PROXY STATEMENT FOR THE 2007 ANNUAL MEETING OF SHAREHOLDERS

GENERAL INFORMATION

Our Board of Directors is soliciting this Proxy Statement and the enclosed proxy card for use at our 2007 Annual Meeting of Shareholders, to be held on Wednesday, May 16, 2007 at 9:00 a.m. Pacific Time, and for any adjournment or postponement of the meeting. Our Annual Meeting will be held at our corporate headquarters located at 3250 Van Ness Avenue, San Francisco, California 94109. Our Annual Report to Shareholders for the fiscal year ended January 28, 2007, or fiscal 2006, including our financial statements for fiscal 2006, is also enclosed. These proxy materials are first being mailed to shareholders on or about April 9, 2007.

What is the purpose of the Annual Meeting?

Shareholders will be asked to vote on the following matters:

- 1) The election of our Board of Directors;
- 2) The ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending February 3, 2008; and
- 3) Such other business as may properly come before the meeting or any adjournment or postponement of the meeting, including shareholder proposals. At this time, we do not know of any other matters to be brought before the Annual Meeting.

Who may vote?

Only shareholders of record at the close of business on March 19, 2007, the record date, are entitled to receive notice of and to vote at the Annual Meeting. Each holder of our common stock will be entitled to one vote for each share of our common stock owned as of the record date. As of the record date, there were 110,161,426 shares of our common stock outstanding and entitled to vote, and there were 502 shareholders of record, which number does not include shares held in the name of a bank or brokerage firm. We do not have any outstanding shares of preferred stock.

How do I vote?

You may vote in person at the Annual Meeting, electronically by submitting your proxy through the Internet, by telephone or by returning the enclosed proxy card in the enclosed envelope before the Annual Meeting. Proxies properly executed, returned to us on a timely basis and not revoked will be voted in accordance with the instructions contained in the proxy. If any matter not described in this Proxy Statement is properly presented for action at the meeting, the persons named in the enclosed proxy will have discretionary authority to vote according to their best judgment.

How do I vote electronically or by telephone?

You may vote electronically by submitting your proxy through the Internet or by telephone. The Internet and telephone voting procedures are designed to authenticate your identity as a Williams-Sonoma, Inc. shareholder, to allow you to vote your shares and to confirm that your instructions have been properly recorded. Specific instructions to be followed for voting through the Internet or by telephone are summarized below in this Proxy Statement and on your proxy card.

Shares Registered Directly in the Name of the Shareholder

If your shares are registered directly in your name in our stock records maintained by our transfer agent, Wells Fargo Shareowner Services, then you may vote your shares:

on the Internet at www.eproxy.com/wsm/; or

by calling Wells Fargo Shareowner Services from within the United States at 800-560-1965.

Proxies for shares registered directly in your name that are submitted through the Internet or by telephone must be received before noon Pacific Time on Tuesday, May 15, 2007.

Shares Registered in the Name of a Brokerage Firm or Bank

If your shares are held in an account at a brokerage firm or bank, you should follow the voting instructions on your proxy card.

What if I return my proxy card directly to the company, but do not provide voting instructions?

If a signed proxy card is returned to us without any indication of how your shares should be voted, votes will be cast FOR the election of the directors named in this Proxy Statement and FOR the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending February 3, 2008.

How many votes must be present to hold the Annual Meeting?

Shareholders holding a majority of our outstanding shares as of the record date must be present in person or by proxy at the Annual Meeting so that we may transact business. This is known as a quorum. Shares that are voted in person or by the Internet, telephone or signed proxy card, and abstentions and broker non-votes, will be included in the calculation of the number of shares considered to be present for purposes of determining whether there is a quorum at the Annual Meeting.

What is a broker non-vote?

The term broker non-vote refers to shares that are held of record by a broker for the benefit of the broker's clients but that are not voted at the Annual Meeting on certain non-routine matters set forth in New York Stock Exchange, or NYSE, Rule 402.08(b) because a broker did not receive instructions from the broker's clients on how to vote the shares and, therefore, was prohibited from voting the shares.

What is cumulative voting and when does it occur?

Cumulative voting is a system of shareholder voting to elect directors that allows a shareholder to cast all of the shareholder's votes for a single director or multiple directors. If a shareholder requests that cumulative voting take place, then every shareholder entitled to vote may cumulate votes for director nominees, and you will be entitled to cast as many votes as are equal to the number of shares owned by you as of the record date multiplied by the number of directors to be elected. To engage in cumulative voting, a shareholder entitled to vote at the Annual Meeting must give notice of the shareholder's intention to cumulate votes before voting begins. If that occurs, you may cumulate votes only with respect to the election of director nominees whose names were placed in nomination prior to the voting for directors. Cumulative votes may be cast for one director nominee or distributed among two or more director nominees. For example, if you owned 100 shares of our common stock as of the record date and eight directors were being elected, you would have 800 votes (100 shares multiplied by eight directors) to cast for one or more of the director nominees at the Annual Meeting.

A director elected by cumulative voting can only be removed without cause by the same cumulative voting standards.

As of the date of this Proxy Statement, we have not received notice that any shareholder has requested the ability to cumulate votes for directors.

How many votes are needed to elect directors?

The eight director nominees receiving the highest number of votes at the Annual Meeting will be elected as directors. This is called a plurality. Your proxy will be voted in accordance with your instructions. If no instructions are given, the proxy holders will vote FOR each of the director nominees. Since directors are elected by a plurality, broker non-votes and abstentions will have no effect on the outcome of the election.

How many votes are needed to approve Proposal 2?

Proposal 2, the ratification of the selection of our independent registered public accounting firm, requires the affirmative vote of a majority of the shares represented and voting at the Annual Meeting and a majority of the quorum required to transact business at the Annual Meeting. Proxy cards marked abstain and broker non-votes are not counted as votes cast. Proxy cards marked abstain or broker non-votes will have the effect of a NO vote on Proposal 2 if the number of affirmative votes cast for either proposal is a majority of the votes cast but does not constitute a majority of the quorum required to transact business at the Annual Meeting.

Are there any shareholder proposals this year?

No. We did not receive notice on or before December 15, 2006 of any shareholder proposals requesting inclusion in our Proxy Statement for the Annual Meeting or of any shareholder proposals to be raised at the Annual Meeting.

What if I want to change my vote(s)?

You may revoke your proxy prior to the close of voting at the Annual Meeting by any of the following methods:

sending written notice of revocation to our Secretary;

sending a signed proxy card bearing a later date to our Secretary; or

attending the Annual Meeting, revoking your proxy and voting in person.

What is householding?

