**Item 8.01 Other Events.**

This Current Report on Form 8-K is being filed to update the historical financial statements included in International Paper Company's Annual Report on Form 10-K for the year ended December 31, 2006 (the 2006 Form 10-K) to reflect changes to the Company's segment reporting and a change to the direct method of accounting for planned major maintenance expenses as described below.

In connection with sales of businesses under the Company's transformation plan and the resulting changes in the Company's business portfolio, a review of the Company's operating business segments was conducted during the first quarter of 2007 under the provisions of Statement of Financial Accounting Standards No. 131. While this review resulted in no changes in the Company's reportable segments, a decision was made to include the Company's European coated paperboard operations, previously reported in the Printing Papers segment, with other similar operations in the Consumer Packaging segment. Accordingly, the operating results of the Company's European coated paperboard operations were reported as part of the Company's Consumer Packaging segment in the Company's Quarterly Reports on Form 10-Q for the periods ended March 31, 2007 and June 30, 2007.

The Company is filing this Current Report on Form 8-K to reflect the impact of this change in segment reporting on previously issued financial statements. This will permit the Company to incorporate these financial statements by reference in future SEC filings.

This reclassification of the Company's European coated paperboard operations from the Printing Papers segment to the Consumer Packaging segment, is set forth below in the various sections of the Company's 2006 Form 10-K. The interim financial results (unaudited) appearing on page 76 of the attached have also been updated to show the effects of the Company's adoption of the direct expense method of accounting for planned major maintenance expenses under FASB Staff Position No. AUG AIR-1, Accounting for Planned Major Maintenance Activities.
