COMPENSATION DISCUSSION AND ANALYSIS

Heritage's Philosophy of Named Executive Officer Compensation

Heritage's philosophy is intended to reflect and support the goals and strategies that we have established. Currently, Heritage's strategic focus is on expanding our commercial banking relationships. The key elements of this strategy are geographic and product expansion, loan portfolio diversification, development of relationship banking and maintenance of asset quality. The committee believes these goals, which are intended to create long-term stockholder value, must be supported by a compensation program that:

attracts and retains highly qualified executives;

provides levels of compensation that are competitive with those offered by other financial institutions;

motivates executives to enhance long-term stockholder value by helping them to build their own ownership in Heritage; and

integrates Heritage's long-term strategic planning and measurement processes.

Heritage's compensation program includes competitive salary and benefits, opportunities for employee ownership of Heritage stock through participation in an employee stock ownership plan and, for certain employees, an annual incentive cash bonus based upon attainment of company and individual performance goals and opportunities for stock ownership of Heritage stock through stock option and restricted stock programs.

To determine compensation packages for individual executives, Heritage considers various subjective and objective factors, including:

individual job responsibilities and experience;

individual performance in terms of both qualitative and quantitative goals;

Heritage's overall performance, as measured by attainment of strategic and budgeted financial goals and prior performance; and industry surveys, prepared by an independent consulting firm, of compensation for comparable positions with similar institutions in the State of Washington, the Pacific Northwest and the United States.

The components of Heritage's compensation program are the following:

Base Salary

Salary levels of executive officers are designed to be competitive within the banking industry. We utilize, among other information, compensation studies performed by third-parties. To set competitive salary ranges, the compensation committee periodically evaluates current salary levels of other financial institutions with size, lines of business, geographic dispersion and market place position similar to Heritage's. Base salaries for Heritage's executive officers other than the chief executive officer are based upon recommendations by the chief executive officer, taking into account the subjective and objective factors described above. The compensation committee reviews and approves or disapproves those recommendations. The base salary for the chief executive officer is recommended to the board of directors by the compensation committee.

The compensation committee meets in February or March of every year in order to approve the base salaries of the officers of Heritage and its subsidiaries effective April 1 of that year. This timing coincides with the review of the performance of the individual officer as well as the prior year performance of Heritage and its subsidiaries.

Effective January 1, 2005, Donald V. Rhodes entered into an employment agreement which provided for an annual salary of \$150,000. Effective January 1, 2007, Mr. Rhodes entered into a non-binding letter of understanding which provides for annual salary of \$75,000. The terms of the letter will continue for as long as the Board of Directors continues to elect him as chairman.

During 2006, Brian L. Vance executed an employment agreement with Heritage, Heritage Bank and Central Valley Bank. The agreement commenced on October 1, 2006 and will continue until September 30, 2009, after which time this agreement will automatically renew for additional terms of one year each. Subject to specified terms and conditions set forth in the agreement, the agreement may be terminated by either party by giving written notice to the other party at least one year prior to the expiration date of the original term or any renewal term. The agreement provides an annual base salary of not less than \$200,000 per year. The agreement was amended in February 2007 to meet the requirements of Section 409A of the Internal Revenue Code.

During March 2007, D. Michael Broadhead executed an employment agreement with Central Valley Bank. The agreement commenced on April 1, 2007 and will continue until March 31, 2008, after which time this agreement will automatically renew for additional terms of one year each. Subject to specified terms and conditions set forth in the agreement, the agreement may be terminated by either party by giving written notice to the other party at least 90 days prior to the expiration date of the original term or any renewal term. The agreement provides an annual base salary of not less than \$142,512 per year.

