Business Report for the 7th Fiscal Year

(from April 1, 2008 to March 31, 2009)

1. Matters Regarding the Current State of the Company

(1) Developments and Results of Operations, etc., of the Mizuho Financial Group

Financial and Economic Environment

Looking back over the economic climate during the fiscal year ended March 31, 2009, many financial institutions, mainly in Europe and the United States, experienced shortages of capital and management difficulties in the wake of the turmoil of the securitization market triggered by the subprime loan problem. As a result, uncertainties in financial markets increased significantly in the form of, for example, the tightening of credit on a global scale due to the deterioration of intermediary function of financial institutions.

These financial uncertainties had significant impacts on the actual economy. The serious economic downturn is continuing in the United States and Europe, as personal consumption, housing investments and capital investments are further worsening. Emerging countries and countries dependent on natural resources are also suffering from worsening economies.

As for the Japanese economy, corporate earnings were significantly aggravated, affected by drastic declines in exports due to the deteriorating world economy and appreciation of the yen. As a result, the number of bankruptcies increased regardless of industry type and company size, and stock prices fell sharply. In addition, personal consumption decreased in the worsening environment of employment and income due to the rapid production adjustments. The serious downturn in the economy is continuing against the background of decreased domestic and foreign demand.

Under these circumstances, leading countries are promoting coordination of global policies to stabilize the financial markets and achieve economic recovery through summit conferences and other means, and the effects are gradually being materialized. However, there is a possibility that the actual economy deteriorates further due to protracted or worsening financial uncertainty.

Given the above business environment, it is important for Mizuho Financial Group (the Group) to further strengthen its profitability by allocating management resources flexibly and providing superior financial services to meet customers' needs, while maintaining financial soundness and enhancing corporate governance such as risk management.

Main Businesses of the Group

The Group is composed of Mizuho Financial Group, Inc. (MHFG), 145 consolidated subsidiaries, and 22 affiliates under the equity method. The Group engages in banking, securities, trust, asset management and other financial businesses.

Developments and Results of Operations

It is deeply regrettable that the Group recorded losses for fiscal 2008 as a result of impairment losses due to significant declines in the stock markets and an increase in credit-related costs, as well as lower profits in each of its business lines in Japan and overseas, against a background of severe business circumstances, including global turmoil in financial markets and a global economic downturn.

Under these difficult conditions, the Group has worked to expand its capital base to maintain financial soundness. In fiscal 2008, the Group issued preferred securities worth JPY 658 billion in Japan and USD 850 million overseas. The Group also issued subordinated bonds worth JPY 200 billion to individual investors in Japan for the first time.

In the area of business strategy, the three global groups established on the basis of customer needs (the Global Corporate Group, Global Retail Group and Global Asset & Wealth Management Group) steadily implemented the following measures by utilizing their respective strength.

[Business Strategy]

(Global Corporate Group)

Mizuho Corporate Bank, Ltd. (MHC B) has selectively and flexibly devoted management resources, while closely and carefully observing an increasingly uncertain market environment, to deploy its business strategy globally. With respect to overseas networks, MHC B nearly completed the enhancement of its global network by expanding its business offices (Qingdao, Guangzhou, Wuhan) of Mizuho Corporate Bank (China), Ltd., while strategically and flexibly expanding business offices in other areas (Taichung, Madrid, Kowloon) as well. Further, MHC B entered into strategic alliances with major financial institutions in the United States, India and other countries. As for the syndicated loan business, which is an ongoing focus area for the Group, MHC B responded to the diversifying needs of customers and provided smooth financing by arranging syndicated loans as an alternative to bonds and CPs.

Mizuho Securities Co., Ltd. (MHSC) advanced the fundamental reform of its business management structure by implementing the Business Restructuring Program announced in April 2008. Specifically, MHSC reinforced profitability by allocating management resources flexibly while steadily strengthening its risk management system for its market-related businesses and management structure of overseas businesses. Further, in order to ensure efficient and flexible operation, MHSC streamlined its organization through a 50% reduction in the number of departments and offices, cut costs by reducing personnel (including voluntary resignations) and implemented a reduction in executive remuneration. After the merger with Shinko Securities Co., Ltd. in May 2009, we will provide customers with superior professional services by combining the former MHSC's global platform with the nationwide customer base and network of Shinko Securities Co., Ltd. as a comprehensive securities company.

Management Structure of Mizuho Financial Group, Inc.

(Global Retail Group)

Mizuho Bank, Ltd. (MHBK) implemented various measures to provide individual customers with enhanced convenience and security. Specifically, MHBK increased the number of Mizuho Personal Squares, which focus on serving individual customers, to 146. MHBK also increased the number and enhanced the quality of financial consultants who offer various proposals and expanded consultations on asset management and housing loans on bank holidays. Further, in order to respond to customer needs in securities and trusts, MHBK increased the number of Planet Booths, a joint branch network with Mizuho Investors Securities Co., Ltd., to 148, and strengthened the support for branches by establishing Trust Business Office staffed by personnel from Mizuho Trust & Banking Co., Ltd. With respect to Mizuho Mileage Club, with membership of approximately 6.5 million, MHBK continues to improve its services by easing the requirement of balance of deposited assets to qualify for various benefits, and starting from June 2009, offering the use of ATMs after office hours without charge and waiving certain remittance fees to other banks. MHBK began operation of reinforced log-in certification for its internet banking service, Mizuho Direct, with a risk-based certification system(*1), the first system of its kind in the internet banking services of Japanese banks.

For corporate customers, MHBK expanded loan products to respond quickly to the capital needs of its corporate customers and utilized the government's emergency guarantee program, recognizing that a smooth provision of financing to customers that are small and medium-sized enterprises and middle market corporations is the social responsibility of financial institutions. Further, MHBK collaborated with group companies and developed a system to promote solutions businesses so that MHBK could offer wide-ranging solutions for customers' business strategies such as business successions, M&As, business matching services and advisory services on customers' global expansion.

(Global Asset & Wealth Management Group)

Mizuho Trust & Banking Co., Ltd. (MHTB) provided trust functions to customers of the whole group by strengthening collaborations with the group companies, including through personnel exchanges. In the Asset Management area, MHTB offers a wide range of trust products and services targeting real estate, monetary claims, securities and CO₂ gas emission rights, among others. Further, as the use of trusts expands due to amendments of laws and other factors, MHTB established departments specialized in developing new products and actively developed new products such as security trusts for syndicated loans. In the Wealth Management area, MHTB offered various services related to asset management and custody of customers assets, such as establishing the Seijo Trust Lounge, a business office specializing in consulting business.

Mizuho Private Wealth Management Co., Ltd. offers comprehensive, integrated and continuous private banking services comparable to those found in the United States and Europe, in compliance with Japanese laws and regulations.

Mizuho Asset Management Co., Ltd. and DIAM Co., Ltd. offer high-quality services, aiming to win high levels of customer satisfaction, as core companies in the asset management business of the Group.

*1 risk-based certification system

A new certification method to re-confirm that a transaction is made by the customer himself/herself, whenever suspicious access is detected.

In addition, the Group endeavored to establish a solid internal control system, promoted CSR (corporate social responsibility) and enhanced our brand strategy.

With regard to its internal control system, the Group established internal controls in accordance with the Financial Instruments and Exchange Law. And as a New York Stock Exchange listed company, it further strengthened its system for financial disclosure under U.S. GAAP, a major global accounting standard, and internal controls in accordance with the U.S. Sarbanes-Oxley Act. We have promoted customer protection and strengthened our compliance structure, including a system for the early detection of problems, in order to forestall any violation of laws.

As for CSR activities, MHFG has been making efforts to reduce its environmental load by establishing targets for reducing CO₂ gas emissions, paper recycling rates and green purchasing rates. In addition, MHFG has continued its active support for financial education by sponsoring courses and lectures at universities and conducting joint studies on financial education with Tokyo Gakugei University. MHCB became the first Japanese bank to adopt the Equator Principles, a voluntary set of global guidelines for large-scale development projects, in 2003. Since then, MHCB has conducted project finance with due consideration to the impacts on the natural environment and society in developing areas. MHBK actively provided financial support to companies positively engaged in environmental issues by offering environment-related loan products and proactively supported the environment-conscious management of small and medium-sized enterprises by using business-to-business matching schemes. Aiming to become a bank that is accessible to anyone regardless of age, gender or disability, MHBK continued its efforts to make its branches barrier-free.

Under our brand strategy, we actively promoted our brand slogan, Channel to Discovery, both internally and externally. The slogan represents the role the Group will play, not only to realize today's dreams, but also to discover new possibilities that lie ahead and to create a better future.

