EXPLANATORY NOTE

This Amendment No. 1 on Form 8-K/A to the Ligand Incorporated Incorporated (the Company or Ligand) Current Report on Form 8-K dated September 24, 2008 is being filed solely to provide further information regarding the calculation of the consideration to securityholders of Pharmacoepia, Inc., a Delaware corporation (Pharmacoepia).

**Item 1.01. Entry into a Material Definitive Agreement.
Merger Agreement**

On September 24, 2008, Ligand entered into an Agreement and Plan of Merger (the Merger Agreement), with Pharmacoepia, Margaux Acquisition Corp, a direct wholly-owned subsidiary of the Company (Merger Sub 1) and Latour Acquisition, LLC, a Delaware limited liability company (Merger Sub 2). Under the Merger Agreement, the Company will acquire Pharmacoepia pursuant to a two-step merger, whereby Merger Sub 1 will merge with and into Pharmacoepia, with Pharmacoepia as the surviving corporation, and Pharmacoepia will immediately thereafter merge with and into Merger Sub 2, with Merger Sub 2 as the surviving entity (collectively, the Merger).

Under the terms of the Merger Agreement, Ligand would issue approximately 0.58 of a share for each outstanding Pharmacoepia share, subject to certain adjustments for cancelled stock options, such that current Ligand stockholders would own approximately 84% of the combined company and Pharmacoepia stockholders would own approximately 16%. This exchange ratio is applicable if the average closing price of Ligand common stock falls in the range of \$3.00 and \$3.75 during a specified period prior to the closing date. At prices between \$3.75 and \$4.50, value is fixed at \$66 million, and the exchange ratio would decrease as prices increased within that range. At prices above \$4.50, the exchange ratio would be fixed at 0.49 for one. At prices between \$3.00 and \$2.38, value is fixed at \$52.8 million, and the exchange ratio would increase as prices decreased within the range, subject to limitations set forth in the Merger Agreement. Pharmacoepia stockholders would receive some cash consideration in addition to shares of Ligand common stock at prices below \$2.93 and above \$2.38. Below \$2.38, the consideration would be comprised of shares of Ligand common stock at a 0.60 for one exchange ratio plus the right to receive a proportionate share of \$10 million in cash. At prices below \$1.65, Pharmacoepia has the right to terminate the Merger Agreement. In addition, each share of Pharmacoepia common stock will be entitled to receive one contingent value right (CVR), which is subject to the terms and conditions of the Contingent Value Right Agreement described below.

The Company and Pharmacoepia each made representations, warranties and covenants in the Merger Agreement that are similar to those made by parties in similar business combinations. The Merger is subject to customary closing conditions, including obtaining the approval of Pharmacoepia's stockholders and termination or expiration of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended. The Board of Directors of the Company and Pharmacoepia have approved the Merger and the Merger Agreement. Pharmacoepia has agreed, unless the Merger Agreement is terminated earlier, to cause a stockholders meeting to be held, for the purpose of considering approval of the Merger and the Merger Agreement. If the Merger Agreement is terminated under certain circumstances specified in the Merger Agreement, Pharmacoepia may be required to pay a termination fee of \$3.375 million and/or reimbursement of actual documented reasonable expenses up to a maximum of \$1.4 million.

The Company expects to incur substantial additional costs in connection with the Merger, including costs associated with severance payments, repayment of outstanding debt, advisors' fees and other transaction-related expenses.

Contingent Value Rights Agreement

At the closing of the Merger, the Company, Pharmacoepia and a rights agent will enter into a Contingent Value Rights Agreement (the CVR Agreement), a form of which is attached to the Merger Agreement. The CVR Agreement sets forth the rights that former Pharmacoepia securityholders will have with respect to each CVR to be held by them after the closing of the Merger. The CVR Agreement provides for the payment of an aggregate of \$15 million in cash payable to the holders of the CVRs if, on or prior to December 31, 2011, Ligand enters into a license or sale agreement related to DARA (as defined in the CVR Agreement) or any other agreement for the development, marketing or sale of DARA, or any option to enter into such agreement, with any party other than Bristol-Myers Squibb Company or any of its affiliates.
