Administrative Committee and Participants

Williams-Sonoma, Inc. 401(k) Plan

San Francisco, CA

We have audited the accompanying statements of net assets available for benefits of the Williams-Sonoma, Inc. 401(k) Plan (the Plan) as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2007 and 2006, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2007 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2007 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

As discussed in Note 3 to the financial statements, the financial statements include investments valued at \$7,241,725 (5.6% of net assets) as of December 31, 2007 whose fair value has been estimated by management in the absence of readily determinable fair values. Management's estimates are based on information provided in the Audited Financial Statements of the Fund.

**WILLIAMS-SONOMA, INC. 401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**FOR THE YEARS ENDED DECEMBER 31, 2007 AND 2006**

**1. DESCRIPTION OF PLAN**

The following description of the Williams-Sonoma, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

**General** The Plan, which became effective as of February 1, 1989, is a defined contribution plan covering eligible salaried and hourly associates and was created to provide savings opportunities to the associates of Williams-Sonoma, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is intended to be qualified under Internal Revenue Code Sections 401(a), 401(k), 401(m), and 4975(e)(7).

**Contributions** The Plan allows participants to defer a portion of their income and have such amounts paid into the Plan, thus reducing the participant's taxable income in the year of contribution. Full-time regular associates who are at least 21 years old may participate as soon as administratively practicable (approximately 30 days) after their date of hire. Part-time and casual associates who are at least 21 years old may participate as soon as administratively practicable after the completion of 1,000 hours of service with the Company within a given Plan year or their first year of service. Temporary associates are not eligible to participate. The Plan permits eligible employees to make elective deferral contributions up to 15% of their eligible compensation (base salary, hourly wages, and overtime) each pay period (5% for certain highly compensated individuals) up to the maximum salary deferral contributions allowed under federal income tax rules. Participants who reach age 50 by the end of a calendar year and make the maximum deferrals into the Plan can make additional catch-up contributions. Participants are also allowed to rollover to the Plan certain pre-tax distributions from other qualified plans and arrangements.

The Company makes a matching contribution to each participant's account equal to 50% of the participant's elective deferral contribution each pay period, taking into account only those contributions that do not exceed 6% of the participant's eligible pay (5% for certain highly compensated individuals). The Company does not match participants' rollover and catch-up contributions.

During 2007 and 2006, federal income tax rules generally limited participants' maximum salary deferral contributions to \$15,500 and \$15,000 respectively, and catch-up contributions to \$5,000.

**Participant accounts** The Plan maintains individual accounts for participants. Each participant's account is credited with the participant's contributions, the Company's matching contributions and earnings or losses. Participants can transfer their own contributions freely between funds at any time and still qualify for the Company's matching contribution. Company matching contributions are invested in the same funds as

the participant's elective deferral contributions. The investment alternatives available to participants during 2007 and 2006 were as follows:

**Participant loans** Participants who are employed by the Company are allowed to borrow from their individual account up to 50% of their vested minimum account balance, from a minimum loan of \$1,000 up to a maximum loan of \$50,000 (reduced in the case of participants with loans outstanding in the previous

## **Table of Contents**

year). A participant may have only one loan from the Plan outstanding at any given time. The loans are secured by the vested balance in the participant's account and bear interest at a fixed rate equal to 1% plus the prime lending rate as published by the Wall Street Journal at the beginning of the calendar month in which the loan is initiated. Principal and interest are required to be repaid ratably through regular payroll deductions for up to five years, unless the loan is to acquire a participant's principal residence, in which case the maximum term of the loan is fifteen years. If a participant leaves the Company, any unpaid loan balance must be paid in full on the participant's last day of employment. If the participant does not repay the loan as required, the outstanding balance of the loan is treated as a taxable distribution from the Plan.

***Vesting*** Participants are immediately 100% vested in their elective deferral contributions, rollover contributions, catch-up contributions and any earnings attributable thereto. For the first five years of a participant's employment, the Company's matching contributions and any earnings attributable thereto generally vest at a rate of 20% per year of service, measured from the participant's hire date. Thereafter, all Company matching contributions vest immediately.

