To Be Held May 10, 2006

PROXY STATEMENT

The Board of Directors of Ruth's Chris Steak House, Inc. (the Company or Ruth's Chris) is soliciting proxies from its stockholders to be used at the annual meeting of stockholders to be held on Wednesday, May 10, 2006, beginning at 9:00 a.m., at the Orlando Marriott Lake Mary, 1501 International Parkway, Lake Mary, Florida 32746, and at any postponements or adjournments thereof. This proxy statement contains information related to the annual meeting. This proxy statement, a proxy card and the Company's Annual Report on Form 10-K for the fiscal year ended December 25, 2005 are being mailed to stockholders on or about April 13, 2006. The fiscal year ended December 25, 2005 is referred to as fiscal 2005 in this proxy statement.

ABOUT THE ANNUAL MEETING

Why did I receive these materials?

Our Board of Directors is soliciting proxies for the 2006 annual meeting of stockholders. You are receiving a proxy statement because you owned shares of our common stock on April 6, 2006, and that entitles you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting. This proxy statement describes the matters on which we would like you to vote and provides information on those matters so that you can make an informed decision.

The notice of annual meeting, proxy statement and proxy are being mailed to stockholders on or about April 13, 2006.

What information is contained in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, our Board and Board committees, the compensation of directors and executive officers for fiscal 2005 and other information that the Securities and Exchange Commission requires us to provide annually to our stockholders.

How may I obtain Ruth's Chris's 10-K and other financial information?

A copy of our 2005 Annual Report, which includes our 2005 Form 10-K, is enclosed.

Stockholders may request another free copy of our 2005 Annual Report, which includes our 2005 Form 10-K, from:

We will also furnish any exhibit to the 2005 Form 10-K if specifically requested. Alternatively, stockholders can access the 2005 Form 10-K, the Company's other filings with the SEC and corporate governance and other information on the investor relations page of our website at www.ruthschris.com.

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the accompanying notice of annual meeting. In addition, management will report on our fiscal 2005 performance and respond to appropriate questions from stockholders.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on April 6, 2006, which is referred to herein as the Record Date, are entitled to receive notice of and to participate in the annual meeting. If you were a stockholder of record on the Record Date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

How many votes do I have?

You will be entitled to one vote for each outstanding share of Ruth's Chris common stock you owned as of the Record Date on each matter considered at the meeting. As of the Record Date, there were 23,126,846 shares of the Company's common stock outstanding and eligible to vote. There is no cumulative voting.

Who can attend the meeting?

Subject to space availability, all stockholders as of the Record Date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration will begin at 7:30 a.m., and seating will begin at 8:00 a.m. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices will not be permitted at the meeting.

Please also note that if you hold your shares in street name (that is, through a broker, bank or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date and check in at the registration desk at the meeting.

Please let us know if you plan to attend the meeting by marking the appropriate box on the enclosed proxy card.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the aggregate voting power of the common stock outstanding on the Record Date will constitute a quorum, permitting the conduct of business at the meeting. As of the Record Date, 23,126,846 shares of common stock, representing the same number of votes, were outstanding. Thus, the presence of the holders of common stock representing at least 11,562,644 votes will be required to establish a quorum.

Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

How do I vote?

If you are a holder of record (that is, your shares are registered in your own name with our transfer agent), you can vote either *in person* at the annual meeting or *by proxy* without attending the annual meeting. We urge

Table of Contents

you to vote by proxy even if you plan to attend the annual meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you attend the meeting in person, you may vote at the meeting and your proxy will not be counted. You can vote by proxy by completing, dating and signing the enclosed proxy card and returning it in the enclosed postage-paid envelope.

If you hold your shares in street name, you must either direct the bank, broker or other record holder of your shares as to how to vote your shares, or obtain a proxy from the bank, broker or other record holder to vote at the meeting. Please refer to the voter instruction cards used by your bank, broker or other record holder for specific instructions on methods of voting, including by telephone or using the Internet.

Your shares will be voted as you indicate. If you return the proxy card but you do not indicate your voting preferences, then the individuals named on the proxy card will vote your shares in accordance with the recommendations of the Board. The Board and management do not now intend to present any matters at the annual meeting other than those outlined in the notice of the annual meeting. Should any other matter requiring a vote of stockholders arise, stockholders returning the proxy card confer upon the individuals named on the proxy card discretionary authority to vote the shares represented by such proxy on any such other matter in accordance with their best judgment.

Can I change my vote after I return my proxy card?

Yes. If you are a stockholder of record, you may revoke or change your vote at any time before the proxy is exercised by filing with the Secretary of the Company a notice of revocation or a duly executed proxy bearing a later date or by attending the annual meeting and voting in person. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares, by attending the meeting and voting in person. In either case, the powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

Who counts the votes?