Annual Incentive Bonus

Executive officers have an annual incentive opportunity with cash bonus awards based on the overall performance of Heritage and on attainment of individual performance targets. The objectives of the program are to (1) clearly focus the attention of management on organizational priorities, (2) provide competitive pay opportunities contingent on bank performance, and (3) differentiate and reward the individuals who make the most significant contributions to the company's success. The annual awards are determined by formulas established by the compensation committee following each fiscal year and are based upon an assessment of Heritage's performance (for the year ended December 31, 2006, primarily with respect to Heritage Financial Corporation's net income and subsidiary bank's net income) as compared to budgeted fiscal year performance and upon an evaluation by the chief executive officer of an executive's individual performance and contribution to Heritage's overall performance. The compensation committee then reviews and approves the bonus recommendations and presents them to the Board of Directors for approval.

Mr. Vance's target bonus is 35% of base salary, or \$68,670 for 2006. The bonus is comprised of the following percentages: 40% Heritage net income performance, 40% Heritage Bank net income performance, and 20% individual performance. For the year ended December 31, 2006, neither Heritage nor Heritage Bank achieved the minimum necessary performance for a bonus payout in those categories. As a result, Mr. Vance received a bonus for 2006 based only on individual performance in the amount of \$27,468.

Edward D. Cameron received a bonus for 2006 based solely on individual performance goals. Mr. Cameron had planned to retire prior to the end of 2006 and, therefore, his bonus in the amount of \$19,000 was not based on performance of Heritage or Heritage Bank. For 2007, Mr. Cameron's target bonus is 17.5% of base salary. The bonus for 2007 will be comprised of the following percentages: 25% Heritage net income performance, 25% Heritage Bank net income performance, and 50% individual performance.

The target bonus for Greg D. Patjens was 17.5% of base salary, or \$23,783 for 2006. The bonus is comprised of the following percentages: 10% Heritage net income performance, 30% Heritage Bank net income performance, and 60% individual performance. For the year ended December 31, 2006, neither Heritage nor Heritage Bank achieved the minimum necessary performance for a bonus payout in those categories. As a result, Mr. Patjens received a bonus for 2006 based only on individual performance in the amount of \$17,837. For 2007, Mr. Patjens target bonus will be 20% of base salary.

The target bonus for D. Michael Broadhead is 30% of the Central Valley Bank bonus pool resulting in a bonus of \$30,000 for 2006. This bonus pool is calculated as 50% of the amount of net income over a profit threshold set for the bank. The maximum amount for the bonus pool is \$100,000 annually.

Stock Option and Other Stock-Based Compensation

Equity-based compensation is intended to more closely align the financial interests of Heritage's executives with long-term stockholder value, and to assist in the retention of executives who are key to the success of Heritage and its subsidiaries. Equity-based compensation generally has been in the form of incentive stock options and restricted stock awards pursuant to Heritage's existing stock option plans. Utilizing the recommendation of the chief executive officer, the compensation committee determines which executives will receive stock options or awards and determines the number of shares subject to each option or award. Grants of stock options and awards are based on various subjective factors relating primarily to the responsibilities of individual executives, their expected future contributions to Heritage and prior option grants.

Stock options and awards are priced based on the closing price of Heritage's stock on the date of grant. The date of grant is the date that the options or awards are approved by the board of directors, or by the shareholders at the annual shareholders meeting in April if a new option or award plan is being approved by the shareholders. Generally, options and awards are granted annually during the board of directors meeting coinciding with the compensation committee meeting in February or March. One-time grants of options and awards to individuals occur occasionally.

Incentive stock options are generally granted to officers and nonqualified stock options are granted to directors. However, per his employment agreement, Mr. Rhodes received nonqualified stock options during 2006.

Stock options generally vest ratably over three years and expire five years after they become exercisable. Restricted stock awards have a five-year cliff vesting. Heritage issues new shares to satisfy share option exercises.

Retirement Plan

We maintain a 401(k) Employee Stock Ownership Plan (KSOP) as a retirement plan. The KSOP is a defined contribution plan. Heritage makes four different contributions to the plan:

A contribution matching 50% of an Employee s salary deferral contributions up a specified limit:

A fixed contribution of 2% of an Employee s eligible salary:

A discretionary contribution based on a percentage of an Employee s annual salary based on Heritage s financial performance and Management s recommendation and as approved by the Board. For 2006, the contribution was equal 2.5% of employees eligible salary; and

A contribution to the Employee Stock Ownership Plan (ESOP) portion of the plan.

