REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Participants of the
eSpeed, Inc. Deferral Plan for Employees of
Cantor Fitzgerald, L.P. and its Affiliates
New York, NY

We have audited the accompanying statements of assets available for benefits of the eSpeed, Inc. Deferral Plan for Employees of Cantor Fitzgerald, L.P. and its Affiliates (the Plan) as of December 31, 2006 and 2005, and the related statement of changes in assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the assets available for benefits of the Plan at December 31, 2006 and 2005, and the changes in assets available for benefits for the year ended December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of (1) assets held at end of year as of December 31, 2006 and (2) delinquent participant contributions for the year ended December 31, 2006 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2006 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

Table of Contents**eSpeed, Inc Deferral Plan for Employees of Cantor Fitzgerald, L.P. and Its Affiliates****Notes to Financial Statements****As of December 31, 2006 and 2005, and for the Year Ended December 31, 2006****1. Description of Plan**

The following description of the eSpeed, Inc. Deferral Plan for Employees of Cantor Fitzgerald, L.P. and Its Affiliates (the Plan), formerly the Cantor Fitzgerald Deferral Plan, provides general information concerning the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is co-sponsored by Cantor Fitzgerald, L.P. (CFLP) and eSpeed, Inc. (eSpeed). CFLP and eSpeed, as well as their participating domestic affiliates are collectively referred to as the Company.

Prior to September 20, 2006, the trustee for the Plan was Wells Fargo and Company (Wells Fargo). Effective September 20, 2006, Fiserv Corporation assumed responsibility as the Plan's trustee. The trustee is responsible for maintaining the assets of the Plan, making distribution payments as directed by the Company and, generally, performing all other acts deemed necessary or proper to fulfill its responsibility as set forth in the trust agreement pertaining to the Plan. Also effective September 20, 2006, Professional Capital Services, LLC replaced Wells Fargo as the Plan's recordkeeper.

Eligibility - All employees of the Company are eligible to participate in the Plan upon hire and reaching the age of 21, except for temporary or casual employees and non-resident aliens who receive no earned income from U.S. sources. Eligibility begins the first day of the following month after these requirements are met.

Participant Contributions - The maximum deferral amount under the Plan that could be elected is the lower of 80% of compensation or a certain statutory limit (\$15,000 in 2006), which may be adjusted in future years for cost of living adjustments pursuant to Internal Revenue Code (IRC) section 402(g)(4). The Plan also permits participants age 50 and over to make catch-up contributions. In addition, there are other limitations set forth in the IRC, which the Plan must satisfy. Deferrals exceeding the limit will be refunded to the participants. There were no deferrals in excess of IRC limitations related to the 2006 Plan year.

Company Contributions - The Plan allows eligible participants to invest in eSpeed's Class A common stock (the eSpeed Stock Fund). In addition to the election by the participants to contribute to the eSpeed Stock Fund, the Company matches contributions to this fund annually with up to \$3,000 of the Company's Class A common stock per participant. For the Plan year ended December 31, 2006, eSpeed contributed 15,800 shares of its Class A common stock valued at \$137,926, which are included as an employer contribution receivable as of December 31, 2006. Effective January 1, 2007, the Company no longer matches participant contributions to the eSpeed Stock Fund.

Investment Options - Generally, participants direct the investment of their contributions into the various investment options offered by the Plan. As of December 31, 2006, investment options include the eSpeed Stock Fund, money market funds, privately managed funds and mutual funds. Beginning October 2005, eligible participants were auto-enrolled in the Plan when hired by the Company at a rate of 2% invested in the Wells Fargo Treasury Plus Institutional Money Market Fund. As of September 2006, eligible participants are auto-enrolled at a rate of 2% invested in the Fidelity Prime Fund Capital Preservation Class, a money market fund.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service, 33% being earned in each of the first two years.

Forfeitures - Participant contributions are non-forfeitable at all times. Company contributions are forfeitable in the event a participant terminates before the participant's matching contribution account is fully vested. The unvested portions are forfeited and were applied to such future matching contributions at the discretion of the Company. As of December 31, 2006 and 2005, forfeited non-vested accounts totaled \$7,571 and \$3,453, respectively. During the year ended December 31, 2006, no Company contributions were reduced from forfeited nonvested accounts. The balance at December 31, 2006 is expected to be applied to the payment of plan expenses.

Edgar Filing: ESPEED INC - Form 11-K

Participant Accounts Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Table of Contents

Distributions - Payment of benefits begin as soon as practicable following termination of employment. If a participant's account balance is more than \$1,000, no distribution will be made prior to normal retirement age (later of age 59 1/2 or completion of five years of service) without the participant's written consent. Participants may elect to defer receipt until a later date but not later than the April 1st following the calendar year in which the participant attains age 70 1/2.

Loans to Participants - A participant may generally borrow funds from the Plan in amounts not exceeding the lesser of \$50,000 or one-half of the participant's vested account balance. Interest on outstanding loans is charged at a fixed rate, as determined by the Plan administrator, which may not be less than a commercial bank's prime rate on the first business day of the month in which the loan is made. The principal amount borrowed must be repaid within five years, unless the amounts borrowed are used to purchase a primary residence (in which case, repayment may be extended in excess of five years). Participant loans were \$1,238,020 and \$510,377 as of December 31, 2006 and 2005, respectively.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its sponsorship of the Plan and to terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, employees will become 100% vested in their participant account.