Votes will be counted and certified by the Inspectors of Election, who are employees of American Stock Transfer & Trust Company, the Company's transfer agent. If you are a stockholder of record, your signed proxy card is returned directly to American Stock Transfer & Trust Company for tabulation. If you hold your shares in street name through a broker, bank or other nominee, your broker, bank or other nominee will return one proxy card to American Stock Transfer & Trust Company on behalf of its clients.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. The Board's recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote FOR each of the proposals.

Will stockholders be asked to vote on any other matters?

To the knowledge of the Company and its management, stockholders will vote only on the matters described in this proxy statement. However, if any other matters properly come before the meeting, the persons named as proxies for stockholders will vote on those matters in the manner they consider appropriate.

What vote is required to approve each item?

Election of Directors. Directors are elected by a plurality of the votes cast at the meeting, which means that the five nominees who receive the highest number of properly executed votes will be elected as directors, even if

Table of Contents

those nominees do not receive a majority of the votes cast. Each share of our common stock is entitled to one vote for each of the director nominees. A properly executed proxy marked "withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Approval of Independent Auditors. The ratification of the appointment of KPMG LLP to serve as the Company's independent auditors for fiscal 2006 requires the affirmative vote of the majority of the votes cast.

A properly executed proxy marked "abstain" with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

How are votes counted?

In the election of directors, you may vote "FOR" all or some of the nominees or your vote may be "WITHHELD" with respect to one or more of the nominees. You may not cumulate your votes for the election of directors.

For the other items of business, you may vote "FOR," "AGAINST" or "ABSTAIN." If you elect to "ABSTAIN," the abstention has the same effect as a vote "AGAINST." If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items.

If you hold your shares in "street name" through a broker, bank or other nominee rather than directly in your own name, then your broker, bank or other nominee is considered the stockholder of record, and you are considered the beneficial owner of your shares. The Company has supplied copies of its proxy materials for its 2006 annual meeting of stockholders to the broker, bank or other nominee holding your shares of record, and they have the responsibility to send these proxy materials to you. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares at the annual meeting. The broker, bank or other nominee that is the stockholder of record for your shares is obligated to provide you with a voting instruction card for you to use for this purpose. If you hold your shares in a brokerage account but you fail to return your voting instruction card to your broker, your shares may constitute "broker non-votes." Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered present and entitled to vote on that proposal. If a quorum is present at the annual meeting, the persons receiving the greatest number of votes will be elected to serve as directors. As a result, broker non-votes will not affect the outcome of the voting on the election of directors (Item 1). The ratification of the appointment of the Company's independent auditors (Item 2) requires the affirmative vote of the majority of the shares of common stock present in person or represented by proxy at the annual meeting and entitled to vote on the proposal. A broker non-vote is treated as not being entitled to vote on the matter and, therefore, is not counted for purposes of determining whether the proposal has been approved. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

If you are a beneficial owner and your broker, bank or other nominee holds your shares in its name, the broker, bank or other nominee is permitted to vote your shares on the election of directors and the ratification of the appointment of KPMG LLP as our independent auditor, even if the broker, bank or other nominee does not receive voting instructions from you.

What happens if a nominee for director declines or is unable to accept election?

If you vote by proxy, and if unforeseen circumstances make it necessary for the Board to substitute another person for a nominee, the individuals named on the proxy card will vote your shares for that other person.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one

Table of Contents

brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive.

Where can I find the voting results of the annual meeting?

The Company intends to announce the preliminary voting results at the annual meeting and publish the final results in its quarterly report on Form 10-Q for the quarter ending March 26, 2006.

What is the deadline to propose actions for consideration at next year's annual meeting of stockholders?

You may submit proposals for consideration at future stockholder meetings. For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting next year, our Corporate Secretary must receive the written proposal at our principal executive offices no later than January 26, 2007. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Corporate Secretary

Ruth's Chris Steak House, Inc.

500 International Parkway, Suite 100

Heathrow, Florida 32746

Fax: 407-833-9625

For a stockholder proposal that is not intended to be included in our proxy statement under Rule 14a-8, the stockholder must deliver a proxy statement and form of proxy to holders of a sufficient number of shares of our common stock to approve the proposal, provide the information required by our Bylaws and give timely notice to the Corporate Secretary in accordance with our Bylaws, which, in general, require that the notice be received by the Corporate Secretary:

Not earlier than the close of business on date 120 days prior to next meeting, and

Not later than the close of business on date 90 days prior to next meeting.

If the date of the stockholder meeting is moved more than 30 days before or 60 days after the anniversary of the annual meeting for the prior year, then notice by the stockholder in order to be timely must be so received not later than the 10th day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever occurs first.

How may I recommend or nominate individuals to serve as directors?

You may propose director candidates for consideration by the Board's Nominating and Corporate Governance Committee. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to the Corporate Secretary at the address of our principal executive offices set forth above.