[Results of Operations for fiscal 2008]

Against the backdrop of the severe business environment, profits decreased mainly due to declines in income related to business with domestic corporate customers (SMEs and middle market corporations), fee income associated with sales of investment trusts and individual annuities, fee and commission income from overseas business which was affected by the turmoil in the global financial markets, and income from the trust and asset management business of Mizuho Trust & Banking which was affected by domestic real estate market conditions. We recorded the following consolidated figures (145 consolidated subsidiaries and 22 affiliates under the equity method) for fiscal 2008: Ordinary Income of JPY 3,514.4 billion; Ordinary Losses of JPY 395.1 billion; and a Net Loss of JPY 588.8 billion. These results were primarily due to, in addition to the aforementioned factors, an increase in both domestic and overseas Credit-related Costs mainly against the backdrop of the sharp economic downturn as well as the conservative provision of reserves in light of the unforeseeable future of the economic environment, the recording of one-time losses associated with the sharp declines in both domestic and overseas stock prices (JPY 514.1 billion of devaluation of stocks for the three Banks (MHBK, MHC B and MHTB combined)), continuously recorded losses on securitization products and others resulting from the global financial market turmoil.

Results of operations (non-consolidated) for the major subsidiaries were as follows:

Company Name	(JPY billion)		
	Ordinary Income (Operating Income)	Ordinary Profits	Net Income
Consolidated Results of MHFG	3,514.4	(395.1)	(588.8)
MHBK	1,235.9	(290.1)	(293.6)
MHC B	1,705.7	(221.4)	(255.5)
MHTB	199.5	(8.6)	(27.8)
MHSC	108.1	5.5	4.0

(Note) The figures for the major subsidiaries have each been calculated on a non-consolidated basis.

With regard to the financial condition, the Group's consolidated capital adequacy ratio (BIS) as of March 31, 2009 was maintained at a sufficient level of 10.55%. The non-performing loan ratio (MHBK, MHC B, and MHTB combined) was 1.77%.

Despite the considerable worsening of the consolidated financial results compared with the previous term, the Company proposes to make cash dividend payments of JPY 10 per share of common stock for the fiscal year ending March 31, 2009 (same level as the previous fiscal year) from the standpoint of providing regular stable dividend payments while taking into consideration the level of retained earnings. The Company proposes making dividend payments on preferred stock as prescribed.

The Group is pursuing strengthening of stable capital base and steady returns to shareholders as its disciplined capital management. In July 2008, the Company repurchased its own shares (common shares) of JPY150.0 billion and cancelled almost all of them in September 2008 for the purpose of offsetting the potential dilutive effect of its common shares from the conversion of the Eleventh Series Class XI Preferred Stock.

However, in light of factors including the current financial market turmoil and global economic downturn, the Group has been putting more priority on strengthening of stable capital base since the second half of fiscal 2008 in order to prepare for a further adverse business environment.

From such viewpoint, the Company's board of directors resolved on May 15, 2009 to file a Shelf Registration Statement (*hakkoutourokusho*) for the issuance of its common shares up to JPY 600.0 billion. The registration is to establish a framework for flexibly implementing the issuance of its common shares that will serve to increase its prime capital. The decision is aimed at, in light of the current uncertainty over the economy, securing a solid and sufficient capital buffer in preparation for a further adverse business environment and ensuring the flexibility to capture business opportunities leading to its future growth and to respond to customer needs.

With regard to the enhancement of capital utilizing preferred securities, the Group issued preferred debt securities amounted at JPY 303.0 billion in July 2008, JPY 355.0 billion in December 2008 and USD 850 million in February 2009, respectively, through its overseas special purpose subsidiaries, so as to further increase its capital base in light of the current financial market turmoil on top of securing the agility and improving the flexibility of its capital strategy.

In addition, our board of directors resolved on May 15, 2009 to establish overseas special purpose subsidiaries and to issue preferred debt securities. Meanwhile, the Group plans to make a full redemption of preferred debt securities (JPY 176.0 billion) which will become redeemable at the issuer's option in June 2009.

The Group will continue to focus on pursuing disciplined capital management as well as steady returns to shareholders since it has become increasingly important for financial institutions to maintain sufficient capital base amid a prolonged stagnation of both domestic and overseas economies.

Issues to be Addressed by the Group

The turmoil in the global financial markets caused by the subprime loan problem is affecting the actual economy significantly all over the world, including Europe and the United States. In Japan, the impacts on finance and the economy are rapidly worsening.

In this difficult environment, the Group will provide financial services to meet customer needs while focusing on improving efficiency and strengthening its risk management capabilities. For this, the Group will review its strategies in consideration of the changes in the environment and will promptly establish a stable management base.

The Group companies will further promote efficient business operation, including the effective use of capital, by allocating management resources flexibly. In addition, the Group companies will strengthen profitability by providing superior financial services to their customers through utilization of their respective strengths and promotion of mutual collaboration within the Group. We will also strive to win further confidence of domestic and overseas customers by continuing to establish a solid compliance structure and advanced risk management system.

[Business Strategy]

(Global Corporate Group)

Mizuho Corporate Bank, Ltd. (MHC B) will offer financial solutions on a global basis based on its strengths as a professional in corporate finance, while taking into account changes in the financial and economic environment. In particular, we will strengthen our business reorganization, cross-border M&As and corporate revitalization businesses. At the same time, we will review our business operation through the streamlining of our organization such as reduction of headquarter personnel and improvement in the efficiency of personnel allocation. We will also strengthen human resources through various efforts, promoting activities of diverse personnel, such as women and national staff. Steps will also be taken to strengthen and enhance the sophistication of risk management and credit management systems on a global basis.

With the merger of MHSC and Shinko Securities Co., Ltd. effective in May 2009, a new Mizuho Securities Co., Ltd. was established. The new MHSC will combine the global platform held by the former MHSC with the nationwide network of a full-line, comprehensive securities company held by Shinko Securities Co., Ltd., establish a solid management base and provide optimum solutions for customers through high-quality products and services.

In addition, MHC B and MHSC will endeavor to reinforce their collaboration taking into account deregulatory developments. They will offer superior financial services to customers who demand high-quality solutions that combine functions of banks and securities companies, while adhering to compliance as before.

(Global Retail Group)

Mizuho Bank, Ltd. (MHBK) will return to its original starting point as a commercial bank and deepen and advance the relationship of trust with customers, including individual customers and small- and medium-sized enterprises, middle market corporations, and their management, based on the philosophy of putting customers first.

In the individual market, we will strengthen marketing and improve our products and services, while enhancing remote channels in order to expand points of contact with customers. As for human resources, we will respond to the diverse financial demands of customers by raising the quality of our financial consultants.

In the corporate market, while conducting careful credit control, we will actively provide smooth financing to small and medium-sized enterprise and middle market corporation customers, with the recognition that this is the mission of financial institutions. We will also provide optimum solutions such as derivatives, MBOs(*2) and business successions, while enhancing our loan, deposit and settlement services. We will even more actively support the business revitalization of customers under difficult economic conditions.

We will respond to the more diversified and sophisticated needs of customers by reinforcing collaboration with the Group companies and leveraging all of the comprehensive resources of the Group.

We will continue to strengthen compliance, customer protection and security to ensure that our customers can conduct their transactions without concern.

(Global Asset & Wealth Management Group)

Mizuho Trust & Banking Co., Ltd. (MHTB) aims to become top brand in asset & wealth management by developing highly professional personnel and further increasing points of contact with customers through augmenting sales staff. We will continue to strengthen collaboration with the Group companies, including MHBK, through exchanges of personnel and provide a wide range of trust functions to customers of the whole Group.

Mizuho Private Wealth Management Co., Ltd. will promote high-quality wealth management services and establish its status as a pioneer in the Japanese market by further strengthening owner consulting capabilities and developing professional personnel.

As core companies in the asset management business of the Group, Mizuho Asset Management Co., Ltd. and DIAM Co., Ltd. will respond to the diversified needs of customers.

In our efforts to become a financial partner that helps customers shape their future and achieve their dreams, which is an ideal implicit in the Group brand slogan, Channel to Discovery, the Group will work to fulfill our social responsibilities and public duties and further promote our corporate values by steadily pursuing business strategies under a solid internal control system and promoting CSR (corporate social responsibility) activities, including support for financial education and environmental efforts. We sincerely look forward to the continuing support of our shareholders.

(Notes on Major Shareholders)

1. Figures for the Percentage of Shares Held are rounded down to the nearest second decimal place.
2. THE BANK OF NEW YORK MELLON AS DEPOSITARY BANK FOR DEPOSITARY RECEIPT HOLDERS (company name changed from HERO & CO.) is a nominee of the shares deposited for the purpose of issuing American Depositary Receipts (ADRs).
3. The numbers of Preferred Stock above are the total shares of Eleventh Series Class XI and Thirteenth Series Class XIII Preferred Stock.
4. Percentages of Shares Held of Common Stock are calculated by including the treasury stock (11,335,903 shares). Preferred Stock is calculated by including the treasury stock (2,801,000 shares).