2. Summary of Significant Accounting Policies

Basis of Accounting - The Plan's financial statements have been prepared using accounting principles generally accepted in the United States of America (U.S. GAAP).

Benefit Payments to Participants and Beneficiaries - Benefits are recorded when disbursed.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from the estimates and assumptions used. Estimates that are particularly susceptible to change include assumptions used in determining the fair value of investments.

Risks and Uncertainties - The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the risk factors could materially affect participants' account balances and the amount reported in the statement of assets available for Plan benefits and changes therein.

Investment Valuation and Income Recognition- The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the asset value of shares held by the Plan at year end. In 2005, investments that were not publicly traded, such as common collective trusts, were valued by Wells Fargo, then the trustee for the Plan, based on the quoted market prices of the underlying investments. The eSpeed Stock Fund is composed primarily of the Company stock which is valued at quoted market price at the end of the year. Loan receivables are stated at the outstanding balance which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Dividends and interest received by the Plan are reinvested into the respective funds.

The privately managed funds are institutional portfolios managed and valued by the individual investment companies. These portfolios, which have no quoted market values, are offered to the institutional clients and participants of the Plan. The market values of these portfolios are based on the fair values of the publicly traded underlying investments. Fair values of these investments are based on the last sales price (if traded on December 31) or the prevailing bid price (as obtained from sources considered to be reliable by the Trustee of the Plan) at the close of trading on December 31.

Management fee and operating expenses charged to the Plan for investments in the mutual funds are deducted from the mutual fund on a daily basis and are not reflected separately. Management fee and operating expenses for the privately managed funds are accrued on a daily basis and are reflected in the daily unitized price and are paid on a quarterly basis. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Transfers Into the Plan- In May 2005, the Company acquired Maxcor Financial Group, Inc. (Maxcor). Effective January 1, 2006, Maxcor employees (including employees of certain Maxcor subsidiaries) were eligible to participate in the Plan. As a result, during 2006, the net assets of the Maxcor Savings Plan previously known as the Eurobrokers, Inc. 401(k) Savings Plan, in the amount of \$36,620,202 were transferred into the Plan.

3. Exempt Party-In-Interest Transactions

Certain officers and employees of CFLP, who are participants in the Plan, perform administrative services related to the operation, record keeping and financial reporting of the Plan. The Company, at its option, pays these and other administrative expenses on behalf of the Plan. The Plan would pay such expenses if the Company discontinued its practice of paying them.

In addition, some of the Plan's assets were invested in the Wells Fargo S&P 500 Stock Fund, Wells Fargo Russell 2000 Index Fund, Wells Fargo Treasury Plus Institutional Money Market Fund, the Wells Fargo S&P MidCap Stock Fund and the Wells Fargo Short Term Investment Fund, which were collectively valued at \$0 and \$19,779,070 (42% of net assets) as of December 31, 2006 and 2005, respectively.

Prior to September 15, 2006, Wells Fargo managed the eSpeed Stock Fund on behalf of the Plan. Wells Fargo Bank, an affiliate of Wells Fargo's Institutional Investments Group managed these funds, as part of the Wells Fargo Collective Investment Funds. Subsequent to September 15, 2006, Fiserv began to manage the eSpeed Stock Fund. The eSpeed Stock Fund was valued at \$1,218,704 (1% of net assets) and \$853,304 (2% of net assets) as of December 31, 2006 and 2005, respectively. Although these transactions qualify as party-in-interest transactions, they are specifically exempt in accordance with certain U.S. Department of Labor (DOL) Prohibited Transaction Class Exemptions.

4. Income Tax Status of Plan

The Internal Revenue Service has determined and informed CFLP by letter dated November 26, 2002 that the Plan is qualified as to form with applicable sections of the IRC and, as such, the related trust is exempt from federal income taxes. The Plan has been amended since receiving the latest determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Table of Contents**5. Investments**

The Plan had the following investments, which individually represented 5% or more of the Plan's assets as of December 31, 2006 and 2005, respectively:

Janus Contrarian Fund, 410,009 and no shares, respectively	6,900,450	
Vanguard Institutional Index Fund 42,074 and no shares, respectively	5,452,519	

* Permitted party-in-interest as defined by ERISA. Investments represent a common collective trust, which is valued by its respective sponsor. As of December 31, 2005, the Plan had investments, valued at \$20,632,374 (44% of net assets), whose values were estimated by Wells Fargo, the trustee for the Plan, in the absence of readily ascertainable market values. As of December 31, 2006, the Plan did not have investments without readily ascertainable market values.

During the year ended December 31, 2006, the Plan's investments (including investments bought, sold and held) appreciated as follows:

Shares in Registered Investment Companies	\$ 3,578,719
Common Collective Trusts	630,861
eSpeed Stock Fund	172,803
 Total Plan Net Appreciation	 \$ 4,382,383

6. NonExempt Party-In-Interest Transaction

During 2005, the Company remitted the following participant contributions, totaling \$541,726, to the trustee later than required by DOL Regulation 2510.3-102:

Pay Date	Contribution Amount	Remittance Date
1/31/2005	\$ 198,270	2/24/2005
4/30/2005	\$ 197,168	5/23/2005
6/30/2005	\$ 146,288	7/26/2005

Accordingly, during 2006, the Company credited participant accounts with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis and reported the same to the Department of Labor pursuant to its Voluntary Fiduciary Correction Program .
