Item 1.01 Entry into a Material Definitive Agreement

On February 27, 2007, The First American Corporation (the Company) entered into a Change in Control Agreement with Frank V. McMahon, the Company's vice chairman and chief financial officer, providing certain benefits to Mr. McMahon in the event the Company experiences a change in control, as more specifically described therein. A copy of the complete text of the Change in Control Agreement is attached hereto as Exhibit 99.1.

On February 28, 2007, the Company's Board of Directors approved a revised director compensation package, effective as of January 1, 2007. Under the new compensation package, the annual retainer of each director, other than Parker S. Kennedy, the Company's chairman and chief executive officer, remains at \$60,000. In addition, each such non-management director is to receive \$50,000 worth of restricted stock units (RSUs) which vest over three years, subject to accelerated vesting at retirement for any director with at least ten years of cumulative service on the Board. The number of RSUs awarded will be determined by dividing the applicable dollar amount by the closing price of the Company's stock on the second business day following the Company's filing of its Annual Report on Form 10-K for the year ended December 31, 2006. The fee for attendance at each Board and committee meeting remains at \$2,000. The annual compensation for the chair of the Audit Committee increases from \$20,000 to \$25,000, and the annual compensation for the chair of the Compensation Committee increases from \$5,000 to \$10,000. The annual compensation for the chair of the Nominating and Corporate Governance Committee and for the Company's lead independent director each remains at \$10,000. The Board also established stock ownership guidelines for directors whereby directors are expected to own at least five times their base annual retainer in Company stock. Restricted stock and RSUs issued to directors will count for purposes of the guideline. Current directors have five years to satisfy the guideline. Directors elected to the Board in the future will have five years from commencement of their service to satisfy the guideline. Given the current base retainer, as described above, directors are expected to own at least \$300,000 in Company stock.

On February 27, 2007, at Mr. Kennedy's request, the Company's compensation committee modified the form of Mr. Kennedy's \$1,825,000 bonus for 2006. Rather than receiving the bonus in the form of \$912,500 cash and \$912,500 RSUs as indicated in the Company's Current Report on Form 8-K dated January 9, 2007, Mr. Kennedy will receive the bonus in the form of \$412,500 cash and \$1,412,500 RSUs. As previously disclosed, the RSUs vest in five equal annual installments commencing on the first anniversary of the date of grant.