(4) Other Material Matters Concerning Shares

MHFG allotted shares or fractions of a share without consideration pursuant to the provisions of Article 88 of the Law Concerning Adjustment and Coordination of Relevant Laws in Association with the Enforcement of the Company Law (Law No. 87 of 2005) effective January 4, 2009. Specifically, the same type of shares and fractions of a share were respectively allotted to the shareholders and the holders of fractional shares as of January 3, 2009, depending on the number of shares of common stock, shares of each class of preferred stock and fractional shares held by the shareholders and the holders of fractional shares, without any additional consideration, and such allotments were made at the rate of 999 shares per one (1) share, and 9.99 shares per every 0.01 of a share. In addition, MHFG adopted a unit share system with respect to all classes of shares whereby one unit of common stock comprises 100 shares.

5. Matters Regarding Stock Acquisition Rights, etc., of the Company

Following is the summary of the Stock Acquisition Rights issued to the Directors (excluding the Outside Directors) and Executive Officers of the Company and its subsidiaries, Mizuho Bank, Ltd. and Mizuho Corporate Bank, Ltd., pursuant to the Company Law, in consideration for execution of duties:

1. Name of stock acquisition rights	First Series of Stock Acquisition Rights of Mizuho Financial Group, Inc.
2. Allotment date of stock acquisition rights	February 16, 2009
3. Number of stock acquisition rights	5,409 rights
4. Class and number of subject shares	Common Stock, 5,409,000 shares
5. Issue price	JPY 190,910 (per stock acquisition right)
6. Exercise price	JPY 1 (per share)
7. Exercise period	From February 17, 2009 to February 16, 2029

(1) Stock Acquisition Rights of the Company held by the Officers as of March 31, 2009

	Number of stock acquisition rights	Class and number of subject shares	Number of persons and rights held by Directors
First Series of Stock Acquisition Rights of MHFG	897 rights	Common Stock	6 persons
		897,000 shares	897 rights

(2) Stock Acquisition rights of the Company delivered to the Employees, etc., during the fiscal year ended March 31, 2009

	Number of stock acquisition rights	Class and number of subject shares	Number of persons and rights held by Employees (Executive Officers)	Number of persons and rights held by Officers and Employees (Executive Officers) of subsidiaries

6. Matters regarding the Independent Auditor

(1) Independent Auditor

Name	Compensation for the Fiscal Year	Other
Ernst & Young ShinNihon LLC	JPY 48 million	MHFG paid a consideration to the Independent Auditor for the investigation services and other services related to the calculation of the capital adequacy ratio, which are not included in the services set forth in Article 2, Paragraph 1 of the Certified Accountant Law (non-audit services).
Designated Partners with Limited Liability		
Naoki Matsumura, C.P.A.		
Mutsuo Emi, C.P.A.		
Tetsuya Mogi, C.P.A.		
Noboru Miura, C.P.A.		

(Notes)

1. Fractions are rounded down.

2. The audit contract between MHFG and the Independent Auditor does not separate the compensation for the audit under the Company Law from the compensation for the audit under the Financial Instruments and Exchange Law. Moreover, it is practically impossible to separate the two. Accordingly, the above amount is the total of such compensation.

In addition, because the amounts of compensation to be paid under the audit contract have not yet been determined, approximate amounts are used for the calculations.

3. The total amount of cash and other proprietary benefits to be paid to the Independent Auditor of MHFG by MHFG, its majority-owned consolidated subsidiaries, and its other consolidated subsidiaries is JPY 4,337 million.

If the amounts to be paid under the audit contract concluded with the Independent Auditor by MHFG, its majority-owned consolidated subsidiaries, and other consolidated subsidiaries have not yet been determined, approximate amounts are used for the calculations.

4. As of July 1, 2008, Ernst & Young ShinNihon changed its name to Ernst & Young ShinNihon LLC due to a change of auditing firm classification.

(2) Other Matters regarding the Independent Auditor

a. Policy for Determination of Dismissal or Non-reappointment of the Independent Auditor

Dismissal of the Independent Auditor is discussed at the Board of Directors and the Board of Corporate Auditors if the Independent Auditor falls subject to any of the events set forth in the Items of Article 340, Paragraph 1 of the Company Law.

Non-reappointment of the Independent Auditor is discussed at the Board of Directors and the Board of Corporate Auditors by comprehensively considering various factors, including the performance of duties and the quality of audits by the Independent Auditor.

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

b. Principal Majority-owned Subsidiaries and other Subsidiaries Audited by any Certified Public Accountant or Audit Corporation other than the Independent Auditor of MHFG

Mizuho International plc and 11 other companies among MHFG's principal majority-owned subsidiaries and other subsidiaries are subject to audits (limited to the audits under the provisions of the Company Law or the Financial Instruments and Exchange Law (including any foreign law equivalent to either of these laws)) by audit corporations (including entities in a form equivalent thereto in the relevant foreign country) other than the Independent Auditor of MHFG.

7. Structure to Ensure Appropriate Conduct of Operations

MHFG has resolved matters regarding its Structure for Ensuring Appropriate Conduct of Operations prescribed by the Company Law and the Enforcement Regulations of the Company Law of Japan, as summarized below.

(1) Structure to ensure that the duties of directors and employees are executed in compliance with laws, regulations, and the Articles of Incorporation

- * MHFG has set forth its structure to ensure that the duties of directors and employees are executed in compliance with laws, regulations, and the Articles of Incorporation in compliance-related rules such as the Basic Policy of Compliance and Compliance Manual.
- * More specifically, MHFG has established complete compliance as a basic principle of management, has determined a compliance-management structure and created a Compliance Manual, has formulated compliance programs each fiscal year for the implementation of specific plans for complete compliance, and has periodically followed up on the status of the implementation of such plans. Furthermore, MHFG's activities against anti-social elements are conducted as part of its compliance structure. MHFG's commitment to confront anti-social elements viewed as an important policy of the Group when designing and implementing specific compliance programs among Group members.
- * The Board of Directors of MHFG resolved that the structure under the above Basic Policy of Compliance, etc., is the company's structure for ensuring that the directors and employees execute their duties in compliance with laws, regulations, and the Articles of Incorporation.

(2) Structure for the safekeeping and management of information on the execution of duties by the directors

- * MHFG has established a structure for the safekeeping, management, etc., of information through its information-management-related rules, including the company's Information Security Policy. The safekeeping and management of information in connection with the execution of duties by the company's directors has also been carried out in accordance with these rules.
- * More specifically, MHFG has fixed the period for retention of information such as the minutes of the Board of Directors Meetings, Executive Management Committee meetings, and other various committee meetings and materials related thereto, as well as *ringisho* (or approval documents) and reports, and has carried out other necessary matters relating to the safekeeping and management thereof.
- * The Board of Directors of MHFG resolved that the structure under the above Information Security Policy, etc., is the company's structure for the safekeeping and management of information on the execution of duties by the directors.

(3) Rules and other structure for managing risk of loss

- * MHFG has established a structure for managing its risk of loss through its risk-management-related rules, including its basic policy towards various risk management procedures, such as its Basic Policy for Comprehensive Risk Management.
- * More specifically, MHFG has defined various types of risk and has determined strategies to improve its business structure and develop human resources for risk management in order to evaluate risk qualitatively and quantitatively. Moreover, MHFG has implemented comprehensive risk management to control risk within limits acceptable to management.
- * The Board of Directors of MHFG resolved that the structure under the above Basic Policy for Comprehensive Risk Management, etc., is the company's structure for managing the risk of loss.

(4) Structure to ensure the efficient execution of directors' duties

- * MHFG has established a structure to ensure the efficient execution of directors' duties through its rules, such as the Bylaws Regarding the Board of Directors, Bylaws Regarding the Executive Management Committee, Bylaws Regarding the Business Policy Committee, Organization Regulations, and Authorization Regulations.
- * More specifically, MHFG has determined the criteria for matters to be resolved or reported to the Board of Directors, assignment of each organization, decision-making authority in accordance with the importance of matters, etc. MHFG has also established an Executive Management Committee and several Business Policy Committees. Thus, MHFG has ensured that the directors execute their duties efficiently on a company-wide basis.
- * The Board of Directors of MHFG resolved that the structure under the above Bylaws Regarding the Board of Directors, etc., is the company's structure for ensuring the efficient execution of directors' duties.

(5) Structure to ensure the propriety of business operations within the corporate group consisting of MHFG and its subsidiaries

- * MHFG has established a structure to ensure the propriety of business operations within the corporate group through its Group Management Administration Regulations, etc.
- * More specifically, MHFG directly administers the management of its principal banking subsidiaries and other core group companies in accordance with the Group Management Administration Regulations, while principal banking subsidiaries and other core group companies administer the management of subsidiaries and affiliates other than the principal banking subsidiaries and other core group companies in accordance with standards established by MHFG.
- * The Board of Directors of MHFG resolved that the structure under the above Group Management Administration Regulations, etc., is the company's structure for ensuring propriety of business operations in the corporate group consisting of MHFG and its subsidiaries.

