Item 8.01. Other Events.

On March 21, 2008, we entered into an agreement to acquire the assets of an activated carbon (AC) processing facility. The purchased assets include 500,000 pounds of AC inventory, process equipment for chemical treatment, milling and storage of AC, and six pneumatic discharge trailers for transporting AC to utility customers. In addition to the purchase of assets, we agreed to sign a three-year facility lease to rent the facility currently being used by the owner of the assets. We also entered into a nonbinding letter of intent to negotiate a supply agreement under which we would purchase AC through the owner of the assets beginning in 2008, on a take or pay basis, for the mercury control market. We issued a press release on March 24, 2008, in which we announced the acquisition and related matters, as copy of which is attached hereto as Exhibit 99.1

Item 9.01. Financial Statements and Exhibits.