In addition, our Bylaws permit stockholders to nominate directors for election at an annual stockholder meeting. To nominate a director, a stockholder must deliver timely notice of such stockholder's intent to make such nomination in writing to the Corporate Secretary. To be timely, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not less than 90 nor more than 120 days prior to the date of the first anniversary of the previous year's annual meeting. In the event the annual meeting is scheduled to be held on a date more than 30 days prior to or delayed by more than 60 days after such anniversary date, notice must be so received not later than the close of business on the 10th day following the earlier of the day on which notice of the date of the meeting was mailed or public disclosure of the meeting was made. To be in proper form,

ITEM 1 ELECTION OF DIRECTORS

The Company's Certificate of Incorporation provides that the number of directors which shall constitute the Board of Directors shall be fixed from time to time by resolution adopted by the affirmative vote of a majority of the total number of directors then in office. The number of authorized directors as of the date of this Proxy Statement is five. The Board currently is composed of five directors, with each director serving until the next annual meeting or until his or her successor is elected. The five candidates nominated by the Board for election as directors at the 2006 annual meeting of stockholders are identified below, each of whom is currently a member of the Board.

All of the nominees have indicated to the Company that they will be available to serve as directors. If any nominee named herein for election as a director should for any reason become unavailable to serve prior to the annual meeting, the Board will, prior to the annual meeting, (i) reduce the size of the Board to eliminate the position for which that person was nominated, (ii) nominate a new candidate in place of such person and vote in favor of the new candidate all shares represented by stockholder proxies received by the Board, unless authority to vote for all candidates nominated by the Board is withheld, or (iii) leave the place vacant to be filled at a later time. ITEM 2 THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2006

The Audit Committee has appointed KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2006, and has further directed that the Board submit the selection of KPMG LLP for ratification by the stockholders at the annual meeting. During fiscal year 2005, KPMG LLP served as the Company s independent registered public accounting firm and also provided certain tax and other audit-related services. See Principal Accountant Fees and Services on page 31. This proposal is put before the stockholders because, though the stockholder vote is not binding on the Audit Committee, the Audit Committee and the Board believe that it is good corporate practice to seek stockholder ratification of the Audit Committee s appointment of the independent auditors. If the appointment of KPMG LLP is not ratified, the Audit Committee will evaluate the basis for the stockholders vote when determining whether to continue the firm s engagement, but may ultimately determine to continue the engagement of the firm or another audit firm without re-submitting the matter to stockholders. Even if the appointment of KPMG LLP is ratified, the Audit Committee may in its sole discretion terminate the engagement of the firm and direct the appointment of another independent auditor at any time during the year if it determines that such an appointment would be in the best interests of our Company and our stockholders. Representatives of KPMG LLP are expected to attend the annual meeting, where they will be available to respond to appropriate questions and, if they desire, to make a statement.

Our board recommends a vote FOR the ratification of the appointment of KPMG LLP as the Company s independent registered public accounting firm for fiscal year 2006. If the appointment is not ratified, our audit committee will consider whether it should select another independent registered public accounting firm.

Vote Required

Ratification of the appointment of KPMG LLP as the Company s independent registered public accounting firm for fiscal year 2006 requires the affirmative vote of a majority of the shares of the Company s common stock present in person or represented by proxy at the annual meeting.

The Board recommends a vote FOR the ratification of the appointment of KPMG LLP as the Company s independent auditors for fiscal 2006.

ITEM 3 OTHER MATTERS

As of the date of this proxy statement, the Company knows of no business that will be presented for consideration at the 2006 annual meeting other than the items referred to above. If any other matter is properly brought before the meeting for action by stockholders, proxies in the enclosed form returned to the Company will be voted in accordance with the recommendation of the Board or, in the absence of such a recommendation, in accordance with the best judgment of the proxy holder.

Table of Contents

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Composition

Our amended and restated certificate of incorporation provides that our Board of Directors shall consist of such number of directors as determined from time to time by resolution adopted by a majority of the total number of directors then in office. Our Board of Directors currently consists of five members. Any additional directorships resulting from an increase in the number of directors may only be filled by the directors then in office. The term of office for each director will be until his successor is elected and qualified or until his earlier death, resignation or removal. Elections for directors will be held annually.

Number of Meetings of the Board of Directors

The Board held 4 meetings during 2005. Directors are expected to attend Board meetings and meetings on committees or which they serve, and to spend time needed and meet as frequently as necessary to properly discharge their responsibilities. The standing committees of the Board, which were established in connection with the Company's initial public offering in August 2005, held an aggregate of 9 meetings during the year. Table of Contents**Option Grants in Last Fiscal Year**

The following table sets forth information regarding stock options granted during the fiscal year ended December 25, 2005 to each of our named executive officers. The potential realizable value is calculated assuming the fair market value of the common stock appreciates at the indicated rate for the entire term of the option and that the option is exercised and sold on the last day of its term at the appreciated price. These gains are based on assumed rates of appreciation compounded annually from the dates the respective options were granted to their expiration date based on the per share exercise price minus the per share exercise price. Annual rates of stock price appreciation of 5% and 10% from the initial offering price is assumed pursuant to rules of the SEC. The actual stock price will appreciate over the term of the options at assumed 5% and 10% levels or any other defined level. Actual gains, if any, on exercised stock options will depend on the future performance of our common stock.