Perquisites and Other Benefits

The positions of chairman of the board, chief executive officer and president of either Heritage or its subsidiaries receive perquisites in the form of golf club memberships and vehicles. These perquisites are considered a priority for these individuals due to their community involvement and business development activities.

Executive officers also participate in Heritage s other benefit plans on the same terms as other employees. These plans include medical, dental, and vision insurance, life insurance, long-term disability and flexible spending accounts.

Severance Benefits

Severance benefits are included in the employment agreements of Mr. Vance and Mr. Broadhead. Mr. Cameron and Mr. Patjens do not have severance benefits outside of a change in control. Mr. Rhodes does not have any severance benefits.

Mr. Vance s employment agreement stipulates that if Mr. Vance is terminated without cause or he terminates the agreement for good reason , a severance benefit will be payable in an amount equal to his then current annual base salary or the amount of such salary which would otherwise have been paid to Mr. Vance during the then remaining term of his agreement (currently expiring September 30, 2009), whichever is greater. In such an event, or in the event of termination by reason of executive s death or disability, all forfeiture provisions regarding restricted stock awards or vesting requirements regarding options shall lapse or be considered completed as of the effective date of termination, and the executive s rights to exercise vested options will continue for a period of one year after date of early termination.

Mr. Broadhead s employment agreement stipulates that if Mr. Broadhead is terminated without cause or he terminates the agreement for good reason, a severance benefit will be payable in an amount equal to the amount of such salary which would otherwise have been paid to Mr. Broadhead during the then remaining term of his agreement (currently expiring March 31, 2008).

Based upon a hypothetical termination date of December 31, 2006, the severance benefits for Mr. Vance and Mr. Broadhead would have been as follows:

	Severance
	Benefit
Mr. Vance	\$ 605,000
Mr. Broadhead	\$ 178,500

The definition of "cause" within these employment agreements means willful misfeasance or gross negligence in the performance of the employee's duties, conduct demonstrably and significantly harmful to the company, or conviction of a felony. The definition of "good reason" generally means assignment of duties inconsistent with position, reduction of the executive's salary or elimination of any compensation or benefit plan.

Change in Control Benefits

Change of control benefits are included in the employment agreements of Mr. Vance and Mr. Broadhead, and the severance agreements of Mr. Cameron and Mr. Patjens. Mr. Rhodes does not have any change of control benefits.

Mr. Vance's employment agreement stipulates that in the event of a "change in control", if the executive or employer terminates executive's employment within one year of date of change of control, or if executive is terminated without cause by employer within 180 days prior to the public announcement of the change in control, executive shall be paid a severance benefit in an amount equal to two times his then current annual base salary or the amount of such salary which would otherwise have been paid to Mr. Vance during the then remaining term of his agreement, whichever is greater, and vesting of all stock options and lapse of all restrictions with respect to restricted stock awards shall occur. The employment agreement provides that in the event Mr. Vance receives an amount under the provisions of the agreements that results in imposition of a tax on the executive under the provisions of the Code Section 4999 (relating to golden Parachute payments), the employer is obligated to reimburse the executive for that amount, exclusive of any tax imposed by reason of receipt of reimbursement under the employment agreements.

Mr. Broadhead's employment agreement stipulates that in the event of a "change in control", if the executive or employer terminates executive's employment within one year of date of change of control, or if executive is terminated by employer after an announcement of a change of control which occurs within 12 months of executive's termination, executive shall be paid a severance benefit in an amount equal to 36 months of his then current base salary. The executive's right to receive the change in control payment terminates if before the change in control transaction closes, executive terminates his employment with good reason or the employer terminates executive's employment for cause. The employment agreement stipulates that the change in control payment will be less than the amount that would cause it to be a "parachute payment" within the meaning of Section 280G of the Internal Revenue Code.