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

Householding is a cost-cutting procedure used by us and approved by the Securities and Exchange Commission, or SEC. Under the householding procedure, we send only one Annual Report and Proxy Statement to shareholders of record who share the same address and last name, unless one of those shareholders notifies us that the shareholder would like a separate Annual Report and Proxy Statement. A shareholder may notify us that the shareholder would like a separate Annual Report and Proxy Statement by phone at 415-421-7900 or at the following mailing address: 3250 Van Ness Avenue, San Francisco, California 94109, Attention: Annual Report Administrator. If we receive such notification that the shareholder wishes to receive a separate Annual Report and Proxy Statement, we will promptly deliver such Annual Report and Proxy Statement. A separate proxy card is included in the materials for each shareholder of record. If you wish to update your participation in householding, you may contact your broker or our mailing agent, ADP Investor Communication Services, at 800-542-1061.

What if I received more than one proxy card?

If you received more than one proxy card, it means that you have multiple accounts with brokers and/or our transfer agent. You must complete each proxy card in order to vote all of your shares. If you are interested in consolidating your accounts, you may contact your broker or our transfer agent, Wells Fargo Shareowner Services, at 800-468-9716.

Who pays the expenses incurred in connection with the solicitation of proxies?

We pay all of the expenses incurred in preparing, assembling and mailing this Proxy Statement and the materials enclosed. We have retained Skinner & Company to assist in the solicitation of proxies at an estimated cost to us of \$6,500. Some of our officers or employees may solicit proxies personally or by telephone or other means. None of those officers or employees will receive special compensation for such services.

PROPOSAL 1

ELECTION OF DIRECTORS

What is this proposal?

This is a proposal to elect our Board of Directors.

How many members are on our Board?

We currently have nine directors. Assuming each director nominee is elected, after the 2007 Annual Meeting, we will have eight directors.

Has the Board determined which directors are independent?

The Board has determined that Adrian D.P. Bellamy, Adrian T. Dillon, Anthony A. Greener, Michael R. Lynch, Richard T. Robertson and David B. Zenoff meet the independence requirements of our Policy Regarding Director Independence, which is part of our Corporate Governance Guidelines. Accordingly, the Board has determined that none of these director nominees has a material relationship with us and that they are independent within the meaning of the NYSE and SEC director independence standards, as currently in effect. Further, our Board committees satisfy the independence requirements of the NYSE and SEC. The Board's independence determination was based on information provided by our director nominees and discussions among our officers and director nominees.

How often did our Board meet in fiscal 2006?

During fiscal 2006, our Board held a total of seven meetings. Each director who was a member of our Board during fiscal 2006, with the exception of Adrian Bellamy and Jeanne Jackson, attended at least 75% of the total Board meetings and the meetings held by all committees of the Board on which such director served. Mr. Bellamy attended five of the seven Board meetings. Ms. Jackson resigned from the Board on October 30, 2006.

What is our policy for director attendance at the Annual Meeting?

Our policy is that directors who are up for election at our Annual Meeting should attend the Annual Meeting. Each incumbent director who was a member of our Board at the time of our 2006 Annual Meeting attended the meeting.

How can shareholders communicate with members of the Board?

Shareholders may send written communications to the Board or to any of the directors at the following address: Secretary, Williams-Sonoma, Inc., 3250 Van Ness Avenue, San Francisco, California 94109. All communications will be compiled by our Secretary and submitted to the Board or an individual director, as appropriate, on a periodic basis.

What will happen if a nominee is unwilling or unable to serve prior to the Annual Meeting?

Our Board has no reason to believe that any of the nominees will be unwilling or unable to serve as a director. However, should a nominee become unwilling or unable to serve prior to the Annual Meeting, our Nominations and Corporate Governance Committee would recommend another person or persons to be nominated by our Board to stand for election, and your proxies would be voted for the person or persons selected by the committee.

How are the directors compensated?

Directors do not presently receive any cash compensation for their service on our Board or Board committees. As their exclusive compensation relating to Board and Board committee service, non-employee directors are awarded equity grants. Specifically, during fiscal 2006, we granted each non-employee director an option to

purchase 13,500 shares of our common stock upon the non-employee director's initial election to our Board. We also granted to each non-employee director on the date of the Annual Meeting an option to purchase 12,500 shares of our common stock (so long as the non-employee director had been serving on our Board for at least three months). We also annually granted to the chairperson of the Audit and Finance Committee an option to purchase 3,000 shares of our common stock and to the chairpersons of the Compensation Committee and the Nominations and Corporate Governance Committee an option to purchase 1,000 shares of our common stock. The exercise price of these options is equal to the closing price of our common stock on the trading day prior to the grant date. These options granted to our non-employee directors and committee chairpersons generally vest one year from the date of grant.

Beginning with the 2007 Annual Meeting, we intend to make the following equity grants to non-employee directors as compensation for their service on our Board or Board committees:

	<u>Stock-Settled Stock Appreciation Rights(1)</u>	<u>Restricted Stock Units</u>
Initial Election to the Board	6,750	2,250
Annual Grant for Board Service(2)	6,250	2,100
Annual Grant to Chairperson of the Audit and Finance Committee	1,500	500
Annual Grant to Chairperson of the Compensation Committee	500	200
Annual Grant to Chairperson of the Nominations and Corporate Governance Committee	500	200

(1) Exercise price of these stock-settled stock appreciation rights is equal to the closing price of the Company's common stock on the trading day prior to the grant date.

(2) Awarded on the date of the Annual Meeting so long as the non-employee director has been serving on the Board for at least three months.

In addition to the equity awards described above, we reimburse travel expenses related to attending Board, committee or our business meetings and offer discounts on our merchandise to all non-employee directors and their spouses.

The Board has also approved a share ownership policy for non-employee directors. Each non-management director must, within five years of the 2007 Annual Meeting (or within five years of joining the Board for directors elected after this annual meeting), hold a number of shares of company stock equal to at least three times the number of Restricted Stock Units (RSUs) that the director receives annually, excluding any RSUs received for service on a Board committee. The share ownership requirement may be filled by shares held outright by the director (or immediate family member in the household), shares held in trust for the benefit of the director (or immediate family member in the household), or RSUs granted by the company and held by the director.

What is this proposal?

This is a proposal to ratify the selection of Deloitte & Touche LLP, or Deloitte, as our independent registered public accounting firm for the fiscal year ending February 3, 2008. The Audit and Finance Committee selected Deloitte as our independent registered public accounting firm for the year ending February 3, 2008, subject to ratification by our shareholders. Although shareholder ratification of our independent registered public accounting firm is not required by law, as a matter of corporate governance we are requesting that our shareholders ratify such selection.