Name	Number of Securities Underlying Options	Percentage of Total Options Granted to Employees in 2005(2)	Per Share Exercise Price	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Options Term

(2) In fiscal 2005, we granted options to employees to purchase a total of 350,000 shares.

Option Exercises and Year End Values

No stock options were exercised by our named executive officers in fiscal 2005. The following table sets forth information regarding unexercised stock options held by named executive officers as of December 25, 2005. The fiscal year-end value of unexercised in-the-money options listed below has been calculated based on the market value of our common stock on December 23, 2005 of \$18.34 per share, less the applicable exercise price per share, multiplied by the number of shares underlying such options.

Equity Compensation Plan Information**2004 Restricted Stock Plan**

Edgar Filing: Ruths Chris Steak House, Inc. - Form DEF 14A

The 2004 Restricted Stock Plan provides for the grant of up to 1,167,487 shares of restricted stock to our officers, directors and employees and other persons who provide services to us, all of which were issued during 2004. This plan is administered by a committee of our board of directors, and, in the committee's absence, by our board of directors. This plan provides for the grant of shares of our common stock that may not be sold or disposed of, and that may be forfeited in the event of certain terminations of employment, prior to the end of a restricted period set forth in each restricted stock agreement as determined by our board of directors. Other than

Table of Contents

the foregoing, participants generally have all of the rights of a stockholder, unless the board determines otherwise. Each restricted stock agreement sets forth a vesting schedule, over which time the shares will vest in the holder thereof, and no longer be subject to the restrictions contained in the restricted stock agreement (other than a right of first refusal of the company in the case of a proposed transfer and a drag along right of the company in a proposed sale of the company approved by our board or a majority of our stockholders). The plan provides that shares of restricted stock not yet vested will vest upon a change in control. Upon a termination of employment, the company, and to the extent not exercised by the company, certain of our stockholders, have the right to acquire shares that have vested pursuant to this plan. All shares of restricted stock were purchased at the fair market value of our common stock, as determined by our board of directors, on the date of grant.

2000 Stock Option Plan

The 2000 Stock Option Plan provides for the grant of nonqualified stock options to our directors, officers and employees and other persons who provide services to us. A total of 1,765,981 shares of common stock are reserved for issuance under this plan. As of March 31, 2006, we have granted options to purchase 1,212,221 shares of common stock under this plan. These options vest pro rata on a daily basis over a five year period. Options granted under the 2000 Stock Option Plan are generally not transferable by the optionee, and must be exercised within 30 days after the end of an optionee's status as an employee, director or consultant of ours (other than a termination by us for cause, as defined in the 2000 Stock Option Plan), within 180 days after such optionee's termination by death or disability, or within 90 days after such optionee's retirement, but in no event later than the expiration of the option term. All options were granted at or above the fair market value of our common stock, as determined by our board of directors, on the date of grant. The term of all options granted under the 2000 Stock Option Plan may not exceed ten years. We anticipate that all future option grants will be made under our 2005 Long-Term Equity Incentive Plan, discussed below, and we do not intend to issue any further options under the 2000 Stock Option Plan.

2005 Long-Term Equity Incentive Plan

The 2005 Long-Term Equity Incentive Plan, which the Board approved in August 2005, provides for grants of stock options, restricted stock, restricted stock units, deferred stock units and other equity-based awards. Directors, officers and other employees of Ruth's Chris Steak House, Inc., as well as others performing services for us, are eligible for grants under the plan. The purpose of the equity incentive plan is to provide these individuals with incentives to maximize stockholder value and otherwise contribute to our success and to enable us to attract, retain and reward the best available persons for positions of responsibility.

A total of 2,362,500 shares of our common stock, representing approximately 10% of our outstanding common stock on a fully-diluted basis, are available for issuance under the equity incentive plan. The number of shares available for issuance under the equity incentive plan is subject to adjustment in the event of a reorganization, stock split, merger or similar change in the corporate structure or the outstanding shares of common stock. In the event of any of these occurrences, we may make any adjustments we consider appropriate to, among other things, the number and kind of shares, options or other property available for issuance under the plan or covered by grants previously made under the plan. The shares available for issuance under the plan may be, in whole or in part, authorized and unissued or held as treasury shares.