Mr. Cameron's severance agreement stipulates that in the event of a change in control, if (1) termination of executive's employment by Heritage without cause or by executive for good reason within 365 days of date of change of control, or (2) executive is terminated without cause by employer prior to 60 days prior to the public announcement of the change in control and change of control occurs within eighteen months of executive's termination, Mr. Cameron shall be paid a severance benefit in an amount equal to one times of his then current annual base salary or equal to his salary to be paid from the date of change of control through April 30, 2008, whichever is less. In addition, vesting of all stock options and lapse of all restrictions with respect to restricted stock awards shall occur. The severance agreement stipulates that the change in control payment will be less than the amount that would cause it to be a "parachute payment" within the meaning of Section 280G of the Internal Revenue Code.

Mr. Patjens' severance agreement stipulates that in the event of a change in control, if (1) termination of executive's employment by Heritage without cause or by executive for good reason within 365 days of date of change of control, or (2) executive is terminated without cause by employer prior to 60 days prior to the public announcement of the change in control and change of control occurs within eighteen months of executive's termination, Mr. Patjens shall be paid a severance benefit in an amount equal to two times of his then current annual base salary. In addition, vesting of all stock options and lapse of all restrictions with respect to restricted stock awards shall occur. The severance agreement stipulates that the change in control payment will be less than the amount that would cause it to be a "parachute payment" within the meaning of Section 280G of the Internal Revenue Code.

Based upon a hypothetical termination date of December 31, 2006, the change in control termination benefits for the executive officers would have been as follows:

	Change in Control Termination
	Benefit
Mr. Vance	\$ 605,000
Mr. Broadhead	\$ 428,400
Mr. Cameron	\$ 150,000
Mr. Patjens	\$ 281,400

Annual Incentive Bonus Plan

Both Heritage Bank and Central Valley Bank have non-equity incentive compensation plans. Within these plans, executive officers have an annual incentive opportunity with cash bonus awards based on the overall performance of Heritage and on attainment of individual performance targets. The annual awards are determined by formulas established by the compensation committee following each fiscal year and are based upon an assessment of Heritage's performance (for the year ended December 31, 2006, primarily with respect to Heritage Financial Corporation's net income and subsidiary bank's net income) as compared to both budgeted fiscal year performance and upon an evaluation by the chief executive officer of an executive's individual performance relating to set goals and contribution to Heritage's overall performance. The compensation committee then reviews and approves the bonus recommendations and presents them to the Board of Directors for approval.

Executive Employment and Severance Agreements

Effective January 1, 2007, Donald V. Rhodes executed a non-binding letter of understanding with Heritage. The terms of the letter commenced on January 1, 2007 and will continue for as long as the Board of Directors continues to elect him as chairman. The agreement provides an annual base salary of \$75,000 per year. The agreement provides for Mr. Rhodes participation in the 401(k) ESOP, stock bonus or stock option plans, memberships in clubs, and an automobile. Mr. Rhodes may also receive bonuses as determined by the board of directors at its discretion, but will not be included in the management incentive bonus.

During 2006, Brian L. Vance executed an employment agreement with Heritage, Heritage Bank and Central Valley Bank. The agreement commenced on October 1, 2006 and will continue until September 30, 2009, after which time this agreement will automatically renew for additional terms of one year each. Subject to specified terms and conditions set forth in the agreement, the agreement may be terminated by either party by giving written notice to the other party at least one year prior to the expiration date of the original term or any renewal term. The agreement provides an annual base salary of not less than \$200,000 per year. During the term of the agreement, Mr. Vance will be eligible to participate in Heritage's management incentive plan (or any successor plan) which includes specific performance targets determined on an annual basis by Heritage's Board of Directors or Compensation Committee. In addition, the agreement provides for Mr. Vance's participation in benefit programs generally maintained for senior executives of Heritage including health and disability insurance, participation in retirement plans, stock bonus or stock option plans, memberships in clubs, and an automobile. This agreement was amended in February 2007 to meet the requirements of Section 409A of the Internal Revenue Code.