(6) Matters concerning employees posted as assistants to the corporate auditors when the corporate auditors so require

- * The Organization Regulations of MHFG specify matters concerning employees posted as assistants to the corporate auditors to assist the latter in performing their duties.
- * More specifically, MHFG has designated the Corporate Auditors Office as the office in charge of matters concerning assistance in the performance of the corporate auditors' duties and matters concerning the secretariat for the Board of Corporate Auditors. The Head of the Corporate Auditors Office manages this office's business under the instructions of the corporate auditors.
- * The Board of Directors of MHFG resolved that the matters specified in the above Organization Regulations are matters concerning employees posted as assistants to the corporate auditors when the corporate auditors so require.

(7) Matters concerning measures for ensuring that employees who assist the corporate auditors remain independent from the directors

- * The supplementary provisions of the Bylaws Regarding the Board of Directors specify matters concerning the measures for ensuring that employees who assist the corporate auditors remain independent from the directors.

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

- * More specifically, any change in personnel and/or organizational change that relates to employees who assist the corporate auditors in performing the latter's duties shall be subject to prior consultation with a corporate auditor nominated by the Board of Corporate Auditors.

- * The Board of Directors of MHFG resolved that matters specified in the above supplementary provisions of the Bylaws Regarding the Board of Directors are matters concerning the measures for ensuring that employees who assist the corporate auditors remain independent from the directors.

(8) Structure under which the directors and employees report to the corporate auditors, and structure concerning reports to the corporate auditors

- * MHFG has established a structure under which the directors and employees report to the corporate auditors in the Bylaws Regarding the Board of Directors, the Bylaws Regarding the Executive Management Committee, etc.
- * More specifically, MHFG has regulations governing attendance by the corporate auditors in the Board of Directors Meetings, Executive Management Committee meetings, etc. MHFG also maintains procedures for circulating the *ringisho* (or approval documents) to be approved by the President among the corporate auditors, for reporting information received through the compliance hot-line, for reporting the results of internal audits and so on.
- * The Board of Directors of MHFG resolved that the structure under the above Bylaws Regarding the Board of Directors, etc., is a structure under which the directors and employees report to the corporate auditors and a structure concerning reports to the corporate auditors.

(9) Other structure to ensure the effectiveness of audits by the corporate auditors

- * MHFG has established a structure for ensuring the effectiveness of audits by the corporate auditors in the Basic Policy for Internal Audit, etc.
- * More specifically, the internal audit division, corporate auditors and accounting auditors exchange opinions and information on a regular basis and whenever else required as a means of strengthening cooperation in efforts to enhance effectiveness and efficiency of the overall audit function.
- * The Board of Directors of MHFG resolved that the structure under the above Basic Policy for Internal Audit, etc., is another structure for ensuring the effectiveness of the audits by the corporate auditors.

(a) Summary of special purpose entities subject to disclosure and transactions with these special purpose entities Mizuho Bank, Ltd. (MHBK), Mizuho Corporate Bank, Ltd. (MHCB), and Mizuho Trust & Banking Co., Ltd. (MHTB), which are majority-owned consolidated subsidiaries of MHFG, granted loans, credit facilities and liquidity facilities to 25 special purpose entities (mainly incorporated in the Cayman Islands) in their borrowings and fund raising by commercial paper in order to support securitization of monetary assets of customers. The aggregate assets and aggregate liabilities of these 25 special purpose entities at their respective balance sheet dates amounted to ¥2,984,889 million and ¥2,984,039 million, respectively. MHBK, MHCB and MHTB do not own any shares with voting rights in any of these special purpose entities and have not dispatched any director or employee to them.

(b) Major transactions with these special purpose entities subject to disclosure as of or for the fiscal year ended March 31, 2009 are as follows:

As of March 31, 2009	<i>Millions of yen</i>
Loans	¥ 2,051,070
Credit and Liquidity Facilities	¥ 543,269
For the Fiscal Year ended March 31, 2009	<i>Millions of yen</i>
Interest Income on Loans	¥ 23,612
Fee and Commission Income, etc.	¥ 3,468

6. Evaluation of Assets and Liabilities of Majority-owned Consolidated Subsidiaries and Other Consolidated Subsidiaries

Assets and liabilities of majority-owned consolidated subsidiaries and other consolidated subsidiaries, including the portion attributable to minority shareholders, are valued at fair value as of the respective dates of acquisition.

7. Amortization of Goodwill and Negative Goodwill

As a rule, Goodwill and Negative Goodwill are amortized over a period up to 20 years under the straight-line method. The entire amount is expensed as incurred if the amount has no material impact.

8. Standards of Accounting Method

(1) Trading Assets & Liabilities and Trading Income & Expenses

Trading transactions intended to take advantage of short-term fluctuations and arbitrage opportunities in interest rates, currency exchange rates, market prices of securities and related indices are recognized on a trade date basis and recorded in Trading Assets or Trading Liabilities on the consolidated balance sheet. Income or expenses generated on the relevant trading transactions are recorded in Trading Income or Trading Expenses on the consolidated statement of income.

Securities and other monetary claims held for trading purposes are stated at fair value at the consolidated balance sheet date. Derivative financial products, such as swaps, futures and option transactions, are stated at fair value, assuming that such transactions are terminated and settled at the consolidated balance sheet date.

Trading Income and Trading Expenses include the interest received and the interest paid during the fiscal year, the gains or losses resulting from any change in the value of securities and other monetary claims between the beginning and the end of the fiscal year, and the gains or losses resulting from any change in the value of financial derivatives between the beginning and the end of the fiscal year, assuming they were settled at the end of the fiscal year.

(2) Securities

(i) Bonds held to maturity are stated at amortized cost (straight-line method) and determined by the moving average method. Investments in majority-owned non-consolidated subsidiaries, other non-consolidated subsidiaries and affiliates, which are not under the equity method, are stated at acquisition cost and determined by the moving average method. Other Securities which have readily determinable fair value are stated at fair value. Fair value of Japanese stocks with a quoted market price is determined based on the average quoted market price over the month preceding the consolidated balance sheet date. Fair value of securities other than Japanese stocks is determined at the quoted market price if available, or other reasonable value at the consolidated balance sheet date (cost of securities sold is calculated primarily by the moving average method). Other Securities which do not have readily determinable fair value are stated at acquisition cost or amortized cost and determined by the moving average method.

The net unrealized gains on Other Securities are included directly in Net Assets, net of applicable income taxes after excluding gains and losses as a result of the fair-value hedge method.

(ii) Securities which are held as trust assets in Money Held in Trust accounts are valued in the same way as given in (i) above.

(3) Derivative Transactions

Derivative transactions (other than transactions for trading purposes) are valued at fair value.

(4) Depreciation

(a) Tangible Fixed Assets (Except for Lease Assets)

Depreciation of buildings is computed mainly by the straight-line method, and that of others is computed mainly by the declining-balance method. The range of useful lives is as follows:

Buildings: 3 years to 50 years

Others: 2 years to 20 years

(b) Intangible Fixed Assets (Except for Lease Assets)

Amortization of Intangible Fixed Assets is computed by the straight-line method. Development costs for internally-used software are capitalized and amortized over their estimated useful lives of mainly five years as determined by MHFG and consolidated subsidiaries.

(c) Lease Assets

Depreciation of lease assets booked in Tangible Fixed Assets and Intangible Fixed Assets which are concerned with finance lease transactions that do not transfer ownership is mainly computed by the same method as the one applied to fixed assets owned by us.

(5) Deferred Assets

(a) Bond issuance costs

Bond issuance costs are expensed as incurred.

(b) Debenture issuance costs

Debenture issuance costs are expensed as incurred.

(c) Bond discounts

Bonds are stated at amortized costs computed by the straight-line method on the consolidated balance sheets.

Bond discounts booked on the consolidated balance sheets as of March 31, 2006 are amortized under the straight-line method over the term of the bond by applying the previous accounting method and the unamortized balance is directly deducted from bonds, based on the tentative measure stipulated in the Tentative Solution on Accounting for Deferred Assets (ASBJ Report No. 19, August 11, 2006).

(6) Reserves for Possible Losses on Loans

Reserves for Possible Losses on Loans of major domestic majority-owned consolidated subsidiaries and other consolidated subsidiaries are maintained in accordance with internally established standards for write-offs and reserve provisions.

For claims extended to obligors that are legally bankrupt under the Bankruptcy Law, Special Liquidation under the Company Law or other similar laws (Bankrupt Obligors), and to obligors that are effectively in similar conditions (Substantially Bankrupt Obligors), reserves are maintained at the amounts of claims net of direct write-offs described below and expected amounts recoverable from the disposition of collateral and the amounts recoverable under guarantees. For claims extended to obligors that are not yet legally or formally bankrupt but are likely to be bankrupt (Intensive Control Obligors), reserves are maintained at the amounts deemed necessary based on overall solvency analyses of the amounts of claims net of expected amounts recoverable from the disposition of collateral and the amounts recoverable under guarantees.

For claims extended to Intensive Control Obligors and Obligors with Restructured Loans and others, if the exposure to an obligor exceeds a certain specific amount, reserves are provided as follows: (i) if future cash flows of the principal and interest can be reasonably estimated, the discounted cash flow method is applied, under which the reserve is determined as the difference between the book value of the loan and its present value of future cash flows discounted using the contractual interest rate before the loan was classified as a Restructured Loan, and (ii) if

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

future cash flows of the principal and interest cannot be reasonably estimated, reserves are provided for the losses estimated for each individual loan.

