provided by Rule 0-11(a)(2) and identify the filing with which the offsetting fee was previously paid. Identify the previous filing by registration statement number, or the Form or Schedule and the date of its filing.

This Issuer Tender Offer Statement on Schedule TO (Schedule TO) has been filed by Scottish Power plc, a public limited company registered in Scotland (ScottishPower or the Company), which proposes to return approximately £2.25 billion in cash to Shareholders (the Return of Cash).

The Return of Cash is composed of the Capital Reorganization (which comprises the Reclassification and the Share Capital Consolidation) and the B Share Alternatives. Holders of the Company's Existing Ordinary Shares as of 5:00 p.m. (London time) on May 12, 2006, and record holders of its Existing ADSs as of 5:00 pm (New York City time) on May 12, 2006 will be eligible to participate in the Return of Cash.

Pursuant to the Reclassification, one in every three of the issued ordinary shares in the capital of the Company, par value 50 pence per share (the Existing Ordinary Shares) held by each Shareholder as shown in the register of members of the Company at 6.00 p.m. (London time) on May 12, 2006 will be reclassified into a non-cumulative preference share (each a B Share). This will include those Existing Ordinary Shares held by JPMorgan Chase Bank, N.A. (the Depositary or JPMorgan) and represented by American Depositary Shares (Existing ADSs). Because each Existing ADS represents four Existing Ordinary Shares, ADS Holders will be entitled to receive the equivalent of one and one-third B Shares per Existing ADS they hold as of 5:00 p.m. (New York City time) May 12 2006. Each B Share entitles its holder to receive approximately £3.60 in cash, which, since holders of Existing ADSs will receive the equivalent of one and one-third B Shares per Existing ADS, is the equivalent of approximately £4.80 per Existing ADS.

Holders of B Shares have three alternative ways in which they can choose to receive their £3.60 per B Share (the B Share Alternatives). These are: (i) receive a single cash dividend of £3.60 per B Share (following which their B Shares will be converted into Deferred Shares which will have negligible value); (ii) have their B Shares repurchased for cash, at a price of £3.60 per B Share (Alternative 2); or (iii) retain their B Shares and receive a continuing dividend, with the expectation that they will have an opportunity to have their B Shares purchased at certain dates from 2007 to 2011 inclusive at a price of £3.60 per B Share. Holders of B Shares may elect for any combination of these alternatives.

In conjunction with the creation of the B Shares, ScottishPower intends to subdivide and consolidate its remaining ordinary share capital (known as a reverse stock split) (the Share Capital Consolidation), in order to seek to maintain the trading value of the Ordinary Shares and ADSs (subject to market movements) following the Return of Cash. The Share Capital Consolidation will be carried out by subdividing and consolidating each Existing Ordinary Share and Existing ADS remaining after the Reclassification, which will result in new Ordinary Shares with a lower par value (the New Ordinary Shares) and new ADSs (the New ADSs) each representing four New Ordinary Shares. Immediately following the Reclassification, Shareholders will receive approximately 1.1905 New Ordinary Shares for every remaining Existing Ordinary Share and ADS Holders will receive approximately 50 New ADSs in exchange for every 63 previously owned Existing ADSs. Shareholders and ADS Holders will also receive cash in respect of entitlements to fractional New Ordinary Shares or fractional New ADSs.

Holders of Existing Ordinary Shares and Existing ADSs may elect to have their B Shares purchased pursuant to Alternative 2 (the Initial Repurchase Offer). The Initial Repurchase Offer is expected to be made on behalf of ScottishPower by the Company's financial advisers and corporate brokers, UBS Limited, a company registered in England & Wales, through its agent, UBS Securities LLC, a company incorporated under the laws of the State of Delaware, (collectively with UBS Limited, UBS) and Morgan Stanley & Co. Limited, a company incorporated in England and Wales, through its agent, Morgan Stanley & Co. Incorporated, a company incorporated under the laws of the

This Schedule TO is being filed pursuant to Section 13(e) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and the rules and regulations promulgated thereunder.