In the event that Mr. Vance is terminated by Heritage at any time for cause or by Mr. Vance without good reason, both as defined in the agreement, no termination benefit will be payable. If Mr. Vance is terminated without cause or he terminates the agreement for good reason, a severance benefit will be payable in an amount equal to his then current annual base salary or the amount of such salary which would otherwise have been paid to Mr. Vance during the then remaining term of his agreement, whichever is greater. In such an event, or in the event of termination by reason of executive's death or disability, all forfeiture provisions regarding restricted stock awards or vesting requirements regarding options shall lapse or be considered completed as of the effective date of termination, and the executive's rights to exercise vested options will continue for a period of one year after date of early termination.

In the event of a change in control, if the executive or employer terminates executive's employment within one year of date of change of control, or if executive is terminated without cause by employer within 180 days prior to the public announcement of the change in control, executive shall be paid a severance benefit in an amount equal to two times his then current annual base salary or the amount of such salary which would otherwise have been paid to Mr. Vance during the then remaining term of his agreement, whichever is greater, and vesting of all stock options and lapse of all restrictions with respect to restricted stock awards shall occur. The employment agreement provides that in the event Mr. Vance receives an amount under the provisions of the agreements that results in imposition of a tax on the executive under the provisions of the Code Section 4999 (relating to golden Parachute payments), the employer is obligated to reimburse the executive for that amount, exclusive of any tax imposed by reason of receipt of reimbursement under the employment agreements.

Under the terms of the agreement, Mr. Vance agrees that, unless he is terminated without cause or for good reason, during the term of the agreement and for a period of two years after his termination he will not become a principal shareholder, director or officer of any financial institution that competes with Heritage or its successor within the state of Washington, nor will he solicit or attempt to solicit any other employee of Heritage to leave the employ of Heritage.

In March 2007, D. Michael Broadhead executed an employment agreement with Central Valley Bank. The agreement commenced on April 1, 2007 and will continue until March 31, 2008, after which time this agreement will automatically renew for additional terms of one year each. Subject to specified terms and conditions set forth in the agreement, the agreement may be terminated by either party by giving written notice to the other party at least 90 days prior to the expiration date of the original term or any renewal term. The agreement provides an annual base salary of not less than \$142,512 per year. During the term of the agreement, Mr. Broadhead will be eligible to participate in Heritage's management incentive plan (or any successor plan) which includes specific performance targets determined on an annual basis by Heritage's Board of Directors. In addition, the agreement provides for Mr. Broadhead participation in benefit programs generally maintained for executive officers of Heritage and its subsidiaries including stock options and an automobile.

In the event that Mr. Broadhead is terminated by Heritage at any time for cause or by Mr. Broadhead without good reason, both as defined in the agreement, no termination benefit will be payable. If Mr. Broadhead is terminated without cause or he terminates the agreement for good reason, a severance benefit will be payable in an amount equal to the amount of such salary which would otherwise have been paid to Mr. Broadhead during the then remaining term of his agreement.

In the event of a change in control, if the executive or employer terminates executive's employment within one year of date of change of control, or if executive is terminated by employer after an announcement of a change of control which occurs within 12 months of executive's termination, executive shall be paid a severance benefit in an amount equal to 36 months of his then current base salary. The executive's right to receive the change in control payment terminates if, before the change in control transaction closes, executive terminates his employment with good reason or the employer terminates executive's employment for cause. The employment agreement stipulates that the change in control payment will be less than the amount that would cause it to be a parachute payment within the meaning of Section 280G of the Internal Revenue Code.

Under the terms of the agreement, Mr. Broadhead agrees that, unless he is terminated without cause, he terminates his employment for good reason, or the employer declines to employ executive after expiration of the term or any extended term, during the term of the agreement and for a period of three years after his termination he will not become involved with a competing business or serve, directly or indirectly, a competing business in any manner except as provided in the agreement, nor will he solicit or attempt to solicit any employee or customer of Heritage or its subsidiaries located in Yakima County in Washington State to leave the employ of Heritage or its subsidiaries or remove their business from Heritage or its subsidiaries.

Under the terms of Mr. Broadhead's prior employment agreement, Mr. Broadhead was paid an accrued benefit of \$200,000 in December 2006.

