Dear Valued Supplier,

We're pleased to share with you some exciting news. As the attached press release outlines, this morning we announced that Thermage has entered into a definitive merger agreement to acquire Reliant Technologies, Inc., a leader in skin resurfacing and rejuvenation with its Fraxel product line. We are very enthusiastic about the results that the combined company may achieve and the potential it offers for our valued customers, employees, stockholders and suppliers.

Our acquisition of Reliant will be a critical milestone in our quest to deliver more innovative products and procedures to the growing aesthetics market. By acquiring Reliant, we will gain critical resources that will help us increase capacity, enhance efficiency, and strengthen our competitive position. These advantages, combined with our current strengths, will position us to deliver more compelling and innovative products. Combining Thermage and Reliant resources will support an installed customer base of more than 4,000 systems and allow us to expand into new markets.

Thermage's executive management team will continue to serve in their current capacities. The combined company will retain the Thermage name, and our executive offices will remain in Hayward, California. We currently expect the proposed transaction to close during the fourth quarter of 2008, subject to customary closing conditions, including approval by Thermage stockholders.

As our supplier, you provide us with valuable resources and support and are a great asset to our company. We believe this is an exciting time for Thermage, and this proposed transaction provides the opportunity to enhance our product portfolio, distribution channels and relationships with customers. We'd like to thank you for the important role you've played in helping us reach this milestone and look forward to your continued participation in our growth and progress. If you have any questions, please do not hesitate to contact your representative here at Thermage. Thank you for your continued support and we look forward to updating you as we integrate the two companies.

Sincerely,

Clint Carnell

Chief Operating Officer