For claims extended to other obligors, reserves are maintained at rates derived from historical credit loss experience and other factors. Reserve for Possible Losses on Loans to Restructuring Countries is maintained in order to cover possible losses based on analyses of the political and economic climates of the countries.

All claims are assessed by each claim origination department in accordance with the internally established Self-assessment Standard, and the results of the assessments are verified and examined by the independent examination departments. Reserves for Possible Losses on Loans are provided for on the basis of such verified assessments.

In the case of claims to Bankrupt Obligors and Substantially Bankrupt Obligors, which are collateralized or guaranteed by a third party, the amounts deemed uncollectible (calculated by deducting the anticipated proceeds from the sale of collateral pledged against the claims and amounts that are expected to be recovered from guarantors of the claims) are written off against the respective claims balances. The total directly written-off amount was ¥540,000 million.

The claims above include corporate bonds which are issued by private placement (Article 2, Paragraph 3 of the Financial Instruments and Exchange Law) and others.

Other majority-owned consolidated subsidiaries and other consolidated subsidiaries provide the amount necessary to cover the loan losses based upon past experience and other factors for general claims and the assessment for each individual loan for other claims.

(7) Reserve for Possible Losses on Investments

Reserve for Possible Losses on Investments is maintained to provide against possible losses on investments in securities, after taking into consideration the financial condition and other factors concerning the investee company. Except for securitization products which are included as reference assets of another securitization schemes of the Group's domestic banking subsidiary, Reserve for Possible Losses on Investments is provided against unrealized losses on securitization products related with the discontinuation of business regarding credit investments primarily in Europe which were made as an alternative to loans by the Group's domestic banking subsidiary. Since securities are recognized at fair value on the consolidated balance sheet, the balance of Securities is offset against that of Reserve for Possible Losses on Investments by ¥31,786 million.

(8) Reserve for Bonus Payments

Reserve for Bonus Payments, which is provided for future bonus payments to employees, is maintained at the amount accrued at the end of the fiscal year, based on the estimated future payments.

(9) Reserve for Employee Retirement Benefits

Reserve for Employee Retirement Benefits (including Prepaid Pension Cost), which is provided for future benefit payments to employees, is recorded as the required amount, based on the projected benefit obligation and the estimated plan asset amounts at the end of the fiscal year. Unrecognized actuarial differences are recognized as income or expenses from the following fiscal year under the straight-line method over a certain term within the average remaining service period of the employees of the respective fiscal year.

(10) Reserve for Director and Corporate Auditor Retirement Benefits

Reserve for Director and Corporate Auditor Retirement Benefits, which is provided for future retirement benefit payments to directors, corporate auditors, and executive officers, is recognized at the amount accrued at the end of the respective fiscal year, based on the internally established standards.

(11) Reserve for Possible Losses on Sales of Loans

Reserve for Possible Losses on Sales of Loans is provided for possible future losses on sales of loans at the amount deemed necessary based on a reasonable estimate of possible future losses.

Of the Loans Held for Sale for which we had recorded Reserve for Possible Losses on Sales of Loans, with respect to loans in the amount of ¥348,279 million to a borrower in Europe whose business condition is sound and has no particular financial problem, we decided not to sell such loans for the foreseeable future based on our determination that it is reasonable to continue holding such loans based on the difficulty in selling at a fair price. We thus reclassified such loans as loans other than Loans Held for Sale, based on the reasonably calculated prices, at the end of December 2008. As a result, Loans and Reserve for Possible Losses on Sales of Loans decreased by ¥27,728 million and ¥70,198 million, respectively, compared to the amounts which would have been recorded if we had continued to classify those loans as Loans Held for Sale. In addition, Other within Other Ordinary Expenses decreased by ¥41,130 million.

(12) Reserve for Contingencies

Reserve for Contingencies is maintained to provide against possible losses from contingencies, which are not covered by other specific reserves in off-balance sheet transactions, trust transactions and others. The balance is an estimate of possible future losses, on an individual basis, considered to require a reserve.

(13) Reserve for Frequent Users Services

Reserve for Frequent Users Services is provided mainly to meet the future use of points of Mizuho Mileage Club at the amount deemed necessary based on the reasonable estimate of the future usage of points.

(14) Reserve for Reimbursement of Deposits

Reserve for Reimbursement of Deposits is provided against the losses for the deposits derecognized from the liabilities at the estimated amount of future claims for withdrawal to provide for claims by depositors and others.

(15) Reserve for Reimbursement of Debentures

Reserve for Reimbursement of Debentures is provided for the debentures derecognized from Liabilities at the estimated amount for future claims.

(Additional information)

Even though the debentures derecognized from Liabilities had been recorded as a loss when claims were made, from this fiscal year Reserve for Reimbursement of Debentures is recorded due to the availability of a reasonable estimate as a result of the development and analysis of data on claims.

As a result, Ordinary Losses and Losses before Income Taxes and Minority Interests both increased by ¥8,973 million compared with the corresponding amounts under the previously applied method.

(16) Reserve under Special Laws

Reserve under Special Laws is Reserve for Contingent Liabilities from Financial Instruments and Exchange of ¥1,750 million. This is the reserve pursuant to Article 46-5, Paragraph 1 and Article 48-3, Paragraph 1 of the Financial Instruments and Exchange Law to indemnify the losses incurred from accidents in the purchase and sale of securities, other transactions or derivative transactions.

(17) Assets and Liabilities denominated in foreign currencies

Assets and Liabilities denominated in foreign currencies and accounts of overseas branches of domestic majority-owned consolidated banking subsidiaries and a domestic majority-owned consolidated trust banking subsidiary are translated into Japanese yen primarily at the exchange rates in effect at the consolidated balance sheet date, with the exception of the investments in majority-owned non-consolidated subsidiaries, other non-consolidated subsidiaries and affiliates not under the equity method, which are translated at historical exchange rates.

Assets and Liabilities denominated in foreign currencies of the majority-owned consolidated subsidiaries and other consolidated subsidiaries, except for the transactions mentioned above, are translated into Japanese yen primarily at the exchange rates in effect at the consolidated balance sheet dates.

(18) Hedge Accounting

(a) Interest Rate Risk

The deferred method, the fair-value hedge method or the exceptional accrual method for interest rate swaps are applied as hedge accounting methods.

The portfolio hedge transaction for a large volume of small-value monetary claims and liabilities of domestic majority-owned consolidated banking subsidiaries and domestic majority-owned consolidated trust banking subsidiaries is accounted for in accordance with the method stipulated in the Accounting and Auditing Treatment relating to Adoption of Accounting Standards for Financial Instruments for Banks (JICPA Industry Audit Committee Report No.24).

The effectiveness of hedging activities for the portfolio hedge transaction for a large volume of small-value monetary claims and liabilities is assessed as follows:

- (i) as for hedging activities to offset market fluctuation risks, the effectiveness is assessed by bracketing both the hedged instruments, such as deposits and loans, and the hedging instruments, such as interest-rate swaps, in the same maturity bucket.
- (ii) as for hedging activities to fix the cash flows, the effectiveness is assessed based on the correlation between a base interest rate index of the hedged instrument and that of the hedging instrument.

The effectiveness of the individual hedge is assessed based on the comparison of the fluctuation in the market or of cash flows of the hedged instruments with that of the hedging instruments.

Among Net Deferred Hedge Gains, net of Taxes recorded on the consolidated balance sheet, those deferred hedge losses are included that are resulted from the application of the macro-hedge method based on the Tentative Accounting and Auditing Treatment relating to Adoption of Accounting Standards for Financial Instruments for Banks (JICPA Industry Audit Committee Report No.15), under which the overall interest rate risks inherent in loans, deposits and others are controlled on a macro-basis using derivatives transactions. The deferred hedge gains/losses are amortized as interest income or interest expenses over the remaining maturity and average remaining maturity of the respective hedging instruments. The unamortized amounts of gross deferred hedge losses and gross deferred hedge gains on the macro-hedges, before net of applicable income taxes were ¥84,716 million and ¥80,611 million, respectively.

(b) Foreign Exchange Risk

Domestic majority-owned consolidated banking subsidiaries and some of domestic majority-owned consolidated trust banking subsidiaries apply the deferred method of hedge accounting to hedge foreign exchange risks associated with various financial assets and liabilities denominated in foreign currencies as stipulated in the Accounting and Auditing Treatment relating to Adoption of Accounting Standards for Foreign Currency Transactions for Banks (JICPA Industry Audit Committee Report No.25). The effectiveness of the hedge is assessed by confirming that the amount of the foreign currency position of the hedged monetary claims and liabilities is equal to or larger than that of currency-swap transactions, exchange swap transactions, and similar transactions designated as the hedging instruments of the foreign exchange risk.