What relationship does Deloitte currently have with us?

Deloitte has audited our financial statements for the last twenty-seven years. Based in part upon information provided by Deloitte, the Audit and Finance Committee determined that Deloitte is independent under applicable independence standards.

Will a Deloitte representative be present at the Annual Meeting?

A Deloitte representative will be present at the Annual Meeting and will have the opportunity to make a statement. Deloitte's representative will be available to respond to appropriate questions.

What services did Deloitte provide in fiscal 2006?

Deloitte's services for fiscal 2006 included:

- (1) This reflects the amounts payable under our 2001 Incentive Bonus Plan with respect to fiscal year 2006. This plan is intended to qualify bonus payments as deductible performance-based compensation under Internal Revenue Code Section 162(m), which otherwise restricts our ability to deduct certain executive compensation to \$1 million per executive per year. In accordance with Internal Revenue Service rules, our 2001 Incentive Bonus Plan payout criteria are specified by our Compensation Committee in the first quarter of each fiscal year. Bonus amounts are not paid until the Compensation Committee certifies that the performance objectives have been achieved. For fiscal year 2006, the performance criteria was based upon achieving a target level of profitability. This target level, because it is based upon profitability, is deemed substantially uncertain for purposes of Internal Revenue Code Section 162(m). When the goal was established by our Compensation Committee, however, it was reasonably attainable based upon our historic and expected levels of profitability. Once the target level of profitability is reached, the maximum amount payable is then available for payment to our executive officers as fully deductible compensation. However, our Compensation Committee is permitted to apply negative discretion in determining the actual amount to be paid to any executive officer. In determining how (or if) to apply such negative discretion, our Compensation Committee measures company performance against the business plan approved by the Board in our first fiscal quarter as well as individual performance.
- (2) Maximum potential payment pursuant to our 2001 Incentive Bonus Plan is equal to three times the executive's base salary as of January 30, 2006. No payments related to fiscal 2006 were made to named executive officers pursuant to the 2001 Incentive Bonus Plan.
- (3) Grants of stock-settled stock appreciation rights.
- (4) Generally, the full grant date fair value is the amount that the company would expect to expense on the grant date in its financial statements over the award's vesting schedule. Assumptions used in the calculations of these amounts are included in Note I to our Consolidated Financial Statements which is included in our Annual Report on Form 10-K for the fiscal year ended January 28, 2007.

Participants can defer up to 100% of their base salary and/or bonus, net of applicable employment and withholding taxes and subject to a minimum deferral requirement (5% of salary). Participant accounts are unfunded

reserves on the company's books. Participant accounts are adjusted for phantom earnings based on the net returns of investment funds chosen from a list by the participant. Accounts are generally distributed at termination of employment, although a participant can make an election at the time of deferral to have the distribution occur at an earlier date. A choice of quarterly installments over 5, 10 or 15 years, or a single lump sum, is available for terminations due to retirement or disability, as defined in the plan, if the account is over \$25,000. All other distributions are paid as a single lump sum. The commencement of payments can be postponed, subject to advance election and minimum deferral requirements. At death, the plan may provide a death benefit funded by a life insurance policy, in addition to payment of the participant's account.

We entered into an employment agreement with Sharon L. McCollam, effective as of December 28, 2002. She is currently Executive Vice President, Chief Operating and Chief Financial Officer. The initial term of Ms. McCollam's agreement expired December 28, 2005, and, per its terms, automatically extends for one-year terms until Ms. McCollam's employment is terminated by her or by us. If we terminate Ms. McCollam's employment without cause (as defined in the agreement), or if Ms. McCollam terminates her employment with us for good reason (as defined in the agreement), she will be entitled to receive (i) continuation of her base salary at the time of termination for a period of one year and her target bonus for that year, and (ii) outplacement services at a level commensurate with her position at no cost to her. In addition, we will pay the premiums for health care coverage under COBRA for Ms. McCollam's dependents and Ms. McCollam until she either commences new employment or she and her dependents are no longer eligible for COBRA coverage.

The following table describes the payments and/or benefits which would have been owed by us to Ms. McCollam as of January 28, 2007 if her employment had been terminated in the situations and for the reasons described below.

Edward A. Mueller

Edward A. Mueller was our Chief Executive Officer until July 14, 2006. We entered into a separation agreement with Mr. Mueller on July 9, 2006 pursuant to which Mr. Mueller departed as of July 14, 2006 and agreed to not seek or accept nomination as a member of the Board of Directors following the expiration of his current term that ends as of our 2007 Annual Meeting. Pursuant to this agreement, Mr. Mueller received the following:

Cash payment of \$1,965,625, less applicable withholdings;

Final salary payment for June 26, 2006 through July 14, 2006 of \$56,250;

Cash payment of \$116,250 for unused vacation and floating holidays through July 14, 2006; and

Continuing administrative and clerical support, including use of our email through February 3, 2008.

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

In addition, Mr. Mueller received acceleration of vesting of 200,000 unvested stock options due to vest on January 13, 2007 and acceleration of vesting of 200,000 unvested stock options due to vest on January 13, 2008. These stock options became fully vested and immediately exercisable on July 14, 2006. All other unvested stock options will cease vesting as of May 16, 2007.

Restricted Stock Unit Grants

Laura Alber, Sharon McCollam and David DeMattei received restricted stock unit grants in fiscal 2005, as specified in the Summary Compensation Table. Each of these executives will receive accelerated vesting of such awards in the event of a change of control. These executive officers will also have such awards vest in full upon a termination due to their death, disability or retirement after attaining age 55 and working with us or our subsidiaries for at least 10 years. Based on a stock price of \$34.24, the closing price of our common stock on January 26, 2007, each of these awards has an estimated value of \$5,136,000.

W. Howard Lester SSAR Award

Mr. Lester was granted a stock-settled stock appreciation right, or SSAR, for 400,000 shares of the company's common stock on January 12, 2007 in connection with his appointment as Chief Executive Officer. The SSAR will vest on September 12, 2008. If Mr. Lester ceases service due to death or disability or upon a change of control, the award will vest in full.

COMPENSATION DISCUSSION AND ANALYSIS

Our Compensation Discussion and Analysis addresses:

the members and role of our Compensation Committee;

our process for determining executive compensation;

our executive compensation philosophy and policies; and

our fiscal 2006 compensation decisions.

In this Compensation Discussion and Analysis section, the terms we, our and us refer to the Compensation Committee of the Board of Directors of the Company.

Who serves on the Compensation Committee?