***Forfeitures*** When a participant terminates employment prior to full vesting and takes a full distribution of the vested portion, any unvested Company matching contributions and earnings attributable thereto are immediately forfeited and used to reduce the amount of future Company matching contributions (subject to restoration if the participant returns to employment before incurring a five-year break in service). When a participant terminates employment prior to full vesting and defers distribution from the Plan, the unvested portion of the Company matching contributions remains in the Plan (except if the participant's vested balance is \$5,000 or less following separation) until the participant has a five-year break in service, at which time the unvested contributions and any attributable earnings thereto are forfeited. These forfeited amounts may be used to reduce the amount of future Company matching contributions, pay the Plan's administrative expenses, and fund the restoration of forfeited amounts. During 2007 and 2006, Company matching contributions were reduced by \$545,059 and \$1,367,100, respectively, from forfeited unvested accounts.

***Payment of benefits*** Benefits are payable upon termination of employment, hardship, death, disability, retirement or attainment of at least age 59 1/2. A participant is not required to take the distributions until after the participant both separates from the Company and attains age 70 1/2, except if the participant's vested account balance is \$5,000 or less following separation, in which case the Plan will issue the participant a full distribution. Distribution of a participant's benefits may be made in cash, Company common stock (to the extent the distribution is invested in the Williams-Sonoma, Inc. Stock Fund), or both, and are recorded when paid.

***Plan termination*** The Company has no intention at this time to terminate the Plan, but retains the authority to amend or terminate the Plan at any time for any reason. In the event of Plan termination, participants' accounts become fully vested. Net assets of the Plan are applied for the exclusive benefit of the participants.

***Plan administrative and investment expenses*** Administrative expenses incurred by the Plan are generally paid by the Company. Investment expenses incurred by the Plan are generally paid from Plan assets.

## **2. SUMMARY OF ACCOUNTING POLICIES**

***Basis of accounting*** The financial statements of the Plan are prepared on the accrual basis of accounting.

***Use of estimates*** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of

## Edgar Filing: WILLIAMS SONOMA INC - Form 11-K

contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

**Table of Contents**

**Cash and cash equivalents** At December 31, 2006, cash and cash equivalents primarily represented shares held in the Schwab Government Securities Fund. As of February 2007, the Schwab Government Securities Fund was replaced by the Schwab Stable Value Fund (a collective common trust fund), which is not classified as cash and cash equivalents.

**Purchases and sales** Purchases and sales of securities are recorded on a trade-date basis.

**Investments** Investments in common stock and mutual funds are stated at fair value, which is based on publicly quoted market values. Investments in collective common trust funds (the Schwab Stable Value Fund) are stated at fair value, as provided by the issuer. Participant loans are valued at the outstanding loan balance.

The Plan invests in various securities including mutual funds, fixed income funds, a collective common trust fund and Williams-Sonoma, Inc. common stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair market values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Schwab Stable Value Fund is a collective common trust that is fully benefit-responsive. These investments are accounted for in accordance with Financial Accounting Standards Board Staff Position (FSP) AAG INV-1 and American Institute of Certified Public Accountants (AICPA) Statement of Position 94-4-1, *Reporting of Fully Benefit-Responsive Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (collectively the "FSP"). As required by the FSP, the statement of net assets available for benefits presents investment contracts both at fair value and at contract value, showing the adjustment to fair value. The statement of changes in net assets available for benefits is presented on a contract value basis and is thus not affected by the FSP. Fair value of the contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

**Benefits payable** As of December 31, 2007 and 2006, the following amounts were due to participants who had withdrawn from participation in the Plan:

	2007	2006
Deferred Benefits payable	\$ 28,142,856	\$ 27,654,552
Benefits payable	243,792	252,727
<b>Total</b>	<b>\$ 28,386,648</b>	<b>\$ 27,907,279</b>

Deferred benefits payable represents vested account balances greater than \$5,000 payable to all terminated Plan participants who have elected to defer distribution of their account balances. Benefits payable represents vested account balances of \$5,000 or less which will be paid to participants in the coming year. Benefit payments to participants are recorded upon distribution.