Our compensation committee administers the equity incentive plan. Our Board also has the authority to administer the plan and to take all actions that the compensation committee is otherwise authorized to take under the plan. In connection with our IPO, we granted options to purchase an aggregate of 350,000 shares of our common stock to approximately 116 employees and one director. All of these options have an exercise price of \$18.00 per share and \$20.35 per share and are subject to pro rata vesting on a daily basis over a five-year period.

The following is a summary of the material terms of the equity incentive plan, but does not include all of the provisions of the plan. For further information about the plan, we refer you to the equity incentive plan, which we have filed with the SEC as an exhibit to our Registration Statement on Form S-1 on August 8, 2005.

Table of Contents

Eligibility. Our directors, officers and employees, as well as other individuals performing services for us, are eligible to receive grants under the equity incentive plan. However, only employees may receive grants of incentive stock options. In each case, the compensation committee will select the actual grantees.

Stock Options. Our compensation committee or the Board may award grants of incentive stock options conforming to the provisions of Section 422 of the Internal Revenue Code, and other, non-qualified stock options. The compensation committee may not, however, award to any one person in any calendar year options to purchase more than 1,181,250 shares of common stock, and it may not award incentive stock options first exercisable in any calendar year whose underlying shares have a fair market value greater than \$100,000, determined at the time of grant.

The exercise price of an option granted under the plan may not be less than 100% of the fair market value of a share of common stock on the date of grant, and the exercise price of an incentive stock option awarded to a person who owns stock constituting more than 10% of the company's voting power may not be less than 110% of such fair market value on such date.

Unless the compensation committee determines otherwise, the exercise price of any option may be paid in any or in any combination of the following ways:

in cash,

by delivery of shares of common stock with a fair market value on the date of exercise equal to the exercise price, and/or

by simultaneous sale through a broker of shares of common stock acquired upon exercise.

If a participant elects to deliver shares of common stock in payment of any part of an option's exercise price, the compensation committee may in its discretion grant the participant a reload option. The reload option entitles its holder to purchase a number of shares of common stock equal to the number so delivered. The reload option may also include, if the compensation committee chooses, the right to purchase a number of shares of common stock equal to the number delivered or withheld in satisfaction of any of the company's tax withholding requirements in connection with the exercise of the original option. The terms of each reload option will be the same as those of the original exercised option, except that the grant date will be the date of exercise of the original option, and the exercise price will be the fair market value of the common stock on the date of exercise.

The compensation committee will determine the term of each option in its discretion. However, no term may exceed ten years from the date of grant or, in the case of an incentive stock option granted to a person who owns stock constituting more than 10% of the voting power of the company, five years from the date of grant. In addition, all options under the equity incentive plan, whether or not then exercisable, generally cease vesting when a grantee ceases to be a director, officer or employee of, or to otherwise perform services for, us. Options generally expire 30 days after the date of cessation of service, so long as the grantee does not compete with us during that 30-day period without our permission.

There are, however, exceptions depending upon the circumstances of cessation. In the case of a grantee's death or disability, a number of options equal to the sum of (1) the number of options that were exercisable on the date of the grantee's death or disability and (2) the number of options that would become exercisable within one year after the date of the grantee's death or disability, will become fully vested and exercisable and remain so for up to 180 days after the date of death or disability, provided the grantee does not compete with us during that 180-day period without our permission. In the event of retirement, a grantee's vested options will remain exercisable for up to 90 days after the date of retirement, while his or her unvested options may become fully vested and exercisable in the discretion of the compensation committee. In each of the foregoing circumstances, the board or compensation committee may elect to further extend the applicable exercise period in its discretion. Upon termination for cause, all options will terminate immediately. If we undergo a change in control, the compensation committee may provide that the options become exercisable and that such options may terminate if

not exercised on the date of the change in control, and if a grantee is terminated from service within one year thereafter, all options will become fully vested and exercisable and remain so for up to one year after the date of termination. In addition, the compensation committee has the authority to grant options that will become fully vested and exercisable automatically upon a change in control of the company, whether or not the grantee is subsequently terminated.

Restricted Stock. Our compensation committee may award restricted stock subject to the conditions and restrictions, and for the duration, which will generally be a least six months, that it determines in its discretion and the name or names of which such members shall lapse. Unless the compensation committee determines otherwise, all restrictions on a grantee's restricted stock will lapse when the grantee ceases to be a director, officer or employee of, or to otherwise perform services for, the company, if the cessation occurs due to a termination within one year after a change in control of the company. In addition, unless the compensation committee determines otherwise, if a grantee ceases to be a director, officer or employee of, or to otherwise perform services for us due to death or disability during any period of restriction, in addition to the grantee's restricted stock in which restrictions have already lapsed, restrictions will lapse on all shares of restricted stock for which restrictions would have lapsed within one year following the date of restrictions. If termination of employment or service occurs for any other reason, all of a grantee's restricted stock as to which the applicable restrictions have not lapsed will be forfeited immediately.