The Compensation Committee consisted of Adrian D.P. Bellamy, Jeanne P. Jackson and Richard T. Robertson from January 30, 2006 until October 30, 2006. Ms. Jackson resigned from the Compensation Committee on October 30, 2006. From October 31, 2006 until the present, the Compensation Committee consisted of Mr. Bellamy and Mr. Robertson. Mr. Bellamy serves as Chairman of the Compensation Committee. The Board for fiscal 2006 determined that each member of the Compensation Committee was independent under the NYSE rules as currently in effect, was an outside director as such term is defined with respect to Section 162(m) of the Internal Revenue Code and was a non-employee director under Section 16(b) of the Securities Exchange Act of 1934. None of the committee members has ever served as an officer of the company.

How many times did the Compensation Committee meet during fiscal 2006?

The Compensation Committee held a total of seven meetings during fiscal 2006. At certain of these meetings, the Chief Executive Officer made recommendations to us with respect to the compensation arrangements for other executives and with respect to the structure and terms of those officers' target bonuses and equity-based compensation. However, the Chief Executive Officer did not participate in the portions of the meetings during which his own compensation was deliberated and established.

What is the role of the Compensation Committee with respect to executive compensation?

The Compensation Committee administers the company's compensation programs, including compensation arrangements and equity plans. Our role is detailed in the Compensation Committee Charter, which was amended and restated by the Board on March 15, 2006. The Compensation Committee Charter is available on the company's website at www.williams-sonomainc.com and is attached to this Proxy Statement as Exhibit A.

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

The Compensation Committee Charter is also available in print to any shareholder who requests it. Specifically, we:

Review and approve corporate goals and objectives relevant to the compensation of the Chief Executive Officer, evaluate the Chief Executive Officer's performance in light of those goals and objectives, and review and approve the level of compensation, including base salary, bonus, equity compensation, and any other benefits or perquisites to be provided to the Chief Executive Officer based on this evaluation;

Review, make recommendations to the Board regarding, and approve, as appropriate, compensation for executive officers other than the Chief Executive Officer. Each of the named executive officers is listed in the Summary Compensation Table appearing in this Proxy Statement;

Review, make recommendations to the Board regarding, and approve, as appropriate, general compensation goals and guidelines for the company's employees;

Review, make recommendations to the Board regarding, and approve, as appropriate, the compensation policy for the non-employee directors of the company; and

Administer, within the authority delegated by the Board, the company's incentive compensation and equity-based plans.

Does the Compensation Committee delegate any of its authority?

We do not delegate any of our authority with respect to executive officers and non-employee directors of the company. However, we have appointed an Equity Award Committee to which we have delegated the ability to grant awards under the company's 2001 Long-Term Incentive Plan to those employees who are not executive officers. The Equity Award Committee consists of two of the company's directors, W. Howard Lester and Patrick J. Connolly. The Equity Award Committee has the discretion to make awards annually of up to 20,000 shares to any individual and an aggregate of 400,000 shares of the company's common stock to all individuals. We receive reports of grants made by the Equity Awards Committee at our regularly scheduled meetings.

What is management's role in the compensation setting process?

Although we do not delegate any of our authority with respect to executive officers and non-employee directors of the company, management does play a significant role in the compensation-setting process. In particular, management assists us with the following:

Evaluating individual employee performance;

Establishing appropriate business performance targets and objectives; and

Recommending salary and cash bonus levels and equity awards.

Management prepares meeting information for each Compensation Committee meeting and works with our Committee Chairperson to establish meeting agendas. We receive these materials at least several days in advance of each meeting. We generally meet in executive session at the end of each meeting. We consider, but are not bound to and do not always accept, management proposals. The Chief Executive Officer also participates in Compensation Committee meetings at our request to provide:

Background information regarding the company's strategic objectives;

Evaluations of the performance of senior executive officers; and

Compensation recommendations as to senior executive officers (other than the Chief Executive Officer).

Does the Compensation Committee have outside advisors?

The Compensation Committee charter grants us the sole authority to hire and fire our own outside advisors and compensation consultants. Although the company pays their compensation, these advisors report directly to us. We have engaged Frederic W. Cook & Co., Inc., or Frederic W. Cook, as an independent executive compensation consulting firm to assist us in discharging our responsibilities from time to time. During fiscal 2006, Frederic W. Cook provided us with market data related to executive and director compensation and provided advice related to our former CEO's departure from the company. Frederic W. Cook also provides certain services to management, primarily related to providing market data.

What is the Compensation Committee's philosophy of executive compensation?

We believe that the company's executive compensation programs should support the company's objective of creating value for its shareholders. Accordingly, we believe that executive officers and other key employees should have a significant stake in the company's stock performance and that compensation programs should link executive compensation to shareholder value. For this reason, we strive to ensure that the company's executive officer compensation programs are designed to enable the company to attract, retain, motivate and reward highly qualified executive officers while maintaining strong and direct links between executive pay, individual performance, the company's financial performance and shareholder returns. One of the ways we have sought to accomplish this is by making a significant portion of individual compensation directly dependent on the company's achievement of financial goals, and by providing significant rewards for exceeding those goals. We believe that strong financial performance, on a sustained basis, is an effective means of enhancing long-term

shareholder return. There is no pre-established policy or target for the allocation between cash and non-cash compensation or short-term and long-term compensation. Rather, we review and determine the appropriate level and mix of compensation on an on-going basis.

What are the components of executive compensation?

We consider three major elements in our executive compensation program:

Base salary;

Annual incentive opportunities; and

Long-term incentives.

We believe that offering the executive team a total compensation package with a strong at-risk, pay-for-performance component helps to achieve the company's objective of creating value for its shareholders. Each of the three major elements in our executive compensation program is discussed in detail below, but in general this means:

Base salaries are competitive compared with comparable public retail companies relative to similar positions;

Annual incentive opportunities are based principally on the company's overall corporate performance and the executive's attainment of individual goals. This results in the company's strongest performers receiving a better compensation package while poorer performers receive less. We believe the structure of our annual incentive opportunities fosters a performance-driven, pay-for-performance culture; and

Long-term incentives, such as equity compensation awards, are structured to encourage our executive team to work toward long-term sustained growth and success from the perspective of owners in the company and to reward executives and other key employees for maximizing long-term shareholder value.

Our named executive officers also receive certain retirement and other benefits, as well as perquisites and other personal benefits. We consider these perquisites, in addition to the major elements of compensation, in determining if total compensation is reasonable and not excessive.

Do we compare the company's compensation practices to those of other companies?