## Edgar Filing: WILLIAMS SONOMA INC - Form 11-K

**Related party transactions** The Charles Schwab Trust Company is the trustee of the Plan, as defined by the Plan, and Schwab Retirement Plan Services, Inc. is the administrator of the Plan. All investments managed by both companies qualify as exempt party-in-interest transactions. Fees paid to The Charles Schwab Trust Company and Schwab Retirement Plan Services, Inc. for trustee and administrative fees amounted to \$379,211 and \$385,237 in 2007 and 2006, respectively.

**Table of Contents**

In addition, the Plan issues loans to participants that are secured by the balances in the participants' accounts. These transactions qualify as exempt party-in-interest transactions.

**Interest** Interest income is recorded on the accrual basis.

**Dividends** Dividends represent amounts paid on shares held in the Williams-Sonoma, Inc. Stock Fund and are determined based on shares held as of the record date. Participants may elect to receive a payout or have their dividends reinvested into the fund.

**New Accounting Pronouncements** In September 2006, the Financial Accounting Standards Board ( FASB ) issued Statement of Financial Accounting Standards ( SFAS ) No. 157, *Fair Value Measurements*, which establishes a standard definition for fair value, provides a framework under generally accepted accounting principles for measuring fair value and expands disclosure requirements for fair value measurements. SFAS No. 157 is effective for annual reporting periods beginning after November 15, 2007. In December 2007, the FASB issued FASB Staff Position ( FSP ) No. 157-b, *Effective Date of FASB No. 157*, which delayed the effective date of SFAS No. 157 for all nonfinancial assets and liabilities (except those recognized or disclosed at fair value in the financial statements on a recurring basis) to annual reporting periods beginning after November 15, 2008. The Company does not expect the adoption of SFAS No. 157 and FSP No. 157-b to have a material impact on the Plan's financial position or results of operations.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities - Including an amendment of FASB Statement No. 115*. SFAS No. 159 will permit entities to choose to measure eligible items at fair value at specified election dates and report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date. SFAS No. 159 is effective for annual reporting periods beginning after November 15, 2007. The Company does not expect the adoption of SFAS No. 159 to have a material impact on the Plan's financial position or results of operations.

**3. INVESTMENTS**

At December 31, 2007 and 2006 the following investments, stated at fair value, were 5% or more of the net assets available for benefits:

	2007	2006
Williams-Sonoma, Inc. Stock Fund

(416,886 fund shares)

\$ 7,261,278

-

The contract value of the Schwab Stable Value Fund is \$7,241,725 as of December 31, 2007. The adjustment from fair value to contract value was calculated based on the Plan's proportionate share of ownership in the collective common trust fund.

**Table of Contents**

During 2007 and 2006, the Plan's investments, including investments bought and sold as well as those held during the year, appreciated (depreciated) in value as follows:

	<b>2007</b>	<b>2006</b>
Williams-Sonoma, Inc. Stock Fund	\$ (9,866,765)	\$ (26,970,510)

**5. INCOME TAX STATUS**

On February 11, 2003, the Internal Revenue Service ( IRS ) issued a determination letter stating that the Plan, as amended through December 31, 2002, was qualified and the trust established there under tax-exempt under the applicable sections of the Internal Revenue Code ( the Code ). The Plan has been amended since receiving the determination letter. The Administrative Committee believes that the amendments to the Plan, as adopted subsequent to December 31, 2002, have not affected the Plan s qualified status. The Plan is required to operate in conformity with the Code to maintain its qualification. The Administrative Committee believes the Plan is operating in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust was tax-exempt as of December 31, 2007. Therefore, a provision for income taxes has not been included in the Plan s financial statements.