In March 2007, Edward D. Cameron entered into a severance agreement with Heritage effective April 1, 2007. In the event of a change in control, if (1) termination of executive's employment by Heritage without cause or by executive for good reason within 365 days of date of change of control, or (2) executive is terminated without cause by employer prior to 60 days prior to the public announcement of the change in control and change of control occurs within eighteen months of executive's termination, Mr. Cameron shall be paid a severance benefit in an amount equal to one times his then current annual base salary or equal to his salary to be paid from the date of change of control through April 30, 2008, whichever is less. In addition, vesting of all stock options and lapse of all restrictions with respect to restricted stock awards shall occur. The severance agreement stipulates that the change in control payment will be less than the amount that would cause it to be a parachute payment within the meaning of Section 280G of the Internal Revenue Code. Under the terms of the agreement, Mr. Cameron agrees that for a period of one year after receiving his severance payment he will not become involved with a competing business or serve, directly or indirectly, a competing business in any manner except as provided in the agreement, nor will he solicit or attempt to solicit any employee or customer of Heritage or its subsidiaries to leave the employ of Heritage or its subsidiaries or remove their business from Heritage or its subsidiaries.

In March 2007, Gregory D. Patjens entered into a severance agreement with Heritage effective April 1, 2007. In the event of a change in control, if (1) termination of executive's employment by Heritage without cause or by executive for good reason within 365 days of date of change of control, or (2) executive is terminated without cause by employer prior to 60 days prior to the public announcement of the change in control and change of control occurs within eighteen months of executive's termination, Mr. Patjens shall be paid a severance benefit in an amount equal to two times his then current annual base salary. In addition, vesting of all stock options and lapse of all restrictions with respect to restricted stock awards shall occur. The severance agreement stipulates that the change in control payment will be less than the amount that would cause it to be a parachute payment within the meaning of Section 280G of the Internal Revenue Code. Under the terms of the agreement, Mr. Patjens agrees that for a period of two years after receiving his severance payment he will not become involved with a competing business or serve, directly or indirectly, a competing business in any manner except as provided in the agreement, nor will he solicit or attempt to solicit any employee or customer of Heritage or its subsidiaries to leave the employ of Heritage or its subsidiaries or remove their business from Heritage or its subsidiaries.

Stock Compensation Plans

Heritage has Incentive Stock Option plans, Nonqualified Stock Option plans and Restricted Stock plans. Incentive stock options and restricted stock awards are generally granted to officers of Heritage or its subsidiaries. Nonqualified stock options are generally granted to directors of Heritage or its subsidiaries. At December 31, 2006, the number of incentive stock options, nonqualified stock options and restricted stock awards available for grants were 368,959, 73,179 and 65,697, respectively.

Stock options generally vest ratably over three years and expire five years after they become exercisable which amounts to an average term of seven years. Restricted Stock awards issued have a five-year cliff vesting. Heritage issues new shares to satisfy share option exercises.

Heritage 401(k) ESOP

Effective October 1, 1999 Heritage combined three retirement plans, a money purchase pension plan, a 401k plan, and an employee stock ownership plan (ESOP) at Heritage Bank into one plan called the Heritage Financial Corporation 401(k) Employee Stock Ownership Plan (KSOP). Effective April 1, 2002 Heritage added three investment funds to the plan as well as changed the eligibility requirements to the plan. At this same time Heritage approved an amendment of the plan to reflect certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

The pension portion of the KSOP is a defined contribution retirement plan. The plan provides a contribution to all eligible participants upon completion of one year of service, the attainment of 21 years of age, and employment on the last day of the year. It is Heritage s policy to fund plan costs as accrued. Employee vesting occurs over a period of six years, at which time they become fully vested.

The KSOP also maintains Heritage s salary savings 401(k) plan for its employees. All persons employed as of July 1, 1984 automatically participate in the plan. All employees hired after that date who are at least 21 years of age and with three continuous months of service and at least 250 hours of service to the company may participate in the plan. Employees who participate may contribute a portion of their salary, which is matched by the employer at 50% up to certain specified limits. Employee vesting in employer portions is similar to the retirement plan described above for the period prior to December 31, 2001. Employee vesting in employer portions occurs over a period of six years for those contributions made after January 1, 2003.