Restricted Stock Units; Deferred Stock Units. Our compensation committee may award restricted stock units subject to conditions and restrictions, and for the duration, which will generally be at least six months, that it determines in its discretion. Each restricted stock unit is equivalent in value to one share of common stock and entitles the grantee to receive one share of common stock for each restricted stock unit at the end of the applicable restricted stock unit's vesting period. Unless the compensation committee determines otherwise, all restrictions on a grantee's restricted stock units will lapse when the grantee ceases to be a director, officer or employee of, or otherwise perform services for, the company, if the cessation occurs due to a termination within one year after a change in control of the company or due to death, disability or retirement. In addition, the compensation committee has the authority to award restricted stock units with respect to which all restrictions shall lapse automatically upon a change in control of the company, whether or not the grantee is subsequently terminated. If termination of employment or service occurs for any other reason, all of a grantee's restricted stock units as to which the applicable restrictions have not lapsed will be forfeited immediately.

Prior to the later of (1) the close of the tax year preceding the year in which restricted stock units are granted or (2) 30 days of first becoming eligible to participate in the plan (or, if earlier, the last day of the tax year in which the participant first becomes eligible to participate in the plan) and on or prior to the date the restricted stock units are granted, a grantee may elect to defer the receipt of all or a portion of the shares due with respect to the restricted stock units and convert such restricted stock units into deferred stock units. Subject to specified exceptions, the grantee will receive shares in respect of such deferred stock units at the end of the deferral period.

Performance Awards. Our compensation committee may grant performance awards contingent upon achievement by the company or divisions of set goals and objectives regarding specified performance criteria, such as, for example, return on equity, over a specified performance cycle, as designated by the compensation committee. Performance awards may include specific dollar-value target awards, performance units, the value of which is established by the compensation committee at the time of grant, and/or performance shares, the value of which is equal to the fair market value of a share of common stock on the date of grant. The value of a performance award may be fixed or fluctuate on the basis of specified performance criteria. A performance award may be paid out in cash and/or shares of our common stock or other securities.

Unless the compensation committee determines otherwise, if a grantee ceases to be a director, officer or employee of, or to otherwise perform services for, the company prior to completion of a performance cycle, due to death, disability or retirement, the grantee will receive the portion of the performance award payable to him or her based on achievement of the applicable performance criteria over the elapsed portion of the performance

Table of Contents

cycle. If termination of employment or service occurs for any other reason prior to completion of a performance cycle, the grantee will become ineligible to receive any portion of a performance award. If we undergo a change in control, a grantee will earn no less than the portion of the performance award that he or she would have earned if the applicable performance cycle had terminated as of the date of the change of control.

Vesting, Withholding Taxes and Transferability of All Awards. The terms and conditions of each award made under the equity incentive plan, including vesting requirements, will be set forth consistent with the plan in a written agreement with the grantee. Except in limited circumstances, no award under the equity incentive plan may vest and become exercisable within six months of the date of grant, unless the compensation committee determines otherwise.

Unless the compensation committee determines otherwise, a participant may elect to deliver shares of common stock, or to have us withhold shares of common stock otherwise issuable upon exercise of an option or upon grant or vesting of restricted stock or a restricted stock unit, in order to satisfy our withholding obligations in connection with any such exercise, grant or vesting.

Unless the compensation committee determines otherwise, no award made under the equity incentive plan will be transferable other than by will or the laws of descent and distribution or to a grantee's family member by gift or a qualified domestic relations order, and each award may be exercised only by the grantee, his or her qualified family member transferee, or any of their respective executors, administrators, guardians, or legal representatives.

Amendment and Termination of the Equity Incentive Plan. The board or the compensation committee may amend or terminate the equity incentive plan in its discretion, except that no amendment will become effective without prior approval of our stockholders if stockholder approval would be required by applicable law or regulations, including if required for continued compliance with the performance-based compensation exception of Section 162(m) of the Internal Revenue Code or by any listing requirement of the principal stock exchange on which our common stock is then listed. Furthermore, any amendment to the terms of an outstanding award may not materially and adversely affect any participant's rights or obligations under the equity incentive plan without the affected participant's consent. If not previously terminated by the board, the equity incentive plan will terminate on the tenth anniversary of its commencement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of our compensation committee is currently an officer or employee of our company. There is no interlocking relationship between any of our executive officers and compensation committee, on the one hand, and the executive officers and compensation committee of any other companies, on the other hand, nor has any such interlocking relationship existed in the past.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors (the "Committee"). The Committee is composed entirely of non-employee independent directors with significant experience in managing employee-related issues and making executive compensation decisions.