Yes. We believe that the compensation practices of many different companies within the retail industry are relevant to establishing the company's compensation programs and executive compensation for each year. Specifically, we strive to ensure that the company's compensation programs and executive compensation are competitive, taking into account pay practices at other companies considered by us to be comparable each year, based on industry, revenues and other factors. We refer to these companies collectively as comparable companies. For fiscal 2006, the comparable companies included the following 21 retail companies: Abercrombie & Fitch, American Eagle Outfitters, Ann Taylor, Barnes & Noble, Bed Bath & Beyond, Borders Group, Cost Plus, Ethan Allen Interiors, Gap, Limited Brands, Linens-n-Things, Men's Wearhouse,

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

Michaels Stores, Nordstrom, Office Depot, Pier 1 Imports, PetSmart, Ross Stores, Starbucks, Talbots and Tiffany & Co. The following table, which is based on publicly available information as of June 30, 2006 as provided to us by Frederic W. Cook, provides a financial overview of the comparable companies:

	Net Revenue (millions)	Net Income (millions)	Market Capitalization (millions)
	<u> </u>	<u> </u>	<u>(as of 6/30/2006)</u>
75 th Percentile	\$ 6,241	\$ 400	\$ 9,447
Mean	\$ 5,009	\$ 293	\$ 6,141
Median	\$ 3,778	\$ 214	\$ 4,326
25 th Percentile	\$ 2,068	\$ 99	\$ 1,515

We rely on executive compensation benchmarking surveys and proxy data that provided summarized data levels of base salary, target annual cash incentives, and equity-based and other long-term incentives. We believe that among the comparable companies, survey data in these areas provide a reliable indicator of the primary components of total compensation. In addition, our independent executive compensation consultant, Frederic W. Cook provides us with information on the competitiveness of the company's compensation programs. We met during the year to review, discuss and analyze the data.

How are base salaries determined?

We review and set the company's executive officers' base salaries, including those of the named executive officers, on an annual basis. This review occurred in March 2006 to confirm appropriate base salaries for fiscal 2006. We believe that executive officers' base salaries must be sufficiently competitive to attract and retain key executives. Accordingly, base pay and annual increases are determined through an analysis of each individual's salary and total target compensation relative to salaries for similar positions at comparable companies and, to a lesser extent, through a subjective analysis of each individual's experience and past and anticipated contributions to the company's success. In determining compensation, we also consider overall company performance. For fiscal 2006, the company's executive officers' base salaries fell generally within the third quartile (i.e., 50th to 75th percentile) of similarly situated executive officers at comparable companies.

In addition to an annual review of base salaries, we also evaluate base salaries on an on-going basis to reflect promotions or changes in responsibility. The following base salary adjustments were made in fiscal 2006 to reflect promotions and the increased responsibilities of certain named executive officers:

	<u>Date of Salary Adjustment</u>	<u>Previous Base Salary</u>	<u>Adjusted Base Salary</u>
Ms. Alber	August 15, 2006	\$ 625,000	\$ 800,000
Mr. DeMattei	August 15, 2006	\$ 570,000	\$ 675,000
Ms. McCollam	August 15, 2006	\$ 540,000	\$ 725,000

How are annual incentives determined?

The company promotes outstanding performance by rewarding executive officers for achieving specific performance objectives with an annual cash bonus paid through the company's 2001 Incentive Bonus Plan or, in some cases, through discretionary bonuses granted outside of the plan. The company pays bonuses under the plan only when the company meets or exceeds a specific corporate earnings objective as established by us in the first quarter of each fiscal year. Bonuses to executive officers, whether granted within or outside of the 2001 Incentive Bonus Plan, are based on the company's performance and on each executive officer's individual performance. If the company or the executive officer fails to fully meet some or all of the company or individual objectives, the award may be significantly reduced or even eliminated. Conversely, if the objectives are overachieved, awards may be subject to lesser or no reduction.

This plan is intended to qualify bonus payments as deductible performance-based compensation under Internal Revenue Code Section 162(m), which otherwise restricts our ability to deduct certain executive compensation to \$1 million per executive per year. In accordance with Internal Revenue Service rules, our 2001 Incentive Bonus Plan payout criteria are specified by the Compensation Committee in the first quarter of each fiscal year. Bonus amounts are not paid until we certify that the performance objectives have been achieved.

In March 2006, we established a fiscal 2006 target annual incentive amount under the 2001 Incentive Bonus Plan (the target bonus) for all of the company's executive officers, including the Chief Executive Officer. The target bonuses for the named executive officers were above the \$0

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

percentile of annual incentive bonus targets of similarly situated executive officers at comparable companies. Base salaries and bonus targets together place the annual cash compensation for our named executive officers above the 50th percentile of similarly situated executive officers at comparable companies.

What are the criteria considered in awarding annual incentives?

Under the 2001 Incentive Bonus Plan, key performance criteria for evaluating executive officers include business and financial objectives, and people and organizational goals, as well as other relevant factors as determined by us with input from the company's senior management. These criteria change from year to year. For fiscal 2006, we determined that no portion of the total target bonus amount under the 2001 Incentive Bonus Plan would be payable unless a prescribed company goal relating to company profitability (the "Company Objective") was achieved. No amount is payable under the 2001 Incentive Bonus Plan unless we previously certify that the Company Objective has been achieved.

This target level, because it is based upon profitability, is deemed substantially uncertain for purposes of Internal Revenue Code Section 162(m). When the goal was established, however, it was reasonably attainable based upon the company's historic and expected levels of profitability. Once the target level of profitability is reached, the maximum amount payable is then available for payment to executive officers as fully deductible compensation. However, we are permitted to apply negative discretion in determining the actual amount to be paid to any executive officer. In determining how (or if) to apply such negative discretion, we measure company performance against the business plan approved by the Board in the first fiscal quarter as well as individual performance.

In the first quarter of each fiscal year, we review a performance report that summarizes whether, and to what extent, the key performance criteria were attained for the prior fiscal year. The performance report also discusses any other significant but unforeseen factors that may have positively or negatively affected the company's performance.

We verify the company's actual earnings for each performance period, review management's recommendation for the resulting aggregate bonus awards and approve an aggregate award amount. We also review and approve the individual bonuses payable to each of the company's executive officers. The company's Chief Executive Officer approves the bonuses for all other eligible employees below the executive officer level. We decide the bonus amount for the Chief Executive Officer in an executive session.

Based on the company's performance in fiscal 2006 and certain brand-specific metrics, no annual incentive bonuses were paid to the named executive officers for fiscal 2006.

How is long-term incentive compensation determined?