In addition to the above methods, these majority-owned subsidiaries apply the deferred method or the fair-value hedge method to portfolio hedges of the foreign exchange risks associated with investments in majority-owned subsidiaries and other consolidated subsidiaries and affiliates in foreign currency and Other Securities in foreign currency (except for bonds) identified as hedged items in advance, as long as the amount of foreign currency payables of spot and forward foreign exchange contracts exceeds the amount of acquisition cost of the hedged foreign securities in foreign currency.

(c) Inter-company Transactions

Inter-company interest rate swaps, currency swaps and similar derivatives among consolidated companies or between trading accounts and other accounts, which are designated as hedges, are not eliminated and related gains and losses are recognized in the statement of income or deferred under hedge accounting, because these inter-company derivatives are executed according to the criteria for appropriate outside third-party cover operations which are treated as hedge transactions objectively in accordance with JICPA Industry Audit Committee Reports Nos. 24 and 25.

(19) Consumption Taxes and other

With respect to MHFG and its domestic majority-owned consolidated subsidiaries and other consolidated subsidiaries, Japanese consumption taxes and local consumption taxes are excluded from transaction amounts.

CHANGES IN BASIS FOR PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

(Accounting Standard for Lease Transactions)

As Accounting Standard for Lease Transactions (ASBJ Statement No.13, March 30, 2007) and Guidance on Accounting Standard for Lease Transactions (ASBJ Guidance No.16) are applied from the fiscal year beginning on or after April 1, 2008, MHFG has applied the new accounting standard and guidance beginning with this fiscal year.

Although MHFG accounted for finance leases that do not involve transfer of ownership to lessee as operating leases, by this application, MHFG accounts for them as normal trade transactions, including the transactions that started before the end of fiscal 2007.

The amount of accumulated impact until the end of fiscal 2007 on Income before Income Taxes and Minority Interests is recorded in Extraordinary Losses.

This change increases Lease Assets in Tangible Fixed Assets by ¥8,661 million, Lease Assets in Intangible Fixed Assets by ¥1,354 million, Lease Obligation in Other Liabilities by ¥18,667 million, Extraordinary Losses by ¥10,828 million and Losses before Income Taxes and Minority Interests by ¥8,299 million.

(Changes in Presentation of Consolidated Financial Statements)

While Derivatives other than for Trading Assets (Assets) and Derivatives other than for Trading Liabilities (Liabilities) were formerly included within Other Assets and Other Liabilities, respectively, they are separately presented from this fiscal year due to their increased materiality.

Derivatives other than for Trading Assets included within Other Assets and Derivatives other than for Trading Liabilities included within Other Liabilities as of March 31, 2008 were ¥6,185,988 million and ¥5,633,810 million, respectively.

Additional Information

(Partial Changes to the Calculation Method for Fair Value of Other Securities)

1. Floating-rate Japanese Government Bonds

For Floating-rate Japanese Government Bonds within Securities, our domestic majority-owned consolidated banking subsidiaries and some of our domestic majority-owned consolidated trust banking subsidiaries had been applying market prices to establish book value. Based on our determination that current market prices may not reflect fair value due to the extremely limited volume of actual transactions, we have applied reasonably calculated prices as book value for fiscal 2008.

As a result, compared to applying market price as book value, Securities increased by ¥97,748 million, Deferred Tax Assets decreased by ¥7,488 million, Net Unrealized Gains on Other Securities, net of Taxes increased by ¥85,946 million and Minority Interests increased by ¥4,312 million.

In deriving the reasonably calculated price, we used the Discounted Cash Flow Method as well as other methods. The price decision variables include the yield of 10-year Japanese Government Bonds and the volatilities of interest rate swap options for 10-year Japanese Government Bonds as underlying assets.

2. Securitization Products

With respect to the credit investments in securitization products made as an alternative to loans by the European and North American offices of our domestic majority-owned consolidated banking subsidiaries, we had previously applied as fair value the valuations obtained from brokers and information vendors based on our determination that such valuations constitute reasonably calculated prices that can be used as a proxy for market prices. Given the current situation in which the volume of actual transactions is extremely limited and there exists a considerable gap between the offers and bids of sellers and buyers, we determined that valuations obtained from brokers and information vendors cannot be deemed to be the fair value, and we applied reasonably calculated prices based on the reasonable estimates of our management as fair value.

As a result, Securities increased by ¥144,286 million and Net Unrealized Gains on Other Securities, net of Taxes increased by ¥36,908 million. In addition, Other Operating Income increased by ¥416 million, Other Operating Expenses decreased by ¥52,883 million, losses due to the discontinuation of business regarding credit investments primarily in Europe in Other within Other Ordinary Expenses decreased by ¥54,078 million, which led to a decrease in Ordinary Losses of ¥107,378 million.

The book value that was reasonably calculated based on the reasonable estimates of our management mentioned above is ¥515,199 million. In deriving reasonably calculated prices based on the reasonable estimates of our management mentioned above, we used the Discounted Cash Flow Method. The price decision variables include default rates, recovery rates, pre-payment rates and discount rates, and the subject Securities included Residential Mortgage-Backed Securities, Collateralized Loan Obligations, Commercial Mortgage-Backed Securities and other Asset Backed Securities.

NOTES TO CONSOLIDATED BALANCE SHEET

1. Securities include shares of ¥110,668 million and investments of ¥421 million in majority-owned non-consolidated subsidiaries, other non-consolidated subsidiaries and affiliates.
2. Unsecured loaned securities which the borrowers have the right to sell or repledge amounted to ¥4,490 million and are included in trading securities under Trading Assets. MHFG has the right to sell or repledge some of unsecured borrowed securities, securities purchased under resale agreements and securities borrowed with cash collateral. Among them, the total of securities repledged was ¥8,066,097 million and securities neither repledged nor re-loaned was ¥3,339,133 million, respectively.

3. Loans and Bills Discounted include Loans to Bankrupt Obligors of ¥112,197 million and Non-Accrual Delinquent Loans of ¥700,358 million.

Loans to Bankrupt Obligors are loans, excluding loans written-off, on which delinquencies in payment of principal and/or interest have continued for a significant period of time or for some other reason there is no prospect of collecting principal and/or interest (Non-Accrual Loans), as per Article 96, Paragraph 1, Item 3, Subsections 1 to 5 or Item 4 of the Corporate Tax Law Enforcement Ordinance (Government Ordinance No. 97, 1965).

Non-Accrual Delinquent Loans represent Non-Accrual Loans other than (i) Loans to Bankrupt Obligors and (ii) loans on which interest payments have been deferred in order to assist or facilitate the restructuring of the obligors.

4. Balance of Loans Past Due for Three Months or More: ¥18,764 million

Loans Past Due for Three Months or More are loans on which payments of principal and/or interest have not been made for a period of three months or more since the next day following the last due date for such payments, and which are not included in Loans to Bankrupt Obligors, or Non-Accrual Delinquent Loans.

5. Balance of Restructured Loans: ¥480,118 million

Restructured Loans represent loans of which contracts were amended in favor of obligors (e.g. reduction of, or exemption from, stated interest, deferral of interest payments, extension of maturity dates and renunciation of claims) in order to assist or facilitate the restructuring of the obligors.

Loans to Bankrupt Obligors, Non-Accrual Delinquent Loans and Loans Past Due for Three Months or More are not included.

6. Total balance of Loans to Bankrupt Obligors, Non-Accrual Delinquent Loans, Loans Past Due for Three Months or More, and Restructured Loans: ¥1,311,439 million

The amounts given in Notes 3 through 6 above are gross amounts before deduction of amounts for the Reserves for Possible Losses on Loans.

7. In accordance with JICPA Industry Audit Committee Report No. 24, bills discounted are accounted for as financing transactions. The banking subsidiaries have rights to sell or pledge these bankers' acceptances, commercial bills, documentary bills and foreign exchange bills. The face value of these bills amounted to ¥613,244 million.

8. The following assets were pledged as collateral:

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

Trading Assets:	¥4,012,042 million
Securities:	¥8,960,855 million
Loans and Bills Discounted:	¥12,437,626 million
Other Assets:	¥1,014 million
Tangible Fixed Assets:	¥297 million

The following liabilities were collateralized by the above assets:

Deposits:	¥643,196 million
Call Money and Bills Sold:	¥2,020,400 million
Payables under Repurchase Agreements:	¥2,983,330 million
Guarantee Deposits Received under Securities Lending Transactions:	¥3,546,611 million
Borrowed Money:	¥7,677,083 million

In addition to the above, the settlement accounts of foreign and domestic exchange transactions or derivatives transactions and others were collateralized, and margins for futures transactions were substituted by Cash and Due from Banks of ¥10,205 million, Trading Assets of ¥502,411 million and Securities of ¥2,524,405 million.

None of the assets was pledged as collateral in connection with borrowings by the majority-owned non-consolidated subsidiaries, other non-consolidated subsidiaries and affiliates.

Other Assets includes guarantee deposits of ¥110,982 million, collateral pledged for derivatives transactions of ¥1,237,247 million, margins for futures transactions of ¥61,079 million and other guarantee deposits of ¥8,277 million.