The Committee provides strategic direction for the Company's compensation and benefits structure for Ruth's Chris employees; reviews the Company's human resources programs, including leadership development, succession planning and diversity initiatives; determines the compensation of the Company's executive officers; and establishes compensation policies and practices for directors for service on the Board and its committees, as well as for the Chairman of the Board. The Committee's decisions are made in the context of the Company's specific business imperatives, as well as economy-wide trends, such as rising healthcare costs and expensing equity-based compensation. The Company is committed to attracting, retaining and developing a talented, diverse workforce in a manner that provides incentives to create stockholder value, and the work of the Committee supports these endeavors. The specific duties and responsibilities of the Committee are described under "Board of Directors and Corporate Governance - Committees of the Board of Directors - Compensation Committee" beginning on page 11 and in the charter of the Committee, which is included as Appendix B hereto and also is available on the Company's website at www.ruthschris.com.

The Committee met two times during fiscal 2005. The Committee's regularly scheduled meetings typically last several hours, and all Committee members are actively engaged in the review of matters presented.

The Committee has furnished the following report for fiscal 2005, which includes a discussion of: (1) the Company's compensation and benefits programs, including compensation and benefits for executive officers; (2) CEO compensation; and (3) stock ownership guidelines for senior executives.

Compensation Philosophy

The Company's compensation program is designed to reward executives based on favorable performance and results. Compensation policies and plans (including benefits) are designed to attract and retain top quality and experienced executives by providing the opportunity to earn competitive cash compensation based on corporate, business unit and individual performance plus the opportunity to accumulate stock-based wealth commensurate with the long-term growth and value created for Ruth's Chris's stockholders. Equity ownership is further emphasized through share retention and ownership guidelines established by the Committee, which are discussed later in this report.

The Committee seeks to attract executive talent by offering competitive base salaries and annual and long-term performance incentive opportunities. It is the Committee's practice to provide incentives that promote both the short and long-term financial objectives of the Company. Achievement of short-term objectives is rewarded through base salary and annual performance incentives, while long-term incentive grants (including stock options) encourage executives to focus on the Company's long-term goals as well. These incentives are based on financial objectives of importance to the Company, including revenue and earnings growth and creation of stockholder value. The Company's compensation program also accounts for individual performance, which

Table of Contents

enables the Committee to differentiate among executives and emphasize the link between personal performance and compensation.

The Committee compares the Company's senior management compensation levels with those of a group of companies in industries related to the Company and similar-size companies in the general food service industry. The key elements of executive compensation are base salary, annual performance incentive awards and long-term incentive grants. It is the Committee's practice to target each of these elements to deliver compensation to each executive and all executives as a group within the mid-level range of compensation for persons having similar responsibilities at companies in the comparison group.

Elements of Executive Compensation

Base Salary

The Committee annually reviews and determines the base salaries of the Chief Executive Officer and other members of senior management. In each case, the Committee takes into account the results achieved by the executive, his or her future potential, scope of responsibilities and experience and competitive salary practices. During fiscal 2005, Messrs. Pennison, O'Keefe and Cattell received raises to their annual base salaries.

Annual Bonuses

The Company's performance-based annual incentive awards focus on matching rewards with results. The philosophy of our performance-based annual incentive awards is simple: a basic reward for reaching minimum expectations, and an upside for reaching the Company's goals. Cash incentive opportunity for management employees is determined on an annual basis and is targeted at median competitive levels based upon the comparison group of companies discussed above. For fiscal 2005, the Committee adopted a bonus plan in which the executive officers of the Company participate, which sets forth target bonus amounts as a percentage of gross pay (which percentage is based upon the office held by the eligible executive), in each case subject to reduction or elimination at the discretion of the Board, or increase upon achievement of certain financial and operational performance goals.

The Committee also periodically considers bonuses outside of the bonus plan, based on both individual and corporate performance. The Board (upon the recommendation of the Compensation Committee) also approved the payment on September 27, 2005 pursuant to the Management Bonus Plan of a series of one-time bonus awards (the Awards) to employees of the Company (including executive officers) who currently hold the following offices or positions, in amounts equal to the percentages of such employees' base annual salary as of June 30, 2005: Chief Executive Officer, 25%; Executive Vice President, 20%; Senior Vice President, 17.5%; Vice President, 17.5%, Regional Vice President, 12.5%; Employee-Level Directors, 10%; and Managers 7.5%. The employees receiving the Awards were eligible following the end of fiscal 2005, at the discretion of the Board, to receive additional awards pursuant to the Management Bonus Plan, as adjusted to deduct amounts granted pursuant to the Awards.

Long-Term Incentive Awards

The Company's equity programs are designed to encourage creation of long-term value for our stockholders, employee retention and stock ownership. The programs consist of stock option grants and restricted stock awards. A majority of our employees participate in one or more equity programs, which we believe promote a long-term focus on results and align employee and stockholder interests. At the same time, the Committee has carefully considered the impact of equity expensing, actions taken by the Company's peers to reduce the use of options, and the Company's dilution and overhang levels, and is considering certain changes to the Company's equity programs in order to strike an appropriate balance between promoting the Company's cost competitiveness and maintaining employee incentives.