The third primary component of the company's executive compensation program consists of equity compensation awards. We continue to believe that equity compensation awards are important for motivating executive officers and other employees to increase shareholder value over the long term. Prior to fiscal 2006, we granted stock options to our executive officers. During fiscal 2006, we decided to begin granting SSARs since they are accounted for identically to options but result in less dilution, both within the 2001 Long-Term Incentive Plan and with respect to the company's outstanding shares. We granted SSARs to each of the named executive officers in fiscal 2006 as shown in the "Grants of Plan-Based Awards during Fiscal 2006" table on page 15. Our equity awards to executive officers are designed to be competitive with those offered by comparable companies for an executive's job level, to reflect the company's assessment of the executive's ongoing contributions to the company, to create an incentive for executives to remain with the company, and/or to provide a long-term incentive to help the company achieve its financial and strategic objectives. Annual equity compensation awards to our executive officers fall generally within the third quartile of equity awards to similarly situated executive officers at comparable companies.

In determining the type and number of equity awards granted to an individual executive, we considered such factors as:

The type and number of awards previously granted to an individual;

An individual's outstanding awards;

The vesting schedule of the individual's outstanding awards;

The relative value of awards offered by comparable companies to executives in comparable positions; and

Additional factors, including succession planning and retention of the company's high potential executives.

In addition to SSARs, we have also made grants of restricted stock units to certain key executives. The grants of restricted stock units were designed to act as long-term, performance based, retention tools for key executive officers. Our grants of restricted stock units to executive officers will vest only if the company achieves certain earnings goals. Half of the award vests based on achievement of earnings goals over a four-year period, and the remainder vests based on achievement of earnings goals over a five-year period. The following named executive officers held restricted stock units as of January 28, 2007:

	<u>RSUs Outstanding</u>	<u>Grant Date</u>
Ms. Alber	150,000	January 6, 2006
Mr. DeMattei	150,000	January 6, 2006
Ms. McCollam	150,000	January 6, 2006

Although we typically make equity grants to executive officers during the first quarter of our fiscal year as part of our annual evaluation process, we also grant or approve special additional equity awards from time to time to executive officers in connection with promotions, assumption of additional responsibilities and other factors. Ms. Alber, Mr. DeMattei and Ms. McCollam were not awarded additional equity awards during our first quarter review of compensation, because each had recently been granted restricted stock units as described above. However, each of these named executive officers was promoted during fiscal 2006, and we approved the following equity awards at a scheduled Compensation Committee meeting in connection with these promotions:

	<u>Date of Award</u>	<u>Type of award</u>	<u>Number of Shares Covered by the Award</u>
Ms. Alber	9/12/2006	SSAR	40,000
Mr. DeMattei	9/12/2006	SSAR	40,000
Ms. McCollam	9/12/2006	SSAR	40,000

Under the company's existing equity compensation plans, the exercise price of any stock option or SSAR may not be less than 100% of the fair market value of the stock (based on the price of the company's common stock on the date of the award). Equity awards granted pursuant to the company's equity compensation plans generally vest in five equal annual installments. It is the company's policy not to reprice stock options or SSARs in the event that the fair market value of the common stock falls below the exercise price of the stock options or SSARs and not to engage in any exchange program relating to stock options or SSARs without obtaining prior shareholder approval. Our 2001 Long-Term Incentive Plan prohibits such repricings or exchanges unless our shareholders approve them in advance. We will only make future awards under our 2001 Long-Term Incentive Plan.

When are equity awards made to executive officers?

Equity awards to executive officers are only made at scheduled Compensation Committee meetings. Executives do not have any role in selecting the grant date of equity awards. The grant date of equity awards is generally the date of the approval of the award, and the exercise price is

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

always the closing price of the company's common stock on the trading day prior to the grant date. If a Compensation Committee meeting is scheduled for a date during a company trading blackout period, the grant date of an equity award may be set for a date after the trading blackout period has ended. As with all awards, the exercise price of these awards is the closing price of the company's common stock on the trading day prior to the grant date. In general, equity awards to executives are made during our March meeting in which we review company performance over the past fiscal year and determine base salaries and bonuses for all executives. We also make equity awards at other times during the

year in connection with promotions, assumption of additional responsibilities and other factors. We do not time equity grants to take advantage of anticipated or actual changes in the price of our common stock prior to or following the release of material information regarding the company.

Does the company have a stock ownership policy for its executive officers?

We do not currently have a stock ownership policy for our executive officers, but all of our named executive officers own shares of the company's common stock or vested, but unexercised, equity awards.

Does the company have a policy regarding recovery of past awards or payments in the event of a financial restatement?

Although we do not currently have a formal policy regarding recovery of past awards or payments in the event of a financial restatement, we support the review of performance-based compensation following a restatement that impacts the achievement of performance targets relating to that compensation, followed by appropriate action. These actions may include recoupment of cash or other incentives, as well as employment actions including termination.

How is the Chief Executive Officer compensated?

Edward A. Mueller was our Chief Executive Officer until July 14, 2006. The company entered into a separation agreement with Mr. Mueller on July 9, 2006 pursuant to which Mr. Mueller departed the company as of July 14, 2006 and agreed to not seek or accept nomination as a member of the Board of Directors following the expiration of his current term that ends as of the company's 2007 Annual Meeting to be held on May 16, 2007. Pursuant to this agreement, Mr. Mueller received the following:

Cash payment of \$1,965,625, less applicable withholdings;

Final salary payment for June 26, 2006 through July 14, 2006 of \$56,250;

Cash payment of \$116,250 for unused vacation and floating holidays through July 14, 2006; and

Continuing administrative and clerical support, including use of company email through February 3, 2008.

In addition, Mr. Mueller received acceleration of vesting of 200,000 unvested stock options due to vest on January 13, 2007 and acceleration of vesting of 200,000 unvested stock options due to vest on January 13, 2008. These stock options became fully vested and immediately exercisable on July 14, 2006. All other unvested stock options will cease vesting as of May 16, 2007.

W. Howard Lester became Chief Executive Officer and Chairman of the Board upon Mr. Mueller's departure. We determined Mr. Lester's compensation package based in part on:

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

A review of the compensation paid to chief executive officers of comparable companies (based on the process described above);

Achieving parity with initial hiring grants to the company's prior two chief executive officers;

Company performance; and

Our general compensation philosophy as described above.

Mr. Lester's compensation package for fiscal 2006 included a base salary of \$975,000 and no annual bonus. Mr. Lester's base salary fell within the third quartile of base salaries paid to chief executive officers at comparable companies.

Mr. Lester was also granted a SSAR for 400,000 shares of the company's common stock on January 12, 2007 in connection with his promotion to Chief Executive Officer. The SSAR will vest on September 12, 2008. If Mr. Lester ceases service due to death or disability or upon a change of control, the award will vest in full.