In accordance with JICPA Industry Audit Committee Report No. 24, bills re-discounted are accounted for as financing transactions. The face value of these bankers' acceptances, commercial bills, documentary bills and foreign exchange bills amounted to ¥972 million.

9. Overdraft protection on current accounts and contracts of the commitment line for loans are contracts by which banking subsidiaries are bound to extend loans up to the prearranged amount, at the request of customers, unless the customer is in breach of contract conditions. The unutilized balance of these contracts amounted to ¥54,576,376 million. Of this amount, ¥47,284,078 million relates to contracts of which the original contractual maturity is one year or less, or which are unconditionally cancelable at any time. Since many of these contracts expire without being exercised, the unutilized balance itself does not necessarily affect future cash flows. A provision is included in many of these contracts that entitles the banking subsidiaries to refuse the execution of loans, or reduce the maximum amount under contracts when there is a change in the financial situation, necessity to preserve a claim or other similar reasons. The banking subsidiaries require collateral such as real estate and securities when deemed necessary at the time the contract is entered into. In addition, they periodically monitor customers' business conditions in accordance with internally established standards and take necessary measures to manage credit risks such as amendments to contracts.
10. In accordance with the Land Revaluation Law (Proclamation No.34 dated March 31, 1998), land used for business operations of domestic majority-owned consolidated banking subsidiaries was revalued. The applicable income taxes on the entire excess of revaluation are included in Deferred Tax Liabilities for Revaluation Reserve for Land under Liabilities, and the remainder, net of applicable income taxes, is stated as Revaluation Reserve for Land, net of Taxes included in Net Assets.
Revaluation date: March 31, 1998
- Revaluation method as stated in Article 3, Paragraph 3 of the above law: Land used for business operations was revalued by calculating the value on the basis of the valuation by road rating stipulated in Article 2, Paragraph 4 of the Enforcement Ordinance relating to the Land Revaluation Law (Government Ordinance No.119 promulgated on March 31, 1998) with reasonable adjustments to compensate for sites with long depth and other factors, and also on the basis of the appraisal valuation stipulated in Paragraph 5.
- The difference at the consolidated balance sheet date between the total fair value of land for business operation purposes, which has been revalued in accordance with Article 10 of the above-mentioned law, and the total book value of the land after such revaluation was ¥123,580 million.
11. Accumulated Depreciation of Tangible Fixed Assets amounted to ¥747,180 million.
12. The book value of Tangible Fixed Assets adjusted for gains on sales of replaced assets and others amounted to ¥39,365 million.
13. Borrowed Money includes subordinated borrowed money of ¥665,942 million with a covenant that performance of the obligation is subordinated to that of other obligations.
14. Bonds and Notes includes subordinated bonds of ¥2,249,622 million.
15. The principal amounts of money trusts and loan trusts with contracts indemnifying the principal amounts, which are entrusted to domestic majority-owned consolidated trust banking subsidiaries, are ¥882,035 million and ¥49,756 million, respectively.

16. Liabilities for guarantees on corporate bonds included in Securities, which were issued by private placement (Article 2, Paragraph 3 of the Financial Instruments and Exchange Law) amounted to ¥1,282,762 million.

17. Net Assets per share of common stock: ¥104.38

18. Projected pension benefit obligations, etc. as of the consolidated balance sheet date are as follows:

	<i>Millions of yen</i>
Projected Benefit Obligations	¥(1,156,667)
Plan Assets (fair value)	998,778
Unfunded Retirement Benefit Obligations	(157,889)
Unrecognized Actuarial Differences	680,451
Net Amounts on Consolidated Balance Sheet	¥522,562
Prepaid Pension Cost	558,891
Reserve for Employee Retirement Benefits	(36,329)

19. (Subsequent events) Matters related to merger of security subsidiaries
Mizuho Securities Co., Ltd. (former MHSC), a majority-owned consolidated subsidiary, and Shinko Securities Co., Ltd. (Shinko), an affiliate, signed the merger agreement following the resolutions of respective board meetings on March 4, 2009. Upon the approval of the merger agreement at the respective general shareholders meetings held on April 3, 2009, the merger took effect on May 7, 2009.

(1) Name of the acquired company, business type, major reasons for the combination, date of the combination, legal form of the combination, name of the company after the combination, and grounds for determination of the acquiring company

Area	Principal purpose of use	Type	Impairment loss (Millions of yen)
	Idle assets	Software, etc.	¥9,211
		Other	¥1,687

Regarding Software, etc., certain domestic majority-owned consolidated subsidiaries recognized Losses on Impairment of Fixed Assets for idle assets due to discontinuance of development of the next generation mainframe computer system. For the purposes of identifying idle assets for which Losses on Impairment of Fixed Assets have been recognized, the individual asset is assessed as a unit. The recoverable amount is calculated based on net realizable value. The net realizable value is evaluated with a realizable value of zero.

7. Previously, corporate tax payments overseas were treated as deduction under the Corporation Tax Act and recorded in Other in Other Ordinary Expenses. However, at the end of this fiscal year, it is anticipated that it will apply the foreign tax credits against current tax payable under the Corporation Tax Act and the amount was recorded in Current Income Taxes. As a result, Other in Other Ordinary Expenses decreased by ¥20,684 million and Current Income Taxes increased by the same amount compared with the corresponding amounts under the previously applied method.

[NOTES TO NON-CONSOLIDATED FINANCIAL STATEMENTS]

BASIS FOR PRESENTATION AND PRINCIPLES OF PREPARATION OF NON-CONSOLIDATED FINANCIAL STATEMENTS

1. Valuation of Securities

Investments in subsidiaries and affiliates and Other Securities which do not have readily determinable fair value are stated at acquisition cost and determined by the moving average method.

2. Depreciation and Amortization of Fixed Assets

(a) Tangible Fixed Assets (Except for Lease Assets)

Depreciation of Buildings is computed by the straight-line method, and that of Equipment is computed by the declining-balance method with the following range of useful lives.

Buildings: 8 years to 50 years

Equipment: 2 years to 17 years

(b) Intangible Fixed Assets

Trademarks are amortized under the straight-line method over ten years.

Development costs for internally-used software are capitalized and amortized under the straight-line method over their estimated useful lives of mainly five years.

(c) Lease Assets

Lease assets booked in Tangible Fixed Assets which are concerned with finance lease transactions that do not transfer ownership are depreciated by the same method as the one applied to fixed assets owned by us.

3. Reserves

(a) Reserve for Bonus Payments

Reserve for Bonus Payments, which is provided for future bonus payments to employees, is maintained at the amount accrued at the end of the fiscal year, based on the estimated future payments.

(b) Reserve for Contingencies

Reserve for Contingencies is provided for possible burden of funds related to subsidiaries and affiliates for the following fiscal year at the amount deemed necessary based on a reasonable estimate.

Edgar Filing: MIZUHO FINANCIAL GROUP INC - Form 6-K

(c) Reserve for Employee Retirement Benefits

Reserve for Employee Retirement Benefits, which is provided for future benefit payments to employees, is recorded as the required amount, based on the projected benefit obligation and the estimated plan asset amounts at the end of the fiscal year. Unrecognized actuarial differences are recognized as income or expenses from the following fiscal year under the straight-line method over a certain term (ten years) within the average remaining service period of the employees of the respective fiscal year.

4. Consumption Taxes and Local Consumption Taxes

Consumption taxes and local consumption taxes are excluded from transaction amounts.

CHANGES IN PRINCIPLES OF PREPARATION OF NON-CONSOLIDATED FINANCIAL STATEMENTS

(Accounting Standard for Lease Transactions)

Although MHFG accounted for finance leases that do not involve transfer of ownership to lessee as operating leases, as the Accounting Standard for Lease Transactions (ASBJ Statement No.13, March 30, 2007) and the Guidance on Accounting Standard for Lease Transactions (ASBJ Guidance No.16) are effective from the fiscal year beginning on or after April 1, 2008, MHFG has applied the new accounting standard and guidance beginning with the first quarter of fiscal 2008. The effect of this adoption on the non-consolidated balance sheet is immaterial.

NOTES TO NON-CONSOLIDATED BALANCE SHEET

1. Amounts less than one million yen are rounded down.

2. Assets pledged as collateral accounted for ¥3,398 million of Investments.

3. Accumulated depreciation of Tangible Fixed Assets amounted to ¥1,380 million.
Accumulated amortization of Intangible Fixed Assets amounted to ¥3,421 million.

4. Guarantee
 - (a) MHFG has guaranteed on a subordinated basis the principal of and interest on the subordinated notes issued by Mizuho Financial Group (Cayman) Limited. The amount of the subordinated guarantee is ¥402,661 million.

 - (b) Based upon the regulations of the German Deposit Protection Fund, MHFG has submitted to the Association of German Banks a letter of indemnity to recompense the association regarding deposits of the German branches of Mizuho Corporate Bank, Ltd. and Mizuho Corporate Bank (Germany) Aktiengesellschaft if necessary.

