EXHIBIT INDEX

Exhibit	Description
99.1	Press Release dated September 1, 2006

For Immediate Release

Bennett Environmental Inc. Update

Oakville, Ontario, September 1, 2006 - Bennett Environmental Inc. (TSX: BEV, AMEX:BEL) announced today that it would not be re-opening its operations at Recupere Sol Inc., St. Ambroise, Quebec, on September 1, 2006 as previously announced. The Company has a number of sales opportunities that it is pursuing, and while it cannot predict what the success rate will be on these outstanding bids, or the timing of the receipt of sufficient soils to allow re-opening, the Company hopes to resume operations sometime in October of 2006.

The Company's two other plants, Material Resource Recovery, Cornwall, Ontario and Transcycle Industries, Kirkland Lake, Ontario are operational.

Forward Looking Statements

Certain statements contained in this press release and in certain documents incorporated by reference into this press release constitute forward-looking statements. The use of any of the words anticipate, continue, estimate, expect, may, will, project, should, believe and similar expressions are intended to identify forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking statements. BEI believes that the expectations reflected in those forward-looking statements are reasonable but no assurance can be given that these expectations will prove to be correct and such forward-looking statements included in, or incorporated by reference into, this press release should not be unduly relied upon. These statements speak only as of the date of this press release. BEI undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