The third portion of the KSOP is the employee stock ownership plan (ESOP). Heritage Bank established for eligible employees the ESOP and related trust effective July 1, 1994, which became active upon the former mutual holding company s conversion to a stock-based holding company in January 1995. The plan provides a contribution to all eligible participants upon completion of one year of service, the attainment of 21 years of age, and employment on the last day of the year. The ESOP is funded by employer contributions in cash or common stock. Employee vesting occurs over a period of six years.

How are Directors Compensated?

Directors receive a monthly retainer fee, a monthly fee for each meeting attended, and a fee for each committee meeting attended. During the year ended December 31, 2006, Heritage's non-officer directors received a monthly retainer of \$1,000 and a monthly fee of \$625 for each Board meeting attended. Non-officer directors also received \$150 for each committee meeting attended, other than the Audit and Finance Committee and Compensation Committee, with the Chair of the committee receiving \$200 per meeting attended. Non-officer directors of the Audit and Finance Committee received \$500 for each meeting attended with the Chair of the committee receiving \$1,000 per meeting. Non-officer directors of the Compensation Committee received \$300 for each meeting attended with the Chair of the committee receiving \$350 per meeting. Directors who are officers or employees of Heritage or its subsidiaries receive no additional compensation for service as directors or members of Board committees.

Directors typically receive annual grants of non-qualified stock options. Stock options granted vest ratably over a three-year period and expire five years from the vesting date. In 2006, the Directors were each granted Non-Qualified Stock Options to purchase 1,500 shares at a strike price of \$25.94. In addition, Directors Jensen and Christensen each received Non-Qualified Stock Options to purchase 450 shares at a strike price of \$25.94 for their service as Directors of Central Valley Bank.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires directors, executive officers and greater than 10% stockholders to file reports of their ownership and any changes in ownership of Heritage securities with the Securities and Exchange Commission. These directors, executive officers and greater than 10% stockholders are required by regulation to provide Heritage with a copy of any Section 16(a) reports they file. Heritage believes that all 16(a) filing requirements applicable to its Directors, Executive Officers and greater than 10% stockholders were complied with during the year ended December 31, 2006, except that new Director Kimberly T. Ellwanger filed a Form 5 on February 9, 2007 because she inadvertently neglected to file Form 4s after her acquisition of Heritage stock on June 5, 2006, June 6, 2006, November 6, 2006, and December 26, 2006. Additionally, John A. Clees filed a Form 5 on February 14, 2007 because he inadvertently neglected to report his charitable gift of stock on May 12, 2006 and Gregory Patjens filed a Form 4/A on March 1, 2007 because he inadvertently neglected to report stock sold privately on August 4, 2004.

Based on Heritage's review of copies of these reports received by it and written representations made to Heritage by these persons, Heritage believes that all Section 16(a) filing requirements applicable to its directors, executive officers and greater than 10% stockholders were complied with during the year ended December 31, 2006.

INTEREST OF MANAGEMENT IN CERTAIN TRANSACTIONS

During the year ended December 31, 2006, several directors and executive officers of Heritage and Heritage Bank and their associates, were customers of Heritage Bank or Central Valley Bank, and it is anticipated that these persons will continue to be customers of Heritage Bank or Central Valley Bank in the future. All transactions between Heritage Bank and Central Valley Bank and its executive officers and directors, and their associates, were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and, in the opinion of management, did not involve more than the normal risk of repayment or present other unfavorable features.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

The firm of KPMG LLP performed the audit of the consolidated financial statements of Heritage and its subsidiaries for the period ended December 31, 2006. The Audit and Finance Committee has retained KPMG LLP as independent auditors of Heritage and its subsidiaries for the year ending December 31, 2007, subject to the terms of an engagement letter with that firm. Stockholders are not required to take action on this retention. Representatives of KPMG LLP will be present at the annual meeting. They will have the opportunity to present a statement if they desire and will be available to respond to appropriate questions.