Mizuho Corporate Bank, Ltd.	¥ 26,322 million

Pursuant to Article 444, Section 4 of the Corporation Law, we have audited the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the notes to the consolidated financial statements of Mizuho Financial Group, Inc. (the Company) applicable to the fiscal year from April 1, 2008 through March 31, 2009. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and results of operations of Mizuho Financial Group, Inc., which consisted of the Company and consolidated subsidiaries, applicable to the fiscal year ended March 31, 2009 in conformity with accounting principles generally accepted in Japan.

Additional Information

As described in Note 19 to the consolidated financial statements, Mizuho Securities Co., Ltd., a majority-owned consolidated subsidiary, and Shinko Securities Co., Ltd., an affiliate under the equity method, merged on May 7, 2009. After the merger, Mizuho Securities Co., Ltd. has become a majority-owned consolidated subsidiary of Mizuho Financial Group, Inc.

We have no interest in the Company which should be disclosed in compliance with the Certified Public Accountants Act.

Audit Report

The Board of Corporate Auditors, upon deliberation, prepared this audit report regarding the performance of duties of the Directors of the Company during the 7th fiscal year from April 1, 2008 to March 31, 2009, based on the audit reports prepared by each Corporate Auditor and hereby reports as follows:

1. Auditing Method Employed by Corporate Auditors and the Board of Corporate Auditors and Details Thereof

The Board of Corporate Auditors established an auditing policy and auditing plans, including assignment of the duties of each Corporate Auditor, received from each Corporate Auditor reports on the execution of audits and results thereof, and in addition, received from the Directors, etc., and the independent auditors reports on the performance of their duties and, when necessary, requested explanations regarding such reports.

In accordance with the auditing standards for Corporate Auditors established by the Board of Corporate Auditors, each Corporate Auditor, based on the auditing plans, has endeavored to gather information and create an improved environment for auditing. Each Corporate Auditor also attended meetings of the Board of Directors and other important meetings, received from the Directors, employees and other related persons reports on the performance of their duties and when necessary, requested explanations regarding such reports. Also, each Corporate Auditor inspected important authorized documents and associated information and examined the business and financial position of the Company. In addition, each Corporate Auditor monitored and examined the content of resolutions made by the Board of Directors regarding the establishment of structures, to ensure that the performance of duties by the Directors will be in compliance with the laws and regulations of Japan and with the Company's Articles of Incorporation and other structures as provided for in Article 100, Paragraphs 1 and 3 of the Enforcement Regulations of the Company Law of Japan, to ensure that the Company's operation will be conducted appropriately. Moreover, each Corporate Auditor monitored and examined the status of such structures that have been established in compliance with such resolutions (internal control systems). As for the subsidiaries of the Company, each Corporate Auditor has shared information with the directors and corporate auditors and other related persons of the subsidiaries and, when necessary, received reports from the subsidiaries regarding their businesses. Based on the foregoing method, we examined the business report and the supplementary schedules for this fiscal year.

In addition, the Corporate Auditors also monitored and examined whether the independent auditors maintain their independence and carry out audits in an appropriate manner. The Corporate Auditors received from the independent auditors reports on the performance of their duties and, when necessary, requested explanations regarding those reports. The Corporate Auditors also received notification from the independent auditors regarding the Structure for ensuring appropriate execution of the duties of the independent auditors (as enumerated in each Item of Article 131 of the Company Calculation Regulations). When necessary, the Corporate Auditors requested explanations on such notification. Based on the foregoing method, the Corporate Auditors reviewed the financial statements for this fiscal year (non-consolidated balance sheet, non-consolidated statements of income, non-consolidated statements of changes in shareholders' equity and notes to the non-consolidated financial statements) and supplementary schedules thereto, and the consolidated financial statements (consolidated balance sheet, consolidated statements of income, consolidated statements of changes in shareholders' equity and notes to the consolidated financial statements).

2. Audit Results

(1) Audit Results on the Business Report, etc.

- A. In our opinion, the business report and the supplementary schedules fairly represent the Company's condition in conformity with the applicable laws and regulations of Japan as well as the Articles of Incorporation of the Company.
- B. With regard to the execution of duties by the Directors, we have found no evidence of misconduct or material facts in violation of the applicable laws and regulations of Japan or the Articles of Incorporation of the Company in the course of the execution of duties of the Directors.
- C. In our opinion, the content of the resolutions of the Board of Directors regarding the internal control systems is appropriate, and furthermore, we have not found anything to be pointed out on the performance of duties of the Directors regarding the internal control systems.

(2) Results of Audit of the Financial Statements and Supplementary Schedules

In our opinion, the method and results of the audit employed and rendered by Ernst & Young ShinNihon LLC, the independent auditors, are fair and reasonable.

(3) Results of Audit of the Consolidated Financial Statements

In our opinion, the method and results of the audit employed and rendered by Ernst & Young ShinNihon LLC, the independent auditors, are fair and reasonable.

Reference Materials for the Ordinary General Meeting of Shareholders

Proposals and Reference Matters:

Proposal 1: Disposal of surplus

The Company is pursuing strengthening of stable capital base and steady returns to shareholders as its disciplined capital management.

Based on the policy mentioned above, with respect to the dividends from the surplus at the end of this fiscal year, despite the considerable worsening of our consolidated financial results compared with the previous term, the Company, from the standpoint of providing regular stable dividend payments to our shareholders, proposes the following dividends from the surplus in view of the level of Retained Earnings and other factors.

No other disposal of the surplus is being made.

1. Type of Distributed Assets

Cash

2. Matters related to Allotment of Distributed Assets and Aggregate Amount thereof

With respect to common stock, the Company proposes to make cash dividend payments of JPY ten (10) per share, which is same level as the previous fiscal year.

With respect to each class of preferred stock, the Company proposes paying the prescribed dividend amounts, respectively.

2. Reasons for Appointment of Candidates for Outside Directors, Independence as Outside Directors and Liability Limitation Agreements with Outside Directors.

(1) Reasons for Appointment of Candidates for Outside Directors, Independence as Outside Directors

- a. The Company proposes to appoint Mr. Akihiko Nomiya based on its conclusion that he will be able to provide various guidance on the general management of the Company from an objective point of view, making use of his abundant experience in his career as President and CEO (Representative Director) and Chairman (Representative Director) of NIPPON MINING HOLDINGS, INC. and his wide-ranging insight gained through his management experience at the same company. Two (2) years will have passed since his assumption of office as an Outside Director of the Company at the closing of this ordinary general meeting of shareholders.
- b. The Company proposes to appoint Mr. Mitsuo Ohashi since it has concluded he will be able to provide various guidance on the general management of the Company from an objective point of view, making use of his abundant experience at Showa Denko K.K. in which he serves as Director and Chairman of the Board of Directors and his wide-ranging insight gained through his management experience at the same company. A relative within the third degree of Mr. Mitsuo Ohashi is working as an employee of the Company. Four (4) years will have passed since his assumption of office as an Outside Director of the Company at the closing of this ordinary general meeting of shareholders.
- c. The Company proposes to appoint Mr. Kanemitsu Anraku based on its conclusion that he will be able to provide various guidance on the general management of the Company from an objective point of view, making use of his abundant experience in his career as Executive Vice President (Representative Director) of Nissan Motor Co., Ltd. and his wide-ranging insight gained through his administrative experience at the same company. Two (2) years will have passed since his assumption of office as an Outside Director of the Company at the closing of this ordinary general meeting of shareholders.

(2) Liability Limitation Agreements with Outside Directors

The Company has entered into liability limitation agreements with three (3) candidates for Outside Director, Messrs. Akihiko Nomiya, Mitsuo Ohashi and Kanemitsu Anraku, a summary of which is provided in the (3) Liability Limitation Agreements of 3. Matters regarding Outside Members of Officers in the Business Report above (page 28).

3. In July 2008, during which time Mr. Mitsuo Ohashi took office as a Statutory Auditor of Fukoku Mutual Life Insurance Company, said company received a business improvement order from the Financial Services Agency pursuant to the Insurance Business Act due to its failure to pay out certain insurance money and insurance benefits. Although he had not been aware of the fact at the time when the issue was detected, by communicating through the Board of Directors and the Board of Statutory Auditors, he had been giving appropriate instructions from the perspective of customer convenience and had reminded the boards of their duty in this respect on a regular basis. Since the issue was detected, he has assessed whether measures for prevention of any recurrence of such issues, etc., are sufficiently in place and has endeavored to provide advice on the operations and management systems and to enhance the function of internal auditing systems, thereby carrying out his duties as a Statutory Auditor.

Proposal 4: Appointment of one (1) Corporate Auditor

The term of office of Mr. Yoshiaki Sugita, Corporate Auditor, will expire at the closing of this ordinary general meeting of shareholders. Accordingly, the Company proposes the appointment of one (1) new Corporate Auditor.

The candidate for Corporate Auditor is as set forth below.

The Board of Corporate Auditors has approved this Proposal in advance.

Name	Brief Personal Record, Representative Status in Other Corporations, etc., and		Number of Shares of Stock of the Company held