Mr. Lester also makes personal use of our company aircraft as described in the Other Annual Compensation from Summary Compensation Table on page 14. Mr. Lester received no other additional material compensation or benefits not provided to all executives.

Are there any other compensation considerations?

The company believes its benefit programs generally should be comparable for all employees. However, we recommend additional benefits for certain individuals from time to time if we determine that the category and amount of such benefits are reasonable and necessary to provide additional incentives to attract or retain key executives.

Do our executive officers have change of control arrangements?

Our named executive officers who received restricted stock unit grants in fiscal 2005, as described above, will receive accelerated vesting of such awards in the event of a change of control. In addition, Mr. Lester will receive accelerated vesting of the SSAR grant of 400,000 shares as described above. Ms. Alber and Ms. McCollam are provided with certain change of control arrangements as described starting on page 19. Otherwise, our executive officers do not have arrangements that provide them with specific benefits upon or following a change of control. None of our executive officers is guaranteed any type of golden parachute excise tax gross-up. Our equity compensation plans do not provide for automatic vesting acceleration upon or following a change of control. We have considered the total potential cost of the change of control protection afforded to our executive officers and have determined that it is reasonable and not excessive.

Do our executive officers have severance protection?

As noted in the Employment Contracts and Termination of Employment and Change-of-Control Arrangements section, if either Laura J. Alber, our President, or Sharon L. McCollam, our Executive Vice President, Chief Operating and Chief Financial Officer, is terminated without cause or voluntarily terminates her employment for good reason, she will be entitled to severance benefits.

Also, our named executive officers who received restricted stock unit grants in fiscal 2005 will have such awards vest in full upon a termination due to their death, permanent disability or retirement after attaining age 55 and working with us or our subsidiaries for at least 10 years.

Finally, as described above, if Mr. Lester ceases service due to death or disability or upon a change of control, the SSAR award granted to him on January 12, 2007 will vest in full.

Otherwise, our named executive officers do not have arrangements that provide them with specific benefits upon their termination. We have considered the total potential cost of the severance benefits to our executive officers and determined them to be reasonable and not excessive.

Have we changed our equity compensation practices in light of the new equity compensation accounting rules?

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

Commencing with our 2006 fiscal year, the company is required to account for equity compensation awards under SFAS 123R. Under FAS 123R, the company is required to record compensation expense in connection with equity awards to associates and members of the Board. We actively consider the potential impact of the changes in the financial accounting treatment of equity compensation arrangements on the company's reported earnings.

Do we provide perquisites to our executive officers?

The company provides executive officers with perquisites and other personal benefits that the company and the Compensation Committee believe are reasonable and consistent with our overall compensation program and enable the company to attract and retain superior employees for key positions. The Company provides certain perquisites to its executive officers, including premiums for term life insurance in excess of \$50,000, a matching contribution for investments in our 401(k) Plan, a \$500 monthly car allowance and an annual executive medical supplement of up to

\$2,500. Some of these perquisites are also provided to other employees. In addition, Mr. Lester occasionally makes personal use of the company aircraft. The value of all of these benefits to each of the named executive officers is detailed in the Other Annual Compensation from Summary Compensation Table on page 14.

How does the Compensation Committee address Internal Revenue Code Section 162(m)?

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, and regulations adopted under it by the Internal Revenue Service, publicly held companies may be precluded from deducting certain compensation paid to certain executive officers in excess of \$1,000,000 in a year. The regulations exclude from this limit performance-based compensation and stock options, provided certain requirements, such as shareholder approval, are satisfied. Exceptions to this deductibility limit may be made for various forms of performance-based compensation. The company believes that awards granted under the company's equity incentive plans can be excluded from the \$1,000,000 limit. We believe that bonuses awarded under the 2001 Incentive Bonus Plan are excluded from calculating the limit. While we cannot predict how the deductibility limit may impact the company's compensation program in future years, we intend to maintain an approach to executive compensation that strongly links pay to performance.

The Nominations and Corporate Governance Committee consisted of Michael R. Lynch, Sanjiv Ahuja, Adrian D.P. Bellamy and David B. Zenoff during fiscal 2006. Each current member of the Nominations and Corporate Governance Committee is a non-employee director.

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

What is the role of the Nominations and Corporate Governance Committee?

Our role is detailed in the Nominations and Corporate Governance Committee Charter, which was amended and restated by the Board on March 15, 2006. The Nominations and Corporate Governance Committee Charter is available on the company's website at www.williams-sonomainc.com and is attached to this Proxy Statement as Exhibit B. The Nominations and Corporate Governance Committee Charter is also available in print to any shareholder who requests it. Specifically, we:

Periodically review and recommend to the Board suitable revisions to the corporate governance guidelines applicable to the company and the categorical standards of independence applicable to the company's outside directors;

Annually consider and review with the Board criteria for selecting new director candidates, identify individuals qualified to become Board members and periodically assist in screening and evaluating director candidates;

Consider director nominations from shareholders; and

Annually evaluate the performance of the company's Chief Executive Officer and oversee the evaluation of the performance of the company's management and the Board.

Does the Nominations and Corporate Governance Committee have a policy with regard to the consideration of director candidates recommended by shareholders?

We adopted a Shareholder Recommendations Policy on March 16, 2004. It is our policy to consider recommendations for candidates to the Board from shareholders holding no less than 500 shares of the company's common stock continuously for at least six months prior to the date of the submission of the recommendation.

What are the procedures to be followed by shareholders in submitting recommendations of director candidates to the Nominations and Corporate Governance Committee?

The Nominations and Corporate Governance Committee will consider suggestions from shareholders regarding possible director candidates for election at next year's Annual Meeting. A shareholder that desires to recommend a candidate for election to the Board shall direct the recommendation in writing to Williams-Sonoma, Inc., Attention: Secretary, 3250 Van Ness Avenue, San Francisco, California 94109. The recommendation must include: (i) the candidate's name, home and business contact information; (ii) detailed biographical data and qualifications of the candidate; (iii) information regarding any relationships between the candidate and the company within the last three years; (iv) evidence of the recommending person's ownership of company common stock; (v) a statement from the recommending shareholder in support of the candidate; and (vi) a written indication by the candidate of his or her willingness to serve if elected. A shareholder that desires to recommend a person directly for election to the Board at the company's Annual Meeting must also meet the deadlines and other requirements set forth in Rule 14a-8 of the Securities Exchange Act of 1934 and the company's Restated Bylaws, each of which are described in the Shareholder Proposals section of this Proxy Statement.

Each director nominated in this Proxy Statement was recommended for election to the Board by the Nominations and Corporate Governance Committee. The Board did not receive any notice of a director nominee recommendation from any shareholder in connection with this Proxy Statement.

