**Item 1.01. Entry into a Material Definitive Agreement.**

(a) On August 2, 2006, Arius Two, Inc. ( Arius Two ), a newly formed, a wholly-owned subsidiary of BioDelivery Sciences International, Inc. ( BDSI ), entered into an Intellectual Property Assignment Agreement and related agreements with QLT USA, Inc. ( QLT ) pursuant to which Arius Two purchased intellectual property rights owned by QLT related to its BEMA technology for territories located outside of the United States. BDSI, through its subsidiary Arius Pharmaceuticals, Inc. ( Arius ), previously licensed exclusive rights to the BEMA technology for such territories. Arius Two paid \$3,000,000 for the acquired intellectual property rights, consisting of \$1 million in cash and a promissory note, secured by the purchased assets, for \$2 million. Payments under such note are due as follows: (i) \$1 million due March 31, 2007 and (ii) \$1 million within 10 business days of initial non-U.S. approval of any BEMA product. In addition to the purchased BEMA intellectual property rights, QLT granted to BDSI the option, for a period of 12 months, to purchase the intellectual property rights owned by QLT related to its BEMA technology for the United States territory. If such option is exercised, the purchase price for the United States territory would be \$7,000,000, which would be paid over time.

(b) On August 2, 2006, BDSI and Arius (collectively with BDSI, the Company ) and Meda AB, a Swedish corporation ( Meda ), entered into a License and Development Agreement (the License Agreement ) pursuant to which the Company granted Meda an exclusive license to develop and sell the Company s BEMAFentanyl product ( BEMA Fentanyl , as further described below) in Europe in exchange for an upfront payment of \$2,500,000, milestone payments, and a double digit royalty on sales. Milestone payments, totaling \$7,500,000, shall be received by the Company upon the achievement of certain milestones. As part of this transaction, Meda and the Company have also entered into a BEMA Fentanyl Supply Agreement pursuant to which Meda shall acquire, and the Company shall supply (directly or indirectly through third party contractors), all of Meda s requirements of BEMAFentanyl product.

In connection with the above referenced transactions, certain consents and agreements were required of CDC IV, LLC ( CDC ) and Laurus Master Fund, Ltd. ( Laurus ). The Company is a party to several existing agreements with CDC pursuant to which CDC has funded the development of the Company s BEMAFentanyl product and is also a party to two separate \$2.5 million secured convertible promissory notes and related agreements, as amended, with Laurus entered into in, respectively, February 2005 and May 2005. Each of CDC and Laurus entered into agreements with the Company as of August 2, 2006 wherein they granted the required consents to the structure and payment schedule of the non-U.S. BEMA purchase transaction between Arius Two and QLT. In addition, CDC granted the required consent to the structure and payment schedule of the License Agreement with Meda.