Table of Contents

Executive officers receive a relatively large proportion of their overall targeted compensation in the form of equity, in order to align interests of management and stockholders and promote a focus on long-term results. All fiscal 2005 stock option grants to executive officers were made under the Company's 2005 Long-Term Equity Incentive Plan. Each such grant allows the executive officer to acquire shares of the Company's common stock, subject to the completion of a five-year vesting period (20% of options vest pro rata on a daily basis each year). These shares may be acquired at a fixed price per share (the fair market value on the grant date) and have a ten-year term. For information on options granted to named executive officers during fiscal 2005, see "Option Grants in Last Fiscal Year" on page 20.

From time to time, we also grant restricted stock to encourage retention and reward performance. In fiscal 2004, restricted stock grants were made under the Company's 2004 Restricted Stock Plan and are subject to the completion of a five-year vesting period (20% of the restricted stock vests pro rata on a daily basis each year).

Benefits

The Company's global benefits philosophy for employees, including executive officers, is that benefits should provide employees protection from catastrophic events, should enable employees to plan for their futures and should be competitive in local markets in order to attract and retain a high-quality workforce. The cost of providing benefits has continued to increase on an industry- and economy-wide basis due to factors such as rising healthcare costs.

The Company maintains a non-qualified deferred compensation plan that is unfunded and unsecured and allows certain high-level employees, including executive officers, to voluntarily defer receipt of their salary above specified amounts and bonus payments into bookkeeping accounts established under the plan. These accounts are credited with hypothetical earnings as if invested in funds available under the Company's 401(k) plan, as selected by each participant.

Perquisites

The Company allows its executive officers to dine in its restaurants free of charge in order to permit those officers to conduct quality control tests.

Employment Agreements

In order to retain officers with impressive leadership records in key areas, the Committee agreed to enter into employment agreements with Messrs. Pennison, O'Keefe, Lavelly and Cattell during fiscal 2005. The Committee carefully reviewed the terms of these employment agreements and determined that the terms were appropriate under the circumstances. For a description of these and other employment agreements, see "Executive Compensation" Employment Agreements.

Compensation of the Chief Executive Officer

The Committee determines the compensation of Mr. Miller, our President, Chief Executive Officer and Director, in the same manner as described for all executive officers. In setting compensation levels for Mr. Miller, the Committee considers individual and Company performance comparisons to the Company's other executive officers, as well as comparative compensation information from our restaurant industry peer group, in all cases focusing primarily on the prior year, but also reviewing results and trends over a longer time horizon.

Mr. Miller has served as President, Chief Executive Officer and Director of the Company since March 2004. As reflected in the summary compensation table, Mr. Miller's base salary did not increase in 2005 and remained \$400,000, that it has increased to \$480,000 for 2006 and he was eligible to receive up to 50% of his base salary in 2005 in annual performance based bonus payments. In addition, the Board has implemented a plan under which

Table of Contents

Mr. Miller's 2006 annual bonus may be increased to a maximum of 157.5% of his annual base salary. In setting Mr. Miller's salary for 2005, the Committee considered the Company's financial performance for the prior year, Mr. Miller's individual performance, his responsibilities as President, Chief Executive Officer and Director and his contributions to the long-term success of the Company. The amount of Mr. Miller's annual bonus is based upon the satisfaction of certain individual and financial performance criteria. In 2005, Mr. Miller's bonus was equal to 85.6% of his base salary, which resulted in a bonus of \$342,500.

On August 8, 2005, we issued options to purchase 35,000 shares of our common stock at an exercise price of \$18.00 to Mr. Miller under our 2005 Long-Term Equity Incentive Plan. These options vest pro rata on a daily basis over a five year period which began on August 8, 2005.

The Committee also reviewed perquisites and other compensation paid to Mr. Miller for fiscal 2005, and found these amounts to be reasonable.

Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code (the "Code") precludes a public corporation from taking a deduction for compensation in excess of \$1 million in any taxable year for its chief executive officer or any of its four other highest paid executive officers, unless certain specific and detailed criteria are satisfied.

The Committee considers the anticipated tax treatment to the Company and the executive officers in its review and establishment of compensation programs and payments. The deductibility of some types of compensation payments can depend upon the timing of an executive's vesting or exercise of previously granted rights. Interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the Committee's control also can affect deductibility of compensation. For these and other reasons, the Committee has determined that it will not necessarily seek to limit executive compensation to that deductible under Section 162(m) of the Code.

The Committee will continue to monitor developments and assess alternatives for preserving the deductibility of compensation payments and benefits to the extent reasonably practicable, consistent with its compensation policies and as determined to be in the best interests of the Company and its stockholders.