What is the criteria and process of the Nominations and Corporate Governance Committee for identifying and evaluating nominees for the Board?

Our criteria and process for evaluating and identifying the candidates that we select, or recommend to the Board for selection, as director nominees are as follows:

We regularly review the current composition and size of the Board;

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

We evaluate the performance of the Board as a whole and evaluate the performance and qualifications of individual members of the Board eligible for re-election at the Annual Meeting;

We review the qualifications of any candidates who have been properly recommended by the shareholders, as well as those candidates who have been identified by management, individual members of the Board or, if we deem appropriate, a search firm. Such review may, in our discretion, include a review solely of information provided to us or also may include discussions with persons familiar with the candidate, an interview with the candidate or other actions that we deem proper;

In evaluating the qualifications of candidates for the Board, we consider many factors, including issues of character, judgment, independence, diversity, financial expertise, industry experience, range of

experience, other commitments and the like. We evaluate such factors, among others, and do not assign any particular weight or priority to any of these factors. We consider each individual candidate in the context of the current perceived needs of the Board as a whole. While we have not established specific minimum qualifications for director candidates, we believe that candidates and nominees must reflect a Board that is comprised of directors (i) a majority of whom are independent; (ii) who are of high integrity; (iii) who have qualifications that will increase the overall effectiveness of the Board; and (iv) who meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit and Finance Committee members;

In evaluating and identifying candidates, we have the sole authority to retain and terminate any third party search firm that is used to identify director candidates and the sole authority to approve the fees and retention terms of any search firm;

After such review and consideration, we select, or recommend that the Board select, the slate of director nominees; and

We endeavor to notify, or cause to be notified, all director candidates of the decision as to whether to nominate such individual for election to the Board.

There are no differences in the manner in which the Nominations and Corporate Governance Committee evaluates nominees for director based on whether the nominee is recommended by a shareholder, management or a search firm.

How did we perform our responsibilities in fiscal 2006?

The Nominations and Corporate Governance Committee held a total of six meetings during fiscal 2006, and we took the following actions, among other things:

Reviewed and discussed with company management applicable changes in corporate governance requirements under federal and state securities laws and the NYSE listing standards, as well as the company's compliance with such requirements;

Matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees), as modified and supplemented, including the quality of the company's accounting principles, the soundness of significant judgments and the clarity of disclosures in the company's financial statements.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

Our Memphis-based distribution facilities include an operating lease entered into in July 1983 for a distribution facility in Memphis, Tennessee. The lessor is a general partnership (Partnership 1) comprised of W. Howard Lester, our Chairman of the Board of Directors and Chief Executive Officer and James A. McMahan, a Director Emeritus, both of whom are significant shareholders. Partnership 1 does not have operations separate from the leasing of this distribution facility and does not have lease agreements with any unrelated third parties.

Partnership 1 financed the construction of this distribution facility through the sale of a total of \$9,200,000 of industrial development bonds in 1983 and 1985. Annual principal payments and monthly interest payments are required through maturity in December 2010. The Partnership 1 industrial development bonds are collateralized by the distribution facility and the individual partners guarantee the bond repayments. As of January 28, 2007, \$1,418,000 was outstanding under the Partnership 1 industrial development bonds.

During fiscal 2006, we made annual rental payments of approximately \$618,000, plus interest on the bonds calculated at a variable rate determined monthly (4.0% in January 2007), applicable taxes, insurance and maintenance expenses. Although the current term of the lease expires in August 2007, we are obligated to renew the operating lease on an annual basis until these bonds are fully repaid.

Our other Memphis-based distribution facility includes an operating lease entered into in August 1990 for another distribution facility that is adjoined to the Partnership 1 facility in Memphis, Tennessee. The lessor is a general partnership (Partnership 2) comprised of W. Howard Lester, James A. McMahan and two unrelated parties. Partnership 2 does not have operations separate from the leasing of this distribution facility and does not have lease agreements with any unrelated third parties.

Partnership 2 financed the construction of this distribution facility and related addition through the sale of a total of \$24,000,000 of industrial development bonds in 1990 and 1994. Quarterly interest and annual principal payments are required through maturity in August 2015. The Partnership 2 industrial development bonds are collateralized by the distribution facility and require us to maintain certain financial covenants. As of January 28, 2007, \$12,893,000 was outstanding under the Partnership 2 industrial development bonds.

During fiscal 2006, we made annual rental payments of approximately \$2,585,000, plus applicable taxes, insurance and maintenance expenses. Although the current term of the lease expires in August 2007, we are obligated to renew the operating lease on an annual basis until these bonds are fully repaid.

The two partnerships described above qualify as variable interest entities under FIN 46R, Consolidation of Variable Interest Entities, due to their related party relationship and our obligation to renew the leases until the bonds are fully repaid. Accordingly, the two related party variable interest entity partnerships from which we lease our Memphis-based distribution facilities are consolidated by us. As of January 28, 2007, the consolidation resulted in increases to our consolidated balance sheet of \$17,620,000 in assets (primarily buildings), \$14,312,000 in debt, and \$3,308,000 in other long-term liabilities. Consolidation of these partnerships does not have an impact on our net income.

2000 Nonqualified Stock Option Plan

In July 2000, our Compensation Committee approved the 2000 Nonqualified Stock Option Plan, or the 2000 Plan. The 2000 Plan provides for the grant of nonqualified stock options to employees who are not officers or members of our Board, and persons who have accepted employment and actually become employees within 120 days of such acceptance. The plan administrator determines when options granted under the 2000 Plan may be exercised, except that no options may be exercised less than six months after grant, except in the case of the death or disability of the optionee. Options granted under the 2000 Plan have an exercise price equal to 100% of the fair market value of the shares underlying the option on the date of grant. The 2000 Plan permits options to be exercised with cash, check, certain other shares of our common stock, consideration received by us under cashless exercise programs or, if permitted by the plan administrator, promissory notes. In the event that we dissolve, liquidate, reorganize, merge or consolidate with one or more corporations as a result of which we are not the surviving corporation, or we sell substantially all of our assets or more than 80% of our then-outstanding stock, the 2000 Plan provides that the plan administrator will provide for one or more of the following: (i) each outstanding option will fully vest and become exercisable; (ii) the successor will assume or substitute for the options; (iii) the 2000 Plan will continue; or (iv) each outstanding option will be exchanged for a payment in cash or shares equal to the excess of the fair market value of our common stock over the exercise price. No future awards will be granted from the 2000 Nonqualified Stock Option Plan or the 1993 Stock Option Plan.
